Item 2.05 Costs Associated with Exit or Disposal Activities.

On January 5, 2009 the Board of Directors of Logitech International S.A. (Logitech) approved a restructuring under which Logitech expects to reduce its salaried workforce globally by approximately 15 percent, to help align Logitech's cost structure with the current and expected economic environment.

Logitech expects to announce the associated restructuring charge with Logitech's third quarter Fiscal Year 2009 results and to book such charge in the fourth quarter of its Fiscal Year 2009. Logitech is unable to estimate such charge at this time.

This Current Report on Form 8-K contains forward-looking statements, including the expected size of the salaried workforce reduction and the expected timing of the announcement and booking of the associated restructuring charge. These forward-looking statements involve risks and uncertainties that could cause Logitech's actual results to differ materially from that anticipated in these forward-looking statements. Factors that could cause actual results to differ materially include: Logitech's ability to implement the workforce reductions in various geographies; unexpected delays affecting our ability to announce and book the restructuring charge; as well as those additional factors set forth in our periodic filings with the Securities and Exchange Commission, including our Annual Report on Form 10-K for the fiscal year ended March 31, 2008 and our Quarterly Reports on Form 10-Q, available at www.sec.gov. Logitech does not undertake to update any forward-looking statements.

On January 5, 2009, Logitech issued a press release announcing the intended restructuring, among other things. A copy of the press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.
