Units Offering

Issuer:

Anadarko Petroleum Corporation (**Anadarko**).

Pricing Date:	June 4, 2015.
Settlement Date:	June 10, 2015.
Title of Securities:	7.50% Tangible Equity Units (the Units).
Number of Units Offered:	8,000,000 Units (or 9,200,000 Units if the underwriters of the Units Offering exercise their over-allotment option in full).
Stated Amount:	Each Unit has a stated amount of \$50.
Components of Each Unit:	Each Unit is comprised of two parts: a prepaid equity purchase contract issued by Anadarko (a Purchase Contract); and a senior amortizing note issued by Anadarko (an Amortizing Note), which has an initial principal amount of \$10.9507 per Amortizing Note, bears interest at a rate of 1.50% per annum and has a final installment payment date of June 7, 2018.
Fair Market Value of the Units:	Anadarko has determined that the fair market value of each Purchase Contract is \$39.0493 and the fair market value of each Amortizing Note is \$10.9507.
Reference Price:	\$58.20, which is the public offering price in the WGP Common Unit Offering described above (subject to adjustment as described in the Units Preliminary Prospectus Supplement).
Threshold Appreciation Price:	\$50 <i>divided by</i> the Minimum Settlement Rate (rounded to the nearest \$0.0001), which initially is \$69.8422 and which represents an approximately 20% appreciation over the Reference Price.
Minimum Settlement Rate:	0.7159 WGP Common Units per Purchase Contract (subject to adjustment as described in the Units Preliminary Prospectus Supplement).
Maximum Settlement Rate:	0.8591 WGP Common Units per Purchase Contract (subject to adjustment as described in the Units Preliminary Prospectus Supplement).

Settlement Rate:

The following table illustrates the settlement rate per Purchase Contract and the value of the WGP Common Units deliverable upon settlement on the mandatory settlement date, determined using the applicable market value (each as defined in the Units Preliminary Prospectus Supplement) of WGP Common Units shown, subject to adjustment as described in the Units Preliminary Prospectus Supplement, and assumes that Anadarko does not elect to settle the Purchase Contracts on the mandatory settlement date in shares of Anadarko's common stock, par value \$0.10 per share (**APC Stock**), as described in the Units Preliminary Prospectus Supplement:

Applicable Market Value of WGP Common Units	Settlement Rate	Value of WGP Common Units Delivered (Based on the Applicable Market Value Thereof)
Less than the Reference Price	The Maximum Settlement Rate	Less than \$50
Greater than or equal to the Reference Price but less than or equal to the Threshold Appreciation Price	A number of WGP Common Units equal to \$50, <i>divided by</i> the applicable market value of WGP Common Units	\$50
Greater than the Threshold Appreciation Price	The Minimum Settlement Rate	Greater than \$50

As a result, if, on the mandatory settlement date, the applicable market value of WGP Common Units is greater than or equal to the Threshold Appreciation Price, a holder would receive only approximately 83.33% of the appreciation in market value of the WGP Common Units that such holder would have received had such holder purchased \$50 worth of WGP Common Units at the public offering price in the WGP Common Unit Offering.

Early Settlement Upon a Fundamental Change:

The following table sets forth the fundamental change early settlement rate (as defined in the Units Preliminary Prospectus Supplement) per Purchase Contract for each unit price and effective date (each as defined in the Units Preliminary Prospectus Supplement) set forth below:

	Effective Date			
	June 10,	June 7,	June 7,	June 7,
Unit Price	2015	2016	2017	2018
\$30.00	0.6896	0.7440	0.8025	0.8591
\$40.00	0.6920	0.7408	0.7989	0.8591
\$45.00	0.6884	0.7338	0.7897	0.8591
\$50.00	0.6838	0.7255	0.7771	0.8591
\$55.00	0.6788	0.7168	0.7629	0.8591
\$58.20	0.6758	0.7115	0.7538	0.8591
\$60.00	0.6741	0.7087	0.7487	0.8333
\$65.00	0.6699	0.7014	0.7359	0.7692
\$69.84	0.6665	0.6954	0.7254	0.7159
\$75.00	0.6634	0.6901	0.7163	0.7159
\$85.00	0.6592	0.6828	0.7046	0.7159
\$90.00	0.6577	0.6804	0.7010	0.7159
\$100.00	0.6560	0.6772	0.6969	0.7159
\$125.00	0.6554	0.6751	0.6948	0.7159
\$150.00	0.6569	0.6759	0.6954	0.7159
\$175.00	0.6588	0.6773	0.6963	0.7159

The exact unit price and effective date may not be set forth in the table above, in which case:

if the unit price is between two unit prices in the table or the effective date is between two effective dates in the table, the fundamental change early settlement rate will be determined by straight line interpolation between the fundamental change early settlement rates set forth for the higher and lower unit prices and the earlier and later effective dates, as applicable, based on a 365-day year;

if the unit price is greater than \$175.00 per WGP Common Unit (subject to adjustment in the same manner as the unit prices set forth in the column headings of the table above), then the fundamental change early settlement rate will be the Minimum Settlement Rate; or

if the unit price is less than \$30.00 per WGP Common Unit (subject to adjustment in the same manner as the WGP Common Unit prices set forth in the column headings of the table above, the **Minimum Unit Price**), the fundamental change early settlement rate will be determined as if the unit price equaled the Minimum Unit Price, and using straight line interpolation, as described in the first bullet of this paragraph, if the effective date is between two effective dates in the table.

The maximum number of WGP Common Units deliverable under a Purchase Contract is 0.8591, subject to adjustment at the same time and in the same manner as the fixed settlement rates (as defined in the Units Preliminary Prospectus Supplement) as set forth under Description of the Purchase Contracts Adjustments to the Fixed Settlement Rates in the Units Preliminary Prospectus Supplement.

APC Settlement Election:

Unless an APC delisting (as defined in the Units Preliminary Prospectus Supplement) has occurred and is continuing, Anadarko has the right to elect to settle each Purchase Contract (including in connection with any

early settlement of such Purchase Contract, whether or not in connection with a fundamental change) in shares of APC Stock in lieu of the WGP Common Units that would otherwise be deliverable pursuant to such Purchase Contract, as set forth in the Units Preliminary Prospectus Supplement. In such circumstances, the number of shares of APC Stock that Anadarko will issue and deliver in settlement of a Purchase Contract will generally be calculated by dividing (i) the product of the applicable settlement rate with respect to such Purchase Contract and the average volume weighted average price of WGP Common Units calculated over a 20 consecutive trading day period, by (ii) 98% of the average volume weighted average price of the APC Stock calculated over such period. However, in no event is Anadarko obligated to issue and deliver more than 4.0 shares of APC Stock per Purchase Contract.

Initial Principal Amount of Amortizing Notes:	\$10.9507 per Amortizing Note		
	\$87,605,600 in the aggregate (or \$100,746,440 in the aggregate if the underwriters of the Units Offering exercise their over-allotment option in full).		
Installment Payment Dates:	Each March 7, June 7, September 7 and December 7, commencing on September 7, 2015, with a final installment payment date of June 7, 2018.		
Payments on the Amortizing Notes:	The Amortizing Notes will pay holders equal quarterly cash installments of \$0.9375 per Amortizing Note (except for the September 7, 2015 installment payment, which will be \$0.9063 per Amortizing Note), which in the aggregate will be equivalent to a 7.50% cash payment per year with respect to each \$50 Stated Amount of Units.
