This financial summary report and the accompanying financial highlights contain forward-looking statements regarding estimations, forecasts, targets and plans in relation to the results of operations, financial conditions and other overall management of the company and/or the group as a whole (the forward-looking statements). The forward-looking statements are made based upon, among other things, the company's current estimations, perceptions and evaluations. In addition, in order for the company to adopt such estimations, forecasts, targets and plans regarding future events, certain assumptions have been made. Accordingly, the statements and assumptions are inherently not guarantees of future performance and may result in inaccuracy from an objective point of view and in material differences from the actual result. For the main matters that may be currently forecast, please see Result of Operations and Financial Condition on page 4, the Annual Securities Report, Disclosure Book, Annual Report, and other current disclosures that the company has announced.

The financial information included in this financial summary report is prepared and presented in accordance with accounting principles generally accepted in Japan (Japanese GAAP).

Edgar Filing: MITSUBISHI UFJ FINANCIAL GROUP INC - Form 6-K

Differences exist between Japanese GAAP and the accounting principles generally accepted in the United States (U.S. GAAP) in certain material respects. Such differences have resulted in the past, and is expect to continue to result for this period and future periods, in amounts for certain financial statement line items under U.S. GAAP to differ significantly from the amounts under Japanese GAAP. For example, differences in consolidation basis or accounting for business combinations, including but not limited to amortization and impairment of goodwill, could result in significant differences in our reported financial results between Japanese GAAP and U.S. GAAP. Readers should consult their own professional advisors for an understanding of the differences between Japanese GAAP and U.S. GAAP and how those differences might affect our reported financial results. We will publish our U.S. GAAP financial results in a separate disclosure document when such information becomes available.

1. Result of Operations and Financial Condition

(1) Result of operations

With respect to the economic and financial environment for the fiscal year ended March 31, 2008, uncertainty about the outlook for overseas economy, especially the United States economy, rapidly increased. The U.S. economy has further decelerated since the beginning of this year due to a turmoil in the financial markets triggered by the collapse of the housing bubble and the subprime crisis, while European economy has shown clear signs of slowdown. In contrast, economies of the emerging countries such as Chinese economy sustained high growth. In the meanwhile, the Japanese economy showed a moderate slowdown underpinned by its continuous strong exports to emerging countries. However, private consumption grew at a sluggish pace due to weakness of wage growth. Towards the end of the fiscal year, business confidence rapidly worsened and uncertainty about corporate performance downturn increased because of a slowdown of overseas economy as well as a steep rise of raw materials and fuel prices. The rate of increase in consumer price index was accelerated towards the end of the fiscal year mainly due to the soaring oil prices.

Looking at the financial environment, the U.S. federal funds target rate has been lowered by 3.0 percent to 2.25 percent in total since last fall in response to the subprime crisis, and on the other hand, the European Central Bank kept its key interest rate unchanged at 4.0 percent due to the strong concern about inflation in Europe. The Bank of Japan also kept its uncollateralized overnight call rate target unchanged at 0.5 percent. Although Long-term interest rates rose last summer, they have been in a downward trend with some fluctuations. In the foreign exchange market, the yen rapidly appreciated against the dollar reflecting concerns over the slowdown of the U.S. economy and expectations for interest rate cuts caused by the subprime crisis.

Under such business environment, Consolidated ordinary profits for the fiscal year ended March 31, 2008 decreased by ¥428.0 billion from the previous fiscal year to ¥1,029.0 billion. Consolidated net income for the fiscal year ended March 31, 2008 decreased by ¥244.3 billion from the previous fiscal year to ¥636.6 billion.

Consolidated ordinary profits by business segment consist of ¥781.8 billion from the banking segment, ¥188.6 billion from the trust banking segment, ¥18.1 billion from the securities segment and ordinary losses of ¥13.7 billion from the credit card segment. Ordinary profits by geographic segment consist of ¥719.4 billion from Japan, ¥133.7 billion from North America, ¥24.2 billion from Europe and the Middle East, ¥66.4 billion from Asia and Oceania excluding Japan, and ¥53.0 billion from Latin America.

Mitsubishi UFJ Financial Group, Inc. (MUFG) has the following earning forecasts for the fiscal year ending March 31, 2009.

Consolidated ordinary income	Consolidated ordinary profits	Consolidated net income
¥6,400.0 billion	¥1,210.0 billion	¥640.0 billion

(Reference) Forecasted earnings per common share (on a consolidated basis): ¥60.29

The combined Net income forecasts of The Bank of Tokyo-Mitsubishi UFJ, Ltd. and Mitsubishi UFJ Trust and Banking Corporation on a stand-alone basis are ¥550.0 billion. The following table shows core assumptions of economic environment for the earnings forecasts.

	Fiscal Year 2008
Uncollateral Call Rate (yearly average)	0.5%
10 Year Japanese Government Bond (yearly average)	1.6%
Yen/U.S. Dollar Rate (at March 31, 2009)	105 Yen

(2) Financial condition

Total assets as of March 31, 2008 increased by ¥5,712.1 billion from March 31, 2007 to ¥192,993.1 billion, and Total net assets as of March 31, 2008 decreased by ¥923.9 billion from March 31, 2007 to ¥9,599.7 billion. With regards to major factors affecting the change in Total net assets, Net unrealized gains (losses) on other securities decreased by ¥1,459.4 billion, and Minority interests decreased by ¥287.0 billion mainly due to the privatization of Mitsubishi UFJ Securities as a wholly-owned subsidiary of MUFG, while Retained earnings increased by ¥490.7 billion and Treasury stock decreased by ¥275.4 billion mainly due to the same reason.

With regards to major items of Total assets, Loans and bills discounted as of March 31, 2008 increased by ¥3,706.8 billion from March 31, 2007 to ¥88,538.8 billion mainly due to increase in lending volume at overseas offices. Investment securities as of March 31, 2008 decreased by ¥7,355.9 billion from March 31, 2007 to ¥40,851.6 billion mainly due to a decrease of Japanese Government Bond outstanding, and a deterioration of stock prices in domestic stock markets.

For the fiscal year ended March 31, 2008, Net cash used in operating activities was ¥2,412.2 billion, Net cash provided by investing activities was ¥4,030.1 billion and Net cash used in financing activities was ¥322.5 billion. As a result, the balance of Cash and cash equivalents as of March 31, 2008 was ¥4,222.2 billion.

The consolidated risk-adjusted capital ratio based on the Basel 2 Standards as of March 31, 2008 was 11.26% (on a preliminary basis), a decrease of 1.32% from March 31, 2007. The following table shows our consolidated risk-adjusted capital ratio as of March 31, 2007, September 30, 2007 and March 31, 2008.

	(in billions of yen)		
	As of March 31, 2007	As of September 30, 2007	As of March 31, 2008 (Preliminary basis)
Tier 1 capital	8,054.8	8,230.7	8,294.2
Qualified Tier 2 capital	5,718.2	5,644.6	4,441.8
Qualified Tier 3 capital			
Deductions from total qualifying capital	423.9	415.9	517.0
Net qualifying capital	13,349.1	13,459.5	12,218.9
Risk-adjusted assets	106,048.2	106,396.2	108,447.8
Risk-adjusted capital ratio	12.58%	12.65%	11.26%

The consolidated risk-adjusted capital ratio is computed in accordance with the Notification of the Financial Services Agency No.20, 2006.

(3) Basic policy regarding profit distribution and dividends for fiscal year 2007 and 2008

MUFG considers the return of earnings to shareholders to be one of the most important management priorities and makes it a basic policy to make efforts to continuously increase dividends while sustaining corporate value growth and further strengthening its corporate financial standing. MUFG will continuously aim to maintain the dividend ratio to the consolidated net income at more than 20% in future, after comprehensive consideration of its business performance and the environment for strategic investment, etc.

Based on this policy, MUFG, with respect to the year-end dividends for common stock for fiscal year 2007, plans to pay ¥7 per share. In this case, the dividends for fiscal year 2007, including the interim dividend of ¥7, will total ¥14 per share, which is an increase of ¥3 from the total dividend of ¥11 (after taking into consideration the stock split effective as of September 30, 2007 by which 1 share of common stock was split into 1,000 shares of common stock) paid for the previous fiscal year. With respect to the year-end dividends for preferred stock for fiscal year 2007, MUFG plans to pay: for the first series of class 3 preferred stock, the prescribed amount of ¥30 per share (which, together with the interim dividend, shall result in a total of ¥60 per share for the fiscal year); for class 8 preferred stock, the prescribed amount of ¥7.95 per share (which, together with the interim dividend, shall result in a total of ¥15.90 per share for the fiscal year); for class 11 preferred stock, the prescribed amount of ¥2.65 per share (which, together with the interim dividend, shall result in a total of ¥5.30 per share for the fiscal year); and for class 12 preferred stock, the prescribed amount of ¥5.75 per share (which, together with the interim dividend, shall result in a total of ¥11.50 per share for the fiscal year).

Based on this policy, the annual dividend forecasts for common stock for fiscal year 2008 is ¥14 per share. The annual dividend forecasts for preferred stock for fiscal year 2008 are the above-mentioned prescribed amounts respectively, for each class of preferred stock.

MUFG Group's holding company, commercial banks, trust banks and securities companies have adopted the Group's management philosophy as their own respective management philosophy, and the entire Group will strive to comply with this philosophy.

Group's Management Philosophy

1. We will respond promptly and accurately to the diverse needs of our customers around the world and seek to inspire their trust and confidence.
2. We will offer innovative and high-quality financial services by actively pursuing the cultivation of new business areas and developing new technologies.
3. We will comply strictly with all laws and regulations and conduct our business in a fair and transparent manner to gain the public's trust and confidence.
4. We will seek to inspire the trust of our shareholders by enhancing corporate value through continuous business development and appropriate risk management, and by disclosing corporate information in a timely and appropriate manner.
5. We will contribute to progress toward a sustainable society by assisting with development in the areas in which we operate and conducting our business activities with consideration for the environment.
6. We will provide the opportunities and work environment necessary for all employees to enhance their expertise and make full use of their abilities.

(2) Medium- and long-term management strategy

MUFG Group is a fully-fledged comprehensive financial group comprising commercial banks, trust banks, and securities companies, as well as credit card companies, leasing companies, consumer finance companies, investment trust companies and a U.S. bank (Union Bank of California). MUFG Group aims to unify these Group companies to deliver top quality products and services that meet diverse customer needs. We aim to be No. 1 in service, No.1 in reliability, and No.1 in global coverage and so gain the strong support of customers and society as a premier, comprehensive, global financial group.

No.1 in Service

MUFG Group will leverage its strengths as a comprehensive financial group to provide to its customers with an outstanding level of high-quality service that is matched to their individual needs.

MUFG Group will fully utilize the integrated business group system comprising our three core business groups Retail, Corporate and Trust Assets (asset management and asset administration) and meet diverse customer needs rapidly and accurately as a unified group that transcends business boundaries.

No.1 in Reliability

MUFG Group aims to be a truly reliable financial group and will strive to further enhance its financial health, implement thorough legal and other compliance and strengthen internal controls. Moreover, we will fulfill our responsibilities to society through enhancing customer satisfaction (CS), and pursuing CSR activities that contribute to society and to environmental conservation.

No.1 in Global Coverage

MUFG Group aims to use its Group strengths to the maximum, leveraging the leading global network amongst Japanese banks and talented staff well-versed in the business of each country to swiftly and precisely meet the requirements of customers globally.

(3) Key issues

In our aim to become a premier, comprehensive, global financial group strongly supported by customers and society, MUFG Group will focus on the following key issues.

(1) Completion of transfer to new systems

MUFG Group fully recognizes the important social responsibility it must fulfill with regard to transferring to the new systems at its Group companies, and the major impact this will have on its services to customers and the financial system, and we have devoted our efforts to preparing for a safe and reliable systems transfer.

In May 2008, transfer to the new systems was completed at all branches of Mitsubishi UFJ Trust and Banking, and within the Bank of Tokyo-Mitsubishi UFJ transfer to the new systems was also completed at former Bank of Tokyo-Mitsubishi branches. Changeover to the new system is scheduled to be carried out sequentially at former branches of UFJ Bank between July and December 2008. In our preparations we are giving careful consideration to the systems error that occurred in May 2008 at the Bank of Tokyo-Mitsubishi UFJ, and taking every possible measure to ensure a stable systems transfer.

(2) Pursuit of growth strategies

MUFG Group positions Retail, Corporate and Trust Assets as its three core businesses, and is developing its growth strategies with a focus on these areas. We are allocating business resources particularly to the Retail business, in which further market growth is expected. In the Corporate business, we are using the opportunity of Mitsubishi UFJ Securities becoming a wholly owned subsidiary at the end of September 2007 to further strengthen ties between the bank and the securities company and enable us to provide more advanced services. Furthermore, we will strive to expand our earnings base by pursuing a strategy that includes making investments and alliances, focusing particularly on Asia, where continued growth is expected.

Our capital policy for supporting our growth strategies is to raise the value of MUFG by achieving a balance between using capital to strengthen profitability and ensure growth, increasing equity capital, and enhancing returns to shareholders. For equity capital we are aiming to maintain an equity capital ratio of 12% (11.26% at end of the current fiscal year) and targeting a Tier 1 ratio of 8% (7.64% at end of the current fiscal year). With regard to returns to shareholders, we will strive to increase dividends in a sustainable manner, and we will also continue working to increase the dividend payout ratio to more than 20% of consolidated net income.

(3) Strengthening the internal control framework

MUFG Group is fully aware of the highly public nature of financial institutions, and in the future will endeavor to further reinforce and enhance our frameworks, aiming to strengthen compliance.

(4) Promoting CSR and strengthening the brand

MUFG Group will pursue various initiatives in order to be valued by customers as a trustworthy Group that provides high-quality services, and will strive to build the MUFG brand by steadfastly fulfilling its corporate social responsibilities (CSR).

A subsidiary with a balance sheet date as of October 31 is consolidated based on its preliminary financial statements as of January 31.

Subsidiaries other than specified above are consolidated based on the financial statements as of their balance sheet dates.

Adjustments are made in the consolidated financial statements to reflect the significant transactions occurred between the balance sheet dates of the subsidiaries and the consolidated balance sheet date.

(Additional information)

The Bank of Tokyo-Mitsubishi UFJ, Ltd., a consolidated subsidiary of MUFG, established Bank of Tokyo-Mitsubishi UFJ (China), Ltd. on June 28, 2007 and transferred its 6 branches and 2 representative offices in China to the new company on July 1, 2007. Bank of Tokyo-Mitsubishi UFJ (China), Ltd. is consolidated based on its financial statements as of December 31.

4. Accounting Policies

(1) Trading assets and trading liabilities; trading income and expenses

Transactions involving short-term fluctuations or arbitrage opportunities in interest rates, currency exchange rates, market prices of securities or other market indices (Trading transactions) are presented in Trading assets and Trading liabilities in the consolidated balance sheets on a trade date basis, and gains and losses from trading transactions are presented in Trading income and Trading expenses in the consolidated statements of income on a trade date basis.

Trading assets and trading liabilities are stated at their fair values on the consolidated balance sheet date.

(2) Investment securities

- (a) Debt securities being held to maturity are stated at amortized costs (using the straight-line method) computed under the moving average method. Investments in non-consolidated affiliates not accounted for under the equity method are stated at acquisition costs computed under the moving average method. Other securities with quoted market prices are stated at their quoted market prices on the consolidated balance sheet date (cost of securities sold is calculated primarily under the moving average method) and other securities for which quoted market prices are not available are stated at acquisition costs or amortized costs as computed under the moving average method. Net unrealized gains (losses) on other securities are included directly in net assets, net of applicable income taxes, except in the case of securities with embedded derivatives, which are measured at fair value in their entirety with the change in fair value recognized in current earnings.
- (b) Securities which are held as trust assets in money held in trust are accounted for under the same basis as noted above in Notes (1) and (2)(a)(b). Unrealized gains and losses on securities in money held in trust, which are not held for trading purposes or held to maturity, are included directly in net assets, net of applicable income taxes.

(3) Derivatives

Derivatives transactions (other than trading transactions) are calculated primarily based on fair value.

(4) Depreciation

(a) Fixed tangible assets

Depreciation for tangible fixed assets of MUFG and its domestic consolidated banking subsidiaries and trust banking subsidiaries is computed under the declining-balance method.

The estimated useful lives are as follows:

Buildings: 15 years to 50 years

Equipment: 2 years to 20 years

Edgar Filing: MITSUBISHI UFJ FINANCIAL GROUP INC - Form 6-K

Depreciation for tangible fixed assets of other consolidated subsidiaries is computed primarily under the straight-line method based on their estimated useful lives.

(Changes in accounting policies)

Depreciation for tangible fixed assets acquired after March 31, 2007, other than buildings (excluding fixtures) of a domestic consolidated banking subsidiary, is computed in accordance with the Corporate Tax Law as amended by the FY 2007 Tax Reform.

The domestic consolidated banking subsidiary has re-examined its accounting treatment for the residual value of its buildings, excluding fixtures, based on historical and other data related to its disposition of buildings in accordance with the FY 2007 Tax Reform and determined that the residual value should be adjusted to a nominal amount. As a result of this re-examination, starting in the fiscal year ended March 31, 2008, the amended declining-balance method, under which buildings, regardless of the date of their acquisition, are depreciated to a nominal value at the end of their useful lives, as set forth in the Corporate Tax Law, is used as the new computation method for depreciation for buildings of the domestic consolidated banking subsidiary. This change resulted in a ¥11,135 million increase in general and administrative expenses and a ¥11,135 million decrease in ordinary profits and income before taxes and others in the fiscal year ended March 31, 2008.

(Additional information)

The residual value of tangible fixed assets acquired prior to April 1, 2007, other than the domestic consolidated banking subsidiary's buildings (excluding fixtures), is depreciated over 5 years by the straight-line method starting in the fiscal year immediately following the fiscal year in which the cumulative amount of depreciation has reached 95% of the acquisition cost. This change resulted in a ¥2,576 million increase in general and administrative expenses and a ¥2,576 million decrease in ordinary income and income before income taxes and others in the fiscal year ended March 31, 2008.

(b) Intangible fixed assets

Depreciation for intangible fixed assets is computed primarily under the straight-line method. Development costs for internally used software are capitalized and depreciated under the straight-line method over the estimated useful lives of primarily 3 to 10 years.

(5) Deferred assets

Stock issuance costs and bond issuance costs are expensed as incurred.

Bonds are stated at amortized costs (using the straight-line method). Discount on bonds recognized prior to March 31, 2006 is amortized using the straight-line method over the life of corresponding bonds and the unamortized portion is deducted directly from bonds and notes in accordance with ASBJ PITF No.19 Tentative Solution on Accounting for Deferred Assets (August 11, 2006).

(6) Allowance for credit losses

Principal domestic consolidated subsidiaries provide allowance for credit losses in accordance with the internal standards for self-assessment of asset quality and the internal standards for write-offs and provisions.

For claims on borrowers that have entered into bankruptcy, special liquidation proceedings or similar legal proceedings or whose notes have been dishonored and suspended from processing through clearing houses (bankrupt borrowers) or borrowers that are not legally or formally bankrupt but are regarded as substantially in a similar condition (substantially bankrupt borrowers), allowances are provided based on the amount of claims, after write-offs as stated below, net of expected amounts to be collected through the disposal of collateral and the execution of guarantees.

For claims on borrowers that are not yet legally or formally bankrupt but deemed to have a high possibility of becoming bankrupt (potentially bankrupt borrowers) excluding a portion of which principal and interest payment can be reasonably estimated from borrower's cash flows, allowances are provided based on an overall solvency assessment of the claims, net of expected amounts to be collected through the disposal of collateral and the execution of guarantees.

For claims on potentially bankrupt borrowers and claims on borrowers requiring close monitoring, of which principal and interest payment can be reasonably estimated from borrower's cash flows, allowances are provided in an amount equal to the difference between the book value of the claims and the fair value of principal and interest, which is calculated using estimated cash flows discounted at the initial contractual interest rates.

For other claims, allowances are provided based on historical credit loss experience.

For claims originated in specific foreign countries, additional allowances are provided based on an assessment of political and economic conditions of these countries.

All claims are assessed by branches and the credit supervision departments in accordance with the internal standards for self-assessment of asset quality. The credit review department, which is independent from those operating sections, subsequently audits these assessments. The allowances presented above reflect these internally audited assessments.

For claims on bankrupt borrowers and substantially bankrupt borrowers, the amount of claims exceeding the estimated value of collateral or guarantees, that is deemed uncollectible, has been written-off. The total amount of write-offs is ¥691,894 million.

Consolidated subsidiaries, not adopting procedures stated above, provide allowances based on their historical credit loss experience for general claims and based on individual assessments of the possibility of collection for specific deteriorated claims.

(7) Allowances for losses on investment securities

Allowances for losses on investment securities are provided based on assessments of each issuer's financial condition and other relevant factors.

(8) Reserve for bonuses

Reserve for bonuses, which is provided for future bonus payments to employees, reflects an estimated amount accrued on the consolidated balance sheet date.

(9) Reserve for bonuses to directors

Reserve for bonuses to directors, which is provided for future bonus payments to directors, reflects an estimated accrued on the consolidated balance sheet date.

(10) Reserve for retirement benefits

Reserve for retirement benefits, which is provided for future pension payments to employees, is recorded in the amount deemed accrued at the consolidated balance sheet date based on the projected benefit obligation and the estimated plan asset amount at the end of each fiscal year.

Unrecognized prior service cost is amortized under the straight-line method for a period, primarily over 10 years, within the employees' average remaining service period, commencing on the fiscal year in which the services are provided.

Unrecognized net actuarial gains (losses) are amortized under the straight-line method for a period, primarily over 10 years, within the employees' average remaining service period, commencing on the fiscal year immediately following the fiscal year in which the services were provided.

(11) Reserve for retirement benefits to directors

Reserve for retirement benefits to directors, which is provided for payments of retirement benefits to directors, is recorded in the amount deemed accrued at the consolidated balance sheet date based on the estimated amount of benefits.

(New presentation rule)

Starting in the current fiscal year, reserve for retirement benefits to directors is separately presented in accordance with the revision to the forms appended to the Banking Law Enforcement Regulations (Ministry of Finance Ordinance No. 10, 1982) by the Cabinet Office Ordinance to Amend Part of Banking Law Enforcement Regulations (Cabinet Office Ordinance No. 76, September 28, 2007).

Reserve for retirement benefits to directors, which was previously reported as part of Other liabilities, was ¥1,241 million as of March 31, 2007.

(12) Reserve for loyalty award credits

Reserve for loyalty award credits, which is provided to meet future use of credits granted to credit card customers, is recorded in the amount deemed necessary based on the estimated future use of unused credits.

(New presentation rule)

Reserve for loyalty award was previously immaterial and included in Other liabilities. Reserve for loyalty award credits, which was previously reported as part of Other liabilities, was ¥5,208 million as of March 31, 2007.

(13) Reserve for contingent losses

Edgar Filing: MITSUBISHI UFJ FINANCIAL GROUP INC - Form 6-K

Reserve for contingent losses, which is provided for possible losses from contingent events related to off-balance sheet and other transactions, is calculated by estimation of the impact of these contingent events.

(14) Reserve for losses related to business restructuring

Reserve for losses related to business restructuring is provided for estimated future losses related to business restructuring in consolidated subsidiaries.

(15) Reserves under special laws

Reserves under special laws represents the ¥4,639 million of reserve for contingent liabilities from financial instruments transactions set aside in accordance with Article 46-5-1 and Article 48-3-1 of the Financial Instruments and Exchange Law.

Reserve for contingent liabilities from financial futures transactions was previously set aside in accordance with Article 81 of the Financial Futures Trading Law, and reserve for contingent liabilities from securities transactions was previously set aside in accordance with Article 51 of the Securities and Exchange Law. These reserves have been replaced by reserve for contingent liabilities from financial instruments transactions since the Financial Instruments and Exchange Law became effective on September 30, 2007.

(New presentation rule)

The forms appended to the Banking Law Enforcement Regulations (Ministry of Finance Ordinance No. 10, 1982) were revised by the Cabinet Office Ordinance to Amend Part of Banking Law Enforcement Regulations (Cabinet Office Ordinance No. 76, September 28, 2007), effective of September 30, 2007. In accordance with the revision, starting in the current fiscal year, reserve for contingent liabilities from financial futures transactions and reserve for contingent liabilities from securities transactions, which were previously included in extraordinary losses, are presented in the consolidated statements of income as included in reserve for contingent liabilities from financial instruments transactions.

(16) Assets and liabilities denominated in foreign currencies

Assets and liabilities denominated in foreign currencies or booked at overseas branches of domestic consolidated banking subsidiaries and domestic consolidated trust banking subsidiaries are translated into yen primarily at exchange rates in effect on the consolidated balance sheet date, except for investments in non-consolidated affiliates which are translated into yen at exchange rates in effect on the acquisition dates.

Assets and liabilities denominated in foreign currencies of other consolidated subsidiaries are translated into yen at the exchange rates in effect on the consolidated balance sheet date.

(17) Leasing transactions

Finance leases of domestic consolidated subsidiaries which do not involve transfer of ownership to lessees are accounted for as operating leases.

(18) Hedge accounting

(A) Hedge accounting for interest rate risks

- (a) Domestic consolidated banking subsidiaries and domestic consolidated trust banking subsidiaries have adopted the deferred hedge accounting method for hedging transactions for interest rate risks arising from monetary assets and liabilities. Individual hedging or portfolio hedging, as described in the Japanese Institute of Certified Public Accountants (JICPA) Industry Audit Committee Report No.24, Treatment of Accounting and Auditing of Application of Accounting Standard for Financial Instruments in Banking Industry (February 13, 2002) and JICPA Accounting Committee Report No.14, Practical Guidelines for Accounting for Financial Instruments (January 31, 2000), are primarily applied to determine hedged items.
- (b) With respect to hedging transactions to offset fluctuations in the fair value of fixed rate deposits, loans and other instruments, hedging instruments (e.g. interest rate swaps) are designated to hedged items individually or collectively by their maturities in accordance with Industry Audit Committee Report No.24. With respect to hedging transactions to

Edgar Filing: MITSUBISHI UFJ FINANCIAL GROUP INC - Form 6-K

offset fluctuations in fair value of fixed rate bonds classified as other securities, hedging instruments (e.g. interest rate swaps) are designated to hedged items collectively by the type of bond. Since material terms related to hedged items and hedging instruments are substantially identical, and such hedging transactions are deemed highly effective, the assessment of effectiveness is based on the similarity of the terms.

- (c) With respect to hedging transactions to fix the cash flows related to floating rate deposits and loans as well as short-term fixed rate deposits, loans and other instruments, hedging instruments (e.g. interest rate swaps) are designated to hedged items collectively by interest rate indices and tenors in accordance with Industry Audit Committee Report No.24. Since material terms related to hedged items and hedging instruments are substantially identical, and such hedging transactions are deemed highly effective, the assessment of effectiveness is based on the similarity of the terms. The effectiveness of hedging transactions is also assessed by verifying the correlation between hedged items and hedging instruments.

- (d) As of March 31, 2003, deferred hedge losses and gains were recorded in the consolidated balance sheet as a result of the application of macro hedge accounting based on JICPA Industry Audit Committee Report No.15 Tentative Treatment for Accounting and Auditing in Adoption of Accounting Standards for Banking Industry (February 15, 2000), under which the overall interest rate risks arising from numerous deposits, loans and other instruments are hedged collectively by derivative transactions. These losses and gains are amortized as expense or income over the remaining lives of the macro hedging instruments (for a maximum period of 15 years from April 1, 2003). Deferred hedge losses and gains attributable to macro hedge accounting as of March 31, 2008 are ¥25,715 million (before tax effect adjustment) and ¥41,677 million (before tax effect adjustment), respectively.

(B) Hedge accounting for foreign currency risks

- (a) Domestic consolidated banking subsidiaries and domestic consolidated trust banking subsidiaries have adopted the deferred hedge accounting method for hedging transactions for foreign currency risks arising from monetary assets and liabilities denominated in foreign currencies. Portfolio hedging is applied to determine hedged items as described in JICPA Industry Audit Committee Report No. 25 Treatment of Accounting and Auditing concerning Accounting for Foreign Currency Transactions in the Banking Industry (July 29, 2002). Hedging instruments (e.g. currency swaps and forward exchange contracts) are designated to hedged items collectively by currencies.
- (b) Domestic consolidated banking subsidiaries and domestic consolidated trust banking subsidiaries have adopted deferred hedge accounting method for hedging transactions for foreign currency risks arising from investments in subsidiaries denominated in foreign currencies while adopting the fair value hedge accounting method for hedging transactions for foreign currency risks arising from foreign securities (other than bonds). Portfolio hedging and individual hedging are applied to determine hedged items. Liabilities denominated in foreign currencies and forward exchange contracts are used as hedging instruments.

(C) Transactions among consolidated companies

Derivative transactions, including interest rate swaps and currency swaps which are designated as hedging instruments, among consolidated companies or between trading accounts and other accounts (or among internal sections) are not eliminated from the consolidated statements of income and related gains and losses are recognized or deferred under hedge accounting because these derivative transactions are executed, meeting certain criteria under JICPA Industry Audit Committee Reports No.24 and No.25 to be regarded as equivalent to external third party transactions.

(19) Consumption taxes

National and local consumption taxes are excluded from transaction amounts. Non-deductible portions of consumption taxes on the purchases of tangible fixed assets are expensed when incurred.

5. Assets and Liabilities of Consolidated Subsidiaries

Assets and liabilities of consolidated subsidiaries are stated at their fair values on the balance sheet dates of the subsidiaries.

6. Amortization of Goodwill

Goodwill on Mitsubishi UFJ Securities Co., Ltd., kabu.com Securities Co., Ltd., Mitsubishi UFJ NICOS Co., Ltd. and UnionBanCal Corporation is amortized using the a straight-line method over 20 years starting from the period of the consolidation. Other goodwill, negative goodwill and their equivalents with insignificant balances are expensed as incurred.

7. Cash and Cash Equivalents in the Consolidated Statements of Cash Flows

Cash and cash equivalents in the consolidated statements of cash flows are defined as Cash and due from banks on the consolidated balance sheet, excluding time deposits and negotiable certificates of deposits in other banks.

Changes in Significant Accounting Policies Applied in the Preparation of the Consolidated Financial Statements

(Accounting Policy for Financial Instruments)

ASBJ Accounting Standard No.10 Accounting Standard for Financial Instruments and JICPA Accounting Committee Report No.14, Practical Guidelines for Accounting for Financial Instruments were revised on June 15, 2007 and July 4, 2007, respectively. The accounting standard and the practical guidelines are applicable to fiscal years and interim periods ending on or after September 30, 2007, and MUFG adopted the revised Accounting Standard and Practical Guidelines starting from this fiscal year.

The revisions do not have any impact on the consolidated financial statements.

(Changes in the grouping method for recognition and measurement of impairment losses on fixed assets)

Upon its merger with DC Card Co., Ltd., Mitsubishi UFJ NICOS Co., Ltd., a consolidated subsidiary of MUFG, changed its grouping method for recognition and measurement of impairment losses on fixed assets. Assets related to the credit card business, which were previously grouped as one unit, were grouped into smaller business units which are consistent with the ongoing management and monitoring under the internal managerial accounting. This change was as a result of the operating system improvements and business restructuring following the merger.

This change resulted in a ¥1,085 million increase in ordinary profits and a ¥4,174 million decrease in income before income taxes and others.

Notes to the Consolidated Financial Statements

(Consolidated balance sheets)

1. Investment securities includes ¥249,266 million of stocks in affiliates and ¥2,269 million of other investments in affiliates.
2. Investment securities includes ¥942 million of unsecured securities loaned with respect to which borrowers have rights to sell or pledge. For borrowed securities under securities borrowing transactions and securities purchased under resale agreements, that permit MUFG Group to sell or pledge securities without restrictions, ¥5,557,035 million is pledged, ¥399,451 million is loaned and ¥14,686,956 million is held by MUFG Group at the consolidated balance sheet date.

3. Loans to bankrupt borrowers: ¥43,298 million.
Non-accrual delinquent loans: ¥737,926 million.

Loans to bankrupt borrowers are loans, after write-offs, to bankrupt borrowers as defined in Article 96-1-3-1 to 5 and 96-1-4 of the Enforcement Ordinance of the Corporate Tax Law (No. 97 in 1965) on which accrued interest income is not recognized (Non-accrual loans) as there is substantial doubt as to the collection of principal and/or interest because of delinquencies in payment of principal and/or interest for a significant period of time or for some other reasons.

Non-accrual delinquent loans represent non-accrual loans other than loans to bankrupt borrowers and loans renegotiated at concessionary terms, including reduction or deferral of interest due to the borrower's weakened financial condition.

4. Loans past due for 3 months or more: ¥17,900 million.
Loans past due for 3 months or more represent loans whose principal and/or interest payments have been past due for 3 months or more, excluding loans to bankrupt borrowers and non-accrual delinquent loans.

5. Restructured loans: ¥477,544 million.
Restructured loans represent loans renegotiated at concessionary terms, including reduction or deferral of interest or principal and waiver of the claims, due to the borrower's weakened financial condition, excluding loans to bankrupt borrowers, non-accrual delinquent loans and loans past due for 3 months or more.

6. The total amount of loans to bankrupt borrowers, non-accrual delinquent loans, loans past due for 3 months or more and restructured loans was ¥1,276,670 million.
The amounts provided in Notes 3 to 6 represent gross amounts before the deduction of allowances for credit losses.

7. Bills discounted are accounted for as financial transactions in accordance with JICPA Industry Audit Committee Report No.24. MUFG's banking subsidiaries and trust banking subsidiaries have rights to sell or pledge bank acceptances bought, commercial bills discounted, documentary bills and foreign exchanges bought without restrictions. The total face value of these bills is ¥989,845 million.

8. Assets pledged as collateral are as follows:

Cash and due from banks:	¥ 2,124 million
Trading assets:	¥ 815,656 million
Investment securities:	¥ 2,364,483 million
Loans and bills discounted:	¥ 86,330 million
Other assets:	¥ 34 million
Tangible fixed assets:	¥ 1,142 million
Intangible fixed assets:	¥ 764 million

Liabilities related to pledged assets are as follows:

Deposits:	¥ 393,748 million
Call money and bills sold:	¥ 610,900 million
Commercial paper	¥ 25,000 million
Borrowed money:	¥ 2,120,577 million
Bonds and notes:	¥ 17,154 million
Acceptances and guarantees:	¥ 2,124 million

In addition to the items listed above, ¥113,293 million of cash and due from banks, ¥568,156 million of commercial paper and debt purchased, ¥19,698 million of trading assets, ¥4,670,829 million of investment securities, ¥6,165,191 million of loans and bills discounted, and ¥5,707 million of other assets have been pledged as collateral for cash settlements and other transactions or as deposits for margin accounts of futures and other transactions.

¥4,432,044 million of trading assets and ¥6,151,604 million of investment securities have been sold under repurchase agreements or loaned under secured lending transactions. Payables corresponding to the assets sold or loaned under repurchase agreements and under securities lending transactions are ¥5,903,798 million and ¥3,877,010 million, respectively.

Bills rediscounted are accounted for as financial transactions in accordance with Industry Audit Committee Report No.24. The total face value of rediscounted bank acceptances bought, commercial bills discounted, documentary bills and bills of exchange rediscounted is ¥7,927 million.

9. Overdraft facilities and commitment lines of credit are binding contracts under which MUFG's consolidated subsidiaries have obligations to disburse funds up to predetermined limits upon the borrower's request as long as there have been no breach of contracts. The total amount of the unused portion of these facilities is ¥69,330,633 million.

The total amount of the unused portion does not necessarily represent actual future cash requirements because many of these contracts are expected to expire without being drawn upon. In addition, most of these contracts include clauses which allow MUFG's consolidated subsidiaries to decline the borrower's request for disbursement or decrease contracted limits for cause, such as changes in financial conditions or deterioration in the borrower's creditworthiness. MUFG's consolidated subsidiaries may request the borrowers to pledge real property and/or securities as collateral upon signing of the contract and will perform periodic monitoring on the borrower's business conditions in accordance with internal procedures, which may lead to renegotiation of the terms and conditions of the contracts and/or initiate the request for additional collateral and/or guarantees.

10. In accordance with the Law concerning Revaluation of Land (the Law) (No.34, March 31, 1998), land used for business operations of domestic consolidated banking subsidiary and domestic consolidated trust banking subsidiary has been revalued as of the dates indicated below. The total excess from revaluation, net of income taxes corresponding to the excess which are recognized as Deferred tax liabilities for land revaluation, is stated as Land revaluation excess in net assets. Land revaluation excess includes MUFG's share of affiliated companies' land revaluation excess.

11. Accumulated depreciation on tangible fixed assets: ¥1,372,174 million.
12. Deferred gains on tangible fixed assets deducted for tax purposes: ¥91,673 million.
13. Borrowed money includes ¥1,202,500 million of subordinated borrowings.
14. Bonds and notes include ¥3,158,606 million of subordinated bonds.
15. The principal amounts of money trusts and loan trusts entrusted to domestic trust banking subsidiaries, for which repayment of the principal to the customers is guaranteed, are ¥1,277,958 million and ¥231,508 million, respectively.
16. Guarantee obligations for private placement bonds in Investment securities (provided in accordance with the Article 2-3 of the Financial Instruments and Exchange Law) is ¥3,093,449 million.

(*1) Amount on the consolidated balance sheet in this table means market value calculated by using quoted market prices and/or other information.

(*2) Other securities held by MUFG or domestic consolidated subsidiaries are subject to write-downs when the market value or reasonably evaluated value of these securities has declined considerably and it is not probable that the value will recover to the acquisition cost. In such case, any differences between fair value and acquisition cost are recognized as losses for the period. Considerable decline in market value is determined based on the classification of issuers in accordance with the internal standards for self-assessment of asset quality as follows:

Bankrupt, Substantially bankrupt or Potentially bankrupt issuers:
Market value is lower than acquisition cost.

Issuers requiring close monitoring:
Market value has declined 30% or more from acquisition cost.

Other issuers:
Market value has declined 50% or more, from acquisition cost.

Bankrupt issuer means issuer who has entered into bankruptcy, special liquidation proceedings or similar legal proceedings or whose notes have been dishonored and suspended from processing through clearing houses. Substantially bankrupt issuer means issuer who is not legally or formally bankrupt but regarded as substantially in a similar condition. Potentially bankrupt issuer means issuer who is not legally bankrupt but deemed to have high possibility of becoming bankrupt. Issuer requiring close monitoring means issuer who is financially weak and under close monitoring conducted by MUFG's subsidiaries.

Notes:

1. Ordinary Income and Ordinary profit correspond to Net sales and Operating profit on the statement of income of companies in non-banking industries.
2. Other includes leasing.
3. Ordinary profit for Other includes 502,470 million yen of dividends from MUFG's domestic consolidated banking subsidiary and domestic consolidated trust banking subsidiary.
4. Depreciation for tangible fixed assets acquired after March 31, 2007, other than buildings (excluding fixtures) of a domestic consolidated banking subsidiary, is computed in accordance with the Corporate Tax Law as amended by the FY 2007 Tax Reform. The domestic consolidated banking subsidiary has re-examined its accounting treatment for the residual value of its buildings (excluding fixtures) based on historical and other data related to its disposition of buildings in accordance with the FY 2007 Tax Reform and determined that the residual value should be adjusted to a nominal amount. As a result of this re-examination, starting in the fiscal year ended March 31, 2008, the amended declining-balance method, under which buildings, regardless of the date of their acquisition, are depreciated to a nominal value at the end of their useful lives, as set forth in the Corporate Tax Law, is used as the new computation method for depreciation for buildings of the domestic consolidated banking subsidiary. This change resulted in increases in ordinary expenses by 10,309 million yen for Banking, 309 million yen for Trust Banking and 479 million yen for Securities and decreases in ordinary profits by the same amount for each segment. This change did not have a material impact on Credit Card and Other.

(Additional information)

Edgar Filing: MITSUBISHI UFJ FINANCIAL GROUP INC - Form 6-K

The residual value of tangible fixed assets acquired prior to April 1, 2007, domestic consolidated banking subsidiary's buildings (excluding fixtures) is depreciated over 5 years by the straight-line method starting in the fiscal year immediately following the fiscal year in which the cumulative amount of depreciation has reached 95% of the acquisition cost.

This change resulted in increases in ordinary expenses by 1,932 million yen for Banking, 527 million yen for Trust Banking, 36 million yen for Securities and 79 million yen for Credit Card and decreases in ordinary profits by the same amount for each segment.

5. Upon its merger with DC Card Co., Ltd., Mitsubishi UFJ NICOS Co., Ltd., a consolidated subsidiary of MUFG, changed its grouping method for recognition and measurement of impairment losses on fixed assets. Assets related to the credit card business, which were previously grouped as one unit, were grouped into smaller business units which are consistent with the ongoing management and monitoring under the internal managerial accounting. This change was as a result of the operating system improvements and business restructuring following the merger. This change resulted in a 1,085 million yen decrease in ordinary expenses and a 1,085 million yen increase in ordinary profits for Credit Card.

(3) Classification Based on Prior Year Operating Results as Provided in the JICPA Audit Committee Report No.66

Although we recorded taxable income for the fiscal year ended March 31, 2008, we are classified as 4 described above since we have material net operating losses carried forwards. However since we believe the net operating losses carried forwards are attributable to extraordinary factors such as changes in laws and regulations, we apply the exception to classification 4. (Five years future taxable income is estimable.)

[Extraordinary Factors Such as Changes in Laws and Regulations]

Our net operating losses carried forwards were incurred due to, among other things, the followings : (i) we accelerated the final disposition of non performing loans in response to both the Emergency Economic Package, which provided guidance to major banks to remove claims to debtors classified as likely to become bankrupt or below from their balance sheets, and the Program for Financial Revival, which urged major

banks to reduce the ratio of non performing loans to total claims by about half; and (ii) we reduced our holdings of strategic equity investments under the Law Concerning Restriction, etc. of Banks Shareholdings etc .
