MERGER PROPOSED YOUR VOTE IS VERY IMPORTANT

Dear Shareholder:

On _____, 2014, we will hold a special meeting of the shareholders of Simmons First National Corporation, or Simmons, to consider and vote upon two separate proposals to merge with Community First Bancshares, Inc., or Community First, and Liberty Bancshares, Inc., or Liberty. Simmons will be the surviving corporation in the merger with Community First, which we refer to as the Community First merger, and in the merger with Liberty, which we refer to as the Liberty merger.

Community First is headquartered in Union City, Tennessee, currently operates 31 branches or financial centers, of which 21 are located in western Tennessee, eight in middle Tennessee and two in eastern Tennessee, and has assets of approximately \$1.9 billion. The completion of the Community First merger will constitute Simmons' initial entry into the Tennessee banking markets. In addition to providing traditional community banking services to its customers, the Community First merger will strengthen Simmons' specialty product offerings in the areas of consumer finance, insurance and Small Business Administration, or SBA, lending.

Liberty is headquartered in Springfield, Missouri, currently operates 24 financial centers in southwest Missouri, including six in Springfield, Missouri, and has assets of approximately \$1.1 billion. The completion of the Liberty merger will significantly increase Simmons' market position in the Springfield and southwest Missouri banking markets. In addition to providing traditional community banking services to its customers, the pending Liberty merger will strengthen Simmons' specialty product offerings in the area of SBA lending.

Under the terms of the agreement and plan of merger, as amended, with Community First, which we refer to as the Community First merger agreement, each share of Community First common stock (except for shares of Community First common stock held by Community First or Simmons and any dissenting shares) will be converted into the right to receive 17.8975 shares of Simmons common stock, subject to possible adjustment. Simmons expects to issue 6,624,000 shares of common stock to Community First shareholders in the aggregate upon completion of the Community First merger. In addition, each share of Community First Senior Non-Cumulative Perpetual Preferred Stock, Series C, which we refer to as Community First Series C preferred stock, will be exchanged for one share of Simmons Senior Non-Cumulative Perpetual Preferred Stock, Series A, which we refer to as Simmons Series A

preferred stock. Simmons expects to issue 30,852 shares of Simmons Series A preferred stock.

Under the terms of the agreement and plan of merger, as amended, with Liberty, which we refer to as the Liberty merger agreement, each share of Liberty common stock (except for shares of Liberty common stock held by Liberty or Simmons and any dissenting shares) will be converted into the right to receive 1.0 share of Simmons common stock, subject to possible adjustment. Simmons expects to issue 5,247,187 shares of common stock to Liberty shareholders in the aggregate upon completion of the Liberty merger.

Based upon the closing sales price of Simmons common stock on May 5, 2014, the last trading day prior to the announcement of the Community First merger, and _____, 2014, the last practicable trading day before the date of this joint proxy statement/prospectus, the implied aggregate value of the Community First merger is approximately \$243.4 million, or \$657.55 per share of Community First common stock, and \$ _____ million, or \$ _____ per share of Community First common stock, respectively. Based upon the closing sales price of Simmons common stock on May 27, 2014, the last trading day prior to the announcement of the Liberty merger, and _____, 2014, the last practicable trading day before the date of this joint proxy statement/prospectus, the implied aggregate value of the Liberty merger is approximately \$213.1 million, or \$40.62 per share of Liberty common stock, and \$ _____ million, or \$ _____ per share of Liberty common stock, respectively.

Simmons, Community First and Liberty will each hold a special meeting of their respective shareholders in connection with the Community First merger and the Liberty merger. At such special meetings, Simmons, Community First and Liberty shareholders will be asked to vote to approve the Community First merger agreement and the Liberty merger agreement, as applicable, and related matters as described in the attached joint proxy statement/prospectus. Approval of the Community First merger agreement and the Liberty merger agreement by Simmons shareholders requires the affirmative vote of the holders of a majority of votes entitled to be cast. In addition, the written consent of the holder of the Community First Series C preferred stock is required to approve the Community First merger.

Based on the number of Simmons shares outstanding as of September 8, 2014, if the Community First merger and Liberty merger are both completed, current Simmons shareholders would own approximately 60.2% of the common stock of Simmons immediately following completion of the mergers, while former Community First shareholders would own approximately 22.2% and former Liberty shareholders would own approximately 17.6%. If the Community First merger is completed, but the Liberty merger is not completed, current Simmons and Community First shareholders would own approximately 73.1% and 26.9%, respectively, of Simmons common stock upon completion of the Community First merger. If the Liberty merger is completed, but the Community First merger is not completed, current Simmons and Liberty shareholders would own approximately 77.4% and 22.6%, respectively, of Simmons common stock upon completion of the Liberty merger.

In addition to considering and voting upon the Community First merger and the Liberty merger, Simmons shareholders will also be asked to consider and vote upon a proposal to designate the number of members comprising the board of directors of Simmons as 12, increasing by three the number of Simmons directors, as more fully described in the attached joint proxy statement/prospectus, which we refer to as the Simmons director proposal.

The increase in the number of Simmons directors is being effected to implement agreements in the Community First merger and the Liberty merger to provide for representation of such parties on the Simmons board of directors. Approval of the Simmons director proposal by Simmons shareholders requires the affirmative vote of the holders of a majority of the votes cast on the Simmons director proposal at the Simmons special meeting.

The board of directors of Simmons believes the mergers with Community First and Liberty, together with the merger with Metropolitan National Bank that was completed on November 25, 2013 and the merger with Delta Trust & Banking Corporation that was completed on August 31, 2014, are transformative events for Simmons, allowing

Simmons to diversify its market area, achieve scale, and attract seasoned management, thereby increasing shareholder value for Simmons by providing a broader array of products and services and lending capacity to meet the needs of its customers as they grow.

The special meeting of Simmons shareholders will be held on _____, 2014, at _____, at _____ local time.

Simmons board of directors unanimously recommends that Simmons shareholders vote FOR the approval of the Community First merger agreement, FOR the approval of the Liberty merger agreement, FOR the approval of the Simmons director proposal, and FOR the approval of any other matters to be considered at the Simmons special meeting.

In the Community First merger, each share of Community First common stock (except for shares of Community First common stock held by Community First or Simmons and any dissenting shares) will be converted into the right to receive 17.8975 shares of Simmons common stock, subject to possible adjustment, which we refer to as the Community First merger consideration, or 6,624,000 shares of Simmons common stock in the aggregate, and each share of Community First Senior Non-Cumulative Perpetual Preferred Stock, Series C, which we refer to as Community First Series C preferred stock, will be exchanged for one share of Simmons Senior Non-Cumulative Perpetual Preferred Stock, Series A, which we refer to as Simmons Series A preferred stock, or 30,852 shares of Simmons Series A preferred stock in the aggregate. Information included in this joint proxy statement/prospectus with respect to Liberty and the Liberty merger is provided as information for Community First shareholders to consider when voting upon the Community First merger and for ease of reference for Simmons shareholders as they are required to consider and vote upon both the Community First merger and the Liberty merger.

Based on the number of Simmons shares outstanding as of September 8, 2014, if the Community First merger and Liberty merger are both completed, current Simmons shareholders would own approximately 60.2% of the common stock of Simmons immediately following completion of the mergers, while former Community First shareholders

would own approximately 22.2% and former Liberty shareholders would own approximately 17.6%. If the Community First merger is completed, but the Liberty merger is not completed, current Simmons and Community First shareholders would own approximately 73.1% and 26.9%, respectively, of Simmons common stock upon completion of the Community First merger.

Neither the closing of the Community First merger nor the closing of the Liberty merger is conditioned upon closing of the other merger.

Simmons and Community First will each hold a special meeting of their respective shareholders in connection with the Community First merger. At such special meetings, Simmons and Community First shareholders will be asked to vote to approve the Community First merger agreement and related matters as described in the attached joint proxy statement/prospectus. QUESTIONS AND ANSWERS

The following are some questions that you may have about the Community First merger or the Liberty merger, which we collectively refer to as the mergers, and the Simmons, Community First or Liberty special meetings, and brief answers to those questions. We urge you to read carefully the remainder of this joint proxy statement/prospectus because the information in this section does not provide all of the information that might be important to you with respect to the mergers and the Simmons, Community First or Liberty special meetings. Additional important information is also contained in the documents incorporated by reference into this joint proxy statement/prospectus. See **Where You Can Find More Information**.

Unless the context otherwise requires, references in this joint proxy statement/prospectus to **Simmons** refer to Simmons First National Corporation, an Arkansas corporation, and its subsidiaries, references to **Community First** refer to Community First Bancshares, Inc., a Tennessee corporation, and its subsidiaries, and references to **Liberty** refer to Liberty Bancshares, Inc., a Missouri corporation, and its subsidiaries.

Q: What are the mergers?

A: Simmons and Community First have entered into an Agreement and Plan of Merger, dated as of May 6, 2014, as amended on September 11, 2014, which we refer to as the Community First merger agreement, and Simmons and Liberty have entered into an Agreement and Plan of Merger, dated as of May 27, 2014, as amended on September 11, 2014, which we refer to as the Liberty merger agreement, and collectively we refer to the Community First merger agreement and the Liberty merger agreement as the merger agreements. Under the Community First merger agreement, Community First will be merged with and into Simmons, with Simmons continuing as the surviving corporation, and under the Liberty merger agreement, Liberty will be merged with and into Simmons, with Simmons continuing as the surviving corporation. Copies of the Community First merger agreement and the Liberty merger agreement are included in this joint proxy statement/prospectus as Annex A and Annex B, respectively.

The mergers cannot be completed unless, among other things, the Simmons shareholders, Community First shareholders and Liberty shareholders approve their respective proposals to approve the merger agreements.

Q: Is the consummation of one merger conditioned on the consummation of the other merger?

A: No. The Community First merger may be consummated regardless of whether the Liberty merger is consummated. Similarly, the Liberty merger may be consummated regardless of whether the Community First merger is consummated.

Q: Why am I receiving this joint proxy statement/prospectus?

A: We are delivering this document to you because it is a joint proxy statement being used by the Simmons, Community First and Liberty boards of directors to solicit proxies of their respective shareholders in connection

with approval of the mergers and related matters.

In order to approve the mergers and related matters, Simmons, Community First and Liberty have each called a special meeting of their common shareholders, which we refer to as the Simmons special meeting, Community First special meeting and the Liberty special meeting, respectively. This document serves as a proxy statement for the Simmons special meeting, Community First special meeting and the Liberty special meeting and describes the proposals to be presented at the meetings.

This document is also a prospectus that is being delivered to Community First shareholders and Liberty shareholders because Simmons is offering shares of its common stock to both the Community First shareholders and the Liberty shareholders in connection with the mergers.

Table of Contents

This joint proxy statement/prospectus contains important information about the mergers and the other proposals being voted on at the meetings. You should read it carefully and in its entirety. The enclosed materials allow you to have your shares voted by proxy without attending your meeting. Your vote is important. We encourage you to submit your proxy as soon as possible.

Q: In addition to the Community First merger proposal and Liberty merger proposal, what else are Simmons shareholders being asked to vote on?

A: In addition to the two merger proposals, Simmons is soliciting proxies from its shareholders with respect to (1) a proposal to designate the number of members comprising the board of directors of Simmons as 12, increasing by three the number of Simmons directors, which we refer to as the Simmons director proposal, (2) a proposal to adjourn the Simmons special meeting, if necessary or appropriate, to solicit additional proxies in favor of the Community First merger proposal, which we refer to as the Simmons/Community First adjournment proposal, and (3) a proposal to adjourn the Simmons special meeting, if necessary or appropriate, to solicit additional proxies in favor of the Liberty merger proposal, which we refer to as the Simmons/Liberty adjournment proposal. Approval of the Simmons director proposal is necessary for the completion of the Community First merger and the Liberty merger. Completion of the Community First merger and the Liberty merger are not conditioned upon approval of either of the Simmons/Community First adjournment proposal or the Simmons/Liberty adjournment proposal.

Q: In addition to the Community First merger proposal, what else are Community First shareholders being asked to vote on?

A: In addition to the Community First merger proposal, Community First is soliciting proxies from its shareholders with respect to a proposal to adjourn the Community First special meeting, if necessary or appropriate, to solicit additional proxies in favor of the Community First merger proposal, which we refer to as the Community First adjournment proposal.

Completion of the Community First merger is not conditioned upon approval of the Community First adjournment proposal.

Q: In addition to the Liberty merger proposal, what else are Liberty shareholders being asked to vote on?

A: In addition to the Liberty merger proposal, Liberty is soliciting proxies from its shareholders with respect to a proposal to adjourn the Liberty special meeting, if necessary or appropriate, to solicit additional proxies in favor of the Liberty merger proposal, which we refer to as the Liberty adjournment proposal.

Completion of the Liberty merger is not conditioned upon approval of the Liberty adjournment proposal.

Q: What will Community First shareholders receive in the merger?

- A: If the Community First merger is completed, holders of Community First common stock will receive 17.8975 shares of Simmons common stock (subject to possible adjustments), which we refer to as the Community First merger consideration, for each share of Community First common stock held immediately prior to the merger. Simmons will not issue any fractional shares of Simmons common stock in the Community First merger. Community First shareholders who would otherwise be entitled to a fractional share of Simmons common stock upon the completion of the Community First merger will instead receive an amount in cash equal to the product of the average of the last reported sale prices per share of Simmons common stock as reported on the NASDAQ Global Select Market for the 20 consecutive trading days ending immediately prior to the 10th day before the date on which the Community First merger is completed, times the fraction of a share of Simmons common stock to which the Community First shareholder otherwise would be entitled.

Table of Contents

If the number of shares of Community First common stock outstanding (including shares of Community First restricted common stock) increases or decreases prior to the effective time of the Community First merger, then the number of shares of Simmons common stock to be issued for each share of Community First common stock shall be adjusted from 17.8975 shares of Simmons common stock to a number that will result in Simmons issuing no more than 6,624,000 shares of Simmons common stock in the Community First merger. We refer to the number of shares of Simmons common stock to be issued for each share of Community First common stock, as adjusted, as the Community First exchange ratio. In addition, if the Community First board of directors exercises its right to terminate the Community First merger agreement due to the decrease in the average closing price of Simmons common stock relative to an index of banking stocks, Simmons may elect to increase the Community First merger consideration by paying, in addition to shares of Simmons common stock, cash for each share of Community First common stock. See The Merger Agreements Walkaway Counteroffers Community First Merger.

In addition to the Community First common stock being exchanged for Simmons common stock, Community First Senior Non-Cumulative Perpetual Preferred Stock, Series C, or Community First Series C preferred stock, will be exchanged for a new series of Simmons preferred stock designated as Simmons Senior Non-Cumulative Perpetual Preferred Stock, Series A, or Simmons Series A preferred stock, with substantially identical terms, except that Simmons Series A preferred stock will not have any transfer restrictions or be subject to registration rights.

Q: Is approval of the Community First merger by the holder of the Community First Series C preferred stock necessary for the completion of the Community First merger?

A: Yes. The written consent of the holder of the Community First Series C preferred stock is required for completion of the Community First merger.

Q: What will Liberty shareholders receive in the merger?

A: If the Liberty merger is completed, Liberty shareholders will receive 1.0 share of Simmons common stock (subject to possible adjustment), which we refer to as the Liberty merger consideration, for each share of Liberty common stock held immediately prior to the Liberty merger. We refer to the Community First merger consideration and the Liberty merger consideration collectively as the merger consideration. Simmons will not issue any fractional shares of Simmons common stock in the Liberty merger. Liberty shareholders who would otherwise be entitled to a fractional share of Simmons common stock upon the completion of the merger will instead receive an amount in cash equal to the product of the average of the last reported sale prices per share of Simmons common stock as reported on the NASDAQ Global Select Market for the 20 consecutive trading days ending immediately prior to the 10th day before the date on which the Liberty merger is completed, times the fraction of a share of Simmons common stock to which the Liberty shareholder otherwise would be entitled.

If the number of shares of Liberty common stock outstanding (including shares of Liberty common stock subject to Liberty stock options) increases or decreases prior to the effective time of the Liberty merger, then the number of shares of Simmons common stock to be issued for each share of Liberty common stock shall be adjusted from 1.0 share of Simmons common stock to a number that will result in Simmons issuing no more than 5,247,187 shares of Simmons common stock in the Liberty merger. We refer to the number of shares of Simmons common stock to be issued for each of share of Liberty common stock, as adjusted, as the Liberty exchange ratio. In addition, if the Liberty board of directors exercises its right to terminate the Liberty merger agreement due to the decrease in the average

closing price of Simmons common stock relative to an index of banking stocks, Simmons may elect to increase the Liberty merger consideration by paying, in addition to shares of Simmons common stock, cash for each share of Liberty common stock. See The Merger Agreements Walkaway Counteroffers Liberty Merger.

Table of Contents

Q: What will Simmons shareholders receive in the mergers?

A: If either or both of the mergers are completed, Simmons shareholders will not receive any merger consideration and will continue to hold the shares of Simmons common stock that they currently hold. Following the mergers, shares of Simmons common stock will continue to be traded on the NASDAQ Global Select Market under the symbol SFNC.

Q: How will the Community First merger affect Community First restricted stock?

A: Each share of Community First restricted stock, that is not Community First double trigger restricted stock, will vest at the effective time of the Community First merger and will be entitled to be exchanged for the Community First merger consideration in the same manner as unrestricted shares of Community First common stock. Each share of Community First double trigger restricted stock will be exchanged for the Community First merger consideration but the shares of Simmons common stock received as Community First merger consideration shall not vest at the effective time of the Community First merger but instead shall vest or be forfeited pursuant to the terms of the Community First stock plan under which they were granted (taking into account that the consummation of the Community First merger and its related transactions will constitute the first trigger for the Community First double trigger restricted stock). Community First double trigger restricted stock are shares of Community First restricted stock that vest only upon both a change in control of Community First and two years of continued service following the change in control of Community First by the holder of Community First double trigger restricted stock.

Q: How will the Liberty merger affect Liberty stock options?

A: Each option to purchase shares of Liberty common stock outstanding immediately prior to the effective time of the Liberty merger will be converted into an option to purchase Simmons common stock on the same terms and conditions as were applicable prior to the Liberty merger, except that (1) the number of shares of Simmons common stock subject to the new option will be equal to the product of the number of shares of Liberty common stock subject to the existing option and the Liberty exchange ratio and (2) the exercise price per share of Simmons common stock under the new option will be equal to the exercise price per share of Liberty common stock of the existing option divided by the Liberty exchange ratio.

Q: Will the value of the merger consideration change between the date of this joint proxy statement/prospectus and the time the mergers are completed?

A: Because the number of shares of Simmons common stock that both Community First and Liberty shareholders will receive for each share of Community First common stock and Liberty common stock, respectively, is fixed (subject, in each case, to possible adjustment), the value of the merger consideration in each merger will fluctuate between the date of this joint proxy statement/prospectus and the completion of the mergers based upon the market value for Simmons common stock. Any fluctuation in the market price of Simmons common stock after the date of this joint proxy statement/prospectus will change the value of the shares of Simmons common stock

that both Community First and Liberty shareholders will receive, subject to any payment made by Simmons in connection with a walkaway counteroffer.

Q: How does Simmons board of directors recommend that Simmons shareholders vote at the Simmons special meeting?

A: Simmons board of directors unanimously recommends that Simmons shareholders vote **FOR** both merger proposals, **FOR** the Simmons director proposal, **FOR** the Simmons/Community First adjournment proposal, if necessary or appropriate, and **FOR** the Simmons/Liberty adjournment proposal, if necessary or appropriate.

Liberty adjournment proposal:

Standard: Approval of the Liberty adjournment proposal requires the affirmative vote of holders of a majority of shares represented at the Liberty special meeting.

Effect of abstentions and broker non-votes: If you mark **ABSTAIN** on your proxy card, or fail to instruct your bank or broker how to vote, with respect to the Liberty adjournment proposal, it will have the same effect as a vote **AGAINST** the proposal. If you are a **street name** holder and fail to either submit a proxy card entirely or vote in person at the Liberty special meeting, it will have no effect on such proposal.

Q: Why is my vote important?

A: If you do not vote, it will be more difficult for Simmons, Community First or Liberty to obtain the necessary quorum to hold their special meetings. In addition, your failure to submit a proxy or vote in person, failure to vote by telephone or the internet for Simmons shareholders, or failure to instruct your bank or broker how to vote, or abstention will have the same effect as a vote **AGAINST** approval of the merger agreements. The merger agreements must be approved by the affirmative vote of holders of a majority of the votes entitled to be cast by Simmons shareholders on both merger agreements, the affirmative vote of holders of a majority of the votes entitled to vote by Community First shareholders on the Community First merger agreement and the affirmative vote of holders of two-thirds of the outstanding shares of Liberty common stock entitled to vote by Liberty shareholders on the Liberty merger agreement. The Simmons board of directors recommends that you vote **FOR** both merger proposals, and the Community First board of directors and the Liberty board of directors unanimously recommend that you vote **FOR** the Community First merger proposal and **FOR** the Liberty merger proposal, respectively.

Q: If my shares of common stock are held in **street name by my bank or broker, will my bank or broker automatically vote my shares for me?**

A: No. Your bank or broker cannot vote your shares without instructions from you. You should instruct your bank or broker how to vote your shares in accordance with the instructions provided to you. Please check the voting form used by your bank or broker.

Q: How do I vote if I own shares through the Simmons First National Corporation Employee Stock Ownership Plan, or Simmons ESOP?

A: You will be given the opportunity to instruct the trustee of the Simmons ESOP how to vote the shares that you hold in your account. To the extent that you do not timely give such instructions, your shares will not be voted.

Q: Can I attend the meeting and vote my shares in person?

A: Yes. All shareholders of Simmons, Community First and Liberty, including shareholders of record and shareholders who hold their shares through banks, brokers, nominees or any other holder of record, are invited to attend their respective meetings. Holders of record of Simmons, Community First and Liberty common stock can vote in person at the Simmons special meeting, Community First special meeting and

Liberty special meeting, respectively. Holders of record of Simmons common stock can also vote by telephone or the internet. If you are not a shareholder of record, you must obtain a proxy card, executed in your favor, from the record holder of your shares, such as a broker, bank or other nominee, to be able to vote in person at the meetings. If you plan to attend your meeting, you must hold your shares in your own name or bring a copy of a bank or brokerage statement to the special meeting reflecting your stock ownership as of the record date. In addition, you must bring a form of personal photo identification with you in order to be admitted. Simmons, Community First and Liberty reserve the right to refuse admittance to anyone without proper proof of share ownership or without proper photo identification.

Q: Can I change my vote?

A: *Simmons shareholders:* Yes. If you are a holder of record of Simmons common stock, you may revoke any proxy at any time before it is voted by (1) signing and returning a proxy card with a later date, (2) delivering a written revocation letter to Simmons' corporate secretary, (3) attending the special meeting in person, notifying the corporate secretary and voting by ballot at the special meeting, or (4) voting by telephone or the internet at a later time. Attendance at the special meeting by itself will not automatically revoke your proxy. A revocation or later-dated proxy received by Simmons after the vote will not affect the vote. Simmons' corporate secretary's mailing address is: Corporate Secretary, Simmons First National Corporation, 501 Main Street, P.O. Box 7009, Pine Bluff, Arkansas 71611. If you hold your shares in street name through a bank or broker, you should contact your bank or broker to revoke your proxy.

Community First shareholders: Yes. If you are a holder of record of Community First common stock, you may revoke any proxy at any time before it is voted by (1) signing and returning a proxy card with a later date, (2) delivering a written revocation letter to Community First's corporate secretary, or (3) attending the special meeting in person, notifying the corporate secretary and voting by ballot at the special meeting. Attendance at the special meeting by itself will not automatically revoke your proxy. A revocation or later-dated proxy received by Community First after the vote will not affect the vote. Community First's corporate secretary's mailing address is: Corporate Secretary, Community First Bancshares, Inc., 115 West Washington Avenue, Union City, Tennessee 38261. If you hold your shares in street name through a bank or broker, you should contact your bank or broker to revoke your proxy.

Liberty shareholders: Yes. If you are a holder of record of Liberty common stock, you may revoke any proxy at any time before it is voted by (1) signing and returning a proxy card with a later date, (2) delivering a written revocation letter to Liberty's corporate secretary, or (3) attending the special meeting in person, notifying the corporate secretary and voting by ballot at the special meeting. Attendance at the special meeting by itself will not automatically revoke your proxy. A revocation or later-dated proxy received by Liberty after the vote will not affect the vote. Liberty's corporate secretary's mailing address is: Corporate Secretary, Liberty Bancshares, Inc., 4625 South National Avenue, Springfield, Missouri 65810. If you hold your shares in street name through a bank or broker, you should contact your bank or broker to revoke your proxy.

Q: What are the U.S. federal income tax consequences of the merger to Community First shareholders and Liberty shareholders?

A: The mergers are intended to qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code, or the Code, and it is a condition to the respective obligations of Simmons, Community First and

Liberty to complete the mergers that each of Simmons, Community First and Liberty receives a legal opinion to that effect. The opinion as issued indicates that a Community First shareholder and a Liberty common shareholder generally will receive shares of Simmons common stock in exchange for the shares of Community First common stock or Liberty common stock in a tax free exchange without the recognition of gain or loss. However, a Community First common shareholder or a Liberty common shareholder generally will recognize gain or loss with respect to cash received instead of fractional shares of Simmons common stock that the Community First common shareholder or the Liberty common shareholder would otherwise be entitled to receive. In connection with the filing of the registration statement of which

Table of Contents

this joint proxy statement/prospectus is a part, Quattlebaum, Grooms, Tull & Burrow, PLLC has delivered an opinion to Simmons, Community First and Liberty, respectively, to the same effect. These tax opinions are exhibits to this registration statement. For further information, see United States Federal Income Tax Consequences of the Merger.

The U.S. federal income tax consequences described above may not apply to all holders of Community First common stock or Liberty common stock. Your tax consequences will depend on your individual situation. Accordingly, we strongly urge you to consult your independent tax advisor for a full understanding of the particular tax consequences of the merger to you.

Q: Are Simmons shareholders entitled to dissenters' rights?

A: Yes. Simmons shareholders who do not vote in favor of either the Community First merger proposal or the Liberty merger proposal and follow certain procedural steps will be entitled to dissenters' rights under Subchapter 13 of the Arkansas Business Corporation Act, or ABCA, provided they take the steps required to perfect their rights thereunder. For further information, see The Mergers Simmons Shareholders Dissenters' Rights in the Community First Merger and Liberty Merger. In addition, a copy of Subchapter 13 of the ABCA is attached as Annex G to this joint proxy statement/prospectus.

Q: Are Community First shareholders entitled to dissenters' rights?

A: Yes. Community First shareholders who do not vote in favor of the Community First merger proposal and follow certain procedural steps will be entitled to dissenters' rights under Chapter 23 of the Tennessee Business Corporation Act, or TBCA, provided they take the steps required to perfect their rights under Sections 48-23-101 to 48-23-302. For further information, see The Community First Merger Dissenters' Rights in the Community First Merger. A: Yes. Liberty shareholders who do not vote in favor of the Liberty merger proposal and follow certain procedural steps will be entitled to dissenters' rights under Section 351.455 of The General and Business Corporation Law of Missouri, or GBCM, provided they take the steps required to perfect their rights thereunder. For further information, see The Liberty Merger Dissenters' Rights in the Liberty Merger. In addition, a copy of Section 351.455 of the GBCM is attached as Annex I to this joint proxy statement/prospectus.

Q: If I am a Community First or Liberty shareholder, should I send in my Community First or Liberty stock certificates now?

A:

No. Community First or Liberty shareholders SHOULD NOT send in any stock certificates now. If either or both of the mergers occur, an exchange agent will send you instructions for exchanging Community First or Liberty stock certificates for the applicable merger consideration under separate cover and the stock certificates should be sent at that time in accordance with those instructions. See The Merger Agreements Conversion of Shares; Exchange of Certificates.

Q: What should I do if I hold my shares of Community First common stock or Liberty common stock in book-entry form?

A: If either or both of the mergers occur, you are not required to take any special additional action to receive the merger consideration if your shares of Community First common stock or Liberty common stock are held in book-entry form. After the completion of the applicable merger, shares of Community First common stock or Liberty common stock held in book-entry form automatically will be exchanged for the applicable merger consideration, including shares of Simmons common stock in book-entry form, and any cash to be paid in exchange for fractional shares in the applicable merger.

Q: When do you expect to complete the mergers?

A: Each of Simmons, Community First and Liberty expect to complete the applicable merger in the fourth quarter of 2014. However, Simmons, Community First or Liberty cannot assure you of when or if the applicable merger will be completed. Simmons, Community First and Liberty must first obtain the approval of Simmons shareholders, Community First shareholders and Liberty shareholders for the applicable merger, as well as obtain necessary regulatory approvals and satisfy certain other closing conditions.

Q: What happens if the mergers are not completed?

A: If the mergers are not completed, holders of Community First common stock or Liberty common stock, as applicable, will not receive any merger consideration for their shares in connection with the applicable merger and the holder of the Community First Series C preferred stock will not receive shares of Simmons Series A

preferred stock. Instead, Community First or Liberty or both will remain an independent company. In addition, if either or both of the merger agreements are terminated in certain circumstances, a termination fee may be required to be paid by either Community First or Liberty. In the Mergers, both Community First Shareholders and Liberty Shareholders Will Receive Shares of Simmons Common Stock and Cash in Lieu of Fractional Shares (page 153)

Simmons and Community First, and Simmons and Liberty are respectively proposing strategic mergers. If the mergers are completed, Community First shareholders will receive 17.8975 shares of Simmons common stock and Liberty shareholders will receive 1.0 share of Simmons common stock, respectively, for each share of Community First common stock or Liberty common stock they hold immediately prior to the effective time of the applicable merger. Simmons will not issue any fractional shares of Simmons common stock in the mergers. Community First shareholders who would otherwise be entitled to a fraction of a share of Simmons common stock upon the completion of the Community First merger will instead receive, for the fraction of a share, an amount in cash equal to the product of the average of the last reported sale prices per share of Simmons common stock as reported on the NASDAQ Global Select Market for the 20 consecutive trading days ending immediately prior to the 10th day before the date on which the Community First merger is completed, times the fraction of a share of Simmons common stock to which the Community First shareholder otherwise would be entitled. Liberty shareholders who would otherwise be entitled to a fraction of a share of Simmons common stock upon the completion of the Liberty merger will instead receive, for the fraction of a share, an amount in cash equal to the product of the average of the last reported sale prices per share of Simmons common stock as reported on the NASDAQ Global Select Market for the 20 consecutive trading days ending immediately prior to the 10th day before the date on which the Liberty merger is completed, times the fraction of a share of Simmons common stock to which the Liberty shareholder otherwise would be entitled. *For example, if you hold 100 shares of Community First common stock, you will receive 1,789 shares of Simmons common stock and a cash payment instead of the additional 0.75 shares of Simmons common stock that you otherwise would have received (100 shares \times 17.8975 = 1,789.75 shares), and if you hold 100 shares of Liberty common stock, you will receive 100 shares of Simmons common stock (100 shares \times 1.0 = 100 shares).*

Simmons common stock is listed on the NASDAQ Global Select Market under the symbol SFNC. The following tables show the closing sale prices of Simmons common stock as reported on the NASDAQ Global Select Market on May 5, 2014, the last full trading day before the public announcement of the Community First merger agreement, May 27, 2014, the last full trading day before the public announcement of the Liberty merger agreement, and on _____, 2014, the last practicable trading day before the date of this joint proxy statement/prospectus. These tables also show the implied value of the Community First merger consideration payable for each share of Community First common stock and the Liberty merger consideration payable for each share of Liberty common stock, each of which we calculated by multiplying the closing price of Simmons common stock on those dates by the exchange ratios of 17.8975 and 1.0, respectively. There is no established public trading market for Community First common stock or Liberty common stock.

Table of Contents

Only holders of record of Community First common stock at the close of business on _____, 2014 will be entitled to vote at the Community First special meeting. Each share of Community First common stock is entitled to one vote on each proposal to be considered at the Community First special meeting. As of the record date, there were 363,918.017 shares of Community First common stock entitled to vote at the Community First special meeting. As of the Community First record date, the directors and executive officers of Community First and their affiliates beneficially owned and were entitled to vote approximately 130,901.241 shares of Community First common stock representing approximately 35.97% of the shares of Community First common stock outstanding on that date.

To approve the Community First merger proposal, a majority of the shares of Community First common stock outstanding and entitled to vote thereon must be voted in favor of such proposal. To approve the Community First adjournment proposal, a majority of the shares of Community First common stock represented at the special meeting must be voted in favor of the proposal. If you mark **ABSTAIN** on your proxy card, fail to submit a proxy or vote in person at the Community First special meeting or fail to instruct your bank or broker how to vote with respect to the Community First merger proposal, it will have the same effect as a vote **AGAINST** the proposal. In addition to the approval of the holders of Community First common stock, the United States Department of the Treasury, or the U.S. Treasury, as the sole holder of the Community First Series C preferred stock, must consent to the Community First merger and the exchange of the Community First Series C preferred stock for the Simmons Series A preferred stock.

If, however, you are a street name holder and fail to submit a proxy card entirely or vote in person at the Liberty special meeting, it will have no effect on such proposal.

The Mergers Will Be Tax-Free to Holders of Community First Common Stock and the Holders of Liberty Common Stock as to the Shares of Simmons Common Stock They Receive (page 167)

The mergers are intended to qualify as a reorganization within the meaning of Section 368(a) of the Code and it is a condition to the respective obligations of Simmons and Community First to complete the Community First merger, and it is a condition to the respective obligations of Simmons and Liberty to complete the Liberty merger, that each of Simmons, Community First and Liberty receives a legal opinion to that effect. Accordingly, a Community First or Liberty shareholder generally will recognize gain, but not loss, in an amount equal to the lesser of (1) the amount of gain realized (i.e., the excess of the sum of the amount of cash and the fair market value of the Simmons common stock received pursuant to the mergers over that holder's adjusted tax basis in its shares of Community First common stock or Liberty common stock surrendered) and (2) the amount of cash received pursuant to the mergers. Further, a Community First shareholder and a Liberty shareholder generally will recognize gain or loss with respect to cash received instead of fractional shares of Simmons common stock that the Community First shareholder or Liberty shareholder would otherwise be entitled to receive.

The U.S. federal income tax consequences described above may not apply to all holders of Community First common stock and Liberty common stock. Your tax consequences will depend on your individual situation. Accordingly, we strongly urge you to consult your independent tax advisor for a full understanding of the particular tax consequences of the merger to you. For further information, see United States Federal Income Tax Consequences of the Mergers.

Interests of Community First's Directors and Executive Officers in the Community First Merger (page 107)

Community First shareholders should be aware that some of Community First's directors and executive officers have interests in the Community First merger and have arrangements that are different from, or in addition to, those of Community First shareholders generally. Community First's board of directors was aware of these interests and considered these interests, among other matters, when making its decision to adopt the Community First merger agreement, and in recommending that Community First shareholders vote in favor of approving the Community First merger agreement.

While there are no employment or other agreements being offered to employees or directors of Community First, two directors will be appointed to the Simmons board of directors, most of the officers and other employees of Community First expect to be retained after the Community First merger, and such employees will then participate in the employee benefit plans of Simmons and receive credit for prior service. Also, currently, certain officers of Community First have restricted stock which vests either upon a change in control and/or continued service for two years after a change in control. Upon completion of the Community First merger, 2,555 shares of Community First common stock will vest and another 3,635 (pre-conversion number) shares will vest if the holders continue to serve two years thereafter. Based on the Community First exchange ratio, the 2,555 shares of Community First common stock that will vest upon completion of the Community First merger, will be converted into 45,728 shares of Simmons common stock, and the 3,635 shares of Community First common stock that will vest upon both completion of the Community First merger and two years of service with Simmons following the Community First merger by the holders of such restricted stock, will be converted into 65,057 shares of Simmons common stock.

Finally, Simmons has agreed to maintain a policy of directors' and officers' liability insurance coverage for the benefit of Community First's directors and officers for six years following completion of the Community First merger as long as the premium to be paid on an annual basis is not more than 200% of the current annual premium paid by Community First for such insurance.

For a more complete description of these interests, see "The Community First Merger" Interests of Community First's Directors and Executive Officers in the Community First Merger.

Interests of Liberty s Directors and Executive Officers in the Liberty Merger (page 140)

Liberty shareholders should be aware that some of Liberty s directors and executive officers have interests in the Liberty merger and have arrangements that are different from, or in addition to, those of Liberty shareholders generally. Liberty s board of directors was aware of these interests and considered these interests, among other matters, when making its decision to adopt the Liberty merger agreement, and in recommending that Liberty shareholders vote in favor of approving the Liberty merger agreement.

Pursuant to the existing employment agreements with Gary Metzger, as Chief Executive Officer of Liberty Bank, and Garry Robinson, as President and Chief Operating Officer of Liberty Bank, Mr. Metzger and Mr. Robinson will each be paid a shareholder value bonus 30 days following the Liberty merger if the consideration to be received by Liberty shareholders in the Liberty merger exceeds \$36.33 per share. The value of the Liberty merger consideration will be determined based on the average closing price for Simmons common stock for the 10 consecutive trading days ending on and including the date of the Liberty merger. As an illustration only, using the average closing sales price of Simmons common stock for the 10 consecutive trading days ending on September 8, 2014 (the last practicable trading day before the date of this joint proxy statement/prospectus) of \$40.60 as a substitute for the average closing price for Simmons common stock for the 10-day period prior to the date of the Liberty merger, Mr. Metzger would receive a bonus of \$294,630 and Mr. Robinson would receive a bonus of \$196,420 under their respective employment agreements. Because the market value of the Liberty merger consideration will fluctuate with the market price of Simmons common stock, the ultimate shareholder value bonus to be paid to Mr. Metzger and Mr. Robinson, if any, will not be known until the closing of the Liberty merger. In addition, the Liberty merger agreement provides that Simmons board of directors will take all steps necessary to add one member to its board of directors selected by the Liberty board of directors. Also, most of the officers and other employees of Liberty expect to be retained after the Liberty merger, and such employees will then participate in the employee benefit plans of Simmons and receive credit for prior service. Finally, Simmons has agreed to maintain a policy of directors and officers liability insurance coverage for the benefit of Liberty s directors and officers for six years following completion of the Liberty merger as long as the premium to be paid on an annualized basis is not more than 300% of the current annual premium paid by Liberty for such insurance.

For a more complete description of these interests, see The Liberty Merger Interests of Liberty s Directors and Executive Officers in the Liberty Merger.

Termination of the Community First Merger Agreement (page 162)

The Community First merger agreement can be terminated at any time prior to completion of the Community First merger in the following circumstances:

by mutual consent of Simmons and Community First, if authorized by the board of directors of each company;

by either Simmons or Community First if the Community First merger has not been completed on or before December 31, 2014, which we refer to as the termination date, unless the failure of the Community First merger to be completed by such date is due to the failure of the party seeking to terminate the Community First merger agreement to perform or observe its covenants and agreements under the Community First merger agreement; however, the termination date may be extended to not later than February 28, 2015, by either Simmons or Community First, if the Community First merger has not been consummated due to the failure to obtain required regulatory approvals or that the registration statement for which this joint proxy

statement/prospectus is a part is not effective;

by either Simmons or Community First if there is a material breach of any of the agreements or any of the representations or warranties set forth in the Community First merger agreement on the part of the other party and such material breach is not cured or not curable within 60 days following written notice to the party committing such breach;

if any approval of the shareholders of Simmons or Community First required for completion of the Community First merger has not been obtained upon a vote taken at a duly held meeting of shareholders of either party or at any adjournment or postponement thereof;

by Community First if the average closing price of Simmons common stock declines below \$28.30 and underperforms an index of banking companies by more than 20% over a designated measurement period unless Simmons agrees to increase the Community First merger consideration in the form of a cash payment that results in the aggregate Community First merger consideration (including both shares of Simmons common stock and cash) being equal to the minimum merger consideration (which is an amount equal to the product of \$28.30 multiplied by the Community First exchange ratio);

by Community First if, prior to approval of the Community First merger proposal by the Community First shareholders, Community First's board of directors determines in good faith, after taking into account the advice of its counsel, that in light of a competing proposal or other circumstances, termination of the Community First merger agreement is required for Community First's board of directors to comply with their fiduciary duties to Community First shareholders, provided that in advance of, or concurrently with, such termination, Community First pays to Simmons a termination fee of \$10 million; and

by either Simmons or Community First, if counsel to Simmons notifies the parties that it will not be able to deliver to them the tax opinion that is required as a condition to consummation of the Community First merger.

For more information, see The Merger Agreements Termination of the Merger Agreements.

Termination of the Liberty Merger Agreement (page 162)

The Liberty merger agreement can be terminated at any time prior to completion of the Liberty merger in the following circumstances:

by mutual consent of Simmons and Liberty, if authorized by the board of directors of each company;

by either Simmons or Liberty if the Liberty merger has not been completed on or before December 31, 2014, which we refer to as the termination date, unless the failure of the Liberty merger to be completed by such date is due to the failure of the party seeking to terminate the Liberty merger agreement to perform or observe its covenants and agreements under the Liberty merger agreement; however, the termination date may be extended to not later than April 30, 2015, by either Simmons or Liberty, if the Liberty merger has not been consummated due to the failure to obtain required regulatory approvals or that the registration statement for which this joint proxy statement/prospectus is a part is not effective;

by either Simmons or Liberty if there is a material breach of any of the agreements or any of the representations or warranties set forth in the Liberty merger agreement on the part of the other party and such material breach is not cured or not curable within 45 days following written notice to the party

committing such breach;

if any approval of the shareholders of Simmons or Liberty required for completion of the Liberty merger has not been obtained upon a vote taken at a duly held meeting of shareholders of either party or at any adjournment or postponement thereof;

by Liberty if the average closing price of Simmons common stock declines below \$29.80 and underperforms an index of banking companies by more than 20% over a designated measurement period unless Simmons agrees to increase the Liberty merger consideration in the form of a cash payment that results in the aggregate Liberty merger consideration (including both shares of Simmons

common stock and cash) being equal to the minimum merger consideration (which is an amount equal to the product of \$29.80 multiplied by the Liberty exchange ratio);

by Liberty if, prior to approval of the Liberty merger proposal by the Liberty shareholders, Liberty's board of directors determines in good faith, after taking into account the advice of its counsel, that in light of a competing proposal or other circumstances, termination of the Liberty merger agreement is required for Liberty's board of directors to comply with their fiduciary duties to Liberty shareholders, provided that in advance of or concurrently with such termination, Liberty pays to Simmons a termination fee of \$8 million; and

by either Simmons or Liberty, if counsel to Simmons notifies the parties that it will not be able to deliver to them the tax opinion that is required as a condition to consummation of the Liberty merger.

For more information, see The Merger Agreements Termination of the Merger Agreements.

Termination Fee for the Community First Merger (page 164)

If the Community First merger agreement is terminated under certain circumstances, Community First may be required to pay to Simmons a termination fee equal to \$10 million. This termination fee could discourage other companies from seeking to acquire or merge with Community First.

Termination Fee for the Liberty Merger (page 164)

If the Liberty merger agreement is terminated under certain circumstances, Liberty may be required to pay to Simmons a termination fee equal to \$8 million. This termination fee could discourage other companies from seeking to acquire or merge with Liberty.

Walkaway Counteroffers (page 163)

Pursuant to each merger agreement, the boards of directors of Community First and Liberty will have the right to terminate their respective merger agreements if the average closing price of Simmons common stock for a trading period ending prior to the effective date of the applicable merger decreases below a certain price and decreases more than the average of closing prices for an index of banking stocks for the same trading period. If the board of directors of Community First or Liberty elects to terminate its respective merger agreement, then Simmons will have the right, which we refer to as the walkaway counteroffer, to increase the merger consideration to be paid to the Community First shareholders or Liberty shareholders, as applicable, by paying an amount of cash that will result in the Community First or Liberty shareholders receiving the minimum merger consideration under the applicable merger agreement.

Community First Merger. For the Community First merger, the Community First board of directors will have the right to terminate the Community First merger agreement if (1) the average closing price of Simmons common stock is less than \$28.30 and (2) the percentage change between \$35.37 (the average closing price of Simmons common stock for the 20 consecutive trading days ending on March 12, 2014) and the average closing price of Simmons common stock is not equal to at least 80% of the difference between the percentage change between \$38.43 (the average closing price of the PowerShares KBW Regional Banking Portfolio, or KBWR, for the 20 consecutive trading days ending on March 12, 2014) and the average closing price of KBWR. If the Community First board of directors elects to terminate the Community First merger agreement on this basis, then Simmons may elect to make its walkaway

counteroffer and pay as part of the Community First merger consideration, an aggregate cash payment that results in the aggregate Community First merger consideration (including both shares of Simmons common stock and cash) being equal to the product (which we refer to as the Community First minimum merger consideration) of (x) \$28.30 and (y) the Community First exchange ratio. Such aggregate amount of cash will be paid pro rata for each share of Community First common stock.

Table of Contents

Liberty Merger. For the Liberty merger, the Liberty board of directors will have the right to terminate the Liberty merger agreement if (1) the average closing price of Simmons common stock is less than \$29.80 and (2) the difference between the percentage change of (A) \$40.06 (the KBWR for the 20 consecutive trading days ending on March 31, 2014) and the average closing price of KBWR and (B) the percentage change of \$37.24 (the average closing price of Simmons common stock for the 20 consecutive trading days ending on March 31, 2014) and the average closing price of Simmons common stock, is greater than 20%. If the Liberty board of directors elects to terminate the Liberty merger agreement on this basis, then Simmons may elect to make its walkaway counteroffer and pay as part of the Liberty merger consideration, an aggregate cash payment that results in the aggregate Liberty merger consideration (including both shares of Simmons common stock and cash) being equal to the product (which we refer to as the Liberty minimum merger consideration) of (x) \$29.80 and (y) the Liberty exchange ratio. Such aggregate amount of cash will be paid pro rata for each share of Liberty common stock.

The average closing price of Simmons common stock will be equal to the average of the closing price per share of Simmons common stock on the NASDAQ Global Select Market for the 20 consecutive trading days ending on and including the 10th trading day before the effective date of the applicable merger. The average closing price of KBWR will be equal to the average closing price of the KBWR for the 20 consecutive trading days ending on and including the 10th trading day before the effective date of the applicable merger.

Regulatory Approvals Required for the Community First Merger (page 149)

Subject to the terms of the Community First merger agreement, both Simmons and Community First have agreed to use their reasonable best efforts to obtain all Community First regulatory approvals necessary or advisable to complete the transactions contemplated by the Community First merger agreement. These approvals include approvals from, among others, the Board of Governors of the Federal Reserve System, or the Federal Reserve Board, and the Tennessee Department of Financial Institutions, or the TDFI. Simmons and Community First have filed applications and notifications to obtain the required regulatory approvals.

Although neither Simmons nor Community First knows of any reason why these regulatory approvals cannot be obtained in a timely manner, Simmons and Community First cannot be certain when or if they will be obtained.

Regulatory Approvals Required for the Liberty Merger (page 149)

Subject to the terms of the Liberty merger agreement, both Simmons and Liberty have agreed to use their reasonable best efforts to obtain all regulatory approvals necessary or advisable to complete the transactions contemplated by the Liberty merger agreement. These approvals include approvals from, among others, the Federal Reserve Board and the Missouri Division of Finance, or the MDF. Simmons and Liberty have filed applications and notifications to obtain the required regulatory approvals.

Although neither Simmons nor Liberty knows of any reason why these regulatory approvals cannot be obtained in a timely manner, Simmons and Liberty cannot be certain when or if they will be obtained.

The Rights of Community First and Liberty Shareholders Will Change as a Result of the Mergers (pages 175 and 188)

The rights of Community First and Liberty shareholders will change as a result of the mergers due to differences in the governing documents and states of incorporation for Simmons, Community First and Liberty. The rights of Community First shareholders are governed by Tennessee law and by Community First's articles of incorporation and bylaws, each as amended to date, and the rights of Liberty shareholders are governed by Missouri law and by Liberty's

articles of incorporation and bylaws, each as amended to date. Upon the

Table of Contents

completion of the mergers, Community First and Liberty shareholders will become shareholders of Simmons, as the continuing legal entity in the mergers, and the rights of Community First and Liberty shareholders will therefore be governed by Arkansas law and Simmons' articles of incorporation and bylaws.

See "Comparison of Shareholders' Rights of Simmons and Community First" and "Comparison of Shareholders' Rights of Simmons and Liberty" for a description of the material differences in shareholders' rights between Simmons and Community First and Simmons and Liberty.

(1) Diluted core earnings per share (net income excluding nonrecurring items divided by average diluted common shares outstanding) is a non-GAAP measure. Please refer to the reconciliations of this measure contained in our Quarterly Report on Form 10-Q for the quarter ended June 30, 2014 and our Annual Report on Form 10-K for the year ended December 31, 2013 under the heading "Management's Discussion and Analysis of Financial Condition and Results of Operations" Table 13: Reconciliation of Core Earnings (non-GAAP) and Table 21: Reconciliation of Core Earnings (non-GAAP), respectively, which are incorporated herein by reference.

(2) Because of Simmons' significant level of intangible assets, total goodwill and core deposit premiums, management of Simmons believes a useful calculation for investors in their analysis of Simmons is tangible book value per

share (non-GAAP). This non-GAAP calculation eliminates the effect of goodwill and acquisition related intangible assets and is calculated by subtracting goodwill and intangible assets from total stockholders equity, and dividing the resulting number by the common stock outstanding at period end. The following table reflects the reconciliation of this non-GAAP measure to the GAAP presentation of book value for the periods presented above:

- (3) Tangible common equity to tangible assets ratio is tangible stockholders' equity (non-GAAP) divided by total assets less goodwill and other intangible assets as and for the periods ended presented above.
- (4) Return on average tangible equity is a non-GAAP measure that removes the effect of goodwill and intangible assets, as well as the amortization of intangibles, from the return on average equity. This non-GAAP measure is calculated as net income, adjusted for the tax-effected effect of intangibles, divided by average tangible equity.
- (5) Fully taxable equivalent (assuming an income tax rate of 39.225%).
- (6) The efficiency ratio is total non-interest expense less foreclosure expense and amortization of intangibles, divided by the sum of net interest income on a fully taxable equivalent basis plus total non-interest income less security gains, net of tax. For the six months ended June 30, 2014, this calculation excludes a \$1.0 million gain on sale of merchant services and a \$2.3 million gain on sale of previously closed branches from non-interest income. It also excludes merger related costs of \$2.6 million, branch right sizing expense of \$4.2 million and charter consolidation costs of \$0.4 million from non-interest expense. For the six months ended June 30, 2013, this calculation excludes income from the reversal of previously accrued merger related costs of \$0.2 million from non-interest expense. For the year ended December 31, 2013, this calculation excludes merger related costs of \$6.4 million from non-interest expense. For the year ended December 31, 2012, this calculation excludes the gain on FDIC-assisted transactions of \$3.4 million from total non-interest income and excludes merger related costs of \$1.9 million from non-interest expense. For the year ended December 31, 2011, this calculation excludes the \$1.1 million gain on sale of MasterCard stock. For the year ended December 31, 2010, this calculation excludes the gain on FDIC-assisted transactions of \$21.3 million from total non-interest income and excludes merger related costs of \$2.6 million from non-interest expense. For the year ended December 31, 2009, this calculation excludes the FDIC special assessment of \$1.4 million from total non-interest expense.
- (7) Excludes all loans acquired and excludes foreclosed assets acquired, covered by FDIC loss share agreements, except for their inclusion in total assets.
- Simmons consolidated ratios of earnings to fixed charges for the six months ended June 30, 2014 and 2013 and for each of the five years ended December 31, 2013 is attached as an exhibit to its Quarterly Report on Form 10-Q for the quarter ended June 30, 2014, which is incorporated by reference into this joint proxy statement/prospectus. Simmons had no outstanding shares of preferred stock with required dividend payments for the periods so presented. Accordingly, the ratio of earnings to combined fixed charges and preferred stock dividends is the same as the ratio of earnings to fixed charges.

Table of Contents**Notes to Pro Forma Combined Condensed Consolidated Financial Statements****Note 1. Basis of Presentation**

The unaudited pro forma combined condensed consolidated financial statements and explanatory notes show the impact on the historical financial condition and results of operations of Simmons resulting from the Metropolitan, Delta Trust, Community First and Liberty acquisitions under the acquisition method of accounting. Under the acquisition method of accounting, the assets and liabilities of Metropolitan, Delta Trust, Community First and Liberty are recorded by Simmons at their respective fair values as of the date the transaction is completed. The unaudited pro forma combined condensed consolidated balance sheets combine the historical financial information of Simmons (which includes Metropolitan) and Delta Trust, Community First and Liberty as of June 30, 2014, and assume that the Delta Trust, Community First and Liberty acquisitions were completed on that date. The unaudited pro forma combined condensed consolidated statements of income for the six-month period ended June 30, 2014, and for the year ended December 31, 2013, give effect to the Metropolitan, Delta Trust, Community First and Liberty acquisitions as if the transactions had been completed on January 1, 2013.

Since the transactions are recorded using the acquisition method of accounting, all loans are recorded at fair value, including adjustments for credit quality, and no allowance for credit losses is carried over to Simmons' balance sheet. In addition, certain anticipated nonrecurring costs associated with the Metropolitan, Delta Trust, Community First and Liberty acquisitions such as potential severance, professional fees, legal fees and conversion-related expenditures are not reflected in the pro forma statements of income and will be expensed as incurred.

While the recording of the acquired loans at their fair value will impact the prospective determination of the provision for credit losses and the allowance for credit losses, for purposes of the unaudited pro forma combined condensed consolidated statement of income for the six-month period ended June 30, 2014 and for the year ended December 31, 2013, Simmons assumed no adjustments to the historical amount of Metropolitan's, Delta Trust's, Community First's, and Liberty's provision for credit losses. If such adjustments were estimated, there could be a significant change to the historical amounts of provision for credit losses presented.

The pro forma information is presented in two stages. The first stage presents the results of Metropolitan (for the statement of income for the full-year ended December 31, 2013) and Delta Trust as combined with the historical results of Simmons and reflecting pro forma adjustments. The Delta Trust transaction closed effective August 31, 2014 and is not a significant acquisition under SEC rules and regulations and, while not required to be presented, is provided for information purposes only. The Metropolitan acquisition was completed on November 25, 2013 and is presented for the approximately 11-month period ended November 25, 2013 in order to reflect the pro forma effect of the acquisition on our full-year ended December 31, 2013 results. The second stage presents the combined results of Simmons with Metropolitan and Delta Trust, with the historical results and pro forma adjustments for Community First and Liberty. These transactions combined are significant and are subject to shareholder approval.

Note 2. Merger and Acquisition Integration Costs

The retail branch operations, commercial lending activities, mortgage banking operations, trust and investment services, along with all other operations of Delta Trust, Community First and Liberty will be integrated into Simmons First National Bank. The operation integration and the system conversion for Delta Trust are scheduled for October 2014. The operation integration and the system conversion for Liberty are scheduled for the second quarter of 2015. The operation integration and the system conversion for Community First are scheduled for the third quarter of 2015.

The specific details of the plan to integrate the operations of Delta Trust, Community First and Liberty will continue to be refined over the next several months, and will include assessing personnel, benefit plans, premises,

Table of Contents

equipment and service contracts to determine where we may take advantage of redundancies. Certain decisions arising from these assessments may involve involuntary termination of employees, vacating leased premises, changing information systems, canceling contracts with certain service providers, and selling or otherwise disposing of certain premises, furniture and equipment. Simmons also expects to incur merger-related costs including professional fees, legal fees, system conversion costs and costs related to communications with customers and others. To the extent there are costs associated with these actions, the costs will be recorded based on the nature of the cost and the timing of these integration actions.

Note 3. Estimated Annual Cost Savings

Simmons expects to realize cost savings and to generate revenue enhancements from the Metropolitan, Delta Trust, Community First and Liberty acquisitions. Revenue enhancements are expected from an expansion of trust services, SBA lending activities, consumer finance products and credit card services to the larger footprint of Simmons. Cost savings for Delta Trust and Metropolitan are projected at 35% of non-interest expense; cost savings for Liberty are projected at 30% of non-interest expense; and cost savings for Community First are projected at 20% of non-interest expense. These cost savings and revenue enhancements are not reflected in the pro forma combined condensed consolidated financial statements and there can be no assurance they will be achieved in the amount or manner currently contemplated.

Note 4. Pro Forma Adjustments

The following pro forma adjustments have been reflected in the unaudited pro forma combined condensed consolidated financial statements presented for Delta Trust and Metropolitan. All adjustments are based on current assumptions and valuations, which are subject to change. Unless otherwise noted, all adjustments are based on assumptions and valuations as of the merger agreement dates for the respective pending acquisitions and are subject to change.

- (A) The pro forma adjustment reflecting the consideration to be paid for Delta Trust is based upon the actual consideration paid on the closing date of August 31, 2014. The total number of shares of Delta Trust common stock outstanding on the closing date was 111,994. The maximum aggregate amount of cash to be paid to Delta Trust shareholders, per the Agreement and Plan of Merger, dated as of March 24, 2014 between Simmons and Delta Trust, or the Delta Trust merger agreement was \$10 million; the actual cash consideration paid was \$2.4 million in exchange for 4,425 shares of Delta Trust common stock at per share amount of \$545.14. The remaining 107,570 shares were converted into the right to receive 15.1428 shares of Simmons common stock, resulting in an aggregate of approximately 1,628,915 shares of Simmons common stock issued in connection with the Delta Trust merger. The closing price of Simmons common stock on August 29, 2014, the last trading day prior to the closing date of the Delta Trust merger, was \$39.92 which equates to total stock consideration valued at \$65.0 million. The fair value of total consideration paid to existing shareholders of Delta Trust was \$67.4 million.

An additional \$2.5 million of cash consideration will be paid to cash out 7,578 Delta Trust stock options and 5,343 stock warrants outstanding.

- (B) Represents seller-incurred merger expenses, which are expected to be paid immediately prior to the merger closing date, and the related tax benefit. Seller-incurred merger expenses are \$2.1 million for Delta Trust and

the related tax benefit is \$831,000.

Estimated Simmons -incurred merger expenses primarily including severance, professional, legal and conversion related expenditures, are not reflected in the pro forma combined condensed consolidated balance sheet as these integration costs will be expensed by Simmons as required by U.S. generally accepted accounting principles, or GAAP.

- (C) Adjustments made to reflect the estimated fair value of the acquired loan portfolio as of June 30, 2014 based on Simmons' evaluation of the loan portfolio during due diligence, which included reviewing

Table of Contents

approximately 45% of the acquired portfolio. The total adjustment of (\$13.8) million is comprised of approximately \$7.1 million of non-accretable credit adjustments and approximately \$6.7 million of accretable yield adjustments.

Simmons will finalize its determination of the fair value of acquired loans which could significantly change both the amount and the composition of these estimated purchase accounting adjustments.

- (D) Purchase accounting reversal of Delta Trust's allowance for loan losses, which cannot be carried over in accordance with GAAP.
- (E) Adjustment made to reflect the estimated fair value of acquired premises and equipment, including all branches, based on Simmons' evaluation as of the acquisition date. The adjustment is primarily to write-off certain computer hardware that is considered obsolete and has been replaced at the acquisition date, thus no ongoing impact to occupancy expense or furniture and equipment expense is expected.
- (F) Adjustment made to reflect the estimated fair value of acquired OREO properties, based on the Company's evaluation as of the acquisition date.
- (G) Adjustment represents the excess of the consideration paid over the fair value of net assets acquired, net of the reversal of Delta Trust's previously recorded goodwill of \$822,000. The reconciliation of the purchase price to goodwill recorded can be summarized as follows (in thousands):

	Delta Trust
Fair value of common shares issued	\$ 65,026
Cash consideration	2,412
Total pro forma purchase price	\$ 67,438
Fair value of assets acquired:	
Cash and cash equivalents	\$ 13,806
Investment securities	64,536
Net loans	311,083
Bank premises and equipment	4,008
OREO, net of valuation allowance	2,487
Core deposit intangible	4,978
Other assets	13,941
Total assets	414,839
Fair value of liabilities assumed:	
Deposits	364,331
Other borrowings	11,313
Other liabilities	2,704

Total liabilities	378,348
Net assets acquired	\$ 36,491
Preliminary pro forma goodwill	\$ 30,947

(H) Preliminary purchase accounting adjustment to establish a core deposit intangible in recognition of the fair value of core deposits acquired, which is approximately 1.9% of core deposit liabilities. This intangible asset represents the value of the relationships that Delta Trust had with their deposit customers as of the merger date. The preliminary fair value was estimated based on a discounted cash flow methodology that gave consideration to expected customer attrition rates, cost of the deposit base and the net maintenance cost attributable to customer deposits.

The adjustment includes a credit of \$143,000 to reverse the intangibles recorded by Delta Trust prior to its acquisition by Simmons.

Table of Contents

- (I) Includes a net deferred tax asset adjustment based on 39% of fair value adjustments related to the acquired assets and assumed liabilities and on a calculation of future tax benefits.

This adjustment also includes a write-off of \$250,000 of miscellaneous assets with no fair value.

- (J) Adjustment made to reflect the estimated fair value of FHLB advances.

- (K) To reflect the stock consideration paid, net of the purchase accounting reversal of previously existing equity accounts. The consideration for Delta Trust was a mix of stock and cash. The stock consideration paid was \$65.0 million. See Note (A) for additional information.

- (L) Simmons has evaluated the acquired loan portfolio to estimate the necessary credit and interest rate fair value adjustments. Subsequently, the accretable portion of the fair value adjustment will be accreted into earnings using the level yield method over the remaining maturity of the underlying loans. For purposes of the pro forma impact on the six months ended June 30, 2014 and the year ended December 31, 2013, the net discount accretion was calculated by summing monthly estimates of accretion/amortization on each loan pool, which was calculated based on the remaining maturity of each loan pool. The overall weighted average maturity of the loan portfolio is approximately 3.01 years. The 2013 pro forma accretion income projected for Delta Trust and Metropolitan is \$1.7 million and \$3.6 million, respectively. The estimated non-accretible yield portion of the net discount of approximately \$7.1 million for Delta Trust will not be accreted into earnings.

- (M) Simmons has made an adjustment to reflect the estimated fair value of acquired held-to-maturity investment securities acquired from Metropolitan as the securities were carried by Metropolitan at amortized cost and must be recorded at fair value on the date of acquisition of Metropolitan. Fair value was determined using bid pricing. No adjustment was necessary for Delta Trust as the fair value of their held-to-maturity investment securities approximated fair value as of the acquisition date. Subsequently, the fair value adjustment will be accreted into earnings using the level yield method over the remaining maturity of the underlying securities, which is approximately six years. This adjustment represents Simmons' best estimate of the expected accretion on 2013.

- (N) Simmons has made an adjustment to reflect the estimated fair value of Delta Trust's FHLB advances based on current interest rates for comparable borrowings. The fair value adjustment will be accreted into earnings, using the level yield method, as a reduction of the cost of such borrowings over an estimated life of one year for Delta Trust, thus the entire fair value adjustment was fully accreted in the 2013 pro forma income statement. The 2013 pro forma income statement adjustment for Metropolitan is \$1.4 million, which represents the additional interest expense expected to be incurred on the \$46 million of borrowings used to finance the Metropolitan acquisition as a result of the assumption that Metropolitan was acquired on January 1, 2013 instead of November 25, 2013.

- (O) Provision for loan losses does not reflect any potential impact of the fair value adjustments related to loans which includes an estimate of credit losses.

- (P) Historical merger related costs for Simmons are primarily related to the acquisition of Metropolitan, which was completed on November 25, 2013. Estimated merger related expenses of \$2.1 million for Delta Trust, primarily severance, professional, legal and conversion related expenditures, are not reflected in the pro forma combined condensed consolidated income statements as they are nonrecurring expenses. These integration costs will be expensed by Simmons as required by GAAP.
- (Q) The core deposit intangible will be amortized over ten years on a straight-line basis. The annual pro forma amortization expense projected for Delta Trust and Metropolitan is \$498,000 and \$902,000, respectively. The pro forma amortization income impact for the six months ended June 30, 2014 for Delta Trust is \$249,000. The pro forma amortization income impact for Metropolitan of \$451,000 for the six-months is included in Simmons' historical amounts.
- (R) Reflects the tax impact of the pro forma acquisition adjustments at Simmons' marginal income tax rate of 39%.

Table of Contents

- (S) Pro forma weighted average shares outstanding assumes the actual stock issued at the close of the Delta Trust merger on August 31, 2014 of 1,628,915 shares of common stock was outstanding for the full period presented.

The following pro forma adjustments have been reflected in the unaudited pro forma combined condensed consolidated financial statements presented for Community First and Liberty. Unless otherwise noted, all adjustments are based on assumptions and valuations as of the merger agreement dates for the respective pending acquisitions and are subject to change.

- (1) Represents seller-incurred merger expenses which are expected to be paid immediately prior to the merger closing date and \$1.8 million in cash proceeds expected to be received for the exercise of stock options prior to the merger.

Cash to be paid for Community First seller-incurred merger expenses	\$ 6,598
Cash to be paid for Liberty seller-incurred merger expenses	5,572
Cash expected to be received for Liberty stock options exercised prior to merger	(1,862)
Net cash adjustment	\$ 10,308

Simmons -incurred estimated merger related expenses primarily for severance, professional, legal and conversion related expenditures, are not reflected in the pro forma combined condensed consolidated balance sheet as these integration costs will be expensed by Simmons as required by GAAP.

- (2) Adjustments made to reflect the estimated fair value of the acquired loan portfolios, allocated to each target as described below, based on Simmons' evaluation of the loan portfolio during due diligence, which included reviewing approximately 45% of the portfolios.

Community First: The total adjustment of (\$25.9) million is comprised of approximately \$4.6 million of non-accretable credit adjustments and approximately \$21.3 million of accretable yield adjustments.

Liberty : The total adjustment of (\$18.1) million is comprised of approximately \$5.2 million of non-accretable credit adjustments and approximately \$12.9 million of accretable yield adjustments.

Once each acquisition has closed, Simmons will finalize its determination of the fair value of acquired loans which could significantly change both the amount and the composition of these estimated purchase accounting adjustments.

- (3) Purchase accounting reversal of each target's allowance for loan losses, which cannot be carried over in accordance with GAAP.

- (4)

Adjustment made to reflect the estimated fair value of acquired premises and equipment, including all branches, based on Simmons' evaluation. Adjustment is (\$750,000) for Community First and (\$2.5) million for Liberty. The adjustments are primarily to write-off certain computer hardware that is considered obsolete and will be replaced at the date of acquisition, thus no ongoing impact to occupancy expense or furniture and equipment expense is expected.

- (5) Adjustment made to reflect the estimated fair value of acquired OREO properties, based on Simmons' evaluation. Adjustment is for OREO properties held by Community First; no adjustment is expected for OREO properties held by Liberty.

Table of Contents

- (6) Adjustment represents the excess of the consideration paid over the fair value of net assets acquired, net of the reversal of Community First's and Liberty's previously recorded goodwill of \$2.3 million and \$3.1 million, respectively. See Note (12) for additional information on how the pro forma purchase price was calculated. The reconciliation of the pro forma purchase price to goodwill recorded can be summarized as follows (in thousands):

- (7) Preliminary purchase accounting adjustment to establish a core deposit intangible in recognition of the fair value of core deposits acquired, which is approximately 1.9% of core deposit liabilities for Community First and Liberty. This intangible asset represents the value of the relationships that Community First and Liberty had with their deposit customers as of the date of acquisition. The preliminary fair value was estimated based on a discounted cash flow methodology that gave consideration to expected customer attrition rates, cost of the deposit base and the net maintenance cost attributable to customer deposits. A core deposit intangible asset of \$20.6 million was estimated for Community First and \$12.8 million for Liberty.

The adjustment includes a credit of \$1.7 million to reverse the intangibles recorded by Community First and Liberty prior to their pending acquisition by Simmons.

- (8) Includes a net deferred tax asset adjustment of \$1.5 million based on 39% of fair value adjustments related to the acquired assets and assumed liabilities and on a calculation of future tax benefits; the adjustment is primarily attributable to the Liberty acquisition. Community First is estimated to have a net deferred tax asset adjustment of \$400,000. Liberty is estimated to have a net deferred tax asset adjustment of \$1.5 million.

This adjustment also includes write-off of \$400,000 of miscellaneous assets with no fair value at Community First.

- (9) Adjustment made to reflect the estimated fair value premium of Community First's time deposits. The fair value was estimated using a discounted cash flow methodology based on current market rates for

similar remaining maturities. No adjustment was necessary for Liberty as the rates and terms of their time deposits approximated current market terms.

- (10) Adjustment made to reflect the estimated fair value of FHLB advances, of which \$1 million is attributable to Community First and \$100,000 is attributable to Liberty.
- (11) Adjustment made to reflect the Company's estimate of the fair value of a reserve for unfunded commitments not previously recorded by Community First (\$600,000) and Liberty (\$600,000).
- (12) To reflect the Simmons common stock consideration expected to be paid for each acquisition, net of the purchase accounting reversal of their previously existing equity accounts. Community First and Liberty are both 100% stock transactions. The Simmons common stock consideration expected to be paid for Community First is \$273.0 million (based on Simmons' closing common stock price of \$41.21 per share on September 8, 2014, and the fixed exchange ratio of 17.8975 shares of Simmons common stock for each share of Community First common stock, pursuant to the Community First merger agreement), subject to potential adjustments; Community First, Series C preferred stock will be converted into Simmons Series A preferred stock. The Simmons common stock consideration expected to be paid for Liberty is \$216.2 million (based on the Simmons' closing common stock price of \$41.21 per share on September 8, 2014 and the fixed exchange ratio of 1.0 shares of Simmons common stock for each share of Liberty common stock pursuant to the Liberty merger agreement), subject to potential adjustments.

Shares of Simmons common stock expected to be issued using the aforementioned fixed exchange ratios is presented below:

	Community First	Liberty	Total
Shares outstanding at June 30, 2014	363,918	5,162,712	
Stock options/restricted stock outstanding at June 30, 2014	6,190	84,475	
Total shares expected to be converted to SFNC stock	370,108	5,247,187	
Fixed conversion ratio per respective merger agreements	17.8975	1.0000	
SFNC shares expected to be issued	6,624,008	5,247,187	11,871,195

Any change in the price of SFNC common stock would change the purchase price allocated to goodwill. - (13) Simmons has evaluated the each acquired loan portfolio to estimate the necessary credit and interest rate fair value adjustments. Subsequently, the accretable portion of the fair value adjustment will be accreted into earnings using the level yield method over the remaining maturity of the underlying loans. For purposes of the pro forma impact on the six months ended June 30, 2014 and the year ended December 31, 2013, the net discount accretion was calculated by summing monthly estimates of accretion/amortization on each loan portfolio, which was calculated based on the remaining maturity of each loan pool. The overall weighted average maturity of the loan portfolio is approximately 5.62 years for Community First and 5.83 years for Liberty. The estimated non-accretable yield portion of the net discount of approximately \$9.8 million for Community First and Liberty combined will not be accreted into earnings.

- (14) Simmons has made an adjustment to reflect the estimated fair value of time deposits of Community First and Liberty based on current interest rates for comparable deposits. The fair value adjustment will be accreted into earnings as a reduction of the cost of such time deposits over an estimated life of one year using the level yield method.
- (15) Simmons has made an adjustment to reflect the estimated fair value of FHLB advances based on current interest rates for comparable borrowings. The fair value adjustment will be accreted into earnings, using the level yield method, as a reduction of the cost of such borrowings over an estimated life of one year for Liberty, thus the entire fair value adjustment for Liberty was fully accreted in the 2013 pro forma combined condensed consolidated income statement. The fair value adjustment will be accreted into earnings, using the level yield method, as a reduction of the cost of such borrowings over an estimated life of two years for Community First.
- (16) Provision for loan losses does not reflect any potential impact of the fair value adjustments related to loans which includes an estimate of credit losses.

- (17) Historical merger related costs for Simmons are primarily related to the acquisition of Metropolitan, which was completed on November 25, 2013. Estimated merger related expenses of \$6.6 million for Community First and \$5.6 million for Liberty, primarily severance, professional, legal and conversion related expenditures are not reflected in the pro forma combined condensed consolidated income statements as they are nonrecurring expenses. These integration costs will be expensed by Simmons as required by GAAP.
- (18) The core deposit intangible will be amortized over ten years on a straight-line basis. The annual amortization expense will be approximately \$2.0 million and \$1.3 million for Community First and Liberty, respectively.
- (19) Reflects the tax impact of the pro forma acquisition adjustments at Simmons marginal income tax rate of 39%.
- (20) Pro forma weighted average common shares outstanding assumes 6,624,008 common shares issued for Community First and 5,251,307 common shares issued for Liberty.

As a result, unaudited pro forma data is presented for illustrative purposes only and does not represent an attempt to predict or suggest future results. Upon completion of the mergers, the operating results of both Community First and Liberty will be reflected in the consolidated financial statements of Simmons on a prospective basis.

Risks Relating to the Mergers

Because the market price of Simmons common stock will fluctuate, the value of the merger consideration to be received by Community First and Liberty shareholders is uncertain.

Upon completion of the mergers, each share of Community First common stock (except for shares of Community First common stock held by Community First or any direct or indirect wholly owned subsidiary of Community First and any dissenting shares) will be converted into the right to receive 17.8975 shares of Simmons common stock (subject to possible adjustment), and each share of Liberty common stock (except for shares of Liberty common stock held by Liberty or any direct or indirect wholly owned subsidiary of Liberty and any dissenting shares) will be converted into the right to receive 1.0 share of Simmons common stock (subject to possible adjustment). In each case, cash will be paid in lieu of any remaining fractional shares. The market value of the shares of Simmons common stock to be received as part of the merger consideration will vary from the closing price of Simmons common stock on the date the mergers were announced, on the date that this joint proxy statement/prospectus is mailed to Simmons, Community First and Liberty shareholders, on the date of the special meetings of the Community First and Liberty shareholders, and on the date each merger is completed and thereafter. Any change in the market price of Simmons common stock prior to the completion of each merger will affect the market value of the merger consideration that Community First and Liberty shareholders will receive upon completion of the applicable merger. Stock price changes may result from a variety of factors that are beyond the control of Simmons, Community First and Liberty, including, but not limited to, general market and economic conditions, changes in our respective businesses, operations and prospects and regulatory considerations. Therefore, at the time of the Community First and Liberty special meetings you will not know the precise market value of the consideration Community First and Liberty shareholders will receive at the effective time of the merger. You should obtain current market quotations for shares of Simmons common stock.

The mergers and related transactions are subject to approval by Simmons, Community First and Liberty shareholders.

The Community First merger cannot be completed unless (1) the Community First shareholders approve the Community First merger by the affirmative vote of the holders of a majority of the outstanding shares of Community First common stock entitled to vote on the Community First merger and (2) the Simmons shareholders approve the Community First merger by the affirmative vote of the holders of a majority of the outstanding shares of Simmons common stock entitled to vote on the Community First merger, assuming a quorum is present. The Community First merger is also subject to the consent of the U.S. Treasury, as holder of the Community First Series C preferred stock.

The Liberty merger cannot be completed unless (1) the Liberty shareholders approve the Liberty merger by the affirmative vote of the holders of two-thirds of the outstanding shares of Liberty common stock entitled to vote on the Liberty merger and (2) the Simmons shareholders approve the Liberty merger by the affirmative vote of the holders of a majority of the outstanding shares of Simmons common stock entitled to vote on the Liberty merger, assuming a

quorum is present.

Each merger is subject to a number of closing conditions which, if not satisfied or waived in a timely manner, would delay such merger or adversely impact the companies' ability to complete the transactions.

The completion of each merger is subject to certain conditions, including, among others, the (1) receipt of the requisite shareholder approvals, (2) termination or expiration of all statutory waiting periods and receipt of all required regulatory approvals for such merger, without the imposition of any material on-going conditions or restrictions, and (3) other customary closing conditions set forth in the applicable merger agreements. See *The Merger Agreements Conditions to Consummate the Mergers*. While it is currently anticipated that the mergers will be completed during the fourth quarter of 2014, there can be no assurance that such conditions will be satisfied in a timely manner or at all, or that an effect, event, development or change will not transpire that could delay or prevent these conditions from being satisfied. Accordingly, there can be no guarantee with respect to the timing of the closing of either merger or whether either merger will be completed at all.

Regulatory approvals may not be received, may take longer than expected or may impose conditions that are not presently anticipated or that could have an adverse effect on the combined company following the mergers.

Before either merger may be completed, various approvals and consents must be obtained from the Federal Reserve Board, the TDFI in the case of Community First, the MDF in the case of Liberty, and various other securities, antitrust and other regulatory authorities. In determining whether to grant these approvals the regulators consider a variety of factors, including the regulatory standing of each party and the factors described under *The Mergers Regulatory Approvals Required for the Mergers*. An adverse development in any party's regulatory standing or these factors could result in an inability to obtain approval or delay its receipt. These regulators may impose conditions on the completion of either merger or require changes to the terms of either merger. Such conditions or changes could have the effect of delaying or preventing completion of either merger or imposing additional costs on or limiting the revenues of the combined company following either merger, any of which might have an adverse effect on the combined company following either merger. See *The Mergers Regulatory Approvals Required for the Mergers*.

The opinions delivered by the respective financial advisors to Simmons, Community First and Liberty will not reflect changes in circumstances between the respective dates of the signing of the opinions and the completion of the mergers to which the opinions relate.

The board of directors of Simmons has obtained fairness opinions dated May 6, 2014 and May 27, 2014 for the transactions with Community First and Liberty, respectively, from Sterne Agee. KBW's fairness opinion to the Community First board of directors was dated May 6, 2014, from KBW, and KBW's fairness opinion to the Liberty board of directors was dated May 27, 2014. Such opinions have not been updated as of the date of this joint proxy statement/prospectus and will not be updated at, or prior to, the time of the completion of the mergers. Changes in the operations and prospects of Simmons, Community First or Liberty, general market and economic conditions and other factors that may be beyond the control of Simmons, Community First and Liberty may alter the value of Simmons, Community First or Liberty or the prices of shares of Simmons common stock, Community First common stock or Liberty common stock by the time the mergers are completed. The opinions do not speak as of the time the mergers are completed or as of any other date than the date of the opinions. Further, the Sterne Agee and KBW opinions regarding the Community First merger do not take the Liberty merger into consideration. The opinions that the Simmons, Community First and Liberty boards of directors received from their respective financial advisors are attached as Annex C, Annex D, Annex E and Annex F to this joint proxy statement/prospectus. Holders of Simmons, Community First and Liberty common stock will have a reduced ownership and voting interest after the mergers and will exercise less influence over management.

Holders of Simmons, Community First and Liberty common stock currently have the right to vote in the election of the board of directors and on other matters affecting Simmons, Community First and Liberty, respectively. Upon the completion of the mergers, each Community First and Liberty shareholder who receives shares of Simmons common stock will become a shareholder of Simmons with a percentage ownership of Simmons that is smaller than such shareholder's percentage ownership of Community First or Liberty, as applicable. Based on the amount of Simmons common stock outstanding on September 8, 2014 and following completion of both mergers, Community First shareholders will own approximately 22.2% of the combined company, Liberty shareholders will own approximately 17.6% of the combined company and current Simmons shareholders will own approximately 60.2% of the combined company. Additionally, former Community First directors will hold two out of 12 seats on Simmons' board of directors and former Liberty directors will hold one out of 12 seats on Simmons' board of directors, assuming both mergers are completed. Because of this, Community First and Liberty shareholders will have less influence on the management and policies of Simmons than they now have on the management and policies of Community First and Liberty, respectively, and current Simmons shareholders may have less influence than they now have on the management and policies of Simmons.

The merger agreements limit Community First's and Liberty's ability to pursue alternative transactions by requiring Community First and Liberty to pay termination fees under certain circumstances relating to alternative acquisition proposals.

Under the merger agreements, if the board of directors of Community First or Liberty at any time prior to obtaining shareholder approval for the applicable merger determines in good faith that, in light of a competing acquisition proposal or other circumstances, termination of the merger agreement is required in order for the applicable board of directors to comply with its fiduciary duties, then, as applicable, Community First must pay a termination fee of \$10 million or Liberty must pay a termination fee of \$8 million to Simmons. See The Merger Agreements Termination Fees. These provisions could discourage a potential competing acquirer that might have an interest in acquiring Community First or Liberty from considering or making a competing acquisition proposal, even if the potential competing acquirer was prepared to pay consideration with a higher per share cash value than that market value proposed to be received or realized in the applicable merger with Simmons, or might result in a potential competing acquirer proposing to pay a lower price than it might otherwise have proposed to pay because of the added expense of the termination fee that may become payable in certain circumstances under the applicable merger agreement.

If either or both of the mergers are not completed, Simmons, Community First and Liberty will have incurred substantial expenses without realizing the expected benefits of the mergers.

Each of Simmons, Community First and Liberty has incurred and will incur substantial expenses in connection with the negotiation and completion of the transactions contemplated by the merger agreements, as well as the costs and expenses of filing, printing and mailing this joint proxy statement/prospectus and all filing and other fees paid to the SEC and other regulatory agencies in connection with the merger. If either or both of the mergers are not completed,

Simmons, Community First and Liberty will have to recognize these expenses without realizing the expected benefits of the mergers.

Table of Contents***Simmons, Community First and Liberty will be subject to business uncertainties and Community First and Liberty will be subject to contractual restrictions on their respective operations while the mergers are pending.***

Simmons, Community First and Liberty will be subject to business uncertainties and Community First and Liberty will be subject to contractual restrictions on their respective operations while the mergers are pending. For instance, uncertainty about the effect of the mergers on employees and customers may have an adverse effect on Simmons, Community First or Liberty. These uncertainties may impair Simmons', Community First's or Liberty's ability to attract, retain and motivate key personnel until the mergers are completed, and could cause customers and others that deal with Simmons, Community First or Liberty to seek to change existing business relationships with Simmons, Community First or Liberty. Retention of certain employees by Simmons, Community First or Liberty may be challenging while the mergers are pending, as certain employees may experience uncertainty about their future roles with the combined company. If key employees depart because of issues relating to the uncertainty and difficulty of integration or a desire not to remain with the combined company, Simmons' business, Community First's business or Liberty's business could be harmed. In addition, subject to certain exceptions, each of Community First and Liberty has agreed to operate its business in the ordinary course, and to comply with certain other operational restrictions, prior to closing of their respective mergers. See The Merger Agreements' Covenants and Agreements for a description of the restrictive covenants applicable to Simmons, Community First and Liberty.

Termination of either of the merger agreements could negatively impact Simmons, Community First or Liberty.

If either or both of the merger agreements are terminated, there may be various consequences. For example, Simmons', Community First's or Liberty's businesses may have been impacted adversely by the failure to pursue other beneficial opportunities due to the focus of management on the mergers, without realizing any of the anticipated benefits of completing the mergers. Additionally, if either or both of the merger agreements are terminated, the market price of Simmons common stock could decline to the extent that the current market price reflects a market assumption that the mergers will be completed.

Certain of Community First's and Liberty's directors and executive officers have interests in the mergers that may differ from the interests of Community First's and Liberty's shareholders.

Community First and Liberty shareholders should be aware that some of Community First's and Liberty's directors and executive officers have interests in the applicable merger and have arrangements that are different from, or in addition to, those of Community First and Liberty shareholders generally. These interests and arrangements may create potential conflicts of interest. Community First's board of directors and Liberty's board of directors were aware of these interests and considered these interests, among other matters, when making its decision to approve their respective merger agreements, and in recommending that Community First and Liberty shareholders vote in favor of approving their applicable mergers agreements.

Also, Simmons has agreed to add two Community First directors and one Liberty director to the Simmons board of directors upon consummation of each of the mergers. These agreements may create potential conflicts of interest by creating vested interests in those persons in the completion of the mergers. In addition, Simmons agreed in each of the merger agreements to indemnify the Community First and Liberty directors and officers for any claims or actions related to their respective mergers or merger agreements and to provide liability insurance to Community First and Liberty officers and directors. Certain directors and officers of Community First are recipients of restricted stock, the ownership of which vests partially or totally upon consummation of the Community First merger. These and certain other additional interests of Community First and Liberty directors and officers may cause some of these persons to view the proposed transaction differently than you view it, although Community First and Liberty officers and directors currently have comparable indemnification rights and director and officer (and errors and omission)

insurance coverages. For a more complete description of these interests, see The Community First Merger Interests of Community First's Directors and Executive Officers in the Community First Merger and The Liberty Merger Interests of Liberty's Directors and Executive Officers in the Liberty Merger.

Table of Contents**Risks Related to the Combined Company Following the Mergers**

Combining Community First and Liberty with Simmons may be more difficult, costly or time consuming than expected and the anticipated benefits and cost savings of the mergers may not be realized.

Simmons, Community First and Liberty have operated and, until the completion of the mergers, will continue to operate, independently. The success of the mergers, including anticipated benefits and cost savings, will depend, in part, on Simmons' ability to successfully combine and integrate the businesses of Community First and Liberty with Simmons in a manner that permits growth opportunities and does not materially disrupt existing customer relations nor result in decreased revenues due to loss of customers. It is possible that the integration process could result in the loss of key employees, the disruption of the companies' ongoing businesses or inconsistencies in standards, controls, procedures and policies that adversely affect the combined company's ability to maintain relationships with clients, customers, depositors and employees or to achieve the anticipated benefits and cost savings of the mergers. The loss of key employees could adversely affect Simmons' ability to successfully conduct its business, which could have an adverse effect on Simmons' financial results and the value of Simmons common stock. If Simmons experiences difficulties with the integration process, the anticipated benefits of the mergers may not be realized fully or at all, or may take longer to realize than expected. As with any merger of financial institutions, there also may be business disruptions that cause Simmons, Community First and/or Liberty to lose customers or cause customers to remove their accounts from Simmons, Community First and/or Liberty and move their business to competing financial institutions. In addition, Integration efforts will divert management attention and resources. These integration matters could have an adverse effect on the combined company during this transition period and for an undetermined period after completion of the mergers on the combined company. In addition, the actual cost savings of the mergers could be less than anticipated.

The mergers will result in changes to the board of directors of the combined company that may affect the strategy of the combined company as compared to that of Simmons, Community First and Liberty independently.

Upon completion of the mergers, the number of directors on the Simmons board of directors will be 12, two of whom will be designated by Community First's board of directors and one of whom will be designated by Liberty's board of directors. The new composition of the Simmons board of directors may affect the business strategy and operating decisions of the combined company upon the completion of the mergers.

Risks Related to an Investment in Simmons Common Stock

The market price of Simmons common stock after the merger may be affected by factors different from those affecting its shares currently.

Upon completion of the mergers, holders of Community First and Liberty common stock will become holders of Simmons common stock. Simmons' business differs in important respects from that of Community First and Liberty, and, accordingly, the results of operations of the combined company and the market price of Simmons common stock after the completion of the mergers may be affected by factors different from those currently affecting the independent results of operations of each of Simmons, Community First and Liberty. For a discussion of the businesses of Simmons, Community First and Liberty and of some important factors to consider in connection with those businesses, see Information About Simmons, Information About Community First, Information About Liberty and Where You Can Find More Information.

The market price of Simmons common stock may decline as a result of the mergers.

The market price of Simmons common stock may decline as a result of the mergers if Simmons does not achieve the perceived benefits of the mergers or the effect of the mergers on Simmons' financial results is not consistent with the expectations of financial or industry analysts. In addition, upon completion of the mergers,

Simmons, Community First and Liberty shareholders will own interests in a combined company operating an expanded business with a different mix of assets, risks and liabilities. Current Simmons, Community First and Liberty shareholders may not wish to continue to invest in the combined company, or for other reasons may wish to dispose of some or all of their shares of the combined company.

The unaudited pro forma condensed combined financial statements included in this document are preliminary and the actual financial condition and results of operations after the mergers may differ materially.

The unaudited pro forma condensed combined financial statements in this proxy statement/prospectus are presented for illustrative purposes only and are not necessarily indicative of what Simmons' actual financial condition or results of operations would have been had the mergers been completed on the dates indicated. The unaudited pro forma condensed combined financial statements reflect adjustments, which are based upon assumptions and preliminary estimates, to record the Metropolitan, Delta Trust, Community First and Liberty identifiable assets acquired and liabilities assumed at fair value and the resulting goodwill recognized. The purchase price allocation reflected in this joint proxy statement/prospectus with respect to Delta Trust, Community First and Liberty is preliminary, and final allocation of the purchase price for each transaction will be based upon the actual purchase price and the fair value of the assets and liabilities of Delta Trust, Community First and Liberty as of the date of the completion of the applicable merger. Accordingly, the final acquisition accounting adjustments may differ materially from the pro forma adjustments reflected in this joint proxy statement/prospectus. For more information, see Unaudited Pro Forma Condensed Combined Financial Statements.

The shares of Simmons common stock to be received by Community First and Liberty shareholders as a result of the mergers will have different rights from the shares of Community First common stock and Liberty common stock.

Upon completion of the mergers, Community First and Liberty shareholders will become Simmons shareholders and their rights as shareholders will be governed by Simmons' articles of incorporation and bylaws and Arkansas law. The rights associated with Community First and Liberty common stock are different from the rights associated with Simmons common stock. For example, under the ABCA, members of Simmons' board of directors may be removed with or without cause by a vote of the holders of a majority of the shares entitled to vote at an election of directors. However, members of Community First's board of directors may be removed only for cause, at any time, by the majority vote of the entire board of directors, and shareholders do not have the right to remove directors without cause. Additionally, under Missouri law, Liberty's shareholders may take action without a meeting only by a unanimous written consent signed by all shareholders entitled to vote, whereas, under Arkansas law, Simmons shareholders may take action without a meeting if shareholder consent is signed by at least the minimum number of shareholders that would be necessary to authorize such action at a meeting at which all shares entitled to vote are present and voted. See Comparison of Shareholders' Rights of Simmons and Community First and Comparison of Shareholders' Rights of Simmons and Liberty for a further discussion of the different rights associated with Simmons common stock.

Simmons' management will have broad discretion as to the use of assets acquired from these mergers, and Simmons may not use these assets effectively.

Simmons' management will have broad discretion in the application of the assets from these mergers and could utilize the assets in ways that do not improve Simmons' results of operations or enhance the value of its common stock. Community First and Liberty shareholders will not have the opportunity, as part of their investment decision, to assess whether these acquired assets are being used appropriately. Simmons' failure to utilize these assets effectively could have a material adverse effect on the combined company, delay the development of products and cause the price of

Simmons common stock to decline.

The holders of Simmons subordinated debentures have rights that are senior to those of Simmons shareholders. If Simmons defers payments of interest on Simmons outstanding subordinated debentures or if certain defaults relating to those debentures occur, Simmons will be prohibited from declaring or paying dividends or distributions on, and from making liquidation payments with respect to, Simmons common stock.

Simmons has \$20.6 million of subordinated debentures issued in connection with trust preferred securities, and Simmons will assume approximately \$27.1 million of subordinated debentures if Simmons completes the Community First merger and approximately \$20.6 million of subordinated debentures if Simmons completes the Liberty merger. Payments of the principal and interest on the trust preferred securities are unconditionally guaranteed by Simmons. The subordinated debentures are senior to Simmons common stock. As a result, Simmons must make payments on the subordinated debentures (and the related trust preferred securities) before any dividends can be paid on Simmons common stock and, in the event of Simmons bankruptcy, dissolution or liquidation, the holders of the debentures must be satisfied before any distributions can be made to the holders of Simmons common stock. Simmons has the right to defer distributions on the subordinated debentures (and the related trust preferred securities) for up to five years, during which time no dividends may be paid to holders of Simmons capital stock. If Simmons elects to defer its obligations to make payments on these subordinated debentures, or defaults with respect to these obligations, it likely would have a material adverse effect on the market value of Simmons common stock. Moreover, without notice to or consent from the holders of Simmons common stock, Simmons may issue additional series of subordinated debt securities in the future with terms similar to those of Simmons existing subordinated debt securities or enter into other financing agreements that limit Simmons ability to purchase or to pay dividends or distributions on Simmons capital stock.

The holders of Simmons Series A preferred stock will have rights that are senior to holders of Simmons common stock. If Simmons does not make a dividend payment on Simmons Series A preferred stock, then Simmons will be prohibited from declaring or paying dividends on, or making repurchases of, Simmons common stock.

If the Community First merger is completed, Simmons will issue shares of Simmons Series A preferred stock in exchange for Community First Series C preferred stock. Simmons Series A preferred stock has certain rights, preferences and privileges that make Simmons Series A preferred stock senior to the Simmons common stock. If the Simmons board of directors decides not to declare and pay (or set aside for payment) dividends on Simmons Series A preferred stock, then the Simmons board of directors will be prohibited from declaring or paying dividends on, or making repurchases of, Simmons common stock, which may have an adverse effect on the market price of the Simmons common stock.

The holders of Simmons Series A preferred stock may elect two directors to the Simmons board of directors if Simmons fails to declare and pay dividends for six or more dividend periods.

If the Community First merger is completed, Simmons will issue shares of Simmons Series A preferred stock in exchange for Community First Series C preferred stock. Simmons Series A preferred stock has certain rights, preferences and privileges that make Simmons Series A preferred stock senior to the Simmons common stock. If the Simmons board of directors decides not to declare and pay (or set aside for payment) dividends on Simmons Series A preferred stock for six or more dividend periods, then the holders of Simmons Series A preferred stock may elect two directors to the Simmons board of directors which may cause the holders of Simmons common stock to have less influence over the management of Simmons.

Simmons may be unable to, or choose not to, pay dividends on Simmons common stock.

Simmons cannot assure you of its ability to continue to pay dividends. Simmons' ability to pay dividends depends on the following factors, among others:

Simmons may not have sufficient earnings as its primary source of income, the payment of dividends to Simmons by its subsidiary banks, is subject to federal and state laws that limit the ability of those banks to pay dividends;

Table of Contents

Federal Reserve Board policy requires bank holding companies to pay cash dividends on common stock only out of net income available over the past year and only if prospective earnings retention is consistent with the organization's expected future needs and financial condition; and

Simmons' board of directors may determine that, even though funds are available for dividend payments, retaining the funds for internal uses, such as expansion of Simmons' operations, is a better strategy. If Simmons fails to pay dividends, capital appreciation, if any, of Simmons common stock may be the sole opportunity for gains on an investment in Simmons common stock. In addition, in the event Simmons' subsidiary banks become unable to pay dividends to Simmons, Simmons may not be able to service Simmons' debt or pay Simmons' other obligations or pay dividends on Simmons common stock. Accordingly, Simmons' inability to receive dividends from Simmons' subsidiary banks could also have a material adverse effect on Simmons' business, financial condition and results of operations and the value of your investment in Simmons common stock.

There may be future sales of additional common stock or preferred stock or other dilution of Simmons equity, which may adversely affect the value of Simmons common stock.

Simmons is not restricted from issuing additional common stock or preferred stock, including any securities that are convertible into or exchangeable for, or that represent the right to receive, common stock or preferred stock or any substantially similar securities. The value of Simmons common stock could decline as a result of sales by Simmons of a large number of shares of common stock or preferred stock or similar securities in the market or the perception that such sales could occur.

Anti-takeover provisions could negatively impact Simmons shareholders.

Provisions of Simmons' articles of incorporation and by-laws and federal banking laws, including regulatory approval requirements, could make it more difficult for a third party to acquire Simmons, even if doing so would be perceived to be beneficial to Simmons shareholders. The combination of these provisions effectively inhibits a non-negotiated merger or other business combination, which, in turn, could adversely affect the market price of Simmons common stock. These provisions could also discourage proxy contests and make it more difficult for holders of Simmons common stock to elect directors other than the candidates nominated by Simmons' board of directors.

Simmons' rights and the rights of Simmons shareholders to take action against Simmons' directors and officers are limited.

Simmons' articles of incorporation eliminate Simmons' directors' liability to Simmons and its shareholders for money damages for breach of fiduciary duties as a director to the fullest extent permitted by Arkansas law. Arkansas law provides that an officer has no liability in that capacity if he or she performs his or her duties in good faith, in a manner he or she reasonably believes to be in Simmons' best interests and with the care that an ordinarily prudent person in a like position would use under similar circumstances.

Simmons' articles of incorporation and bylaws also require Simmons to indemnify Simmons' directors and officers for liability resulting from actions taken by them in those capacities to the maximum extent permitted by Arkansas law. As a result, Simmons shareholders and Simmons may have more limited rights against Simmons' directors and officers than might otherwise exist under common law. In addition, Simmons may be obligated to fund the defense costs incurred by Simmons' directors and officers.

An investment in Simmons common stock is not an insured deposit.

An investment in Simmons common stock is not a bank deposit and is not insured or guaranteed by the FDIC, the Deposit Insurance Fund, or any other government agency. Accordingly, you should be capable of affording the loss of any investment in Simmons common stock.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Some of the statements contained or incorporated by reference in this joint proxy statement/prospectus are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 giving Simmons expectations or predictions of future financial or business performance or conditions. Forward-looking statements are typically identified by words such as believe, budget, expect, anticipate, intend, indicate, target, estimate, plan, project, continue, contemplate, positions, prospects, predict, or potential, by future conditions such as will, would, should, could or may, or by variations of such words or by similar expressions. Such forward-looking statements include, but are not limited to, statements about the benefits of the business combination transactions involving Simmons, Community First and Liberty, including future financial and operating results, the combined company's plans, objectives, expectations, strategies and intentions and other statements that are not historical facts. These forward-looking statements are subject to numerous assumptions, risks and uncertainties which change over time. In addition to factors previously disclosed in Simmons reports filed with the SEC, the following factors, among others, could cause actual results to differ materially from forward-looking statements:

ability to obtain regulatory approvals and meet other closing conditions to the mergers, including approval by Simmons, Community First and Liberty shareholders, on the expected terms and schedule;

delay in closing the mergers;

difficulties and delays in integrating the business of Community First and Liberty with Simmons, or fully realizing expected cost savings and other benefits;

business disruption following the proposed transactions;

diversion of management time on issues relating to the mergers;

changes in asset quality and credit risk;

the inability to sustain revenue and earnings growth;

changes in interest rates and capital markets;

inflation;

customer borrowing, repayment, investment and deposit practices;

customer disintermediation;

Simmons also believes its model empowers its bankers to enhance shareholder value through developing and growing holistic customer relationships. As Simmons focuses on the communities in which it primarily operates, it provides a wide range of consumer and commercial loan and deposit products to individuals and businesses in its core markets. Simmons also has developed through its experience and scale and through acquisitions, including the pending acquisitions that are the subject of this joint proxy statement/prospectus, specialized products and services that are in addition to those offered by the typical community bank and that are provided in many cases to customers beyond its core market area. Those products include credit cards, trust services, investments, agricultural finance lending, equipment lending, insurance, consumer finance and SBA lending.

Simmons seeks to build shareholder value by (1) focusing on strong asset quality, (2) maintaining strong capital and liquidity, (3) opportunistically growing its business, both organically and through acquisitions of financial institutions, and (4) improving its operational efficiency.

Simmons common stock is traded on the NASDAQ Global Select Market under the symbol SFNC. Simmons principal executive offices are located at 501 Main Street, Pine Bluff, Arkansas 71601, and its telephone number is (870) 541-1000. Simmons also has corporate offices in Little Rock, Arkansas.

Growth Strategies

Simmons organic growth strategy includes pursuing cross-selling opportunities and expanding opportunistically in markets with attractive fundamental economic characteristics and market demographics. Upon entering a new market, Simmons seeks to identify and build a team of experienced, successful bankers with market-specific knowledge to lead its operations in that market. Generally, members of Simmons senior management team are familiar with these individuals based on prior work experience and reputation, and believe in the ability of such individuals to successfully execute its business model. Simmons also assembles non-voting advisory boards in select markets comprised of advisory directors representing a broad spectrum of business experience and community involvement in those markets.

Simmons actively seeks to expand its operations through acquisitions. In recent years, Simmons has expanded its footprint by acquiring five financial institutions through four FDIC-assisted transactions and one transaction conducted pursuant to Section 363 of the United States Bankruptcy Code. These acquisitions resulted in the addition (on a net basis) of 36 of Simmons current 103 branches, which are located in 26 of the 56 communities in which it presently conducts operations. Simmons views its acquisition activity as an important component of its growth strategy and intends to be opportunistic in pursuing future acquisitions.

THE COMMUNITY FIRST MERGER

The following discussion contains material information about the Community First merger. This discussion is subject, and qualified in its entirety by reference, to the Community First merger agreement attached as Annex A to this joint proxy statement/prospectus and incorporated herein by reference. We urge you to read carefully this entire joint proxy statement/prospectus, including the Community First merger agreement attached as Annex A, for a more complete understanding of the Community First merger.

This proposal will be considered and voted upon by the Simmons common shareholders at the Simmons special meeting and by the Community First shareholders at the Community First special meeting.

Terms of the Community First Merger

Each of Simmons and Community First's respective boards of directors has unanimously approved and adopted the Community First merger agreement. The Community First merger agreement provides for the merger of Community First with and into Simmons, with Simmons continuing as the surviving corporation. Following completion of the Community First merger, Community First's wholly owned bank subsidiary, First State Bank, will merge with and into Simmons' wholly owned bank subsidiary, Simmons First National Bank. Simmons expects the merger of First State Bank and Simmons First National Bank to occur in August 2015. Simmons First National Bank will be the surviving bank in this merger.

In the Community First merger, each share of Community First common stock, \$10.00 par value per share, issued and outstanding immediately prior to the effective time of the Community First merger, except for shares of any Community First common stock held by Community First or Simmons and any dissenting shares, will be converted into the right to receive 17.8975 shares of Simmons common stock, \$0.01 par value per share. No fractional shares of Simmons common stock will be issued in connection with the Community First merger, and holders of Community First common stock that would otherwise receive a fractional share will be entitled to receive cash in lieu thereof. Community First shareholders and Simmons shareholders are being asked to approve the Community First merger agreement. See [The Merger Agreements](#) for additional and more detailed information regarding the legal documents that govern the Community First merger, including information about the conditions to the completion of the Community First merger agreement and the provisions for terminating or amending the Community First merger agreement.

In addition to the Community First common stock being exchanged for Simmons common stock, the Community First Series C preferred stock will be exchanged for a new series of Simmons preferred stock designated as Simmons Series A preferred stock, with substantially identical terms, except that Simmons Series A preferred stock will not contain transfer restrictions or be subject to registration rights.

Background of the Community First Merger

Community First and its subsidiaries have been providing financial products and services to its customers since 1887. The organization is a combination of various Tennessee community banks resulting in a \$1.9 billion organization in 2014. This growth has accelerated in the last ten years, even during the recent financial crisis, from \$622 million at the end of 2003.

As Community First has grown, it has funded its growth through its retained earnings, the issuance of approximately \$27.1 million in trust preferred securities, the acquisition of \$30.852 million in government funds, first through \$20 million from the Troubled Asset Relief Program, or the TARP, and then later replaced by \$30.852 million from the

SBLF, a \$9.9 million common stock private offering in 2007, and a \$25.9 million common stock private offering in 2009. Over the years, the board of directors and management of Community First have focused on continuing the growth of the organization and discussed often at regular board meetings and strategic planning sessions the various alternatives to fund this growth with additional equity. In addition, the

Table of Contents

board of directors and management of Community First believe that federal bank supervisory policy is strongly encouraging financial institutions to increase the required minimum capital ratios of all financial institutions, thereby creating the need for additional equity even without future growth.

The Simmons board of directors has from time to time engaged with senior management of Simmons in strategic reviews, and has considered ways to enhance its performance and prospects in light of competitive and other relevant developments. These strategic reviews by the Simmons board of directors has focused on, among other things, the business environment facing financial institutions generally, the business environments in the markets that Simmons serves and markets within a 350-mile radius of Central Arkansas, as well as conditions and ongoing consolidation in the financial services industry. As part of its growth strategy, the management and board of directors of Simmons have, from time to time, explored acquisition opportunities with banks that have a similar conservative, community banking philosophy to that of Simmons and that are headquartered within a 350-mile radius of Central Arkansas.

The board of directors and management of Community First have discussed on a periodic basis how the organization can create liquidity for its shareholders. As a privately held, non-traded company with its common stock held by a small number of shareholders, the shares of Community First common stock are rarely traded, and there is no public trading market. In addition, as shares of Community First common stock begin to pass from generation to generation, there is an increasing need for the shareholders to be able to sell their shares or at least establish a market value for estate planning purposes.

In order to address both the need for additional equity and liquidity for its shareholders, the board of directors and management of Community First began in July 2011 investigating and discussing various alternatives to increase equity and create liquidity for its shareholders. One alternative discussed was to conduct an initial public offering which would result in the shares of Community First common stock being registered with the SEC and then market makers being engaged to trade its common stock on an established securities exchange. The board of directors and management of Community First discussed the fact that institutional investors and additional retail customers would need to become interested in Community First common stock in order to create an active trading market. The cost of the initial public offering process and the ongoing cost of being a publicly traded company were major factors considered by the board of directors and management of Community First. Since Community First would still be deemed a fairly small institution among other financial institutions that are publicly traded, the ability of Community First to create an active trading market was considered a challenge by the board of directors and management of Community First.

Another method of providing equity and liquidity was to seek a partner with significant capital and which already had shares publicly traded, thereby minimizing the time and expense of executing on an initial public offering. The board of directors and management of Community First believed that the number of acquisitions in the financial services industry had been increasing over the past year, and if Community First decided to participate in a merger process, there seemed to be an increasing need to act sooner than later.

In order to evaluate and pursue these two objectives, management of Community First began attending investment conferences where they could not only discuss these issues with officers and directors of financial institutions that have similar goals, but also where they could meet the executive management teams of potential partners. One such conference was the KBW Investor Conference held on August 1, 2012, in New York City, where John C. Clark of Community First was introduced to and had a private breakfast meeting with J. Thomas May, the Chief Executive Officer of Simmons at the time. At the same time, Victor Castro, the Chief Financial Officer of Community First, held a private meeting with Robert Fehlman, the Chief Financial Officer of Simmons. After these meetings, both organizations began to review the public records of the other and become more familiar with each other's institutions.

Over the course of the next 12 months, senior management of Simmons would periodically update the Simmons board of directors about potential acquisition opportunities that were in markets that Simmons would

Table of Contents

consider operating in, including existing Simmons markets. Prior to KBW's Investor Conference in July 2013, senior management of Simmons provided another such update to the Simmons board of directors and identified Community First as a potential partner and noted for the Simmons board of directors that management of Community First was expected to visit with Simmons in September 2013 for a peer bank meeting.

At KBW's Investor Conference in New York City, on July 30, 2013, representatives of both Community First and Simmons again held private meetings to discuss a possible combination of their organizations. At this same event, representatives of Community First had introductory meetings with other potential acquirors. On August 12 and 13, 2013, six members of the Community First management team traveled to Little Rock, Arkansas, and held peer bank meetings with officers of Simmons. Between August and December 2013 senior management of Simmons updated the Simmons board of directors and its executive committee of its discussions with Community First and other acquisition opportunities. On December 20, 2013, George Makris, CEO-Elect of Simmons, traveled to Union City, Tennessee, and had lunch with some of the officers and directors of Community First. Over the remainder of 2013, phone conversations and communications continued between Community First and Simmons, as well as Community First and some other potential acquirors.

As the discussions by the Community First board of directors continued to include the possibility of a merger, the Community First board of directors on October 15, 2013, decided to formally amend the Community First strategic plan to include an option for selling the institution. To help implement this new provision of the strategic plan, on December 17, 2013, Newell Graham, Chairman of the Community First board of directors, appointed an Ownership Committee consisting of Christopher Kirkland, Joe Porter, Michael Swaim, William Wade, Newell Graham, and John C. Clark, to investigate the equity and liquidity alternatives and then report back to the entire Community First board of directors. During late January and early February of 2014, the Ownership Committee contacted various investment banking firms to discuss their engagement for assisting Community First as its financial advisor in possible merger negotiations. Some interviews were held in Brentwood, Tennessee, during that time period between representatives of investment banking firms, including representatives of KBW based in Richmond, Virginia, and members of the Ownership Committee, including a meeting held on January 13, 2014, at the offices of Crowe Horwath LLP in Brentwood, Tennessee, with representatives of KBW.

From the middle of January through February 2014, the senior management of Simmons kept the Simmons board of directors apprised of acquisition opportunities including with Community First. Senior management of Simmons also discussed the financial considerations of a merger with Community First with its financial advisor Sterne Agee during this period.

On February 11, 2014, the Community First board of directors met and reviewed the activities and recommendations of the Ownership Committee. At this meeting, the Community First board of directors approved (1) engaging KBW as Community First's financial advisor, (2) executing confidentiality agreements with individual directors and executive officers, (3) special restricted stock and salary grants for selected employees, and (4) the Ownership Committee continuing to work through the process, with KBW, of addressing the equity and liquidity alternatives and then reporting back to the Community First board of directors with their recommendations.

During the remainder of February and the first couple of weeks of March, in accordance with a directive from the Community First board of directors, KBW solicited the interest of various parties in acquiring Community First. A number of mutual nondisclosure agreements were executed, including a mutual nondisclosure agreement with Simmons on February 18, 2014, and various levels of due diligence were conducted by the interested parties. John C. Clark conducted management meetings with a number of interested parties. Up to March 13, 2014, Simmons management team conducted preliminary due diligence on Community First and worked with Sterne Agee to draft and submit a non-binding indication of interest to acquire Community First. KBW communicated, on behalf of

Community First, a deadline of March 13, 2014, for any interested parties to present indications of interest. Two indications of interest letters were submitted on March 13, one of which was from Simmons, and one additional indication of intent was received from another party on March 14.

Table of Contents

The two other indications of interest both presented a significantly lower aggregate value than the initial indication of interest received from Simmons (\$245.1 million), with one party (Party A) proposing an aggregate value of \$190.8 million, and the other party (Party B) proposing a range with an aggregate value between \$190 million and \$200 million, based on an exchange ratio that would not be set until the closing of the proposed transaction. Party B's indication of interest also proposed that Community First must have a minimum net worth of \$128 million at the closing of the proposed transaction that created some degree of uncertainty as to the aggregate value or even the consummation of the proposed transaction. Neither Simmons nor Party A's indication of interest contained such a provision. In addition, Party A's indication of interest stated there would be branch consolidation, while both the Simmons and Party B's indication of interest did not. On March 17, 2014, representatives of the Ownership Committee and KBW met to discuss the indications of interest submitted, and the Ownership Committee decided to pursue further negotiations exclusively with Simmons at that time. The prospect of a combination with Simmons included the consideration that some members of Community First's management and its board of directors would continue to play a role in the combined company, thus retaining some measure of local Tennessee influence. Additionally, from a management perspective, the Ownership Committee considered Simmons sharing similar business and banking philosophies.

On March 20, 2014, Messrs. Makris, Bartlett, Fehlman, Casteel, Garner, along with Susan F. Smith, Executive Vice President of Corporate Strategy and Performance of Simmons, held a teleconference with representatives of Sterne Agee and KBW, to discuss the indication of interest submitted by Simmons, the entering into an exclusivity agreement between Simmons and Community First and a timeline and scope of the due diligence process for both Simmons and Community First. On March 19, 2014, Simmons and Community First executed an exclusivity agreement that provided Simmons with the exclusive right to negotiate a transaction with Community First for a period of 65 days from the date of the exclusivity agreement. Pursuant to the exclusivity agreement, Community First agreed to cease discussions with any other interested party.

During the remainder of March and the month of April, discussions of specific acquisition terms were held between representatives of Community First and Simmons and their respective financial and legal advisors and Simmons conducted a due diligence investigation of Community First. From April 7 to April 11, 2014, members of the Simmons management team conducted onsite due diligence of Community First in Brentwood, Tennessee. On April 15, 2014, the Community First board of directors met and was provided an update from the Ownership Committee and a directive to continue conducting the due diligence process on Simmons. On April 21 and 22, 2014, members of the management team of Community First conducted onsite due diligence of Simmons in Pine Bluff and Little Rock, Arkansas. On April 23, 2014, members of the Ownership Committee also conducted onsite due diligence of Simmons in Little Rock, Arkansas.

On April 25, 2014, the first draft of the Community First merger agreement was distributed by Simmons to representatives of Community First. The aggregate deal value of \$245.1 million initially proposed by Simmons in the March 13, 2014 indication of interest remained unchanged, as did the exchange ratio based on this aggregate value. Negotiations of the document were conducted by telephone and e-mail between officers of the banks, between their financial advisors and between their legal counsel. The negotiations were completed late in the evening on May 2, 2014. On April 28, 2014, Mr. Makris provided an update to the executive committee of the Simmons board of directors about the results of its due diligence investigation of Community First and updated the executive committee on the status of the transaction, including an update on the negotiations of the merger agreement. Mr. Makris informed the executive committee that two seats on the Simmons board of directors had been offered to Community First and that certain individuals affiliated with Community First, including their nominees for the Simmons board of directors, would be required to execute lock-up agreements.

On May 5, 2014, the Simmons board of directors held a meeting to consider the terms of the proposed Community First merger. Prior to the meeting, the directors received copies of the draft merger agreement and of the other draft transaction documents, as well as a presentation prepared by its financial advisor, Sterne Agee. At the meeting, members of Simmons management reported on the status of due diligence and negotiations with Community First. Representatives of Sterne Agee reviewed Sterne Agee's financial analysis of the proposed

Table of Contents

Community First merger, including discussing the various financial methodologies used in its analysis. Representatives of Sterne Agee then delivered its oral opinion (which was subsequently confirmed in writing by delivery of Sterne Agee's written opinion dated May 5, 2014) that, as of the date of the Simmons board of directors meeting and based upon and subject to the various factors, assumptions and limitations set forth in its written opinion, the Community First exchange ratio to be paid by Simmons in connection with the Community First merger was fair, from a financial point of view, to Simmons. The full text of the written opinion of Sterne Agee dated May 5, 2014, which sets forth the assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached as Annex C to this joint proxy statement/prospectus. At the meeting, Simmons' legal counsel reviewed with the Simmons board of directors its fiduciary duties and reviewed the key terms of the Community First merger agreement and related agreements (including the lock-up agreements), as described elsewhere in this joint proxy statement/prospectus, including a summary of the provisions relating to governance of the combined company and the provisions relating to employee matters.

After considering the proposed terms of the Community First merger agreement and the various presentations of its financial and legal advisors, and taking into consideration the matters discussed during that meeting and prior meetings of the Simmons board of directors, including the factors described under Simmons' Reasons for the Community First Merger; Recommendation of Simmons' Board of Directors, the Simmons board of directors unanimously determined that the Community First merger was consistent with Simmons' business strategies and in the best interests of Simmons and Simmons shareholders and the directors voted unanimously to approve and adopt the Community First merger agreement and the transactions contemplated thereby and recommended that Simmons shareholders approve the Community First merger agreement.

The Community First board of directors met in a special meeting on May 6, 2014, and received a presentation by the Ownership Committee of the terms of the proposed Community First merger and the results of due diligence of Simmons. Community First's counsel provided the Community First board of directors with both a written and oral analysis of the proposed Community First merger agreement from a legal perspective. Also at the meeting, KBW, Community First's financial advisor, reviewed the financial aspects of the proposed merger and rendered an opinion, dated May 6, 2014, to the effect that, as of such date and subject to the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by KBW as set forth in such opinion, the exchange ratio in the proposed merger was fair, from a financial point of view, to the holders of Community First common stock. Directors asked questions of management, KBW, and Community First's counsel. After this discussion, and considering various factors, including the factors described under Community First's Reasons for the Community First Merger; Recommendation of Community First's Board of Directors, the Community First board of directors approved unanimously the Community First merger agreement and recommended its approval to the Community First shareholders and the calling of a meeting of the Community First shareholders to consider and vote on the Community First merger agreement upon the effectiveness of the Community First registration statement of which this joint proxy statement/prospectus is a part.

A press release announcing the transaction was released by Simmons on May 6, 2014, and Simmons held an investor conference call that day as well.

Community First's Reasons for the Merger; Recommendation of Community First's Board of Directors

The Community First board of directors has determined that the merger is advisable, fair, and in the best interest of Community First and its shareholders. In adopting the Community First merger agreement, the Community First board of directors consulted with its financial advisor regarding the financial aspects of the merger, and with its legal counsel as to its legal duties and the terms of the Community First merger agreement.

Table of Contents

In arriving at its determination, the Community First board of directors also considered a number of factors, including the following material factors:

its familiarity with Community First's consolidated business, operations, earnings, and financial conditions;

its review, with the assistance of Community First's legal and financial advisors, of the proposed Community First merger, including a review of the business, operations, earnings, and financial conditions of Simmons, as well as the potential results to Community First shareholders from a sale to Simmons;

its review of possible affiliation partners other than Simmons, the prospects of such other possible affiliation partners, and the likelihood of any such affiliation;

its review of strategic alternatives to such a transaction for Community First and Community First shareholders (including the alternatives of remaining independent and growing internally, remaining independent for a period of time and then selling, remaining independent and growing through future acquisitions and conducting an initial public offering for its common stock);

the recent business combinations involving financial institutions either announced or completed during the past few years in the United States, the State of Tennessee, and contiguous states, and the effect of such combinations on increased competitive conditions in the Community First's market area;

a comparison of the proposal from Simmons to such recent business combinations involving financial institutions;

increasing regulatory and statutory burdens (including increased costs, time commitments, earnings opportunities, among other burdens) on Community First and its subsidiaries as a community banking organization in general and as a result of the particular status of Community First as a \$1.9 billion bank holding company;

its knowledge of the current environment in the financial services industry, including national, regional and local economic conditions and the interest rate environment, continued consolidation, the uncertainties in the regulatory climate for financial institutions, the current environment for community banks, particularly in Tennessee and contiguous states, and current financial market conditions and the likely effects of these factors on the two companies' potential growth, development, productivity and strategic options;

the complementary aspects of Community First's and Simmons' businesses, including customer focus, business orientation and compatibility of the companies' cultures and management and operating styles, and the potential expense-saving and revenue-enhancing opportunities in connection with the Community First

merger and the related potential impact on the combined company's earnings;

Simmons' successful track record, including, among other things, with respect to the integration of acquisitions;

its assessment of the likelihood that the Community First merger would be completed in a timely manner and that the management team of the combined company would be able to successfully integrate and operate the businesses of the combined company after the Community First merger;

the financial analyses presented by KBW to the Community First board of directors, and the opinion, dated May 6, 2014, delivered to the Community First board of directors by KBW to the effect that, as of the date of the opinion, and subject to and based on the qualifications and assumptions set forth in the opinion, the Community First exchange ratio was fair, from a financial point of view, to the holders of Community First common stock. The Community First board of directors reviewed and considered the financial analyses presented by KBW in their entirety, weighing the results of the different analyses as the Community First board of directors, in its judgment, determined appropriate. While certain individual results of the KBW financial analyses, such as the Transaction Price/LTM EPS multiples for

the merger described on pages 93 and 94 may not have compared favorably to other similar transactions, after careful consideration, the Community First board of directors concluded that the KBW financial analyses taken as a whole were favorable;

the Community First board of directors' belief that the Community First merger consideration exceeds Community First's likely value in the absence of a merger, including its potential for future growth, which belief was based on a number of factors, including:

the risks and uncertainties associated with maintaining Community First's performance as a standalone company; and

the Community First board of directors' analysis of other strategic alternatives available to Community First;

the greater market capitalization and greater anticipated trading liquidity of Simmons common stock after the transaction in the event Community First shareholders desired to sell the shares of Simmons common stock to be received by them upon completion of the Community First merger;

the fact that Community First shareholders who do not vote to adopt the merger agreement and who follow certain prescribed procedures are entitled to dissenters' rights under applicable law;

management succession alternatives for Community First; and

the opportunity for Community First shareholders to exchange their shares of Community First common stock for shares of Simmons common stock in a tax free exchange and resulting in the ownership of a publicly traded stock currently paying a quarterly dividend, giving former Community First shareholders the opportunity to participate as Simmons shareholders in the benefits of the combination and the future performance of the combined company generally.

The foregoing discussion of the information and factors considered by the Community First board of directors is not exhaustive, but includes all material factors considered by the Community First board of directors. In view of the wide variety of factors considered by the Community First board of directors in connection with its evaluation of the Community First merger and the complexity of such matters, the Community First board of directors did not consider it practical to, nor did it attempt to, quantify, rank or otherwise assign relative weights to the specific factors that it considered in reaching its decision. The Community First board of directors discussed the factors described above, asked questions of Community First's management and Community First's legal and financial advisors, and reached general consensus that the Community First merger was in the best interests of Community First and Community First shareholders.

In considering the factors described above, individual members of the Community First board of directors may have given different weights to different factors. It should be noted that this explanation of the Community First board's reasoning and all other information presented in this section is forward-looking in nature and, therefore, should be

read in light of the factors discussed under the heading Cautionary Statement Concerning Forward-Looking Statements.

The Community First board of directors also recommended that the Community First shareholders approve the Community First merger agreement at a meeting of the Community First shareholders to be called for the purpose of considering the Community First merger agreement, and that the President and such other officers of Community First set the specific time and date of the Community First special meeting subject to completion, any necessary regulatory approvals, and delivery of appropriate notices and proxy materials to the Community First shareholders.

The Community First board of directors authorized and empowered the officers of Community First to take all necessary steps which may be required of them or which may be in the best interest of Community First, to complete all transactions necessary or deemed necessary by the officers of Community First with regard, but not limited, to the filing of all necessary regulatory applications, the negotiation of the final terms of the Community

First merger agreement or any other necessary agreements, and all other legal, regulatory, and other steps that may become necessary in order to implement the purposes of the resolutions of the Community First board of directors.

For the reasons set forth above, the Community First board of directors has adopted unanimously the Community First merger agreement and believes that it is in the best interests of Community First and the Community First shareholders and unanimously recommends that the Community First shareholders vote FOR the Community First merger.

Opinion of Community First's Financial Advisor

Community First engaged KBW to render financial advisory and investment banking services to Community First, including an opinion to the Community First board of directors as to the fairness, from a financial point of view, to the holders of Community First common stock of the Community First exchange ratio in the proposed Community First merger. Community First selected KBW because KBW is a nationally recognized investment banking firm with substantial experience in transactions similar to the Community First merger. As part of its investment banking business, KBW is continually engaged in the valuation of financial services businesses and their securities in connection with mergers and acquisitions.

At the meeting held on May 6, 2014 at which the Community First board of directors evaluated the proposed Community First merger, KBW reviewed the financial aspects of the proposed Community First merger and rendered an opinion to the effect that, as of such date and subject to the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by KBW as set forth in such opinion, the Community First exchange ratio in the proposed Community First merger was fair, from a financial point of view, to the holders of Community First common stock. The Community First board approved the Community First merger agreement at this meeting.

The description of the opinion set forth herein is qualified in its entirety by reference to the full text of the opinion, which is attached as Annex E to this joint proxy statement/prospectus and is incorporated herein by reference, and describes the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by KBW in preparing the opinion. KBW has consented to the inclusion of its opinion letter as Annex E to this joint proxy statement/prospectus and to the references to its opinion and the summary of its opinion contained in this joint proxy statement/prospectus.

KBW's opinion speaks only as of the date of the opinion. The opinion was for the information of, and was directed to, the Community First board of directors (in its capacity as such) in connection with its consideration of the financial terms of the Community First merger. The opinion addressed only the fairness, from a financial point of view, of the Community First exchange ratio in the Community First merger to the holders of Community First common stock. It did not address the underlying business decision of Community First to engage in the Community First merger or enter into the Community First merger agreement. KBW's opinion did not and does not constitute a recommendation to the Community First board of directors in connection with the Community First merger, and it does not constitute a recommendation to any Community First shareholder or any shareholder of any other entity as to how to vote in connection with the Community First merger or any other matter, nor does it constitute a recommendation on whether or not any such shareholder should enter into a voting, shareholders' or affiliates' agreement with respect to the Community First merger or exercise any dissenters' or appraisal rights that may be available to such shareholder.

KBW's opinion was reviewed and approved by KBW's Fairness Opinion Committee in conformity with its policies and procedures established under the requirements of Rule 5150 of the Financial Industry Regulatory Authority.

Table of Contents

In connection with the opinion, KBW reviewed, analyzed and relied upon material bearing upon the Community First merger and the financial and operating condition of Community First and Simmons, including, among other things:

a draft, dated May 2, 2014, of the Community First merger agreement (the most recent draft then made available to KBW);

the audited financial statements and Annual Reports for the three years ended December 31, 2013 for Community First;

the preliminary unaudited financial statements for the quarter ended March 31, 2014 of Community First and Simmons;

certain regulatory filings for the three year period ended December 31, 2013 and the three month period ended March 31, 2014 of Community First and its subsidiaries;

certain other interim reports and other communications of Community First and Simmons to their respective shareholders; and

other financial information concerning the businesses and operations of Community First and Simmons furnished to KBW by Community First and Simmons or which KBW was otherwise directed to use for purposes of its analysis.

KBW's consideration of financial information and other factors that it deemed appropriate under the circumstances or relevant to its analyses included, among others, the following:

the historical and current financial position and results of operations of Community First and Simmons;

the assets and liabilities of Community First and Simmons;

the nature and terms of certain other merger transactions and business combinations in the banking industry;

a comparison of certain financial information of Community First and certain financial and stock market information for Simmons with similar information for certain other companies the securities of which are

publicly traded;

financial and operating forecasts and projections of Community First which were prepared by Community First management, provided to and discussed with KBW by such management, and used and relied upon by KBW at the direction of such management with the consent of the Community First board;

publicly available consensus street estimates of Simmons for 2014 and 2015 (which estimates reflected the pro forma impact of the then-pending acquisition by Simmons of Delta Trust that was announced on March 24, 2014), as well as assumed long term growth rates based thereon that were prepared and provided to KBW by management of Simmons, all of which information was discussed with KBW by such management and used and relied upon by KBW at the direction of such management with the consent of the Community First board;

projected balance sheet and capital data of Simmons (giving effect to the Delta Trust acquisition) that were prepared by Simmons management, provided to and discussed with KBW by such management and used and relied upon by KBW at the direction of such management with the consent of the Community First board; and

Community First merger) that were prepared by Simmons management, provided to and discussed with KBW by such management and used and relied upon by KBW at the direction of such management with the consent of the Community First board.

KBW also performed such other studies and analyses as it considered appropriate and took into account its assessment of general economic, market and financial conditions and its experience in other transactions, as well as its experience in securities valuation and knowledge of the banking industry generally. KBW also held discussions with senior management of Community First and Simmons regarding the past and current business operations, regulatory relations, financial condition and future prospects of their respective companies and such other matters that KBW deemed relevant to its inquiry. In addition, KBW considered the results of the efforts undertaken by Community First, with KBW's assistance, to solicit indications of interest from third parties regarding a potential transaction with Community First.

In conducting its review and arriving at its opinion, KBW relied upon and assumed the accuracy and completeness of all of the financial and other information provided to it or publicly available and did not independently verify the accuracy or completeness of any such information or assume any responsibility or liability for such verification, accuracy or completeness. KBW relied upon the management of Community First as to the reasonableness and achievability of the financial and operating forecasts and projections of Community First (and the assumptions and bases therefor) that were prepared by Community First management and provided to and discussed with KBW by such management, and KBW assumed, with the consent of Community First, that such forecasts and projections were reasonably prepared on a basis reflecting the best available estimates and judgments of such management and that such forecasts and projections would be realized in the amounts and in the time periods estimated by such management. KBW further relied, with the consent of Community First, upon Simmons management as to the reasonableness and achievability of the publicly available consensus street estimates of Simmons that KBW was directed to use and the assumed long term growth rates based thereon that were prepared by Simmons management and provided to and discussed with KBW by such management, and as to the projected balance sheet and capital data of Simmons (giving effect to the Delta Trust acquisition) that were prepared by Simmons management and estimates regarding certain pro forma financial effects of the Community First merger on Simmons that were prepared by Simmons management and provided to and discussed with KBW by such management (and the assumptions and bases therefor, including but not limited to the potential cost savings and related expenses expected to result from the Community First merger). In rendering its opinion, KBW assumed, with the consent of the Community First board, that all such information was consistent with (in the case of Simmons street estimates), or was otherwise reasonably prepared on a basis reflecting, the best currently available estimates and judgments of such management and that such forecasts, estimates and projected data reflected in such information would be realized in the amounts and in the time periods estimated. In connection with its opinion, KBW was not provided with access to, and did not hold any discussions with, Delta Trust management regarding the Delta Trust acquisition or the pro forma impact thereof on Simmons. KBW expressed no view or opinion as to the Delta Trust acquisition (or any terms, aspects or implications of such transaction). KBW assumed, with the consent of Community First, that the Delta Trust acquisition and the related bank subsidiary merger would be consummated as described to KBW by Simmons management in the third quarter of 2014.

The forecasts, projections and estimates of Community First and Simmons that were provided to KBW were not prepared with the expectation of public disclosure. All such information was based on numerous variables and assumptions that are inherently uncertain, including, without limitation, factors related to general economic and competitive conditions and that, accordingly, actual results could vary significantly from those set forth in such forecasts, projections and estimates. KBW assumed, based on discussions with the respective managements of Community First and Simmons, that such forecasts, projections and estimates of Community First and Simmons referred to above, provided a reasonable basis upon which KBW could form its opinion and KBW expressed no view as to any such information or the assumptions or bases therefor. KBW relied on all such information without

independent verification or analysis and did not in any respect assume any responsibility or liability for the accuracy or completeness thereof.

Table of Contents

KBW assumed that there were no material, undisclosed changes in the assets, liabilities, financial condition, results of operations, business or prospects of either Community First or Simmons since the date of the last financial statements of each such entity that were made available to KBW. KBW is not an expert in the independent verification of the adequacy of allowances for loan and lease losses and KBW assumed, without independent verification and with Community First's consent, that the aggregate allowances for loan and lease losses for Community First and Simmons were adequate to cover such losses. In rendering its opinion, KBW did not make or obtain any evaluations or appraisals or physical inspection of the property, assets or liabilities (contingent or otherwise) of Community First or Simmons, the collateral securing any of such assets or liabilities, or the collectability of any such assets, nor did KBW examine any individual loan or credit files, nor did it evaluate the solvency, financial capability or fair value of Community First or Simmons under any state or federal laws, including those relating to bankruptcy, insolvency or other matters. Estimates of values of companies and assets do not purport to be appraisals or necessarily reflect the prices at which companies or assets may actually be sold. Because such estimates are inherently subject to uncertainty, KBW assumed no responsibility or liability for their accuracy.

KBW assumed that, in all respects material to its analyses:

the Community First merger and any related transactions would be completed substantially in accordance with the terms set forth in the Community First merger agreement (the final terms of which KBW assumed would not differ in any respect material to its analyses from the latest draft of the Community First merger agreement that had been reviewed by it) with no adjustments to the Community First exchange ratio or additional forms of consideration;

the representations and warranties of each party in the Community First merger agreement and in all related documents and instruments referred to in the Community First merger agreement were true and correct;

each party to the Community First merger agreement and all related documents would perform all of the covenants and agreements required to be performed by such party under such documents;

there are no factors that would delay or subject to any adverse conditions, any necessary regulatory or governmental approval for the Community First merger or any related transaction and that all conditions to the completion of the Community First merger would be satisfied without any waivers or modifications to the Community First merger agreement; and

in the course of obtaining the necessary regulatory, contractual, or other consents or approvals for the Community First merger and related transactions, no restrictions, including any divestiture requirements, termination or other payments or amendments or modifications, would be imposed that would have a material adverse effect on the future results of operations or financial condition of Community First, Simmons or the combined entity or the contemplated benefits of the Community First merger, including the cost savings and related expenses expected to result from the Community First merger.

KBW assumed that the Community First merger would be consummated in a manner that complied with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable federal and state statutes, rules and regulations. KBW further assumed that Community First

relied upon the advice of its counsel, independent accountants and other advisors (other than KBW) as to all legal, financial reporting, tax, accounting and regulatory matters with respect to Community First, Simmons, the Community First merger and any related transaction, and the Community First merger agreement. KBW did not provide advice with respect to any such matters.

KBW's opinion addressed only the fairness, from a financial point of view, as of the date of such opinion, of the Community First exchange ratio in the Community First merger to the holders of Community First common stock. KBW expressed no view or opinion as to any terms or other aspects of the Community First merger or any related transaction, including without limitation, the form or structure of the Community First merger, any

transactions that may be related to the Community First merger, any consequences of the Community First merger to Community First, its shareholders, creditors or otherwise, or any terms, aspects or implications of any voting, support, shareholder or other agreements, arrangements or understandings contemplated or entered into in connection with the Community First merger or otherwise. Further, KBW expressed no view or opinion as to the Delta Trust acquisition, including without limitation any direct or indirect consequence or impact of either the consummation of such acquisition (further to its publicly announced terms (including anticipated timing) or otherwise) or, alternatively, the failure to consummate such acquisition, on Simmons, Community First, the holders of Simmons common stock or Community First common stock, the Community First merger (including any term or aspect thereof) or any related transaction, or the prices, trading range or volume of Simmons common stock. KBW's opinion was necessarily based upon conditions as they existed and could be evaluated on the date of such opinion and the information made available to KBW through such date. Developments subsequent to the date of KBW's opinion may have affected, and may affect, the conclusion reached in KBW's opinion and KBW did not and does not have an obligation to update, revise or reaffirm its opinion. KBW's opinion did not address, and KBW expressed no view or opinion with respect to:

the underlying business decision of Community First to engage in the Community First merger or enter into the Community First merger agreement;

the relative merits of the Community First merger as compared to any strategic alternatives that are, have been or may be available to or contemplated by Community First or the Community First board;

the fairness of the amount or nature of any compensation to any of Community First's officers, directors or employees, or any class of such persons, relative to any compensation to the holders of Community First common stock;

the effect of the Community First merger or any related transaction on, or the fairness of the consideration to be received by, holders of any class of securities of Community First other than the Community First common stock (solely with respect to the Community First exchange ratio in the proposed Community First merger and not relative to the consideration to be received by any other class of securities) or any class of securities of Simmons or any other party to any transaction contemplated by the Community First merger agreement;

the actual value of the Simmons common stock to be issued in the Community First merger;

the prices, trading range or volume at which Simmons common stock would trade following the public announcement of the Community First merger or the consummation of the Community First merger;

whether Simmons has sufficient cash, available lines of credit or other sources of funds to enable it to pay any cash consideration in the Community First merger (as provided in the Community First merger agreement);

any advice or opinions provided by any other advisor to any of the parties to the Community First merger or any other transaction contemplated by the Community First merger agreement; or

any legal, regulatory, accounting, tax or similar matters relating to Community First, Simmons, their respective shareholders, or relating to or arising out of or as a consequence of the Community First merger or any related transaction, including whether or not the Community First merger would qualify as a tax-free reorganization for United States federal income tax purposes.

In performing its analyses, KBW made numerous assumptions with respect to industry performance, general business, economic, market and financial conditions and other matters, which are beyond the control of KBW, Community First and Simmons. Any estimates contained in the analyses performed by KBW are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than suggested by these analyses. Additionally, estimates of the value of businesses or securities do not purport to be appraisals or to reflect the prices at which such businesses or securities might actually be sold. Accordingly, these analyses and estimates are inherently subject to substantial uncertainty. In addition, the KBW opinion was among several factors taken into consideration by the Community First board of directors in making its determination to approve the

Community First merger agreement and the Community First merger. Consequently, the analyses described below should not be viewed as determinative of the decision of the Community First board of directors with respect to the fairness of the Community First exchange ratio. The type and amount of consideration payable in the Community First merger were determined through negotiation between Community First and Simmons and the decision to enter into the Community First merger agreement was solely that of the Community First board.

The following is a summary of the material financial analyses performed by KBW in connection with its opinion. The summary is not a complete description of the financial analyses underlying the opinion or the presentation made by KBW to the Community First board, but summarizes the material analyses performed in connection with such opinion. The preparation of a fairness opinion is a complex analytic process involving various determinations as to appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. Therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. In arriving at its opinion, KBW did not attribute any particular weight to any analysis or factor that it considered, but rather made qualitative judgments as to the significance and relevance of each analysis and factor. The financial analyses summarized below include information presented in tabular format. Accordingly, KBW believes that its analyses and the summary of its analyses must be considered as a whole and that selecting portions of its analyses and factors or focusing on the information presented below in tabular format, without considering all analyses and factors or the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of the process underlying its analyses and opinion. The tables alone do not constitute a complete description of the financial analyses. For purposes of the financial analyses described below, KBW utilized an implied transaction value for the proposed Community First merger of \$657.55 per share of Community First common stock based on the Community First exchange ratio in the Community First merger and the closing price of Simmons common stock on May 5, 2014. In addition to the financial analyses described below, KBW reviewed with the Community First board of directors for informational purposes, among other things, an implied transaction price-to-2015 EPS multiple of 11.4x for the proposed Community First merger using the 2015 EPS estimate for Community First provided to KBW by Simmons management, and an implied transaction price to book value multiple for the proposed Community First merger of 175.8% using the book value per share for Community First as of March 31, 2014, in both cases based on the implied transaction value for the proposed Community First merger of \$657.55 per share of Community First common stock.

Tangible book value per share of the acquired company;

Relative Contribution Analysis. KBW analyzed the relative standalone contribution of Simmons (giving effect to its then-pending acquisition of Delta Trust) and Community First to various pro forma balance sheet and income statement items of the combined entity. This analysis did not include purchase accounting adjustments. To perform this analysis, KBW used (i) estimated balance sheet data for Simmons as of June 30, 2014 provided by Simmons management and balance sheet data for Community First as of March 31, 2014, and (ii) 2015 net income consensus street estimates for Simmons and 2015 net income estimates provided by Community First's management. The results of KBW's analysis are set forth in the following table, which also compares the results of KBW's analysis with the implied pro forma ownership percentages of Simmons and Community First's shareholders in the combined company based on the Community First exchange ratio in the proposed Community First merger:

	Simmons⁽¹⁾ as a % of total	Community First as a % of total
<u>Balance Sheet:</u>		
Assets	71.4%	28.6%
Gross Loans	70.7%	29.3%

(1) Balance sheet items pro forma for Simmons then-pending acquisition of Delta Trust based on data provided by Simmons management as of June 30, 2014 and 2015 net income consensus street estimates for Simmons reflected the pro forma impact of Simmons then-pending acquisition of Delta Trust expected to close in the third quarter of 2014.

Pro Forma Financial Impact Analysis. KBW performed a pro forma financial impact analysis that combined projected income statement and balance sheet information of Simmons (giving effect to its then-pending acquisition of Delta Trust) and Community First. Using closing balance sheet estimates as of December 31, 2014 for Simmons and Community First provided by their respective managements, the 2015 consensus street earnings estimate for Simmons and an assumed long term growth rate based thereon provided by Simmons management, financial forecasts and projections relating to the earnings of Community First provided by Simmons management and pro forma assumptions (including purchase accounting assumptions, cost savings and related expenses) provided by Simmons management, KBW analyzed the potential financial impact of the Community First merger on certain projected financial results. This analysis indicated the Community First merger could be accretive to Simmons 2015 and 2016 estimated EPS and dilutive to Simmons estimated tangible book value per share as of December 31, 2014. Furthermore, the analysis indicated that, pro forma for the proposed Community First merger, Simmons Tangible Equity to Tangible Assets, Tier 1 leverage ratio, Tier 1 Risk-Based Capital Ratio and Total Risk-Based Capital Ratio as of December 31, 2014 could be higher and Simmons Tangible Common Equity to Tangible Assets ratio could be

lower. For all of the above, the actual results achieved by Simmons following the Community First merger may vary from the projected results, and the variations may be material.

Discounted Cash Flow Analysis. KBW performed a discounted cash flow analysis to estimate a range for the implied equity value of Community First. In this analysis, KBW used financial forecasts and projections relating to the earnings and assets of Community First prepared, and provided to KBW, by Community First

Table of Contents

management and assumed discount rates ranging from 11.0% to 16.0%. The ranges of values were derived by adding (i) the present value of the estimated free cash flows that Community First could generate over the period from 2014 to 2018 and (ii) the present value of Community First's implied terminal value at the end of such period. KBW assumed that Community First would maintain a tangible common equity to tangible assets ratio of 8.00% and would retain sufficient earnings to maintain that level based on these assumptions. Any free cash flows in excess of what would need to be retained were assumed to represent dividendable cash flows for Community First. The financial forecasts and projections used by KBW reflected the assumption of Community First management that the redemption of SBLF preferred equity would occur in the first quarter of 2016. In calculating the terminal value of Community First, KBW applied a range of 10.0x to 15.0x estimated 2019 earnings. This discounted cash flow analysis resulted in a range of implied values per share of Community First common stock of approximately \$388.62 per share to \$694.37 per share, as compared to the implied transaction value for the proposed Community First merger of \$657.55 per share of Community First common stock.

The discounted cash flow analysis is a widely used valuation methodology, but the results of such methodology are highly dependent on the assumptions that must be made, including asset and earnings growth rates, terminal values, dividend payout rates, and discount rates. The analysis did not purport to be indicative of the actual values or expected values of Community First.

Miscellaneous. KBW acted as financial advisor to Community First in connection with the proposed Community First merger and did not act as an advisor to or agent of any other person. As part of its investment banking business, KBW is continually engaged in the valuation of bank and bank holding company securities in connection with acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements and valuations for various other purposes. As specialists in the securities of banking companies, KBW has experience in, and knowledge of, the valuation of banking enterprises. In the ordinary course of its business as a broker-dealer, KBW may from time to time purchase securities from, and sell securities to, Community First and Simmons. As a market maker in securities, KBW may from time to time have a long or short position in, and buy or sell, debt or equity securities of Community First or Simmons for its own account and for the accounts of its customers. To the extent KBW had any such position as of the date of KBW's opinion, it was disclosed to Community First.

Pursuant to the KBW engagement agreement, Community First agreed to pay KBW a cash fee currently estimated to be equal to approximately 1.07% of the aggregate merger consideration based on the closing stock price of Simmons common stock on September 10, 2014 (the actual calculation of KBW's fee will depend on the aggregate merger consideration based on the average closing price of Simmons common stock over the ten trading days up to and including the closing date of the Community First merger), \$250,000 of which fee became payable to KBW upon the rendering of the opinion, and the balance of which is contingent upon the consummation of the Community First merger. Community First also has agreed to reimburse KBW for reasonable out-of-pocket expenses and disbursements incurred in connection with its retention and to indemnify KBW against certain liabilities relating to or arising out of KBW's engagement or KBW's role in connection therewith. In addition to this present engagement, during the two years preceding the date of its opinion, KBW provided investment banking and financial advisory services to Community First, but did not receive compensation for such services. During the two years preceding the date of its opinion, KBW provided investment banking and financial advisory services to Simmons and received compensation for such services. KBW served as financial advisor to Simmons in connection with its purchase and assumption of Truman Bank in August 2012. KBW may in the future provide investment banking and financial advisory services to Community First or Simmons and receive compensation for such services.

Certain Simmons Prospective Financial Information Provided to Community First

Simmons management does not as a matter of course make public projections as to future performance or earnings and is especially wary of making projections for extended periods due to the significant unpredictability of the underlying assumptions and estimates. However, through Sterne Agee, its financial advisor, Simmons

provided, among other information, certain assumptions prepared by Simmons management to KBW in its capacity as financial advisor to Community First.

These assumptions reflect numerous estimates and assumptions with respect to industry performance, general business, economic, regulatory, market and financial conditions and other future events, as well as matters specific to Simmons business, all of which are inherently uncertain and difficult to predict and many of which are beyond Simmons control. These assumptions are subjective in many respects and thus are susceptible to multiple interpretations and periodic revisions based on actual experience and business developments. These assumptions may also be affected by Simmons ability to achieve strategic goals, objectives and targets over the applicable periods. As such, these assumptions constitute forward-looking information and are subject to risks and uncertainties, including the various risks set forth in the sections of this joint proxy statement/prospectus entitled Cautionary Statement Concerning Forward-Looking Statements and Risk Factors and in Simmons Annual Report on Form 10-K for the fiscal year ended December 31, 2013 and the other reports filed by Simmons with the SEC. The assumptions cover multiple years and such information by its nature becomes less reliable with each successive year.

The assumptions generally were not prepared with a view toward public disclosure or complying with GAAP, the published guidelines of the SEC regarding projections or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information. Neither Simmons independent registered public accounting firm, nor any other independent accountants, have compiled, examined or performed any procedures with respect to the assumptions included below, nor have they expressed any opinion or any other form of assurance on such information or its achievability, and they assume no responsibility for, and disclaim any association with, the assumptions. Furthermore, the assumptions do not take into account any circumstances or events occurring after the date they were prepared.

You are strongly cautioned not to place undue reliance on the assumptions set forth below. The inclusion of the assumptions in this joint proxy statement/prospectus should not be regarded as an indication that any of Simmons, Community First or their affiliates, advisors or representatives considered or consider the assumptions to be predictive of actual future events, and the assumptions should not be relied upon as such. None of Simmons, Community First or their respective affiliates, advisors, officers, directors or representatives can give any assurance that actual results will not differ from the assumptions, and none of them undertakes any obligation to update or otherwise revise or reconcile the assumptions to reflect circumstances existing after the date such assumptions were generated or to reflect the occurrence of future events even in the event that any or all of the underlying assumptions are shown to be in error. None of Simmons, Community First or their respective affiliates, advisors or representatives makes any representation to any other person regarding the assumptions. The assumptions are not being included in this joint proxy statement/prospectus to influence a shareholder's decision regarding how to vote on any given proposal, but because the assumptions were provided to KBW.

Simmons provided KBW with an estimated 5.0% long-term earnings growth rate for Simmons for beyond 2015. Simmons also provided KBW with estimated cost savings for Metropolitan and Delta Trust of 35% of non-interest expense and for Community First of 20% of non-interest expense.
