**Item 7.01. Regulation FD Disclosure.**

Air Lease Corporation (the Company) is providing estimated impacts related to the Tax Cuts and Jobs Act (the Act) signed into law on December 22, 2017. The Company expects the overall net impact of the Act to be favorable to it with significant upfront and ongoing benefits to shareholders due to the reduction in the federal corporate tax rate as described below. The Company is proud to be a U.S.-based company and continues to believe that its corporate structure provides significant value to its shareholders.

Effective January 1, 2018, the U.S. corporate tax rate will be reduced permanently from 35% to 21%. As such, the Company will revalue its deferred tax liability in its December 31, 2017 financial statements to reflect this change in statutory rate.

The Company expects the revaluation to result in a 40% reduction in its deferred tax liability, and such revaluation will be recorded as a discrete item in the Company's fourth quarter 2017 tax provision.

To provide further context, had the Act been signed into law in the third quarter, the Company estimates that it would have recorded an increase to shareholders' equity of \$329 million or \$2.95 per share. This estimation is based on balances as of September 30, 2017 and the actual amount at the end of the fourth quarter of 2017 may differ, as it is dependent on, among other things, the final net deferred tax liability balance as of December 31, 2017.

The Company reiterates its intention to target a debt-to-equity ratio of 2.5-to-1.0x and will remain asset focused and opportunistic as it relates to potential aircraft acquisitions and dispositions.

Looking forward, the Company expects to benefit from a lower U.S. corporate tax rate, which will serve to increase net income and further accelerate the Company's earnings growth.

The impact of the Act on the Company may differ from estimates above due to, among other things, changes in assumptions the Company has made in its interpretation of the Act, guidance related to application of the Act that may be issued in the future, and actions that the Company may take as a result of the Company's expected impact of the Act.

The information furnished under this Item 7.01, including Exhibit 99.1, shall not be deemed to be filed for purposes of the Securities Exchange Act of 1934, as amended (the Exchange Act).
