PROXY STATEMENT

**FOR
ANNUAL MEETING OF STOCKHOLDERS**

Perot Systems Corporation is furnishing you this Proxy Statement on behalf of its Board of Directors to solicit proxies for its Annual Meeting of Stockholders and any adjournments or postponements of the Annual Meeting. We will hold the Annual Meeting at our Plano Campus Cafeteria, 2300 West Plano Parkway, Plano, Texas on Wednesday, May 12, 2004, at 3:00 p.m. Central Daylight Time. We first mailed these proxy materials to our stockholders on or about April 2, 2004.

PURPOSE OF MEETING

We are holding the Annual Meeting for the stockholders to elect our directors and to conduct any other business that properly comes before the Annual Meeting.

VOTING AND SOLICITATION

Right to Vote and Record Date

Our Class A Common Stock, par value \$.01 per share, is the only type of security entitled to vote at the Annual Meeting. Each share of Class A Common Stock that you owned as of the close of business on March 15, 2004 entitles you to one vote for each of the eight nominees for director and one vote on any other proposal properly brought before the Annual Meeting. On March 15, 2004, there were 110,229,027 shares of Class A Common Stock outstanding.

Quorum; Adjournment

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

The holders of at least a majority of the voting power of our issued and outstanding shares of Class A Common Stock must be present, in person or by proxy, to constitute a quorum for the transaction of business at the Annual Meeting. We count abstentions to determine whether a quorum exists for the transaction of business. We also count broker non-votes, which we describe in more detail below, as shares present or represented at the Annual Meeting for purposes of determining whether a quorum exists.

Voting at the Annual Meeting

If your shares of Class A Common Stock are registered directly with Mellon Investor Services, you are a record holder and may vote in person at the Annual Meeting. If you hold your shares through a stockbroker, bank or other nominee, your shares are held in street name and you are the beneficial holder. If you hold your shares in street name, in order to vote in person at the Annual Meeting, you must obtain a proxy from your broker or nominee.

1

Voting By Proxy

Whether or not you are able to attend the Annual Meeting, we urge you to vote by proxy.

Shares Held of Record

If you are a record holder, you can vote your shares using one of the following methods:

- the Internet website shown on the proxy card,
- by telephone using the toll-free number shown on the proxy card, or
- a completed and returned written proxy card.

We must receive votes submitted through the Internet or by telephone by 11:59 p.m., Eastern Daylight Time, on May 11, 2004. Internet and telephone voting are available 24 hours a day, and if you use one of those methods, you do not need to return a proxy card. Submitting your voting instructions by any of the methods mentioned above will not affect your right to attend the Annual Meeting and vote.

If you vote by phone or via the Internet, please have your social security number and proxy or voting instruction card available. The sequence of numbers appearing on your proxy card and your social security number are necessary to verify your vote.

Shares Held in Street Name

If you hold your shares in street name, you should follow the directions provided by your broker regarding how to instruct your broker to vote your shares. Without instructions from you, your broker has discretion to vote your shares on routine matters, such as the election of directors.

How The Proxy Holders Will Vote Your Proxy

The proxy holders will vote as you direct if you properly complete your proxy. If you submit a proxy but do not provide directions on how to vote, your proxy will be voted as follows:

FOR the nominees of the Board of Directors, and

In the discretion of the proxy holders, with respect to any other matters that may properly come before the Annual Meeting.

Changing Your Vote

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

You may revoke or change your proxy at any time before the Annual Meeting. The procedures for changing your vote differ depending on how you own your shares. If you are a record holder of your Perot Systems shares, you may change your vote by:

submitting another proxy with a later date before the beginning of the Annual Meeting,

sending a written notice of revocation to the Secretary of Perot Systems at 2300 West Plano Parkway, Plano, Texas 75075 that is received before the beginning of the Annual Meeting, or

attending the Annual Meeting and voting in person.

If you are a beneficial holder of your Perot Systems shares, you may change your vote by submitting new voting instructions to your broker or nominee.

2

Vote Required

Board of Directors

The eight nominees receiving the highest number of affirmative votes will be elected directors of Perot Systems and will serve until the next Annual Meeting and until their successors have been elected and qualified. We do not have cumulative voting for the election of directors.

Other Matters

Approval of other matters considered at the Annual Meeting generally require the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting. Our Certificate of Incorporation requires a vote of 66-2/3% of the outstanding Class A Common Stock for certain matters. As of the date of this proxy statement, no other matter for consideration at the Annual Meeting has been submitted to Perot Systems.

Broker Non-Votes and Abstentions

A broker non-vote occurs when a broker holds shares in street name for a customer and the customer does not direct the broker's vote with respect to the approval of non-routine matters.

With respect to the election of directors, a broker will have discretionary authority to vote the shares if the beneficial owner has not given instructions.

Solicitation of Proxies

Perot Systems will pay all costs of the solicitation. We will furnish copies of solicitation material to fiduciaries and custodians holding shares in street name that others beneficially own. We will conduct the original solicitation by mail or, in cases where the stockholder has previously consented to electronic delivery, by electronic means. We may supplement the original solicitation with a solicitation by telephone, telegram, or other means by our directors, officers, or employees. We will not pay additional compensation to these individuals for their services. We do not plan to solicit proxies by means other than those we have described above.

PROPOSAL

ELECTION OF DIRECTORS

General

Our bylaws provide that the number of our directors will not be less than one, with the exact number to be fixed by the Board of Directors. The Board of Directors has fixed the number of directors at eight. We are proposing the reelection of all eight of our current directors to hold office

for a term of one year, expiring at the close of the 2005 Annual Meeting of Stockholders or when their successors are elected and qualified. We have listed the nominees and their positions and offices with Perot Systems below. The proxy holders will vote all duly executed proxies received for the nominees listed below unless you instruct them otherwise. If any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxy holders will vote the proxies for any nominee designated by the current Board to fill the vacancy, unless the Board reduces the number of directors to be elected at the Annual Meeting. The Board is not aware of any nominee who is unable or who will decline to serve as a director.

THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE ELECTION OF EACH OF THE NOMINEES LISTED BELOW.

All members of the Audit Committee satisfy the requirements of independence as set forth in the listing standards of the New York Stock Exchange and Perot Systems' Director Independence Standard, and are independent within the meaning of the Securities and Exchange Commission regulations. C. H. Moore is qualified as an audit committee financial expert within the meaning of the Securities and Exchange Commission regulations, and the Board has determined that he has accounting and related financial management expertise within the listing standards of the New York Stock Exchange.

The Audit Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing, and financial reporting practices of Perot Systems. The Audit Committee does not prepare financial statements or perform audits, and its members are not auditors or certifiers of Perot Systems' financial statements. A charter, that the Board reassesses annually, governs the Audit Committee's activities. The charter of the Audit Committee is attached to this proxy statement as Annex 1.

The Audit Committee's primary responsibilities and duties are to review and discuss with our outside independent public accountants our financial statements and the professional services they provide, including the scope of their audit coverage, the auditor's reports to management and management's responses to such reports, and the independence of the accountants from our management. The Audit Committee also reviews and discusses with management the scope of our internal audits, summaries of the internal auditors' reports and activities, the effectiveness of our internal audit staff, certain possible violations of our Standards and Ethical Principles, and such other matters with respect to our accounting, auditing, and financial reporting practices and procedures as it may find appropriate or as have been brought to its attention. In addition, the Board has delegated to the Audit Committee the authority to select Perot Systems' independent public accountants for each fiscal year.

Compensation Committee

The Compensation Committee consists of Carl Hahn, DeSoto Jordan, and Thomas Meurer. Mr. Hahn, the Chairman of the Compensation Committee, was appointed to the Compensation Committee in March 2002. Messrs. Meurer and Jordan were appointed in March 2002 and March 2004, respectively. The Compensation Committee met five times in 2003. All members of the Compensation Committee satisfy the requirements of

independence as set forth in the listing standards of the New York Stock Exchange and Perot Systems' Director Independence Standard. The Compensation Committee reviews CEO compensation and CEO awards under the 2001 Long-Term Incentive Plan and makes recommendations on other executive officer compensation, Perot Systems' bonus and retirement plans, the 1999 Employee Stock Purchase Plan, and non-CEO executive officer awards under the 2001 Long-Term Incentive Plan.

Nominating and Governance Committee

The Nominating and Governance Committee consists of Thomas Meurer, John S.T. Gallagher, and DeSoto Jordan. Mr. Meurer, the Chairman of the Nominating and Governance Committee, was appointed to the Nominating and Governance Committee in June 2003. Messrs. Gallagher and Jordan were appointed to the Nominating and Governance Committee in June 2003 and March 2004, respectively. The Nominating and Governance Committee met four times in 2003.

The Board of Directors established the Nominating and Governance Committee on June 3, 2003. The committee's purpose is to assist the Board to shape the corporate governance of Perot Systems, including the composition of the Board and its committees. The Nominating and Governance Committee identifies and recommends to the full Board all candidates for election as a director. The committee also recommends corporate governance principles for Perot Systems.

Each member of the Nominating and Governance Committee satisfies the requirements of independence set forth in the listing standards of the New York Stock Exchange and Perot Systems' Director Independence Standard. In March 2004, the Board adopted the Perot Systems Corporation Director Independence Standard. The Director Independence Standard is publicly available at the Corporate Responsibility section of Perot Systems' website (www.perotsystems.com/responsibility.htm).

Director Independence

Pursuant to the Director Independence Standard, the Board reviewed each director's independence in March 2004. As a result of this review, the Board affirmatively determined that each director standing for election at the Annual Meeting, except Ross Perot, Ross Perot, Jr. and Steve Blasnik, has no material relationship with Perot Systems (either directly or as a partner, shareholder or officer of an organization that has a relationship with Perot Systems) and is independent of Perot Systems and its management under the Director Independence Standard, the listing standards of the New York Stock Exchange currently in effect and, with respect to members of the Audit Committee, applicable regulations of the Securities and Exchange Commission.

In connection with Mr. Meurer's independence determination, the Board examined the long-standing personal relationships between Mr. Meurer and the Perot family. These relationships include Mr. Meurer's service as an unpaid trustee or co-trustee for 13 trusts that benefit members of Ross Perot's family, including Ross Perot, Jr. One of these trusts is a limited partner which owns approximately 56.4% of the economic interest in HWGA, Ltd., a limited partnership having Ross Perot and Ross Perot, Jr. as its sole general partners. HWGA owns 31,705,000 shares of the Company's Class A Common Stock. However, as a limited partner, the trust does not possess, either directly or indirectly, (i) the power to direct or cause the direction of management and policies of HWGA or (ii) voting or dispositive power over the Class A Common Stock owned by HWGA. Five of the remaining trusts, one of which has Ross Perot, Jr. as its principal beneficiary, own an aggregate of 136,800 shares (27,360 shares each) of Class A Common Stock. The Board also considered the employment of Mr. Meurer's son-in-law as a non-executive officer of Hillwood Development Company LLC, which is an affiliate of Ross Perot, Jr. After considering all relevant facts and circumstances, the Board determined Mr. Meurer's relationships were not material and do not impair the independence of Mr. Meurer.

6

In connection with Mr. Gallagher's independence determination, the Board examined Mr. Gallagher's service as a Life Trustee on the 130-member board of trustees for North Shore Long Island Jewish Health System, a customer of Perot Systems, and his former service as its Chief Executive Officer. After considering all relevant facts and circumstances, the Board determined that Mr. Gallagher's relationships were not material and do not impair the independence of Mr. Gallagher.

In connection with Mr. Jordan's independence determination, the Board examined Mr. Jordan's role as a founder of the Company and his employment by the Company until his retirement in 1999. The Board also considered a personal loan made by Ross Perot to Mr. Jordan, which was repaid in 1999. After considering all relevant facts and circumstances, the Board determined that Mr. Jordan's relationships were not material and do not impair the independence of Mr. Jordan.

Stockholder Nominations and Nominee Review Process

The Nominating and Governance Committee will consider director candidates recommended by Perot Systems' stockholders. Perot Systems Director Qualification Guidelines are publicly available at the Corporate Responsibility section of Perot Systems' website (www.perotsystems.com/responsibility.htm). Perot Systems stockholders who wish to recommend a director candidate should mail the candidate's resume, together with a letter from the candidate confirming his or her interest in serving as a director of Perot Systems, to Perot Systems Corporation, Attn: Nominating Committee/Corporate Secretary, 2300 West Plano Parkway, Plano, Texas 75075.

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

Once the Nominating and Governance Committee has identified a prospective candidate, the Nominating and Governance Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on the candidate's resume, as well as the Nominating and Governance Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The initial determination is also based on the likelihood that the prospective candidate meets the standards and qualifications set forth in the Perot Systems' Director Qualification Guidelines, which include:

the ability of the prospective candidate to represent the interests of the stockholders of Perot Systems;

the highest personal and professional ethics, integrity and values;

broad-based skills and experience at an executive, policy making level in business, government or technology areas relevant to Perot Systems' activities;

a global business prospective;

a willingness to devote sufficient time to become knowledgeable about Perot Systems' business and to carry out his or her duties and responsibilities effectively;

a commitment to serve on the Board for five years or more at the time of his or her initial election; and

the extent to which the prospective candidate contributes to the expertise of the Board.

The Nominating and Governance Committee also considers such other relevant factors as it deems appropriate, including the composition of the Board, the balance of management and independent directors, and financial or industry expertise. If the Nominating and Governance Committee determines that the candidate is qualified and interested, the Committee coordinates a series of interviews between the candidate and appropriate directors, officers and other senior managers of Perot Systems. After conducting their evaluation, the Nominating and Governance Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Nominating and Governance Committee.

7

During 2003, except for a recommendation made by the CEO described below, no security holder or security holder group that held more than 5% of Perot Systems' common stock for at least one year has recommended a director candidate.

Directors standing for election by our security holders for the first time and the source of recommendations for such directors are as follows:

Director Nominee	Recommended By
C. H. Moore, Jr. DeSoto Jordan	Non-Management Director and Director of Internal Audit CEO and Management

The Nominating and Governance Committee has not engaged a third party to assist in identifying or evaluating potential director nominees.

Communications with Directors

Stockholders and other interested parties may send communications to the Board of Directors, the Audit Committee and the Nominating and Governance Committee at the addresses set forth in the table below. Perot Systems' Secretary is responsible for forwarding to appropriate directors all written communications addressed to the Board or its committees. Director Compensation

Perot Systems compensates its non-employee directors (other than Ross Perot) \$2,000 for each meeting of the Board and committee of the Board attended in person or by telephone. In the event that a director attends multiple meetings of the Board and its committees on the same or consecutive days, the non-employee directors are compensated a total of \$2,000 for all such meetings. We reimburse our directors for their reasonable travel-related and other out-of-pocket expenses associated with attending Board and committee meetings. Effective July 1, 2003, the Board adopted a new compensation package upon recommendation from the Compensation Committee for non-

8

employee directors (other than Ross Perot). In addition to the compensation described above, the package provides for a \$45,000 annual retainer payable in quarterly installments. Non-employee directors have the option to receive all or part of the retainer in Class A Common Stock, which will be valued at the closing price of our Class A Common Stock on the New York Stock Exchange on the last trading day of the quarter with respect to which payment is due. The compensation package also provides that each non-employee director will receive an annual award under the 1996 Non-Employee Director Stock Option/Restricted Stock Plan. Additional retainers for the Chairpersons of the Audit Committee and the Compensation Committee are \$5,000 and \$3,000, respectively. Ross Perot receives no compensation for his service.

Perot Systems 1996 Non-Employee Director Plan provides for the issuance of nonqualified stock options or restricted stock to our non-employee directors (other than Ross Perot). The Board administers the Non-Employee Director Plan and has the authority to interpret it. Directors who are not employees of Perot Systems are eligible to receive awards under the Non-Employee Director Plan. Perot Systems makes grants to new directors upon their initial election to the Board and to existing directors at completion of the original vesting schedule for any existing options or restricted shares granted to such director under the Non-Employee Director Plan. The Non-Employee Director Plan currently provides for a grant to each eligible director of (i) an option to purchase 8,000 shares of Class A Common Stock vesting one year after the date of grant or (ii) the right to purchase 8,000 restricted shares of Class A Common Stock vesting one year after the date of grant. The exercise price of options or the purchase price of restricted shares of Class A Common Stock must be at least equal to 100% of the fair market value of the Class A Common Stock on the date of the award.

During 2003, our non-employee directors earned the following compensation (in addition to options vesting under the Non-Employee Director Plan):

Steve Blasnik	\$8,008 and 1,959 shares of Class A Common Stock

Employment Contracts and Change in Control Agreements

Brian Maloney

We have entered into an associate agreement with Brian Maloney pursuant to which he serves as our Chief Operating Officer at a base salary of \$500,000 per year. Mr. Maloney is entitled to an annual cash bonus which has a guaranteed minimum bonus of \$700,000 for the first two years of his associate agreement, payable over three years. To be eligible to receive these bonus payments, Mr. Maloney must be employed with us on the relevant payment date.

Under Mr. Maloney's associate agreement, we may terminate his employment due to his death or disability, for cause, for any other reason, or for no reason. Mr. Maloney may terminate his employment with us for good reason or without good reason. If we terminate Mr. Maloney due to his death or disability, or for cause, or if he terminates his employment without good reason, then we will pay any salary that has accrued to the date his employment ceases. If we terminate Mr. Maloney not for cause, or if Mr. Maloney terminates his employment for good reason, within six years of his employment date, then Mr. Maloney will receive an amount equal to 36 times his then-current monthly base salary, subject to adjustment for subsequent employment.

Pursuant to the terms of Mr. Maloney's associate agreement, we granted him a non-qualified stock option to purchase 300,000 shares of our stock, vesting in five equal annual installments beginning in March 2003. In March 2003, we awarded Mr. Maloney non-qualified stock options to purchase (i) 100,000 shares of our Class A Common Stock vesting in five equal annual installments beginning in December 2003, (ii) 60,000 shares of our Class A Common Stock vesting in one installment in March 2008, and (iii) 20,000 shares vesting in five equal annual installments beginning in March 2004. Vesting is contingent on Mr. Maloney's continued employment. All remaining unvested options will become exercisable upon a change of control (as defined in the associate agreement).

James Champy

James Champy's associate agreement provides for a base salary of \$500,000 per year, which is to be reviewed at least annually, and provides for additional benefits, including:

- a bonus to be determined in accordance with the current bonus plan for the most senior officers of Perot Systems,
- payment of life insurance premiums, and
- some travel benefits.

Mr. Champy's associate agreement also provides that if we terminate him other than for cause or substantial misconduct or Mr. Champy is deemed to have been constructively terminated, Mr. Champy will receive a severance payment equal to six months of his current base salary. If either party terminates his employment (other than for cause by Perot Systems) within one year of a change in control of Perot Systems, Mr. Champy would receive severance equal to six months of his current base salary. We may terminate Mr. Champy's associate agreement upon 30 days' notice and payment of severance equal to six months' base pay plus benefits.

The 1,000,000 restricted shares of Class A Common Stock Mr. Champy acquired pursuant to his restricted stock agreement vest in equal installments over ten years beginning on the first anniversary of the commencement of his employment. Vesting is contingent on continued employment, but Mr. Champy's restricted shares of Class A Common Stock will continue to vest for limited periods following the termination of his employment if he is terminated by Perot Systems other than for cause or substantial misconduct (as defined in his associate agreement) or is

deemed to have been constructively terminated (as defined in his associate agreement). If we terminate Mr. Champy other than for cause or substantial misconduct, his restricted shares of Class A Common Stock will continue to vest as scheduled for two years following termination. If there is a change in control of Perot Systems (as defined in his associate agreement) and either party terminates Mr. Champy's employment within one year of such change in control (other than for cause by Perot Systems), all of his shares of Class A Common Stock scheduled to vest through the next two vesting dates will vest on schedule. If either party terminates Mr. Champy's employment for any reason, he has the right to require Perot Systems to purchase his shares for their original cost plus simple interest at the rate of 8% per annum.

Outsourcing Agreement with Hillwood Enterprises L.P.

We are currently providing information technology and energy management services for Hillwood Enterprise L.P., which is controlled and partially owned by Ross Perot, Jr. This contract was amended during 2003 and will expire on April 1, 2006. This contract includes provisions under which we may be penalized if our actual performance does not meet the levels of service specified in the contract, and such provisions are consistent with those included in other customer contracts. For the years ended December 31, 2003, 2002, and 2001, we recorded revenue of \$1,369,000, \$1,484,000 and \$1,511,000 and direct cost of services of \$1,021,000, \$1,018,000 and \$1,032,000, respectively. Our Audit Committee has reviewed and approved this contract.

The initial lease term is 30 months with one optional 24-month renewal period. Under the terms of the sublease, we paid a \$100,000 allowance for modifications to the leased space. The total amount paid to Perot Systems in 2003 for these services was \$61,000. Our Audit Committee has reviewed and approved this arrangement.

Affiliate Use of AAirPass Program

Perot Systems has a corporate AAirPass program with American Airlines under which it prepays for mileage that Perot Systems associates use for business travel. Historically, the use of prepaid miles has resulted in lower travel costs than refundable tickets for most travel itineraries. Employees of Hillwood Development Company LLC, The Perot Group, and their affiliated corporations, as well as members of the Perot family also use the Perot Systems AAirPass program. These parties reimburse Perot Systems for the prepaid miles that they use. During 2003, these parties used, and reimbursed Perot Systems for, \$321,171 in prepaid miles under the Perot Systems AAirPass program. We benefit from this arrangement because we have a commitment to American Airlines to purchase a minimum number of miles under the AAirPass program and the miles used by these related parties are counted toward fulfilling that commitment. Our Audit Committee has reviewed and approved this arrangement.

Employment of Law Firm

During 2003, we paid Hughes & Luce, L.L.P. \$1,365,863 for legal services. A former partner in that firm during 2003 is related by marriage to Ross Perot and Ross Perot, Jr.

PricewaterhouseCoopers LLP audited our financial statements for the fiscal year ended December 31, 2003. The Audit Committee, with the authority delegated by the Board, has selected PricewaterhouseCoopers LLP as our independent accountants for fiscal year 2004. A representative of PricewaterhouseCoopers will be at the Annual Meeting and will be given the opportunity to make a statement if they desire to do so, and will be available to answer questions.

Audit Fees

17

All Other Fees

In 2003, all audit related services, tax services and other services were pre-approved by the Audit Committee, which concluded that the provision of such services by PricewaterhouseCoopers was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. See Report of Audit Committee. The Audit Committee's Restrictions on the Engagement of Audit Firm requires that all audit, review and attestation services require prior approval from the Audit Committee. The policy does provide for the pre-approval of non-audit services and tax services designated by the Audit Committee on an annual basis. In addition, the policy requires specific approval by the Audit Committee or its chairman if the aggregate fees incurred in any fiscal year exceed pre-established thresholds for non-audit and tax services.

**REPORT OF THE COMPENSATION COMMITTEE
OF THE BOARD OF DIRECTORS
ON EXECUTIVE COMPENSATION**

March 4, 2004

Introduction

The Compensation Committee of the Board is providing this report to assist our stockholders in understanding the Company's objectives and procedures in the establishment and operation of the compensation policy for our executive officers.

Compensation Committee

In March 2002, the Board of Directors established the Compensation Committee, which is comprised entirely of independent, non-employee directors. Primary responsibilities of the Committee are to review and make final determinations with respect to the compensation of the Chief Executive Officer and to review and make recommendations to the Board of Directors on the compensation of other executive officers, bonus and retirement plans, the 1999 Employee Stock Purchase Plan, and the 2001 Long-Term Incentive Plan. In discharging these responsibilities, the Committee was advised by our Human Resources organization. In addition, the Committee has engaged an independent compensation consultant as its advisor.

Compensation Philosophy and Objectives

Perot Systems has a core compensation philosophy that underpins our approach to compensating our Associates, including our executive officers. Our policy is to develop an executive compensation program that is competitive with comparable information technology companies with whom we compete for executive talent, but with appropriate variations based on individual and corporate performance. We believe that the compensation of our executive officers should:

Have stock as a key component;

Be cost effective and minimize fixed salary, while maximizing variable pay which tracks to business results;

Be compared with our industry peers to ensure market competitiveness;

Attract, retain and motivate high-caliber executives on a long-term basis; and

Align with the business strategy of our fast-paced, growing company.

2003 Executive Compensation Program Overview

Our 2003 executive compensation program comprised three key components: base salary, short-term cash incentive, and long-term incentive programs. The Company's philosophy is to position the aggregate of these elements at a level that is competitive with other information technology companies. The Committee reviews the reasonableness of total compensation levels and practices using public information from the proxy statements of information technology services peer companies and published information from various nationally recognized compensation surveys. Our peer group includes some of the companies in the Media General Group Information Technology Services Index, which was used in the preparation of our Performance Graph, but not all given the breadth of companies in that index.

19

Base Salary

Base salary is a core component of our compensation program. It is designed to reward Associates for effective performance in their current role and to be adjusted over time as a consequence of that performance and also increased responsibility. The setting and adjustment of base salary are governed by the following principles:

The base salaries of all Associates including executive officers reflect market levels in order to ensure competitiveness and consistency.

Specific salary levels vary by individual, according to experience, responsibility level and individual performance towards the attainment of corporate goals and objectives.

In light of these considerations, no executive officers received salary increases in 2003.

Short-Term Incentive Program

Perot Systems operates a short-term incentive program through an annual bonus plan. The design of the annual bonus plan is reviewed annually, but is always linked to principles of corporate and individual performance.

Corporate financial and strategic goals are set at the beginning of each plan year as well as the overall framework of the plan. These are then used to determine the basic payments after the end of the plan year. We also consider factors such as the financial targets and corporate contribution of business units, which may be recognized in our plan design.

Individual performance is the other key criterion. It is through the contribution of individual Associates and their attainment of designated goals that we meet our corporate objectives. Associates have individual goals and annual performance ratings and any payments reflect that rating.

For 2003, the annual bonus plan was designed to reflect corporate, business unit, and individual performance. Financial measures considered included revenue, net income before tax, the value of new contract signings, and earnings per share. Individual payments were assessed against these design criteria. In 2003, our executive officers received payments commensurate with the attainment of the relevant program components outlined above.

Long-Term Incentive Program

Perot Systems regards the holding of stock as a key consideration for executive officers. This helps fundamentally to align executive behaviors and the achievement of corporate objectives with our stockholders. Stock rewards long-term commitment to the successful performance of an organization. It is, therefore, a major component of our executive compensation program.

We use stock-based awards under an annual grant program. Executive officers, like all other Associates, are considered for awards on the basis of their contribution and responsibility level and reference to the external market. In 2003, restricted shares were awarded in addition to stock options to reflect market trends and other external developments. The restricted shares vest over three years subject to achievement of individual performance goals. Share ownership requirements were also established for executive officers to support our core philosophy of stock ownership.

The short-term and long-term incentive programs are both operated at the discretion of the Company.

20

Compensation of the Chief Executive Officer

Ross Perot, Jr. was elected President and Chief Executive Officer effective September 1, 2000. Mr. Perot's current base salary is \$500,000 per year, which is below market levels and is based on the Company's historical compensation of its CEO's. Like other executive officers, Mr. Perot did not receive a salary increase in 2003. Based on the Company's results against the financial criteria mentioned above and in light of the Committee's evaluation of Mr. Perot's leadership and involvement in key accounts, acquisitions, and service line strategy and execution, The Committee approved an annual bonus of \$265,000 for Mr. Perot, but he declined the bonus. In light of various considerations, including prior stock option awards, Mr. Perot received no long-term incentive awards in 2003.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits deductibility of compensation in excess of \$1 million paid to the Company's Chief Executive Officer and to each of the other four highest-paid executive officers unless this compensation qualifies as performance-based. The Committee believes that appropriate actions have been taken to date to preserve the deductibility of compensation of senior officers. The Committee will continue to review the potential deductibility of compensation but retains the discretion to award compensation that may not be deductible if it believes such action is in the best interest of the Company and its shareholders.

Conclusion

Our compensation policy and resultant payments directly reflect the performance of Perot Systems and its individual executive officers. It is our belief that our compensation policy serves both the interests of our stockholders and Perot Systems.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING REQUIREMENT

Our directors, executive officers, and holders of more than 10% of our Class A Common Stock must file reports with the Securities and Exchange Commission indicating the number of shares of Perot Systems' Class A Common Stock they beneficially own and any changes in their beneficial ownership. They must provide copies of these reports to us. Based on our review of these reports and written representations from the persons required to file them, Ross Perot inadvertently filed a late report on Form 4 related to the right of an individual to satisfy an obligation to him using Perot Systems Common Stock at a specified rate.

PERFORMANCE GRAPH

The graph below compares the performance of our Class A Common Stock since February 2, 1999, the inception of public trading, to the performance of publicly traded securities. The starting point for the graph was \$43.50 per share, the closing price on our first day of trading following our initial public offering. Therefore, the graph does not reflect the 172% increase from Perot Systems' \$16.00 per share initial public offering price that occurred on the first day of trading.

**REPORT OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS**

March 4, 2004

The Audit Committee of our Board of Directors (Board) is comprised of three directors and operates under a written charter adopted by our Board. All members of the Audit Committee meet the independence standards established by our Board, the New York Stock Exchange and the Sarbanes-Oxley Act of 2002. Our Board adopted revisions to the Audit Committee's charter in 2004, and the new charter is included as Annex 1 to this Proxy Statement and is available at the Corporate Responsibility section on Perot Systems' website at www.perotsystems.com/responsibility.htm.

The Audit Committee assists our Board in fulfilling its responsibility to oversee management's implementation of Perot Systems' financial reporting process. In its oversight role, the Audit Committee reviewed and discussed the audited financial statements with management, which has the primary responsibility for the financial statements, and with PricewaterhouseCoopers LLP (PwC), our independent auditor for 2003, who was responsible for expressing an opinion on the conformity of the Perot Systems' financial statements with generally accepted accounting principles.

We have met privately with PwC and discussed any issues deemed significant by the independent auditor, including the required matters to be discussed by Statement of Auditing Standards No. 61, *Communication With Audit Committee*, as amended. PwC has provided to the Audit Committee written disclosures and the letter required by Independence Standards Board No. 1, *Independence Discussions with Audit Committees*, and the Audit Committee discussed with PwC that firm's independence. The Audit Committee also concluded that PwC's provision of non-audit services to Perot Systems and its affiliates is compatible with PwC's independence.

Based upon the foregoing considerations, the Audit Committee recommended to our Board that the audited financial statements be included in Perot Systems' Annual Report on Form 10-K for 2003 and that PwC be appointed the independent auditor for the Company for 2004.

The foregoing report is respectfully submitted by members of the Audit Committee of our Board:

The Committee will evaluate the qualifications, performance and independence of the independent auditor, including considering whether the auditors' quality controls are adequate and the provision of permitted non-audit services is compatible with maintaining the auditors' independence. In making this evaluation, the Committee should take into account the opinions of management and the internal audit department. The Committee presents its conclusions to the Board.

5. Oversee the rotation of the lead audit partner, the concurring review partner and each other audit partner who has responsibility for decision-making on significant auditing, accounting and reporting matters that affect the financial statements or who maintain regular contact with management and the Committee as required by applicable law, regulation or exchange listing rules.

3. Maintain minutes or other records of meetings and activities of the Committee.

V. ANNUAL PERFORMANCE EVALUATION.

The Committee shall perform a review and evaluation, at least annually, of the performance of the Committee and its members, including by reviewing the compliance of the Committee with this Charter. In conducting its evaluation, the Committee may address all matters that it considers relevant to its performance. In addition, the Committee shall review and reassess, at least annually, the adequacy of this Charter and recommend to the Board any improvements to this Charter that the Committee considers necessary or desirable.

A-6

VI. GENERAL.

A. Reliance. Nothing in this Charter will, or will be deemed to, decrease or modify in any manner adverse to any member of the Committee, such member's right to rely on statements and certifications made by Perot Systems' officers, employees, agents, counsel, experts and auditors.

B. Indemnification. Nothing in this Charter will, or will be deemed to, adversely affect in any manner the rights of members of the Committee to indemnification and advancement of expenses under the Certificate of Incorporation or Bylaws of Perot Systems or under any contract, agreement, arrangement or understanding benefiting such member.

C. No Creation of Duties, Liabilities, or Obligations. Notwithstanding any other provision of this Charter, no provision of this Charter will, except to the extent required by applicable law, rule or regulation, be construed to create any duty, liability or obligation on the part of the Committee or any of its members.

D. Committee Is Not an Auditor. While the Committee has the responsibilities, duties and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that Perot Systems' financial statements are complete and accurate and are in accordance with generally accepted accounting principles. This is the responsibility of management and the independent auditor. Nor is it the duty of the Committee to conduct investigations (unless specific circumstances are brought to its attention warranting such a review), to resolve disagreements, if any, between management and the independent auditor or to assure compliance with laws and regulations.
