**MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS**  
**OF OPERATIONS AND FINANCIAL CONDITION**

**INTRODUCTION**

Management's discussion and analysis of results of operations and financial condition ( MD&A ) is a supplement to the accompanying consolidated financial statements and provides additional information on Time Warner Cable Inc.'s (together with its subsidiaries, TWC or the Company ) business, any recent developments, financial condition, cash flows and results of operations. MD&A is organized as follows:

*Overview.* This section provides a general description of TWC's business, as well as any recent developments the Company believes are important in understanding the results of operations and financial condition or in understanding anticipated future trends. This section also provides a summary of how the Company's operations are presented in the accompanying consolidated financial statements.

*Results of operations.* This section provides an analysis of the Company's results of operations for the three months ended March 31, 2016. This analysis is presented on both a consolidated and reportable segment basis.

*Financial condition and liquidity.* This section provides an analysis of the Company's financial condition as of March 31, 2016 and cash flows for the three months ended March 31, 2016.

*Caution concerning forward-looking statements.* This section provides a description of the use of forward-looking information appearing in this report, including in MD&A and the consolidated financial statements. Such information is based on management's current expectations about future events, which are subject to uncertainty and changes in circumstances. Refer to the Company's Annual Report on Form 10-K for the year ended December 31, 2015 (the 2015 Form 10-K ) for a discussion of the risk factors applicable to the Company.

**OVERVIEW**

TWC is among the largest providers of video, high-speed data and voice services in the U.S., with technologically advanced, well-clustered cable systems located mainly in five geographic areas—New York State (including New York City), the Carolinas, the Midwest (including Ohio, Kentucky and Wisconsin), Southern California (including Los Angeles) and Texas. TWC's mission is to connect its customers to the world simply, reliably and with superior service. As of March 31, 2016, TWC served approximately 16.1 million residential and business services customers who subscribed to one or more of its video, high-speed data and voice services. During the three months ended March 31, 2016, TWC's revenue increased 7.2% to approximately \$6.2 billion.

**Recent Developments**

*Charter Merger*

On May 23, 2015, TWC entered into an Agreement and Plan of Mergers (the Charter Merger Agreement ) with Charter Communications, Inc. ( Charter ) and certain of its subsidiaries, pursuant to which the parties will engage in a series of transactions (the Charter merger ) that will result in the Company and Charter becoming 100% owned subsidiaries of a new public parent company ( New Charter ), on the terms and subject to the conditions set forth in the Charter Merger Agreement.

Upon the consummation of the Charter merger, each share of TWC common stock (other than treasury shares held by the Company and TWC stock held by the Liberty Parties (as defined below)) will be converted into the right to receive, at the option of each stockholder, either (i) \$100 in cash and shares of New Charter Class A common stock equivalent to 0.5409 shares of Charter Class A common stock ( Charter common stock ) or (ii) \$115 in cash and shares of New Charter Class A common stock equivalent to 0.4562 shares of Charter common stock. Upon the consummation of the Charter merger, subject to certain exceptions, each share of TWC common stock held by Liberty Broadband Corporation or Liberty Interactive Corporation (together, the Liberty Parties ) will convert only into the right to receive shares of New Charter Class A common stock.

On September 21, 2015, the Company s stockholders approved the adoption of the Charter Merger Agreement, and Charter s stockholders approved, among other things, the adoption of the Charter Merger Agreement and the issuance of New Charter Class A common stock to TWC stockholders in the Charter merger. The Charter merger is subject to regulatory approvals and certain other closing conditions.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS**

**OF OPERATIONS AND FINANCIAL CONDITION (Continued)**

***Bright House Networks Transaction***

On May 23, 2015, Charter and Advance/Newhouse Partnership ( A/N ) and certain of their affiliates amended an agreement the parties had signed on March 31, 2015 (the Bright House Networks Agreement ). Under the amended Bright House Networks Agreement, Charter will acquire Bright House Networks, LLC ( Bright House Networks ), subject to, among other conditions, the closing of the Charter merger. Bright House Networks is a 100% owned subsidiary of a partnership ( TWE-A/N ) between A/N and Time Warner Cable Enterprises LLC ( TWCE ), a subsidiary of TWC. The closing of Charter's acquisition of Bright House Networks is expected to occur concurrently with the closing of the Charter merger. However, the closing of the Charter merger is not conditioned on the closing of the Bright House Networks transaction.

In the Charter Merger Agreement, the Company and TWCE agreed to irrevocably and unconditionally waive their right of first offer to acquire the assets of Bright House Networks during the pendency of the Charter merger. This waiver will expire if the Charter Merger Agreement is terminated in accordance with its terms, provided that the Company or any of its Affiliates (as defined in the Charter Merger Agreement) does not, within nine months following such a termination, enter into an agreement or understanding in respect of, or consummate, an alternative acquisition transaction. As discussed further in Financial Statement Presentation Reportable Segments Other Operations Segment, TWC receives a fee from A/N for providing Bright House Networks with high-speed data services and certain management functions, which is included in Other Operations revenue.

**Reportable Segments**

The Company has three reportable segments: Residential Services, Business Services and Other Operations, which have been determined based on how management evaluates and manages the business. For additional information about the components of each of the Company's reportable segments, as well as shared functions, refer to Financial Statement Presentation Reportable Segments, below.

***Residential Services Segment***

TWC offers video, high-speed data and voice services, as well as security and home management services, to residential customers. As of March 31, 2016, the Company served approximately 15.4 million residential services customers and, during the three months ended March 31, 2016, revenue from the provision of residential services increased 5.8% to approximately \$4.9 billion, representing 79.7% of TWC's total revenue.

TWC's video service provides over 300 channels (including, on average, over 200 high-definition ( HD ) channels) and over 30,000 video-on-demand choices, an increasing subset of which consumers can watch on the device of their choosing, both inside and outside the home. TWC's high-speed data service is available in a range of speed (from up to 2 to up to 300 megabits per second ( Mbps ) downstream), price and monthly consumption (unlimited, 30 gigabyte ( GB ) and 5 GB) levels and, for most high-speed data customers, includes access to a nationwide network of nearly 500,000 WiFi hotspots along with communications and Internet security features. TWC's voice service provides

unlimited calling throughout the U.S. and its territories and to Canada, Mexico, China, Hong Kong, India, Norway and the European Union and access to popular features in one simple package. TWC's IntelligentHome service provides residential customers with advanced security and home management technology. The Company expects growth in Residential Services revenue in 2016 driven by an increase in customers and higher revenue per customer.

Residential Services programming costs represent a significant portion of the Company's operating costs and expenses and are expected to continue to increase, reflecting rate increases on existing programming services. TWC expects that its programming costs as a percentage of video revenue will continue to increase, in part due to an increasingly competitive environment.

**Table of Contents**

**TIME WARNER CABLE INC.**

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS  
OF OPERATIONS AND FINANCIAL CONDITION (Continued)**

***Business Services Segment***

TWC offers a wide range of business high-speed data, networking, voice, video, hosting and cloud computing services. As of March 31, 2016, TWC served 765,000 business customers, including small and medium businesses; large enterprises; government, education and non-profit institutions; and telecommunications carriers. TWC offers these services to retail and wholesale businesses using its own network infrastructure and third-party infrastructure as required to meet customer needs.

During the three months ended March 31, 2016, revenue from the provision of business services increased 13.4% to \$886 million, representing 14.3% of TWC's total revenue. The Company expects continued strong growth in Business Services revenue driven by an increase in the number of customers, higher wholesale access, growing product penetration, demand for higher-priced tiers of service and price increases.

***Other Operations Segment***

TWC's Other Operations segment principally consists of (i) Time Warner Cable Media ( TWC Media ), the advertising sales arm of TWC; (ii) the Company's regional sports networks that carry Los Angeles Lakers' basketball games and other sports programming (Time Warner Cable SportsNet and Time Warner Cable Deportes and, collectively, the Lakers' RSNs ); (iii) the Company's local sports, news and lifestyle channels (e.g., Time Warner Cable News NY1); (iv) other operating revenue and costs, including those derived from A/N and home shopping network-related services; and (v) operating revenue and costs associated with SportsNet LA, a regional sports network carrying the Los Angeles Dodgers' baseball games and other sports programming. During the three months ended March 31, 2016, TWC generated revenue from Other Operations of \$440 million.

As discussed further below in Financial Statement Presentation, TWC Media sells its video and online advertising inventory to local, regional and national advertising customers and also sells third-party advertising inventory on behalf of other video distributors, including, among others, Verizon Communications Inc.'s ( Verizon ) FiOS, AT&T Inc.'s ( AT&T ) U-verse and DIRECTV and Charter. Advertising revenue generated by TWC Media is cyclical, benefiting in years that include political elections as a result of political candidate and issue-related advertising.

**Competition**

The operations of each of TWC's reportable segments face intense competition, both from existing competitors and, as a result of the rapid development of new technologies, services and products, from new entrants.

***Residential Services Segment***

TWC faces intense competition for residential customers from a variety of alternative communications, information and entertainment delivery sources across each of its residential services. Some of these competitors offer a broad range of services with features and functions comparable to those provided by TWC and in bundles similar to those

offered by TWC, sometimes including wireless service. Each of TWC's residential services also faces competition from other companies that provide services on a stand-alone basis. TWC's residential video service faces competition from direct broadcast satellite services, and increasingly from companies that deliver content to consumers over the Internet, including in many cases the same networks that supply programming to TWC. TWC's residential high-speed data service faces competition from wireless Internet providers and direct broadcast satellite services. TWC's residential voice service faces competition from wireless voice providers, over-the-top phone services and other communications alternatives.

***Business Services Segment***

TWC faces intense competition as to each of its business services offerings. Its business high-speed data, networking and voice services face competition from a variety of providers, including incumbent local telephone companies. TWC's cell tower backhaul service also faces competition from traditional telephone companies as well as other telecommunications carriers, such as metro and regional fiber-based carriers. TWC's business video service faces competition from direct broadcast satellite providers. TWC also competes with cloud, hosting and related service providers and application-service providers.

---

**Table of Contents**

**TIME WARNER CABLE INC.**

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS  
OF OPERATIONS AND FINANCIAL CONDITION (Continued)**

***Other Operations Segment***

TWC faces intense competition for advertising revenue across many different platforms and from a wide range of local and national competitors. Advertising competition has increased and will likely continue to increase as new formats seek to attract the same advertisers. TWC competes for advertising revenue against, among others, local broadcast stations, national cable and broadcast networks, radio stations, print media and online advertising companies and content providers.

**Financial Statement Presentation**

***Consolidated***

***Revenue.*** The Company generates revenue from each of its reportable segments: Residential Services, Business Services and Other Operations, each of which is discussed below under Reportable Segments.

***Operating costs and expenses***

***Programming and content.*** Programming and content costs include (i) programming costs for the Residential Services and Business Services segments and (ii) content costs, which include (a) the content acquisition costs associated with the Lakers RSNs and SportsNet LA and (b) other content production costs for the Lakers RSNs, SportsNet LA and the Company's local sports, news and lifestyle channels. Content acquisition costs for the Los Angeles Lakers basketball games and Los Angeles Dodgers baseball games are recorded as games are exhibited over the applicable season.

***Sales and marketing.*** Sales and marketing costs consist of the costs incurred at the Residential Services, Business Services and Other Operations segments to sell and market the Company's services. Costs primarily include employee-related and third-party marketing costs (e.g., television, online, print and radio advertising). Employee-related costs primarily include costs associated with retail centers and activities related to direct sales, in-bound sales and retention sales.

***Technical operations.*** Technical operations costs consist of the costs incurred at the Residential Services, Business Services and Other Operations segments associated with the installation, repair and maintenance of the Company's distribution plant. Costs primarily include employee-related costs and materials costs associated with non-capitalizable activities.

***Customer care.*** Customer care costs consist of the costs incurred at the Residential Services and Business Services segments associated with the Company's customer service activities. Costs primarily include employee-related costs and outsourced customer care costs.

***Other operating.*** Other operating costs consist of all other operating costs incurred at the Residential Services, Business Services and Other Operations segments that are not specifically identified above, including Residential

Services and Business Services video franchise and other fees. Other operating costs also include operating costs associated with broad corporate functions (e.g., accounting and finance, information technology, executive management, legal and human resources). In addition, other operating costs include functions supporting more than one reportable segment that are centrally managed, including costs associated with facilities (e.g., rent, property taxes and utilities), network operations (e.g., employee costs associated with central engineering activities), vehicles and procurement.

***Reportable Segments***

The Company's segment results include intercompany transactions related to programming provided to the Residential Services and Business Services segments by the Lakers RSNs, SportsNet LA and the Company's local sports, news and lifestyle channels. These services are reflected as programming expense for the Residential Services and Business Services segments and as revenue for the Other Operations segment and are eliminated in consolidation. Additionally, the operating costs described above that are associated with broad corporate functions or functions supporting more than one reportable segment are recorded as shared functions and are not allocated to the reportable segments. As such, the reportable segment results reflect how management views such segments in assessing financial performance and allocating resources and are not necessarily indicative of the results of operations that each segment would have achieved had they operated as stand-alone entities during the periods presented.

control of segment management.

*Business Services Segment*

*Revenue.* Business Services segment revenue consists of revenue from video, high-speed data, voice, wholesale transport and other services offered to business customers. The Company sells video, high-speed data and voice services to business subscribers separately and in bundled packages, and the revenue is allocated to each product in a pro-rata manner based on the standalone selling price of each of the respective services.

*Video.* Video revenue includes the same fee categories received from business video subscribers as described above under Residential Services video revenue.

*High-speed data.* High-speed data revenue primarily includes subscriber fees for the Company's high-speed data services and related installation charges. High-speed data revenue also includes amounts generated by the sale of commercial networking and point-to-point transport services, such as Metro Ethernet services.

*Voice.* Voice revenue includes subscriber fees for the Company's voice services, along with related installation charges, as well as fees collected on behalf of governmental authorities.

**Table of Contents**

**TIME WARNER CABLE INC.**

**MANAGEMENT S DISCUSSION AND ANALYSIS OF RESULTS**

**OF OPERATIONS AND FINANCIAL CONDITION (Continued)**

*Wholesale transport.* Wholesale transport revenue primarily includes amounts generated by the sale of point-to-point transport services offered to wireless telephone providers (i.e., cell tower backhaul) and other telecommunications carriers.

*Other.* Other revenue primarily includes revenue from enterprise-class, cloud-enabled hosting, managed applications and services and other business subscriber-related fees.

*Operating costs and expenses.* Business Services segment operating costs and expenses include the operating costs and expenses that management believes are necessary to assess the performance of and allocate resources to the Business Services segment. Such costs are consistent with the operating costs and expense categories described above under Residential Services operating costs and expenses. Operating costs and expenses exclude costs and expenses related to corporate functions and functions supporting more than one reportable segment that are centrally managed (e.g., facilities, network operations, vehicles and procurement) and are not within the control of segment management.

*Other Operations Segment*

Revenue

*Advertising.* Advertising revenue is generated through TWC Media s sale of video and online advertising inventory to local, regional and national advertising customers. The Company derives most of its advertising revenue from the sale of advertising inventory on cable networks owned by third parties. The rights to such advertising inventory are acquired by the Company in connection with its agreements to carry such networks or obtained through contractual agreements to sell advertising inventory on behalf of other video distributors (including, among others, Verizon s FiOS, AT&T s U-verse and DIRECTV and Charter). The Company also generates advertising revenue from the sale of inventory on the Lakers RSNs, SportsNet LA and the Company s local sports, news and lifestyle channels (e.g., Time Warner Cable News NY1).

*Other.* Other revenue primarily includes (i) fees received from distributors of the Lakers RSNs and SportsNet LA; (ii) fees paid to TWC by A/N for (a) the ability to distribute the Company s high-speed data service and (b) TWC s management of certain functions, including, among others, the acquisition of programming rights, as well as the provision of certain functions, including engineering; and (iii) home shopping network-related revenue (including commissions earned on the sale of merchandise and carriage fees). Other revenue also includes intercompany revenue from the Residential Services and Business Services segments for programming provided by the Lakers RSNs, SportsNet LA and the Company s local sports, news and lifestyle channels.

*Operating costs and expenses.* Other operating costs and expenses primarily include operating costs associated with TWC Media, the Lakers RSNs, SportsNet LA and the Company s local sports, news and lifestyle channels.

*Shared Functions*

Operating costs and expenses. Shared functions operating costs and expenses consist of costs associated with broad corporate functions (e.g., accounting and finance, information technology, executive management, legal and human resources) or functions supporting more than one reportable segment that are centrally managed (e.g., facilities, network operations, vehicles and procurement) as well as other activities not attributable to a reportable segment.

Merger-related and restructuring costs. All merger-related and restructuring costs incurred by the Company are recorded as shared functions.

***Use of Operating Income before Depreciation and Amortization***

In discussing its segment performance, the Company may use certain measures that are not calculated and presented in accordance with U.S. generally accepted accounting principles ( GAAP ). These measures include Operating Income before Depreciation and Amortization ( OIBDA ), which the Company defines as Operating Income before depreciation of tangible assets and amortization of intangible assets. For additional information regarding the use of segment OIBDA, see Note 9 to the accompanying consolidated financial statements.

**Table of Contents**

**TIME WARNER CABLE INC.**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS**  
**OF OPERATIONS AND FINANCIAL CONDITION (Continued)**

**Recent Accounting Standards**

See Note 2 to the accompanying consolidated financial statements for accounting standards adopted in 2016 and recently issued accounting standards not yet adopted.

**RESULTS OF OPERATIONS**

**Three Months Ended March 31, 2016 Compared to Three Months Ended March 31, 2015**

The following discussion provides an analysis of the Company's results of operations and should be read in conjunction with the accompanying consolidated statement of operations, as well as the consolidated financial statements and notes thereto and MD&A included in the 2015 Form 10-K.

**Consolidated Results**

The consolidated financial results for the Company for the three months ended March 31, 2016 and 2015 were as follows (in millions):

	<b>Three Months Ended March 31,</b>		
	<b>2016</b>	<b>2015</b>	<b>% Change</b>
<b>Revenue:</b>			
Residential services	\$ 4,934	\$ 4,662	5.8%
Business services	886	781	13.4%
Other	371	334	11.1%
<b>Total revenue</b>	<b>6,191</b>	<b>5,777</b>	<b>7.2%</b>
<b>Costs and expenses:</b>			
Programming and content	1,551	1,419	9.3%

Technical operations <sup>(a)</sup>	426	399	6.8%
Customer care <sup>(a)</sup>	238	226	5.3%
Other operating <sup>(a)</sup>	1,204	1,178	2.2%
Depreciation	940	852	10.3%
Amortization	34	34	
Merger-related and restructuring costs	40	26	53.8%
<b>Total costs and expenses</b>	<b>5,046</b>	<b>4,693</b>	<b>7.5%</b>

**Table of Contents**

**TIME WARNER CABLE INC.**

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS**

**OF OPERATIONS AND FINANCIAL CONDITION (Continued)**

***Costs and expenses***

*Operating costs and expenses.* The increase in operating costs and expenses for the three months ended March 31, 2016 was primarily due to increases in programming and employee costs, partially offset by a decline in bad debt expense. The increase in employee costs reflects the Company's continued investments in sales and marketing, technical operations and customer care initiatives, as well as a \$26 million increase in employee medical costs (as a result of prior year changes in estimates of previously established employee medical accruals, partially offset by lower claims activity). Operating costs and expenses by segment are discussed in greater detail below in **Segment Results**.

*Depreciation.* Depreciation increased primarily due to the continued investment in customer premise equipment and scalable infrastructure.

*Merger-related and restructuring costs.* Merger-related costs for the three months ended March 31, 2016 were as follows (in millions):

	<b>Three Months Ended March 31,</b>	
	<b>2016</b>	<b>2015</b>
Charter merger:		
Employee retention costs	\$ 32	\$
Advisory and legal fees	3	
Comcast merger:		
Employee retention costs		14
Advisory and legal fees		10
Merger-related costs	\$ 35	\$ 24

The Company expects to incur additional merger-related costs in connection with the Charter merger through the closing of the merger.

The Company incurred restructuring costs of \$5 million and \$2 million for the three months ended March 31, 2016 and 2015, respectively, primarily related to employee terminations and other exit costs. The Company expects to incur additional restructuring costs in 2016.

***Operating Income.*** Operating Income increased primarily due to growth in revenue, partially offset by higher operating costs and expenses, depreciation and merger-related and restructuring costs, as discussed above.

**Interest expense, net.** Interest expense, net, increased slightly due to higher average interest rates, partially offset by lower average debt outstanding during the three months ended March 31, 2016 compared to 2015.

**Other income, net.** Other income, net, detail is shown in the table below (in millions):

	<b>Three Months Ended March 31,</b>	
	<b>2016</b>	<b>2015</b>
Income from equity-method investments, net	\$ 10	\$ 10
Other	1	
Other income, net	\$ 11	\$ 10

**Income tax provision.** For the three months ended March 31, 2016 and 2015, the Company recorded income tax provisions of \$312 million and \$288 million, respectively. The effective tax rates were 38.7% and 38.6% for the three months ended March 31, 2016 and 2015, respectively.

Table of Contents**TIME WARNER CABLE INC.**

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS  
OF OPERATIONS AND FINANCIAL CONDITION (Continued)**

Selected residential subscriber-related statistics as of March 31, 2016 and 2015 were as follows (in thousands):

	March 31,		% Change
	2016	2015	
Video <sup>(a)</sup>	10,842	10,819	0.2%
High-speed data <sup>(b)</sup>	12,989	11,990	8.3%
Voice <sup>(c)</sup>	6,498	5,604	16.0%
Single play <sup>(d)</sup>	5,868	5,673	3.4%
Double play <sup>(e)</sup>	4,030	4,389	(8.2%)
Triple play <sup>(f)</sup>	5,467	4,654	17.5%
Customer relationships <sup>(g)</sup>	15,365	14,716	4.4%

- (a) Video subscriber numbers reflect billable subscribers who purchase at least the basic service video programming tier. The determination of whether a video subscriber is categorized as residential or business is based on the type of subscriber purchasing the service.
- (b) High-speed data subscriber numbers reflect billable subscribers who purchase any of the high-speed data services offered by TWC. The determination of whether a high-speed data subscriber is categorized as residential or business is generally based upon the type of service provided to that subscriber.
- (c) Voice subscriber numbers reflect billable subscribers who purchase an IP-based telephony service. The determination of whether a voice subscriber is categorized as residential or business is generally based upon the type of service provided to that subscriber.
- (d) Single play subscriber numbers reflect customers who subscribe to one of the Company's video, high-speed data and voice services.
- (e) Double play subscriber numbers reflect customers who subscribe to two of the Company's video, high-speed data and voice services.
- (f) Triple play subscriber numbers reflect customers who subscribe to all three of the Company's video, high-speed data and voice services.
- (g) Customer relationships represent the number of subscribers who purchase at least one of the Company's video, high-speed data and voice services. For example, a subscriber who purchases only high-speed data service and no video service will count as one customer relationship, and a subscriber who purchases both video and high-speed data services will also count as only one customer relationship.

*Revenue.* Residential Services segment revenue increased due to increases in video, high-speed data and voice revenue, each of which is discussed further below.

Average monthly revenue per unit for the Residential Services segment for the three months ended March 31, 2016 and 2015 was as follows:

	<b>Three Months Ended March 31,</b>		
	<b>2016</b>	<b>2015</b>	<b>% Change</b>
Video <sup>(a)</sup>	\$ 77.25	\$ 76.26	1.3%
High-speed data <sup>(b)</sup>	49.32	47.82	3.1%
Voice <sup>(c)</sup>	26.23	29.00	(9.6%)
Customer relationship <sup>(d)</sup>	107.96	106.46	1.4%

(a) Average monthly residential video revenue per unit represents residential video revenue divided by the corresponding average residential video subscribers for the period.

(b) Average monthly residential high-speed data revenue per unit represents residential high-speed data revenue divided by the corresponding average residential high-speed data subscribers for the period.

(c) Average monthly residential voice revenue per unit represents residential voice revenue divided by the corresponding average residential voice subscribers for the period.

(d) Average monthly residential revenue per residential customer relationship represents residential services revenue divided by the corresponding average residential customer relationships for the period.

**TIME WARNER CABLE INC.**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS**  
**OF OPERATIONS AND FINANCIAL CONDITION (Continued)**

The major components of residential video revenue for the three months ended March 31, 2016 and 2015 were as follows (in millions):

	<b>Three Months Ended March 31,</b>		<b>% Change</b>
	<b>2016</b>	<b>2015</b>	
Programming tiers <sup>(a)</sup>	\$ 1,581	\$ 1,587	(0.4%)
Premium networks	217	209	3.8%
Transactional video-on-demand	51	61	(16.4%)
Video equipment rental and installation charges	394	343	14.9%
DVR service	148	155	(4.5%)
Franchise and other fees <sup>(b)</sup>	117	114	2.6%
<b>Total</b>	<b>\$ 2,508</b>	<b>\$ 2,469</b>	<b>1.6%</b>

(a) Programming tier revenue includes subscriber fees for the Company's various tiers or packages of video programming services generally distinguished from one another by the number and type of programming networks they include.

(b) Franchise and other fees include fees collected on behalf of franchising authorities and the FCC.

The increase in residential video revenue was due to an increase in average revenue per subscriber and growth in video subscribers. The increase in average revenue per subscriber was primarily the result of growth in video equipment rental and premium network revenue, partially offset by lower transactional video-on-demand, programming tier and DVR service revenue.

Residential high-speed data revenue increased due to growth in high-speed data subscribers and an increase in average revenue per subscriber. The increase in average revenue per subscriber was primarily due to increases in prices and equipment rental charges.

The increase in residential voice revenue was due to growth in voice subscribers, partially offset by a decrease in average revenue per subscriber.

*Operating costs and expenses.* Operating costs and expenses increased primarily due to higher programming, sales and marketing and technical operations costs, partially offset by a decrease in other operating costs.

Selected Residential Services average monthly costs per subscriber for the three months ended March 31, 2016 and 2015 were as follows:

Table of Contents

**TIME WARNER CABLE INC.**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS**  
**OF OPERATIONS AND FINANCIAL CONDITION (Continued)**

Other operating costs decreased primarily due to lower bad debt expense, partially offset by increases in a number of other categories.

*OIBDA*. OIBDA increased due to the increase in revenue, partially offset by higher operating costs and expenses, as discussed above.

*Business Services*. The financial results of the Business Services segment for the three months ended March 31, 2016 and 2015 were as follows (in millions):

	<b>Three Months Ended March 31,</b>		<b>% Change</b>
	<b>2016</b>	<b>2015</b>	
Revenue:			
Video	\$ 100	\$ 94	6.4%
High-speed data	447	376	18.9%
Voice	161	142	13.4%
Wholesale transport	130	121	7.4%
Other	48	48	
<b>Total revenue</b>	<b>886</b>	<b>781</b>	<b>13.4%</b>
Operating costs and expenses:			
Programming	50	43	16.3%
Sales and marketing <sup>(a)</sup>	161	137	17.5%
Technical operations <sup>(a)</sup>	38	30	26.7%
Customer care <sup>(a)</sup>	40	37	8.1%
Video franchise and other fees <sup>(b)</sup>	5	4	25.0%
Other <sup>(a)</sup>	56	51	9.8%
<b>Total operating costs and expenses</b>	<b>350</b>	<b>302</b>	<b>15.9%</b>
OIBDA	\$ 536	\$ 479	11.9%

<sup>(a)</sup> Amounts include total employee costs, as follows  
(in millions):

	<b>Three Months Ended March 31,</b>			
	<b>2016</b>		<b>2015</b>	<b>% Change</b>
Employee costs	\$ 202	\$	176	14.8%

(b) Video franchise and other fees include fees collected on behalf of franchising authorities and the FCC.

**Table of Contents**

**TIME WARNER CABLE INC.**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS**  
**OF OPERATIONS AND FINANCIAL CONDITION (Continued)**

Selected business subscriber-related statistics as of March 31, 2016 and 2015 were as follows (in thousands):

	March 31,		% Change
	2016	2015	
Video <sup>(a)</sup>	214	206	3.9%
High-speed data <sup>(b)</sup>	651	591	10.2%
Voice <sup>(c)</sup>	386	334	15.6%
Single play <sup>(d)</sup>	366	349	4.9%
Double play <sup>(e)</sup>	312	274	13.9%
Triple play <sup>(f)</sup>	87	78	11.5%
Customer relationships <sup>(g)</sup>	765	701	9.1%

- (a) Video subscriber numbers reflect billable subscribers who purchase at least the basic service video programming tier. The determination of whether a video subscriber is categorized as residential or business is based on the type of subscriber purchasing the service.
- (b) High-speed data subscriber numbers reflect billable subscribers who purchase any of the high-speed data services offered by TWC. The determination of whether a high-speed data subscriber is categorized as residential or business is generally based upon the type of service provided to that subscriber.
- (c) Voice subscriber numbers reflect billable subscribers who purchase an IP-based telephony service. The determination of whether a voice subscriber is categorized as residential or business is generally based upon the type of service provided to that subscriber.
- (d) Single play subscriber numbers reflect customers who subscribe to one of the Company's video, high-speed data and voice services.
- (e) Double play subscriber numbers reflect customers who subscribe to two of the Company's video, high-speed data and voice services.
- (f) Triple play subscriber numbers reflect customers who subscribe to all three of the Company's video, high-speed data and voice services.
- (g) Customer relationships represent the number of subscribers who purchase at least one of the Company's video, high-speed data and voice services. For example, a subscriber who purchases only high-speed data service and no video service will count as one customer relationship, and a subscriber who purchases both video and high-speed data services will also count as only one customer relationship. Customers who purchase wholesale transport or cloud services but do not purchase one of the Company's video, high-speed data or voice services are not included in the Company's subscriber results.

*Revenue.* Business services revenue increased primarily due to growth in high-speed data and voice subscribers and higher wholesale transport revenue.

*Operating costs and expenses.* Operating costs and expenses increased primarily as a result of increased headcount and higher compensation costs per employee, as well as growth in programming, voice and marketing costs.

*OIBDA.* OIBDA increased due to the increase in revenue, partially offset by higher operating costs and expenses, as discussed above.

*Other Operations.* The financial results of the Other Operations segment for the three months ended March 31, 2016 and 2015 were as follows (in millions):

	<b>Three Months Ended March 31,</b>		
	<b>2016</b>	<b>2015</b>	<b>% Change</b>
<b>Revenue:</b>			
Advertising	\$ 244	\$ 230	6.1%
Other	196	168	16.7%
Total revenue	440	398	10.6%
Operating costs and expenses <sup>(a)</sup>	247	235	5.1%
OIBDA	\$ 193	\$ 163	18.4%

(a) Amounts include total employee costs, as follows  
(in millions):

	<b>Three Months Ended March 31,</b>		
	<b>2016</b>	<b>2015</b>	<b>% Change</b>
Employee costs	\$ 87	\$ 85	2.4%

*Revenue.* Advertising revenue increased primarily due to higher political advertising revenue, which was \$11 million for the three months ended March 31, 2016 compared to \$2 million for the three months ended March 31, 2015. The Company expects advertising revenue in 2016 to increase compared to 2015 due primarily to a cyclical increase in political advertising revenue.

**Table of Contents**

**TIME WARNER CABLE INC.**

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS**

**OF OPERATIONS AND FINANCIAL CONDITION (Continued)**

Other revenue increased primarily due to the recognition of approximately \$20 million of revenue associated with the settlement of a contractual dispute, as well as an increase in affiliate fees from the Residential Services segment and other distributors of the Lakers RSNs and SportsNet LA. The Company continues to seek additional distribution agreements for the carriage of SportsNet LA by major distributors.

*Operating costs and expenses.* Operating costs and expenses increased primarily as a result of higher costs associated with advertising inventory sold on behalf of other video distributors and an increase in content costs associated with the Lakers RSNs.

*OIBDA.* OIBDA increased due to an increase in revenue, partially offset by an increase in operating costs and expenses, as discussed above.

*Shared Functions.* Costs and expenses associated with the Company's shared functions, which consist of operating costs associated with broad corporate functions (e.g., accounting and finance, information technology, executive management, legal and human resources) or functions supporting more than one reportable segment that are centrally managed (e.g., facilities, network operations, vehicles and procurement) as well as other activities not directly attributable to a reportable segment, for the three months ended March 31, 2016 and 2015 were as follows (in millions):

	Three Months Ended March 31,				
	2016	2015			% Change
Operating costs and expenses <sup>(a)</sup>	\$ 763	\$ 727			5.0%
Merger-related and restructuring costs	40	26			53.8%
Total costs and expenses	\$ 803	\$ 753			6.6%

(a) Amounts include total employee costs, as follows (in millions):

	Three Months Ended March 31,				
	2016	2015			% Change
Employee costs	\$ 362	\$ 334			8.4%

*Operating costs and expenses.* Operating costs and expenses increased primarily due to higher compensation costs per employee and an increase in insurance expense, partially offset by lower costs as a result of operating efficiencies.

*Merger-related and restructuring costs.* Refer to Consolidated Results Costs and expenses Merger-related and restructuring costs for detail of merger-related and restructuring costs for the three months ended March 31, 2016 and 2015. The Company expects to incur additional merger-related costs in connection with the Charter merger through the closing of the merger, as well as additional restructuring costs in 2016.

## FINANCIAL CONDITION AND LIQUIDITY

Management believes that cash generated by or available to TWC should be sufficient to fund its capital and liquidity needs for the next twelve months and for the foreseeable future thereafter, including quarterly dividend payments and maturities of long-term debt. TWC's sources of cash include cash and equivalents on hand, cash provided by operating activities and borrowing capacity under the Company's \$3.5 billion senior unsecured five-year revolving credit facility (the Revolving Credit Facility) and the Company's \$2.5 billion unsecured commercial paper program (which is supported by unused committed capacity under the Revolving Credit Facility), as well as access to capital markets.

In accordance with the Company's investment policy of diversifying its investments and limiting the amount of its investments in a single entity or fund, the Company may invest its cash and equivalents in a combination of money market and government funds and U.S. Treasury securities, as well as other similar instruments.

TWC's unused committed financial capacity was \$4.734 billion as of March 31, 2016, reflecting \$1.297 billion of cash and equivalents and \$3.437 billion of available borrowing capacity under the Revolving Credit Facility.

Upgrades/rebuilds <sup>(d)</sup>	60	38
Support capital <sup>(e)</sup>	193	185
Total capital expenditures	\$ 1,318	\$ 1,134

- (a) Amounts represent costs incurred in the purchase and installation of equipment that resides at a customer's home or business for the purpose of receiving/sending video, high-speed data and/or voice signals. Such equipment includes set-top boxes, remote controls, high-speed data modems (including wireless), telephone modems and the costs of installing such new equipment. Customer premise equipment also includes materials and labor costs incurred to install the drop cable that connects a customer's dwelling or business to the closest point of the main distribution network.
- (b) Amounts represent costs incurred in the purchase and installation of equipment that controls signal reception, processing and transmission throughout TWC's distribution network, as well as controls and communicates with the equipment residing at a customer's home or business. Also included in scalable infrastructure is certain equipment necessary for content aggregation and distribution (video-on-demand equipment) and equipment necessary to provide certain video, high-speed data and voice service features (voicemail, email, etc.).
- (c) Amounts represent costs incurred to extend TWC's distribution network into a geographic area previously not served. These costs typically include network design, the purchase and installation of fiber optic and coaxial cable and certain electronic equipment.
- (d) Amounts primarily represent costs incurred to upgrade or replace certain existing components or an entire geographic area of TWC's distribution network. These costs typically include network design, the purchase and installation of fiber optic and coaxial cable and certain electronic equipment.
- (e) Amounts represent all other capital purchases required to run day-to-day operations. These costs typically include vehicles, land and buildings, computer hardware/software, office equipment, furniture and fixtures, tools and test equipment. Amounts include capitalized software costs of \$114 million and \$102 million for the three months ended March 31, 2016 and 2015, respectively.

**CAUTION CONCERNING FORWARD-LOOKING STATEMENTS**

This document contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, particularly statements anticipating future growth in revenue, Operating Income, cash provided by operating activities and other financial measures. Words such as anticipates, estimates, expects, projects, intends, plans, believes and words and terms of similar substance used in connection with any discussion of future operating or financial performance identify forward-looking statements. These forward-looking statements are included throughout this report and are based on management's current expectations and beliefs about future events. As with any projection or forecast, they are subject to uncertainty and changes in circumstances.

The Company operates in a highly competitive, consumer and technology driven and rapidly changing business that is affected by government regulation and economic, strategic, political and social conditions. Various factors could adversely affect the operations, business or financial results of TWC in the future and cause TWC's actual results to differ materially from those contained in the forward-looking statements, including those factors discussed in detail in Item 1A, Risk Factors, in the 2015 Form 10-K, and in TWC's other filings made from time to time with the Securities and Exchange Commission (the SEC) after the date of this report. In addition, important factors that could cause the Company's actual results to differ materially from those in its forward-looking statements include:

increased competition from existing and new providers of video, data and voice services;

the Company's continued ability to exploit new and existing technologies that appeal to residential and business services customers and advertisers;

changes in the regulatory and tax environments in which the Company operates, including, among others, regulation of broadband Internet services, including under net neutrality rules recently adopted by the FCC, regulation of business data services and cable equipment, and changes in federal, state and local taxation;

increased difficulty negotiating programming and retransmission agreements on favorable terms, resulting in increased costs to the Company and/or the loss of popular programming; and

changes or delays in, or impediments to executing on, the Company's plans, initiatives and strategies, including the proposed Charter merger.

Any forward-looking statements made by the Company in this document speak only as of the date on which they are made. The Company is under no obligation to, and expressly disclaims any obligation to, update or alter its

forward-looking statements whether as a result of changes in circumstances, new information, subsequent events or otherwise.

**TIME WARNER CABLE INC.**

**ITEM 4. CONTROLS AND PROCEDURES**

**Item 4. Controls and Procedures.**

**Evaluation of Disclosure Controls and Procedures**

The Company, under the supervision and with the participation of its management, including the Chief Executive Officer and Acting Co-Chief Financial Officers, evaluated the effectiveness of the design and operation of the Company's disclosure controls and procedures (as such term is defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and the Acting Co-Chief Financial Officers concluded that the Company's disclosure controls and procedures are effective to ensure that information required to be disclosed in reports filed or submitted by the Company under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and that information required to be disclosed by the Company is accumulated and communicated to the Company's management to allow timely decisions regarding the required disclosure.

**Changes in Internal Control Over Financial Reporting**

There have not been any changes in the Company's internal control over financial reporting during the quarter ended March 31, 2016 that have materially affected, or are reasonably likely to materially affect, its internal control over financial reporting.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

(Unaudited)

***Leasing Arrangements***

In February 2016, the FASB issued authoritative guidance for the purpose of increasing transparency and comparability among organizations of accounting for leasing arrangements. This guidance establishes a right-of-use model that requires a lessee to record a right-of-use asset and a lease liability on the balance sheet for all leases with terms longer than twelve months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. Entities will be required to recognize and measure leases as of the earliest period presented using a modified retrospective approach. This guidance will be effective for TWC on January 1, 2019 and the Company is currently assessing the impact of this guidance on its consolidated financial statements.

***Recognition and Measurement of Financial Assets and Liabilities***

In January 2016, the FASB issued authoritative guidance for the purpose of improving certain aspects of the recognition, measurement, presentation and disclosure of financial instruments. Among other things, this guidance requires public entities to measure equity investments (except those accounted for under the equity method of accounting or those that result in consolidation of the investee) at fair value with changes in fair value recognized in net income and to perform a qualitative assessment to identify impairment for equity investments without readily determinable fair values. Entities will be required to apply this guidance by means of a cumulative-effect adjustment to the balance sheet as of the beginning of the fiscal year of adoption and, for the guidance related to equity securities without readily determinable fair values, entities are required to apply a prospective approach to equity investments that exist as of the date of adoption. This guidance will be effective for TWC on January 1, 2018 and is not expected to have a material impact on the Company's consolidated financial statements.

***Revenue from Contracts with Customers***

In May 2014, the FASB issued authoritative guidance that outlines a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers and supersedes most of the recent current revenue recognition guidance, including industry-specific guidance. The core principle of the revenue model is that an entity recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance also specifies the accounting for certain incremental costs of obtaining a contract and costs to fulfill a contract with a customer. In March 2016, the FASB amended this guidance to clarify the implementation guidance regarding principal versus agent considerations. Entities will have the option of applying either a full retrospective approach to all periods presented or a modified approach that reflects differences prior to the date of adoption as an adjustment to equity. In July 2015, the FASB deferred the effective date of this guidance by one year. As such, this guidance will be effective for TWC on January 1, 2018 and the Company is currently assessing the impact of this guidance on its consolidated financial statements.

**3. EARNINGS PER SHARE**

Basic net income per common share attributable to TWC common shareholders is determined using the two-class method and is computed by dividing net income attributable to TWC common shareholders by the weighted average of common shares outstanding during the period. The two-class method is an earnings allocation formula that determines income per share for each class of common stock and participating security according to dividends declared and participation rights in undistributed earnings. Diluted net income per common share attributable to TWC common shareholders reflects the more dilutive earnings per share amount calculated using the treasury stock method or the two-class method.

**Table of Contents****TIME WARNER CABLE INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

(Unaudited)

Set forth below is a reconciliation of net income attributable to TWC common shareholders per basic and diluted common share (in millions, except per share data):

	<b>Three Months Ended March 31,</b>	
	<b>2016</b>	<b>2015</b>
Net income attributable to TWC common shareholders	\$ 491	\$ 450
Net income allocated to participating securities <sup>(a)</sup>	3	8
Net income attributable to TWC shareholders	\$ 494	\$ 458
Weighted-average basic common shares outstanding	283.8	281.5
Dilutive effect of nonparticipating equity awards	0.7	1.1
Dilutive effect of participating equity awards <sup>(a)</sup>	2.4	2.3
Weighted-average diluted common shares outstanding	286.9	284.9
Net income per common share attributable to TWC common shareholders:		
Basic	\$ 1.73	\$ 1.60
Diluted	\$ 1.72	\$ 1.59

<sup>(a)</sup> Restricted stock units granted to employees and non-employee directors are considered participating securities with respect to regular quarterly cash dividends.

#### 4. DERIVATIVE FINANCIAL INSTRUMENTS AND FAIR VALUE MEASUREMENTS

##### Assets and Liabilities Measured at Fair Value on a Recurring Basis

The fair values of assets and liabilities associated with derivative financial instruments recorded in the consolidated balance sheet as of March 31, 2016 and December 31, 2015 consisted of the following (in millions):

	Assets		Liabilities	
	March 31, 2016	December 31, 2015	March 31, 2016	December 31, 2015
Interest rate swaps <sup>(a)(b)</sup>	\$ 98	\$ 69	\$	\$ 7
Cross-currency swaps <sup>(a)(c)</sup>	50	90	129	80
<b>Total</b>	\$ 148	\$ 159	\$ 129	\$ 87

- (a) Interest rate swap and cross-currency swap contracts with multiple counterparties are subject to contractual terms that provide for the net settlement of all such contracts with each counterparty, including cash collateral received or paid, through a single payment in the event of default on or termination of any one contract by either party. The fair values of the assets and liabilities associated with interest rate swaps and cross-currency swaps are presented on a gross basis in the consolidated balance sheet and are classified as current or noncurrent based on the maturity date of the respective contract.
- (b) The fair values of assets and liabilities associated with interest rate swaps are recorded in other assets and other liabilities, respectively, in the consolidated balance sheet.
- (c) The fair values of assets and liabilities associated with cross-currency swaps are recorded in other assets and other liabilities, respectively, in the consolidated balance sheet.

[Table of Contents](#)**TIME WARNER CABLE INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

(Unaudited)

***Fair Value Hedges***

The Company uses interest rate swaps to manage interest rate risk by effectively converting fixed-rate debt into variable-rate debt. Under such contracts, the Company is entitled to receive semi-annual interest payments at fixed rates and is required to make semi-annual interest payments at variable rates, without exchange of the underlying principal amount. Such contracts are designated as fair value hedges. The Company recognized no gain or loss related to its interest rate swaps because the changes in the fair values of such instruments were completely offset by the changes in the fair values of the hedged fixed-rate debt. The fair value of interest rate swaps was determined using a discounted cash flow ( DCF ) analysis based on the terms of the contract and expected forward interest rates, and incorporates the credit risk of the Company and each counterparty (a Level 2 fair value measurement). The following table summarizes the terms of existing fixed to variable interest rate swaps as of March 31, 2016 and December 31, 2015:

	<b>March 31, 2016</b>	<b>December 31, 2015</b>
<b>Maturities</b>	2017-2019	2017-2019
Notional amount (in millions)	\$ 5,600	\$ 5,600
Weighted-average pay rate (variable based on LIBOR plus variable margins)	5.42%	5.41%
Weighted-average receive rate (fixed)	6.86%	6.86%

The notional amounts of interest rate instruments, as presented in the above table, are used to measure interest to be paid or received and do not represent the amount of exposure to credit loss.

***Cash Flow Hedges***

The Company uses cross-currency swaps to manage foreign exchange risk related to foreign currency denominated debt by effectively converting foreign currency denominated debt, including annual interest payments and the payment of principal at maturity, to U.S. dollar denominated debt. Such contracts are designated as cash flow hedges. The Company has entered into cross-currency swaps to effectively convert its £1.275 billion aggregate principal amount of fixed-rate British pound sterling denominated debt, including annual interest payments and the payment of principal at maturity, to fixed-rate U.S. dollar denominated debt. The cross-currency swaps have maturities of June 2031 and July 2042. The fair value of cross-currency swaps was determined using a DCF analysis based on expected forward interest and exchange rates, and incorporates the credit risk of the Company and each counterparty (a Level 2 fair value measurement). The following table summarizes the effect of cash flow hedges on the consolidated statements of income and comprehensive income for the three months ended March 31, 2016 and 2015 (in millions):

	<b>Three Months Ended March 31,</b>	
	<b>2016</b>	<b>2015</b>
Deferred losses recognized in other comprehensive loss (effective portion)	\$ (89)	\$ (126)
Deferred losses reclassified from accumulated other comprehensive loss, net, into other income, net (effective portion) <sup>(a)</sup>	(48)	(97)

(a) Deferred gains (losses) on cross-currency swaps were reclassified from accumulated other comprehensive loss, net, into other income, net, which offsets the re-measurement gains (losses) recognized in other income, net, on the British pound sterling denominated debt.

Any ineffectiveness related to cash flow hedges has been and is expected to be insignificant.

#### **Assets Measured at Fair Value on a Nonrecurring Basis**

The Company's assets measured at fair value on a nonrecurring basis include equity-method investments, long-lived assets, indefinite-lived intangible assets and goodwill. The Company reviews the carrying amounts of such assets whenever events or changes in circumstances indicate that the carrying amounts may not be recoverable or at least annually as of July 1 for indefinite-lived intangible assets and goodwill. Any resulting asset impairment would require that the asset be reduced to its fair value.

	<b>2016</b>	<b>2015</b>
Balance at beginning of period	\$ (414)	\$ (324)
Other comprehensive loss before reclassifications, net of tax	(56)	(78)
Amounts reclassified into earnings, net of tax	37	66
Other comprehensive loss, net of tax	(19)	(12)
Balance at end of period	\$ (433)	\$ (336)

**Table of Contents**

**TIME WARNER CABLE INC.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

(Unaudited)

**Restricted Stock Units**

For the three months ended March 31, 2016 and 2015, TWC granted 34,000 and 18,000 RSUs, respectively, at a weighted-average grant date fair value of \$182.38 and \$146.80 per RSU, respectively. Total unrecognized compensation cost related to unvested RSUs as of March 31, 2016, without taking into account expected forfeitures, was \$402 million, which the Company expects to recognize over a weighted-average period of 3.42 years, without taking into account acceleration of vesting.

In connection with the Company's entry into the Charter Merger Agreement, the Company advanced into 2015 its annual grants of equity awards that would otherwise have been made in 2017. As a result, eligible employees were granted RSUs having a value equal to (and with vesting terms consistent with) those that these employees otherwise would have received in 2017 (the 2015 retention grant), but without performance-based vesting conditions. Specifically, the 2015 retention grant will vest 50% in February of 2020 and 50% in February of 2021, subject to continued employment. If the grantee's employment is terminated prior to the date on which the 2015 retention grant would have normally been made (i.e., February 2017), such retention grant would be forfeited, absent a change in control of the Company prior to such termination of employment.

In connection with the Company's entry into the February 12, 2014 Agreement and Plan of Merger (the Comcast Merger Agreement) with Comcast Corporation (Comcast), which was subsequently terminated on April 24, 2015, the Company advanced into 2014 its annual grant of equity awards that would otherwise have been made in 2015 and 2016. As a result, eligible employees were granted RSUs having a value equal to (and with vesting terms consistent with) those that these employees otherwise would have received in each of 2015 and 2016 (the 2014 retention grants and, together with the 2015 retention grant, the retention grants), but without performance-based vesting conditions. Specifically, the retention grant corresponding to the 2015 annual grant will vest 50% in February of 2018 and 50% in February of 2019 and the retention grant corresponding to the 2016 annual grant will vest 50% in February of 2019 and 50% in February of 2020, in each case, subject to continued employment. If the grantee's employment had been terminated prior to the date on which either retention grant would have normally been made (i.e., February 2015 or 2016, as appropriate), such retention grant would have been forfeited, absent a change in control of the Company prior to such termination of employment.

Employees who received the retention grants will generally not be eligible for additional annual equity awards with respect to 2015, 2016 or 2017 absent a change of responsibilities or other circumstances. Consequently, whether or not the Charter merger is consummated, both the employee and the Company would generally be in the same position they would have been in had the RSUs been granted in accordance with the anticipated schedule.

With the exception of the retention grants discussed above, RSUs generally vest 50% on each of the third and fourth anniversary of the grant date, subject to continued employment. RSUs generally provide for accelerated vesting upon the termination of the grantee's employment after reaching a specified age and years of service or upon an involuntary termination of the grantee's employment within 24 months following a change in control of the Company. RSUs awarded to non-employee directors are not subject to vesting or forfeiture restrictions and the shares underlying the

RSUs will generally be issued in connection with a director's termination of service as a director. Pursuant to the director's compensation program, certain directors with more than three years of service on the Board of Directors have elected an in-service vesting period for their RSU awards. Holders of RSUs are generally entitled to receive cash dividend equivalents or retained distributions related to regular cash dividends or other distributions, respectively, paid by TWC. Retained distributions are subject to the vesting requirements of the underlying RSUs. Upon the vesting of a RSU, shares of TWC common stock may be issued from authorized but unissued shares or from treasury stock, if any.

### **Stock Options**

For the three months ended March 31, 2016 and 2015, TWC granted no stock options. Total unrecognized compensation cost related to unvested stock options as of March 31, 2016, without taking into account expected forfeitures, was \$5 million, which the Company expects to recognize over a weighted-average period of 0.95 years, without taking into account acceleration of vesting.

Stock options have exercise prices equal to the fair market value of TWC common stock at the date of grant. Generally, stock options vest ratably over a four-year vesting period and expire ten years from the date of grant, subject to continued employment. Certain stock option awards provide for accelerated vesting upon the termination of the grantee's employment.

**Table of Contents****TIME WARNER CABLE INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

(Unaudited)

after reaching a specified age and years of service or upon an involuntary termination of the grantee's employment within 24 months following a change in control of the Company. Upon the exercise of a stock option, shares of TWC common stock may be issued from authorized but unissued shares or from treasury stock, if any.

**7. PENSION COSTS**

TWC sponsors the Time Warner Cable Pension Plan (the TWC Pension Plan) and the Time Warner Cable Union Pension Plan (the Union Pension Plan) and, together with the TWC Pension Plan, the qualified pension plans), both qualified defined benefit pension plans, that together provide pension benefits to a majority of the Company's employees. TWC also provides a nonqualified defined benefit pension plan for certain employees (the nonqualified pension plan) and, together with the qualified pension plans, the pension plans). Pension benefits are based on formulas that reflect the employees' years of service and compensation during their employment period. TWC uses a December 31 measurement date for its pension plans. The components of net periodic benefit costs for the three months ended March 31, 2016 and 2015 is as follows (in millions):

	<b>Three Months Ended March 31,</b>	
	<b>2016</b>	<b>2015</b>
Service cost	\$ 55	\$ 57
Interest cost	40	36
Expected return on plan assets	(52)	(57)
Amounts amortized	11	10
<b>Net periodic benefit costs</b>	<b>\$ 54</b>	<b>\$ 46</b>

The Company made no cash contributions to the qualified pension plans during the three months ended March 31, 2016; however, the Company may make discretionary cash contributions to the qualified pension plans in 2016. Such contributions will be dependent on a variety of factors, including current and expected interest rates, asset performance, the funded status of the qualified pension plans and management's judgment. For the nonqualified pension plan, the Company will continue to make contributions during the remainder of 2016 to the extent benefits are paid.

**8. MERGER-RELATED AND RESTRUCTURING COSTS**

Merger-related and restructuring costs for the three months ended March 31, 2016 and 2015 consisted of the following (in millions):

**Table of Contents****TIME WARNER CABLE INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

(Unaudited)

**Merger-related Costs**

For the three months ended March 31, 2016, the Company incurred Charter merger-related costs of \$35 million, including employee retention costs of \$32 million and advisory and legal fees of \$3 million. For the three months ended March 31, 2015, the Company incurred Comcast merger-related costs of \$24 million, including employee retention costs of \$14 million and advisory and legal fees of \$10 million. The Company expects to incur additional merger-related costs in connection with the Charter merger through the closing of the merger. Changes in accruals for merger-related costs are presented below (in millions):

	<b>Employee Costs</b>	<b>Other Costs</b>	<b>Total</b>
Remaining liability as of December 31, 2014	\$ 65	\$ 17	\$ 82
Costs incurred	64	77	141
Costs reimbursed by Charter		(5)	(5)
Cash paid <sup>(a)</sup>	(82)	(83)	(165)
Remaining liability as of December 31, 2015	47	6	53
Costs incurred	21	3	24
Cash paid		(7)	(7)
Remaining liability as of March 31, 2016 <sup>(b)</sup>	\$ 68	\$ 2	\$ 70

<sup>(a)</sup> Of the total cash paid in 2015, \$21 million was paid during the three months ended March 31, 2015.

<sup>(b)</sup> The remaining \$70 million liability as of March 31, 2016 is classified as a current liability in the consolidated balance sheet.

In addition to the cash settled liabilities shown in the table above, the Company also issued retention RSUs, as discussed in Note 6, which resulted in additional merger-related costs of \$47 million for the year ended December 31, 2015 (\$11 million for the three months ended March 31, 2015) and \$11 million for the three months ended March 31, 2016.

**Restructuring Costs**

For the three months ended March 31, 2016 and 2015, the Company incurred restructuring costs of \$5 million and \$2 million, respectively, primarily related to employee terminations and other exit costs. The Company expects to incur additional restructuring costs in 2016. Changes in restructuring reserves are presented below (in millions):

	<b>Employee Termination Costs</b>	<b>Other Exit Costs</b>	<b>Total</b>
Remaining liability as of December 31, 2014	\$ 8	\$	\$ 8
Costs incurred	20		20
Cash paid <sup>(a)</sup>	(16)		(16)
 Remaining liability as of December 31, 2015	 12		 12
Costs incurred	5		5
Cash paid	(7)		(7)
 Remaining liability as of March 31, 2016 <sup>(b)</sup>	 \$ 10	 \$	 \$ 10

<sup>(a)</sup> Of the total cash paid in 2015, \$5 million was paid during the three months ended March 31, 2015.

<sup>(b)</sup> Of the remaining liability as of March 31, 2016, \$7 million is classified as a current liability, with the remaining amount classified as a noncurrent liability in the consolidated balance sheet. Amounts are expected to be paid through March 2019.

## 9. SEGMENT INFORMATION

The Company classifies its operations into the following three reportable segments, which have been determined based on how management evaluates and manages the business:

Residential Services, which principally consists of video, high-speed data and voice services provided to residential customers as well as other residential services, including security and home management services.

**Table of Contents**

**TIME WARNER CABLE INC.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

(Unaudited)

Business Services, which principally consists of data, video and voice services provided to business customers as well as other business services, including enterprise-class, cloud-enabled hosting, managed applications and services.

Other Operations, which principally consists of (i) Time Warner Cable Media ( TWC Media ), the advertising sales arm of TWC, (ii) TWC-owned and/or operated regional sports networks ( RSNs ) and local sports, news and lifestyle channels (e.g., Time Warner Cable News NY1) and (iii) other operating revenue and costs, including those derived from A/N and home shopping network-related services. The business units reflected in the Other Operations segment individually do not meet the thresholds to be reported as separate reportable segments.

In addition to the above reportable segments, the Company has shared functions (referred to as Shared Functions ) that include activities not attributable to a specific reportable segment. Shared Functions consists of operating costs and expenses associated with broad corporate functions (e.g., accounting and finance, information technology, executive management, legal and human resources) or functions supporting more than one reportable segment that are centrally managed (e.g., facilities, network operations, vehicles and procurement) as well as other activities not attributable to a reportable segment. As such, the reportable segment results reflect how management views such segments in assessing financial performance and allocating resources and are not necessarily indicative of the results of operations that each segment would have achieved had they operated as stand-alone entities during the periods presented.

In evaluating the profitability of the Company's segments, the components of net income (loss) below OIBDA, as defined below, are not separately evaluated by management at the segment level. Due to the nature of the Company's operations, a majority of its assets, including its distribution systems, are utilized across the Company's operations and are not segregated by segment. In addition, segment assets are not reported to, or used by, management to allocate resources or assess the performance of the Company's segments. Accordingly, the Company has not disclosed asset information by segment.

Segment information for the three months ended March 31, 2016 and 2015 is as follows (in millions):

	<b>Three Months Ended March 31, 2016</b>					
	<b>Residential Services Segment</b>	<b>Business Services Segment</b>	<b>Other Operations Segment</b>	<b>Shared Functions</b>	<b>Intersegment Eliminations</b>	<b>Total Consolidated</b>
Revenue <sup>(a)</sup>	\$ 4,934	\$ 886	\$ 440	\$	\$ (69)	\$ 6,191
Operating costs and expenses	(2,741)	(350)	(247)	(763)	69	(4,032)

Merger-related and restructuring costs					(40)		(40)
OIBDA	\$	2,193	\$	536	\$	193	\$ (803) \$ 2,119
Depreciation							(940)
Amortization							(34)
Operating Income							\$ 1,145

Table of Contents**TIME WARNER CABLE INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

(Unaudited)

	<b>Three Months Ended March 31, 2015</b>						
	<b>Residential Services Segment</b>	<b>Business Services Segment</b>	<b>Other Operations Segment</b>	<b>Shared Functions</b>	<b>Intersegment Eliminations</b>		<b>Total Consolidated</b>
Revenue <sup>(a)</sup>	\$ 4,662	\$ 781	\$ 398	\$	\$ (64)	\$	5,777
Operating costs and expenses	(2,581)	(302)	(235)	(727)	64		(3,781)
Merger-related and restructuring costs				(26)			(26)
Goodwill impairment							
Goodwill amortization							
Operating Income Before Depreciation and Amortization (DIBDA)	\$ 2,081	\$ 479	\$ 163	\$ (753)	\$	\$	1,970
Depreciation							(852)
Amortization							(34)
Operating Income							\$ 1,084

(a) Revenue derived from outside the U.S. was insignificant in all periods presented. No single customer accounted for a significant amount of revenue in any period presented.

Intersegment Eliminations relates to the programming provided to the Residential Services and Business Services segments by the RSNs and local sports, news and lifestyle channels. These services are reflected as programming expense for the Residential Services and Business Services segments and as revenue for the Other Operations segment.

Revenue for the three months ended March 31, 2016 and 2015 was derived from the following sources (in millions):

	<b>Three Months Ended March 31,</b>	
	<b>2016</b>	<b>2015</b>
Residential Services revenue:		
Video	\$ 2,508	\$ 2,469

High-speed data	1,897	1,696
Voice	504	473
Other	25	24
Total Residential Services revenue	4,934	4,662
Business Services revenue:		
Video	100	94
High-speed data	447	376
Voice	161	142
Wholesale transport	130	121
Other	48	48
Total Business Services revenue	886	781
Other Operations revenue:

Other	196	168
Total Other Operations revenue	440	398
Intersegment eliminations	(69)	(64)
Total revenue	\$ 6,191	\$ 5,777

**Use of OIBDA**

Management uses Operating Income before Depreciation and Amortization ( OIBDA ), among other measures, in evaluating the segment s performance because it eliminates the effects of (i) considerable amounts of noncash depreciation and amortization and (ii) items not within the control of the Company s operations managers (such as income tax provision, other income (expense), net, and interest expense, net). Management also uses this measure to evaluate the Company s consolidated operating performance and to allocate resources and capital to the segments. Performance measures derived from OIBDA are also used in the Company s annual incentive compensation programs. In addition, this measure is commonly used by analysts, investors and others in evaluating the Company s performance.

**Table of Contents**

**TIME WARNER CABLE INC.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

(Unaudited)

This measure has inherent limitations. For example, OIBDA does not reflect capital expenditures or the periodic costs of certain capitalized assets used in generating revenue. To compensate for such limitations, management evaluates the Company's consolidated performance through, among other measures, various cash flow measures, which reflect capital expenditure decisions, and net income attributable to TWC shareholders, which reflects the periodic costs of capitalized assets. OIBDA also fails to reflect the significant costs borne by the Company for income taxes and debt servicing costs, the results of the Company's equity investments and other non-operational income or expense. Management compensates for these limitations by using other analytics such as a review of net income attributable to TWC shareholders.

This non-GAAP measure should be considered in addition to, not as a substitute for, the Company's Operating Income and net income attributable to TWC shareholders, as well as other measures of financial performance reported in accordance with GAAP, and may not be comparable to similarly titled measures used by other companies.

**10. COMMITMENTS AND CONTINGENCIES**

**Legal Proceedings**

In connection with the formerly proposed Comcast merger, eight putative class action complaints were filed on behalf of purported TWC stockholders in the New York Supreme Court (the "NY Actions") and the Court of Chancery of the State of Delaware. These complaints named as defendants TWC, the members of the TWC board of directors, Comcast and Comcast's merger subsidiary. The complaints generally alleged, among other things, that the members of the TWC board of directors breached their fiduciary duties to TWC stockholders during merger negotiations and by entering into the Comcast Merger Agreement and approving the Comcast merger, and that Comcast aided and abetted such breaches of fiduciary duties. The complaints further alleged that the joint proxy statement/prospectus filed by Comcast with the Securities and Exchange Commission (the "SEC") on March 20, 2014 was misleading or omitted certain material information. The complaints sought, among other relief, compensatory damages in an unspecified amount, injunctive relief and costs and fees. The parties entered into a settlement agreement, conditioned inter alia on the consummation of the Comcast merger, which upon termination of that merger became inoperative. On October 23, 2015, the plaintiffs' counsel in one of the three matters pending in state court in Delaware petitioned the court for an award of attorneys' fees. On February 19, 2016, the court awarded some but not all of the fees sought in that case, and the case was dismissed on February 25, 2016. On April 20, 2016, the other two cases pending in state court in Delaware were voluntarily discontinued.

Following the announcement of the Charter merger on May 26, 2015, on June 29, 2015, the parties in the NY Actions filed a stipulation agreeing that plaintiffs could file a Second Consolidated Class Action Complaint (the "Second Amended Complaint"), and dismissing with prejudice Comcast and Comcast's merger subsidiary. After the court so ordered the stipulation, the plaintiffs in the NY Actions filed the Second Amended Complaint on July 1, 2015. The Second Amended Complaint names as defendants TWC, the members of the TWC board of directors, Charter and the merger subsidiaries. The Second Amended Complaint generally alleges, among other things, that the members of the

TWC board of directors breached their fiduciary duties to TWC stockholders during the Charter merger negotiations and by entering into the Charter Merger Agreement and approving the Charter merger, and that Charter and its subsidiaries aided and abetted such breaches of fiduciary duties. The complaint seeks, among other relief, injunctive relief enjoining the shareholder vote on the Charter merger, unspecified declaratory and equitable relief, compensatory damages in an unspecified amount, and costs and fees. On September 9, 2015, the parties in the NY Actions entered into a Memorandum of Understanding ( MOU ), which reflects an agreement in principle to settle the case. Pursuant to the MOU, TWC and Charter made certain supplemental disclosures in Current Reports on Form 8-K filed with the SEC on September 9, 2015, and the plaintiffs agreed to stay the proceedings in the NY Actions pending final approval of the definitive settlement agreement contemplated in the MOU. On March 7, 2016, the parties executed a definitive settlement agreement, subject to the consummation of the Charter merger and the court s approval. The Company believes that the claims asserted against it are without merit and, if the settlement does not receive final approval by the New York Supreme Court or otherwise is not consummated, intends to defend against this lawsuit vigorously. The Company is unable to predict the outcome of this lawsuit or reasonably estimate a range of possible loss.

On December 19, 2011, Sprint Communications Company L.P. ( Sprint ) filed a complaint in the U.S. District Court for the District of Kansas alleging that the Company infringes 12 patents purportedly relating to Voice over Internet Protocol

**Table of Contents**

**TIME WARNER CABLE INC.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

(Unaudited)

( VoIP ) services. The plaintiff is seeking monetary damages as well as injunctive relief. On October 8, 2015, the court stayed this litigation based on a judgment in a parallel case against Cox Communications, Inc. ( Cox Communications ) in the U.S. District Court for the District of Delaware invalidating six of the 12 patents at issue in that litigation. The stay applies to all 12 patents at issue in Sprint's complaint against the Company, and the Company expects the stay to remain in effect during the pendency of Sprint's appeal against Cox Communications. The Company intends to defend against this lawsuit vigorously, but is unable to predict the outcome of this lawsuit or reasonably estimate a range of possible loss.

On December 5, 2014, Broadband iTV, Inc. filed an amended complaint in the U.S. District Court for the District of Hawaii alleging that the Company infringes a patent purportedly relating to the Company's delivery of digital video on demand services and seeking monetary and injunctive relief. The complaint also names Hawaiian Telecom, Inc. ( Hawaiian Telecom ) as a defendant. On January 9, 2015, the Company answered the amended complaint and moved to sever the allegations against the Company from those against Hawaiian Telecom. On April 16, 2015, the court severed the allegations against the Company from those against Hawaiian Telecom, but consolidated the cases for pre-trial purposes. The court issued a claim construction order on June 24, 2015 and the parties have exchanged expert reports on the issues of infringement, validity and damages. On September 29, 2015, the court granted the Company's summary judgment motion invalidating the patent and dismissing the litigation with prejudice. On October 9, 2015, the plaintiff appealed this decision to the U.S. Court of Appeals for the Federal Circuit. The Company intends to defend against this lawsuit vigorously, but is unable to predict the outcome of this lawsuit or reasonably estimate a range of possible loss.

The Company is the defendant in *In re: Set-Top Cable Television Box Antitrust Litigation*, ten purported class actions filed in federal district courts throughout the U.S. These actions are subject to a Multidistrict Litigation ( MDL ) Order transferring the cases for pretrial proceedings to the U.S. District Court for the Southern District of New York. On July 26, 2010, the plaintiffs filed a third amended consolidated class action complaint (the Third Amended Complaint ), alleging that the Company violated Section 1 of the Sherman Antitrust Act, various state antitrust laws and state unfair/deceptive trade practices statutes by tying the sales of premium cable television services to the leasing of set-top converter boxes. The plaintiffs are seeking, among other things, unspecified treble monetary damages and an injunction to cease such alleged practices. On September 30, 2010, the Company filed a motion to dismiss the Third Amended Complaint, which the court granted on April 8, 2011. On June 17, 2011, the plaintiffs appealed this decision to the U.S. Court of Appeals for the Second Circuit. The Company intends to defend against this lawsuit vigorously, but is unable to predict the outcome of this lawsuit or reasonably estimate a range of possible loss.

From time to time, the Company receives notices from third parties and, in some cases, is party to litigation alleging that certain of the Company's services or technologies infringe the intellectual property rights of others. Claims of intellectual property infringement could require TWC to enter into royalty or licensing agreements on unfavorable terms, incur substantial monetary liability or be enjoined preliminarily or permanently from further use of the intellectual property in question. In addition, certain agreements entered into by the Company may require it to indemnify the other party for certain third-party intellectual property infringement claims, which could increase the Company's damages and its costs of defending against such claims. Even if the claims are without merit, defending

against the claims can be time consuming and costly.

#### **Other Matters**

The California Attorney General and the Alameda County, California District Attorney are investigating whether certain of the Company's waste disposal policies, procedures and practices are in violation of the California Business and Professions Code and the California Health and Safety Code. These entities are seeking injunctive relief, unspecified civil penalties and attorneys' fees. While the Company is unable to predict the outcome of this investigation, it does not believe that the outcome will have a material effect on its results of operations, financial condition or cash flows.

In March 2003, the interests in cable networks and filmed entertainment held by Time Warner Entertainment Company, L.P. ( TWE ) were transferred to Time Warner and all of Time Warner's interests in cable systems were transferred to the Company (the TWE Restructuring ). As part of the TWE Restructuring, Time Warner agreed to indemnify the Company from and against any and all liabilities relating to, arising out of or resulting from specified litigation matters brought against the TWE non-cable businesses (and assumed by TWCE in connection with various internal reorganizations). Although Time Warner has agreed to indemnify the Company against such liabilities, TWE (as assumed by TWCE) remains a named party in certain litigation matters.

**Table of Contents****TIME WARNER CABLE INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

(Unaudited)

The costs and other effects of future litigation, governmental investigations, legal and administrative cases and proceedings (whether civil or criminal), settlements, judgments and investigations, claims and changes in pending matters (including those matters described above), and developments or assertions by or against the Company relating to intellectual property rights and intellectual property licenses, could have a material adverse effect on the Company's business, financial condition and operating results.

## **12. CONDENSED CONSOLIDATING FINANCIAL STATEMENTS**

Set forth below are condensed consolidating financial statements presenting the financial position, results of operations (including comprehensive income) and cash flows of (i) Time Warner Cable Inc. (the **Parent Company** ), (ii) Time Warner Cable Enterprises LLC ( **TWCE** or the **Guarantor Subsidiary** ), a direct 100% owned subsidiary of the Parent Company, (iii) the direct and indirect non-guarantor subsidiaries of the Parent Company (the **Non-Guarantor Subsidiaries** ) on a combined basis and (iv) the eliminations necessary to arrive at the information for Time Warner Cable Inc. on a consolidated basis. The Guarantor Subsidiary has fully and unconditionally guaranteed the debt securities issued by the Parent Company in its 2007 registered exchange offer and subsequent public offerings. The Parent Company directly owns all of the voting and economic interests of the Guarantor Subsidiary.

There are no legal or regulatory restrictions on the Parent Company s ability to obtain funds from any of its 100% owned subsidiaries through dividends, loans or advances.

These condensed consolidating financial statements should be read in conjunction with the consolidated financial statements of Time Warner Cable Inc.

### **Basis of Presentation**

In presenting the condensed consolidating financial statements, the equity method of accounting has been applied to (i) the Parent Company s interests in the Guarantor Subsidiary and the Non-Guarantor Subsidiaries and (ii) the Guarantor Subsidiary s interests in the Non-Guarantor Subsidiaries, where applicable, even though all such subsidiaries meet the requirements to be consolidated under GAAP. All intercompany balances and transactions between the Parent Company, the

(Unaudited)

Guarantor Subsidiary and the Non-Guarantor Subsidiaries have been eliminated, as shown in the column Eliminations. All assets and liabilities have been allocated to the Parent Company, the Guarantor Subsidiary and the Non-Guarantor Subsidiaries generally based on legal entity ownership. Certain administrative costs have been allocated to the Parent Company, the Guarantor Subsidiary and the Non-Guarantor Subsidiaries based on revenue recorded at the respective entity. The income tax provision has been presented based on each subsidiary's legal entity activity including income tax benefits related to allocated administrative costs and interest expense. Deferred income taxes have been presented based upon the temporary differences between the carrying amounts of the respective assets and liabilities of the applicable entities.

Condensed consolidating financial information as of March 31, 2016 and December 31, 2015 and for the three months ended March 31, 2016 and 2015 is as follows (in millions):
