These shares are subject to performance stock units (the "PSUs"). The PSUs have a service-based vesting component as well as performance vesting requirement. Under the service-based vesting component, the PSUs vest 100% after three years subject to the reporting person's continued employment with Synovus. Under the performance vesting component, two performance measures (1) (weighted average return on average assets and weighted average return on tangible common equity) are measured over a three-year performance period, with each measure applying to one-half of the PSUs awarded to the reporting person.

These shares are subject to market restricted stock units (the "MRSUs"). The MRSUs have a service-based vesting component as well as a Total Shareholder Return Multiplier vesting component. Under the service-based vesting component, the MRSUs vest 1/3 each year (2) over a three-year period subject to the reporting person's continued employment with Synovus. Under the Total Shareholder Return multiplier based component, the target amount of MRSUs which vest each year may be adjusted upward or downward 25% based upon Synovus' total shareholder return during each year.
