**Item 1.01 Entry into a Material Definitive Agreement.**

On August 14, 2012, Wright Express Corporation (the "Company") purchased put option contracts and sold call option contracts, designed to be a costless collar, on the retail price of diesel fuel with Wells Fargo Bank, N.A. and the wholesale price of gasoline with the Bank of Montreal (collectively, the "Contracts"). The Contracts have an aggregate notional amount of 15,124,702 gallons of gasoline and diesel fuel and will expire on a monthly basis during the last three quarters of 2013. The settlement of the Contracts is based upon the New York Mercantile Exchange's New York Harbor Reformulated Gasoline Blendstock for Oxygen Blending and the U.S. Department of Energy's weekly retail on-highway diesel fuel price for the month. The Contracts lock in a weighted average retail floor price of approximately \$3.41 per gallon and a weighted average retail ceiling price of approximately \$3.47 per gallon.

On August 20, 2012, the Company issued a press release announcing these transactions.
