This represents a \$1,519,998 or 83% increase from 2006 to 2007. Gold Fusion had four operating stores during the year of 2007 compared to two during 2006. The Company purchased a new salon during 2007 increasing revenue for that year.

Estimated Expenses

Year ended December 31, 2007. Total expenses for the fiscal years ended December 31, 2006 and 2007 were \$5,422,272 and \$8,202,224, respectively. This is a \$2,779,952 increase, or a 51% increase from 2006 to 2007. The increase was attributable primarily to consulting fees of \$784,593, promotional and marketing expenses of \$1,259,608, and increased expenses for the expansion of Landis and Gold Fusion operations.

Estimated Operating Losses

Nexia estimates an operating loss of \$6,397,956 for the year ended December 31, 2007 compared to a loss of \$4,425,135 for the comparable period in the year 2006. The increase in operating loss of \$1,972,521 or a 45% increase was the result of the increased operating expenses related to the operation of the Landis Salon, Black Chandelier costs of expansion and investor relations, promotional and marketing related fees paid during the year ended December 31, 2007.

Estimated Net Losses

Nexia estimates a net loss of \$6,320,440 for the period ended December 31, 2007, as compared to a net loss of \$1,967,208 for the comparable period in 2006. Increased operations in the salon and retail segments are contributors to the increase in net loss. The increase in working capital deficit of \$857,438 is due primarily to increased operations without sufficient cash flow to cover the increase.
