Section 8 - Other Events

Item 8.01. Other Events.

On June 30, 2010, the Company announced that it received notice of a formal investigation from the Securities and Exchange Commission (the SEC) pertaining to the Company, and received a subpoena for documents relating to the matters under review by the United States Senate Committee on Finance. The Company intends to cooperate with the SEC with respect to this investigation. No assurances can be given as to the timing or outcome of this investigation.

As previously disclosed, the Company received a letter of inquiry on May 12, 2010 from the United States Senate Committee on Finance requesting documents and information relating to the Company's policies and practices regarding home therapy visits and therapy utilization trends. The Company submitted its initial response to the Committee on June 4, 2010, and the Company made an additional submission to the Committee on June 25, 2010. The Company anticipates making additional submissions of information to the Committee. Each of the responses contained documentation and information as requested by the Committee. The Company intends to cooperate with the Committee with respect to its inquiry. No assurances can be given as to the timing of this inquiry or as to the outcome of this inquiry.

On June 7, 2010, a putative securities class action complaint was filed in the United States District Court for the Middle District of Louisiana on behalf of all persons who purchased Amedisys securities between February 23, 2010 and May 13, 2010 against the Company and certain of its senior executives alleging violations of the Securities Exchange Act of 1934, as amended, and Rule 10b-5 thereunder. The complaint alleges that the Company and certain of its senior executives made false and/or misleading statements, as well as failed to disclose material adverse facts, about the Company's business, financial condition, operations and prospects, particularly relating to the Company's policies and practices regarding home therapy visits under the Medicare home health prospective payment system and the related alleged impact on the Company's business, financial condition, operations and prospects. The complaint seeks a determination that the action may be maintained as a class certification, an award of unspecified monetary damages and other unspecified relief.

The Company anticipates that additional putative securities class action complaints and other litigation could be filed, and that other investigations and actions could be commenced, relating to matters involving the Company's home therapy visits and therapy utilization trends.
