Item 1.01 Entry into a Material Definitive Agreement.

On November 9, 2017, Summit Midstream Partners, LP (the Partnership) entered into an underwriting agreement (the Underwriting Agreement), by and among the Partnership, Summit Midstream GP, LLC (the General Partner), Summit Midstream Holdings, LLC (the Operating Company, and together with the Partnership and the General Partner, the Partnership Parties) and Merrill Lynch, Pierce, Fenner & Smith Incorporated, as representative (the Representative) of the several underwriters named therein (the Underwriters), providing for the offer and sale (the Offering) by the Partnership of 300,000 of its 9.50% Series A Fixed-to-Floating Rate Cumulative Redeemable Perpetual Preferred Units representing limited partner interests in the Partnership (the Series A Preferred Units), at a price to the public of \$1,000 per Series A Preferred Unit.

The material terms of the Offering are described in a prospectus supplement, dated November 9, 2017 (the Prospectus Supplement), filed by the Partnership with the United States Securities and Exchange Commission (the Commission) on November 13, 2017, pursuant to Rule 424(b)(5) under the Securities Act of 1933, as amended (the Securities Act). The Offering is registered with the Commission pursuant to a Registration Statement on Form S-3, as amended (File No. 333-219196), which became automatically effective on November 6, 2017.

The Underwriting Agreement contains customary representations, warranties and agreements of the Partnership Parties, and customary conditions to closing, obligations of the parties and termination provisions. The Partnership Parties have agreed to indemnify the Underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the Underwriters may be required to make because of any of those liabilities.

The Offering closed on November 14, 2017. The Partnership received net proceeds from the Offering of approximately \$293 million (after deducting underwriting discounts and estimated offering expenses) and intends to use such net proceeds to repay outstanding borrowing under its revolving credit facility.

As more fully described under the captions Underwriting and Other Relationships in the Prospectus Supplement, certain of the Underwriters have in the past provided and may from time to time in the future provide investment banking and other commercial dealings in the ordinary course of their business for the Partnership Parties and their respective affiliates for which they have received and in the future will be entitled to receive, customary fees and commissions.

The foregoing description of the Underwriting Agreement is not complete and is qualified in its entirety by reference to the full text of the Underwriting Agreement, which is attached as Exhibit 1.1 to this Current Report on Form 8-K and incorporated in this Item 1.01 by reference.

Item 3.03 Material Modification to Rights of Security Holders.

The information set forth under Item 5.03 of this Current Report is incorporated by reference into this Item 3.03.

Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

On November 14, 2017, the Partnership executed the Second Amended and Restated Agreement of Limited Partnership of the Partnership (the Second A&R Partnership Agreement) to, among other things, authorize and establish the rights, preferences and privileges of the Series A Preferred Units in connection with the Offering; to revise certain provisions relating to the Bipartisan Budget Act of 2015 (the BBA); and to remove certain provisions that are no longer applicable to the Partnership.

Edgar Filing: Summit Midstream Partners, LP - Form 8-K

The Series A Preferred Units rank senior to (i) common units and incentive distribution rights, each representing limited partner interests in the Partnership and (ii) each other class or series of limited partner interests or other equity securities in the Partnership that may be established after the date hereof and that expressly ranks junior to the Series A Preferred Units as to the payment of distributions and amounts payable upon a liquidation event (the Junior Securities). The Series A Preferred Units rank pari passu with each class or series of limited partner interests or

other equity securities in the Partnership that may be established after the date hereof that is not expressly made senior or subordinated to the Series A Preferred Units as to the payment of distributions and amounts payable on a liquidation event (the Parity Securities). The Series A Preferred Units will rank junior to (i) all of the Partnership's existing and future indebtedness and other liabilities with respect to assets available to satisfy claims against the Partnership and (ii) each other class or series of limited partner interests or other equity securities in the Partnership established after the date hereof that is expressly made senior to the Series A Preferred Units as to the payment of distributions and amounts payable upon a liquidation event (the Senior Securities).

Distributions on the Series A Preferred Units will be cumulative and compounding from the date hereof and will be payable semi-annually in arrears on the 15th day of each June and December through and including December 15, 2022, and, thereafter, quarterly in arrears on the 15th day of March, June, September and December of each year (each, a Distribution Payment Date) to holders of record as of the close of business on the first business day of the month of the applicable Distribution Payment Date, in each case, when, as, and if declared by the General Partner out of legally available funds for such purpose. A pro-rated initial distribution on the Series A Preferred Units will be payable on December 15, 2017 in an amount equal to approximately \$7.9167 per Series A Preferred Unit. If any Distribution Payment Date otherwise would fall on a day that is not a business day, declared distributions will be paid on the immediately succeeding business day without the accumulation of additional distributions.

The initial distribution rate for the Series A Preferred Units from and including the date hereof to, but not including, December 15, 2022 will be 9.50% per annum of the \$1,000.00 liquidation preference per Series A Preferred Unit (equal to \$95.00 per Series A Preferred Unit per annum). On and after December 15, 2022, distributions on the Series A Preferred Units will accumulate for each distribution period at a percentage of the liquidation preference equal to the three-month LIBOR plus a spread of 7.43%.

The Partnership will not declare or pay or set aside for payment full distributions on the Series A Preferred Units or any Parity Securities for any distribution period unless (i) full cumulative distributions have been paid or provided for on the Series A Preferred Units and any Parity Securities through the most recently completed distribution period for each such security and (ii) at the time of the declaration of distributions on the Series A Preferred Units or the Parity Securities, as applicable, the General Partner expects to have sufficient funds to pay the next distribution on the Series A Preferred Units and any Parity Securities in full (regardless of the relative timing of such distributions). To the extent distributions will not be paid in full on the Series A Preferred Units, the General Partner will take appropriate action to ensure that all distributions declared and paid upon the Series A Preferred Units and any Parity Securities will be reduced, declared and paid on a pro rata basis on their respective payment dates.

The Partnership will not declare or pay, or set aside for payment, distributions on any Junior Securities (other than a distribution payable solely in Junior Securities) unless full cumulative distributions have been or contemporaneously are being paid on all outstanding Series A Preferred Units and any Parity Securities through the most recently completed respective distribution periods. To the extent a distribution period applicable to a class of Junior Securities or Parity Securities is shorter than the distribution period applicable to the Series A Preferred Units (e.g., quarterly rather than semi-annual), the General Partner may declare and pay regular distributions with respect to such Junior Securities or Parity Securities so long as, at the time of declaration of such distribution, the General Partner expects to have sufficient funds to pay the full distribution in respect of the Series A Preferred Units on the next successive Distribution Payment Date.

The Series A Preferred Units will not have a stated maturity and will not be subject to mandatory redemption or any sinking fund. The Series A Preferred Units will remain outstanding indefinitely unless repurchased or redeemed by the Partnership. The Series A Preferred Units may be redeemed by the Partnership at its option (i) following the occurrence of certain ratings agency events, in whole but not in part, at a redemption price in cash of \$1,020.00 per Series A Preferred Unit (102% of the liquidation preference of \$1,000.00) plus an amount equal to all accumulated and unpaid distributions thereon to, but not including, the date of redemption, whether or not declared, or (ii) at any

time on or after December 15, 2022, in whole or in part, at a redemption price in cash of \$1,000 per Series A Preferred Unit plus an amount equal to all accumulated and unpaid distributions thereon to, but not including, the date of redemption, whether or not declared.

Upon the occurrence of certain change of control events, the holders of Series A Preferred Units may require the Partnership to repurchase all or a portion of such holder's Series A Preferred Units at a purchase price in cash of \$1,010.00 per Series A Preferred Unit (101% of the liquidation preference of \$1,000.00) plus an amount equal to all accumulated and unpaid distributions thereon to, but not including, the date of settlement. If the Partnership failed to make an offer to repurchase, or failed to repurchase any of the Series A Preferred Units tendered, upon the occurrence of such a change of control event, then, from and after the first date of such failure and until repurchased by the Partnership, the distribution rate for the Series A Preferred Units would be 11.50% per annum (an increase of 2.0% per annum) prior to December 15, 2022, and on and after December 15, 2022, would accumulate for each distribution period at a percentage of the liquidation preference equal to the three-month LIBOR plus a spread of 9.43% (an increase of 2.0% per annum).

Any such redemptions would be effected only out of funds legally available for such purposes and would be subject to compliance with the provisions of the Partnership's outstanding indebtedness.

Holders of Series A Preferred Units generally have no voting rights, except for limited voting rights with respect to (i) potential amendments to the Second A&R Partnership Agreement that would have a material adverse effect on the existing preferences, rights, powers, duties or obligations of the Series A Preferred Units, (ii) the creation or issuance of any Parity Securities if the cumulative distributions payable on then outstanding Series A Preferred Units are in arrears, (iii) the creation or issuance of any Senior Securities, (iv) the payment of distributions to the Partnership's common unitholders out of capital surplus and (v) the taking of certain actions that would result, without regard to any notice requirement or applicable cure period, in an Event of Default under the Partnership's material senior indebtedness for failure to comply with certain enumerated covenants.

The Partnership included additional revisions in the Second A&R Partnership Agreement in response to certain changes to the Internal Revenue Code enacted by the BBA relating to partnership audit and adjustment procedures.

The foregoing description of the Second A&R Partnership Agreement is qualified in its entirety by reference to the full text of the Second A&R Partnership Agreement, which is attached as Exhibit 3.1 to this Current Report on Form 8-K and incorporated by reference into this Item 5.03.
