**Item 5.02(e). Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

The Board of Directors of Calgon Carbon Corporation (the Company) has adopted and the shareholders of the Company have approved the adoption of a 2008 Equity Incentive Plan (the Plan). The Plan provides for grants of equity securities to employees of and service providers to the Company and its subsidiaries, and to non-employee directors. The Plan has a term through March 25, 2018 and has a maximum number of shares available for grants or awards of 2,000,000 shares. The Plan provides for the grant of incentive stock options under Section 422 of the Internal Revenue Code, the grant of non-statutory stock options, the grant of stock appreciation rights, either granted in conjunction with stock options or not conjunction with options, and the grant of restricted share awards, restricted stock units, performance units and other stock based awards.

The maximum number of shares as to which awards (other than performance units or other stock based awards) may be made under the Plan to any one employee in any one calendar year is 500,000 shares.

The option price for each stock option may not be less than 100% of the fair market value of the Company's common stock on the date of the grant of the stock option. The Plan prohibits repricing of stock options or stock appreciation rights without shareholder approval. The Plan has minimum vesting requirements on awards of restricted share and share units and other stock based awards such that time-based awards must have at least three year vesting periods with no more frequent than ratable vesting over that period and performance-based awards must have performance measurement periods of at least one year, subject to certain exceptions. For performance-based awards, the Compensation Committee of the Company may establish performance goals in connection with such awards based on one or more of the performance criteria set forth in the Plan.

The Plan provides for acceleration of the exercisability and extension of the expiration date of stock options and stock appreciation rights and for the lapse of restrictions on restricted share and unit awards in the event of certain change of control of events as described in the Plan.

As of the date hereof, no awards to management have been made under the Plan.

The foregoing summarizes the principal features of the Plan and is qualified in its entirety by the full text of the Plan, which is set forth at Exhibit 10.1 to this Form 8-K. Reference is also made to Proposal 2 to the Company's Proxy Statement dated April 3, 2008 with respect to the approval of the adoption of the Plan for further information about the Plan.
