Item 2.02 Results of Operations and Financial Condition.

On November 10, 2008, John Bean Technologies Corporation (the Company) issued a press release announcing its financial results for the third quarter ended September 30, 2008 (the Press Release) and included the Press Release in a Current Report on Form 8-K that was furnished to the Securities and Exchange Commissions on November 10, 2008. The Company is including as Exhibit 99.1 to this amended Current Report on Form 8-K/A statements of cash flows for the nine month periods ended September 30, 2008 and 2007 to correct certain results reported in the statements of cash flows included in the Press Release.

In the course of finalizing the Quarterly Report on Form 10-Q for the quarter ended September 30, 2008 (the Third Quarter 10-Q), the Company identified through the operation of its internal controls over financial reporting that certain non-cash transactions associated with the spin-off from FMC Technologies Inc. had inadvertently been included in cash provided by operating activities of continuing operations and cash required by financing activities. Although this did not affect the Company s ending cash or debt balances at September 30, 2008 as announced in the Press Release, it resulted in net reduction of cash provided by operating activities of continuing operations and cash required by financing activities. Accordingly, cash provided by operating activities of continuing operations during the nine month period ended September 30, 2008 was \$70.1 million rather than \$82.1 million as indicated in the Press Release. Net cash required by financing activities was \$30.3 million rather than \$42.3 million as indicated in the Press Release.

We have made these corrections in Exhibit 99.1, which is furnished herewith and incorporated by reference. The Third Quarter 10-Q also includes the correct amounts of cash provided by operating activities of continuing operations and cash flow required by financing activities in the financial statements as well as in Management s Discussion and Analysis of Financial Condition and Results of Operations.

The information, including Exhibit 99.1, furnished in this report is not deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section. Registration statements or other documents filed with the Securities and Exchange Commission shall not incorporate this information by reference, except as otherwise expressly stated in such filing.
