ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

On November 25, 2008 we entered into an agreement to acquire two patents from AM Oil Resources & Technology Inc., a California corporation (AM Oil). In consideration for the acquisition of the patents, we will issue thirty million (30,000,000) post split fully paid and non-assessable restricted shares of our common stock, plus \$1,000,000 cash paid directly to AM Oil over the course of the next 3 years, with \$500,000 being paid within 60 days of the date hereof and the remainder to be paid in 3 equal installments together with a 5% Royalty is to be paid from the sale of every unit sold domestically and internationally. Our mission is to use sell and produce our patent and patent pending technologies, providing an environmentally safe and cost-effective method that maximizes oil production from existing oil wells. Marketing this technology strategically allows us to benefit from worldwide demand for oil, resulting in significant growth in both revenues and profits for the company. Our goal is to provide solutions to help minimize U.S. dependence on foreign oil; thus providing innovative solutions to the world that will recover dormant lying crude oil in reserves all around the world.
