Item 8.01 Other Events

Settlement of Certain Litigation Relating to the Merger

On May 17, 2017, solely to avoid the costs, risks and uncertainties inherent in litigation and to allow each of First Interstate BancSystem, Inc. (First Interstate) and Cascade Bancorp (Cascade) shareholders to vote on the proposals required in connection with the proposed merger between First Interstate and Cascade, Cascade entered into a memorandum of understanding with plaintiffs and other named defendants, including First Interstate, regarding the settlement of the lawsuits captioned *Sternheim Family Trust v. Cascade Bancorp, Inc., et al.*, pending in the Circuit Court, Deschutes County, Oregon (the Circuit Court) under File No. 17CV06744 (the Sternheim Action), and *Parshall v. Cascade Bancorp et al.*, pending in the United States District Court for the District of Oregon under File No. 6:17-cv-00405-JR (the Parshall Action), as well as the settlement of all related claims that were or could have been asserted in other actions.

As described in greater detail in the joint proxy statement/prospectus (the Joint Proxy Statement) filed by First Interstate and Cascade with the Securities and Exchange Commission (the SEC) on April 13, 2017, Cascade, its directors and First Interstate were named as defendants in three putative class action lawsuits: the Sternheim Action, the Parshall Action and a third action, captioned *Crosse v. Cascade Bancorp, et al.*, filed in the Circuit Court, Multnomah County, Oregon, under File No. 17CV08305, which has since been dismissed voluntarily. The complaint in the Sternheim Action alleges that the directors of Cascade breached their fiduciary duties in connection with their approval of the Agreement and Plan of Merger, dated November 17, 2016, by and among Cascade and First Interstate (the Merger Agreement) by, among other things: agreeing to an allegedly unfair price for Cascade; approving the transaction notwithstanding alleged conflicts of interest; agreeing to deal protection devices that plaintiffs allege are unreasonable; and by failing to disclose certain facts about the process that led to the merger and financial analyses performed by Cascade's financial advisor. The complaint in the Sternheim Action also alleges that First Interstate aided and abetted those alleged fiduciary breaches. The complaint in the Parshall Action alleges that Cascade and its directors violated Section 14(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), by failing to disclose certain facts about the process that led to the merger and financial analyses performed by Cascade's financial advisor. The complaint in the Parshall Action further alleges that First Interstate and Cascade's board of directors violated Section 20(a) of the Exchange Act. Each of the actions seek, among other things, an order enjoining completion of the merger. Other potential plaintiffs may also file additional lawsuits challenging the merger.

Under the terms of the memorandum of understanding, Cascade, the other named defendants, including First Interstate, and the plaintiffs in the Sternheim and Parshall Actions have agreed to settle both actions and all related claims subject to approval of the Circuit Court. If the Circuit Court approves the settlement contemplated in the memorandum of understanding, the claims will be released and the Sternheim and Parshall Actions will be dismissed with prejudice. The plaintiffs have also agreed to the complete, irrevocable release of Piper Jaffray

and its directors, officers, employees and controlling persons from all liabilities and claims in connection with the merger of Cascade and First Interstate. Pursuant to the terms of the memorandum of understanding, Cascade has agreed to make available additional information to its shareholders in advance of the special meeting of shareholders of Cascade scheduled for May 24, 2017, in Bend, Oregon, to vote upon, among other things, the proposal to approve and adopt the Merger Agreement. First Interstate is also making available the additional information to its shareholders in advance of the annual meeting of shareholders of First Interstate scheduled for May 24, 2017, in Billings, Montana, to vote upon, among other things, the proposal to approve and adopt the Merger Agreement. The additional information is set forth below and should be read in conjunction with the Joint Proxy Statement. In return, the plaintiffs have agreed to dismissal of the Sternheim and Parshall Actions and to withdraw all motions filed in connection with such lawsuits. In connection with the settlement, plaintiffs in the Sternheim and Parshall Actions intend to seek an award of attorneys' fees and expenses, subject to approval of the Circuit Court. Cascade has agreed to negotiate in good faith with the plaintiffs to determine the amount of the legal fees and expenses of plaintiffs' counsel, which is ultimately to be determined by the Circuit Court. If the settlement is finally approved by the Circuit Court, it is anticipated that the settlement will resolve and release all claims in all actions that were or could have been brought challenging any aspect of the merger, the Merger Agreement or any disclosure made in connection therewith. There can be no assurance that the parties will ultimately enter into a stipulation of settlement or that the Circuit Court will approve the settlement even if the parties were to enter into such stipulation. In such event, the proposed settlement as contemplated by the memorandum of understanding may be terminated. The details of the settlement will be set forth in a notice to be sent to Cascade's shareholders prior to a hearing before the Circuit Court to consider both the settlement and plaintiffs' application to the court for attorneys' fees and expenses.

The settlement will not affect the merger consideration to be paid to shareholders of Cascade in connection with the merger between Cascade and First Interstate or the timing of the special meeting of Cascade's shareholders or the timing of the annual meeting of First Interstate's shareholders mentioned above.

Cascade and the other defendants, including First Interstate, have vigorously denied, and continue vigorously to deny, that they have committed or aided and abetted in the commission of any violation of law or engaged in any of the wrongful acts that were or could have been alleged in the consolidated lawsuit, and expressly maintain that, to the extent applicable, they diligently and scrupulously complied with their fiduciary and other legal duties and are entering into the contemplated settlement solely to eliminate the burden and expense of further litigation, to put the claims that were or could have been asserted to rest, and to avoid any possible delay to the closing of the merger that might arise from further litigation. Nothing in this document, the memorandum of understanding or any stipulation of settlement shall be deemed an admission of the legal necessity or materiality under any applicable laws of any of the disclosures set forth herein.

The disclosure under the heading *DESCRIPTION OF THE MERGER Opinion of Cascade's Financial Advisor Discounted Cash Flow Analysis* is hereby supplemented by adding the following description at the end of the first paragraph on pg. 75 of the Joint Proxy Statement:

In its analysis, Piper Jaffray used a five-year discount dividend model, which is a valuation methodology that adds cash flows from estimated dividends expected to be paid to shareholders through a specified forecast period, in this case, December 31, 2021, to the terminal value of the entity. To approximate the terminal value of Cascade common stock at December 31, 2022, Piper Jaffray applied a range of various price to earnings multiples to estimated 2022 earnings. The estimated current value of this sum is obtained by discounting this sum to its net present value using a range of selected discount rates. In considering the five-year discount dividend model, Piper Jaffray determined a range of terminal multiples applied to 2022 earnings based on management projections and estimates, with the range of terminal values derived from the Cascade Peer Group's forward price to earnings multiples and the perpetuity method. Earnings estimates were based on Cascade management estimates through 2020, with 2021 and 2022 based on a long term growth rate of 6%. Piper Jaffray used an 8% tangible common equity to tangible asset ratio for Cascade in its future period estimates, with any capital in excess of this amount paid as dividends. Cascade management approved the foregoing approach.

The disclosure under the heading *DESCRIPTION OF THE MERGER Opinion of Cascade's Financial Advisor Discounted Cash Flow Analysis* is hereby supplemented by amending and restating the second full paragraph on pg. 75 of the Joint Proxy Statement as follows:

To approximate the range of terminal values of Cascade common stock at December 31, 2022, Piper Jaffray applied price to earnings multiples ranging from 11.0x to 15.0x. The terminal values were then discounted to present values using discount rates ranging from 9.0% to 13.0% when applied to 2022 earnings multiples, which were selected to reflect different assumptions regarding potential desired rates of return of holders or prospective buyers of Cascade common stock. The range of projected terminal values at December 31, 2022, is illustrated in the following table:

Range of		Discount Rate				
		9.0%	10.0%	11.0%	12.0%	13.0%
Terminal	11.0x	\$ 5.41	\$ 5.20	\$ 4.99	\$ 4.80	\$ 4.62
	12.0x	\$ 5.78	\$ 5.55	\$ 5.33	\$ 5.12	\$ 4.92
Values at	13.0x	\$ 6.16	\$ 5.91	\$ 5.67	\$ 5.45	\$ 5.23
	14.0x	\$ 6.53	\$ 6.26	\$ 6.01	\$ 5.77	\$ 5.54
12/31/22	15.0x	\$ 6.90	\$ 6.62	\$ 6.35	\$ 6.09	\$ 5.85

As illustrated in the following table, the analysis indicates an imputed range of values per share of Cascade common stock of \$4.62 to \$6.90 when applying these earnings multiples.

The disclosure under the heading DESCRIPTION OF THE MERGER Opinion of Cascade s Financial Advisor Discounted Cash Flow Analysis is hereby supplemented by amending and restating the first full paragraph on pg. 76 of the Joint Proxy Statement as follows:

Piper Jaffray also performed a five-year dividend discount analysis using cash flows from estimated dividends expected to be paid to shareholders to estimate the range of net present values per share of First Interstate Class A common stock, assuming that First Interstate performed in accordance with publicly available I/B/E/S consensus mean analyst earnings estimates through December 31, 2020. First Interstate s 2021 and 2022 earnings were estimated using the I/B/E/S consensus net income long term growth rate of 9%. To approximate the terminal value of First Interstate common stock at December 31, 2022, Piper Jaffray applied ranges of various price to earnings multiples to First Interstate s estimated 2022 earnings, with the range derived from the First Interstate Peer Group s forward price to earnings multiples and the perpetuity method. Piper Jaffray assumed an 8% tangible common equity to tangible asset ratio for First Interstate in its future period estimates, with any capital in excess of this amount paid as dividends. Cascade management approved this approach.

To approximate the terminal value of First Interstate Class A common stock at December 31, 2022, Piper Jaffray applied price to earnings multiples ranging from 11.0x to 16.0x. The terminal values were then discounted to present values using different discount rates ranging from 9.0% to 13.0% when applied to 2022 earnings, which were chosen to reflect different assumptions regarding required rates of return holders or prospective buyers of First Interstate Class A common stock. The range of projected terminal values at December 31, 2022, is illustrated in the following table:

		Discount Rate				
		9.0%	10.0%	11.0%	12.0%	13.0%
Terminal	11.0x	\$ 32.85	\$ 31.54	\$ 30.30	\$ 29.12	\$ 28.00
	12.0x	\$ 35.12	\$ 33.70	\$ 32.36	\$ 31.09	\$ 29.89
Value at	13.0x	\$ 37.38	\$ 35.86	\$ 34.43	\$ 33.06	\$ 31.77
	14.0x	\$ 39.65	\$ 38.03	\$ 36.49	\$ 35.03	\$ 33.65
12/31/22	15.0x	\$ 41.92	\$ 40.19	\$ 38.55	\$ 37.01	\$ 35.54
	16.0x	\$ 44.18	\$ 42.35	\$ 40.62	\$ 38.98	\$ 37.42

As illustrated in the following table, the analysis indicates an imputed range of values per share of First Interstate Class A common stock of \$28.00 to \$44.18 when applying these earnings multiples.
