This Report of Foreign Private Issuer on Form 6-K is deemed filed for all purposes under the Securities Act of 1933, as amended, and the Securities Exchange Act of 1934, as amended.

On October 10, a consortium comprised of Korea Electric Power Corporation (KEPCO), Marubeni Corporation and four local entities, with equity interest in the consortium of 24.5%, 24.5% and 51.0%, respectively, was notified that it has been selected by the Republic of South Africa Department of Energy as the preferred bidder for the construction and operation project of a coal-fired power plant in the Republic of South Africa.

Once negotiations and financing arrangements are completed, the construction of the coal-fired power plant is expected to commence. The plant is expected to have an aggregate capacity of 630 MW, and construction is expected to take 52 months beginning in April 2017. The consortium plans to participate in the operation of the plant for a period of 30 years ending 2051. The total cost of the project is estimated to be around US\$2.14 billion, of which KEPCO s total capital investment is expected to be around US\$133 million.

In connection with the project, KEPCO plans to establish a holding company and a project company in the Republic of South Africa.
