Notice of Annual Meeting of Stockholders

Thursday, April 24, 2008

4:00 P.M.

TO THE STOCKHOLDERS:

I am pleased to invite you to attend the 2008 Annual Meeting of Stockholders of SVB Financial Group, a Delaware corporation (the Company), which will be held at the Company's offices located at 3005 Tasman Drive, Santa Clara, California 95054, on Thursday, April 24, 2008 at 4:00 p.m., local time. The meeting will be broadcast live through a listen-only conference call and audio webcast. (Access instructions are included in the Proxy Statement accompanying this Notice.) The purposes of the meeting are to:

1. Elect twelve (12) directors to serve for the ensuing year and until their successors are elected.
2. Ratify the selection of KPMG LLP as the Company's independent registered public accounting firm for its fiscal year ending December 31, 2008.
3. Transact such other business as may properly come before the meeting.

The foregoing items of business are more fully described in the Proxy Statement accompanying this Notice. To assure your representation at the meeting, you are encouraged to vote your shares as soon as possible. The enclosed Proxy Card contains instructions for voting over the Internet, by telephone and by returning your Proxy Card by mail. Any stockholder attending the meeting may vote in person even if such stockholder has previously returned a Proxy Card.

Only stockholders of record at the close of business on February 27, 2008 may vote at the meeting or any postponement or adjournment thereof.

BY ORDER OF THE BOARD OF DIRECTORS,

/s/ Alex W. Hart
Alex W. Hart
Chairman of the Board

Santa Clara, California

March 17, 2008

YOU ARE CORDIALLY INVITED TO ATTEND THE MEETING IN PERSON. WHETHER OR NOT YOU EXPECT TO ATTEND THE MEETING, PLEASE COMPLETE, DATE, SIGN AND RETURN THE ENCLOSED PROXY CARD, OR VOTE OVER THE TELEPHONE OR THE INTERNET AS INSTRUCTED IN THESE MATERIALS, AS PROMPTLY AS POSSIBLE, IN ORDER TO ENSURE YOUR REPRESENTATION AT THE MEETING. A RETURN ENVELOPE (WHICH IS POSTAGE PREPAID IF MAILED IN THE UNITED STATES) IS ENCLOSED FOR YOUR CONVENIENCE. EVEN IF YOU HAVE VOTED BY PROXY, YOU MAY STILL VOTE IN PERSON IF YOU ATTEND THE MEETING. WE ENCOURAGE YOU TO VOTE FOR THE ELECTION OF ALL TWELVE (12) NOMINEES FOR DIRECTOR, AS WELL AS IN FAVOR OF THE REMAINING PROPOSAL ABOVE.

PROXY STATEMENT

OF

SVB FINANCIAL GROUP

3005 Tasman Drive

Santa Clara, California 95054

INFORMATION CONCERNING THE PROXY SOLICITATION

General

This Proxy Statement is furnished in connection with the solicitation of the enclosed Proxy by, and on behalf of, the Board of Directors of SVB Financial Group (the Company) for use at the 2008 Annual Meeting of Stockholders of the Company to be held at the Company's offices located at 3005 Tasman Drive, Santa Clara, California 95054, on Thursday, April 24, 2008 at 4:00 p.m. local time, and at all postponements or adjournments thereof (the Meeting). Only stockholders of record on February 27, 2008 (the Record Date) will be entitled to vote at the Meeting. At the close of business on the Record Date, there were 32,258,829 shares of the Company's Common Stock, \$.001 par value (the Common Stock), outstanding.

The Company is a Delaware corporation and financial holding company for Silicon Valley Bank (the Bank) and its affiliates. The Company's principal executive offices are located at 3003 Tasman Drive, Santa Clara, California 95054 and its telephone number at that location is (408) 654-7400.

Access Instructions for Conference Call and Audio Webcast of Meeting

The Meeting will be broadcast live through a listen-only conference call and audio webcast, on Thursday, April 24, 2008 beginning at 4:00 p.m. (Pacific Time), unless the Meeting is postponed or adjourned.

Dial-In Information: The listen-only conference call can be accessed by dialing 1 (866) 916-4782 or (706) 902-0768, and referencing the conference ID #39803074.

Replay: A replay of the audio only webcast will be available on www.svb.com under Investor Relations, beginning Thursday, April 24, 2008, after 5:00 p.m. (Pacific Time).

Voting

Stockholders of the Company's Common Stock are entitled to one vote for each share held on all matters covered by this Proxy Statement, except for the election of directors. With respect to the election of directors, each stockholder has the right to invoke cumulative voting, which entitles each stockholder to as many votes as shall equal the number of shares held by such stockholder multiplied by the number of directors to be

Edgar Filing: SVB FINANCIAL GROUP - Form DEF 14A

elected. A stockholder may cast all of his or her votes for a single candidate or distribute such votes among as many of the candidates as he or she chooses (up to a maximum of the number of directors to be elected). However, no stockholder shall be entitled to cumulate votes for a candidate unless such candidate's name has been properly placed in nomination prior to the voting in accordance with Article Fifth of the Restated Certificate of Incorporation of the Company and the stockholder (or any other stockholder) has given notice at the meeting prior to the voting of the stockholder's intention to cumulate votes. If any stockholder has given such notice, all stockholders may cumulate their votes for candidates properly placed in nomination. If cumulative voting is properly invoked, the Proxy holders (the individuals named on the Proxy Card) are given discretionary authority

Table of Contents

under the terms of the Proxy to cumulate votes represented by shares for which they are named Proxy holders as they see fit among the nominees in order to assure the election of as many of such nominees as possible.

Whether you hold shares in your name or through a broker, bank or other nominee, you may vote without attending the meeting. You may vote by granting a Proxy or, for shares held through a broker, bank or other nominee, by submitting voting instructions to that nominee. Instructions for voting by telephone, by using the Internet or by mail are on your Proxy Card. For shares held through a broker, bank or other nominee, follow the instructions on the voting instruction card included with your voting materials. If you provide specific voting instructions, your shares will be voted as you have instructed for any item on which you provide instructions and as the Proxy holders may determine within their discretion for any other matters, including any additional matters, that properly come before the meeting.

If you hold shares in your name and you sign and return a Proxy Card without giving specific voting instructions, your shares will be voted as recommended by our Board on all matters set forth in this Proxy Statement and as the Proxy holders may determine in their discretion with respect to any other matters that properly come before the meeting. If you hold your shares through a broker, bank or other nominee and you do not provide instructions on how to vote, your broker or other nominee may have authority to vote your shares on certain matters. See Quorum; Abstentions; Broker Non-Votes below.

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the Meeting is a majority of the shares of Common Stock issued and outstanding on the Record Date. Shares that are voted FOR, AGAINST or WITHHELD FROM a matter are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares represented and voting at the Meeting (the Votes Cast) with respect to such matter.

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business, and (ii) the total number of Votes Cast with respect to a proposal (other than the election of directors). In the absence of controlling precedent to the contrary, the Company intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal.

Broker non-votes occur on a matter when a broker, bank or other nominee is not permitted to vote on that matter without instructions from the beneficial owner and the beneficial owner does not give instructions. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business but will not be counted for purposes of determining the number of Votes Cast with respect to proposals on which brokers, bank or other nominees are prohibited from exercising their discretionary authority. Accordingly, broker non-votes will not affect the outcome of the voting on a proposal that requires a majority of the Votes Cast.

Revocability of Proxies

Any person giving a Proxy in the form accompanying this Proxy Statement has the power to revoke the Proxy at any time prior to its use. A Proxy is revocable prior to the Meeting by delivering either a written instrument revoking it or a duly executed Proxy bearing a later date to the Secretary of the Company or to the Company's transfer agent. A Proxy is also automatically revoked if the stockholder is present at the Meeting and votes in person.

Solicitation

This solicitation of Proxies is made by, and on behalf of, the Board of Directors of the Company. The Company will bear the entire cost of preparing, assembling, printing, and mailing Proxy materials furnished by the Board of Directors to stockholders. Copies of Proxy materials will be furnished to brokerage houses,

Table of Contents

fiduciaries and custodians to be forwarded to the beneficial owners of the Company's Common Stock. In addition to the solicitation of Proxies by mail, some of the officers, directors and employees of the Company may (without additional compensation) solicit Proxies by telephone or personal interview, the costs of which the Company will bear.

Unless otherwise instructed, each valid returned Proxy that is not revoked will be voted:

FOR each of the Company's nominees to the Board of Directors,

FOR ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2008, and

At the Proxy holders' discretion on such other matters, if any, as may properly come before the Meeting (including any proposal to adjourn the Meeting).

Delivery of Voting Materials

You may receive more than one set of voting materials, including multiple copies of this Proxy Statement and multiple Proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one Proxy Card. Please complete, sign, date and return each Proxy Card and voting instruction card that you receive.

How to Obtain a Separate Set of Voting Materials

If you share an address with another stockholder, you may receive only one set of Proxy materials (including our 2007 Annual Report on Form 10-K and Proxy Statement) unless you have provided contrary instructions. If you wish to receive a separate set of Proxy materials now or in the future, you may write or call us to request a separate copy of these materials from:

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

The Company is committed to having sound corporate governance principles. These principles are important to the way in which the Company manages its business and to maintaining the Company's integrity in the marketplace. The Company's Corporate Governance Guidelines adopted by the Company's Board of Directors and the charters of the Audit Committee, Compensation Committee, Directors' Loan Committee, Finance Committee and Governance Committee of the Company's Board of Directors are available at <http://www.svb.com>. The contents of the website are not incorporated herein by reference and the website address provided above and throughout this Proxy Statement is intended to be an inactive textual reference only.

Board Independence

The Board has determined that, with the exception of Mr. Kenneth P. Wilcox, our President and Chief Executive Officer, all of our current directors, as well as all of our incumbent directors standing for re-election, are independent within the meaning of the director independence standards set by the Nasdaq Stock Market, Inc. ("Nasdaq") and the Securities and Exchange Commission ("SEC"), as currently in effect. Furthermore, the Board has determined that each of the current members of the Audit Committee, Compensation Committee and Governance Committee are independent within the meaning of such director independence standards.

The Company's independent directors meet in regularly scheduled executive sessions at which only independent directors are present.

Audit Committee Independence and Financial Expert

The Board has determined that all of the current members of the Audit Committee, Messrs. Roger F. Dunbar, David M. Clapper and Joel P. Friedman, meet all of the requirements of independence, and that Messrs. Dunbar and Friedman meet all of the attributes of an audit committee financial expert, as those meanings are defined for purposes of audit committee members by the applicable rules and regulations of the SEC and Nasdaq.

Consideration of Director Nominees

Stockholder Nominees

The Company's Governance Committee will consider Board nominees proposed by stockholders. The Governance Committee has no formal policy with regard to stockholder nominees as it considers all nominees on their merits, as discussed below. Any stockholder nominations proposed for consideration by the Governance Committee should include the nominee's name and qualifications for Board membership and should be addressed to:

Table of Contents

In addition, the bylaws of the Company permit stockholders to nominate directors for consideration at an annual stockholder meeting. For a description of the process for nominating directors in accordance with the bylaws, please see [Stockholder Proposals and Director Nominations](#) below.

Selection and Evaluation of Director Candidates

The Governance Committee, with the participation of the full Board, is responsible for identifying candidates for membership on the Board. The Governance Committee makes determinations as to whether to recommend such candidates' nomination to the Board based on their character, judgment, and business experience, as well as their ability to diversify and add to the Board's existing strengths. This assessment typically includes issues of expertise in industries important to the Company (such as technology, life sciences and premium wine), functional expertise in areas such as banking, investment banking, global markets, venture capital, private equity, law, accounting, finance and information technology, and an assessment of an individual's abilities to work constructively with the existing Board and management, all in the context of an assessment of the perceived needs of the Board at that point in time. The Governance Committee has not formally established any minimum qualifications for director candidates. All nominees to be considered at the Meeting were recommended by the Governance Committee.

Communications with the Board

Individuals who wish to communicate with the Company's Board may do so by sending an e-mail to the Company's Board at bod@svb.com. Any communications intended for non-management directors should be sent to the e-mail address above to the attention of the Chair of the Governance Committee.

Code of Ethics

The Company has a Code of Ethics that applies to our principal executive officer and our senior financial officers, including our principal financial officer and principal accounting officer. A copy of this Code of Ethics is available on the Company's website at www.svb.com under Corporate Governance, or can be obtained without charge by any person requesting it. To request a copy of our Code of Ethics, please contact: Lisa Bertolet, Stock Administration, SVB Financial Group, 3003 Tasman Drive, Santa Clara, California 95054, at telephone (408) 654-7400.

The Company intends to disclose any waivers from or changes in its Code of Ethics by posting such information on our website. No waivers or substantive changes were made during fiscal year 2007.

Proposal No. 1

ELECTION OF DIRECTORS

The Board of Directors Recommends a Vote For All Nominees

The Company's bylaws currently provide for a range of eight (8) to twelve (12) authorized directors and permit the exact number to be fixed by the Board of Directors. As of the Record Date, the Board has fixed the number of authorized directors at twelve (12).

Pursuant to the Company's bylaws, the Board of Directors shall not have more than two directors who do not meet the definition of an Outside Director. An Outside Director is any director who meets the independence and experience requirements of the SEC and Nasdaq and who, in the opinion of the Board, has the ability to exercise independent judgment in carrying out the responsibilities of a director of the Company. Pursuant to the Company's bylaws, Outside Directors may not serve more than nine (9) consecutive one-year terms, beginning as of April 30, 2001; provided, however, that if in any one year, more than three Outside Directors are required to end their service on the Board of Directors because of the application of this term limit, the Board of Directors may extend the term of one or more such directors for successive one year terms so as to avoid requiring more than three Outside Directors to end their service in any one year. Any Outside Director who has served the maximum term or resigned prior to serving the maximum term may be eligible to stand for election for another maximum term after a one-year waiting period, during which the director may serve as an advisory director.

Nominees for Director

All Proxies will be voted FOR the election of the following twelve (12) nominees recommended by the Board of Directors for a term of one year, unless authority to vote for the election of directors (or for any particular nominee) is withheld. Except for Ms. Lata Krishnan, all of the nominees have served as directors of the Company since the last annual meeting of stockholders in April 2007. Ms. Krishnan was recommended to the Governance Committee as a potential director nominee by an employee of the Company and was appointed by the Board of Directors in February 2008. All incumbent directors are nominees for re-election to the Board.

If any of the nominees should unexpectedly decline or be unable to act as a director, the Proxies may be voted for a substitute nominee designated by the Board of Directors. As of the Record Date, the Board of Directors has no reason to believe that any nominee will become unavailable and has no present intention to nominate persons in addition to or in lieu of those listed below. Directors of the Company serve until the next annual meeting of stockholders and until their successors are elected and qualified, or until their earlier death, resignation or removal.

The names of and certain biographical information about each of the Company's nominees for director as of the Record Date are set forth below.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD

The Report of the Audit Committee of the Board shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended (the "Act"), or under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), except to the extent that the Company specifically incorporates the information contained in the report by reference, and shall not otherwise be deemed filed under such acts.

The Company's Audit Committee (the "Audit Committee") has prepared the following report for inclusion in this Proxy Statement. The Audit Committee is governed by a charter, which specifies, among other things, the scope of its responsibilities and how those responsibilities are performed. The Audit Committee members are independent as defined by Nasdaq, the listing standard applicable to the Company.

The Board of Directors has adopted a written charter for the Audit Committee, a copy of which is available on the Company's website at <http://www.svb.com>.

The primary responsibility of the Audit Committee is to act on behalf of the Board in fulfilling the Board's responsibility with respect to overseeing the Company's accounting and reporting practices and the quality and integrity of the Company's financial statements and reports, and to review the qualifications, independence, and performance of the certified public accountants engaged as the Company's independent auditors. Management has the primary responsibility for the financial statements and the reporting process. The Company's independent registered public accounting firm, KPMG LLP, is responsible for expressing an opinion on the conformity of the Company's audited financial statements with U.S. generally accepted accounting principles.

In this context, the Audit Committee has reviewed and discussed with management and the independent auditors the audited financial statements. The Audit Committee discussed with the independent auditors the matters required to be discussed by the Statement on Auditing Standards No. 114, *The Auditor's Communication with those Charged with Governance*, which supersedes Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended. In addition, the Audit Committee received from the independent auditors the written disclosures and letter required by Independence Standards Board Standard No.1, *Independence Discussions with Audit Committees*, and discussed with the independent auditors the auditors' independence from the Company and its management.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Company's Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2007, for filing with the SEC.

This report is included herein at the direction of the members of the Audit Committee.

Table of Contents**Proposal No. 2****RATIFICATION OF APPOINTMENT OF****INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM****The Board of Directors Recommends a Vote For the Ratification of the Appointment
of KPMG LLP as the Company's Independent Registered Public Accounting Firm**

The Audit Committee has appointed the firm of KPMG LLP to be the independent registered public accounting firm of the Company for the 2008 fiscal year. KPMG LLP has audited the Company's financial statements since November 1994. While neither the Company's bylaws nor other governing documents require stockholder ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm, the Board is, based on the recommendation of the Audit Committee, submitting the appointment of KPMG LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders do not ratify such selection by the affirmative vote of the holders of a majority of the Votes Cast, the Audit Committee may reconsider its selection.

Representatives from the firm of KPMG LLP will be present at the Annual Meeting of Stockholders and afforded the opportunity to make a statement if they desire to do so. They will also be available to respond to stockholders' questions.

PRINCIPAL AUDIT FEES AND SERVICES

The following table sets forth fees for services billed by or expected to be billed by KPMG LLP for the fiscal years 2007 and 2006:

| | 2007 | 2006 |
|------------------------|--------------|--------------|
| Audit fees | \$ 3,151,574 | \$ 3,526,583 |
| Audit-related fees (1) | 582,019 | 502,000 |
| Tax fees (2) | 283,000 | 137,000 |
| Total | \$ 4,016,593 | \$ 4,165,583 |

(1) Consists principally of fees billed or expected to be billed related to certain of the Company's subsidiaries' financial statements and business processes review.

(2) Represents fees for services provided in connection with the Company's tax compliance, tax advice and tax planning. In accordance with its charter, the Audit Committee must explicitly approve the engagement of the independent auditor for all audit and permissible non-audit related services, as required by law. The charter also provides that, to the extent permitted by applicable law, the Audit Committee may adopt pre-approval policies and procedures, as well as delegate authority to grant approvals to one or more members of the Audit Committee. During the fiscal years 2007 and 2006, all such services provided by KPMG LLP were approved or pre-approved by the Audit Committee. Additionally, all non-audit related services provided by KPMG LLP were reviewed with the Audit Committee, which concluded that the provision of such services did not compromise KPMG LLP's independence in the conduct of its auditing function.

COMPENSATION DISCUSSION AND ANALYSIS

The Company's Board of Directors, acting directly or through its Compensation Committee (or the Committee), determines the compensation of the Company's Chief Executive Officer, Chief Financial Officer and three other most highly compensated executive officers (the named executive officers or NEOs). The Compensation Committee is composed entirely of directors who are independent under the Nasdaq rules applicable to us. During 2007, the Compensation Committee had the following members: Ms. Michaela K. Rodeno (Chair), Messrs. Alex W. Hart, C. Richard Kramlich, and James R. Porter, and Ms. Kyung H. Yoon. During 2007, the Board of Directors did not reject or modify in any material way any action of or recommendation by the Compensation Committee.

As part of its decision-making process, the Compensation Committee has retained the firm Towers Perrin as its independent compensation consultant to serve in an advisory capacity, as well as a resource for compensation data. Their services to the Compensation Committee include support in the Committee's effort periodically to review and update, as appropriate, the Company's compensation philosophy; support in defining and selecting a relevant peer group for competitive analysis; analysis of NEO and director compensation levels; analysis of Company equity utilization; and periodic reports to the Committee on market compensation trends and developments. In addition, the Compensation Committee considers recommendations submitted by our Chief Executive Officer (for the NEOs, excluding himself) as well as data and analyses provided by the Company.

Our Chief Executive Officer attends some meetings of the Compensation Committee but does not participate in any deliberations relating to his own compensation. Our Chief Executive Officer has retained a compensation consultant from the firm Mercer Human Resource Consulting to assist him in formulating compensation recommendations for NEOs other than himself.

Executive Compensation Philosophy and Strategy

Our vision is to become the premier provider of innovative financial services to entrepreneurial companies of all sizes worldwide. At its core, our business focuses on providing commercial banking services to early and mid-stage technology and life sciences companies, to the venture capital and other private equity firms that serve them and to the premium wine industry. In recent years we have expanded our business to serve more comprehensively the needs of our core constituencies. We have augmented our commercial banking services with an array of products and services that are suited to the needs of our current clients and to later-stage technology and life sciences companies. We have expanded our private equity business, SVB Capital. We have established SVB Analytics to provide our clients with equity valuation and capitalization data management services. Finally, to address the reality that our clients exist in and will derive a substantial share of their future growth from the global marketplace, we have expanded our global activities. Together, these lines of business provide the basis for our current financial performance and the foundation for our future growth.

Our compensation philosophy for our named executive officers reflects this vision and strategy. It is designed to align compensation with business objectives and performance, to motivate our NEOs to enhance short-term and long-term business results, and to enable us to attract, retain and reward executive officers who contribute to our current financial performance and our long-term success.

During 2007 the Compensation Committee continued its evaluation of our compensation philosophy as part of a multi-year effort to ensure that our approach to executive pay appropriately reflect our business expansion, the diverse nature of our lines of business, and the relative complexity this business diversity reflects in an organization of our size. As a result of this review, the Committee recalibrated our approach to selecting peers for executive compensation benchmarking and placed relatively greater emphasis on prevalent market practices (as opposed to internal parity) in setting target pay levels and the elements of compensation for each NEO. The key principles of our compensation philosophy are:

Pay competitively. We believe that base salaries and target total compensation levels for our NEOs should be competitive relative to our peer organizations. We employ compensation data from various

Table of Contents

sources, including compensation surveys conducted by independent compensation consultants, and determine benchmark levels for each NEO individually. We typically target base salaries and target total compensation at market median, with individual pay varying above or below market median based on each individual executive's skills, experience, and demonstrated performance. We have provided more detail on the process the Company used in 2007 to benchmark executive compensation, as well as the Compensation Committee's strategic review of benchmarking peers, below under Executive Compensation Competitive Benchmarking.

Mix short-term and long-term compensation. We generally target a pay mix for the Chief Executive Officer in which 50% of total compensation is provided in the form of long-term incentives and the remaining 50% is provided as a combination of base pay and short-term incentives. For our other named executive officers, we generally target a pay mix in which 40% of total compensation is provided in the form of long-term incentives and the remaining 60% is provided as a combination of base pay and short-term incentives.

As part of the Compensation Committee's review of our executive compensation philosophy, during 2007 we adopted a position-specific approach to determining the target pay mix for each NEO, basing it primarily on the mix of pay that our data indicates is being provided by market competitors for each individual role. Our goal in adopting this approach was to better competitively calibrate each NEO's total compensation as well as the individual components of compensation (base salary, short-term incentives, and long-term incentives) which make up the total package.

Balance external market competitiveness with internal parity. In setting overall compensation levels for our NEOs, we seek to balance market competitiveness with a reasonable level of internal parity. While market competitiveness is our primary focus in evaluating executive pay, we recognize that external market data can never completely reflect the full extent to which each individual NEO demonstrates leadership, makes strategic decisions, and contributes to our business results through the execution of their responsibilities. We believe that balancing external competitiveness with a reasonable level of internal parity helps to promote a culture of peer equality among the executive team and recognize the skills and contributions that each executive brings to the organization.

Promote equity ownership among our NEOs. We believe that it is important that our NEOs have an equity ownership stake in the Company. Equity ownership helps to align the economic interests of stockholders and management. As such, equity grants are an important component of our NEO's compensation packages. (See Elements of Compensation Equity Incentive Plan below.) To encourage our NEOs to maintain equity ownership in the Company, the Governance Committee of the Board of Directors has established stock ownership guidelines for the CEO and each of the other NEOs. For further discussion of the guidelines, see Equity Ownership Guidelines for Executive Officers below.

Tie incentive compensation to Company performance. We believe that tying a significant portion of each NEO's compensation to Company performance appropriately rewards executives for achieving positive financial performance and other business objectives. We employ two primary incentive-based compensation structures. Under our Incentive Compensation Program, the Compensation Committee awards each NEO an annual discretionary cash bonus based upon the Company's achievement of budgeted pretax income, the Company's successful completion of predefined corporate initiatives, and the NEO's individual performance. The Compensation Committee makes stock option grants and performance-based restricted stock unit grants to each NEO through our 2006 Equity Incentive Plan. For further information regarding our incentive compensation plans, see Compensation for Named Executive Officers Incentive Compensation Plan and Compensation for Named Executive Officers Equity Incentive Plan below.

The Compensation Committee monitors total compensation on a quarterly basis, using executive compensation tally sheets that summarize each element of each NEO's total compensation, including

Table of Contents

outstanding equity incentive grants and the costs of any termination payments that would be triggered in the event of a change-in-control, position elimination or voluntary resignation. The Compensation Committee utilizes these tally sheets to evaluate changes in the individual components of each NEO's compensation levels over a five-year period, providing a concise historic reference as they consider future changes to NEO pay. The Compensation Committee also monitors each NEO's performance against our equity ownership guidelines on a quarterly basis, using executive equity ownership reports.

Executive Compensation Competitive Benchmarking

In establishing compensation targets at the beginning of 2007, the Compensation Committee relied upon benchmark data from a peer group of 20 peer companies that we have used to benchmark NEO compensation levels. We defined peer organizations as financial services companies that:

have a commercial lending (as opposed to consumer or retail lending) focus;

have comparable net income;

have comparable net interest income;

have a similar portfolio of available products and services; or

compete with us for executive talent.

Thirteen peer companies in our custom market analysis are similar to us in size and scope. These peers of similar size and scope were A.G. Edwards, Bank of Hawaii, City National Corp., Commerce Bancorp, Compass Bancshares, Cullen/Frost Bankers, Friedman Billings Ramsey Group, Greater Bay Bancorp, Harris Bank, Irwin Financial, Jefferies Group, Piper Jaffray Companies, and RBC Dain Rauscher. The remaining seven companies have a commercial lending focus and a similar portfolio of products and services, but are significantly larger in size. These firms were Bank of America Corp., Comerica, HSBC USA, SunTrust Banks, U.S. Bancorp, UnionBanCal Corp, and Wells Fargo. For these larger firms, the Company compared its compensation to that of a business unit level role rather than a corporate level role. For example, when benchmarking the pay of the Chief Financial Officer, the Company compared pay against chief financial officers in the 13 similarly-sized companies and against a business unit financial executive or controller in the seven larger companies. The Company obtained its custom peer group compensation data from the financial services industry executive compensation database from the firm Towers Perrin.

In certain cases, our custom study provided insufficient data to form the basis for meaningful conclusions. In these cases, we augmented the data using other published compensation surveys, including the Towers Perrin Financial Services Industry Executive Compensation Survey (for firms with assets of \$20 billion or less), the Radford Benchmark Survey (consisting predominantly of high technology firms), the McLagan Partners Investment Banking Survey and the McLagan Partners Private Equity/Venture Capital Survey. These compensation surveys provide data on prevailing market compensation rates for base salaries, short-term incentives, long-term incentives, and total compensation.

During the process of setting NEO compensation targets for 2007, the Compensation Committee recognized the need to further refine the Company's compensation philosophy to develop peer benchmarking criteria that vary by individual position and better reflect the scope of potential competitors for specific talent. For example, the Compensation Committee recognized that potential competitors for the President of SVB Capital may differ from the competitors for the Chief Financial Officer, and should be reflected in discrete approaches to selecting benchmarking peers for each role. In defining peers for each position, the Committee considered factors including potential peers' assets, revenues, number of employees, business model and complexity of the platform, scope of business, and the role played by each NEO relative to peers at comparable institutions.

Table of Contents

Elements of Compensation

We utilize a blend of short- and long-term compensation elements to provide our NEOs with market-competitive compensation while ensuring that a reasonable share of compensation remains at-risk and contingent upon our achievement of successful financial and business results. Specific elements of compensation we provide our NEOs include:

Base Salary

We provide base salaries in order to provide each NEO with a reasonable level of fixed short-term compensation, comparable to that individual's market peers. We target base salaries for our NEOs at market median, with individual base salaries varying above or below market median based on each individual executive's skills, experience and demonstrated performance. Base salary levels for our named executive officers are reviewed at least annually by the Compensation Committee and are adjusted as appropriate. The Committee normally increases base salaries annually. The Committee determines the amount of any adjustment primarily based upon market median base salary data for the position in question. In addition, the Committee considers the NEO's performance and other factors it considers relevant, including for example the scope of the NEO's responsibilities relative to peers and retention concerns, if any.

Incentive Compensation Plan (ICP)

Our NEOs participate in the Company's ICP, a short-term cash incentive plan that rewards performance against individual and company objectives. For each participant, we establish a target bonus, stated as a percentage of the individual's base salary.

Under the ICP, the Company accrues a bonus pool each year. During 2007, accruals were based upon the Company's achievement of budgeted pretax income, gross of ICP and sales compensation expenses. The graph below illustrates the relationship in the 2007 ICP between: (a) achieved pretax income as a percentage of budget; and (b) the percentage of the target incentive pool accrued.

Table of Contents

As the graph illustrates, the 2007 ICP provided for pool accruals at the 100% target level for performance equal to 100% of budgeted pretax income, for ICP pool accruals above the 100% level (up to a maximum of 200%) for performance above budget, and for ICP pool accruals below the 100% level (down to a minimum of 50%) for performance between 90% and 100% of budgeted pretax income.

At the close of the year, the Compensation Committee determines actual bonus awards for the NEOs based upon the individual's target bonus level, the Company's performance, and the individual NEO's performance. All ICP awards for NEOs are at the discretion of the Compensation Committee.

In determining 2007 ICP awards, the Committee considered the Company's very strong financial results, its successful performance in driving growth across its core business, and its execution on its identified strategic initiatives. With respect to its financial results, the Committee considered a variety of performance metrics, including the following:

The Company increased its consolidated net income by 38%, from \$89.4 million in 2006 to \$123.6 million in 2007.

The Company increased its net interest income by 8% from \$352.5 million in 2006 to \$380.9 million in 2007.

The Company maintained one of the strongest net interest margins in the banking industry of 7.29% for 2007, despite declining interest rates in the latter half of the year.

The Company increased average loans outstanding, net of unearned income, by 22%, from \$2.882 billion in 2006 to \$3.522 billion in 2007.

The Company maintained very strong credit quality. Gross loan chargeoffs for 2007 totaled \$19.4 million, or 0.46% of total gross loans.

The Company successfully launched two new deposit products. Together with strong deposit activity primarily from the Company's private equity clients, these new products enabled the Company to increase average deposits to \$4.21 billion for the fourth quarter of 2007 from \$3.83 billion for the fourth quarter of 2006.

The Company continued to diversify its income streams, increasing noninterest income by 57% from \$141.2 million in 2006 to \$221.4 million in 2007 (net of minority interests (including carried interest), we increased noninterest income by 40% from \$131.3 million in 2006 to \$183.4 million in 2007).

The Company dramatically slowed the growth in noninterest expense and met its commitment to stockholders to institute meaningful discipline around expense control and improve our operating leverage.

The Company improved its efficient use of capital, repurchasing nearly 3 million shares during 2007, making progress toward our long-term target goal of an 8.5% ratio of tangible common equity to tangible assets.

The Company continued to expand its family of funds and increase assets under management.

- ¹ The Compensation Committee retains the authority to exclude extraordinary items (positive or negative) from the calculation of pretax income as it determines appropriate. For 2007, the Compensation Committee excluded the impact of the non-cash SVB Alliant goodwill impairment charge and variations relating to our fixed-to-variable interest rate swap agreements. In 2006 the Compensation Committee made the decision to exclude the year-to-year impact of such long-term instruments from all future ICP calculations i.e., all gains and losses over the term of the swap agreement will be excluded. As a result, it avoids short term incentive swings upward or downward arising solely from the timing under which gains and losses are recognized for accounting purposes.

Table of Contents

The Company successfully wound down operations at its investment banking subsidiary, SVB Alliant. The Committee also considered the extent to which these results reflected performance that was better than, comparable to, or worse than the banking industry generally, including the peer organizations used by the Committee to define the compensation benchmarks. In particular, the Committee considered the fact that the Company achieved its 2007 results during a difficult year for the financial services industry as a whole.

More broadly, the Committee considered the Company's successful performance on its strategic initiatives. In 2007 management and the Board of Directors identified three broad strategic areas of emphasis supported by more detailed corporate initiatives. These broad areas of emphasis were:

Efficiency: reduce our core expense growth rate

Private Equity: broaden our focus beyond early-stage clients and the venture firms that fund them to also serve the needs of larger, more mature companies and the broader private equity industry

Globalization: developing specific market entry strategies for the countries we've targeted, and clarifying our overall strategic framework for approaching the global market

Finally, the Committee considered each NEO's individual performance, both generally and in terms of the individual's contributions to the Company's successful execution of the 2007 corporate initiatives. For Mr. Wilcox, the performance assessment was performed by the Governance Committee of the Board of Directors, in consultation with the full Board. For the other NEOs, the performance assessment was performed primarily by Mr. Wilcox. In addition to Mr. Wilcox's assessments, the Compensation Committee considered its members' direct observations and assessments of each NEO's performance. Specific bonus awards varied by NEO based upon the NEO's on-target bonus level and the NEO's performance, and are set forth in the Summary Compensation Table below.

Equity Incentive Plan

Each NEO is eligible to receive equity awards, including stock options, restricted stock units and/or restricted stock awards. The Company believes that equity-based awards—particularly in combination with the Company's equity ownership guidelines, discussed below—tie each of the NEOs' compensation to the Company's long-term financial performance and align the interests of the NEOs and our stockholders.

The Compensation Committee typically makes equity awards to each NEO at the time the individual is hired and on an annual basis thereafter. The size of each award reflects the overall number of shares available to the Company under its equity incentive plan, the Compensation Committee's determination of an appropriate annual equity burn rate (the percentage of total shares outstanding that the Company has issued during the year in the form of equity compensation), the NEO's role and performance, and the market compensation data for the NEO's external peers.

During 2007, the Compensation Committee awarded the NEOs stock options and performance-contingent restricted stock units as set forth in the table below entitled "2007 Named Executive Officer Performance-Contingent Equity Grant Structure." The Compensation Committee did not establish separate performance-based criteria for the stock options, as the value of an option is inherently tied to the future performance of the Company's Common Stock. The Compensation Committee established performance-based criteria for the restricted stock units, varying the size of the award based upon the Company's return on equity (ROE) performance relative to budget and conditioning the receipt of any award upon the Company achieving goals for achieving budgeted ROE and controlling noninterest expense growth.

The Committee deferred defining the performance criteria for the 2007 restricted stock units until after the Board completed its review of the Company's strategy in April of 2007. In order to preserve the deductibility of compensation costs for the restricted stock units, where possible, under Section 162(m) of the Internal Revenue Code, the Committee defined the performance measurement period for the NEOs performance-contingent

Table of Contents

restricted stock unit grant to correspond to the period between the quarter in which the targets were set and the end of the year. The use of an April 1 - December 31 performance period (rather than a January 1 - December 31 performance period) did not affect the size of the awards to the NEOs.

2007 Named Executive Officer Performance-Contingent Equity Grant Structure

| PERFORMANCE-CONTINGENT RESTRICTED STOCK UNIT METRICS AND SCHEDULE | Ken Wilcox | Greg Becker | Michael Descheneaux | Mark MacLennan | Marc Verissimo |
|---|--|--------------------|----------------------------|-----------------------|-----------------------|
| Metric 1. Achieve Target ROE | Restricted Stock Units Derived Under Metric 1 | | | | |
| No award - ROE less than 90% of target | 0 | 0 | 0 | 0 | 0 |
| Threshold - ROE of 90.0% to 99.99% of target | 4,250 | 2,350 | 1,825 | 1,000 | 1,200 |
| Target - ROE of 100% to 109.99% of target | 8,500 | 4,700 | 3,650 | 2,000 | 2,400 |
| Above Target - ROE of 110% of target or more | 12,750 | 7,050 | 5,475 | 3,000 | 3,600 |
| Metric 2. Expense management - Limit expense growth to 5% over 2006 expenses | The Compensation Committee will adjust awards achieved under Metric 1 by the following amounts: | | | | |
| Expense growth of more than 7.5% over 2006 | Award achieved under Metric 1 reduced by 50% | | | | |
| Expense growth of 6.0% to 7.5% over 2006 | Award achieved under Metric 1 reduced by 25% | | | | |
| Target - expense growth of 5.99% or less over 2006 | No adjustment to awards achieved under Metric 1 | | | | |

The Company continued making strong progress toward our long-term goal of increasing ROE, achieving actual ROE of 130.5% of target. In calculating ROE, consistent with the decision adopted in 2006, the Compensation Committee excluded the effect of our fixed-to-variable interest rate swap agreements described above under Elements of Compensation Incentive Compensation Plan (ICP).

In determining growth in noninterest expenses, the Compensation Committee excluded the costs of additional employee incentive compensation expenses over target earned as a result of exceeding our profitability targets and the impact of the SVB Alliant goodwill impairment. The Committee also adjusted the noninterest expense calculation to exclude the portion attributable to minority interests. As part of our funds management business, we recognize expenses from funds where we own significantly less than 100%, usually between five and ten percent; however, applicable accounting rules require us to consolidate these expenses in our financial statements. As a result of these exclusions, growth in our noninterest expenses, incorporating these adjustments, was below 5%.

Based on these results, this plan yielded the maximum awards possible under Metric 1, with no adjustments under Metric 2. Since our performance-contingent restricted stock program is based upon a measure determined entirely during the fiscal year, we have therefore already fully determined the likelihood of achieving the target performance and target awards for the 2007 program. The earned restricted stock units are subject to additional time-based vesting, and will fully vest on December 3, 2009, subject to continued service by the NEO through this date.

Retention Program (RP)

Each NEO is eligible to participate in the Company's Retention Program, a long-term incentive plan that allows executives and key members of senior management to share directly in the Company's investment success. This program serves the Company's retention goals by providing a long-term cash incentive funded by sources of income which are more highly variable, namely gains on investment funds and warrants. Its funding reflects the positive returns achieved through our venture capital and direct equity investment activities, as well as income realized from warrants obtained through our commercial lending activities.

Under the Retention Program, a separate plan is adopted and plan participants are designated for each fiscal year. The Compensation Committee determines individual NEO allocations in the RP, which give each NEO a

Table of Contents

stated percentage interest in the future returns on the designated investments in the pool. (The interests are not in the underlying investments themselves, but rather in future distributions or returns to the Company on such investments). Distributions received by the Company are paid to the participants over the term of the applicable plan, which is generally ten years.

For 2007, the Compensation Committee allocated a 10% interest in the Retention Plan to Mr. Wilcox and allocated a 5% interest to each of the other NEOs.

Compensation for Mark MacLennan

We have adopted certain compensation elements solely for Mr. MacLennan, President of SVB Capital, which reflect the typical pay practices utilized by private equity and venture capital firms for their comparable funds management leadership roles. Typical venture capital and private equity fund compensation practices feature a significant variable pay component, including both short-term and long-term incentives.

We provide Mr. MacLennan with short-term incentives through the ICP, as discussed above. Consistent with industry practice, we provide Mr. MacLennan with long-term incentives in the form of carried interest allocations. Carried interest is the portion of a venture capital or private equity fund's profits that the fund's managing entity receives as compensation from its limited partners. (For example, a fund may be entitled to retain 20% of the fund's profits, after all capital has been returned to limited partners.) Typically, funds allocate a meaningful portion of the total carried interest to key individuals managing the fund in order to motivate these individuals to maximize the fund's performance by giving them a personal stake in the success or failure of the fund.

During 2007, the Committee augmented Mr. MacLennan's total compensation in order to better reflect market practice and the growth of SVB Capital. In particular, the Committee:

increased Mr. MacLennan's base salary to \$325,000 (effective March 1, 2007);

increased Mr. MacLennan's target ICP level to 100% of base salary;

granted Mr. MacLennan a one-time bonus of \$100,000; and

granted Mr. MacLennan 2 carried interest points in the SVB Capital Partners II fund and 0.2 carried interest points in the Strategic Investors Fund III fund.²

Employee Retirement Benefits

Our NEOs are eligible to participate in our qualified retirement plan, the SVB Financial Group 401(k) and Employee Stock Ownership Plan, which is generally available to all of the Company's employees. The SVB Financial Group 401(k) and Employee Stock Ownership Plan is the only Company-funded retirement plan offered to executives.

Our employees, including our NEOs, may make voluntary 401(k) pre-tax deferrals up to the maximum provided for by Internal Revenue Service regulations. The Company provides dollar-for-dollar matching.

² Based on Mr. MacLennan's carried interest allocations, he will receive approximately 2% of net returns from the SVB Capital Partners II fund and approximately 0.2% of the net returns from the Strategic Investors Fund III, with payouts subject to plan vesting. Under the SVB Capital Carried Interest Long-Term Incentive Plan, Mr. MacLennan's carry allocation in the SVB Capital Partners II Fund the private equity funds will vest in equal increments over 6 years from fund inception. His carry allocation in the Strategic Investors Fund III will vest in equal increments over 5 years from fund inception.

³ Due to legal and taxation regulations, this benefit may not be available to all foreign-based employees.

Table of Contents

contributions up to a maximum of 5% of cash compensation or the Internal Revenue Section 401(a) compensation limit, whichever is less. Company 401(k) matching contributions vest immediately upon deposit into the individual's 401(k) account.

The plan also includes an Employee Stock Ownership Plan (ESOP), through which we make discretionary annual contributions ranging from 0% to 10% of eligible compensation under Internal Revenue Section 401(a). The Compensation Committee determines the amount of the ESOP contribution annually based upon the Company's achievement of budgeted pretax income. For performance equal to budgeted pretax income, the Company funds ESOP contributions at 5% of each eligible employee's calendar year W-2 compensation (up to the maximum allowable compensation under Internal Revenue Section 401(a)). For performance above budget, the Company funds increasing ESOP contributions, up to a maximum of 10%. For performance below budget, the Company funds decreasing ESOP contributions. The Plan establishes a minimum performance threshold below which no ESOP contribution is funded. All eligible employees receive an ESOP contribution regardless of whether or not they make deferrals in the 401(k) component of the Plan. ESOP contributions are determined in accordance with the Plan and are not adjusted to reflect individual performance. In 2007, ESOP contributions amounted to approximately 7% of eligible compensation. ESOP contributions vest in full after the individual has completed five years of service with the Company.

Deferred Compensation

We do not provide NEOs with any Company-funded deferred compensation benefits. However, in order to help them achieve their retirement objectives, we offer each NEO the opportunity to participate in our Deferred Compensation Plan (DCP). The DCP allows the executive to tax defer a portion of their income, beyond what is allowed to be deferred under IRS regulations in the Company's qualified retirement plan. Specifically, each individual may defer 5% to 25% of their base pay and 5% to 100% of eligible incentive bonuses during each plan year. The Deferred Compensation Plan is an unfunded plan, and participating executives bear the risk of forfeiture in the event that we cannot fund DCP liabilities. We do not match executive deferrals to the Plan, nor do we make any other contributions to the Plan. Further information regarding the DCP is set forth in Compensation for Named Executive Officers Non-Qualified Deferred Compensation below.

Health and Welfare Benefits

Our NEOs are eligible to participate in our standard health and welfare benefits program, which provides insured medical, dental, life, accident, and disability coverage to all of our eligible U.S.-based employees. We do not provide executives with any health and welfare benefits that are not generally available to other Company employees. We provide all eligible employees with a \$190 monthly credit to purchase coverage for themselves and their eligible dependents. Those employees who choose not to enroll in our health and welfare benefits program receive these credits in cash.

Executive Termination Benefits

Our NEOs are covered by our Change in Control Severance Plan and the SVB Financial Group Severance Benefit Policy, both of which provide severance benefits for covered terminations of employment as defined in the plans. In the event that an executive meets the eligibility criteria for both plans, we will offset the benefits that are payable so that the total benefits paid are not duplicative. Further information regarding these benefits is set forth in Compensation for Named Executive Officers Other Post-Employment Payments below.

Stock Option and Other Equity Grant Practices

Grant Practices for Executive Officers

The Compensation Committee approves all equity grants that are made to any executive officer of the Company, including the NEOs.

Table of Contents

Typically, the Compensation Committee approves annual equity compensation grants to executives in advance during the first or second quarters of the year, and grants are effective after the opening of the Company's next trading window as specified in our Insider Trading Policy. The exercise price for stock option grants is equal to the closing market price on the grant's effective date and grants typically have a vesting period of four years. All 2007 grants to our NEOs were made in accordance with this practice.

For newly-hired executives, the Compensation Committee approves any equity grant prior to the executive's start of employment, and the grant is effective on the executive's date of hire. The exercise price for stock option grants is equal to the closing market price on the grant's effective date.

Grant Practices for Other Employees

The Board of Directors has delegated authority to the Stock Committee to make equity grants to non-executive employees under the 2006 Equity Incentive Plan. The Stock Committee is a committee of two, comprised of our Chief Executive Officer and the Chair of our Board of Directors. The Stock Committee has the authority to make equity grants to non-executive employees (other than employees of any level reporting directly to the Chief Executive Officer).

The Stock Committee may make grants only within established individual employee and aggregate share limits and in accordance with established requirements regarding the term, vesting period, exercise price and other terms and conditions for the grant. In addition, all grants of stock options and stock appreciation rights made by the Stock Committee must be made (or become effective) on the first Monday of each month or, where the first Monday is a Company-observed U.S. holiday, on the first Tuesday of such month. The Stock Committee must approve all grants in writing on or before the date of grant, subject to the respective employee remaining an employee as of the date of grant. Finally, management must periodically update the Compensation Committee regarding all grants made by the Stock Committee and must periodically provide a certification that all grants during the reporting period were made in accordance with the limits and procedures. Any grant that does not meet the requirements established for the Stock Committee must be made by the Board of Directors or one of its authorized committees.

It is the Company's policy to disclose the value of executive equity grants in the Summary Compensation Table and other reports in accordance with the requirements of the Financial Accounting Standards Board Statement of Financial Accounting Standard No. 123 (revised 2004), *Share-Based Payment* (FAS 123R). Values reported in the Summary Compensation Table reflect the recognized compensation cost of awards, before reflecting assumed forfeitures, over the requisite service period. These amounts include compensation cost recognized in the 2007 financial statements with respect to awards granted during this fiscal year as well as awards granted in previous fiscal years.

Equity Ownership Guidelines for Executive Officers

In January 2004, the Board of Directors approved the adoption of stock ownership guidelines for the Company's executive officers, including the NEOs. The Compensation Committee updated these guidelines in 2006 to increase the ownership guideline for the Chief Executive Officer and to stratify the ownership guidelines for other executive officers into two tiers based on their total compensation levels.

These stock ownership guidelines reflect the Board's belief in the importance of aligning the economic interests of stockholders and management. Under the amended guidelines, the Board has recommended that the Chief Executive Officer own a minimum of 50,000 shares of the Company's Common Stock, that the Chief Financial Officer, Chief Operating Officer, and Chief Strategy Officer each own a minimum of 12,000 shares of the Company's Common Stock, and that all other executive officers each own a minimum of 9,500 shares of the Company's Common Stock. Each executive is given five years after assuming the stated role to reach the designated ownership level, and (subject to exceptions granted by the Compensation Committee due to personal

Table of Contents

financial reasons) must meet intermediate levels after one and three years. These intermediate levels are 12,500 and 30,000 shares, respectively, for the Chief Executive Officer; 3,000 and 8,000 shares, respectively, for the Chief Financial Officer, Chief Operating Officer, and Chief Strategy Officer, and 2,500 and 6,500, respectively, for the other executive officers.

The Compensation Committee reviews executive equity holdings on a quarterly basis. In evaluating whether executives are meeting the ownership guidelines, the Compensation Committee considers the following as shares owned: (1) shares privately held, (2) shares owned through investment in the Company's stock fund in the SVB Financial Group 401(k) and Employee Stock Ownership Plan, and (3) unvested restricted stock. The Compensation Committee does not consider vested or unvested stock options to be shares owned for purposes of evaluating adherence to the ownership guidelines.

As of December 31, 2007, each NEO met the applicable ownership guideline.

(1) We have reflected values for the Company's ICP bonus program under the Bonus column because the ICP program provides for the Compensation Committee's discretion to make final determinations on individual bonuses. We therefore have classified these payments as part of a discretionary bonus plan which should appear as a Bonus (as opposed to Non-Equity Incentive Plan Compensation).

(2) Values indicated for stock awards and stock option awards reflect the recognized FAS123R compensation expense, before reflecting assumed forfeitures, during the fiscal year for all stock or stock option awards.

(1) For the performance-contingent restricted stock grants to the NEOs made in 2007, the performance achievement was determined at fiscal year end based upon the performance criteria described under the section of the Compensation Discussion and Analysis entitled "Equity Incentive Plan". Since the achievement under this performance-contingent restricted stock grant was determined at fiscal year end, there are no estimated future payouts to be disclosed in the table above. Please refer to our discussion under "Equity Incentive Plan" which incorporates a tabular description of our performance-based equity compensation structure for 2007, including threshold and maximum awards. Awards will vest on December 3, 2009.

(2) The restricted stock unit grant was structured to be entirely contingent upon the Company achieving at least 90% of its targeted Return on Equity (ROE) for the second quarter through the fourth quarter of 2007 and the Company controlling 2007 noninterest expense growth. The number of restricted stock units actually granted to each NEO was scaled based on the percentage of actual ROE and expense growth achieved against target. This amount reflects the restricted stock units actually earned under this performance-based structure. The earned performance-contingent restricted stock units are also subject to additional time-based vesting, and will fully vest on December 3, 2009, subject to continued employment through that date.

The Company did not re-price or modify any outstanding option or other equity-based award during 2007.

Each stock option grant vests in equal annual installments over a four year period. Vesting for the restricted stock units is as set forth in footnote (1) of the Grant of Plan-Based Awards table.

Pension Benefits

The Company does not maintain any defined benefit pension plans. As a result, none of the named executive officers has any accumulated benefits under any Company defined benefit pension plan.

Table of Contents

Non-Qualified Deferred Compensation

The following table sets forth information about executive contributions to, earnings from, and distributions of non-qualified deferred compensation under the Company's Deferred Compensation Plan. The Company does not maintain any other nonqualified deferred compensation program for its named executive officers.

Under the Company's Deferred Compensation Plan, each of the NEOs may defer 5% to 25% of their base pay and 5% to 100% of eligible incentive bonuses during each plan year. Deferred amounts appear in the Summary Compensation Table, above, in the columns Salary and/or Bonus, as applicable.

We establish and maintain a bookkeeping account for each participant, which reflects the deferrals made by the executive along with any earnings, expenses, gains and losses credited thereto. The amount in a participant's bookkeeping account is adjusted for hypothetical investment earnings or losses in an amount equivalent to the gains or losses reported by the investment options selected by the participant (or their beneficiary) from among the investment options designated for this purpose by the Company. A participant may, in accordance with rules

Table of Contents

and procedures we establish, change their designated investment options for existing or new deferrals. Distributions or withdrawals from the plan will be made in full compliance with the requirements of Internal Revenue Code Section 409A. The amount shown in the column Aggregate Earnings in Last FY reflects the hypothetical investment earnings and/or losses on the NEO's designated investment options.

The Company does not match executive deferrals to the Deferred Compensation Plan or make any other contributions to the plan.

(1) Deferred Compensation Plan contributions for Jack Jenkins-Stark during fiscal year 2007 included: (a) deferral of \$26,376 in 2007 base salary; (b) deferral of \$110,000 from his 2006 bonus paid in February 2007; and (c) deferral of \$39,898 from his 2006 RP payout paid in February 2007.

(2) Greg Becker made no additional Deferred Compensation Plan contributions during fiscal year 2007.

Other Post-Employment Payments

Our NEOs are covered by our Change in Control Severance Plan and the SVB Financial Group Severance Benefit Policy, both of which provide severance benefits for covered terminations of employment as defined in the plans.

Change in Control Severance Plan

Our Change in Control Severance Plan, adopted in 2006, provides a specified severance benefit to our executive officers in the event their employment is involuntarily terminated (or they resign from such employment for a good reason, as defined by the plan) following a change in control of the Company. The Company adopted this plan in order to ensure that its executives did not have a disincentive to consider and, where determined by the Board or stockholders, as appropriate, to be in the Company's best interests, to act diligently to promote a change in the control of the Company. The Change in Control Severance Plan superseded a broader change in control policy that the Company had adopted in August 2000.

The plan provides for a cash severance payment equal to 300% of base salary and target ICP bonus for the Chief Executive Officer, 200% of base salary and target ICP bonus for the Chief Financial Officer, Chief Operating Officer and Chief Strategy Officer, and 100% of base salary and target ICP bonus for the other executive officers. In addition, it provides for up to 12 months of Company-paid COBRA medical, dental and vision coverage, full vesting of Company contributions to tax-qualified retirement plans, certain outplacement services and, if the total change-in-control benefits to an individual executive exceed the Internal Revenue Code Section 280G limit by more than 10%, a tax gross-up to cover that executive's excise taxes. (If the total change-in-control benefits to an individual executive do not exceed the Internal Revenue Code Section 280G limit by more than 10%, the Company will cut back the benefits to that executive to the reduced amount necessary so that no excise tax is triggered.) (Further details regarding Plan benefits are set forth in the Plan,

Table of Contents

which we filed with the SEC on November 9, 2007 as Exhibit 10.27 of our Quarterly Report on Form 10-Q for the quarter ended September 30, 2007.)

In addition to the benefits provided under the Change in Control Severance Plan, the Company's 1997 Equity Incentive Plan and 2006 Equity Incentive Plan provide for full vesting of outstanding awards in the event of a change in control of the Company, as defined in those plans, in the event that a successor corporation does not assume or substitute an equivalent option or right for the SVB Financial Group equity award.

The circumstances that constitute a Change in Control are set forth in the Change in Control Severance Plan. Generally speaking, a Change in Control includes a merger or consolidation, other than a merger or consolidation in which the owners of the Company's voting securities own fifty percent (50%) or more of the voting securities of the surviving entity; a liquidation or dissolution or the closing of the sale or other disposition of all or substantially all of the Company's assets; an acquisition by any person, directly or indirectly, of 50% or more of the Company's voting securities; and an acquisition by any person, directly or indirectly, of 25% or more of the Company's voting securities and, within twelve (12) months of the occurrence of such event, a change in the composition of the Board occurs as a result of which sixty percent (60%) or fewer of the directors are incumbent directors.

The Change in Control Severance Plan includes a number of restrictive covenants that govern the executives' rights to receive benefits under the Plan. Specifically, unless the Company provides otherwise in writing, the executive must not directly or indirectly engage in, have any ownership in or participate in the financing, operation, management or control of any person, firm, corporation or business that competes with the Company or its affiliates, or any customer of the Company or its affiliates, for 18 months with respect to the Chief Executive Officer, 12 months for the Chief Financial Officer, Chief Operating Officer and Chief Strategy Officer, and six months for other covered executives. In addition, unless the Company provides otherwise in writing, the executive may not directly or indirectly solicit, recruit or otherwise hire or attempt to hire any employee of the Company or cause any such person to leave his or her employment during the periods described in the previous sentence. Finally, the executive must execute a general release of claims in favor of the Company covering all claims arising out of the executive's involuntary termination of employment (as defined in the Change in Control Severance Plan) and employment with the Company and its affiliates.

Any benefits payable to an executive under this Plan are reduced by any severance benefits we pay to that executive under any other policy, plan, program, or arrangement, including our Group Severance Benefit Policy.

SVB Financial Group Severance Benefit Policy

The Company's Severance Benefit Policy provides severance pay and benefits to eligible employees who are involuntarily terminated from employment due to staff reduction, position elimination, closure of a business unit, organization restructuring, or such other circumstances as the Company deems appropriate for the payment of severance benefits. The policy is intended to promote the Company's ability to modify its workforce and structure while providing a reasonable level of certainty and job security to its employees. The policy covers all regular full-time or regular part-time employees, including the named executive officers.

The policy provides for a cash severance payment based on level of job. For NEOs, this benefit is equal to 6 weeks' pay per year of service, with a minimum benefit of 6 months' pay and a maximum benefit of 1 year's pay. In addition, under the policy the Company continues to make co-payments for COBRA medical, dental, and vision coverage during the severance pay period and pays for certain designated outplacement services provided by a Company-selected external vendor. Any benefits payable to an executive under this Policy are reduced by any severance benefits we pay to that executive under any other policy, plan, program, or arrangement, including our Change in Control Severance Plan.

Table of Contents

The following tables summarize the payments which would be payable to our NEOs in the event of various termination scenarios, including voluntary resignation, involuntary termination for cause, involuntary termination (not for cause), involuntary termination after a change-in-control, death, and disability.

The Compensation Committee establishes the compensation arrangement for directors, using a combination of annual retainer fees, meeting fees and annual equity awards. In prior years, the Company allowed its directors to participate in the Company's Retention Program. Certain long-term directors continue to receive benefits under that Program, as described below.

The new annual term for directors began on April 26, 2007, following election by stockholders on April 26, 2007. In 2007, the Compensation Committee reviewed a competitive market study of director compensation prepared by the Compensation Committee's independent consultant. The competitive market study concluded that increases to the annual cash retainer for all directors and increases to some Committee members fees were appropriate. The Compensation Committee approved these increases which became effective on April 26, 2007.

Table of Contents

In addition to the fee structure outlined below, the Compensation Committee also adopted a change in its equity grants for nonemployee directors, targeting a specific value of equity award to directors (\$200,000 for the Chairperson of the Board; \$100,000 for all other nonemployee directors), rather than a fixed number of shares.

In October 2007 the Compensation Committee approved a voluntary deferral arrangement and form of agreement under the 2006 Equity Incentive Plan, which allows nonemployee directors to elect an irrevocable deferral of the receipt of restricted stock unit awards until: (a) a specific future settlement date that meets the requirements of Internal Revenue Code 409A, (b) separation from service, (c) the date of a Change in Control, (d) death, or (e) date of disability. Elections will apply to restricted stock unit awards received during 2008. Mr. Hardymon and Ms. Yoon elected to defer the receipt of their 2008 equity grants.

The elements of compensation paid to each director during the year ended December 31, 2007 are as follows:

Fees. Each of the Company's non-employee directors received:

An annual retainer fee of \$35,000; and

A per-meeting fee of \$1,000 for each Board meeting attended in person and a per-meeting fee of \$500 for each Board meeting held entirely by telephone. (The meeting fee for the multi-day strategy session was \$2,000.)

In addition to the above:

The chairperson of the Board of Directors received an additional annual fee of \$90,000.

The chairperson of the Audit Committee received an additional annual fee of \$15,000, and the chairpersons of each of the Compensation Committee, Directors' Loan Committee, Finance Committee and Governance Committee received an additional annual fee of \$10,000.

Each member of the Audit Committee received a fee of \$2,500 for each Audit Committee meeting attended in person, \$1,250 for each Audit Committee meeting held entirely by telephone.

For members of all other committees, for meetings held prior to April 26, 2007, each committee member received a fee of \$1,250 for each committee meeting attended in person, and \$625 for each committee meeting held entirely by telephone. For meetings held April 26, 2007 and later, each committee member received a fee of \$1,500 for each committee meeting attended in person, and \$750 for each committee meeting held entirely by telephone.

The members of the Board of Directors are also eligible for reimbursement for their reasonable expenses incurred in connection with attendance at meetings in accordance with Company policy.

Restricted Stock. During fiscal year 2007, the Company granted 3,826 shares of restricted Company stock to the Chairman of the Board and 1,913 restricted shares to each of the other non-employee directors elected at the annual stockholders meeting (Messrs. Benhamou, Clapper, Dunbar, Friedman, Hardymon, Kramlich, Porter, and Ms. Rodeno and Ms. Yoon). The shares were granted on May 14, 2007 and will vest in full on April 23, 2008.

Retention Program. In prior years, certain directors participated in the Company's Retention Program, under which they received distributions for 2007. Messrs. Hardymon and Hart and Ms. Rodeno were participants in the 2002 plan and each received in February 2008 a distribution of \$1,740. Mr. Porter was a participant in the 2000, 2001 and 2002 plans and received a distribution of \$6,577 in February 2008. No directors participate in any plan years subsequent to 2002.

During 2007, the Company paid a total of \$1,851,241 in compensation to its non-employee directors.

Director Equity Ownership Guidelines. During 2007, the Governance Committee of the Board of Directors adopted equity ownership guidelines for the Company's non-employee directors, which were designed to reflect equity ownership equivalent to three times the annual retainers paid to directors.

Under these guidelines, the Governance Committee has recommended that, within five years of assuming the role, the Chairperson of the Board own a minimum of 7,150 shares of the Company's Common Stock, and that other non-employee directors each own a minimum of 2,000 shares of the Company's Common Stock. As of December 31, 2007, all directors met the guidelines, by ownership of the requisite number of shares or having served less than five years on the Board of Directors.

Compensation Committee Interlocks and Insider Participation

During 2007, the Compensation Committee performed all compensation functions of the Board of Directors, including administration of the Company's stock-based employee benefit plans. (See discussion above under "Board Committees and Meeting Attendance" for additional information on the Compensation Committee.) As noted above, the Compensation Committee is currently chaired by Ms. Rodeno, with Messrs. Hart, Kramlich and Porter and Ms. Yoon serving as members. None of the aforementioned persons has ever been an officer or employee of the Company. Mr. Wilcox does not participate in any Compensation Committee discussions related to his performance or compensation. See descriptions of related transactions between the Company and each of members of the Compensation Committee, if any, under "Certain Relationships and Related Transactions" below.

None of the Company's executive officers serves, or in the past fiscal year has served, as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving on the Company's Board of Directors or the Compensation Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions Policy

The Company currently has in place a written policy on related party transactions (Related Party Policy), which governs the transactions involving the Company and certain related persons that are required to be disclosed under Item 404 of the SEC's Regulation S-K (S-K 404). Under the Related Party Policy, any transaction, arrangement or relationship in which:

the Company is a participant;

the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year; and

a related person has or will have a direct or indirect material interest, will be considered an interested transaction and required to be approved by the Audit Committee of the Board of Directors. Transactions not required to be disclosed under S-K 404 are excluded from this policy. Any of the following persons is considered a related person under the Related Party Policy:

Any director or executive officer of the Company;

Any nominee for director of the Company;

Any holder of more than 5% of the Company's Common Stock; and

Any immediate family member of any of the above.

Management of the Company has primary responsibility for identifying such related party transactions, which may include, from time to time, loan transactions by the Company or the Bank, investments through SVB Capital, and other business transactions involving our subsidiaries, such as SVB Analytics or SVB Global. The Audit Committee has responsibility for reviewing these transactions for potential conflicts of interests and approving them (or denying approval, as the case may be). Under the Related Party Policy, the Audit Committee's approval may be granted in advance, as a ratification or based on certain standing approvals previously authorized by resolution. The Audit Committee may delegate its approval authority under the Related Party Policy to the committee chairperson.

Insider Loan Policy

The Bank has in place a policy, as approved by the Directors' Loan Committee, which permits the Bank to make loans to directors, executive officers and principal stockholders (Insiders) and the related interests of those Insiders (Insider Loans). The Insider Loan policy is designed to comply with Regulation O of the Federal Reserve Act. Insider Loans qualify for an exemption from Section 402 of the Sarbanes-Oxley Act of 2002 as they are made by the Bank and subject to the insider lending restrictions of Section 22(h) of the Federal Reserve Act.

Pursuant to Regulation O, the Insider Loan policy authorizes the Bank to make Insider Loans if such Insider Loans: (a) are approved in advance by a majority of the Board of Directors of the Bank; (b) are extended under the same terms and conditions and rates as those prevailing at the time of the Insider Loan for comparable transactions with other Bank clients; and (c) do not have more than a normal risk of failure of repayment to the Bank or other unfavorable features. The Insider whose credit extension is subject to Board approval must not participate either directly or indirectly in the voting to approve such extension of credit. Prior approval of the Board of Directors of the Bank is not required for an extension of credit made pursuant to a line of credit that was approved by the Board of Directors within 14 months of the date of the extension so long as the aggregate amount of all outstanding extensions of credit to the Insider does not exceed \$500,000.

Edgar Filing: SVB FINANCIAL GROUP - Form DEF 14A

The Insider Loan policy also limits the aggregate amount of all loans to any Insider and his or her related interests. The Insider Loan policy also prohibits the Bank from paying an overdraft on a personal bank account of

an Insider except if the overdraft is inadvertent, the aggregated amount of all overdrafts to the Insider at any time is \$1,000 or less and the overdraft is outstanding for less than five business days.

Loan Transactions

During 2007, the Bank made loans to related parties, including certain companies in which certain of our directors or their affiliated venture funds are beneficial owners of ten percent or more of the equity securities of such companies. Such loans: (a) were made in the ordinary course of business, (b) were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and (c) did not involve more than the normal risk of collectibility or present other unfavorable features.

Fund Investments*Managed Funds*

In 2000, we formed two venture investment funds: SVB Strategic Investors Fund, LP (SIF I) and Silicon Valley BancVentures, LP (SVBV). SIF I is a \$121.8 million fund that primarily invests in private equity funds and SVBV is a \$56.1 million direct equity investment fund that invests in privately-held companies. Both funds are managed by their respective general partners, which are wholly-owned subsidiaries of SVB Financial and hold a minority interest in the respective funds. Certain of our directors have also invested in the funds and hold a minority interest: Messrs. Hardymon (through his family limited partnership) (\$0.9 million) and Porter (\$0.5 million) are limited partners of SIF I, and Messrs. Hardymon (through his family limited partnership) (\$1.5 million) and Kramlich (\$1.0 million) are limited partners of SVBV. H.A. Schupf, a principal stockholder in 2007, is also a limited partner in SVBV (\$0.5 million).

In 2004, we created SVB Strategic Investors Fund II, LP (SIF II). SIF II is a \$175.0 million fund-of-funds that invests primarily in private equity funds. SIF II is managed by its general partner, which is a wholly-owned subsidiary of SVB Financial and holds a minority interest in the fund. Certain of our directors have invested in SIF II and hold a minority interest as a limited partner: Messrs. Hardymon (through his family limited partnership) (\$1.0 million) and Porter (\$0.1 million).

In 2006, we created SVB India Capital Partners I, LP (SICP), a \$53.9 million direct equity investment fund that invests in privately-held companies in India. SICP is managed by its general partner, which is a wholly-owned subsidiary of SVB Financial and holds a minority interest in the fund. Certain of our directors have invested in SICP and hold a minority interest as a limited partner: Messrs. Benhamou (through Benhamou Global Ventures) (\$0.3 million), Friedman (through his family trust) (\$0.1 million), and Porter (\$0.2 million) and Mmes. Krishnan (through her family trust) (\$0.3 million) and Rodeno (\$0.3 million). Mr. Schupf is also a limited partner in SICP (\$0.5 million).

In 2007, we created SVB Capital Partners II, LP (SCPII), a \$90.1 million fund that invests in privately-held companies. SCPII is managed by its general partner, a wholly-owned subsidiary of SVB Financial, which holds a minority interest in the fund. One of our directors has invested in SCPII and holds a minority interest as a limited partner: Mr. Hardymon (through his family limited partnership) (\$0.5 million).

Sponsored Funds

In 2003, Gold Hill Venture Lending 03, LP, a venture debt fund, and certain affiliated funds (the Gold Hill Funds) were created. The total size of the Gold Hill Funds is approximately \$214.1 million. We have a majority interest in the general partner of the Gold Hill Funds, in addition to being a limited partner in one of the Gold Hill Funds. Our combined commitment total in the general partner and the Gold Hill Funds is \$20.0 million. Certain of our directors are also limited partners of the Gold Hill Funds and hold a minority interest: Mr. Hardymon (through his family limited partnership) (\$2.5 million) and Ms. Rodeno (\$0.2 million).

Table of Contents

In 2005, Partners for Growth II, LP, a special situation debt fund (PFG II), was created. The total size of PFG II is approximately \$62.0 million. The general partner of PFG II is not owned or controlled by us. Certain of our directors are also limited partners in PFG II and hold a minority interest: Mr. Hardymon (\$1.0 million) and Ms. Rodeno (\$0.3 million).

Employee Funds

In 2000, we created SVB Qualified Investors Fund, LLC (QIF), a \$7.6 million investment fund for employees that met certain eligibility requirements. To be eligible to participate in QIF, an employee must be of a certain grade level and must be an accredited investor, as such term is defined by the SEC. QIF was initially capitalized by commitments and contributions from certain eligible employees including our senior management. All employee participants are required to invest in this fund with their own money, but we manage the fund and pay all administrative costs associated with the fund. QIF's principal purpose is to invest in a select number of private equity funds managed primarily by us or our affiliates. In 2007, the following individuals were executive officers who participated in QIF, each with individual commitment amounts ranging between \$0.1 million and \$0.5 million: Messrs. Wilcox, Becker, Jack Jenkins-Stark (former Chief Financial Officer), Kellogg, and Verissimo. QIF is also a limited partner of, and holds a minority interest in, each of SIF I (\$2.7 million), SIF II (\$2.1 million) and SVBV (\$2.0 million).

In 2005, we formed SVB Qualified Investors Fund II, LLC (QIF II), a \$5.1 million investment fund for employees that met certain eligibility requirements similar to those of QIF. All employee participants are required to invest in this fund with their own money, but we manage the fund and pay all administrative costs associated with the fund. QIF II's principal purpose is to invest in a select number of private equity funds managed primarily by us or our affiliates. In 2007, the following individuals were executive officers who participated in QIF II, each with individual commitment amounts ranging between \$0.05 million and \$0.3 million: Messrs. Wilcox, Becker, Jack Jenkins-Stark (former Chief Financial Officer), Kellogg and Verissimo, and Mmes. Dent and Lynda Ward-Pierce (former Head of Human Resources). QIF II is also a limited partner of, and holds a minority interest in, each of SIF II (\$0.4 million), SCPII (\$0.75 million), SICP (\$0.5 million), and SVB Strategic Investors Fund III, L.P. (SIF III) (\$1.0 million). SIF III is a \$255.5 million fund-of-funds that invests primarily in private equity funds. SIF III is managed by its general partner, which is a wholly-owned subsidiary of SVB Financial and holds a minority interest in the fund.

Other Transactions

In May 2007, SVB Business Partners (Shanghai) Co., Ltd., a wholly-owned subsidiary of SVB Financial (SVB Shanghai), amended its agreement with New Enterprise Associates (Beijing), Ltd. (NEA Beijing), under which SVB Shanghai provides business consulting services, to increase its annual services fees to \$87,000. The original agreement was entered into in October 2006 for a three year term. NEA Beijing is a wholly-owned subsidiary of NEA Management Company, LLC, a company in which Richard Kramlich, a director of SVB Financial, has an ownership interest.

STOCKHOLDER PROPOSALS AND DIRECTOR NOMINATIONS

You may submit proposals, including director nominations, for consideration at future stockholder meetings.

Stockholder Proposals

For a stockholder proposal to be considered for inclusion in the Company's Proxy Statement for the annual meeting next year, the written proposal must be received by the our Corporate Secretary at our principal executive offices no later than November 24, 2008. If the date of next year's annual meeting is moved more than 30 days before or after the anniversary date of this year's annual meeting, the deadline for inclusion of proposals in the Company's Proxy Statement is instead a reasonable time before SVB Financial Group begins to print and mail its Proxy materials. Such proposals also will need to comply with the SEC regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in Company-sponsored proxy materials. Proposals should be addressed to:

Corporate Secretary

SVB Financial Group

3005 Tasman Drive

Santa Clara, California 95054

Fax: (408) 496-2545

For a stockholder proposal that is not intended to be included in the Company's Proxy Statement under Rule 14a-8, the stockholder must deliver a Proxy Statement and form of Proxy to holders of a sufficient number of shares of our Common Stock to approve that proposal, provide the information required by our bylaws and give timely notice to the our Corporate Secretary in accordance with our bylaws. In general, our bylaws require that the notice be received by our Corporate Secretary:

Not earlier than the close of business on December 26, 2008, and

Not later than the close of business on January 24, 2009.

However, if the date of the stockholder meeting is moved more than 30 days before or 60 days after the first anniversary of the Company's annual meeting for the prior year, then notice of a stockholder proposal that is not intended to be included in the Company's Proxy Statement under Rule 14a-8 must be received no earlier than the close of business 120 days prior to the meeting and no later than the close of business on the later of the following two dates:

90 days prior to the meeting; and

10 days after public announcement of the meeting date.

Nomination of Director Candidates

You may propose director candidates for consideration by the Board's Governance Committee. Any such recommendations should include the nominee's name and qualifications for Board membership and should be directed to our Corporate Secretary at the address of our principal executive offices set forth above. In addition, our bylaws permit stockholders to nominate directors for election at an annual stockholder meeting. To nominate a director, the stockholder must deliver a Proxy Statement and form of Proxy to holders of a sufficient number of shares of our Common Stock to elect such nominee and provide the information required by our bylaws, as well as a statement by the nominee acknowledging that he or she will owe a fiduciary obligation to the Company and its stockholders. In addition, the stockholder must give timely notice to our Corporate Secretary in accordance with our bylaws, which, in general, require that the notice be received by our Corporate

Secretary within the time period described above under Stockholder Proposals.
