## SECTION 1 CONFLICT MINERALS DISCLOSURE

### Item 1.01. Conflict Minerals Disclosure and Report

InfoSonics Corporation ( InfoSonics , we , us or our ) has evaluated its current product lines and determined that certain products we contract to manufacture contain tin, tungsten, tantalum, or gold that are necessary to the functionality or production of our products. Accordingly, InfoSonics is filing this Form SD along with a Conflict Minerals Report to disclose the measures we have taken to determine the origin of the conflict minerals used in our products.

We undertook due diligence measures, including surveying our direct suppliers via an industry-standard survey template for conflict minerals, to try to determine the sources of these minerals, which we purchase through a complex supply chain.

Currently, we do not have sufficient information from our suppliers or other sources to determine the country of origin of the conflict minerals used in our products or identify the facilities used to process those conflict minerals. Therefore, we cannot exclude the possibility that some of these conflict minerals may have originated in the Democratic Republic of the Congo or an adjoining country and are not from recycled or scrap sources.

A copy of InfoSonics' 2013 Conflict Minerals Report is filed as Exhibit 1.02 to this Form SD and is publicly available at the Investors' section of our website at [www.infosonics.com](http://www.infosonics.com).

### Item 1.02. Exhibit

The Conflict Minerals Report required by Item 1.01 is filed as Exhibit 1.02 to this Form SD.

## SECTION 2 EXHIBITS

### Item 2.01. Exhibits

Exhibit 1.02 Conflict Minerals Report as required by Items 1.01 and 1.02 of this Form SD.
