PROXY STATEMENT

Annual Meeting of Stockholders to be held June 5, 2013

Proxy Solicitation by the Board of Directors

The Board of Directors of American Vanguard Corporation (the Company) is soliciting proxies to be voted at the Annual Meeting to be held on Wednesday, June 5, 2013, at the Hyatt Regency Long Beach, 200 South Pine Avenue, Long Beach, California 90802, at 11:00 a.m., Pacific Daylight Time, and at any adjournments or postponements thereof. This proxy statement describes issues on which the Company would like you, as a stockholder, to vote. It also gives you information on these issues so that you can make an informed decision. The approximate date on which this proxy statement and the enclosed form of proxy are first being sent or given to stockholders is April 23, 2013.

The Board of Directors of the Company (the Board of Directors or the Board) has fixed the close of business on Tuesday, April 16, 2013, as the record date for the determination of stockholders entitled to receive notice of, and to vote at, the Annual Meeting (the Record Date). At the Record Date, 30,797,609 shares of common stock, par value \$0.01 per share of the Company (Common Stock), were issued. Of that amount, 2,310,634 were held as treasury shares. Each share of Common Stock, excluding treasury shares, entitles its record holder on the Record Date to one vote on all matters.

Important Notice Regarding the Availability of Proxy Materials for the Stockholders Meeting to be held on June 5, 2013. Our Proxy Statement and our 2012 Annual Report to Stockholders are available at www.american-vanguard.com. This website address contains the following documents: the Notice of the Annual Meeting, our Proxy Statement and our 2012 Annual Report to Stockholders. You are encouraged to access and review all of the important information contained in the proxy materials before voting.

QUESTIONS AND ANSWERS

Why am I receiving this annual meeting information and proxy?

You are receiving this proxy statement from us because you owned shares of Common Stock of the Company as of the Record Date. This Proxy Statement describes issues on which you may vote and provides you with other important information so that you can make informed decisions.

You may own shares of Common Stock in several different ways. If your stock is represented by one or more stock certificates registered in your name, you have a stockholder account with our transfer agent, American Stock Transfer & Trust, which makes you a stockholder of record. If you hold your shares in a brokerage, trust or similar account, you are a beneficial owner, not a stockholder of record.

What am I voting on?

You are being asked to vote on the election of eight (8) directors, the ratification of the appointment of BDO as the Company's independent registered public accounting firm auditor for fiscal year 2013, your recommendation on executive compensation as disclosed in the Proxy and the amendment of the American Vanguard Corporation 1994 Stock Incentive Plan (the SIP) to enable the Company to make deductible performance awards under Internal Revenue Code 162(m). When you sign and mail the proxy card or submit your proxy by telephone or the Internet, you appoint Eric G. Wintemute and Timothy J. Donnelly as your

representatives at the Annual Meeting. When we refer to the named proxies, we are referring to Mr. Wintemute and Mr. Donnelly. This way, your shares will be voted even if you cannot attend the meeting.

How do I vote my shares?

Record holders may vote in person at the Annual Meeting, or by using either the proxy card, the telephone or the Internet.

Persons who beneficially own stock can vote at the Annual Meeting, provided that they obtain a legal proxy from the person or entity holding the stock for him, typically a broker, bank or trustee. A beneficial owner can obtain a legal proxy by making a request to the broker, bank or trustee. Under a legal proxy, the bank, broker or trustee confers all of its legal rights as a record holder (which, in turn, had been passed on to it by the ultimate record holder) to grant proxies or to vote at the Annual Meeting.

Set forth below are the various means Internet, telephone and mail for voting without attending the Annual Meeting.

You may submit your proxy on the Internet. Stockholders of record and most beneficial owners of Common Stock may vote via the Internet. Instructions for doing so are provided along with your proxy card or voting instruction form. If you vote on the Internet, please do not mail in your proxy card. Subject to rules relating to broker non-votes, your Internet vote will authorize the named proxies to vote your shares in the same manner as if you marked, signed and returned your proxy card.

You may submit your proxy by telephone. Stockholders of record and most beneficial owners of Common Stock may vote by telephone. Instructions for doing so are provided along with your proxy card or voting instruction form. If you vote by telephone, please do not mail in your proxy card. Subject to rules relating to broker non-votes, your telephone vote will authorize the named proxies to vote your shares in the same manner as if you marked, signed and returned your proxy card.

You may submit your proxy by mail. Simply sign and date the proxy card or voting instruction form received with this proxy statement and mail it in the enclosed prepaid and addressed envelope. If you mark your choices on the card or voting instruction form, your shares will be voted as you instruct.

All proxy voting procedures, including those by the Internet and by telephone, will include instructions on how to withhold your vote from any or all director nominees.

What if I change my mind after I submit my proxy?

You may revoke your proxy and change your vote irrespective of the method (*i.e.*, telephone, Internet or mail) in which you originally voted by delivering a later-dated proxy or by voting at the Annual Meeting. The later-dated proxy may be delivered by telephone, Internet or mail and need not be delivered by the same means used in delivering the to-be-revoked proxy. You may do this at a later date or time by:

Submitting a proxy by telephone or on the Internet (which may not be available to some beneficial holders); your latest telephone or Internet proxy will be counted;

Signing and delivering a proxy card with a later date; or

Voting at the Annual Meeting (if you hold shares beneficially through a broker, you must bring a legal proxy from the record holder in order to vote at the Annual Meeting)

If you are a registered stockholder, you may obtain a new proxy card by contacting the Corporate Secretary, American Vanguard Corporation, 4695 MacArthur Court, Suite 1200, Newport Beach, California 92660, telephone (949) 260-1200. If your shares are held by a broker, bank or trustee, you may obtain a new voting

instruction form by contacting your broker, bank or trustee. If you sign and date the proxy card or the voting instruction form and submit it in accordance with the accompanying instructions and in a timely manner, any earlier proxy card or voting instruction form will be revoked and your choices on the proxy card or voting instruction form will be voted as you instruct.

How many shares must be present to hold the meeting?

Shares of Common Stock will be counted as present at the Annual Meeting, if the stockholder is present and votes in person at the Annual Meeting or has properly submitted and not revoked a proxy. A quorum must be present at the Annual Meeting in order to hold the Annual Meeting and conduct business. Shares representing a majority of the voting power of the outstanding shares of Common Stock entitled to vote as of the Record Date, present in person or by proxy, will be necessary to establish a quorum for the Annual Meeting. As noted above, treasury shares are not entitled to vote and, therefore, are not counted in determining a quorum. Abstentions and non-votes will be counted for purposes of determining the existence of a quorum at the Annual Meeting. However, a broker non-vote with respect to ratification of BDO as independent outside auditors shall count toward establishing a quorum for the Annual Meeting.

How many votes must the director nominees receive to be elected?

Directors shall be elected by a plurality of the votes cast by the holders of shares of Common Stock present in person or represented by proxy at the Annual Meeting, and the eight nominees who receive the highest number of FOR votes will be elected. There is no cumulative voting for the Company's directors. A properly executed proxy withholding authority to vote for one or more nominees with respect to the election of directors will not be voted for the director(s) from whom authority to vote is withheld. However, the shares will be counted for purposes of determining whether there is a quorum. Withheld votes and broker non-votes, if applicable, will not be taken into account in determining the outcome of the election of directors.

How many votes must be received in order for the other proposals to be ratified?

Approval for all other proposals (the appointment of BDO as independent auditors, the advisory vote on executive compensation, and approval of the amendment of the SIP) will require the affirmative vote of a majority of the votes cast at the meeting.

How will my shares be voted, and what are broker non-votes?

All proxies received and not revoked will be voted as directed. If you are a stockholder of record who submits a proxy but does not indicate how the proxies should vote on one or more matters, the named proxies will vote as recommended by the Company. However, if you are not a stockholder of record (in other words, your shares are held by a broker) and you do not provide instructions to the broker on how to vote, then your proxy will be counted (i) as a vote FOR the ratification of BDO as independent outside auditors, and (ii) as a broker non-vote toward all other measures. A broker non-vote does not count as a vote either for or against a measure; however, because two of the four proposals each requires a majority vote for passage, it is possible that a measure could fail to pass if there are a large number of broker non-votes. Accordingly, if you want to ensure the passage of a matter, then it is important that you provide voting instructions on that matter.

Who pays the costs of proxy solicitation?

The expenses of soliciting proxies for the Annual Meeting are to be paid by the Company. Solicitation of proxies may be made by means of personal calls upon, or telephonic or telegraphic communications with, stockholders or their personal representatives by directors, officers, employees and consultants of the Company who will not be specially compensated for such services. Although there is no formal agreement to do so, the Company may reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding this Proxy Statement to stockholders whose Common Stock is held of record by such entities.

What business may be properly brought before the meeting and what discretionary authority is granted?

Nominations for Directors for the Annual Meeting. The Nominating & Corporate Governance Committee has established guidelines setting forth certain advance notice procedures relating to the nomination of directors (the *Nomination Procedure*) and no person nominated by a stockholder will be eligible for election as a director, unless nominated in accordance with the provisions of the *Nomination Procedure*. Under the terms of the *Nomination Procedure*, to be timely for the Annual Meeting, a stockholder's notice must have been delivered to, or mailed and received at, the principal executive offices of the Company by no later than March 7, 2013. Notwithstanding the provisions of the *Nomination Procedure*, a stockholder also must comply with all applicable requirements of the Securities Exchange Act of 1934, as amended (the *Exchange Act*) and the rules and regulations thereunder with respect to the matters set forth in the *Nomination Procedure*. The Company did not receive any director nominations for the Annual Meeting under the *Nomination Procedure*.

Stockholder Proposals for the Annual Meeting. The Nominating & Corporate Governance Committee has also adopted certain advance notice procedures for properly bringing business, other than director nominations, before a meeting of the stockholders (the *Stockholder Proposal Procedure*) whether or not to be included in the Company's proxy materials. Under the terms of the *Stockholder Proposal Procedure*, to be timely for the Annual Meeting, a stockholder must have delivered a notice regarding a proposal delivered to the principal executive offices of the Company by no later than January 15, 2013. The Company did not receive any stockholder proposal for the Annual Meeting, pursuant to the *Stockholder Proposal Procedure*. The presiding officer of the Annual Meeting shall, if the facts warrant, determine and declare to the meeting that business was not properly brought before the meeting in accordance with the provisions of the *Stockholder Proposal Procedure*, and if he should so determine, he shall so declare to the meeting and any such business not properly brought before the meeting shall not be transacted.

The Company has no knowledge or notice that any business other than as set forth in the Notice of Annual Meeting will be brought before the Annual Meeting. For information related to the application of the *Nomination Procedure* and the *Stockholder Proposal Procedure* for the 2014 Annual Meeting, see the discussion in this Proxy Statement under the caption *Proposals for Submission at Next Annual Meeting* and *Stockholder Nomination of Directors* .

Is a list of stockholders entitled to vote at the meeting available?

A list of stockholders of record entitled to vote at the Annual Meeting will be available at the Annual Meeting. The list of shareholders will be available Monday through Friday from April 17, 2013 through June 5, 2013, between the hours of 9 a.m. and 4 p.m., Pacific Daylight Time, at the offices of the Corporate Secretary, 4695 MacArthur Court, Suite 1200, Newport Beach, California 92660. A stockholder of record may examine the list for any legally valid purpose related to the Annual Meeting.

Where can I find the voting results of the meeting?

We will publish the final results in a Form 8-K within four business days after the Annual Meeting. You can read or print a copy of that report by going to the Company's website, www.american-vanguard.com, Investor Relations, Securities Exchange Commission (SEC) Filings, and then choosing the first option, *View American Vanguard SEC Filings* . References to our website in this proxy statement are not intended to function as hyperlinks and the information contained on our website is not intended to be incorporated by reference into this proxy statement. You can find the same Form 8-K by going directly to the SEC EDGAR files at www.sec.gov. You can also get a copy by calling the Company at (949) 260-1200, or by calling the SEC at (800) SEC-0330 for the location of a public reference room.

The following sets forth the names and certain information with respect to the persons nominated for election as directors, all of whom have had the same principal occupation for more than the past five years, except as otherwise noted. All such nominees have consented to serve and are currently directors. All eight nominees were elected by the stockholders at the 2012 annual meeting of stockholders.

NOMINEES FOR ELECTION AS DIRECTORS QUALIFICATIONS & EXPERIENCE

Lawrence S. Clark, age 54, has served as a director since 2006. Mr. Clark served as the Chief Financial Officer (CFO) for Legendary Pictures, a motion picture production company that develops, co-produces and co-finances major motion pictures in partnership with Warner Bros. from 2004 until June, 2012. From 2003 – 2004 he provided financial and corporate development consulting services to media and entertainment clients. From 2000 to 2003, Mr. Clark was the CFO of Creative Artists Agency, a leading entertainment talent, literary and marketing agency. From 1997 to 2000, he served as Senior Vice President, Corporate Development for Sony Pictures Entertainment. Mr. Clark was Director International for The Carlyle Group, a private equity firm, from 1995 to 1997. In 1992, he co-founded Global Film Equity Corp., which provided strategic, business advisory and capital raising services to media companies. From 1989 to 1992, Mr. Clark was Vice President, Corporate Finance at Salomon Brothers, Inc. Prior to that, he was a Corporate Finance Associate at Goldman Sachs & Co. from 1987 to 1989. With over 25 years of financial, investing and operating experience, Mr. Clark brings a financial discipline and analytical approach that make him a valuable asset to the Board.

Debra F. Edwards, age 59, was elected as a director with the Company in 2011. Dr. Edwards is an independent consultant, specializing in global regulatory strategy for pesticides and biocides. She has 30 years of experience specializing in pesticide residue chemistry, human health risk assessment, human health and ecological risk management, registration, re-registration and regulatory policy development. The majority of her career has been spent in leading large scientific and regulatory organizations within the United States Environmental Protection Agency (USEPA), culminating in her serving as Director of the Office of Pesticide Programs. Except for a two-year stint in Guatemala as a volunteer in the United States Peace Corp. (1997-1999), Dr. Edwards worked for the USEPA from 1985 until 2010. Dr. Edwards holds a Ph.D. and a Masters Degree in Plant Pathology, has been the recipient of numerous academic and professional honors, including the Presidential Rank Award for Meritorious Service as a Senior Executive, and has published and made presentations in national and international fora on pesticide regulation, food safety and integrated pest management. Given the large number of active ingredients that the Company has registered for use across the globe and the rapidly changing and increasingly challenging regulatory climate, Dr. Edwards continues to be a valuable asset for assisting the board in mapping out strategy for product defense, regulatory compliance both domestically and internationally, and in the evaluation of product line acquisitions. She also has extensive experience in product stewardship and worker safety issues. In 2012, the Company used Dr. Edwards services, through a contractual arrangement, as an independent contractor for technical advisory assistance in certain projects involving product defense and stewardship.

Alfred F. Ingulli, age 71, has served as a director since 2010. Mr. Ingulli served as Executive Vice President of Crompton Corporation (later Chemtura Corporation), a \$3 billion specialty chemical company from 1989 through 2004, in which capacity he was responsible for the company's global agricultural chemical business. In addition, he also served as a member of Crompton Corporation's executive committee. Mr. Ingulli currently serves on the board of directors of PBI/Gordon, Inc., a marketer of specialty chemicals in turf and ornamental, lawn and garden and animal health markets and serves as a member of the compensation and audit committees of that board. Further, from 1996 – 2004, he served on the board of directors of Gustafson LLC, a manufacturer of seed treatment products and application equipment, and was chairman of that board from 2002 – 2004. From 1990 – 2004, Mr. Ingulli also served as a board member, and from 2002 – 2004 as Chairman, of CropLife America, a nationwide not-for-profit trade organization representing member companies that produce, sell, and distribute most of the active compounds used in crop protection products registered for use in the United States. Mr. Ingulli brings to the American Vanguard board an in-depth knowledge of our industry and income statement optimization. With his background, he can act as an advisor on implementing processes and resource allocation to improve profitability and efficiencies within the organization.

John L. Killmer, age 63, has served as a director since December 2008. Mr. Killmer was responsible for Global Marketing, Product and Supply Chain Management for Arysta LifeSciences Corporation (Arysta), a large privately held crop protection and life science company, from November 2004 through June 2008. At Arysta, Mr. Killmer had global responsibility for marketing and product management and, in addition, was

++responsible for global supply chain management. From 1980 to November 2004 he served in various capacities with Monsanto Company (Monsanto) including three years as President of Monsanto, Greater China from 2001 to 2003. Mr. Killmer possesses a combination of considerable technical expertise and business acumen. A trained scientist, Mr. Killmer began his professional career focusing on technology and ascended the corporate ladder with increasing profit responsibility. He served as pro-tem Director of Technology for the Company from March 2009 through December, 2010, during which time he has evaluated the Company's technology infrastructure and added multiple resources (both people and equipment) to help enhance the Company's domestic manufacturing and process and formulation technology.

Carl R. Soderlind, age 79, has served as a director since June 2000. Mr. Soderlind served as Chairman and CEO of Golden Bear Oil Specialties, a producer of niche specialty oil and chemical products used in a variety of industrial applications from 1997 to 2001. From 1961 to 1996 he served in various capacities of Witco Corporation, including being Senior Executive Vice President and member of the Management Committee. Mr. Soderlind has extensive experience in running businesses in both specialty oil and chemical products. Mr. Soderlind's many years working in investor relations have given him an in-depth knowledge of the public markets and a keen awareness of investors' expectations. During his professional career, Mr. Soderlind specialized in growing businesses through well-timed acquisitions of product lines and companies. With his experience in running businesses within the chemical sector, investor relations, and mergers and acquisitions work, Mr. Soderlind brings sound judgment to the Board.

Irving J. Thau, age 73, has served as a director since September 2003 and as lead director since June 2011. From 1962 to 1995, he held various positions with Ernst & Young LLP, where his primary responsibilities were directing and providing accounting, auditing, and business advisory services to publicly held and privately owned organizations. He was admitted to partnership in 1974, and served as Ernst & Young's West Region Director of Financial Advisory Services. In 1995, Mr. Thau founded Thau and Associates, Inc., a financial consulting company of which he currently serves as President. Further, his financial acumen and depth of experience in audit work have served the Board as a valuable resource for financial planning and financial reporting. He has given the Company direction in designing its accounting processes and provided valuable advice on complex accounting issues.

Eric G. Wintemute, age 57, has served as a director since June 1994. Mr. Wintemute served as President and CEO from July 1994 until June 2011, and Chairman and CEO since June 2011. He was appointed Executive Vice President and COO of the Company in January 1994. Mr. Wintemute has been at the helm of the Company during its years of greatest growth. With 19 years experience on this Board, 34 years experience at the Company (19 years as CEO) and membership in leading crop protection trade groups (previously, as Chairman of CropLife America), Mr. Wintemute brings a broad industry perspective to the Board. His interaction with the heads of our peers, suppliers and customers; legislators; and enforcement authorities has enabled him to identify economic, technological and political trends affecting the Company. This is an invaluable resource to the Board, particularly when evaluating future business plans and providing strategic direction to the Company.

M. Esmail Zirakparvar, age 63, has served as a director since June 2010. Mr. Zirakparvar served in executive positions at Bayer CropScience AG. From 2002-2004 he served as COO and member of the Bayer CropScience AG's Board of Management in Germany and from 2004-2006 as Head of Region of Americas, President & CEO of Bayer CropScience LP USA and Member of the Bayer CropScience AG Executive Committee. Prior to that, he served in various executive positions at Rhone-Poulenc Agrochimie and Aventis CropScience from 1986-2001, ultimately as Head of Portfolio Management and member of the Global Executive Committee in Lyon, France for these companies. In addition to his hands-on experience in product development, regulatory matters, project management, and management of agricultural chemical businesses, Mr. Zirakparvar has helped to oversee the integration, management and direction of one of the largest global agricultural chemical companies. With his background, he gives the board a world-class sense of perspective and strategic direction and is an invaluable asset for helping to guide the Company down a path of growth and prosperity in the future.

BOARD DIVERSITY AND LEADERSHIP

In evaluating persons for potential service on the Board, we seek, above all, the most qualified candidates. At a minimum, viable candidates must have ample professional experience and business acumen befitting a director of a public company. In addition, we believe that a fully functioning board should include members having diverse backgrounds, including, for example, industry-specific experience, international experience, profit responsibility in a public company, accounting and audit expertise, corporate governance expertise, scientific and technological credentials, manufacturing experience and mergers and acquisitions experience. Other considerations, such as gender, race and age, are of secondary importance. While the Nominating and Governance Committee does not have an express policy with respect to diversity in identifying or selecting nominees for the Company's Board, in evaluating nominees, the Committee does assesses the background of each candidate in a number of different ways, including how the individual's qualifications complement, strengthen and enhance those of existing Board members as well as the future needs of the Board. During the Board's annual self-evaluation, and at other times during the year, the Directors assess the Board's performance and ways in which such performance can be improved. With respect to the nomination of continuing directors for re-election, the individual's contributions to the Board are also considered.

The Board of Directors does not have a policy on whether or not the role of the Chairman of the Board and the CEO should be separate or, if it is to be separate, whether the Chairman of the Board should be selected from the non-employee directors or be an employee. For many years, the position of Chairman of the Board had been separate from that of CEO. In 2011, however, the Board combined those roles and appointed Mr. Wintemute to serve as both Chairman and CEO. At the same time, the Board appointed non-management director, Irving Thau, to the position of lead director. We continue to maintain that Board leadership should be defined according to the stockholders' best interests as measured against current circumstances. Further, we believe that the factor of paramount importance is not whether the roles of Chairman and CEO need to be held by two people; rather, it is most important to ensure that non-management directors maintain a sufficient level of leadership and objectivity. We further believe that we have accomplished this through the appointment of a lead director.

RISK OVERSIGHT

The Company's Board of Directors has formally assumed responsibility for risk oversight. In 2011, working with enterprise risk management consultants at Lockton, Inc. (the Company's primary insurance broker), senior management conducted an in-depth risk analysis as a first step toward implementing an enterprise risk management program at the Company. As that analysis was proceeding, the Board formed a Risk Committee, which now consists of John L. Killmer (as chairman), M. Esmail Zirakparvar, and Debra F. Edwards to take on primary responsibility for risk oversight. The Risk Committee meets regularly (at least four times per year) and coordinates primarily with the Risk Manager and the CEO of the Company. Senior management has also appointed a team of managers to serve as an executive risk committee, which serves to conduct analysis of risks, to identify mitigation measures and to implement those measures. Through the continuing efforts begun with Lockton, the Company has identified several material risks facing the Company and has identified risk owners responsible for marshalling the resources and leading a team to address those risks. These risks were incorporated into the risk-owner's 2012 performance goals, upon which, in part, 2012 job performance and incentive compensation are based. In addition, during 2012, executive management incorporated risk management into its 2020 Strategic Business Plan. Executives serving as risk owners periodically report their progress through the Risk Manager to the Risk Committee. See, also, Employee Compensation and Enterprise Risk on page 14 of this proxy for a discussion on risk and compensation.

CORPORATE GOVERNANCE OF THE COMPANY

Strong corporate governance is an integral part of the Company's core values, supporting the Company's growth mission. The Company is committed to having sound corporate governance principles and practices. THE INDEPENDENCE OF DIRECTORS

It is the expectation and practice of the Board that, in their roles as members of the Board, all members will exercise their independent judgment diligently and in good faith and in the best interests of the Company and its stockholders as a whole, notwithstanding any member's other activities or affiliations.

The Board's determination concerning independence was based on information provided by the Company's directors and discussions among the Company's directors. The Board will re-examine the independence of each of its members at least once per year and more frequently during the year, if there is any change in a member's material relationship with the Company that would interfere with the member's exercise of independent judgment.

MEETINGS OF THE BOARD

The Board met four times during the year ended December 31, 2012. All directors attended at least 75% of the aggregate of the number of meetings of the Board and the total number of meetings held by all committees of the Board for which they served. Interested parties who wish to communicate with the lead director or with non-management directors may do so by email to directors@amvac-chemical.com.

The Board does not mandate that its members attend the Annual Meeting of Stockholders. All directors did attend the 2012 Annual Meeting of Stockholders.

The committee works with the Company's Risk Manager and senior management to conduct (or cause to be conducted) periodic assessments of the Company's risk profile and to ensure (i) that adequate resources are made available to address and mitigate risks, where possible, (ii) that risk owners are identified and made accountable for addressing these risks, and (iii) that the practice of monitoring and addressing these risks remains a part of the Company's culture.

REPORT OF THE AUDIT COMMITTEE

The responsibilities of the Audit Committee, which are set forth in the Audit Committee Charter, include providing oversight to the Company's financial reporting process through periodic meetings with the Company's independent registered public accounting firm and management to review accounting, auditing, internal controls and financial reporting matters. We have reviewed and discussed with senior management the Company's audited financial statements included in the Company's Annual Report on Form 10-K for filing with the SEC. Management has confirmed to us that such financial statements (i) have been prepared with integrity and objectivity and are the responsibility of management and (ii) have been prepared in conformity with generally accepted accounting principles.

We have discussed with BDO, the Company's independent registered public accounting firm, the matters required to be discussed under Statement on Auditing Standards No. 61, *Communications with Audit Committees* (SAS 61), as amended and as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T. BDO has discussed its independence with us, and has confirmed in such letter that, in its professional judgment, it is independent of the Company within the meaning of the federal securities laws.

Based on the review and discussions described above with respect to the Company's audited financial statements, we have recommended to the Board that such financial statements be included in the Company's Annual Report on Form 10-K for filing with the SEC.

SECTION 16(a) REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's executive officers, directors, and persons who own more than ten percent of a registered class of the Company's equity securities to file reports of ownership and changes in ownership with the SEC.

Based solely on the Company's review of the copies of such forms received by the Company, or representations obtained from certain reporting persons, except as described below, the Company believes that during the year ended December 31, 2012, all Section 16(a) filing requirements applicable to its executive officers, directors, and greater than ten percent beneficial stockholders were complied with. Form 4s filed on behalf of Mr. Carl Soderlind on March 6, 2012 and September 5, 2012 were one day late and 35 days late, respectively; Form 4s filed on behalf of Mr. Glen Johnson on September 14, 2012 and November 15, 2012 were two days late and one day late, respectively; Form 4 filed on behalf of Mr. Ad de Jong on July 10, 2012 was five days late; and Form 3 filed on behalf of Mrs. Cindy Baker Smith on September 27, 2012 was four days late.

EMPLOYEE COMPENSATION AND ENTERPRISE RISK

The Company has concluded that its compensation policies and practices do not give rise to any risk that is reasonably likely to have a material adverse effect upon it. In reaching its conclusion, the Company has found, among other things, that all business units have a similar compensation structure and that no business unit bears a disproportionate share of either the overall risk profile, profits or revenues. To the extent that a function carries a unique risk, we have attempted to mitigate that risk with one or more countervailing risk mitigation objectives. For example, in manufacturing and technology, the objective of implementing processes for new chemistries is offset by the paramount objective of safety in the workplace and surrounding communities. In sales and marketing, the objective of achieving top line sales is offset by goals for maintaining profit margins. Similarly, the risk of spending excessive amounts in acquiring a product line or new technology is offset by objectives to realize certain minimum returns on investment. Risk is further mitigated by the use of long-term incentives which encourage prudent, long-term decision making. Finally, compensation for the entire workforce is subject to achievement of company-wide financial objectives.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Objectives

Our executive compensation program has three primary objectives: to pay for performance, to attract and retain top talent; and to align our executives' interests with those of our shareholders. In considering performance, the Company takes into account several elements: the fulfillment of an individual's goals (known as SMART - Specific, Measurable, Achievable, Reasonable and Time-based goals); company-wide performance (as measured by net sales, net earnings); and total shareholder return. As indicated below, the Company places a premium on considering many factors in awarding compensation, retains a measure of subjectivity in making compensation decisions and does not follow a formula-driven approach.

Second, in order to recruit and retain top talent, the Company regularly benchmarks its compensation practices with similarly-situated companies and seeks to maintain competitive cash compensation and, as discussed more fully below, excellent benefits. Third, through the regular award of equity, whether restricted stock, options or performance-based shares, and the adoption of an executive shareholding policy, the Company gives its executives a vested interest in the long term prospects of the enterprise.

What We Reward

We expect our executives to operate at a high level and to be involved in setting and executing our business plan. Our executives are directly involved in defining the Company's strategy (its roadmap to success), its budget (the short term business plan), and the short term objectives for achieving strategic goals within the budget (our SMART goals). We hold the executives accountable for their individual goals, which drive overall company performance, but we also expect them to respond to fast-changing market conditions, to solve unforeseen problems and to show initiative and creativity. Thus, in assessing performance, we take into account many factors, not just those prescribed in the executives' SMART goals. Thus, we reward key employees not only for achievement of objective goals, but also for taking responsibility for doing whatever is needed, whenever it is needed.

Compensation Program Best Practices

Our current compensation program includes features which we believe drive performance and excludes features we do not believe serve our shareholders' long-term interests. The table below highlights the Best Practices features our compensation program includes and Poor Pay Practices which are excluded.

Included Features (Best Practices)	Excluded Features (Poor Practices)
<ul style="list-style-type: none"> ü Stock Ownership Guidelines In September 2011, we adopted share ownership requirements for our executive officers requiring our CEO to own shares equal in value to four times his base salary and two times their base salary for other named executive officers. ü No Hedging Policy by action of the board in June 2011, our executive officers are prohibited from certain hedging activities and holding Company securities in margin accounts. ü Risk Management Our executive officers compensation program has been designed and is reviewed to ensure that it does not encourage inappropriate risk-taking. 	<ul style="list-style-type: none"> ü No excise tax gross-ups. ü No single trigger severance payments. ü No guaranteed base salary increases. ü No guaranteed minimum bonuses. ü No guaranteed equity awards.

Consideration of Last Year's Say on Pay Advisory Vote

At last year's Annual Meeting of Stockholders, we held an advisory stockholder vote on executive compensation. About 98% of the shares that voted approved our executive compensation described in last year's proxy statement. The Compensation Committee and the Company viewed these results as a strong indication that the Company's stockholders support the compensation policies and practices of the Company, which have remained substantially unchanged over the past several years. In light of this vote, during 2012 the Compensation Committee and the Company did not make any material changes to the structure of compensation programs. In early 2013, the Company's board of directors introduced performance-based shares as an element of equity compensation, and the Company issued restricted shares to the named executives and authorized the issuance of performance-based shares, pending the definition of financial metrics underlying such shares. As discussed in greater detail in Proposal 3 on page 35 of this proxy, the Company's financial performance improved steadily over the course of 2010 (\$226,859 in net sales, \$10,984 in net earnings), 2011 (\$301,080 in net sales, \$22,068 in net earnings) and 2012 (\$366,190 in net sales, \$36,867 in net earnings). The Company awarded equity and incentive compensation consistent with this improvement over those periods. The following sections further explain our rationale for our compensation practices in the recent past, including the award of both restricted shares and performance-based shares in 2013.

Elements of Compensation

Our key executives receive cash in the form of a salary and an annual incentive bonus. In addition, they also receive paid vacation, subsidized insurance (medical, dental, vision and life), and an automobile allowance. Further, they are eligible to participate in voluntary benefit programs, including a 401K retirement savings plan and an Employee Stock Purchase Plan. Finally, executives receive equity awards in the form of stock options, restricted stock and/or performance-based shares.

Salaries Virtually all public companies pay salaries to their executives. We could neither attract nor retain anyone without this element of compensation. In the overall scheme of executive compensation, this element is the most substantial (on average, base salary constituted 56% of total cash compensation in 2012) and least at-risk. Salaries are typically subject to an annual increase, which is based upon the employee's performance and, except in cases of exceptional performance, does not exceed cost of living indexes. 2012 salaries for named executives rose by about 3% over those of 2011, in light of very good performance by those executives. It should be understood, however, that the salary increase is not considered to be a form of entitlement and, if circumstances warrant (e.g., deficient performance) would be reduced or withheld altogether. In setting and adjusting salaries, the Company benchmarks wages for similar positions among peer companies. Details of the Company's most recent benchmarking study appear in Benchmarking and the Compensation Consultant section below. The Company has historically raised salaries in excess of a modest adjustment when an executive takes on additional responsibilities; for example, in 2011, the CAO's salary was increased by 11% over the prior year in light of a promotion. Similarly, the Company will reduce an executive's salary in the case of a demotion or a reduction in responsibilities. Further, where company-wide performance falls far short of the budget, the Company has reduced all executives' salaries; this happened following a downturn in 2009. The table below indicates salaries for named executive officers in the years 2011 and 2012 as approved by the Compensation Committee after assessment of the Company's performance, individual performance and market assessment of pay.

Name of Officer	2012 Base Salary	2011 Base Salary	Year over Year Change
Eric G. Wintemute CEO	\$ 577,000	\$ 562,000	2.7%
David T. Johnson CFO	\$ 297,800	\$ 290,000	2.7%
Glen D. Johnson SVP, Bus. Dev t	\$ 303,000	\$ 295,000	2.7%
Timothy J. Donnelly CAO	\$ 270,000	\$ 262,000	3.0%
James R. Lehman VP Sales	\$ 282,500	\$ 275,000	2.7%

Incentive Compensation In addition to a salary, executives may receive incentive compensation annually. Unlike the salary, the cash bonus is at risk and varies from year to year depending upon many factors. The main reason for this element of compensation (which is typically paid in March of the subsequent year) is to reward the executive for individual and companywide performance during the immediately prior year. As a general rule, the Company reserves ten percent of its pre-tax earnings over the course of each fiscal year to serve as the pool from which incentive compensation may be paid. However, the Compensation Committee is not bound to award all or any portion of the pool. Rather, at year end, that Committee first takes into account company-wide performance (including net sales, net earnings, indebtedness, and working capital measures). If these measures fall short of the Company's budget, then the Committee will reduce the pool at its discretion. In 2009, for example, company-wide performance was well short of targeted goals, and the Committee awarded no incentive bonuses to the executives.

After determining whether any of the pool will be distributed, the Committee turns to the CEO, who recommends an allocation of bonuses among individuals based upon their performance. The Committee then exercises its own discretion in setting an allocation for the CEO and considers the CEO's recommended allocation for others; in so doing, the Committee takes into account not only the executive's achievement of his or her SMART goals, but also such factors as how the executive responded to new and changing conditions, leadership, responsiveness, and the showing of initiative. In 2012, incentive compensation for the named executive officers was, on average, 49% above that of 2011, and total cash compensation (base salary plus incentive bonus) was, on average 22% above that of 2011. These increases are consistent with improved companywide performance (for example, net sales rose 22%, net income rose 67% and shareholder's equity rose 21%) year-over-year which, not surprisingly, were occasioned by the achievement of individual performance goals. Further, with respect to the CEO in particular, 2012 SMART goals were, in most cases, either fully achieved (e.g., enunciating a 2020 strategic plan, overseeing implementation of new synthesis units) or exceeded (e.g., achieving financial performance equal or above the Company's financial plan).

Individual performance goals (SMART goals) for named executive officers during 2013 are indicated below. These will be the measures against which the subject executives will be adjudged, in part, in determining their compensation.

CEO meet or exceed budgeted net sales and net income; publish and implement 2020 strategic plan; establish LLC with Tyratech for essential oil products; expand market penetration of corn soil insecticides; increase international sales; achieve label expansion of bedbug products; and build world-class regulatory department globally.

CFO meet or exceed budgeted net sales and net income; complete 10-K submission in 60 days; renegotiate senior credit facility; achieve reduced corporate tax rate; and implement an agreed CRM system.

SVP Business Development & Marketing lead implementation of 2020 strategic plan; acquire or license two or more product lines or technologies; identify at least one company acquisition target meeting investment hurdles; and integrate the marketing function with business development.

CAO, General Counsel, Secretary implement company-wide performance evaluation tool; assist in restructuring international sales function; recover data compensation in two matters; establish and implement communication plan; implement enhanced compliance programs for FCPA and antitrust.

VP Sales achieve sales goals embedded in 2013 budget; achieve gross margin goals; chair risk team on maintaining competitive position in marketplace; achieve specific targets for post-emergent corn herbicide and corn soil insecticides.

The Company believes that these goals are reasonable and achievable.

Equity The Company regularly awards equity to its key executives. We believe that in providing equity to senior executives and requiring that a minimum number of shares be accumulated by such executives over time

the interests of our executives will be more fully aligned with that of our shareholders. The Company has adopted a policy to prohibit short sales or hedging transactions by executives and directors. Through these awards and these policies, the Company believes that executives will take a longer view of the Company and will seek to enhance shareholder value several years into the future. Equity awards also serve as a means of encouraging excellent future performance and of retaining key employees over the long term. In addition, it is highly prevalent among peer companies to award equity to executives annually. It would be difficult to attract and retain executives without offering them a share in the Company's long term prospects. Historically at the Company, equity awards have taken the form of either incentive stock options or time-based restricted stock (typically having a three year, cliff-vesting schedule with forfeiture for failing to remain continuously employed through the vesting date). In 2013, the Board authorized the near-term award of performance-based shares. The metrics for determining vesting of such awards are being defined in accordance with the SIP, subject to shareholder approval of the proposed amendment described below in Proposal 4.

In determining the amount and combination of equity awards, the Board considers the recommendation of the Compensation Committee and its independent compensation consultant, Pearl Meyer & Partners, which benchmarked the form and amount of equity awarded by the Company's peers. The Board also considers the cost of expensing any such awards, the amount of dilution to other shareholders and the performance of individual recipients. Because these awards typically vest over a three year period, they serve to enhance retention of high-performing executives. As for the timing of equity awards, the Company has typically made awards in either the first or second quarter of each year and favors the first quarter, as it is better able to take into account equity as a portion of total compensation at the time of making incentive compensation awards. At this time, the Company has deferred the implementation of any clawback policy on incentive compensation in light of the lack of regulatory guidance other than as required under Sarbanes Oxley where the performance measures upon which such compensation was paid are subsequently restated.

As indicated in the Summary Compensation Table and the equity table on the same page, equity grants made to named executive officers in 2012 (having a total value of \$1.82 million) followed a year (2011) in which no equity grants had been made. The Company elected to award restricted stock (having a three year cliff vesting schedule) in 2012 in light of the fact that 2011 financial performance had improved for a second year in a row, following a year of comparatively poor performance in 2009. Also, restricted stock had become an increasingly prevalent form of equity among peer companies and would provide encouragement to the named executive officers to continue generating strong financial results during the vesting period. Unlike stock options (which had been awarded in 2010), restricted stock carries value to the holder notwithstanding market changing market conditions.

Subsequently, equity awards (either made or intended to be made) to named executives in 2013 (having a total value of \$2.23 million) increased by 22% over those of 2012 (\$1.82 million). This increase is consistent with the senior executive team having contributed to record high net sales and net income during fiscal year 2012. It should also be noted that 25% of the 2013 equity awards take the form of performance-based shares and 75% are time-based, cliff vesting, while 100% of the equity awards made in 2012 are time-based, cliff vesting. Thus, while the dollar value of equity awards rose year-over-year, a portion of the 2013 awards is at risk and will vest only if the Company achieves certain financial performance metrics. These shares will tend not only to align the executives' interests with those of shareholders, but also to give the named executives further incentive to reach financial targets.

Other Benefits Like most public companies, the Company offers comprehensive group health and life insurance to all of its employees, including key executives. These take the form of PPO and HMO programs with nationally-known insurance carriers that either insure the entire risk (in the case of our HMO) or provide stop-loss coverage (as in the case of our PPO plan). Our health benefits premiums are highly-subsidized by the Company and offer extremely competitive terms (e.g., low co-payments and office visit charges). For that reason, they serve as a powerful tool in recruiting. We believe that these programs are a sound investment, as they serve to ensure the continued health of the workforce. Beyond these programs, the Company offers voluntary participation in a

wellness program, including incentives for achievement of fitness or diet goals. Our executives also enjoy life insurance and long term disability insurance coverage, which make our total compensation even more competitive. In addition, executives receive an automobile allowance and, in the case of the CEO, reimbursement for other perquisites (e.g., country club membership) that provide a venue for the cultivation of business relationships.

Finally, our executives (and, in fact, any full time employee) may voluntarily participate in the Company's 401K retirement savings plan, under which the Company matches up to 5% of the participant's salary (subject to an annual cap) and the Employee Stock Purchase Plan, which permits the purchase of Company shares at a discount through payroll deduction.

Benchmarking and the Compensation Consultant

In years past, the Compensation Committee of the Company's Board has retained an independent compensation consultant to assist in defining its compensation strategy, in fashioning a compensation plan, and in benchmarking compensation practices. As disclosed in the Company's 2012 proxy, in early 2012, Pearl Meyer & Partners (PM&P), as independent compensation consultant, using survey data that it had gathered from 2010, reviewed total compensation for the Company's top nine executives in 2011. Under its analysis, PM&P found that the salary, bonus and equity (total compensation) of the top nine executives was in the upper quartile of benchmarked companies. In early 2013, PM&P performed a comprehensive study on executive compensation, focusing on 2012 performance. Specifically, PM&P interviewed the CEO and the Chairman of the Compensation Committee, developed a comparator group of companies for review and approval by the Committee, performed a competitive analysis of total direct compensation for select executive officers (including base salaries, annual incentives and long term incentives), performed a realizable compensation and leverage analysis of the CEO's compensation relative to the comparator group, reviewed market practices for compensation among the comparators, reviewed equity utilization and made recommendations. PM&P was engaged by, and reports directly to, the Compensation Committee and does not perform any other services for the Company. None of the work of the compensation consultant has raised any conflicts of interest.

In identifying a group of comparators, PM&P identified 14 publicly traded specialty chemical companies having similar revenues and market capitalization. PM&P focused on product lines, GICS numbers, and peers-of-peers in defining the group, noting that there are few similarly sized public companies that sell agricultural specialty chemicals. The comparator group identified by PM&P included Innophos Holdings Inc (IPHS), Quaker Chemical Corporation (KWR), Zep Inc. (ZEP), Calgon Carbon Corporation (CCC), Aceto Corporation (ACET), Intrepid Potash Incorporated (IPI), Landec Corporation (LNDC), Hawkins Incorporated (HWKN), Balchem Corporation (BCPC), KMG Chemicals Incorporated (KMG), American Pacific Corporation (APFC), Chase Corporation (CCF), Penford Corporation (PENX) and Zoltec Companies Incorporated (ZOLT). The market capitalization for the comparator group ranged from \$101 million to \$1,760 million as of 1/31/2013, and the trailing 12 month revenues ranged from \$170 million to \$860 million.

Prior to the completion of the PM&P analysis, the Board had conferred with the CEO and the CAO on the performance of each executive in 2012, including with respect to his or her SMART goals. With PM&P's analysis, the Compensation Committee recommended that the Board authorize bonus and equity pools, which the Board subsequently authorized, and requested that the CEO propose an allocation of compensation to the executives within PM&P's benchmarked and recommended guidelines and further refined to take into account individual performance for each executive. The CEO worked with the CAO to develop a plan for the executives, which they presented to the Compensation Committee for final approval. Ultimately, then, the Committee and the Board, approved salary levels to include a 3% merit-based increase over the prior year, incentive bonus payments at, on average, 150% of those paid for 2011 performance, and, looking forward to compensation for 2013, equity consisting of 75% restricted shares (time-based, cliff-vesting) and 25% performance-based shares (the metrics for which have not yet been established). As indicated previously, the value of restricted shares to executive employees was virtually unchanged from 2012 to 2013, but the addition of performance-based shares could result in an increase in value, if and when such shares vest.

In the course of examining the Stock Incentive Plan (SIP), and in light of the fact that performance-based shares were to be awarded in 2013, PM&P also recommended that the Company amend that plan to ensure compliance with Internal Revenue Code Section 162(m) which relates to payroll tax deductibility for individual compensation that exceeds \$1 million per annum. The Board took this recommendation and has resolved to amend the SIP subject to shareholder approval of a ballot measure included in this proxy statement, without increasing the number of shares reserved for issuance under the plan.

Closing Comments

The Company believes that its executive compensation meets its primary objectives. First, like the 2011 compensation that was approved by its shareholders at the 2012 annual shareholders meeting, it offers pay for performance. In 2012, the Company had its highest ever net sales and net income. Compared to its peers, the Company was at about the 80th percentile for overall financial performance and the 100th percentile for total shareholder return (for both the one-year and three-year periods). Upward changes in salary have been modest and consistent with market salary budget increases and very good performance by the named executives. The level of incentive compensation rose 46%. In addition, the Company made equity awards in 2012, after having made no awards in 2011. At the start of 2013, the Company has awarded equity having a value of about 22% above the 2012 awards, with the bulk of the increase being in the form of performance-based shares.

Second, executive compensation is competitive and has served to attract and retain key executives. Indeed, during 2012, aside from retirement, the Company had no attrition in its executive ranks and, in fact, hired two senior executives (one in international sales and another in global regulatory affairs). Third, we have further aligned our executives interests with those of our shareholders through the award of equity, an aspect of total compensation that was missing in 2011.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402 (b) of Regulation S-K with management and, based on the review and discussions referred to in that Item, the Committee recommended to the Board that the Compensation Discussion and Analysis be included in the registrant s annual report on Form 10-K or incorporated by reference to the presentation in the proxy statement.

Potential Payments Upon Termination or Change of Control

Each of the named executive officers is party to a Change of Control Severance Agreement expiring December 31, 2013. Under the terms of those agreements, the employee is entitled to receive certain payments in the event that there is a change of control during the term of agreement and such employee is either terminated (for reasons other than cause) or resigns for good reason. If the employee is terminated for cause or due to death or disability, he or she is not entitled to severance under the agreement. Provided the conditions for payment are met, employee is entitled to receive a lump sum amount equal to two years base salary, 24 months worth of COBRA coverage for medical insurance, executive level outplacement costs, and acceleration of unvested options (or other securities to which employee may have a right). For purposes of these agreements, change in

control is defined to mean, in effect, either (i) a merger or consolidation of the Company in which those who were stockholders immediately before the effective time of the merger or consolidation have less than 50% of the voting power of the new corporation or entity; (ii) a sale or disposition of all or substantially all of the Company's assets; or (iii) when any person (as defined in Sections 13(d) and 14(d) of the Exchange Act) directly or indirectly owns more than 50% of the Common Stock of the Company. As a condition to payment, the employee must enter into a written release of claims against the Company.

The following table summarizes the estimated payments to be made to the named executive officers in the event of a termination without cause or voluntary resignation for good reason after a change in control assuming, for illustration purposes, that such change in control had occurred on December 31, 2012.

	Salary (\$)	COBRA Insurance Premiums (\$)	Outplacement Services (\$)	Accelerated Options and Grants Vesting \$(1)	Total Change in Control Payments \$(2)
Eric G. Wintemute	1,154,000	55,811	25,000	662,420	1,897,231
David T. Johnson	595,600	59,737	25,000	195,255	875,592
Glen D. Johnson	606,000	42,782	25,000	195,255	869,037
Timothy J. Donnelly	540,000	55,811	25,000	195,255	816,066
James R. Lehman	565,000	49,737	25,000	253,348	893,085

- Upon change in control, the agreement allows for the accelerated vesting of options and grants. Assuming the change in control was to happen as of 12/31/2012, then there would be unvested awards of 94,129 shares and 41,666 shares of restricted stocks and incentive stock options, respectively. If the change in control occurred on 12/31/2012, these awards will vest and the company recognizes additional compensation expense of \$1,359,372 and \$142,161 for restricted stocks and incentive stock options, respectively, based on grant date fair value.
- Payments are subject to reduction to ensure that they are fully tax deductible by the Company.

See Description of Compensatory Arrangements Applicable to Non-Employee Directors for 2005 which was filed as Exhibit 10.1 to the Company's Form 8-K which was filed with the SEC on June 15, 2005.

Employee Contracts, Termination of Employment and Change of Control Arrangements

The Company and Eric G. Wintemute entered into a written employment agreement, dated as of January 15, 2008, pursuant to which Mr. Wintemute serves as the Company's President and CEO. Mr. Wintemute's current annual base compensation is \$592,000, with increases to be made by the Board in their sole discretion. In light of the Company's financial performance, in August 2009 Mr. Wintemute took a voluntary 10 percent reduction of his base compensation of indefinite duration such that, as of December 31, 2009, his base annual salary was \$491,000. In light of improved financial performance, that figure was returned to the pre-reduction level of \$545,707 in mid-2010. As of January 1, 2011, in connection with a company-wide annual salary adjustment, his salary was increased to \$562,000. Effective January 1, 2012, Mr. Wintemute's salary was increased to \$577,000 and, on January 1, 2013, was increased to its current level. Mr. Wintemute may receive a bonus, in an amount as determined by the Board, based on his performance against reasonable qualitative and quantitative benchmarks. The agreement also provides Mr. Wintemute with certain additional benefits which are customary for executives at this level in the industry, including a car allowance of \$1,500 per month and reimbursement for reasonable and customary business expenses. Mr. Wintemute's agreement is of indefinite duration, unless terminated by the Company. If the Company terminates Mr. Wintemute's employment without cause and not due to disability or death, the Company shall pay to Mr. Wintemute an amount equal to two times the average annual cash compensation received by him over the course of the two immediately preceding calendar years. If Mr. Wintemute dies during the term of the agreement, the Company will pay his designated beneficiary any amounts (including salary) and continue any benefits due to Mr. Wintemute under the agreement for 12 months after his death.

Review and Approval of Related Person Transactions

In accordance with the terms of its written charter, the Nominating and Corporate Governance Committee (the Committee) has the responsibility for the review and approval or ratification of all related persons and conflict of interest transactions involving any director, executive officer, nominee for director, any holder of 5% or more of any class of the Company's voting securities or any non-executive officer (or any member of the immediate family of any of the foregoing persons), if such related person or conflict of interest transaction involves more than \$10,000, in each case using appropriate counsel and other advisers as the Committee may deem necessary.

In the course of its review of a proposed related person transaction, the Committee will consider all relevant facts and circumstances, including: (i) the benefits of the transaction to the Company; (ii) the impact of the transaction on a director's independence; (iii) the availability of other sources for comparable products or services; (iv) the terms of the transaction; (v) the terms available to unrelated third parties or to employees generally; and (vi) other facts and circumstances that may bear on the materiality of the transaction under applicable law and listing standards. The Committee may seek bids, quotes or independent valuations from third parties in connection with assessing any proposed related person transaction.

The Committee will approve only those related person transactions that are in, or are not inconsistent with, the best interests of the Company and its stockholders, as the Committee determines in good faith. To the extent that a proposed related person transaction involves any member of the Committee (or an immediate family member of any member of the Committee), such member would not participate in the deliberations or vote respecting the approval or ratification of the proposed transaction.

Related Person Transactions

In June 2011, the Company entered into a consulting agreement with director Debra F. Edwards to provide technical services relating to product defense and stewardship at the rate of the lesser of \$250 per hour or \$2,000 per day. Election of Directors

The Board is elected annually. The Certificate of Incorporation and Bylaws, as each have been previously amended and restated, of the Company, currently provide that the number of directors of the Board shall not be more than nine nor less than three. As per the Bylaws, the Board has fixed the maximum number of directors at nine. The Board has nominated Lawrence S. Clark, Debra F. Edwards, Alfred F. Ingulli, John L. Killmer, Carl R. Soderlind, Irving J. Thau, Eric G. Wintemute, and M. Esmail Zirakparvar to be elected to serve as directors until the next annual meeting and until their successors are duly elected and qualified.

REQUIRED VOTE AND RECOMMENDATION

The eight directors to be elected by the holders of Common Stock shall be the eight candidates receiving the highest number of votes cast by holders of Common Stock.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** THE NOMINEES IDENTIFIED ABOVE.

PROPOSAL 2
Ratification of Appointment of Independent Registered Public Accounting Firm

The Audit Committee of American Vanguard Corporation appointed BDO as the Company's independent registered public accounting firm for the year ending December 31, 2013.

BDO has served as independent accountants of the Company continuously since 1991. It is believed that its knowledge of the Company's business gained through this period of service is of great value.

Aggregate fees for professional services rendered to the Company by BDO for the years ended December 31, 2012 and 2011, were (in thousands):

	2012	2011
Audit	\$ 463	\$ 442
Tax	255	315
Audit Related		
Other		
	\$ 718	\$ 757

Audit fees for 2012 and 2011 were for professional services rendered for the audits of the consolidated financial statements of the Company including the audits of internal controls under Section 404 of the Sarbanes-Oxley Act, reviews of quarterly financial statements, consents, and assistance with review of documents filed with the SEC.

Tax fees for 2012 and 2011 were for services related to tax compliance, including the preparation of tax returns and claims for refund, and tax planning and tax advice, including assistance with and representation in tax audits, advice related to acquisitions, and requests for technical advice from tax authorities.

Audit Related fees, if any, would primarily relate to assurance services, accounting consultations in connection with acquisitions, and consultations concerning financial accounting and reporting standards. There were none in 2012 and 2011.

Our Audit Committee has considered whether the provision of the non-audit services described above is compatible with maintaining our auditors' independence and determined that such services are appropriate.

Representatives of BDO are expected to be present at the Annual Meeting and will be given the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

REQUIRED VOTE AND RECOMMENDATION

The affirmative vote of holders of a majority of the shares of Common Stock cast at the meeting is required to ratify the appointment of BDO. THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** THE FOLLOWING RESOLUTION:

Resolved, that the appointment of BDO USA, LLP as the Company's independent registered public accounting firm to audit the 2013 consolidated financial statements and related internal control over financial reporting of American Vanguard Corporation and its subsidiaries, made by the Audit Committee, is hereby ratified

PROPOSAL 3

Advisory Vote on Executive Compensation

We believe that our compensation policies and procedures:

are based upon pay-for-performance,

enable the Company to attract and retain top quality personnel in our executive ranks,

prudently permit the consideration of multiple factors in assessing performance and awarding compensation,

do not encourage risky conduct, and

are aligned with our stockholders' best interests.

This advisory stockholder vote, commonly known as "Say-on-Pay," gives you as a stockholder the opportunity to endorse or not endorse our executive compensation program and policies through the following resolution. The amounts below are denoted in thousands.

Compensation has risen and fallen with financial performance over the last five fiscal years. Following a relatively strong year in 2008 (net sales of \$236,465 and net income of \$20,019 or \$0.73 per share), the Company experienced diminished financial performance in 2009 (\$205,801 in net sales, and a net loss of \$5,789 or \$0.21 per share, including a non-cash charge to earnings of \$13,509). This trend caused executives to take a 10% salary cut in mid-2009 and, after a full-year financial numbers were reported for 2009, the executive officers received no incentive cash compensation.

Financial performance improved in 2010 (net sales of \$226,859 and net income of \$10,984 or \$0.40 per share). Further, in 2010 the Company completed the acquisition of four product lines (Def, Mocap, NemaCur and Aztec); these represented the first such acquisitions in over two years and were thus of strategic significance to the Company. Amidst better financial performance by mid-2010, executive salaries were restored to pre-adjustments levels, and in partial recognition of financial performance for 2010, executive officers received bonuses which, in the aggregate, equaled approximately 55 percent of the amount awarded in 2008.

Fueled, in part, by the successful acquisitions of 2010, the Company once again improved its financial performance during 2011 with net sales of \$301,080 and net income of \$22,068 or \$0.79 per share. In addition, over the course of 2011, the Company continued to improve its balance sheet through reducing indebtedness and inventory levels while generating more cash than it has ever done in any previous reporting year (with \$35,085 in cash and a revolver balance of \$0 as of year end). In light of that performance, executive salaries were increased by just under three percent, and executive officers received bonuses which, in the aggregate, exceeded those paid in 2008. Then, in 2012, the Company recorded its best ever financial performance with net sales of \$366,190 and net income of \$36,867 or \$1.28 per share. Its year-end cash balance was at a record-high \$38,476, stockholders' equity reached \$225,436, a 21% increase over the prior year.

Given our financial performance, we believe that the compensation practices of the Company have been reasonable in light of those at similar companies and reflect a philosophy of paying for performance.

Because your vote is advisory, it will not be binding upon the Board. However, the Company's Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

REQUIRED VOTE AND RECOMMENDATION

The passage of a recommendation requires the affirmative vote of holders of a majority of the shares of Common Stock cast at the meeting. THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** THE FOLLOWING RESOLUTION:

Resolved, that the stockholders approve the overall executive compensation policies and procedures of the Company, as described in the Compensation Discussion and Analysis and the tabular disclosures regarding named executive officers' compensation in this Proxy Statement.

PROPOSAL 4

Amendment of the American Vanguard Corporation 1994 Stock Incentive Plan

Section 162(m) of the Internal Revenue Code prohibits corporations from deducting compensation paid to covered employees (in effect, the named executive officers) in excess of \$1 million, unless it is performance-based. Generally speaking, compensation will be found to be performance-based if (i) it is paid solely upon the attainment of certain performance goals as per an objective compensation formula, (ii) those goals are established by a compensation committee that consists of at least two independent directors, (iii) the compensation is approved pursuant to a plan that is approved by shareholders, and (iv) the compensation committee certifies in writing that, prior to making payment for such compensation, the performance goals and any other material terms have been met. As mentioned in the CD&A, during 2013, the board of directors approved the award of performance shares to covered employees, pending the establishment of financial goals for such shares. In order to ensure that the Corporation is able to deduct performance-based compensation under IRC Section 162(m), it is necessary to make certain changes to the American Vanguard Corporation 1994 Stock Incentive Plan (the SIP set forth as Exhibit B to this Proxy Statement). The changes proposed are set forth in full in Exhibit A to this Proxy Statement and, in summary, are as follows:

Adding a new section to the SIP to provide for the grant of performance-based shares, with or without dividend equivalent rights;

Providing that any employee is eligible to participate in the SIP;

Giving the compensation committee the authority to determine the participants, the size of performance-based shares, the performance criteria and other terms of such awards;

Mandating that the performance period be not less than six months and that performance-based shares be granted no more than 90 days after the commencement of the performance period (as permitted by IRC 162(m));

Providing that settlement of the performance-based shares may be in either cash or common shares; and

Setting a maximum of \$3 million (if settled in cash) and 300,000 common shares (including dividend equivalent rights, if settled in shares) for any individual.

The Company believes that using performance-based equity as a component of executive compensation serves both to align the interests of executives with those of the shareholders and to motivate the executives to achieve financial objectives that are in the longer term interests of both employees and shareholders. As noted in the CD&A, this form of equity is becoming increasingly prevalent among public companies (including the comparators in PM&P's benchmarking study). The proposed amendment would conform the SIP more fully with the requirements of IRC Section 162(m) and would increase the Company's chances of realizing the potential savings of deducting payments made for performance-based compensation under that tax code section.

REQUIRED VOTE AND RECOMMENDATION

The passage of a recommendation requires the affirmative vote of holders of a majority of the shares of Common Stock cast at the meeting. THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** THE FOLLOWING RESOLUTION:

Resolved, that the American Vanguard Corporation 1994 Stock Incentive Plan be amended as described in Exhibit A to this Proxy Statement.

OF
AMERICAN VANGUARD CORPORATION
1994 STOCK INCENTIVE PLAN

The 1994 Stock Incentive Plan (Amended and Restated as of May 12, 2005) of American Vanguard Corporation is hereby amended as follows:

1. By inserting the following Section 9A immediately following Section 8 and immediately prior to Section 10:
9A. PERFORMANCE AWARDS.

9A.1 Generally.

The Committee shall have the authority to determine (i) the Participants who shall receive Performance Awards, (ii) the size, number, amount or value, as applicable, of Performance Awards, and (iii) the Performance Criteria applicable in respect of such Performance Awards for each Performance Period. The Committee shall determine the duration of each Performance Period (which may differ from each other), and there may be more than one Performance Period in existence at any one time as to any Participant or all or any class of Participants. Each grant of Performance Awards shall be evidenced by an Award Agreement that shall specify the Performance Criteria applicable thereto and such other terms and conditions not inconsistent with the Plan as the Committee shall determine.

9A.2 Earning of Performance Awards.

The grant and/or vesting of Performance Awards shall be contingent, in whole or in part, upon the attainment of specified Performance Criteria or the occurrence of any event or events involving a Change in Control Event, death or Total Disability, as the Committee shall determine either at or after the Award Date. In addition to the achievement of the specified Performance Criteria, the Committee may, at the grant date, condition earning of Performance Awards on the Participant completing a minimum period of service following the Award Date or on such other conditions as the Committee shall specify.

9A.3 Performance Criteria.

At the discretion of the Committee, Performance Criteria may be based upon the relative or comparative attainment of one or more of the following criteria during a Performance Period, whether in absolute terms or relative to the performance of one or more other companies or a published index covering the performance of a number of companies: total stockholder return (inclusive or exclusive of dividends paid); stock price; gross, operating or net earnings or margins; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; earnings or operating income before or after administrative expenses, interest, taxes, depreciation, amortization or construction costs; operating cash flow; earnings per share; price per share; economic value added; ratio of operating earnings to capital spending; net sales; sales growth; return on assets, capital or equity; income; market share; level of expenses; revenue; revenue growth; cash flow; increases in customer base; capital expenditures; cost reductions and expense control objectives; compliance with environmental or regulatory goals or requirements; budget objectives; working capital; strategic business criteria consisting of one or more Corporation objectives based on meeting specified revenue goals, market penetration goals, geographic business expansion goals, cost targets or product development goals; mergers, acquisitions and divestitures; and, in the case of persons who are not Executive Officers, such other criteria as may be determined by the Committee. Performance Criteria may be established on a Company-wide basis or with respect to one or more business units or divisions or Subsidiaries.

At the time the Committee establishes Performance Criteria for a Performance Period, the Committee may exclude any or all extraordinary items as determined under U.S. generally accepted

accounting principles including, without limitation, the charges or costs associated with restructurings of the Company or any Subsidiary, discontinued operations, other unusual or non-recurring items, the cumulative effects of accounting changes or such other objective factors as the Committee deems appropriate. Unless otherwise explicitly stated by the Committee at the time Performance Criteria are established, each applicable performance goal shall be appropriately adjusted for one or more of the following items: (a) asset impairments or write downs; (b) litigation judgments or claim settlements; (c) the effect of changes in tax law, accounting principles or such laws or provisions affecting reported results; (d) accruals for reorganization and restructuring programs; (e) any extraordinary nonrecurring items as described in Accounting Standards Codification (ASC) 225-20 and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to shareholders for the applicable year; (f) the operations of any business acquired by the Company or any affiliate or of any joint venture in which the Company or affiliate participates; (g) the divestiture of one or more business operations or the assets thereof; or (h) the costs incurred in connection with such acquisitions or divestitures; or (i) charges for stock based compensation.

Except in the case of Awards to Executive Officers intended to be performance-based compensation under Section 162(m)(4) of the Code, the Committee may at any time adjust the Performance Criteria for any Performance Period as it deems equitable in recognition of unusual or non-recurring events affecting the Company, changes in applicable tax laws or accounting principles, or such other factors as the Committee may determine.

9A.4 Performance Awards and Code Section 162(m).

The provisions of this Section 9A.4 shall apply with respect to any Performance Award that is intended to be performance-based compensation under Section 162(m)(4) of the Code.

The Committee shall establish the Performance Criteria for the applicable Performance Period no later than the 90th day after the Performance Period begins (or by such other date as may be required under Section 162(m) of the Code) but in any event at a time when achievement of the Performance Criteria is substantially uncertain. The Committee may not in any event increase the amount of compensation payable to an Executive Officer upon attainment of the Performance Criteria above the maximum amount approved by the Committee at the time the Performance Criteria is established.

(b) Certification of Attainment of Performance Criteria.

As soon as practicable after the end of a Performance Period and prior to any payment in respect of such Performance Period, the Committee shall certify in writing the amount, number or value, as applicable, of the Performance Awards that have been earned on the basis of performance in relation to the established Performance Criteria.

(c) Maximum Performance Award.

The maximum number of shares of Common Stock subject to Performance Awards that are granted during any calendar year to any individual under the Plan is three hundred thousand (300,000), or if a Performance Award is measured in cash, the maximum dollar amount granted during any calendar year to any individual under shall not exceed three million dollars (\$3,000,000).

Earned Performance Awards shall be distributed to the Participant or, if the Participant has died, to the Participant's Designated Beneficiary as soon as practicable after the expiration of the Performance Period and the Committee's certification under Section 9A.4(b) above, provided that, unless the payment of a Performance Award has been deferred in accordance with Section 409A of the Code, distributions of a Performance Award shall be made no later than March 15 of the year following the year in which the amount is earned.

9A.6. Newly Eligible Participants.

Notwithstanding anything in this Section 9A to the contrary, the Committee shall be entitled to make such rules, determinations and adjustments as it deems appropriate with respect to any Participant who becomes eligible to receive Performance Awards after the commencement of a Performance Period, except as would cause a Performance Award intended to qualify as performance based compensation under Section 162(m) of the Code to fail to do so.

2. By amending the following for the defined term Award in Section 5 of the Plan:

Award means an award of any Stock Option, SARs, Restricted Stock, Restricted Stock Unit, Performance Award or Other Stock or Cash Awards, or any combination thereof, whether alternative or cumulative, authorized by and granted under this Plan.

Any shares of Common Stock underlying any Award pursuant to any such acquisition shall be disregarded for purposes of applying the share reserve and shall not reduce the number of shares of Common Stock otherwise available under Section 4 above.

5. Awards.

The Committee is authorized to enter into the following arrangements under the Plan provided that their terms and conditions are not inconsistent with the provisions of the Plan: Stock Options, SARs, Restricted Stock and Restricted Stock Units, and Other Stock or Cash Awards (as defined in Section 9 below) (each, an Award).

6. Stock Options.

(a) A Stock Option is a right to purchase a number of shares of Common Stock at such exercise price, at such times and on such other terms and conditions as are specified in or determined pursuant to the document(s) evidencing the Award. Stock Options may be granted to participants at any time as determined by the Committee. The Committee shall determine the number of shares subject to each Stock Option. The Committee may grant Stock Options as Incentive Stock Options or Stock Options that are not intended to qualify as Incentive Stock Options, as the Committee, in its sole discretion, shall determine. The option price for a Stock Option shall be determined by the Committee but shall not be less than 100% of the Fair Market Value of the Common Stock on the date the Stock Option is granted. Each Stock Option shall expire at such time as the Committee shall determine at the time of grant. Stock Options shall be exercisable at such time and subject to such terms and conditions as the Committee shall determine; provided, however, that no Stock Option shall be exercisable later than ten (10) years after the date of its grant. The option price, upon exercise of any Stock Option, shall be payable to the Company in full by (i) cash payment or its equivalent, (ii) tendering previously acquired shares purchased on the open market or held for at least six months having a Fair Market Value at the time of exercise equal to the option price, or certification of ownership of such previously-acquired shares and (iii) such other methods of payment as the Committee, at its discretion, deems appropriate. In no event shall the Committee cancel any outstanding Stock Option for the purpose of reissuing the Stock Option to the participant at a lower exercise price or reduce the option price of an outstanding Stock Option.

(b) Stock Options intended to qualify as Incentive Stock Options may only be granted to employees of the Company, a parent corporation (as defined in Section 424(e) of the Code) or a subsidiary corporation (as defined in Section 424(f) of the Code), as determined by the Committee. No Incentive Stock Option shall be transferable by a participant otherwise than by will or the laws of descent and distribution, and is exercisable, during the participant's lifetime, only by the participant. No Incentive Stock Option shall be granted to any

person if immediately after the grant of such Award, such person would own stock of the Company, including Common Stock subject to outstanding Awards held by him or her under the Plan or any other plan established by the Company, amounting to more than ten percent (10%) of the total combined voting power or value of all classes of stock of the Company, unless the exercise price of any such Stock Option is 110% of the Common Stock's Fair Market Value on the grant date and the exercise period for any such Stock Option is not more than five (5) years. If and to the extent that any shares of Common Stock are issued under a portion of any Stock Option that exceeds the \$100,000 limitation of Section 422 of the Code, such shares shall not be treated as issued under an Incentive Stock Option in accordance with applicable Treasury regulations notwithstanding any designation otherwise. Certain decisions, amendments, interpretations and actions by the Committee and certain actions by a participant may cause a Stock Option to cease to qualify as an Incentive Stock Option pursuant to the Code and by accepting a Stock Option the participant agrees in advance to such disqualifying action.

7. Stock Appreciation Rights.

A Stock Appreciation Right or SAR is a right to receive value with respect to a specific number of shares of Common Stock equal to or otherwise based on the excess of (i) the Fair Market Value of a share at the time of exercise over (ii) the exercise price of the right, subject to such terms and conditions as are expressed in the document(s) evidencing the Award. SARs may be granted to a participant at any time as determined by the Committee. A SAR may be granted in tandem with a Stock Option granted under the Plan or on a free-standing basis. The Committee also may, in its discretion, substitute SARs that can be settled only in stock for outstanding Stock Options. The grant price of a tandem or substitute SAR shall be equal to the option price of the related option. The grant price of a free-standing SAR shall be equal to the Fair Market Value of a share of Common Stock on the date of its grant. A SAR may be exercised upon such terms and conditions as the Committee in its sole discretion determines; provided, however, that the period during which a SAR may be exercised shall not exceed the option term in the case of a tandem or substitute SAR or ten (10) years in the case of a free-standing SAR and the terms and conditions applicable to a substitute SAR shall be substantially the same as those applicable to the Stock Option which it replaces. Upon exercise of a SAR, the participant shall be entitled to receive payment from the Company in an amount determined by multiplying the excess of the Fair Market Value of a share of Common Stock on the date of exercise over the grant price of the SAR by the number of shares with respect to which the SAR is exercised. The payment may be made in cash or stock, at the discretion of the Committee, except in the case of a substitute SAR, in which case payment may be made only in stock.

8. Restricted Stock and Restricted Stock Units.

Restricted Stock is a grant of shares of Common Stock subject to such conditions as are expressed in the document(s) evidencing the Award. A Restricted Stock Unit is a right to receive, in Common Stock, the Fair Market Value of one share of Common Stock, the grant, issuance, retention and/or vesting of which is subject to such conditions as are expressed in the document(s) evidencing the Award. Restricted Stock and Restricted Stock Units may be awarded or sold to participants under such terms and conditions as shall be established by the Committee. Restricted Stock and Restricted Stock Units shall be subject to such restrictions as the Committee determines, including, without limitation, one or more of the following: (i) a prohibition against sale, assignment, transfer, pledge, hypothecation and other encumbrance for a specified period; and (ii) a requirement that the holder forfeit (or in the case of shares or units sold to the participant, resell to the Company at cost) such unvested shares or units in the event of termination of employment during the period of restriction. All restrictions shall expire at such times as the Committee shall specify.

9. Other Stock or Cash Awards.

In addition to the incentives described in Sections 6 through 8 above, the Committee may grant other incentives payable in cash or in Common Stock under the Plan as it determines to be in the best interests of the Company and subject to such other terms and conditions as it deems appropriate (Other Stock or Cash Awards).

10. Covered Employment.

Unless Company policy or the Committee otherwise provides, the employment relationship covered under an Award shall not be considered terminated in the case of (i) sick leave, (ii) military leave, or (ii) any other

leave of absence authorized by the Company or the Committee; provided that unless reemployment upon the expiration of such leave is guaranteed by contract or law, such leave is for a period of not more than 90 days. In the case of any employee on an approved leave of absence, continued vesting of a participant's Award while on leave may be suspended until the employee returns to service, unless the Committee otherwise provides or applicable law otherwise requires. In no event shall a Stock Option be exercised after the expiration of the term set forth in the document(s) evidencing the Award. For purposes of the Plan and any Award, if an entity ceases to be a subsidiary of the Company, termination of employment or service shall be deemed to have occurred with respect to each participant in respect of such subsidiary who does not continue as an employee or service provider in respect of the Company or another subsidiary after such event giving effect to such subsidiary's change in status.

11. Change of Control.

The Committee may provide for full or partial vesting and payment of a participant's Award in the event of a Change in Control (as hereinafter defined) of the Company in its sole discretion. The term "Change of Control" shall mean the occurrence of any of the following:

(a) the acquisition by any Person (as hereinafter defined) of 50% or more of the outstanding Common Stock of the Company (the "Outstanding Company Stock"), provided that, for purposes of this Section 11(a), the following acquisitions shall not constitute a Change of Control: (i) any acquisition by the Company, (ii) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any Person that controls, is controlled by or is under common control with, the Company, or (iii) a Non-Qualifying Business Combination (as hereinafter defined); or

(b) consummation of a reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of the Company or the acquisition of assets or stock of another corporation (a "Business Combination"), in each case, unless, following such Business Combination, the Persons who had Beneficial Ownership (as hereinafter defined) of the Outstanding Company Stock immediately prior to such Business Combination have Beneficial Ownership immediately following the consummation of such Business Combination, directly or indirectly, of more than 50% of the combined voting power of the then outstanding securities entitled to vote generally in the election of directors of the corporation resulting or surviving from such Business Combination (including, without limitation, a corporation which as a result of such transaction owns the Company or all or substantially all of the Company's assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership immediately prior to such Business Combination of the Outstanding Company Stock (a Business Combination that satisfies this exception shall be deemed to be a "Non-Qualifying Business Combination"); or

(c) individuals who, as of the Effective Date (as defined in Section 19 below) or such subsequent date as the Board may determine from time to time to be applicable for this Change of Control definition (the "Base Date"), constitute the Board (the "Incumbent Board") cease for any reason to constitute at least a majority of the Board, provided that, for purposes of this Section 11(c), any individual who becomes a director subsequent to the Base Date whose election, or nomination for election by the Company's stockholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual were a member of the Incumbent Board, excluding, however any such individual who initially assumes office as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board; or

(d) approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

Notwithstanding the foregoing provisions of this definition, unless otherwise determined by the Board, no Change of Control shall be deemed to have occurred with respect to an Award if (i) a participant is a member of a group that first announces a proposal which, if successful, would result in a Change of Control and which proposal (including any modifications thereof) is ultimately successful, (ii) the participant acquires a two percent

(2%) or more equity interest in the entity which ultimately acquires the Company pursuant to the transaction described in clause (i) above in this paragraph, or (iii) treatment of an event which is otherwise a Change of Control under this Section 11 with respect to such Award would result in violation of the rules relating to nonqualified deferred compensation plans under Section 409A(a) of the Code.

For purposes of this definition of Change of Control, Person means an individual, corporation, partnership, joint venture corporation, trust, unincorporated organization, government (or agency or political subdivision thereof), group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act or any other entity, and Beneficial Ownership means beneficial ownership within the meaning of Rule 13d-3 promulgated under the Exchange Act.

12. Adjustment.

(a) The following provisions will apply if any extraordinary dividend or other extraordinary distribution occurs in respect of the Common Stock (whether in the form of cash, Common Stock, other securities, or other property), or any reclassification, recapitalization, stock split (including a stock split in the form of a stock dividend), reverse stock split, reorganization, merger, combination, consolidation, split-up, spin-off, combination, repurchase, or exchange of Common Stock or other securities of the Company, or any similar, unusual or extraordinary corporate transaction (or event in respect of the Common Stock) or a sale of substantially all the assets of the Company as an entirety occurs. The Committee will, in such manner and to such extent (if any) as it deems appropriate and equitable:

(i) proportionately adjust any or all of (A) the number and type of shares of Common Stock (or other securities) that thereafter may be made the subject of Awards (including the specific maximums and numbers of shares set forth elsewhere in the Plan), (B) the number, amount and type of shares of Common Stock (or other securities or property) subject to any or all outstanding Awards, (C) the grant, purchase, or exercise price of any or all outstanding Awards, (D) the securities, cash or other property deliverable upon exercise of any outstanding Awards, (E) the performance standards appropriate to any outstanding Awards, and/or (F) the number of shares reserved for issuance as set forth in Section 4(a) above.

(ii) in the case of an extraordinary dividend or other distribution, recapitalization, reclassification, merger, reorganization, consolidation, combination, sale of assets, split up, exchange, or spin off, make provision for a cash payment or for the substitution or exchange of any or all outstanding Awards or the cash, securities or property deliverable to the holder of any or all outstanding Awards based upon the distribution or consideration payable to holders of the Common Stock upon or in respect of such event.

(b) The Committee shall value Awards as it deems reasonable in the event of a cash or property settlement and, in the case of Stock Options, SARs or similar rights, may base such settlement solely upon the excess if any of the per share amount payable upon or in respect of such event over the exercise or base price of the Award. With respect to any Award of an Incentive Stock Option, the Committee may make such an adjustment that causes the option to cease to qualify as an Incentive Stock Option without the consent of the affected participant.

(c) In any of the events described in this Section 12, the Committee may take such action prior to such event to the extent that the Committee deems the action necessary to permit the participant to realize the Awards intended to be conveyed with respect to the underlying shares in the same manner as is or will be available to stockholders generally. In the case of any stock split or reverse stock split, if no action is taken by the Committee, the proportionate adjustments contemplated by Section 12(a)(i) above shall nevertheless be made.

13. Nontransferability.

Each Award made under the Plan shall not be transferable otherwise than by will or the laws of descent and distribution and each Stock Option and SAR shall be exercisable during the participant's lifetime only by the participant or, in the event of disability, by the participant's personal representative. In the event of the death of a participant, exercise of any benefit or payment with respect to any benefit shall be made only by or to the executor or administrator of the estate of the deceased participant or the person or persons to whom the deceased participant's rights under the benefit shall pass by will or the laws of descent and distribution. Notwithstanding

the foregoing, at its discretion, the Committee may permit the donative transfer of any Award under the Plan (other than an Incentive Stock Option) by the participant subject to such terms and conditions as may be established by the Committee.

14. Taxes.

The Company shall be entitled to withhold the amount of any tax attributable to any amounts payable or shares deliverable under the Plan, after giving the person entitled to receive such payment or delivery notice, and the Company may defer making payment or delivery as to any Award, if any such tax is payable until indemnified to its satisfaction. At the discretion of the Committee, a participant may pay all or a portion of any required withholding taxes arising in connection with the exercise of a Stock Option or SAR or the receipt or vesting of shares hereunder by electing to have the Company withhold shares of Common Stock, having a Fair Market Value equal to the amount required to be withheld. Notwithstanding the foregoing, any fractional share under an Award shall be applied toward tax withholding.

15. Duration, Amendment and Termination.

No Award shall be made after May 12, 2015; provided, however, that the terms and conditions applicable to any Award granted on or before such date may thereafter be amended or modified by mutual agreement between the Company and the participant, or such other person as may then have an interest therein. The Board or the Committee may amend the Plan from time to time or terminate the Plan at any time. However, no such action shall reduce the amount of any existing Award or change the terms and conditions thereof without the participant's consent. No material amendment of the Plan shall be made without stockholder approval consistent with the Exchange's listing requirements.

16. Fair Market Value.

The Fair Market Value of a share of the Common Stock for a given date for purposes of the Plan means (i) the last reported closing price for a share of Common Stock on the Exchange, (ii) in the absence of reported sales on the Exchange on a given date, the closing price of the Exchange on the last date on which a sale occurred prior to such date; or (iii) if the Common Stock is no longer publicly traded on the Exchange, the value determined in good faith by the Committee. Notwithstanding the foregoing, the Committee may determine the Fair Market Value at any time in such other manner as the Committee may deem equitable or as required by applicable law or regulation.

17. Other Provisions.

(a) Awards shall be evidenced by a written agreement between the Company and a participant setting forth such terms, conditions and restrictions as the Committee determines appropriate (whether or not applicable to Awards granted to other participants), including provisions intended to comply with federal or state securities laws and stock exchange requirements, understandings or conditions as to the participant's employment, requirements or inducements for continued ownership of Common Stock after exercise or vesting of benefits (including Change of Control), forfeiture of Awards in the event of termination of employment shortly after exercise or vesting, or breach of non-competition or confidentiality agreements following termination of employment, or provisions permitting the deferral of the receipt of a benefit for such period and upon such terms as the Committee shall determine.

(b) In the event any benefit under the Plan is granted to a participant who is employed or providing services outside the United States and who is not compensated from a payroll maintained in the United States, the Committee may, in its sole discretion, modify the provisions of the Plan as they pertain to such individuals to comply with applicable law, regulation or accounting rules.

(c) The Committee, in its sole discretion, may permit or require a participant to have amounts or shares of Common Stock that otherwise would be paid or delivered to the participant as a result of the exercise or settlement of an Award under the Plan credited to a deferred compensation or stock unit account established on the participant's behalf by the Committee.

(d) A participant's right, if any, to continue to serve the Company and its subsidiaries as an officer, employee, or otherwise, shall not be enlarged or otherwise affected by his designation as a participant under the Plan. Payments and other benefits received by a participant under a benefit made pursuant to the Plan shall not be deemed a part of a participant's compensation for purposes of the determination of benefits under any other employee retirement or welfare benefit plans or arrangements, if any, provided by the Company or any subsidiary or affiliate, except where the Board or Committee expressly otherwise provides or authorizes in writing. Awards may be made in addition to, in combination with, as alternatives to or in payment of commitments under any other plans or arrangements of the Company or its subsidiaries.

18. Governing Law, Construction and Severability.

The Plan and any actions taken in connection herewith shall be governed by and construed in accordance with the laws of the state of Delaware (without regard to applicable Delaware principles of conflict of laws). If a court of competent jurisdiction holds any provision hereunder invalid and unenforceable, the remaining provisions of the Plan will continue in effect. It is the intent of the Company that the benefits and transactions permitted by benefits be interpreted in a manner that, in the case of participants who are or may be subject to Section 16 of the Exchange Act, qualify, to the maximum extent compatible with the express terms of the agreements reflecting the benefits, for exemption from matching liability under Rule 16b-3 promulgated under the Exchange Act. Notwithstanding the foregoing, the Company shall have no liability to any participant or other person for Section 16 consequences of benefits or events in connection with a benefit if a benefit or related event does not so qualify.

19. Stockholder Approval.

The Plan was adopted by the Board on May 12, 2005, subject to the approval by the affirmative vote of the holders of a majority of the votes cast at the next annual meeting of stockholders, and will become effective on the date of such stockholder approval. The Plan and any Awards granted hereunder shall be null and void if such stockholder approval is not obtained.

20. Predecessor Plan.

Subject to stockholder approval of the Plan as provided in Section 19, the Plan shall serve as the successor to the 1994 Stock Incentive Plan of the Company, as may have been amended, restated or otherwise modified prior to the Effective Date (the Predecessor Plan). All stock options granted under the Predecessor Plan shall be treated as Awards under the Plan and be governed by the terms and conditions of the Plan. No further stock options will be granted under the Predecessor Plan.
