### RESALES OF SHARES

Persons to whom we issue our common stock may want to resell those shares in distributions that would require the delivery of a prospectus. This prospectus may be used by the selling stockholders to sell such shares of common stock. As used in this prospectus, selling stockholders may include donees and pledgees selling common stock received from a named selling stockholder.

We will not receive any proceeds from sales by selling stockholders. Any commissions paid or concessions allowed to any broker-dealer, and, if any broker-dealer purchases such shares as principal, any profits received on the resale of such shares, may be deemed to be underwriting discounts and commissions under the Securities Act of 1933, as amended. We will pay printing, legal, filing and other similar expenses of this offering. Selling stockholders will bear all other expenses, including any brokerage fees, underwriting discounts or commissions and their own legal expenses.

Selling stockholders may sell the shares of common stock offered by this prospectus in one or more of the following ways:

through the New York Stock Exchange or any other securities exchange or quotation service that lists or quotes our common stock for trading as of the time of sale;

in the over-the-counter market;

in special offerings;

in privately negotiated transactions;

by or through brokers or dealers, in ordinary brokerage transactions or transactions in which the broker solicits purchases;

in transactions in which a broker or dealer will attempt to sell shares as an agent but may position and resell a portion of the shares as principal;

in transactions in which a broker or dealer purchases as principal for resale for its own account;

through underwriters or agents; or

in any combination of these methods.

Selling stockholders may sell their shares at market prices prevailing at the time of sale, at prices related to such prevailing market prices, at negotiated prices or at fixed prices. The transactions above may include block transactions.

Resales by selling stockholders may be made directly to investors or through securities firms acting as underwriters, brokers or dealers. When resales are to be made through a securities firm, the securities firm may be engaged to act as the selling stockholders' agent in the resale of the shares by the selling stockholders, or the securities firm may purchase securities from the selling stockholders as principal and thereafter resell the securities from time to time. The fees earned by or paid to the securities firm may be the normal stock exchange commission or negotiated commissions or underwriting discounts to the extent permissible. The securities firm may resell the securities through other securities dealers, and commissions or concessions to those other securities dealers may be allowed. Profits, commissions and

discounts on sales by persons who may be deemed to be underwriters within the meaning of the Securities Act may be deemed underwriting compensation under the Securities Act.

Selling stockholders may also offer shares of common stock covered by this prospectus by means of prospectuses under other registration statements or pursuant to exemptions from the registration requirements of the Securities Act, including sales that meet the requirements of Rule 144 or Rule 145(d) under the Securities Act. Selling stockholders should seek the advice of their own counsel about the legal requirements for such sales.
