- .. Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 8.01 Other Events

During the first quarter of 2011, Humana Inc. (also referred to as Humana, we, us and our) realigned our business segments to reflect our evolving business model. We currently manage and report our operating results using the following segments: Retail, Employer Group, and Health and Well-Being Services. We also disclose results for Other Businesses.

We began to report using our new segments effective with the filing of our Quarterly Report on Form 10-Q for the three months ended March 31, 2011. This Current Report on Form 8-K (this Form 8-K) updates and supersedes the information in Items 1, 6, 7 and 8 of our Annual Report on Form 10-K for the year ended December 31, 2010 (the 2010 Form 10-K) to reflect retrospective application of the new segments and reclassified historical results to conform to the new presentation. These adjustments had no impact on net income, cash flows or equity. Further, none of these adjustments impacted our regulated subsidiaries. Material revisions to the 2010 Form 10-K resulting from our new business segment reporting have been highlighted in blue font in the attached exhibits. Except as specifically provided, the information in this Form 8-K does not reflect any event or development occurring after February 17, 2011, the date we filed the 2010 Form 10-K. Certain disclosures unrelated to our new business segment reporting have been repeated in this Form 8-K without updates to those disclosures that may have been made in our filings with the Securities and Exchange Commission (SEC) after February 17, 2011. You should therefore read this document together with our SEC filings made after that date for updated disclosures.

Item 9.01 Financial Statements and Exhibits

(d) Exhibits:

Exhibit No.	Description
23	Consent of Independent Registered Public Accounting Firm
99.1	Item 1. Business with Retrospective Application of Segments
99.2	Item 6. Selected Financial Data with Retrospective Application of Segments
