NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL INFORMATION FOR THE NINE MONTHS ENDED 30 SEPTEMBER 2013

1. GENERAL INFORMATION

China Unicom (Hong Kong) Limited (the Company) was incorporated as a limited liability company in the Hong Kong Special Administrative Region (Hong Kong), the People's Republic of China (the PRC) on 8 February 2000. The principal activity of the Company is investment holding. The principal activities of the Company's subsidiaries are provision of cellular and fixed-line voice and related value-added services, broadband and other Internet-related services, information communications technology services, and business and data communications services in the PRC. The GSM cellular voice, WCDMA cellular voice and related value-added services are referred to as the mobile business, the services aforementioned other than the mobile business are hereinafter collectively referred to as the fixed-line business. The Company and its subsidiaries are hereinafter referred to as the Group.

2. BASIS OF PREPARATION

The basis of preparation and the significant accounting policies and estimates adopted in the preparation of the unaudited condensed consolidated financial information for the nine months ended 30 September 2013 are consistent with those used in preparing the annual financial statements for the year ended 31 December 2012.

(a) Acquisition of Unicom New Horizon Telecommunications Company Limited

On 21 November 2012, China United Network Communications Corporation Limited (CUCL, a wholly-owned subsidiary of the Company) entered into an equity transfer agreement with China United Network Communications Group Company Limited (a state-owned enterprise established in the PRC, hereinafter referred to as Unicom Group, the ultimate holding company of the Company), pursuant to which CUCL agreed to acquire the entire equity interest in Unicom New Horizon Telecommunications Company Limited (Unicom New Horizon) from Unicom Group for a total cash consideration of approximately RMB12,166 million. The principal activity of Unicom New Horizon is to lease its fixed-line telecommunications networks of the 21 provinces in Southern China to CUCL. The acquisition was completed on 26 December 2012.

In accordance with International Financial Reporting Standard/Hong Kong Financial Reporting Standard 3 (Revised), a business generally consists of inputs, processes applied to those inputs and outputs. The business is an integrated set of activities and assets that is capable of being conducted and managed for the purpose of providing an economic return. Unicom New Horizon did not meet the definition of a business because it only comprised the telecommunications network assets, cash, and related assets and liabilities. It did not have other inputs and processes such as license, subscriber base, management team and operating workforce etc to operate the fixed-line telecommunications business. Instead of operating the fixed-line telecommunications business, Unicom New Horizon could be able to generate economic returns by entering into lease arrangements for the telecommunications network assets. However, new lessees are not readily available in the market.

Accordingly, the Group accounted for the acquisition of Unicom New Horizon as an asset purchase transaction in accordance with International Accounting Standard/Hong Kong Accounting Standard 16, Property, plant and equipment on the date of purchase.

Table of Contents

(b) Going Concern Assumption

As at 30 September 2013, current liabilities of the Group exceeded current assets by approximately RMB227.2 billion (31 December 2012: approximately RMB254.1 billion). Given the current global economic conditions and the Group's expected capital expenditures in the foreseeable future, management has comprehensively considered the Group's available sources of funds as follows:

The Group's continuous net cash inflows from operating activities;

Approximately RMB212.8 billion of revolving banking facilities and registered quota of commercial papers, of which approximately RMB90.7 billion was unutilised as at 30 September 2013; and

Other available sources of financing from domestic banks and other financial institutions given the Group's credit history.

In addition, the Group believes that it has ability to raise funds from the short, medium and long-term perspectives and maintain reasonable financing costs through appropriate financing portfolio.

Based on the above considerations, the Board of Directors is of the opinion that the Group has sufficient funds to meet its working capital requirements and debt obligations. As a result, the unaudited condensed consolidated financial information of the Group for the nine months ended 30 September 2013 has been prepared on a going concern basis.

3. EARNINGS PER SHARE

Basic earnings per share for the nine months ended 30 September 2013 and 2012 were computed by dividing the profit attributable to equity shareholders of the Company by the weighted average number of ordinary shares outstanding during the periods.

Diluted earnings per share for the nine months ended 30 September 2013 and 2012 were computed by dividing the profit attributable to equity shareholders of the Company by the weighted average number of ordinary shares outstanding during the periods, after adjusting for the effects of dilutive potential ordinary shares. All dilutive potential ordinary shares for the nine months ended 30 September 2013 and 2012 arose from (i) share options granted under the amended Share Option Scheme; (ii) share options granted under the amended Special Purpose Share Option Scheme and (iii) convertible bonds.

Table of Contents

The following table sets forth the computation of basic and diluted earnings per share:

	Nine months ended 30 September	
	2013	2012
Numerator (in RMB millions):		
Profit attributable to equity shareholders of the Company used in computing basic earnings per share	8,374	5,453
Imputed finance cost on the liability component of convertible bonds	157	158
Profit attributable to equity shareholders of the Company used in computing diluted earnings per share	8,531	5,611
Denominator (in millions):		
Weighted average number of ordinary shares outstanding used in computing basic earnings per share	23,620	23,565
Dilutive equivalent shares arising from share options	142	191
Dilutive equivalent shares arising from convertible bonds	922	907
Shares used in computing diluted earnings per share	24,684	24,663
Basic earnings per share (in RMB)	0.35	0.23
Diluted earnings per share (in RMB)	0.35	0.23

4. CONVERTIBLE BONDS

On 18 October 2010, Billion Express Investments Limited (Billion Express), a wholly-owned subsidiary of the Company, issued 0.75% guaranteed convertible bonds in an aggregate principal amount of USD1,838,800,000 (at the fixed exchange rate of USD1 equivalent to HKD7.7576) which are due in October 2015 at a redemption price of 100% of the principal amount. Billion Express would at the option of a bondholder, redeem all and not some only of such bondholder's convertible bonds on 18 October 2013 at their principal amount together with interest accrued and unpaid to the date fixed for redemption (the Put Option). The last day on which the bondholders may give notice to exercise the Put Option was 18 September 2013. As no bondholder has given notice to exercise the Put Option to require the redemption of their convertible bonds by 18 September 2013, such right has expired on that date. The convertible bonds are therefore classified as non-current liabilities as at 30 September 2013.

5. EVENTS AFTER THE REPORTING PERIOD

CUCL issued the third tranche of super and short-term commercial paper for the year 2013 of an amount of RMB10 billion on 12 October 2013 and the fourth tranche of super and short-term commercial paper for the year 2013 of an amount of RMB10 billion on 21 October 2013, both with maturity date of 180 days from the date of issue.

Table of Contents

FINANCIAL OUTLINE

Revenue

In the first three quarters of 2013, total revenue was RMB220.17 billion, up by 18.9% as compared to the same period of last year. Out of the total revenue, service revenue was RMB177.38 billion, up by 13.6% as compared to the same period of last year.

Scale growth in the mobile business. In the first three quarters of 2013, service revenue from the mobile business was RMB111.94 billion, up by 20.2% as compared to the same period of last year. The net addition of the mobile subscribers was 33.452 million in the first three quarters of 2013 and the total number of the mobile subscribers reached 272.764 million as at 30 September 2013. The average revenue per user per month (ARPU) was RMB48.6 for the mobile business in the first three quarters of 2013. Out of service revenue from the mobile business, service revenue from the 3G business was RMB64.65 billion in the first three quarters of 2013 and as a percentage of service revenue from the mobile business, there was an increase from 45.9% in the first three quarters of 2012 to 57.8% in the first three quarters of 2013. The net addition of 3G subscribers was 35.170 million in the first three quarters of 2013, and the number of 3G subscribers reached 111.626 million as at 30 September 2013. ARPU for 3G business was RMB76.5 in the first three quarters of 2013.

Stable growth in the fixed-line business. In the first three quarters of 2013, service revenue from the fixed-line business was RMB64.82 billion, up by 3.8% as compared to the same period of last year. Out of service revenue from the fixed-line business, service revenue from the broadband business¹ was RMB34.19 billion, up by 10.2% as compared to the same period of last year and as a percentage of service revenue from the fixed-line business, there was an increase from 49.7% in the first three quarters of 2012 to 52.7% in the first three quarters of 2013. The net addition of the broadband subscribers was 5.543 million in the first three quarters of 2013, and the number of broadband subscribers reached 64.083 million as at 30 September 2013. ARPU for broadband business was RMB61.6 in the first three quarters of 2013.

Costs and expenses

In the first three quarters of 2013, total costs and expenses² were RMB209.01 billion, up by 17.5% as compared to the same period of last year and 1.4 percentage points lower than the increase in total revenue in the first three quarters of 2013.

The Company continuously enhanced its network capacity and further expanded its network scale. As a result, depreciation and amortisation charge³ were RMB51.06 billion in the first three quarters of 2013, up by 12.2% as compared to the same period of last year and, as a percentage of service revenue decreased from 29.1% in the first three quarters of 2012 to 28.8% in the first three quarters of 2013.

Table of Contents

The Company continued to strengthen costs control. Network, operation and support expenses were RMB24.67 billion, up by 2.5% as compared to the same period of last year and, as a percentage of service revenue decreased from 15.4% in the first three quarters of 2012 to 13.9% in the first three quarters of 2013.

In order to cope with the keen market competition, the Company accelerated key business development. As a result, selling and marketing expenses were RMB31.89 billion in the first three quarters of 2013, up by 25.6% as compared to the same period of last year. 3G terminal subsidy cost was RMB5.82 billion in the first three quarters of 2013 and, as a percentage of service revenue from 3G business decreased from 10.9% in the first three quarters of 2012 to 9.0% in the first three quarters of 2013.

Earnings

In the first three quarters of 2013, profit before income tax was RMB11.16 billion and profit for the period was RMB8.37 billion, up by 53.6% as compared to the same period of last year. Basic earnings per share was RMB0.355 in the first three quarters of 2013. EBITDA⁴ was RMB63.98 billion in the first three quarters of 2013, up by 16.8% as compared to the same period of last year. EBITDA as a percentage of service revenue was 36.1% in the first three quarters of 2013.

Note 1: To be comparable with other telecom operators, computation basis of broadband subscribers was adjusted from 2013 as follows: including Internet leased line users and not applying LAN user account conversion. For the year ended 31 December 2012, after adjustment, the number of broadband subscribers was 58.540 million. Correspondingly, service revenue from the broadband business included service revenue from the Internet leased line users. After adjustment, the service revenue from the broadband business changed from RMB29.39 billion to RMB31.02 billion in the first three quarters of 2012.

Note 2: Including interconnection charges, depreciation and amortisation, network, operation and support expenses, employee benefit expenses, costs of telecommunications products sold, other operating expenses, finance costs, interest income and other income-net.

Note 3: The acquisition of the entire equity interest of Unicom New Horizon Telecommunications Company Limited (Unicom New Horizon) from China United Network Communications Group Company Limited was completed on 26 December 2012. In accordance with International Financial Reporting Standard/Hong Kong Financial Reporting Standard 3 (Revised), a business generally consists of inputs, processes applied to those inputs and outputs. The business is an integrated set of activities and assets that is capable of being conducted and managed for the purpose of providing an economic return. Unicom New Horizon did not meet the definition of a business, therefore the acquisition of Unicom New Horizon was accounted as an asset purchase transaction in accordance with International Accounting Standard/Hong Kong Accounting Standard 16, Property, plant and equipment on the date of purchase. Depreciation and amortisation charges in the first three quarters of 2013 included depreciation and amortisation charges of RMB1.67 billion attributed by the assets of Unicom New Horizon.

Table of Contents

Note 4: EBITDA represents profit for the period before finance costs, interest income, other income-net, income tax, depreciation and amortisation. As the telecommunications business is a capital intensive industry, capital expenditure and finance costs may have a significant impact on the net profit of the companies with similar operating results. Therefore, the Company believes that EBITDA may be helpful in analysing the operating results of a telecommunications service operator like our Group.

CAUTION STATEMENT

The Board wishes to remind investors that the unaudited financial information and the financial outline for the nine months ended 30 September 2013 are based on the Group's internal records and management accounts and have not been reviewed or audited by the auditors. The financial information for the nine months ended 30 September 2012 are extracted from the unaudited financial information of the Group; and the financial information for the year ended 31 December 2012 are extracted from the audited financial statements as contained in the 2012 Annual Report. Investors are cautioned not to unduly rely on financial data, statistics and comparison for the nine months ended 30 September 2013. **In the meantime, investors are advised to exercise caution in dealing in the shares of the Company.**
