Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers
Fiscal 2011 Executive Incentive Plan

On October 13, 2010, the Compensation Committee (the Committee) of the Board of Directors of Fabrinet (the Company) adopted an executive incentive plan (the Bonus Plan) for the Company's fiscal year ending June 24, 2011 (fiscal 2011). The Bonus Plan is an incentive program designed to motivate participants to achieve the Company's financial and other performance objectives, and to reward them for their achievements when those objectives are met. All of the Company's executive officers pursuant to Section 16 of the Securities Exchange Act of 1934, as well as certain other employees of the Company, are eligible to participate in the Bonus Plan (individually, a Participant, and collectively, the Participants). The Bonus Plan provides for a target bonus amount expressed as a percentage of a Participant's base salary. David T. Mitchell, our Chief Executive Officer and President, has a target bonus of 100% of base salary, and all other Participants have a target bonus of between 35% and 60% of base salary. The maximum bonus that a Participant may receive under the Bonus Plan ranges from 70% to 200% of base salary.

The amount of bonus actually paid to a Participant will be based 90% on achievement of revenue and GAAP-based earnings per share (EPS) for fiscal 2011 and the remaining 10% will be determined by the Committee during early fiscal 2011. These goals with respect to the financial metrics require achievement of revenue for fiscal 2011 in excess of \$618 million (which is the average of the forecasted revenues for the Company by its current three research analysts) and EPS for fiscal 2011 in excess of \$1.54 per share (based on the forecasted EPS for the Company by its current three research analysts). Overachievement of both revenue and EPS is required in order for any portion of the bonus with respect to the financial metrics to be paid under the Bonus Plan. The target bonuses will become payable with respect to the financial metrics portion (90% of the target bonus amount) if the Company achieves revenue and EPS that both exceed these financial metrics by 10%. If the Company achieves revenue and EPS that exceed these metrics by 20% or more, the maximum bonus with respect to these performance goals will become payable (180% of the target bonus amount). Achievement of these goals at levels exceeding the financial metrics at between 0% and 20% will determine a bonus amount that is based on linear interpolation. The aggregate amount of bonuses payable under the Bonus Plan to Participants would be approximately \$1.4 million at target performance; the aggregate maximum amount of bonuses payable to Participants would be approximately \$2.7 million.
