What are Dominion's Core Values?

Much like Questar, Dominion has core values that are at the heart of our business: Safety, Ethics, Excellence, and One Dominion.

Safety: Safety is our highest priority in the workplace and in the community. The work we do can be dangerous. So our first and fundamental goal is to send every employee home safe and sound, every day with zero injuries. That is the only acceptable standard of performance.

Ethics: Integrity, individual responsibility and accountability go hand-in-hand with bottom-line results. We cannot and will not take shortcuts to achieve our goals and fulfill our obligations to stakeholders. Ethical behavior matters and our reputation depends on it.

Excellence: We set high performance standards and are committed to continuous improvement in all areas of our business. The odds of long-term success improve when we go beyond good and strive for great. Our aim is not to be the biggest energy company, just the best.

One Dominion: Teamwork is at the heart of One Dominion. It is a unifying outlook that transcends organizational boundaries and focuses on our shared mission and purpose. We know that strong, sustainable performance depends on how well we support each other in executing our business plan.
