Item 1.01 Entry into a Material Definitive Agreement.

On April 9, 2018, Mylan Inc., a Pennsylvania corporation (the Company), and an indirect wholly-owned subsidiary of Mylan N.V., a public limited liability company (*naamloze vennootschap*) incorporated and existing under the laws of the Netherlands (the Guarantor), completed the offering of \$750,000,000 aggregate principal amount of its 4.550% Senior Notes due 2028 (the 2028 Notes) and \$750,000,000 aggregate principal amount of its 5.200% Senior Notes due 2048 (the 2048 Notes and, together with the 2028 Notes, the Notes). In connection with the issuance of the Notes, the Company entered into an indenture, dated as of April 9, 2018 (the Indenture), among the Company, as issuer, the Guarantor, as guarantor, and The Bank of New York Mellon, as trustee (the Trustee), and a Registration Rights Agreement, dated as of April 9, 2018 (the Registration Rights Agreement), among the Company, the Guarantor, and Deutsche Bank Securities Inc., J.P. Morgan Securities LLC and Morgan Stanley & Co. LLC, as representatives of the several initial purchasers of the Notes.

The Notes were issued in a private offering exempt from the registration requirements of the Securities Act of 1933, as amended (the Securities Act), to qualified institutional buyers in accordance with Rule 144A under the Securities Act and to persons outside of the United States pursuant to Regulation S under the Securities Act.

Indenture

The Notes are the Company's senior unsecured indebtedness and are guaranteed on a senior unsecured basis by the Guarantor. In addition, if a subsidiary of the Guarantor becomes a guarantor or an obligor in respect of certain indebtedness, such subsidiary will guarantee the Notes on the terms and subject to the conditions in the Indenture. The 2028 Notes bear interest at a rate of 4.550% per annum, accruing from April 9, 2018. Interest on the 2028 Notes is payable semi-annually in arrears on April 15 and October 15 of each year, commencing on October 15, 2018. The 2028 Notes will mature on April 15, 2028, subject to earlier repurchase or redemption in accordance with the terms of the Indenture. The 2048 Notes bear interest at a rate of 5.200% per annum, accruing from April 9, 2018. Interest on the 2048 Notes is payable semi-annually in arrears on April 15 and October 15 of each year, commencing on October 15, 2018. The 2048 Notes will mature on April 15, 2048, subject to earlier repurchase or redemption in accordance with the terms of the Indenture.

At any time and from time to time prior to the date that is three months prior to their maturity date in the case of the 2028 Notes and the date that is six months prior to their maturity date in the case of the 2048 Notes, the Company may redeem some or all of the Notes of the applicable series, upon not less than 30 nor more than 60 days' prior notice, at a price equal to the greater of (1) 100% of the aggregate principal amount of any Notes being redeemed, and (2) the sum of the present values of the remaining scheduled payments of principal and interest on the Notes being redeemed, in the case of the 2028 Notes, that would be due if the 2028 Notes matured on the date that is three months prior to their maturity date, and in the case of the 2048 Notes, that would be due if the 2048 Notes matured on the date that is six months prior to their maturity date, in each case, not including unpaid interest accrued to, but excluding, the redemption date, discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the treasury rate plus 30 basis points with respect to the 2028 Notes and 35 basis points with respect to the 2048 Notes, plus, in each case, unpaid interest on the Notes being redeemed accrued to, but excluding, the redemption date. If the Company experiences certain change of control events with respect to a series of Notes, it must offer to purchase all Notes of such series at a purchase price equal to 101% of the principal amount of such Notes, plus accrued and unpaid interest, if any, to, but excluding, the date of purchase.

The Indenture contains covenants that, among other things, restrict the Company's and the Guarantor's ability and the ability of certain of the Guarantor's subsidiaries to enter into sale and leaseback transactions; create liens; and consolidate, merge or sell all or substantially all of the Company's or the Guarantor's assets. The Indenture also provides for customary events of default (subject in certain cases to customary grace and cure periods), which include nonpayment, breach of covenants, payment defaults or acceleration of other indebtedness, failure to pay certain judgments and certain events of bankruptcy and insolvency. These covenants and events of default are subject to a number of important qualifications, limitations and exceptions that are described in the Indenture. If an event of default with respect to the Notes of a series occurs under the Indenture, the principal amount of all of the Notes of such series then outstanding, plus accrued and unpaid interest, if any, to the date of acceleration, may become immediately due and payable.

The Company intends to use the net proceeds from the offering to redeem (i) all of the outstanding \$650,000,000 principal amount of its 2.600% Senior Notes due 2018, (ii) all of the outstanding \$500,000,000 principal amount of the Guarantor's 3.000% Senior Notes due 2018 and (iii) \$350,000,000 of the outstanding \$500,000,000 principal amount of its 2.550% Senior Notes due 2019. On March 29, 2018, the Company and Guarantor delivered notices to The Bank of New York Mellon, as trustee, notifying the trustee of their election to redeem the foregoing series of notes on April 28, 2018. Such notes will be redeemed at a redemption price calculated in accordance with the applicable indenture, plus accrued and unpaid interest to April 28, 2018. The foregoing redemptions are conditioned upon the closing of the offering in form and substance satisfactory to the Company in its sole and absolute discretion.

The foregoing summary does not purport to be complete and is qualified in its entirety by reference to the complete terms of the Indenture, a copy of which is filed as Exhibit 4.1 hereto, and the Notes, the forms of which are contained in Exhibit 4.1, all of which are incorporated herein by reference.

Registration Rights Agreement

In connection with the offering of the Notes, the Company and the Guarantor entered into the Registration Rights Agreement pursuant to which the Company and the Guarantor will use commercially reasonable efforts (1) to file a registration statement (the "Exchange Offer Registration Statement") with respect to an offer to exchange each series of Notes (each, an "Exchange Offer") for new notes with the same aggregate principal amount and terms substantially identical in all material respects to the applicable series of Notes (except for the provisions relating to the transfer restrictions and payment of additional interest); (2) to cause the Exchange Offer Registration Statement to be declared effective by the Securities and Exchange Commission (the "SEC") under the Securities Act; and (3) to consummate the Exchange Offer not later than 365 days following the date of issuance of the Notes (the "Exchange Date").

If the Company and the Guarantor determine that the Exchange Offer would violate any applicable law or applicable interpretations of the SEC or upon receipt of a written request (a "Shelf Request") from any initial purchaser representing that it holds Notes that are or were ineligible to be exchanged in the Exchange Offer, the Company will use commercially reasonable efforts to (1) file a shelf registration statement covering resales of the Notes; (2) cause such shelf registration statement to become effective under the Securities Act; and (3) keep the shelf registration statement effective until the earliest of the date (i) when a registration statement with respect to such Notes has become effective under the Securities Act and such Notes have been exchanged or disposed of pursuant to such registration statement, (ii) when such Notes cease to be outstanding, (iii) except in the case of Notes that are held by an initial purchaser and that are ineligible to be exchanged in the Exchange Offer, when the Exchange Offer is consummated, (iv) when such Notes are freely tradeable, without restriction, under federal or state securities laws, (v) the date that is one year after the issue date of the Notes and (vi) the date when

holders of the Notes, other than holders that are affiliates (as defined in Rule 144 promulgated under the Securities Act (Rule 144)) of the Company, are able to sell such Notes without restriction, and without reliance as to the availability of current public information, pursuant to Rule 144 (such date, the Registration Rights Expiration Date).

As to any series of Notes, if (1) the Exchange Offer, with respect to such series of notes, is not completed on or prior to the Exchange Date, (2) the shelf registration statement with respect to such series of notes, if required because the Company and the Guarantor determine that the Exchange Offer would violate any applicable law or applicable interpretations of the SEC, has not become effective on or prior to the Exchange Date, (3) the Company receives a Shelf Request and the shelf registration statement required to be filed thereby has not become effective by the later of (a) the Exchange Date and (b) 90 days after delivery of such Shelf Request or (4) the shelf registration statement, if required by the Registration Rights Agreement, has become effective and thereafter ceases to be effective or the prospectus contained therein ceases to be usable, in each case whether or not permitted by the Registration Rights Agreement, at any time prior to the Registration Rights Expiration Date, and such failure to remain effective or usable exists for more than 180 days (whether or not consecutive) in any 12-month period, each such event referred to in clauses (1) through (4), a Registration Default, then the interest rate on the Notes of such series will be increased by (i) 0.25% per annum for the first 90-day period beginning on the day immediately following such Registration Default and (ii) an additional 0.25% per annum with respect to each subsequent 90-day period, in each case until and including the date such Registration Default ends, up to a maximum increase of 0.50% per annum.

The foregoing summary does not purport to be complete and is qualified in its entirety by reference to the complete terms of the Registration Rights Agreement, a copy of which is filed herewith as Exhibit 10.1 and is incorporated by reference herein.

The initial purchasers of the Notes have, from time to time, performed, are currently performing and may in the future perform, various financial advisory and commercial and investment banking services for the Company, for which they received or will receive customary fees and expenses.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant
