PROXY STATEMENT

This Proxy Statement is furnished to the stockholders of Cryo-Cell International, Inc. (the Company) in connection with the 2007 Annual Meeting of Stockholders and any adjournments thereof. The meeting will be held at the Hilton Garden Inn, 4052 Tampa Road, Oldsmar, Florida 34677, on July 16, 2007, at 11:00 A.M. local time.

The meeting is being held for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This Proxy Statement and the Notice of Annual Meeting are being provided to stockholders beginning on or about June 8, 2007. The Company, a Delaware corporation, has its principal executive offices at 700 Brooker Creek Boulevard, Suite 1800, Oldsmar, Florida 34677.

Solicitation of Proxies

The Company will bear the cost of preparing, assembling and mailing this Proxy Statement, the accompanying proxy, our Annual Report on Form 10-KSB and other materials which may be sent to our stockholders in connection with this solicitation. Brokerage houses and other custodians, nominees and fiduciaries may be requested to forward soliciting material to the beneficial owners of stock, in which case they will upon request be reimbursed by the Company for their expenses in doing so. Proxies are being solicited personally, by mail, telephone, telegram or special letter. The Company has retained the services of Georgeson Inc. (Georgeson), a professional proxy solicitation firm, to aid in the solicitation of proxies. Georgeson may solicit proxies by personal interview, mail, telephone and electronic communications. The Company estimates that it will pay Georgeson its customary fee, estimated to be approximately \$12,000, plus reasonable out-of-pocket expenses incurred in the process of soliciting proxies. In addition, we expect to pay additional fees to Georgeson ranging from \$30,000 to \$48,000 in the event that the Portney Group solicits proxies for the slate of director nominees at the meeting, as described herein on page 4 and 5 under the caption *Election of Directors Advance Notice of Stockholder Nominees*.

Other than as set forth above, our board of directors does not intend to present to the meeting any other matter not referred to above and does not presently know of any matters that may be presented to the meeting by others. Nevertheless, if other matters do come before the meeting, it is the intent of the persons named in the enclosed proxy to vote the proxy in accordance with their best judgment.

Stockholders Entitled to Vote

Only holders of record of our shares of common stock at the close of business on May 23, 2007 are entitled to notice of and to vote at the meeting and at any adjournments or postponements of the meeting. Each share entitles its holder to one vote on each matter presented at the meeting. The holders of one-third of the shares entitled to vote at the meeting must be present in person or represented by proxy in order to constitute a quorum for all matters to come before the meeting. On the record date, there were 11,669,629 shares outstanding.

Vote Required

Other than the election of directors, which requires a plurality of the votes cast, each matter to be submitted to the stockholders requires the affirmative vote of a majority of the votes cast on the proposal at the meeting. For purposes of determining the number of votes cast with respect to a particular matter, votes cast For, Against or Abstain are included. Abstentions are counted as votes cast against any matter and will be counted for purposes of determining whether a quorum is present at the meeting.

If your shares are held in the name of a bank, broker or other holder of record (commonly referred to as street name), you will receive instructions from the holder of record that you must follow in order for your shares to be voted. Shares held by brokers who do not have discretionary authority to vote on a particular matter

and who have not received voting instructions from their customers (broker non-votes) are not counted or deemed to be present or represented for purposes of determining whether stockholders have approved that matter, but are counted as present for purposes of determining the existence of a quorum at the meeting.

Proxy Revocability

Any proxy given pursuant to this solicitation is revocable at any time prior to the voting at the meeting by (1) delivering written notice to the Secretary of the Company, (2) submitting a subsequently dated proxy, or (3) attending the annual meeting, withdrawing the proxy, and voting in person.

Meeting Attendance

You may vote shares you hold directly in your name as the stockholder of record in person at the annual meeting. If you choose to do so, please bring the enclosed proxy card or proof of identification. Even if you plan to attend the annual meeting, we recommend that you also submit your proxy as described below so that your vote will be counted if you later decide not to attend the meeting.

If you hold your shares in street name, you must obtain a signed proxy form (referred to as a legal proxy) from the record holder in order to vote these shares in person at the meeting.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The number of directors to be elected at the annual meeting is six. Each of the nominees named below is currently a director of the Company and each was elected at the Company's previous annual meeting of stockholders, except for Andrew J. Filipowski who is standing for election for the first time. If elected, each of the six director-nominees will hold office until the next annual meeting of stockholders and until his or her successor is elected and qualified, or as otherwise provided by the Company's bylaws or by Delaware law. On May 25, 2007, conditioned upon reaching an agreement with Mr. Filipowski to nominate him to the board, the board of directors changed the size of the board to six directors, effective as of the date of the annual meeting. Such an agreement was signed on June 4, 2007. See Certain Transactions.

It is intended that the shares represented by the enclosed proxy will be voted for the election of these six nominees (unless such authority is withheld by a stockholder) as described herein. In the event that any of the nominees should become unable or unwilling to serve as a director, it is intended that the proxy will be voted for the election of such person or persons, if any, who shall be designated by the board of directors or for the balance of the nominees, in which case the size of the board would be reduced accordingly. THE BOARD OF DIRECTORS AND ITS COMMITTEES

The business and affairs of the Company are managed under the direction of the board of directors. Currently, five directors sit on the board of directors, but a total of six directors will be elected at the annual meeting. Each director is elected to hold office for a period of one year or until his or her successors are elected. The Company expects its directors to attend the annual meetings of stockholders, if possible. All directors attended last year's annual meeting.

The board of directors held seven meetings in fiscal 2006, and each of the directors then in office attended at least 75% of the regularly scheduled meetings of the board and the committees of the board of which the director was a member. The committees established by the board of directors include the following:

Audit Committee

The current members of the audit committee are Mr. Christian (Chairman) and Mr. Finch. The audit committee is comprised entirely of non-employee, independent members of the board of directors and operates under a written charter adopted by the board of directors which was attached to our Proxy Statement for our 2006 annual meeting of stockholders. The charter sets out the responsibilities, authority and specific duties of the audit committee. In addition, the charter specifies the structure and membership requirements of the committee, as well as the relationship of the audit committee to the independent auditors and management of the Company.

The audit committee assists the board of directors in fulfilling its responsibilities of ensuring that management is maintaining an adequate system of internal controls such that there is reasonable assurance that assets are safeguarded and that financial reports are properly prepared; that there is consistent application of generally accepted accounting principles; and that there is compliance with management's policies and procedures. In performing these functions, the audit committee meets periodically with the independent auditors and management to review their work and confirm that they are properly discharging their respective responsibilities. In addition, the audit committee recommends the independent auditors for appointment by the board of directors. The audit committee met five times during the last fiscal year. The members of the audit committee are independent, as independence is defined in Rule 4200(a)(15) of the Nasdaq listing standards and Rule 10A-3 under the Securities Exchange Act of 1934.

The board of directors has determined that each of the audit committee members is able to read and understand fundamental financial statements. In addition, the board of directors has determined that at least one member of the audit committee, Mr. Christian, is an audit committee financial expert as that term is defined in Item 401(e)(2) of Regulation S-B promulgated under the Securities and Exchange Act of 1934. Mr. Christian's relevant experience includes his prior service as the Chief Financial Officer of Norstan, Inc., his past experience as Senior Vice President of Finance of Ceridian Corporation, and his experience as Chief Financial Officer of the Electronic Services Division of Automatic Data Processing, Inc. In addition, Mr. Christian has an MBA degree from Pepperdine University.

Compensation Committee

The current members of the compensation committee are Mr. Sheth (Chairman), Mr. Goubran and Mr. Christian. The primary function of the compensation committee is to review the Company's compensation philosophy and policy, which determines management and executive compensation benefits. The compensation committee is also responsible for the administration of the Company's stock option plans and is the approving authority for management recommendations with respect to option grants. During the last fiscal year there were three meetings of the compensation committee.

Compensation Philosophy. The compensation committee's executive compensation policies are designed to provide competitive levels of compensation that integrate pay with our annual objectives and long-term goals, align the long-term interests of management with those of the Company's shareholders, reward for achieving

company performance objectives, recognize individual initiative and achievements, and assist us in attracting and retaining highly qualified, experienced executives. There are three primary elements in our executive compensation program: base salary compensation, cash bonus and stock options.

Base salary compensation is based on the potential impact the individual may have on the company, the skills and experience required by the job, comparisons with comparable companies and the performance and potential of the incumbent in the job.

Cash bonuses are designed to provide annual incentive compensation tied by a formula to the Company's financial performance and personal objectives. Performance targets are established at the beginning of each fiscal year by the compensation committee, and bonuses are paid following the end of the fiscal year based on the Company's performance relative to the targets and the executives' individual performance.

Stock options are granted annually to executive officers of the Company in order to maintain competitive pay packages and to align management's long-term interests with those of shareholders. The compensation committee approves stock option grants to executives and key personnel. Awards vest and options become exercisable based upon criteria established by the compensation committee.

Executive compensation is set at levels that the compensation committee believes to be competitive with those offered by employers of comparable size, growth and profitability in the Company's industry and in general industry. In establishing the levels of the various compensation elements, the compensation committee has from time to time used the services of compensation consultants.

Governance Committee and Nominating Process

The current members of the governance committee are Mr. Goubran (Chairman), Dr. Sheth and Mr. Finch. The primary focus of the governance committee is on the broad range of issues surrounding the composition and operation of the Company's board of directors. The committee provides assistance to the board of directors in the areas of membership selection, committee selection and rotation practices, evaluation of the overall effectiveness of the board of directors, and review and consideration of developments in corporate governance practices. The committee's goal is to assure that the composition, practices and operation of the board of directors contribute to value creation and effective representation of the Company's stockholders.

The governance committee performs similar functions to a nominating committee for the Company as described above. The governance committee has adopted a charter which was attached to our Proxy Statement for the 2005 annual meeting of stockholders. The charter does not, however, cover the procedures for director-nominations made by our board of directors. During the last fiscal year there was one meeting of the governance committee. The members of the governance committee are independent, as independence is defined in Rule 4200(a)(15) of the Nasdaq listing standards.

The governance committee will consider director-nominees submitted by stockholders. Any stockholder recommendation should be submitted in writing to the Company in care of the Corporate Secretary at 700 Brooker Creek Boulevard, Suite 1800, Oldsmar, Florida 34677, along with the written consent of such nominee to serve as a director if so elected. Any such recommendation by a stockholder shall be referred to the governance committee, and the governance committee, in consultation with the Company's Chief Executive Officer, will review the nomination in accordance with the Company's certificate of incorporation, bylaws and applicable laws and regulations. The governance committee considers general business experience, industry experience, track record as a director of other companies, probable tenure if elected and other factors as relevant in evaluating director-nominees.

The governance committee's process for reviewing nominees is as follows. When a directorship becomes vacant, or the board otherwise determines that an individual should be recruited for possible nomination to the board, the governance committee, in consultation with the Company's Chief Executive Officer, will prepare a

profile of a candidate expected to provide the most meaningful contribution to the board as a whole. The governance committee (or a subcommittee designated by the governance committee) will normally consider all of the following: (a) the candidate's skills, experience and other relevant biographical information, (b) the candidate's general interest in serving a public corporation, (c) the candidate's ability to attend board and committee meetings, and (d) any potential concerns regarding independence or conflicts of interest. Following the initial screening, if the governance committee approves a candidate for further review, the governance committee will establish an interview process for the candidate. It is expected that at least a majority of the members of the governance committee, along with the Company's Chief Executive Officer, would interview each candidate. At the same time, the governance committee, assisted by the Company's legal counsel, will conduct a comprehensive conflicts-of-interest assessment for the candidate. The governance committee will then consider reports of the interviews and the conflicts-of-interest assessment and determine whether to recommend the candidate to the full board of directors. A subcommittee of the governance committee, management representatives designated by the governance committee or a search firm selected by the governance committee may assist the process. Any nominee recommended by a stockholder would be subject to the same process.

According to the Company's bylaws, only persons nominated in accordance with the following procedures shall be eligible for election by stockholders as directors. Nominations of persons for election as directors at a meeting of stockholders called for the purpose of electing directors may be made by or at the direction of the board of directors or by any stockholder in the manner described below. For a nomination to be properly made by a stockholder, the stockholder must give written notice to the Company's corporate Secretary so as to be received at the principal executive offices of the Company not less than 90 days and no less than 60 days before the first anniversary date on which the Company mailed its proxy materials for the preceding year's annual meeting, except that if no annual meeting was held in the previous year or the date of the annual meeting has been changed by more than 30 days from the date contemplated at the time of the previous year's proxy statement, such notice must be so received no later than the 90th day prior to such annual meeting or the 10th day after the date on which public disclosure of the date of such meeting is first made. The public disclosure of an adjournment of an annual meeting will not commence a new time period for the giving of a timely stockholder notice. Each such notice shall set forth:

the name and address, as they appear on the Company's books, of the stockholder giving the notice and of the beneficial owner, if any, on whose behalf the nomination is made;

a representation that the stockholder giving the notice is a holder of record of stock of the Company entitled to vote at such annual meeting and intends to appear in person or by proxy at the annual meeting to nominate the person or persons specified in the notice;

the class and number of shares of stock of the Company owned beneficially and of record by the stockholder giving the notice and by the beneficial owner, if any, on whose behalf the nomination is made;

a description of all arrangements or understandings between or among any of (A) the stockholder giving the notice, (B) the beneficial owner on whose behalf the notice is given, (C) each nominee, and (D) any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder giving the notice;

such other information regarding each nominee proposed by the stockholder giving the notice as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had the nominee been nominated, or intended to be nominated, by the board of directors;

the signed consent of each nominee to serve as a director of the Company if so elected;

whether either such stockholder or beneficial owner intends to deliver a proxy statement and form of proxy to holders of at least the percentage of shares of the Company entitled to vote required to elect such nominee or nominees; and

a representation that such stockholder intends to appear in person or by proxy at the meeting to nominate the persons named in the notice.

Directors Fees

Directors who are employees of the Company receive no compensation for their services as directors or as members of committees. On March 28, 2006, the compensation committee approved changes in the compensation of non-employee directors, effective on June 28, 2006. Each director receives an annual stock option grant in the amount of 7,500 shares on the date of the annual stockholders meeting in each year. The number of options granted to new directors are 20,000 shares per person. Non-employee directors are paid an annual retainer in the amount of \$12,000. Non-employee directors are paid an attendance fee of \$3,000 for each board meeting and \$1,000 for each committee meeting and are reimbursed for their reasonable expenses incurred in attending the meeting. The fee for participation in a board or committee meeting held by telephone conference call and lasting at least one hour is \$1,000.

Section 16(a) Beneficial Ownership Reporting Compliance

The Company believes that during fiscal year 2006 all reports for the Company's officers and directors that were required to be filed under Section 16 of the Securities and Exchange Act of 1934 were timely filed, except for the following: With respect to options granted in June 2006, all directors of the Company filed their Forms 4 on an untimely basis.

Ability of Stockholders to Communicate with the Board of Directors

The Company's board of directors has established several means for our stockholders and others to communicate with the board of directors. If a stockholder has a concern regarding the Company's financial statements, accounting practices or internal controls, the concern should be submitted in writing to the Company's audit committee, in care of the corporate Secretary, at the Company's headquarters address. If the concern relates to the Company's governance practices, business ethics or corporate conduct, the concern should be submitted in writing to the Chairman of the Board, in care of the corporate Secretary, at the Company's headquarters address. All stockholder communications will be sent to the applicable director(s).

INDEPENDENT AUDITOR MATTERS

On June 28, 2006, the Company's stockholders ratified the appointment of Grant Thornton LLP to serve as the Company's independent auditors, effective for the year ending November 30, 2006.

Fees to Independent Auditors

The following table presents fees for professional audit services rendered by Grant Thornton for the audit of the Company's financial statements for the fiscal years ended November 30, 2006 and November 30, 2005 and fees billed for other services rendered by Grant Thornton during these periods.

Employment Agreements

On August 15, 2005, the Company entered into a three-year employment agreement (the "Employment Agreement") with Mercedes Walton, the Company's Chairman of the Board and former interim Chief Executive Officer, to become the Chairman of the Board and Chief Executive Officer (on a non-interim basis) effective as of September 1, 2005 (the "Commencement Date"). Effective on the Commencement Date, Ms. Walton received a base salary of \$330,000 per year, subject to 4%-10% increases that will become effective on February 1, 2006, 2007 and 2008 depending on whether corporate performance meets certain incentive standards established from time to time by the compensation committee of the Company's board of directors. The three-year term of the Employment Agreement will be automatically extended for additional one-year periods unless, at least 90 days prior to the end of the then-current term, either party notifies the other in writing of its intent not to renew the agreement.

In addition to base salary, the Employment Agreement provides that Ms. Walton is eligible for annual lump-sum bonuses, at the discretion of the Company's board of directors, available to senior executive officers. Specifically, Ms. Walton will be eligible to receive annual bonuses in amounts of 20%, 40% or 60% of her then-current base salary depending on whether corporate performance meets certain incentive standards established from time to time by the compensation committee of the Company's board of directors. Ms. Walton is also eligible for long-term incentive awards provided to the Company's senior executives generally, on terms finally determined the compensation committee of the Company's board of directors.

In the event the Employment Agreement is terminated upon Ms. Walton's death (without any then-existing default in her performance), then Ms. Walton's estate or a designated beneficiary will be entitled to receive Ms. Walton's base salary for a 12-month period thereafter. In the event the Company terminates the Employment Agreement without cause (or delivers a notice of non-renewal of the Employment Agreement), she will be entitled to receive a lump sum equal to 12 months of her then-current base salary plus an amount equal to the pro rata portion of her annual bonus for the year of termination (based on the proportion of the year during which she was employed and the pro rata results for such year). If Ms. Walton terminates the Employment Agreement for "Good Reason" (as defined in the Employment Agreement), she will be entitled to continue receiving her then-current base salary for a 12-month period plus an amount equal to her annual bonus paid for the year prior to termination.

In the event of a termination of Ms. Walton's employment upon a Change in Control or within two years thereafter (or prior to the Change in Control if the termination was related to the Change in Control), if the termination was initiated by the Company without cause or by Ms. Walton for any reason, Ms. Walton will be entitled to receive the following: (i) compensation in an amount equal to two times the sum of (A) 12 months of base salary as in effect on the termination date or, if greater, base salary in effect immediately prior to the Change in Control, plus (B) the average of the actual bonus payments made to Ms. Walton for the most recent two years; (ii) a pro rata portion of the annual bonus for the year in which termination occurs (based on the proportion of the

year during which she was employed and the pro rata results for such year; (ii) continued benefits and perquisites for a period of two years; (iii) reimbursement for reasonable legal fees and expenses incurred in connection with the termination; and (iv) the vesting of all shares of restricted stock, long-term performance stock option awards, other stock-appreciation rights and stock options. If the present value of the payments to Ms. Walton in connection with a Change in Control are greater than the product of three times Ms. Walton's then-current base amount (under applicable tax regulations) as of the termination date (the Parachute Limit) but not greater than 105% of the Parachute Limit, then the Employment Agreement limits the present value of the total amount of such payments to one dollar less than the Parachute Limit. If the present value of the payments to Ms. Walton in connection with a Change in Control are greater than 105% of the Parachute Limit, the Company has agreed to pay to Ms. Walton an additional amount as a gross-up payment to pay any applicable excise taxes.

The Employment Agreement also provides that the Company will provide certain other benefits, including continued participation in all applicable Company benefit plans, payment of reasonable business expenses, and financial planning and legal expenses incurred in connection with the negotiation and execution of the Employment Agreement.

In the Employment Agreement, Ms. Walton has agreed not to compete with the Company or solicit its customers, clients or employees during the term of the Employment Agreement and for a period of two years following the termination of Ms. Walton's employment under the Employment Agreement.

On November 1, 2005, the Company entered into one-year employment agreements with Jill M. Taymans, as the Company's Chief Financial Officer and Vice President, and with Gerald F. Maass, the Company's former Executive Vice President. Mr. Maass resigned from his position with the Company on March 29, 2007.

Under Ms. Taymans' Employment Agreement, the one-year term will be automatically extended for additional one-year periods unless, at least 60 days prior to the end of the then-current term, either party notifies the other in writing of its intent not to renew the agreement. Ms. Taymans' Employment Agreement provides that Ms. Taymans will receive a base salary of \$155,343 for the initial one-year term of the agreement. At all times during the term of her Employment Agreement (as the same may be extended), Ms. Taymans will be eligible for discretionary merit increases and base salary adjustments, in addition to discretionary annual bonuses awarded at the discretion of the compensation committee of the Company's board of directors. Ms. Taymans' Employment Agreement provides that she will be eligible for long-term incentive awards provided to the Company's senior executives generally, on terms finally determined by the compensation committee of the Company's board of directors.

In the event of a termination of employment of Ms. Taymans upon or within one year of a Change in Control (as defined in the Employment Agreements), or prior to the Change in Control if the termination was related to the Change in Control, if the termination was by the Company without cause or was by Ms. Taymans due to being requested to accept without cause a demotion or relocation, Ms. Taymans will be entitled to receive the following: (i) all earned compensation through the date of termination (or, if greater, on the date immediately preceding a Change in Control); and (ii) 12 months of base salary as in effect on the termination date (or, if greater, base salary in effect immediately prior to the Change in Control).

Under her Employment Agreement, the Company will also provide Ms. Taymans with certain other benefits, including continued participation in all applicable Company benefit plans and payment of reasonable business expenses.

In her Employment Agreement, Ms. Taymans agreed not to compete with the Company or solicit its customers, clients or employees during the term of her Employment Agreement and for a 12-month period following her termination of employment under the agreement.

Under his Employment Agreement, Mr. Maass received a base salary of \$164,074 per year, and was eligible for discretionary merit increases and base salary adjustments, in addition to discretionary annual bonuses awarded at the discretion of the compensation committee of the Company's board of directors. The other terms and conditions of Mr. Maass' Employment Agreement were substantially identical to those contained in Ms. Taymans' Employment Agreement.

CERTAIN TRANSACTIONS

On June 4, 2007, the Company and Andrew J. Filipowski, the Andrew J. Filipowski Revocable Trust and Matthew G. Roszak, all of whom are shareholders of the Company, entered into an Agreement. Among other things, the Agreement provides that the Company's Board of Directors will nominate Mr. Filipowski for election as a director of the Company at the Company's 2007 annual meeting of stockholders. Such shareholders agreed to vote its shares in favor of management's slate of directors at the 2007 annual meeting. Such shareholders also agreed not to solicit proxies or take certain other actions through the date of the 2008 annual meeting. Mr. Filipowski is one of these shareholders and is also a party to the Agreement in his individual capacity. For more information relating to these shareholders, see Security Ownership of Certain Beneficial Owners and Management in this proxy statement and the most recent Schedule 13D/A filed by such shareholders with the SEC on January 9, 2007.

On February 9, 1999, the Company's revenue sharing agreement with two individual investors relating to the State of Arizona (the Arizona Agreement) was modified and replaced by a new revenue sharing agreement relating to the State of Florida (the Florida Revenue Sharing Agreement). Under the terms of the Florida Revenue Sharing Agreement, the Company was to receive an aggregate one-time up-front payment of \$1,000,000 from the individual investors. The individual investors received a credit from the Company of \$450,000 toward the \$1,000,000 up-front payment as a result of payments previously made by the investors to the Company pursuant to the Arizona Agreement. The Florida Revenue Sharing Agreement entitles the investors to an ongoing fixed percentage of the net storage revenue earned by the Company from specimens originating within the State of Florida, up to a maximum of 33,000 storage spaces. The Company applied all of its payment obligations under the Florida Revenue Sharing Agreement toward the \$550,000 balance owed by the investors until such amount was paid in full during the second quarter of fiscal 2004. Thereafter, payments under the Florida Revenue Sharing Agreement were made to the investors as required thereunder. The Company made aggregate payments to the investors of \$281,161 in fiscal 2005 and \$329,005 in fiscal 2006. One of the investors in the Florida Revenue Sharing Agreement is Charles Nyberg, who became a director of the Company in August 2001 and resigned from this position in December 2004.

On May 31, 2001 the Company entered into a revenue sharing agreement with Red Rock Partners, a partnership (Red Rock), entitling Red Rock to an on-going fixed percentage of the net storage revenue earned by the Company from specimens originating within the State of Texas, up to a maximum of 33,000 storage spaces (the Texas Revenue Sharing Agreement). Under the terms of the Texas Revenue Sharing Agreement, Red Rock paid the Company an aggregate one-time up-front payment of \$750,000. The Company made total payments to Red Rock of \$139,116 and \$115,453 for fiscal years 2006 and 2005, respectively. One of the partners in Red Rock is Charles Nyberg, who became a director of the Company in August 2001 and resigned from this position in December 2004.

In October 2001, the Company sold 90% of Safti-Cell, Inc. (Safti-Cell), a then-inactive subsidiary of the Company, to Red Rock Partners, an Arizona general partnership. Mr. Charles Nyberg, a former member of the Board of Directors of the Company, owns a significant interest in Red Rock Partners; however, the sale took place prior to the time that Mr. Nyberg became a member of the Company's Board of Directors. Subsequent to the end of fiscal 2004, Mr. Nyberg resigned from the Company's Board of Directors. In October 2001, the Company and Safti-Cell entered into a twenty-year storage agreement under which the Company pays an annual fee to Safti-Cell for each specimen stored by Safti-Cell in its Arizona facility for the Company's customers. In October 2002, Safti-Cell brought the facility into service, and the Company began providing dual storage service to its customers. The Company paid total fees to Safti-Cell of \$324,260 and \$325,121 in fiscal 2006 and 2005, respectively.

PROPOSAL NO. 2

RATIFICATION OF INDEPENDENT AUDITORS

The board of directors has appointed Grant Thornton LLP to perform the audit of the Company's financial statements for the year ending November 30, 2007, subject to ratification by the Company's stockholders at the annual meeting. Grant Thornton LLP has been the Company's auditor since June 30, 2003. Representatives of Grant Thornton will be available telephonically at the annual meeting to respond to questions and make a statement if they desire to do so.

If the selection of Grant Thornton LLP is not ratified at or prior to the annual meeting of stockholders, such firm shall decline to act, or otherwise become incapable of acting, as the Company's independent auditors and the board of directors will appoint other independent registered public accountants whose engagement for any period subsequent to the next annual meeting will be subject to stockholder approval at such meeting.

Recommendation of the Board

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE COMPANY STOCKHOLDERS VOTE FOR RATIFICATION OF THE INDEPENDENT AUDITORS.

PROPOSAL NO. 3

STOCKHOLDER PROPOSAL RELATING TO

STOCKHOLDER NOMINEES FOR ELECTION TO THE BOARD OF DIRECTORS

The Company has received a stockholder proposal from Mr. David Portnoy (Proponent). The Proponent has requested that the Company include the following proposal and supporting statement in its Proxy Statement for the 2007 Annual Meeting of Stockholders, and, if properly presented, this proposal will be voted on at the meeting. The Company will provide the address and the number of shares beneficially owned by the Proponent upon the oral or written request of any stockholder. The stockholder proposal is quoted verbatim below.

Management of the Company does not support the adoption of the resolution proposed below and asks stockholders to consider management's response, which follows the stockholder proposal.

Recommendation of our Board

Our Board recommends a vote AGAINST Proposal No. 3.

Vote Required

The Company believes that approval of this stockholder proposal requires the affirmative vote of a majority of the shares cast on the proposal at the annual meeting.

STOCKHOLDER PROPOSAL

WHEREAS, Cryo-Cell International, Inc., a Delaware corporation (the Company) has consistently approved, through its board of directors (the Board), what Proponent believes to be excessive management compensation after less than satisfactory financial results;

The Board amended the Company's bylaws without shareholder approval on December 18, 2006 (the Amendments);

The Amendments set significant hurdles for shareholders to bring business or nominate directors before the Company's annual meetings;

The Amendments considerably increase the percentage of shareholders required to call a Company's special meeting of shareholders;

The Amendments burden shareholders' ability to act by written consent in lieu of a meeting;

The Amendments dramatically raise the percentage of shareholders required to amend certain provisions of the Company's bylaws;

The restricted ability of shareholders to act in what they perceive to be their best interests may significantly limit the value of the common stock of the Company;

The Securities and Exchange Commission released Proposed Rule 14a-11 (the Proposed Rule), providing a right of access to the Company's proxy statement and form of proxy to a person or persons nominated by shareholders for election to the Board; and

Adopting substantially equivalent provisions to those set forth in the Proposed Rule (the Proposal) would increase the shareholders' ability to nominate and hold directors accountable, thereby benefiting the Company.

RESOLVED, that the shareholders of the Company recommend the adoption of the Proposal. The Proposal would allow a shareholder or group of shareholders that have held continuously for at least two years, more than five percent of the Company's securities that are eligible to vote for the election of directors at an annual or special meeting of shareholders, to include within the Company's proxy statement and form of proxy, one nominee if the Board members is eight or fewer, two nominees if the Board members is greater than eight and less than twenty, or three nominees if the Board members are twenty or more.

SUPPORTING STATEMENT OF PROPONENT

The decision to adopt the Proposal would allow shareholders to exercise their rights and obligations as owners of the Company. The opportunity of shareholders who are not part of the incumbent management team to nominate and elect directors is limited, because of the expenses related to a proxy contest. In a significant number of cases, the proxy-contest expenses incurred could exceed any potential benefits gained, thereby deterring shareholders' involvement in the proxy process. Furthermore, the Amendments enacted by the Board placed substantive and procedural barriers that increased the complexity and decreased the feasibility of shareholders' nominations to the Board. Voting in favor of the Proposal hereby submitted, however, would permit a more effective shareholder role in the nomination and election of directors, thereby making the Board more responsive to shareholders' interests.

MANAGEMENT STATEMENT IN OPPOSITION TO STOCKHOLDER PROPOSAL

The Board recommends a vote against this stockholder proposal. The proposal recommends to the Board that the Company adopt certain rules relating to stockholder nominations of directors that are substantially equivalent to Rule 14a-11, which was proposed by the SEC in 2003. If the proposal were approved at the annual meeting, the proposal would not require the Company to adopt such rules. Instead, the Board would consider if the rules recommended by this proposal were in the best interests of the Company and its stockholders. If this proposal were approved and the Board chose to adopt the suggested rules, the Company would be required to include, in its proxy statements for future annual meetings, information regarding a stockholder nominee put forth by certain qualifying stockholders or groups of stockholders.

Management believes that permitting groups of stockholders to make direct nominations to the Board is not in the best interests of the Company or its stockholders for four important reasons:

Our stockholders may already recommend candidates to our Board;

The proposal could lead to the election of special interest directors;

The proposal could lead to divisive proxy contests, which would needlessly waste corporate resources and likely discourage qualified directors from serving on our Board; and

The SEC and its rulemaking process are the more appropriate forum for establishing changes in director nomination processes applicable to public companies, and lack of a uniform rule could place the Company at a competitive disadvantage.

First, we believe this proposal is not necessary because our stockholders already have the opportunity for significant input in the director nomination and election process, which fact is evidenced by the Proponent's current nomination of a slate of directors and related proxy contest. As discussed on pages 7 and 8 of this Proxy Statement, under the caption *Board of Directors and Its Committees Governance Committee and Nominating Process*, our stockholders may submit their recommendations for director candidates directly to our governance committee. In addition, our Amended and Restated Bylaws currently permit stockholders to nominate directors for consideration at an annual stockholder meeting and to solicit proxies in favor of such nominees, which the Proponent has done.

Second, permitting certain stockholders to nominate director candidates in our proxy materials could lead to the election of special interest directors who primarily represent and are answerable to the interests of the stockholders who nominated them, and not the interests of all Company stockholders.

Third, altering the director nomination process by making it easier for there to be more nominees than there are board seats would likely turn such director elections into divisive proxy contests. We believe that this would be tremendously disruptive, require expenditure of significant Company resources that would be better spent on our business, and generally discourage otherwise qualified and valuable directors and candidates from serving on our Board. Moreover, for stockholders or groups of stockholders that would be entitled to make nominations under the proposal, there would be little incentive not to wage such contests since related costs would be borne by all Company stockholders.

Finally, the SEC has stated that it is carefully considering shareholder access issues in public companies to ensure that there is one clear rule to protect investors' interests. In general, we believe that the broader issue of proxy access should be resolved by the SEC, which is more qualified to establish rules relating to proxy access than a small group of stockholders. Furthermore, it is also possible that if it is required to bear divisive proxy contests, and its competitors are not, the Company could be placed at a competitive disadvantage in terms of resources, management time and attention, ability to attract directors, and general reputation.

For the reasons described above, the Board recommends a vote AGAINST this proposal.

OTHER BUSINESS

Management does not know of any other business to be acted upon at the annual meeting, and, as far as is known to management, no matters are to be brought before the meeting except as specified in the notice of the meeting. However, if any other business properly should come before the meeting, it is intended that the proxies will vote on any such matters in accordance with the judgment of the persons voting such proxies.

2008 ANNUAL MEETING STOCKHOLDER PROPOSALS

Pursuant to the Company's bylaws, at an annual meeting of the stockholders, only such business shall be conducted as shall have been properly brought before the meeting. To be properly brought before an annual meeting, business must be (a) specified in the notice of meeting (or any supplement thereto) given by or at the direction of the board of directors; (b) otherwise properly brought before the meeting by or at the direction of the board of directors; (c) in the case of a nomination for director, properly brought in accordance with the procedures described below; or (d) otherwise properly brought before the meeting by a stockholder entitled to

vote at such meeting. For business other than a nomination for director to be properly brought before an annual meeting by a stockholder, the stockholder must have given written notice to the Secretary of the Company so as to be received at the principal executive offices of the Company no more than 90 days and no less than 60 days before the first anniversary date on which the Company mailed its proxy materials for the preceding year's annual meeting, except that if no annual meeting was held in the previous year or the date of the annual meeting has been changed by more than 30 days from the date contemplated at the time of the previous year's proxy statement, such notice must be so received a reasonable time before the solicitation is made. Each such notice shall set forth as to each matter the stockholder proposes to bring before the annual meeting:

a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting

the name and address of the stockholder proposing such business

the class and number of shares of the Company which are beneficially owned by the stockholder

any material interest of the stockholder in such business, and

such other information regarding such business as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had the matter been proposed by the board of directors.

While the Company's bylaws technically require that the annual meeting of stockholders be held within six months after the close of the Company's fiscal year, which is by May 31 of the following calendar year, the Company has held the annual meeting of stockholders in June every year since 1998, other than 2003, when it was held in August. Consistent with past practice, the 2007 annual meeting of stockholders was originally scheduled for June 28, 2007, until circumstances surrounding the preparation of the Company's proxy statement caused the Board to reschedule the meeting for July 16, 2007. Going forward, the Board of Directors will consider whether to formally amend the Company's bylaws to remove this provision or to hold the annual meeting of stockholders before the end of May. If the Board determines to amend the Company's bylaws to remove this requirement, the Company anticipates that the 2008 annual meeting will be held on or about June 25, 2008. Consequently, stockholders who intend to have a proposal considered for inclusion in the Company's proxy materials to be presented at the Company's 2008 annual meeting of stockholders must submit the proposal to the Company at its executive offices no later than February 8, 2008. If the Board determines not to amend the Company's bylaws to remove this requirement, the Company anticipates that it will hold the 2008 annual meeting of stockholders before May 31, 2008, and the Company will further notify stockholders of the date when proposals intended to be presented at the Company's 2008 annual meeting of stockholders must be received at the Company's executive offices to be included in next year's proxy statement. Stockholders who intend to present a proposal at the 2008 annual meeting of stockholders without including such proposal in the Company's proxy statement are required to provide notice of such proposal to the Company in accordance with the advance notice procedures for stockholder proposals set forth in the Company's bylaws as described above.
