**Disclosure Controls and Procedures**

The Registrant maintains disclosure controls and procedures designed to ensure that material information required to be disclosed in reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported on a timely basis, and that such information is accumulated and communicated to senior management, including the Registrant's Chief Executive Officer and Chief Financial Officer, as appropriate, to enable them to make timely decisions regarding required disclosure of such information. The Registrant has conducted an evaluation of its

disclosure controls and procedures as of December 31, 2018 under the supervision, and with the participation of, its Chief Executive Officer and its Chief Financial Officer. Based on this evaluation, the Registrant's Chief Executive Officer and Chief Financial Officer have concluded that the Registrant's disclosure controls and procedures (as this term is defined in the rules adopted by Canadian securities regulatory authorities and the United States Securities and Exchange Commission) are effective as of December 31, 2018.

Internal Control Over Financial Reporting

Management of the Registrant is responsible for establishing and maintaining adequate internal control over financial reporting for the Registrant. Internal control over financial reporting is a process designed to provide reasonable, but not absolute, assurance regarding the reliability of financial reporting and preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States. Due to its inherent limitations, internal control over financial reporting may not prevent or detect misstatements on a

timely basis. Additionally, projections of any evaluation of the effectiveness of internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. The Registrant's management used the Committee of Sponsoring Organizations of the Treadway Commission [ COSO ] Internal Control-Integrated Framework (2013) to evaluate the effectiveness of internal control over financial reporting. Based on this evaluation, the Registrant's Chief Executive Officer and Chief Financial Officer have assessed the effectiveness of the internal control over financial reporting and concluded that, as of December 31, 2018, such internal control over financial reporting is effective. The Registrant's internal control over financial reporting as of December 31, 2018 has been audited by Deloitte LLP, the Independent Registered Public Accounting Firm who also audited the Registrant's consolidated financial statements for the year ended December 31, 2018. Deloitte LLP expressed an unqualified opinion on the effectiveness of the Registrant's internal control over financial reporting. This report precedes the Registrant's audited consolidated financial statements for the year ended December 31, 2018, and is located on page 33 of the Annual Report.

#### Changes in Internal Controls Over Financial Reporting

The Registrant's Board of Directors has determined that each of Mr. Worrall, the Chair of the Audit Committee, and Messrs. Bowie, MacLellan and Ms. Niekamp, is an "audit committee financial expert" and that each member of the Audit Committee is "independent" and "financially literate", as such terms are defined in the listing standards of the New York Stock Exchange and Exchange Act Rule 10A-3.

In order to protect Deloitte's independence, the Audit Committee has a process for pre-approving all services provided by, and related fees to be paid to, Deloitte. This process includes reviewing, on a quarterly basis, the details and associated costs of the services expected to be provided by Deloitte. Audit Committee approval is required for any services that have not previously been approved by the Audit Committee. In assessing the impact of any proposed services on auditor independence, the Audit Committee considers whether:

the services are consistent with applicable auditor independence rules;

the independent auditor is best positioned to provide the most effective and efficient service, for reasons such as its familiarity with the Registrant's business, people, culture, accounting systems and risk profile; and

the services enhance the Registrant's ability to manage or control risks and improve audit quality.
