Global Ship Lease Takes Delivery of Three 4,000 TEU Containerships

Commences 14-Year Time Charters at Fixed Rates for All Three Vessels

LONDON, ENGLAND, December 18, 2008 Global Ship Lease, Inc (NYSE:GSL, GSL.U and GSL.WS), a rapidly growing containership charter owner, announced today it has taken delivery this week of three 4,000 TEU containerships, as expected. With the delivery of these three ships, Global Ship Lease now operates a fleet of 15 vessels, all on fixed-rate time charters with an average remaining term of 10 years. The Company expects to take delivery of a 10,960 TEU ship by the end 2008 and three additional vessels over the next two years.

The CMA CGM Sambhar, CMA CGM Jamaica, and CMA CGM America are all on fixed-rate 14-year time charters with CMA CGM, the world's third largest container shipping company. The purchase of the vessels was funded by drawings under the Company's \$800 million credit facility and the issuance to CMA CGM of 12,375,000 Class C common shares of Global Ship Lease at the closing of the Company's merger on August 14, 2008.

Ian Webber, Chief Executive Officer of Global Ship Lease, commented, "We are pleased to take the timely delivery of these three vessels, as we increase our contracted revenue stream and expand the Company's modern fleet which has a weighted average age of just over five years. Importantly, we have commenced 14-year time charters for all three vessels and now have our entire 15 vessel operating fleet secured on time charters with an average remaining term of 10 years. Global Ship Lease's focus of owning and chartering vessels on long term contracts positions the Company to create value for shareholders over the long term."
