Dear Shareholder:

We are pleased to invite you to Columbia Banking System's Annual Meeting of Shareholders. The meeting will be at 1:00 p.m. on Wednesday, April 25, 2012 at the William W. Philip Hall at the University of Washington Tacoma, 1900 Commerce Street, Tacoma, Washington 98402.

At the meeting, you and the other shareholders will be asked to vote on the election of eleven directors to the Columbia Board. You will also be asked to consider an advisory non-binding resolution on the compensation of Columbia's executive officers, and to ratify the appointment of our independent registered public accounting firm for the 2012 fiscal year.

You also will have the opportunity to hear our management discuss what has happened in our business and our industry in the past year and to ask questions. You will find additional information concerning Columbia and its operations, including its audited financial statements, in the enclosed Annual Report for the year ended December 31, 2011.

We hope that you can join us on April 25th. **Whether or not you plan to attend, please sign and return your proxy card as soon as possible.** Your opinion and your vote are important to us. Voting by proxy will not prevent you from voting in person if you attend the meeting, but it will ensure that your vote is counted if you are unable to attend.

William T. Weyerhaeuser
Chairman

Melanie J. Dressel

PROXY STATEMENT

Important Notice Regarding the Availability of Proxy Materials for the 2012 Shareholder Meeting:

A copy of this Proxy Statement and the Annual Report to Shareholders for the year ended December 31, 2011 is available at www.columbiabank.com.

The Columbia Board of Directors is soliciting proxies for this year's Annual Meeting of Shareholders. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

INFORMATION ABOUT THE MEETING

Annual Meeting Information

The Board set March 1, 2012 as the record date for the meeting (the Record Date). Shareholders who owned Columbia common stock on that date are entitled to vote at the meeting, with each share entitled to one vote. There were 39,670,534 shares of Columbia common stock outstanding on the Record Date.

In this proxy statement, the terms we, us or our refer to Columbia Banking System, Inc.

Voting materials, which include this proxy statement and a proxy card together with the 2011 Annual Report, are being mailed to shareholders on or about March 21, 2012.

Majority Vote Standard in Uncontested Director Elections

Columbia's Bylaws contain majority voting procedures for the election of directors in uncontested elections. In an uncontested election, nominees must receive more for than against votes to be elected as opposed to a simple plurality of the votes cast. The term of any director who does not receive a majority of votes cast in an election held under that standard terminates on the earliest to occur of: (i) 90 days after the date election results are certified; (ii) the date the director resigns; or (iii) the date the board of directors fills the position. The Bylaws further provide that an election is considered contested, and will be held under a plurality standard, if there are shareholder nominees for director pursuant to the advance notice provision in Section 1.17 of our Bylaws who are not withdrawn by the advance notice deadline set forth in that section.

GENERAL INFORMATION

Why am I receiving this proxy statement and proxy card?

You are receiving this proxy statement and proxy card because you own shares of Columbia common stock. This proxy statement describes issues on which we would like you to vote.

When you sign the proxy card you appoint William T. Weyerhaeuser and Melanie J. Dressel as your representatives at the meeting. Mr. Weyerhaeuser and Ms. Dressel will vote your shares at the meeting as you have instructed on the proxy card. This way, your shares will be voted even if you cannot attend the meeting.

Who is soliciting my proxy and who is paying the cost of solicitation?

Our Board of Directors is sending you this proxy statement in connection with its solicitation of proxies for use at the 2012 Annual Meeting. Certain directors, officers and employees of Columbia and its banking subsidiary, Columbia State Bank, may solicit proxies by mail, telephone, facsimile, or in person.

We will pay for the costs of solicitation. We do not expect to pay any compensation for the solicitation of proxies, except to brokers, nominees and similar record holders for reasonable expenses in mailing proxy materials to beneficial owners of our common stock. However, management may, if it determines it necessary to obtain the requisite shareholder vote, retain the services of a proxy solicitation firm.

What am I voting on?

At the Annual Meeting you will be asked to vote on:

the election of eleven directors to serve on the Board until the 2013 Annual Meeting of Shareholders or until their successors have been elected and have qualified;

the approval of an advisory (non-binding) resolution to approve the compensation of Columbia's executive officers; and

the ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending 2012.

Who is entitled to vote?

Only shareholders who owned Columbia common stock, either directly or beneficially, as of the close of business on the Record Date are entitled to receive notice of the Annual Meeting and to vote the shares that they held on that date at the meeting, or any postponement or adjournment of the meeting.

How do I vote?

You may vote your shares either in person at the Annual Meeting or by proxy. To vote by proxy, you should mark, date, sign and mail the enclosed proxy card in the prepaid envelope provided. If your shares are registered in your own name and you attend the meeting, you may deliver your completed proxy card in person. Street name shareholders, that is, those shareholders whose shares are held in the name of and through a broker or nominee, who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Internet voting. You may also transmit a proxy to vote your shares by means of the Internet. The Internet voting procedures below are designed to authenticate your identity, to allow you to grant a proxy to vote your shares, and to confirm that your instructions have been recorded properly.

Table of Contents

For shares registered in your name. As a shareholder of record, you may go to <http://www.proxyvote.com> to transmit a proxy to vote your shares by means of the Internet. You will be required to provide our number and the control number, both of which are contained on your proxy card. You will then be asked to complete an electronic proxy card. The votes represented by such proxy will be generated on the computer screen, and you will be prompted to submit or revise them as desired.

For shares registered in the name of a broker or bank. Most beneficial owners, whose stock is held in *street name*, receive instructions for granting proxies from their banks, brokers or other agents, rather than a proxy card. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in *street name*, and these proxy materials are being forwarded to you by your broker or nominee who is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to direct your broker on how to vote. Your broker or nominee has enclosed a voting instruction card for you to use in directing your broker or nominee as to how to vote your shares.

A number of brokers and banks are participating in a program provided through Broadridge Financial Solutions Inc. that offers the means to grant proxies to vote shares over the telephone and Internet. If your shares are held in an account with a broker or bank participating in the Broadridge program, you may grant a proxy to vote those shares by calling the telephone number shown on the instruction form received from your broker or bank.

General information for all shares voted via the Internet. We must receive votes submitted via the Internet by 11:59 p.m. on April 24, 2012. Submitting your proxy via the Internet will not affect your right to vote in person should you decide to attend the annual meeting.

Can I revoke my proxy and/or change my vote after I return my proxy card?

Yes. You may revoke your proxy and change your vote at any time before the proxy is exercised by filing with Columbia's Secretary either a notice of revocation or another signed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What are the Board's recommendations?

Unless you give other instructions on your proxy card, Mr. Weyerhaeuser and Ms. Dressel, as the persons named as proxy holders on the proxy card, will vote as recommended by the Board of Directors. The Board recommends a vote **FOR** the election of the nominated directors listed in this proxy statement, **FOR** the approval of an advisory (non-binding) resolution to approve compensation of Columbia's executive officers, and **FOR** the ratification of the independent registered public accounting firm for the fiscal year 2012.

If any other matters are considered at the meeting, Mr. Weyerhaeuser and Ms. Dressel will vote as recommended by the Board of Directors. If the Board does not give a recommendation, Mr. Weyerhaeuser and Ms. Dressel will have discretion to vote as they think best.

Will my shares be voted if I do not sign and return my proxy card?

If your shares are registered in your name and you do not return your signed proxy card or do not vote in person at the Annual Meeting, your shares will not be voted.

If your shares are held in *street name* and you do not submit voting instructions to your broker, *your broker may vote your shares at this meeting on the ratification of the appointment of the independent registered public accounting firm only.* If no instructions are given with respect to the election of directors or approval of the advisory (non-binding) resolution on executive compensation, *your broker cannot vote your shares on these proposals.*

Table of Contents

How many votes are needed to hold the Annual Meeting?

A majority of Columbia's outstanding shares as of the Record Date (a quorum) must be present at the Annual Meeting in order to hold the meeting and conduct business. Shares are counted as present at the meeting if a shareholder is present and votes in person at the meeting or has properly submitted a proxy card. As of the Record Date for the Annual Meeting, 39,670,534 shares of Columbia common stock were outstanding and eligible to vote. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. Broker non-votes, however, are not counted as shares present and entitled to be voted with respect to the matter on which the broker has expressly not voted. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (i) the broker has not received voting instructions from the beneficial owner and (ii) the broker lacks discretionary voting power to vote such shares.

What vote is required to elect directors?

A nominee for election to a position on the board of directors will be elected as a director if the votes cast for the nominee exceed the votes cast against the nominee (known as majority voting). The following will not be votes cast and will have no effect on the election of any director nominee: (i) a share whose ballot is marked as abstain; (ii) a share otherwise present at the meeting but for which there is an abstention; and (iii) a share otherwise present at the meeting as to which a shareholder gives no authority or direction. Shareholders may not cumulate their votes in the election of directors.

What vote is required to approve the advisory (non-binding) resolution on the compensation of Columbia's executive officers?

The affirmative vote FOR by a majority of those shares present in person or by proxy and voting on this matter is required on the advisory (non-binding) resolution on the compensation of Columbia's executive officers. You may vote FOR, AGAINST or ABSTAIN from approving the advisory (non-binding) resolution to approve executive compensation. Abstentions and broker non-votes will have no effect on the outcome of the proposal.

What vote is required to ratify the appointment of the independent registered public accountants?

The proposal to ratify the appointment of Deloitte & Touche LLP as Columbia's independent registered public accounting firm will be adopted if a majority of the votes present in person or by proxy and voting on this matter are cast FOR the proposal. You may vote FOR, AGAINST or ABSTAIN from approving the proposal. Abstentions and broker non-votes will have no effect on the outcome of the proposal.

Can I vote on other matters?

We have not received timely notice of any shareholder proposals to be considered at the Annual Meeting, and our Board does not know of any other matters to be brought before the Annual Meeting.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the Annual Meeting. We will publish final results in a Current Report on Form 8-K to be filed with the Securities and Exchange Commission (SEC) within four business days after the Annual Meeting. After the Form 8-K is filed, you may obtain a copy by visiting our website at www.columbiabank.com, the SEC's website at www.sec.gov, or by writing to: Columbia Banking System, Inc., Attention: Corporate Secretary, 1301 A Street, Tacoma, Washington, 98402-4200.

When are proposals and director nominations for the 2013 Annual Meeting due?

Proposals by shareholders to transact business at Columbia's 2013 Annual Meeting must be delivered to Columbia's Secretary no later than November 22, 2012, in order to be considered for inclusion in our proxy

Table of Contents

statement and proxy card and should contain such information as is required under our Bylaws. Such proposals will also need to comply with the SEC's regulations regarding the inclusion of shareholder proposals in Columbia-sponsored proxy materials. In order for a shareholder proposal to be raised from the floor during next year's annual meeting, or for a shareholder to nominate a person or persons for a director, written notice must be received by us no earlier than the 150th day and no later than the 120th day prior to the first anniversary of the 2012 Annual Meeting (meaning no earlier than November 27, 2012, and no later than December 27, 2012), and should contain such information as required under our Bylaws. However, if the date of the 2013 Annual Meeting is more than 30 days before or more than 60 days after the anniversary of the 2012 Annual Meeting, notice must be delivered no earlier than the 150th day and no later than the 120th day prior to the date of the 2013 Annual Meeting or, if the first public announcement of the 2013 Annual meeting date is less than 100 days before the meeting date, notice must be delivered no later than the 10th day following the date of the Company's first public announcement of the 2013 Annual Meeting date.

To be in proper form, a shareholder's notice must include the specified information concerning the proposal or director nominee as described in our Bylaws. The Company will not consider any proposal or nomination that is not timely or otherwise does not meet the Bylaw and SEC requirements for submitting a proposal or nomination.

Notice of intention to present proposals at the 2013 Annual Meeting, or to obtain a copy of the detailed procedures regarding notice requirements for proposals or director nominations, should be directed to Columbia's Corporate Secretary, 1301 A Street, Tacoma, Washington 98402.

Table of Contents**STOCK OWNERSHIP**

Are there any owners of more than 5% of Columbia's stock?

As of December 31, 2011, the following shareholders beneficially owned more than 5% of the outstanding shares of Columbia common stock

Name and Address	Number of Shares(1)	Percentage

INFORMATION ABOUT THE DIRECTORS AND NOMINEES

How many directors are nominated?

Our Bylaws provide that the number of directors to be elected by the shareholders will be at least five and not more than 17. Under the Bylaws, the Board has authority to decide the exact number of directors to be elected within these limits. Effective February 1, 2012, the Board appointed Michelle M. Lantow and S. Mae Fujita Numata to the Board of Directors, thereby increasing the size of the Board to 11. Our Board has fixed the number of directors to be elected at the Annual Meeting at eleven and has nominated the persons listed on the following pages, each of whom has consented to serve as a director if elected, for election as directors to serve until the 2013 Annual Meeting or until their successors are elected.

What is the retirement age for directors?

Our Bylaws provide that any person who has attained the age of 75 prior to the next meeting of shareholders may not stand for election.

What happens if a nominee refuses or is unable to stand for election?

The Board may reduce the number of seats on the Board or designate a replacement nominee. If the Board designates a substitute, shares represented by proxy will be voted FOR the substitute nominee. The Board presently has no knowledge that any of the nominees will refuse or be unable to serve.

Table of Contents

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Information regarding each of the nominees is provided below, including each nominee's name, age as of the Record Date, principal occupation and public company directorships during the past five years, and the year first elected or appointed a director of Columbia, its predecessor corporation or one of its former or current subsidiaries. All of the nominees are presently directors of Columbia and Columbia Bank. There are no family relationships among any of our directors or executive officers, nor are any of the corporations or organizations referenced in the biographical information below a parent, subsidiary or affiliate of Columbia.

Melanie J. Dressel

Director since 1998

Ms. Dressel, 59, was named Chief Executive Officer of Columbia in February 2003 and continues to serve as the Company's President. From January 2000 prior to her appointment, Ms. Dressel was the President and Chief Operating Officer of Columbia, having served prior to that time and since May 1997 as Executive Vice President. She has also served as President and Chief Executive Officer of Columbia Bank since January 2000, having served prior to that time and since July 1998 as President and Chief Operating Officer, and from May 1997 to July 1998, as Executive Vice President. Ms. Dressel, who has over 30 years of banking experience, joined Columbia Bank in 1993, serving as Senior Vice President and Private Banking Manager until May 1997. Ms. Dressel graduated from the University of Washington with a political science degree. She remains active in the community and served as chair of several community organizations including Executive Council for Greater Tacoma (of which she is a member), Mary Bridge Children's Foundation, Tacoma/Pierce County Chamber of Commerce, and was the 2003 Campaign Chair for United Way of Pierce County. Ms. Dressel serves on the board of directors for the American Bankers Association, Washington Roundtable, Washington Bankers Association, and the Washington State Historical Society, and serves on various non-profit committees. In 2011, Ms. Dressel was appointed to the Board of Directors of Puget Sound Energy. She was honored as a 2011 Community Banker of the Year by *American Banker Magazine* and was named for the fourth time by the magazine as one of 2011's 25 Most Powerful Women in Banking. As Chief Executive Officer and a director, Ms. Dressel serves as the primary liaison between the Board and management and as the executive with overall responsibility for executing the Company's strategic plan.

John P. Folsom

Director since 1997

CORPORATE GOVERNANCE

Guidelines

The Board of Directors is committed to good business practices, transparency in financial reporting and high standards of corporate governance. We operate within a comprehensive plan of corporate governance for the purpose of defining responsibilities, setting high standards of professional and personal conduct and assuring compliance with such responsibilities and standards. We regularly monitor developments in the area of corporate governance and our corporate governance policies, practices and committee charters are reviewed periodically and updated as necessary to reflect changes in regulatory requirements and evolving oversight practices.

Board and Company Leadership Structure

The Board of Directors is committed to maintain an independent Board and for many years, a substantial majority of our Board has been comprised of independent directors. It has further been the practice of Columbia to separate the duties of Chairman and Chief Executive Officer. In keeping with good corporate governance practices, the Board believes that the separation of the duties of Chairman and Chief Executive Officer eliminates any inherent conflict of interest that may arise when the roles are combined, and that an independent director can best provide the necessary leadership and objectivity required as Chairman.

Director Qualifications

The Board of Directors believes each of the Company's directors should bring a rich mix of qualities and skills to the Board. All of our directors bring to our Board a wealth of leadership experience derived from their service in a variety of professional and executive positions and extensive board experience.

The Corporate Governance/Nominating Committee is responsible for the oversight and nomination process for director nominees. The Committee has not historically adopted formal director qualification standards for Committee-recommended nominees. However, the Committee annually reviews the experience, qualifications, attributes and skills of each director and nominee as part of its evaluation of whether these are the right individuals to serve on Columbia's Board to help Columbia successfully meet its long-term strategic plans. Because each director of Columbia must be re-elected annually, the Committee has an annual opportunity to assess these factors and, if appropriate, determine not to re-nominate any director. A more detailed discussion regarding the considerations given by the Committee when considering director nominees is set forth below in the section entitled *Board Structure and Compensation Corporate Governance and Nominating Committee*.

The director biographical information set forth above summarizes the experience, qualifications, attributes and skills that Columbia believes qualifies each director to serve on the Board. The Governance/Nominating Committee and the Board believe each respective director's professional and business acumen and board experience, and the total mix of all directors' experience and skills, are beneficial to the Company and the Board.

Code of Ethics and Corporate Governance Documents

We have adopted a Code of Ethics for Senior Financial Officers which applies to our principal executive officer, principal financial officer, principal accounting officer or controller, and any persons performing similar functions.

You can access our current charters, including our Code of Ethics, Audit Committee, Corporate Governance and Nominating Committee and Personnel/Compensation Committee charters, Corporate Governance Policy, Code of Conduct and our Bylaws in the Corporate Governance section of our website at www.columbiabank.com, or by writing to: Columbia Banking System, Inc., Attention: Corporate Secretary, 1301 A Street, Tacoma, Washington, 98402-4200.

Director Independence

With the assistance of legal counsel to Columbia, the Corporate Governance and Nominating Committee has reviewed the applicable legal standards for Board and Board committee member independence, and the criteria applied to determine audit committee financial expert status. The Committee has also reviewed a summary of the answers to annual questionnaires completed by each of the directors, which also included any potential director-affiliated transactions.

The Board then analyzed the independence of each director and nominee and determined that the following members of the Board meet the standards regarding independence required by applicable law, regulation and NASDAQ listing standards, and that each such director is free of relationships that would interfere with the individual exercise of independent judgment. In determining the independence of each director, the Board considered many factors, including any loans to the directors, each of which (i) were made in the ordinary course of business; (ii) were substantially made on the same terms, including interest rates and collateral as those prevailing at the time for comparable loans with persons not related to the Company or the Bank; and (iii) did not involve more than the normal risk of collectability or present other unfavorable features. Such arrangements are discussed in detail in the section entitled *Certain Relationships and Related Transactions*.

Based on these standards, the Board has determined that each of the following non-employee directors is independent:

John P. Folsom	S. Mae Fujita Numata
Frederick M. Goldberg	Daniel C. Regis
Michelle M. Lantow	Donald H. Rodman
Thomas M. Hulbert	William T. Weyerhaeuser
Thomas L. Matson, Sr.	James M. Will

Based on the standards described above, the Board determined that Melanie J. Dressel, who serves as the President and Chief Executive Officer of the Company, is not independent because she is an executive officer of the Company.

Compensation Committee Interlocks and Insider Participation

During 2011, the Personnel and Compensation Committee consisted of Mr. Hulbert (Chair), and Messrs. Goldberg, Matson and Rodman. During 2011, none of our executive officers served on the compensation committee (or equivalent body) or board of directors of another entity whose executive officer served on the Personnel and Compensation Committee.

Shareholder Communications with the Board of Directors

Shareholders and other interested parties may communicate with the Board by writing to the Chairman of the Board c/o Columbia's Corporate Secretary, Columbia Banking System, Inc., 1301 A Street, Tacoma, Washington, 98402-4200. These communications will be reviewed by our Corporate Secretary and if they are relevant to, and consistent with, our operations and policies, they will be forwarded to the Chairman of the Board.

Table of Contents**BOARD STRUCTURE AND COMPENSATION***How often did the Board of Directors meet during 2011?*

The Board met 12 times during 2011. Each director attended at least 75% of the total number of meetings of the Board and committees on which he or she served. Columbia directors are expected to attend annual shareholder meetings. Last year, all of our directors attended the annual shareholder meeting. During 2011, the independent directors held 12 meetings.

What committees has the Board established?

The Board has established, among others, an Audit Committee, Personnel and Compensation Committee, a Corporate Governance and Nominating Committee, and an Enterprise Risk Management Committee.

The following table shows the membership of the various committees during 2011. In addition, following their appointment to the Board in 2012, Ms. Lantow was appointed to the Compensation Committee and Ms. Numata was appointed to the Audit Committee.

Audit Committee. The Audit Committee is comprised of five directors, each of whom is considered independent as defined by the NASDAQ listing standards and applicable SEC rules. The Audit Committee operates under a formal written charter. The Board has determined that each of Mr. Regis, Ms. Lantow and Ms. Numata is an Audit Committee Financial Expert as defined by SEC rules.

The Audit Committee is responsible for the oversight of the quality and integrity of Columbia's financial statements, its compliance with legal and regulatory requirements, the qualifications and independence of its independent auditors, the performance of its internal audit function and independent auditors and other significant financial matters. In discharging its duties, the Audit Committee is expected to, among other things:

have the sole authority to appoint, retain, compensate, oversee, evaluate and replace the independent auditors;

review and approve the engagement of the independent auditors to perform audit and non-audit services and related fees;

meet independently with the internal auditing department, independent auditors and senior management;

Table of Contents

review the integrity of the financial reporting process;

review the financial reports and disclosures submitted to appropriate regulatory authorities;

maintain procedures for the receipt, retention and treatment of complaints regarding financial matters; and

review and approve related party transactions.

Personnel and Compensation Committee. The Personnel and Compensation Committee is comprised of five directors, each of whom is considered independent as defined by the NASDAQ listing standards and applicable SEC and IRS rules. The Personnel and Compensation Committee is charged with the responsibility of reviewing the performance of our Chief Executive Officer and other key employees and determines, approves and reports to the Board on the elements of their compensation and long-term equity based incentives. The Committee may periodically retain an independent consultant to assist the Committee in its deliberations regarding executive compensation for the Chief Executive Officer and other key executives. The Committee is directly responsible and has full authority for the appointment, compensation and oversight of compensation consultants, legal counsel and any other advisors retained by the Committee. The Committee solicits and receives input and recommendations from the Chief Executive Officer with respect to the compensation of the other executive officers. In addition, the Executive Vice President and Human Resources Director assists the Committee in its work.

In 2011, the Compensation Committee commissioned Milliman, Inc. to update an earlier study of Columbia's executive compensation compared to a peer group comprised of other publicly traded financial services companies. The Committee used the report coming out of this study as a reference in making 2011 compensation decisions. Since this study is updated every other year, the information provided in the 2011 update will also inform the Committee's 2012 compensation decisions. The updated report provided Milliman's market observations on executive base salaries, short-term and long-term incentives based on competitive data from published compensation surveys and proxy filings of an updated peer group of 14 bank holding companies. Further information relating to the Milliman study is discussed in the *Compensation Discussion and Analysis*. In addition, in early 2012 the Compensation Committee reviewed the analysis of another compensation consultant, Swanson Advisory Services, which was engaged in January 2012 by the Company's management to analyze the relative alignment of compensation and performance at Columbia compared to peers. Swanson Advisory Services did not provide any advice or recommendations on the form or amount of compensation, and has not provided any other services for Columbia.

In addition the Personnel and Compensation Committee:

reviews all employee benefit plans; and

makes determinations in connection with compensation matters as may be necessary or advisable.

The Personnel and Compensation Committee operates under a written charter, a copy of which is posted on our website. The Personnel and Compensation Committee meets as needed, and may delegate to one or more of its members the responsibility of meeting with consultants and management to obtain information for presentation and consideration by the entire committee.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee is comprised of four directors, each of whom is considered independent as defined by the NASDAQ listing standards, and is responsible for recommending a slate of directors to the full Board for election at the annual meeting, recommending directors to fill vacancies as they occur and monitoring of Columbia's corporate governance principles and practices and making appropriate recommendations for enhancements or other changes to the full Board.

Table of Contents

The Corporate Governance and Nominating Committee will consider nominees recommended by shareholders provided that the recommendations are made in accordance with the procedures described in this proxy statement under the section *Information About the Meeting How do I nominate someone to be a director?* The Committee evaluates all candidates, including shareholder-proposed candidates, using generally the same methods and criteria. The Corporate Governance and Nominating Committee operates under a formal written charter which is posted on our website.

In deciding whether to recommend incumbent directors for re-nomination, the Committee evaluates Columbia's evolving needs, and assesses the effectiveness and contributions of its existing directors. The Committee is authorized to establish guidelines for the qualification, evaluation and selection of new directors to serve on the Board. The Committee has not adopted, nor does it anticipate adopting, specific minimum qualifications for Committee-recommended nominees, nor has the Committee adopted a formal policy relating to Board diversity, although the Committee and the Board value and seek to include members with a diversity of backgrounds, professional experience and skills relevant to the Company. The Committee instead evaluates each nominee on a case-by-case basis, including assessment of each nominee's business experience, involvement in the communities served by Columbia, and special skills. The Corporate Governance and Nominating Committee also evaluates whether the nominee's skills are complementary to existing Board members' skills, and the Board's need for operational, management, financial, technological or other expertise.

The Committee also has the authority and responsibility to monitor and review the appropriateness of the Company's principles and practices of corporate governance, including its Corporate Governance Policy, in light of emerging standards and best practices and the needs of the Company and its shareholders, and make such recommendations to the full Board as the Committee considers appropriate. The Committee also has the authority and responsibility to review the level and form of director compensation, taking into account such factors as the compensation paid to directors of comparable companies, and recommends any changes to the full Board for consideration. The process and procedures used in determining Board compensation for 2011 are discussed in the section below.

Enterprise Risk Management Committee. The Enterprise Risk Management Committee (ERM Committee) was formed in 2009 and is comprised of four directors, each of whom is considered independent under NASDAQ rules. The ERM Committee works closely with the Audit Committee and is responsible for the oversight of Columbia's policies, procedures, and practices related to business, market, and operational risks as they impact the strategic, operational, reporting, and compliance objectives of its strategic plan. The Committee is responsible for reporting risk issues and events to the Board of Directors and providing the Board with necessary oversight and advice to set risk tolerances.

How does the Board exercise its authority for risk oversight?

The Board has ultimate authority and responsibility for overseeing risk management at Columbia. Some aspects of risk oversight are fulfilled at the full Board level. For example, the Board regularly receives reports from management on credit risk, liquidity risk and operational risk. The Board delegates other aspects of its risk oversight function to its committees. The Audit Committee oversees financial, accounting and internal control risk management; the head of the Company's internal audit function reports directly to the Audit Committee. The executive officers regularly report directly to the entire Board and to appropriate Board committees with respect to the risks they are responsible for managing.

The oversight role of the ERM Committee is to ensure that risks that could impact the strategic plan are appropriately identified, addressed and monitored by the appropriate risk management personnel.

The Personnel and Compensation Committee oversees the management of risks that may be posed by the Company's compensation practices and programs. As part of this process, the Personnel and Compensation Committee is responsible for analyzing the compensation policies and practices for all employees, not just

executive management. In its review of these policies and practices, the Personnel and Compensation Committee has determined that the current policies and practices do not create or encourage risks that are reasonably likely to have a material adverse effect on the Company.

Director Compensation

The Corporate Governance and Nominating Committee has authority over director compensation subject to the Board's authority to approve changes. Directors receive compensation in the form of cash and, as applicable, equity awards in the form of restricted stock or stock options. We do not pay directors who are also employees of Columbia or Columbia Bank additional compensation for their service as directors.

The following table shows compensation paid or accrued for the last fiscal year to our non-employee directors. The footnotes to the table describe the details of each form of compensation paid to directors.

- (2) A restricted stock award of 1,000 shares was granted to each director in 2011.
- (3) Represents the grant date fair value of the stock awards. The fair value of these awards was determined in accordance with the Compensation Stock Compensation topic of the FASB ASC. Assumptions used to calculate these amounts are set forth in the notes to the Company's audited financial statements for the fiscal year ended 2011, included in the Company's accompanying Annual Report.

Cash Compensation. Non-employee directors are paid an annual retainer as compensation plus a per meeting attendance fee for service as a director. Members of the Audit, Personnel and Compensation and Corporate Governance and Nominating Committees, respectively, receive an additional per meeting attendance fee. The Chairman of the Board and Chairmen of the Audit, Compensation, E.R.M. and certain other committees receive an additional retainer in light of the increased demands associated with those positions. Non-employee directors may elect to defer the receipt of meeting and/or director fees in accordance with the terms of the Company's Deferred Compensation Plan.

Equity Compensation. Non-employee directors may from time to time be granted restricted stock awards pursuant to our Stock Option and Equity Compensation Plan (the Equity Compensation Plan), the material terms of which are discussed under the section *Executive Compensation Equity Compensation*. Restricted stock awards generally vest over a pre-determined period.

From time to time, we grant nonqualified stock options to our directors. These options are granted under the Equity Compensation Plan, and generally vest (i.e. become exercisable) three years from the date of grant, unless different vesting is approved by the Corporate Governance and Nominating Committee. The options may be exercised for a period of five years after they vest. If a director dies, becomes disabled, or retires (defined to mean a termination of directorship with at least five years of service or after attaining the age of 75), all options (whether or not vested) become immediately exercisable and may be exercised by the director or the director's estate for a period of five years or until the expiration of the stated term of the option. If a director terminates service on the Board for any reason other than death, disability or retirement, all options, to the extent then exercisable, must be exercised within 90 days unless the term for exercise is extended by the Board. If any director is removed by shareholders, all options will immediately terminate.

Long Term Care Program. In 2001, we implemented a long-term care program for directors serving at that time, which provides benefits in the event those individuals become chronically ill. The coverage is for a period of three years up to a lifetime, depending on the age of the director, and the amount of the benefit is based on the director's years of service with Columbia after the inception of the long-term care program. We paid a one-time premium for the long-term care policies. Expenses are allocated to the directors participating in the program on an annual basis. All directors covered by this plan are fully vested. If a director is terminated for cause, the director must reimburse Columbia for the full premium paid. A director must reimburse a percentage of the premium if the director voluntarily resigns or chooses not to run for re-election. The long-term care program was available to all directors, including executive officers that were also directors. We have purchased Bank Owned Life Insurance policies to fund this program. The Board has no plans to extend the program to include future officers or directors.

Deferred Compensation Plan. The Deferred Compensation Plan is a program under the management incentive plans pursuant to which directors may defer up to 100% of their total retainer fees. The terms of this plan are described under *Executive Compensation Deferred Compensation Plan*.

Report of the Personnel and Compensation Committee on Executive Compensation

The Personnel and Compensation Committee of the Board of Directors makes the following report which, notwithstanding anything to the contrary set forth in any of Columbia's filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, will not be incorporated by reference into any such filings and will not otherwise be deemed to be proxy soliciting materials or to be filed under such Acts.

Executive Summary

During 2011, the Company made great progress toward its long stated goal of becoming the leading Pacific Northwest Regional Community bank. The past year was highlighted by the successful integration of three FDIC-assisted acquisitions, contributing to an approximately 13% growth in assets and extending our geographic footprint to the eastern border of Washington, as well as expanding our market presence in northwestern Washington. As a result of these and other strategic initiatives, 2011 shareholder returns were strong, and our financial results for 2011 show solid improvement for the second consecutive year.

2011 Financial Results

Our key financial results for 2011 showed significant improvement over 2010, including:

Consolidated net income applicable to common shareholders for 2011 was \$48 million, compared to \$25.8 million in 2010, an increase of 86%. The increase in net income was primarily due to:

The financial benefits derived from recent FDIC-assisted transactions, including a net bargain purchase gain of \$1.8 million on the Bank of Whitman transaction;

Organic loan growth of approximately \$282 million, or about 15%, contributing to increased net interest margin and earnings; and

Lower provision expense for loan and lease losses, reflecting a stabilizing loan portfolio.

Significant improvement in credit quality with criticized and classified assets at their lowest levels since 2008;

Our on-going commitment to our customers and the communities we serve has resulted in an exceptional level of core deposits at approximately 92%, an important factor in our stable net interest margin; and

Our capital levels remain well in excess of the regulatory definition of well capitalized.

2011 Shareholder Return

The Company's shareholders realized a (7.1) % total return on their investment during 2011. This compares favorably against the Company's peer group, comprised of 14 bank holding companies with assets of \$2.5 billion to \$7.5 billion (see section, "The Role of Benchmarking") where the Company ranks in the top seven, or about the median of the group. The Company's three year total return to investors is 65.5%, the second highest total return as compared to the same peer group of 14 banks.

Edgar Filing: COLUMBIA BANKING SYSTEM INC - Form DEF 14A

The Company also decreased excess capital, strategically lowering its tangible common equity ratio from 14.0% at year-end 2010 to 13.3% at December 31, 2011. The tangible common equity ratio is a measure of an entity's ability to withstand losses in times of economic distress. The Company was able to return some capital to shareholders while remaining very well capitalized to enable the Company to pursue opportunities as they arise. Another important shareholder measure is book value per common share. Book value per common share increased to \$19.23 during 2011, as compared to \$17.97 at year-end 2010.

2011 Milestones

Columbia was named best bank headquartered in Washington State on the *Forbes* list of *America's Best Banks*. Columbia's rankings were based on asset quality, capital adequacy and profitability of the nation's 100 largest publicly traded banks and thrifts. The same list ranked Columbia second in the Northwest region and 34th in the nation.

Melanie Dressel, our President and CEO, was named by American Banker magazine as one of its three Community Bankers of the Year for 2011. The magazine cited her confidence to stick with a traditional community banking approach resulting in the strength to acquire failed banks in the region, as well as achieving strong organic growth.

Columbia's branch network grew to 102 branches, up 21% over prior year.

Alignment of 2011 Executive Compensation with Shareholder Return and Financial Performance

We believe our executive compensation policies and practices continue to reflect a strong alignment with our compensation philosophy which is built on the three core foundations of reasonableness relative to the market, accountability for performance, and alignment with shareholder interests. As discussed more fully below in this Compensation Discussion and Analysis:

Executive base salaries moved up 3% as a result of merit increases this year;

Our short-term cash bonus provided a cash reward for performance consistent with our financial results; and

Long-term incentive award values were below market, but consistent with past practice.

This year's executive compensation actions resulted in total direct compensation that remains slightly below market levels when compared to our peers, due primarily to long term equity awards that were below market.

Company Philosophy

Columbia's goal is to be the leading Pacific Northwest regional community bank, with a significant presence in selected markets, and to consistently increase earnings per share and shareholder value. Management believes that there continues to be opportunity for organic growth based upon its 102-branch footprint and the organization's commitment to delivering exceptional customer service and quality products, and growth through selective acquisitions. Our business strategy is to provide our customers with the financial sophistication and breadth of products of a regional banking company while retaining the appeal and service level of a community bank. We continually evaluate our existing business processes while focusing on maintaining asset quality and balanced loan and deposit portfolios, building our strong core deposit base, expanding total revenue and controlling expenses in an effort to increase our return on average equity and gain operational efficiencies. We believe that, as a result of our strong commitment to highly personalized, relationship-oriented customer service, our varied products, our strategic branch locations and the long-standing community presence of our managers, banking officers and branch personnel, we are well positioned to attract and retain new customers and to increase our market share of loans, deposits, and other financial services in the communities we serve. We are committed to increasing market share in the communities we serve by continuing to leverage our existing branch network, strategically adding new branch locations and considering business combinations that are consistent with our expansion strategy throughout the Pacific Northwest. We believe that achievement of these goals will create long-term value for Columbia's shareholders, consistent with protecting the interests of depositors.

Compensation Philosophy

In keeping with our long-term Company goal and our effort to consistently increase earnings per share and shareholder value, the Compensation Committee is guided by the following seven key principles in determining the compensation of the Named Executives:

Competition. Compensation should reflect the competitive marketplace, so that the Company can attract, retain, and motivate key executives of superior ability who are critical to our future success.

Table of Contents

Reasonable Levels of Compensation. Total compensation opportunities and payouts should be reasonable and not excessive. We generally strive to target total compensation near the median of our peers. We do not rigidly target or formulaically set compensation at the median or any other specific percentile. However, we do target overall compensation for executive officers in amounts that are roughly in line with the median of our peers.

Accountability for Business Performance. The executives' compensation in salary, as well as short-term bonus and long-term incentive compensation, should be tied in part to overall Company financial performance.

Accountability for Individual Performance. To encourage and reflect individual contributions to the Company's performance, compensation should be tied in part to the individual's performance.

Alignment with Shareholder Interests. Compensation should be tied in part to the Company's stock performance through the granting of stock awards with multi-year vesting which serve to align executives' interests with those of our shareholders.

Independent Oversight. The Compensation Committee, composed solely of independent directors, is responsible for reviewing and establishing the compensation for the Named Executives. The Committee periodically receives advice from an independent compensation consultant who has been retained by and reports directly to the Committee and performs no other work for management. In addition, the Committee may choose to review compensation analysis prepared by consultants retained by management.

Risk Management. Compensation policies and practices should align with sound risk management and be structured not to create incentives to subject Columbia to excessive risk.

The compensation tables that appear later in this proxy statement reflect decisions made by the Compensation Committee. The reader is encouraged to refer to the tables while reviewing this section in order to understand how our compensation philosophy is put into action.

Overall Compensation Levels for 2011

Overall 2011 compensation for Columbia's executive team increased a total of 17% compared to 2010. This larger than normal increase between 2010 and 2011 is primarily attributable the year over year increase in equity awards, which was caused by the absence of equity award grants in 2010. As we reported in our 2011 Proxy Statement, the Committee, in 2009, shifted the grant date for the 2010 annual grant to December 2009 from February 2010. Accordingly, the equity award values shown for 2009 in the compensation tables that follow represent two annual grants; the 2009 grant made in February 2009 and the 2010 grant made in December 2009. As a result, no equity award values are shown for 2010. The equity award values shown in the tables for 2011 reflect a return to the Committee's historical practice of awarding the annual grants in February. Offsetting the impact of the increase in equity awards is a reduction in the change in pension values.

Factors in Setting Overall Compensation Levels

When establishing salaries and annual cash incentive and long-term equity incentive compensation opportunities for executive officers, the Committee considers the following factors:

the Company's overall performance during the past year including meeting its financial and other strategic goals;

the executives' respective levels of responsibility and functions within the Company;

each executive's performance during the past year in meeting individual objectives

Table of Contents

how compensation of Columbia's executive officers compares to executives at peer institutions, with a particular focus on financial institutions with similar Company objectives and comparable asset size;

alignment of executive compensation decisions and policies with the decisions and policies applicable to other employees;

the need to provide a competitive executive compensation package to attract and retain superior executive talent;

as appropriate, general economic conditions within Columbia's market area and the overall banking industry;

the recommendations of our Chief Executive Officer in setting compensation for executives other than the Chief Executive Officer; and

the results of the prior year's shareholder advisory vote on executive compensation (which indicated a high level of shareholder support).

The Compensation Committee generally follows this process for determining executive compensation; however, other discretionary and subjective components may also be considered if appropriate.

The Role of Benchmarking

In 2011, the Compensation Committee commissioned Milliman, Inc. to update an earlier study of Columbia's executive compensation compared to a peer group comprised of other publicly traded financial services companies ("Executive Compensation Study"). The Committee used the report coming out of this study as a reference in making 2011 compensation decisions. Since this study is updated every other year, the information provided in the 2011 update will also inform the Committee's 2012 compensation decisions. The updated report provided Milliman's market observations on executive base salaries, short-term and long-term incentives based on competitive data from published compensation surveys and proxy filings of an updated peer group of 14 bank holding companies. Further, Milliman performed trend line (regression) analysis on the market data to predict salary levels for executives in bank holding companies with an asset size of approximately \$5 billion. Milliman relied on the following published compensation surveys for competitive market data: 2011 American Banking Association Executive Compensation Survey, 2011 Mercer Executive Compensation Benchmark Data Survey, 2011 Economic Research Institute Top Management Compensation Report, 2011 Towers Watson Long-term Incentive Study, 2011 Towers Watson Top Management Compensation Report, and the 2011 Milliman Northwest Financial Industry Salary Survey.

As part of the 2011 executive compensation review, Milliman updated the benchmarking peer group used in the prior study performed for Columbia in 2009. Of the 19 bank holding companies included in the 2009 study, eight were dropped because they no longer met our peer group selection criteria, as described below. Three new banks were added to our peer group to bring the total number of peer banks to 14. The newly added bank holding companies were selected based on asset size and their proximity to Columbia's SNL ranking (as of 2011 Q2) for the following criteria:

Asset size (\$2.5B - 7.5B)

Risk-based Capital ratio

Construction and Land Development Loans/Total Loans ratio

Edgar Filing: COLUMBIA BANKING SYSTEM INC - Form DEF 14A

Commercial and Industrial (C&I) Loans/Total Loans ratio

The 14 comparable commercial banking companies that comprised our peer group in the study include: Chemical Financial, First Interstate BancSystem, Glacier Bancorp, Hanmi Financial, Hudson Valley Holding Corporation, Nara Bancorp, PacWest Bancorp, Southside Bancshares, Sun Bancorp, Texas Capital Bancshares, Tompkins Financial, Westamerica Bancorp, Western Alliance Bancorp, and Wilshire Bancorp.

The updated market research indicated that the Total Direct Compensation (TDC) level for our Chief Executive Officer should be in the \$725,000 to \$1.2 million range. TDC above or below that range would be appropriate in consideration of Columbia's performance relative to its annual operating plan and its peer group, with respect to key financial and operating criteria as determined by the Compensation Committee.

Milliman summarized the observations from its study as follows. As of October 2011:

The base salary range structure (adopted following the 2009 benchmarking study) is about 15% below market levels;

Current base salaries for Named Executives are, in the aggregate, about 5% below market medians;

Current Target Award levels for Short-term Cash Incentives for Named Executives are consistent with competitive values.

Total Cash Compensation for Named Executives (2011 base salary plus Short-term Cash Incentive paid in 2011) was about 10% above market median, consistent with overall financial performance relative to peers.

The grant values of Restricted Stock Awards for Named Executives in 2011 were below competitive levels, substantially below for the CEO.

TDC levels for all Named Executives for 2010 were, in the aggregate, below market medians. Actual TDC for all Named Executives was 86% of market median.

Based on the analysis conducted for the updated study, and in consideration of historical executive compensation practices at Columbia, Milliman made the following recommendations to the Compensation Committee:

Update the base salary structure to bring it in line with market levels;

Retain current short-term incentive targets and

When contemplating long-term incentives in the form of equity-based awards, consider:

Competitive grant multiples;

Share availability under the Company's shareholder-approved equity compensation plan; and

The potential for the market price of the Company's stock to appreciate over time.

Allocation among Components

In allocating target compensation among various compensation elements, we believe that compensation for the Chief Executive Officer should be more heavily weighted toward performance-based elements, since the Chief Executive Officer has the greatest ability to influence the Company's overall performance. The Committee believes that certain critical control positions, such as the Chief Financial Officer, Chief Operating Officer, Chief Credit Officer and the Human Resources Director should receive a relatively higher portion of their compensation in base salary, which is consistent with the compensation practices of our peer group.

Table of Contents**2011 Allocation**

The following table shows the allocations among various elements of total direct compensation resulting from the Compensation Committee's decisions for 2011 target total compensation for Named Executives, which were made in early 2011. Total direct compensation includes base salary, annual cash bonus target and annual long-term equity incentive grant value.

	Base Salary	Bonus Target	Equity Incentive Target	Total Direct Compensation
President and CEO	56%	28%	16%	100%
EVP and Chief Financial Officer	62%	22%	16%	100%
EVP and Chief Operating Officer	62%	22%	16%	100%
EVP and Chief Credit Officer	62%	22%	16%	100%
EVP and Human Resources Director	62%	22%	16%	100%

Key Elements

Columbia's overall compensation program for executives currently consists of six key elements.

Base Salary. Salaries are used to provide a fixed amount of base compensation that is competitive with relevant organizations and internally consistent based upon each position's scope of responsibilities. The salaries of the Named Executives are reviewed on an annual basis, as well as at the time of a promotion or other change in responsibilities. We consider Company financial performance and individual performance, qualifications, experience, and overall contribution to the organization when setting base salary levels.

Short-Term Bonus Compensation. Consistent with competitive practices, we believe executives should have a portion of targeted total compensation at risk, contingent upon performance against key metrics. We believe it is important that executive incentives be based upon both the overall performance of the Company against key financial and operating performance metrics and individual performance. The variable annual bonus opportunity permits individual performance to be recognized and, through the Company financial and operating metrics and consideration applied to each executive, is based in significant part on the contribution made by the executive to Columbia's overall performance.

Long-Term Equity Incentives. Executive officers and other key management positions should have a meaningful portion of their competitive total compensation opportunity linked to shareholder return, which is directly tied to our long-term vision of growth, stability, asset quality and our commitment to a personalized banking approach. Long-term incentives take the form of equity awards that are intended to align the interests of an executive with those of Columbia's shareholders by tying value to the market value of Columbia stock, and further serve to promote an executive's continued service to the organization by vesting over a period of years (typically four years, with no vesting before two years).

Retirement Benefits. The Company believes that a retirement plan for its executive officers is an important part of the total compensation package and provides a mechanism for attracting and retaining superior executives. Retirement benefits currently offered to executives consist of supplemental compensation arrangements, also known as "Unit Plans", and an executive deferred compensation plan. Prior to 2004, the Company provided supplemental executive retirement plans or SERPs to certain executives, including Ms. Dressel and Messrs. Schminkey and Nelson.

Severance and Change-in-Control Benefits. The Company provides severance and change-in-control benefits to executives that are payable in circumstances the Compensation Committee believes are appropriate and market-competitive. Change-in-control benefits are "double-trigger", meaning they are payable only if the executive experiences a qualifying termination of employment in connection with a change-in-control of the Company.

Table of Contents

General Employee Benefits. Like other employees, the Company strives to assist executives in meeting their retirement income, health care, disability income, time-off and other needs through competitive, cost-effective, Company-sponsored programs that provide individuals with reasonable flexibility in the context of their individual circumstances.

The combination of these key elements enables us to reinforce our pay-for-performance philosophy, as well as strengthen our ability to attract and retain highly qualified executives. We believe that this combination of programs provides an appropriate mix of fixed and variable pay, promotes creating long-term shareholder value, and helps us recruit and retain top executives.

Decisions regarding executive total compensation program design, and individual pay, are made in the context of the total compensation philosophy outlined above, including Columbia's financial performance. We believe that this approach best serves the interests of Columbia's shareholders. It enables Columbia to meet the requirements of the highly competitive banking environment in which it operates, while compensating executive officers in a way that advances both the short-term and long-term interests of shareholders.

Base Salary

Our goal is to provide base salary levels that reflect a combination of factors, including competitive pay levels relative to the peer group discussed above, the executives' individual performance, the executives' experience and tenure, and our overall annual budget (which takes into account Company financial performance). Consistent with the Company's overall budget for base salary increases, the Named Executives received base salary increases of approximately three percent for 2011, resulting in base salaries as follows: Ms. Dressel: \$441,252; Mr. Schminkey: \$247,944; Mr. Nelson: \$246,891; Mr. McDonald: \$204,876; and Mr. Roberts: \$189,108.

Short-Term Cash Bonus Compensation

Short-term cash bonuses are used to drive and reward annual financial results and progress toward Company and individual strategic priorities. Columbia formerly applied a scorecard approach with pre-set performance targets. However, in 2011 the Compensation Committee adopted a more balanced approach, with no predetermined formulas for determining bonus payouts, to provide a better framework for the Committee to exercise appropriate discretion while still measuring performance against key financial and operating metrics. Under this approach, the Committee evaluates Columbia's performance relative to both the annual business plan and to comparable financial institutions. For 2011 award decisions, the Committee focused on the following key financial and operating results:

Earnings per share increased 67% compared to 2010

Columbia remained very well capitalized even while returning capital to shareholders through increased dividends

organic loan growth equaled nearly 15%

credit quality improved significantly

Achievement of strategic initiatives exceeded expectations highlighted by the successful integration of three FDIC assisted acquisitions resulting in a 13% growth in assets and 21% growth in our branch network

Columbia's efficiency ratio did not meet expectations in 2011 (See Form 10-K, Item 6, Selected Financial Data, footnote #2, for an explanation as to how efficiency ratio is calculated.)

In further consideration, the Committee compared Columbia's 2011 results to its benchmarking peers with metrics that reflect profitability, shareholder return, asset growth and capital management. Of the fourteen separate metrics reviewed, Columbia results for 2011 placed it in the top quartile in ten of the fourteen financial metrics reviewed.

Table of Contents

Based on these 2011 results, the peer comparison and the Compensation Committee's subjective assessment of each individual executive's performance, the Committee approved annual bonus awards to executives for 2011 as follows:

Ms. Dressel:	\$ 260,000
Mr. Schminkey:	\$ 104,000
Mr. Nelson:	\$ 104,000
Mr. McDonald:	\$ 86,000
Mr. Roberts:	\$ 80,000

Long-Term Equity Incentive Compensation

Columbia's compensation philosophy holds that executive officers and other key management should have a meaningful portion of their total compensation opportunity tied to shareholder return that is directly aligned with our long-term vision of growth and profitability. Columbia's use of stock-based compensation is an important element of employee compensation that facilitates the alignment of management's goals with the goals of the shareholders and the retention of executive management and other key employees. Long-term equity incentive awards to the Named Executives consist of restricted stock awards, which generally vest over a period of four years. Columbia's use of stock-based compensation is based on the principles that:

stock-based compensation is an important element of executive pay;

Company and individual performance in the prior year are taken into account when equity compensation awards are granted;

awarding restricted shares that vest gradually over four years aids in retention of executive talent and is consistent with sound risk management practices.

owning an interest in Columbia stock is an important ingredient in forming the partnership of the employee with the goals of the organization and the shareholders.

In establishing award levels, we do not consider the equity ownership levels of the recipients or prior awards that are fully vested, because each equity award is awarded as an incentive to drive *future* shareholder return and to promote retention. It is our belief that competitors who might try to hire away our employees would not give credit for equity ownership in Columbia and, accordingly, to remain competitive, we cannot afford to give credit for that factor either.

Historically, the Committee has awarded restricted shares to executives at levels below market as compared to the peer group. This was the case again in 2011.

In determining the value of equity awards to executives, the Committee considers comparisons to peers. Additionally, however, the Committee also considers awards to executives compared to the level of equity awards offered to other Columbia employees. Giving equal weighting to both of these factors results in equity awards for Columbia executives that are below market levels.

The Committee intends to review equity award levels during 2012 in light of the Company's below-market positioning compared to peers, its strong financial performance and long-term shareholder returns, as well as the recommendations made by the executive compensation consultant retained by the Committee. Those recommendations were presented to the Committee in an Executive Compensation Study that was presented to the Committee in October, 2011 and are summarized above in the section, *The Role of Benchmarking*.

Typically, annual grants to executives have occurred in February of each year. When appropriate, the Committee considers off-cycle grants in addition to regular annual grants, although no off-cycle grants to Named Executives were made in 2011. We do not coordinate the timing of equity award grants with the release of material non-public information. Equity award values are based on the closing market price of our stock on the date the Board approves the grant.

Table of Contents

Policy for the Recovery of Incentive Compensation

We have adopted a policy for the recovery of incentive compensation under certain circumstances. Under this policy, the Company will recover incentive compensation awarded to current or former executive officers (during the preceding three years) if the Company restates its financial results due to material noncompliance with any financial reporting requirement under the securities laws, to the extent the original awards exceeded the amounts that would have been paid under the restated results.

Stock Ownership Guidelines

The Company has adopted stock ownership guidelines for its executive officers. The guidelines are intended to help closely align the financial interests of these officers with those of Columbia's shareholders. Officers are expected to make continuing progress towards compliance with the guidelines during a five-year period. The ownership guidelines are as follows: (1) senior executive officers (currently including the positions of Chief Executive Officer, President and Chief Operating Officer) have a required minimum ownership of approximately 28,000 shares; and (2) the Chief Banking Officer, Chief Credit Officer, Chief Financial Officer and Executive Vice President in charge of Human Resources have a required minimum ownership of approximately 21,000 shares. All of the Company's executive officers have exceeded the required minimum.

The Board has also approved stock ownership guidelines that call for non-employee directors to own at least 7,000 shares within five years of joining the Board. At year-end 2011, all directors, other than S. Mae Fujita Numata and Michelle Lantow who joined the Board in early 2012 and have not yet acquired any shares of Columbia stock, had exceeded the ownership guidelines.

Retirement Benefits

The Company believes that a retirement plan for its executive officers is an important part of the total compensation package and provides a mechanism for attracting and retaining superior executives. The Company has not adopted a formal pension plan but, instead, has provided retirement benefits to its executives in the form of Supplemental Executive Retirement and Compensation Plans (SERPs) and the Deferred Compensation Plan. In 2004, the Company terminated the use of further SERPs and adopted the Supplemental Compensation or Unit Plan for future executives.

Supplemental Executive Retirement Plan. In 2001, Columbia implemented a SERP for certain executive officers of Columbia to provide retirement benefits to those officers. The SERP provides a fixed lifetime annual retirement benefit, the amount of which declines to the extent the executive retires before normal retirement age. The SERPs serve a retention purpose by vesting over five years (ten years for Mr. Nelson), and by restricting the executive from working for a competitor during the benefit distribution period. We have provided SERPs to Ms. Dressel and Messrs. Schminkey and Nelson. A more detailed description of the SERPs is located in the section entitled *Post Employment and Termination Benefits*.

Supplemental Compensation Plan. Starting in 2004, the Company began using supplemental compensation arrangements, which we call Unit Plans, to provide retirement benefits for executive officers instead of SERPs. The Unit Plan vehicle was selected following actuarial analysis which indicated that the Unit Plan approach was a more straightforward, cost-effective vehicle for delivering competitive retirement benefits to future executive officers. Like the SERPs, the Unit Plans serve a retention purpose by vesting over five to ten years, and by restricting the executive from working for a competitor during the benefit distribution period. As more fully described in the section entitled *Post Employment and Termination Benefits*, we have awarded three separate Unit Plans to Andrew L. McDonald, Executive Vice President and Chief Credit Officer, and one Unit Plan to Kent L. Roberts, Executive Vice President and Director of Human Resources.

Executive Deferred Compensation Plan. As more fully described in the section entitled *Post Employment and Termination Benefits*, we also provide non-employee directors and highly-compensated employees (as

Table of Contents

defined by IRS rules) with the opportunity to defer compensation because their participation in our 401(k) plan is limited under federal income tax rules and we believe they should have other similar means of saving for retirement. Currently, interest paid on the participant deferrals is 3-month LIBOR (the London Interbank Offered Rate) plus 3.58%.

Executive Employment and Change-in-Control Agreements

Ms. Dressel serves as President and Chief Executive Officer of Columbia and Columbia Bank pursuant to an employment agreement entered into effective August 1, 2004, which is described in detail in the section entitled *Post Employment and Termination Benefits*. The Company believes that an employment agreement helps protect the interests of our shareholders in a number of meaningful ways. First, it guarantees continuity of leadership through retention. Second, it contains a non-compete provision that remains in force for duration of the pay-out period. Third, and perhaps most importantly, through severance and change-in-control provisions the employment agreement reduces potential concerns from shareholders about the degree to which the Chief Executive Officer is affected by short-term prospects for continued employment when making key strategic, long-term decisions.

Columbia has entered into change-in-control agreements with the Named Executives other than Ms. Dressel, which are described in detail in the section entitled *Post Employment and Termination Benefits*. The change-in-control agreements contain provisions, similar to those in Ms. Dressel's employment agreement, that require payments in the event of termination of employment related to a change-in-control. These arrangements are "double trigger", meaning that because they provide payments only upon a termination of employment in connection with a change-in-control, no covered executive will receive payments due to a change-in-control alone.

Perquisites and Other Benefits

The Named Executives do not receive any perquisites or similar benefits such as company-provided cars, car allowances, or country club memberships. Executives participate in other benefits to the same extent as other employees. These benefits include medical and dental insurance, disability insurance, and the Company's 401(k) Plan.

Columbia adopted a policy on luxury expenditures which we have elected to maintain in effect even though it is no longer required because the policy aligns with Columbia's executive compensation philosophy and is emblematic of Columbia's strong corporate governance culture. Since we do not offer perquisites to executives, adoption of the policy did not require us to limit or eliminate any element of executive compensation.

Impact of Tax Treatment of Compensation

The Committee and management have considered the accounting and tax impacts of various programs designed to balance the potential cost to Columbia with the benefit/value to the executive. The Committee generally seeks to maximize deductibility of executive compensation under Internal Revenue Code Section 162(m) while retaining discretion to compensate executives in a manner commensurate with performance and the competitive market for executive talent. In this context, the Committee acts in a manner that, in its judgment, is in the best interests of Columbia.

Equity Compensation

Stock Option and Equity Compensation Plan. The Amended and Restated Stock Option and Equity Compensation Plan (the Equity Compensation Plan) is unlimited in duration and provides for the grant of restricted stock, incentive stock options, nonqualified stock options, restricted stock units and stock appreciation rights. All eligible employees and directors may participate in the Stock Option Plan. As of December 31, 2011, 64,912 shares are subject to granted but unexercised options and 519,907 shares remain available for future grant.

Restricted stock awards, generally, vest gradually over four years, subject to the following conditions: (i) the executive must remain fully employed with Columbia; and (ii) any remaining restrictions on the awards will automatically be removed following a change in control. Restricted stock awards carry full voting and dividend rights from the date of grant.

- (1) Amounts deferred in 2011 under the 401 Plus Plan, the terms of which are described below. These amounts are reflected in the salary column of the Salary Compensation Table.
- (2) The interest rate shall be equal to the three month LIBOR rate plus 3.58%. The Plan Administrator shall annually review the calculation of the rate of interest that will be applied to the Deferred Compensation Account (the DCA) (the Interest Crediting Rate) for appropriateness. The Interest Crediting Rate shall be adjusted quarterly for fluctuations in the three-month LIBOR rate. Plan participants will be notified of any adjustments to the Interest Crediting Rate.

On the last date of each month, the DCA maintained for each participant shall be credited with an amount equal to the product of (i) one-twelfth (1/12th) of the Interest Crediting Rate for the quarter in which such month occurs, times (ii) the average balance in the DCA for that month. The amount so credited shall be treated as a part of the credit balance of the DCA for all purposes of this Plan. As used herein, the average balance in a DCA for a month shall be equal to the quotient determined by dividing (i) the sum of the credit balance in the DCA at the close of business each day in the calendar month, by (ii) the number of days in such month.

Deferred Compensation Plan. In February 2004, the Board adopted a deferred compensation plan known as the 401 Plus Plan (EDCP) for certain directors, a select group of senior management and key employees, as designated by resolution of the Board. The EDCP generally provides for the deferral of certain taxable income earned by participants in the EDCP. Non-employee directors may elect to have any portion, up to 100% of his or her director s fees deferred. Designated officers or key employees may elect to defer annually under the EDCP up to 50% of his or her salary to be earned in the calendar year, and up to 100% of any cash bonuses.

Distribution Election Notice. At the time a participant first makes an election to defer covered compensation, he or she must deliver to the Company a signed distribution election notice in which he or she elects to receive distributions of the credit balance in his or her DCA in the form of either a single lump-sum payment or monthly installment payments over a period not to exceed one hundred twenty (120) months. A participant may change such election from time to time; but if a distribution election notice is delivered to the Company less than twelve (12) calendar months before the month in which distributions begin, such notice will not be effective and the Company will instead treat the distribution election notice that was last delivered to the Company before such twelve (12) calendar month period as the effective notice.

Table of Contents

Distributions Upon Retirement or Disability. The Company will distribute the credit balance in a DCA maintained for a participant at the time he or she retires or becomes disabled as either a single lump-sum or monthly installment payments, as elected by the participant. If the participant has elected a single lump-sum distribution, such distribution will be made within ninety (90) days after the date that a participant retires or becomes disabled. If the participant has elected monthly installment payments, such distribution will be made on the first day of each month, beginning with the first day of the third month following the month in which a participant retires or becomes disabled and continuing until the full amount of the DCA maintained for the participant has been distributed. Until the DCA has been distributed in full, interest will continue to be credited to the DCA. The monthly installment payments will be in as nearly equal amounts as possible. Notwithstanding any contrary provisions of the Plan, if the participant dies after monthly installment payments of the credit balance in the DCA maintained for him or her have begun, then the remaining credit balance in the DCA will be distributed to his or her designated beneficiary in a single lump-sum within thirty (30) days after the Company receives notice that participant has died.

Lump Sum Distributions Upon Termination of Employment Other Than Because of Death, Disability, or Retirement or if DCA is Less Than \$25,000. Notwithstanding a participant's election to receive a distribution of the credit balance in the DCA maintained for him or her in the form of monthly installment payments, such credit balance will be distributed to the participant in a single lump-sum within ninety (90) days after the date on which he or she terminates his or her services or employment with the Company, if (i) such termination of services or employment is for any reason other than because he or she retires or becomes disabled, or (ii) if the credit balance of the DCA maintained for him or her does not exceed twenty-five thousand dollars (\$25,000). If a participant's services or employment with the Company is terminated because of his or her death, the credit balance in the participant's DCA will be distributed to his or her designated beneficiary.

- (1) The terms of the Supplemental Executive Retirement Plan (SERP) are described below.
- (2) Under the terms of the SERP, executives must, in addition to other conditions, be fully vested, which requires that the executive be employed by Columbia for at least five years. Both Ms. Dressel and Mr. Schminkey are 100% vested; Mr. Nelson is 80% vested, and will attain full vesting in 2013.
- (3) The estimated maximum annual retirement benefit payable under the SERP for the Named Executives upon attaining age 65 is as follows: Ms. Dressel \$294,688; Messrs. Schminkey and Nelson \$206,957 and \$161,627, respectively.

Supplemental Executive Retirement Plan. In 2001, Columbia implemented a supplemental executive retirement plan (SERP) for certain executive officers of Columbia (the Executives) to provide retirement benefits to those officers. The SERP is unsecured and unfunded and there are no plan assets. Columbia has purchased single premium Bank Owned Life Insurance (BOLI policies) on the lives of the Executives and other officers and intends to use income from the BOLI policies to offset SERP benefit expenses.

Table of Contents

The SERP provides the Executives with lifetime retirement benefits of a fixed initial amount of \$294,688, \$206,957 and \$161,627, respectively, for each of Ms. Dressel and Messrs. Schminkey and Nelson. The SERP includes a number of restrictions on payment, including a requirement, subject to certain exceptions, that the Executive attain age 65 (62 in the event of a change in control). The SERP includes a number of potential adjustments to the date on which retirement payments are initiated and to the amount of the Executive's benefit. These potential adjustments include provisions for early retirement at a reduced benefit amount, and a 2% annual inflation adjustment to benefit payments. Executives terminated pursuant to a change in control of Columbia, or disabled under any circumstances will be 100% vested, regardless of tenure. Other potential SERP adjustments include an elimination of benefits if the Executive violates non-competition requirements or if the Executive is terminated for cause or resigns voluntarily before achieving 100% vesting. The retirement benefits are funded from accruals to a benefit account during the participant's employment. The amount of the accrual is determined annually. The executive attains vesting by years of service, vesting 20% per year and becoming fully vested after five years.

Executive Employment Agreement. Ms. Dressel serves as President and Chief Executive Officer of Columbia and Columbia Bank pursuant to an employment agreement entered into effective August 1, 2004. The term of the employment agreement with Ms. Dressel is a rolling three-year term that provides for termination by either party through a notice of non-renewal submitted at least 60 days prior to the anniversary of the agreement.

Ms. Dressel's employment agreement provides that if her employment is terminated without cause or if she resigns for good reason, then she will receive salary and benefits for the greater of two years or the balance of the contract term, a prorated portion of any incentive payment earned during the year of termination, and all forfeiture provisions regarding any outstanding restricted stock or other compensation agreements will lapse. The employment agreement also provides for certain benefits and payments if Ms. Dressel's employment is terminated in connection with a change in control (as defined in the agreement). In such event, in addition to the continued benefits and payment of base salary described above (as well as the lapsing of any forfeiture provisions), the agreement provides that Ms. Dressel will receive an amount equal to two times any incentive payment she received during the year preceding her termination, and all of her stock awards will fully vest or any restrictions will be removed. In the event Ms. Dressel is terminated without cause, or she terminates for good reason, and within six months the Company publicly announces a change in control, upon closing of the change in control, the agreement provides that she will be entitled to receive the change in control payments set forth above, less any payments that she received as a termination payment.

Effective February 1, 2009, Ms. Dressel voluntarily agreed to an amendment to her employment agreement that provides that if the total payment and benefits to be received by her as a result of a termination of employment in connection with a change in control would be in an amount that would cause them to be a parachute payment within the meaning, of Section 280G of the Code, such payments will be reduced so that the total amount of such payments and benefits is \$1 less than the amount constituting a parachute payment.

The table below shows the maximum amounts that could be paid to Ms. Dressel under her agreement, and (i) is based on her salary at December 31, 2010; and (ii) assumes the triggering event was December 31, 2011.

- (1) Termination without Cause and Voluntary Termination for Good Reason; represents two times Ms. Dressel's annual salary. Termination due to Change in Control; represents two times Ms. Dressel's annual salary and targeted incentive bonus.
- (2) Represents maximum annual lifetime benefit payable and is subject to a 2% annual inflation adjustment.
- (3) The dollar amount represents amounts that would be due to Ms. Dressel's beneficiaries under group term life insurance program that provides a benefit for employees generally equal to two times salary as of the date of death, subject to a cap of \$200,000. Such amounts would be paid by insurance companies rather than by us.
- (4) For purposes of this table the fair market value of the accelerated vesting of equity awards is determined as being the difference between the Company's December 31, 2011 closing stock price and the strike price of the accelerated equity awards. It is expected that in the event of a change in control, the per share settlement stock price would be substantially higher than that used in this table.

Change in Control Agreements. Columbia Bank has entered into change in control agreements with Mark W. Nelson, Executive Vice President and Chief Operating Officer, Andrew L. McDonald, Executive Vice President and Chief Credit Officer, Gary R. Schminkey, Executive Vice President and Chief Financial Officer and Kent L. Roberts, Executive Vice President and Director of Human Resources.

The agreements contain provisions, similar to those contained in the employment agreement for Ms. Dressel discussed above, that require payments in the event of termination of employment related to a change in control. Under the terms of the agreements, following termination in connection with a change in control, the executives are entitled to (i) receive their base salary for terms of two years; (ii) accelerated vesting of options; and (iii) removal of restrictions on any restricted stock or other restricted securities, subject to Federal securities laws. These agreements also contain a covenant that the executive will not compete with Columbia or any of its subsidiaries for up to two years after the commencement of severance benefit payments, unless payments of such severance benefits are waived by the executive. In October 2011, the Committee modified Mr. Roberts' agreement to make all terms consistent with the other executive vice presidents by providing entitlement to receive his base salary for a term of two years, whereas previously his agreement provided only one year of base salary coverage. The terms of the agreements become operable only in certain circumstances involving a change in control.

Under the terms of the agreements, the executive's severance benefit will be reduced as necessary to avoid application of Section 4999 of the Code. The terms of the agreements are five years unless otherwise extended in writing.

Unit Plans. Columbia has entered into three Unit Plans with Andrew L. McDonald (one each in 2004, 2006 and 2007). The plans are provided primarily to supplement retirement benefits in lieu of a SERP. Each separate Unit Plan provides that Mr. McDonald will begin receiving a monthly payment beginning the first month following the tenth anniversary of each plan, based on an annual aggregate payment of \$25,000 per year for ten years. In the event Mr. McDonald's employment is terminated by the Company without cause, or he is terminated due to disability, Mr. McDonald will be entitled to receive a payment based on the prorated portion of his term of employment, payable in monthly payments following the tenth anniversary of each plan. If Mr. McDonald leaves the employment of Columbia prior to expiration during the respective ten-year period, the entire amount is forfeited. Once receiving the benefit, there is a non-competition clause restricting Mr. McDonald from working for a competitor.

In 2008, Columbia entered into one Unit Plan with Kent L. Roberts. The plan is provided primarily to supplement retirement benefits in lieu of a SERP. The Unit Plan provides that Mr. Roberts will begin receiving a monthly payment beginning the first month following the fifth anniversary of the plan, based on an annual aggregate payment of \$25,000 per year for five years. In the event Mr. Roberts' employment is terminated by the Company without cause, or he is terminated due to disability, Mr. Roberts will be entitled to receive a payment

If Mr. Roberts leaves the employment of Columbia prior to expiration during the five-year period, the entire amount is forfeited. Once receiving the benefit, there is a non-competition clause restricting Mr. Roberts from working for a competitor.

The table below shows the maximum amounts that could be paid to Messrs. Schminkey, Nelson, McDonald and Roberts under their respective agreements, which are based on (i) the executive's salary at December 31, 2011; and (ii) assumes the triggering event was December 31, 2011.

The amounts shown for Messrs. McDonald and Roberts represent annual benefits payable for a period of ten and five years, respectively.

(3) The amount shown for Mr. Schminkey represents the maximum annual lifetime benefit payable under his SERP, once he attains age 55, and is subject to a 2% annual inflation adjustment.

(4) The amount for Messrs. Schminkey, Nelson, McDonald and Roberts represent two times each named executive's annual base salary

(5) For purposes of this table the fair market value of the accelerated vesting of equity awards is determined as being the difference between the Company's December 31, 2011 closing stock price and the strike price of the accelerated equity awards. It is expected that in the event of a change in control, the per share settlement stock price would be substantially higher than that used in this table.

Other Compensation Plans

Employee Stock Purchase Plan. We also maintain an Employee Stock Purchase Plan (the "ESPP") that was adopted in 1995, and amended in 2000, 2006, 2009 and 2010. The ESPP allows eligible employees to purchase shares of Columbia common stock at 90% of the lower of the market price at either the beginning or the end of each six-month offering period by means of payroll deductions. At December 31, 2011, there were 647,903 shares available for purchase under the ESPP.

PROPOSAL NO. 2

ADVISORY (NON-BINDING) VOTE

ON EXECUTIVE COMPENSATION

At the 2011 Annual Meeting, shareholders voted on an advisory (non-binding) vote on the frequency of a shareholder vote on executive compensation. As recommended by the Board of Directors the shareholders approved that an advisory (non-binding) vote to approve executive compensation should occur on an annual basis; as subsequently approved by the Board of Directors. In accordance with the vote of the shareholders and the Board of Directors, we are providing you the opportunity, as a shareholder, to endorse or not endorse our executive pay program through the following non-binding resolution:

RESOLVED, that the shareholders approve the compensation of executive officers as described in the Compensation Discussion & Analysis and the tabular disclosures regarding Named Executive compensation (together with the accompanying narrative disclosures) in this proxy statement.

We believe that our compensation policies and procedures are strongly aligned with the long-term interests of our shareholders. Columbia's compensation program is guided by the philosophy that total executive compensation should vary based on achievement of both individual and corporate goals and objectives, and should be focused on long-term strategies to build shareholder value.

The compensation of our executives for 2011 is closely aligned with 2011 shareholder returns and Company financial performance. Columbia had strong financial results including significant increases in net income and earnings per share, and we successfully completed a number of strategic initiatives including three FDIC-assisted acquisitions and a successful capital raise. The compensation of our executives increased along with our strong performance.

Because your vote is advisory, it will not be binding upon the Board of Directors. However, the Personnel and Compensation Committee values the opinions that our shareholders express in their votes, and will take into account the outcome of the vote when considering future executive compensation arrangements.

Vote Required and Board Recommendation

The proposal on the advisory (non-binding) vote to approve executive compensation requires the affirmative vote FOR of a majority of the shares present and voting on this matter.

The Board of Directors unanimously recommends a vote FOR approval of the compensation of executive officers as described in the Compensation Discussion and Analysis and the tabular disclosures regarding Named Executive compensation (together with the accompanying narrative disclosures) in this proxy statement.

Table of Contents**MANAGEMENT****Executive Officers who are not Directors**

The following table sets forth information with respect to the executive officers during 2011 who are not directors or nominees for director of Columbia, including employment history for the last five years. All executive officers are elected annually and serve at the discretion of the Board.

In considering the nature of the services provided by Deloitte, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with Deloitte and Company management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement Sarbanes-Oxley, as well as the American Institute of Certified Public Accountants.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

The services performed by Deloitte in 2011 were pre-approved in accordance with the pre-approval policy and procedures adopted by the Audit Committee. This policy is reviewed annually and describes the permitted audit, audit-related, tax, and other services (collectively, the Disclosure Categories) that Deloitte may perform. The policy requires that prior to the beginning of each fiscal year, a description of the services (the Service List) expected to be performed by Deloitte in each of the Disclosure Categories in the following fiscal year be presented to the Audit Committee for approval.

Services provided by Deloitte during the following year that are included in the Service List were pre-approved following the policies and procedures of the Audit Committee.

Any requests for audit, audit-related, tax, and other services not contemplated on the Service List must be submitted to the Audit Committee for specific pre-approval and cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings. However, the authority to grant specific pre-approval between meetings, as necessary, has been delegated to the Chairman of the Audit Committee. The Chairman must update the Audit Committee at the next regularly scheduled meeting of any services that were granted specific pre-approval.

In addition, although not required by the rules and regulations of the SEC, the Audit Committee generally requests a range of fees associated with each proposed service on the Service List and any services that were not originally included on the Service List. Providing a range of fees for a service incorporates appropriate oversight and control of the independent auditor relationship, while permitting the Company to receive immediate assistance from Deloitte when time is of the essence.

The Audit Committee reviews the status of services and fees incurred year-to-date against the original Service List and the forecast of remaining services and fees for the fiscal year.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors makes the following report, which notwithstanding anything to the contrary set forth in any of Columbia's filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, will not be incorporated by reference into any such filings and will not otherwise be deemed to be proxy soliciting materials or to be filed under such Acts.

The Audit Committee consists of the directors listed below. The Board has determined that the membership of the Audit Committee meets the independence requirements as defined under the NASDAQ listing standards.

Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The Audit Committee is responsible for overseeing Columbia's financial reporting processes on behalf of the Board. With respect to fiscal 2011 the Audit Committee has:

- (1) reviewed and discussed the audited financial statements with management, and management represented to the Audit Committee that Columbia's consolidated financial statements were prepared in accordance with generally accepted accounting principles;
- (2) discussed with the independent accountants the matters required to be discussed by SAS 61 (Communication with Audit Committees);
- (3) received from Deloitte the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountants' communications with the Audit Committee concerning independence, and the Audit Committee discussed with Deloitte that firm's independence;
- (4) discussed with Columbia's internal and independent accountants the overall scope and plans for their respective audits;
- (5) met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, the evaluations of Columbia's internal controls, and the overall quality of Columbia's financial reporting; and

Based on the review and discussions referred to in items (1) through (5) above, the Audit Committee has recommended to Columbia's Board of Directors that the audited financial statements be included in Columbia's Annual Report on Form 10-K for the fiscal year ended December 31, 2011 for filing with the Securities and Exchange Commission.

PROPOSAL NO. 3

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED

PUBLIC ACCOUNTING FIRM

Deloitte & Touche LLP currently serves as our independent registered public accounting firm, and that firm conducted the audit of our financial statements for the fiscal years ended December 31, 2011, 2010 and 2009. The Audit Committee has appointed Deloitte & Touche LLP to serve as the Company's independent registered public accounting firm to conduct an audit of the financial statements for fiscal year 2011.

Appointment of the Company's independent registered public accounting firm is not required to be submitted to a vote of our shareholders for ratification. However, upon the recommendation of the Audit Committee, the Board has determined to submit the selection of auditors to our shareholders for ratification. In the event our shareholders fail to ratify the appointment, the Audit Committee may reconsider whether to retain Deloitte & Touche LLP, and may retain that firm or another without re-submitting the matter to our shareholders. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the Company's and its shareholders' best interest.

Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. It is also expected that they will be available to respond to appropriate questions.

The Board of Directors unanimously recommends that you vote FOR the ratification of the appointment of Deloitte & Touche LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2012.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers to send reports of their ownership of our stock to the Securities and Exchange Commission. We believe that all Section 16(a) filing requirements that apply to our directors and executive officers were complied with for the fiscal year ended December 31, 2011. In making this disclosure we have relied solely on written representations of our directors and executive officers, and copies of the reports that they have filed with the SEC.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Transactions between Columbia or its affiliates and related persons (including directors and executive officers of Columbia and Columbia Bank, or their immediate family) must generally be approved by the Audit Committee, in accordance with the policies and procedures set forth in the policy governing Related Persons Transactions adopted by the Board of Directors. Under the Related Persons Transaction Policy, a transaction between a related person will be consummated only if the Audit Committee, or a majority of the disinterested independent members of the Board, approves or ratifies such transaction in accordance with the guidelines set forth in the policy and if the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party.

During 2011 certain directors and executive officers of Columbia and Columbia Bank, and their immediate family members, were customers of Columbia Bank, and it is anticipated that such individuals will continue to be customers of Columbia Bank in the future. All transactions between Columbia Bank and its executive officers and directors, and their associates, were made in the ordinary course of business on substantially the same terms,

including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and, in the opinion of management, did not involve more than the normal risk of collect ability or present other unfavorable features.

ANNUAL REPORT TO SHAREHOLDERS AND FORM 10-K

Columbia's Annual Report and Form 10-K for the year ended December 31, 2011 (which is not a part of Columbia's proxy soliciting materials) is being mailed to Columbia's shareholders with this proxy statement. Additional copies of the Annual Report and Form 10-K will be furnished to shareholders upon request to:

JoAnne Coy

VP, Corporate Communications

P. O. Box 2156, MS 3100

Tacoma, WA 98401-2156

Fax: (253) 305-0854

Delivery of Documents to Shareholders Sharing an Address

In some cases, only one copy of this proxy Statement is being delivered to multiple shareholders sharing an address unless we have received contrary instructions from one or more of the shareholders. We will deliver promptly, upon written request, a separate copy of this proxy statement to a shareholder at a shared address to which a single copy of the document was delivered. To request a separate delivery of these materials now or in the future, a shareholder may submit a written or oral request to the Corporate Secretary at the address and number written above. Additionally, any shareholders who are presently sharing an address and receiving multiple copies of either the proxy statement or the Annual Report and who would rather receive a single copy of such materials may instruct us accordingly by directing their request to us in the manner provided above.

WE URGE YOU TO SIGN AND RETURN YOUR PROXY CARD AS PROMPTLY AS POSSIBLE, WHETHER OR NOT YOU PLAN TO ATTEND THE ANNUAL MEETING IN PERSON. IF YOU DO ATTEND THE ANNUAL MEETING, YOU MAY THEN WITHDRAW YOUR PROXY. THE PROXY MAY BE REVOKED AT ANY TIME PRIOR TO ITS EXERCISE.
