Business Highlights

In 2015, we continued to grow our business despite a more challenging retail environment in the second half of the year. We added nearly \$1B to our top-line, delivering total net sales growth of 7.5% and a comparable sales increase of 2.7%.

Achieved a new record for total net sales at over \$14B, a 7.5% increase over our previous high last year.

Generated earnings of \$600M reflecting a challenging retail environment and ongoing investments to drive growth.

Delivered a 2.7% increase in comparable sales, with Nordstrom.com achieving 15% growth.

During the year, we achieved the following milestones in executing our customer strategy:

- Opened our first international flagship store in Vancouver, British Columbia, the most successful opening in our Company history.
- Grew Nordstromrack.com/HauteLook by 47%, reaching over \$500M in sales.
- Expanded our fulfillment network with our third fulfillment center in Elizabethtown, Pennsylvania, located within two-day delivery of approximately half the U.S. population.
- Initiated a strategic partnership with TD Bank on October 1, 2015, which included the sale of a substantial majority of our U.S. Visa and private label credit card receivables to TD.

Returned \$2.4B to shareholders through share repurchase and dividends, of which \$1.8B resulted from the sale of our credit card receivables.

Added over \$400M to our top-line growth from our investments in HauteLook, Canada and Trunk Club.

Opened five Nordstrom full-line stores, including two in Canada, and 27 Nordstrom Rack stores.

Increased the number of new and total customers.

These milestones are the outcome of our strategy to serve customers on their terms and to deliver the Nordstrom experience they expect. Several years ago, we began to accelerate growth in multiple channels to evolve the customer experience that merges the richness of stores with the convenience of online. We look forward to the opportunities ahead as we continue our goal of providing a best-in-class customer experience through service, product and capabilities across all channels at Nordstrom. Executive Compensation Highlights - Paying For Performance

In accordance with our pay-for-performance philosophy, the compensation program for our Named Executive Officers is straightforward in design and includes four primary elements: base salary, performance-based bonus, long-term incentives and benefits. Within these elements, we emphasize variable pay over fixed pay, with approximately 80% of our Named Executive Officers' combined target compensation linked to our financial or market results (excluding one-time payments such as new-hire grants or relocation). The program also balances the importance of these executives achieving both critical short-term objectives and strategic long-term priorities.

Our Variable Pay Reflects Company Performance

Under our pay-for-performance design, payouts to the Named Executive Officers in fiscal year 2015 were closely aligned with results for their variable pay components:

Performance-based bonuses did not pay out. While our Incentive Return on Invested Capital ("ROIC") achievement of 11.0% exceeded the established threshold of 10.5%, our Incentive Earnings Before Interest and Income Taxes ("EBIT") achievement of \$1,246M fell below the established threshold of \$1,269M. See page 33 and Appendix B to learn more about the performance-based bonus pay element including Incentive ROIC and Incentive EBIT results for 2015.

Performance share units granted under the long-term incentive plan paid out at 75% as our Total Shareholder Return ("TSR") was positive and outpaced more than half of our retail peers over the 2013-2015 fiscal year performance cycle, surpassing the minimum threshold of greater than 50th percentile rank. See page 34 to learn more about the long-term incentive pay element and results for 2015.

Payouts for these variable compensation elements in prior years have been closely aligned with Company results as well. The following graphs show the average performance-based payouts to our Co-Presidents relative to Incentive EBIT and TSR ranking for fiscal year 2015 and the four prior years. This pattern of pay for performance is consistent for the other Named Executive Officers during these periods.

Annual EBIT results are used to determine performance-based bonus payouts and, as in 2015, may reflect related adjustments under the Executive Management Bonus Plan. See page 33 and Appendix B to learn more about the performance-based bonus pay element including Incentive ROIC and Incentive EBIT results for 2015.

3-Year TSR Ranking is based on our TSR results for the performance period, relative to our peers. See page 34 to learn more about long-term incentive pay.

The Compensation Committee reviews these results and other analyses to ensure the Named Executive Officers' aggregate compensation aligns with shareholder interests. Based on these and other outcomes, the Compensation Committee believes that total direct compensation for our Named Executive Officers reflects our pay-for-performance objective and is well-aligned with shareholder interests.

For more information on executive compensation, please see the Compensation Discussion and Analysis starting on page 27.

CORPORATE GOVERNANCE

Our Corporate Governance Framework

Since its founding, our Company's leaders and employees have always sought to maintain the highest ethical standards in every aspect of our business. Our corporate governance framework is designed to support this tradition of integrity, trust and unyielding commitment to do the right thing, which has served our customers and shareholders well over the years. Our corporate governance framework, more fully discussed on the following pages, includes the following highlights:

Board Responsibilities, Leadership Structure and Role in Risk Oversight

The Board of Directors ("Board") oversees, counsels and directs management in the long-term interests of the Company and our shareholders. The Board's responsibilities include:

- selecting and evaluating the performance of the Co-Presidents;
- planning for succession with respect to the positions of the Co-Presidents and monitoring management's succession planning for other senior executives;
- reviewing and approving our major financial objectives, our strategic and operational plans and other significant actions;
- monitoring the conduct of our business and the assessment of our business risks to evaluate whether the business is being properly managed; and
- overseeing the processes for maintaining our integrity with regard to our financial statements and other public disclosures, and compliance with laws and our ethics.

At this time, the Board believes that different people should hold the positions of Chairman of the Board and Co-Presidents, as this may strengthen corporate governance and aid in the Board's oversight of management. Currently, Enrique Hernandez, Jr. serves as Chairman of the Board and Blake Nordstrom, Erik Nordstrom and Peter Nordstrom serve as Co-Presidents. The Co-Presidents are responsible for day-to-day leadership and performance of the Company, while the Chairman of the Board provides guidance to the Co-Presidents and presides over the full Board. The duties of our Chairman of the Board are more fully described in the Chairman of the Board and Presiding Director section on page 12. The Board believes that this leadership structure also aids in the Board's oversight and

management of risk.

NORDSTROM, INC. - 2016 Proxy Statement 11

[Back to Contents](#)

The full Board has primary responsibility for oversight of risk management, and has assigned to the Board's standing Committees the specific focus of the risks inherent in their respective areas of oversight. The full Board:

- considers and reviews the Company's risk appetite, which is the amount of risk the organization is willing and able to accept;
- oversees management's implementation of an appropriate system to manage risks (i.e., to identify, assess, mitigate, monitor, and communicate these risks) and monitors the effectiveness of this process as the business environment changes;
- provides risk oversight through the Board's committee structure and processes; and
- manages directly certain risks, in particular, the risks associated with the Company's strategic direction, which are reviewed at an annual strategy planning meeting and periodically throughout the year.

The Company has a comprehensive, structured approach to managing risks, which are identified, assessed, prioritized and managed at all levels within the Company through an enterprise risk management process which is aligned with the Company's strategy. Within this framework, management is responsible for assessing and managing the Company's exposure to risks. Management regularly reports on risks to the relevant Committee or the Board. The Board and its Committees discuss the various risks confronting the Company throughout the year, particularly when reviewing operating and strategic plans and when considering specific actions for approval. The risks are classified into four major categories: Strategic, Compliance, Operational and Financial, and mapped for the appropriate management and Board (and Committee) oversight.

Through the risk oversight process, the Board: (i) obtains an understanding of the risks inherent in the Company's strategy and management's execution of the strategy within the agreed risk appetite; (ii) accesses useful information from internal and external sources about the critical assumptions underlying the strategy; (iii) is alert for possible dysfunctional behavior within the organization which might lead to excessive risk taking; (iv) provides input to executive management regarding critical risk issues on a timely basis; and (v) encourages open communication and appropriate escalation of reporting of risk throughout the enterprise, striving to ensure that risk management is part of the corporate culture. The Board's leadership structure and the collective knowledge and experience of its members promotes a broad perspective, open dialogue and useful insights regarding risk, thereby increasing the effectiveness of the Board's role in risk oversight.

Director Independence

A Director is considered independent when our Board affirmatively determines that he or she has no material relationship with the Company, other than as a Director. Our Board makes this determination in accordance with the standards set forth in our Corporate Governance Guidelines, which are consistent with the listing standards of the New York Stock Exchange ("NYSE") and Securities and Exchange Commission ("SEC") rules. In making this determination, the Board considers existing relationships between the Company and Director, whether directly or as a partner,

shareholder or officer of an organization that has a relationship with the Company. The Board has affirmatively determined that the following Director nominees are independent within the meaning of the listing standards of the NYSE, SEC rules and the Company's Corporate Governance Guidelines, and that none of these Director nominees have a material relationship with the Company other than as a Director:

Shellye L. Archambeau Philip G. Satre Bradley D. Tilden
Tanya L. Domier Brad D. Smith B. Kevin Turner
Enrique Hernandez, Jr. Gordon A. Smith Robert D. Walter

Chairman of the Board and Presiding Director

The Company has a Chairman of the Board who is also an independent Director and who serves as the Presiding Director within the meaning of the listing standards of the NYSE. Currently, Enrique Hernandez, Jr. serves as the Company's Chairman of the Board.

The Chairman of the Board is appointed annually by the Board. As described in the Company's Bylaws, Corporate Governance Guidelines and Charter of the Corporate Governance and Nominating Committee, the Chairman of the Board:

- presides at meetings of the Board;
- assists in establishing the agenda for each Board and Board Committee meeting;
- serves as the Presiding Director to lead regular executive sessions of the Board in which only independent Directors participate;
- calls special meetings of the Board and/or the shareholders;
- provides input and support to the Chair of the Corporate Governance and Nominating Committee on nominees to fill vacant Board seats and the selection of Committee Chairs and membership on Board Committees;
- advises the Co-Presidents and other members of the Executive Team on such matters as strategic direction, corporate governance and overall risk assessment; and
- performs other duties that the Board may from time to time delegate to assist the Board in the fulfillment of its responsibilities.

[Back to Contents](#)

Director Elections

The Company's Bylaws provide that, in an uncontested election, a Director nominee will be elected if the number of votes cast for the nominee's election exceeds the number of votes cast against the nominee's election. An incumbent Director nominee who fails to receive the requisite votes for election will continue to serve as a Director until the earlier of: (i) 90 days from the date on which the voting results of the election are determined; or (ii) the date on which an individual is selected by the Board to fill the position held by such Director. In any election which is a contested election (meaning that the number of director nominees exceeds the number of directors to be elected), the standard for election of directors is a plurality of the votes cast by holders of shares entitled to vote in the election at a meeting.

Management Succession Planning

The Board and management believe that one of their primary responsibilities is to ensure that the Company has the appropriate leadership capability to effectively deliver upon its business commitments. The Company's management is actively engaged and involved in leadership development, having regular discussions of the leadership capabilities of the organization and the attraction, development and retention of critical talent to promote future success. In addition to the Company's regular review of leadership capabilities, the Board annually conducts a detailed review of the talent strategies for the entire organization and reviews succession plans for senior leadership positions, including those of the Co-Presidents. The Board reviews high-potential employees, evaluates plans to develop their management and leadership capabilities and sanctions the strategies used to deploy these individuals most effectively. In addition to the annual review, succession is regularly discussed in executive sessions of the Board and in Board Committee meetings, as applicable. Directors become familiar with potential successors for key leadership positions through various means, including the comprehensive annual talent and succession review, Board meeting presentations and less formal interactions throughout the course of the year.

Our entire Board, with the oversight of our Corporate Governance and Nominating Committee, is responsible for implementing succession procedures for the Co-Presidents. We believe that the Board, led by our Chairman, should collaborate with the Co-Presidents on the critical aspects of the succession planning process, including establishing selection criteria, identifying and evaluating candidates and making management succession decisions. The Board has procedures in place to respond to an unexpected vacancy in one or more of the Co-Presidents' positions, including a detailed review of the succession plan annually by the Corporate Governance and Nominating Committee. It is the Board's practice to be prepared for a planned or unplanned change in leadership in order to ensure the stability of the Company.

The Board has a standing Audit Committee, Compensation Committee, Corporate Governance and Nominating Committee, Finance Committee and Technology Committee. Each Committee has a Board-approved Charter which is reviewed annually by the respective Committee. The Board makes Committee and Committee Chair assignments annually at its meeting immediately following the Annual Meeting, although further changes to Committee assignments may be made from time to time as deemed appropriate by the Board. The Board has determined that the Chairs and all Committee members are independent under the applicable NYSE rules. Committee Charters and current Committee membership are posted on our website at investor.nordstrom.com and may be viewed by selecting Corporate Governance. Audit Committee

As more fully described in its Charter, which is provided in Appendix C, the primary responsibility of the Audit Committee is to assist the Board in fulfilling its oversight responsibility by reviewing and discussing:

- the integrity of the Company's financial statements;
- the accounting, auditing and financial reporting processes of the Company;
- the management of business and financial risk and the internal controls environment;

- the Company's compliance with legal and regulatory requirements and ethics programs as established by management
- and the Board, in conjunction with any recommendations by the Corporate Governance and Nominating Committee with respect to corporate governance standards;
- the reports resulting from the performance of audits by the independent auditor and the internal audit team;
- the qualifications, independence and performance of the Company's independent auditors; and
- the performance of the Company's internal audit team.

The Audit Committee meets regularly with the independent registered public accounting firm and management, including the Vice President – Internal Audit, to review accounting, auditing and financial reporting processes, enterprise risk management, and compliance with laws and regulations. The Audit Committee also meets privately and separately with the independent registered public accounting firm, the Executive Vice President and Chief Financial Officer and the Vice President – Internal Audit.

In addition to meeting the independence requirement for audit committee members, each current member of the Audit Committee also meets the financial literacy and experience requirements contained in the corporate governance listing standards of the NYSE. The Board has determined that all Audit Committee members qualify as “audit committee financial experts” under the regulations of the SEC. Although all members of the Audit Committee meet the current regulatory requirements for accounting or related financial management expertise and the Board has determined that each of them qualifies as an “audit committee financial expert,” members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not technical experts in auditing or accounting.

Compensation Committee

As more fully described in its Charter, the primary responsibilities of the Compensation Committee are to:

- approve an overall compensation philosophy for the Company's Executive Officers in light of the Company's goals and objectives. The Executive Officers are referenced on pages 25 and 26 and include the Named Executive Officers shown in the Compensation Discussion and Analysis on page 27 and other business unit presidents and Company executives over major organizational functions reporting to the Co-Presidents or other senior executives;
- select performance measures aligned with the Company's business strategy;
- review and approve the Company's cash and equity-based compensation plans for executives;
- review and approve any benefit plans, retirement and deferred compensation or other perquisites offered to the Executive Officers and other eligible employees; and
- review the Company's compensation practices so that they do not encourage imprudent risk taking.

The Committee has the sole authority to retain such consultants and advisors as it may deem appropriate and to approve related fees and other retention terms. The Committee has retained Semler Brossy Consulting Group, LLC ("Semler Brossy"), an independent compensation consulting firm, to advise the Committee on executive compensation and benefit matters. Semler Brossy reports directly to the Committee, provides services only as directed by the Committee or other Committees of the Board and has no other relationship with the Company. A consultant from Semler Brossy attends Committee meetings in person or by phone and supports the Committee by providing independent expertise on market practices and trends in executive compensation within the general industry and the peer group defined for such purposes. Additionally, the consultant provides advice regarding the composition of the Company's peer group and analysis of peer group practices for base salary, performance-based bonus, long-term incentives and other compensation elements, and advice on management's proposed levels of executive compensation. Semler Brossy also advises the Committee on compensation program design including incentive structure, stock ownership guidelines, regulatory requirements related to executive compensation, plans submitted to shareholders for approval, governance responsibilities, and such other matters as assigned by the Committee from time to time as necessary to carry out its responsibilities under its Charter.

Also during the past fiscal year, the Board reviewed and discussed alternatives regarding the deployment of the proceeds from the sale of the Company's credit card receivables and appointed a Special Committee which held one meeting devoted to allocation and use of the proceeds from the sale. Each Director attended at least 75% of the aggregate of all meetings of the Board and the Committees on which he or she served during the year and overall attendance at the meetings, on a combined basis, was 92%. Independent members of the Board met at each quarterly meeting of the Board in executive session without management present.

Attendance at the Annual Meeting of Shareholders

Although all members of the Board are expected to attend each Annual Meeting of Shareholders, the Company has not adopted a formal policy on Board member attendance. All Directors attended the 2015 Annual Meeting of Shareholders. Shareholders are encouraged to direct any questions that they may have to the Directors or management at the Annual Meeting.

Director Compensation

The Company's pay-for-performance philosophy for Director compensation reflects the Board's belief that payment of a majority of the Director fees in the form of Common Stock aligns the interests of Directors with the interests of the Company's shareholders and enhances Director compensation when the Company performs well. The Board believes that the Director fees paid by the Company should be competitive with other companies of similar characteristics.

Employee Directors of the Company are not paid any fees for serving as members of the Board. Nonemployee Director compensation consists of the following elements:

Annual Compensation Elements for 2015	Amount (\$)^(a)

(a) Fees Earned or Paid in Cash

The amounts reported reflect the cash fees paid to each nonemployee Director, whether or not such fees were deferred or taken as Common Stock. In addition to the \$85,000 annual retainer, Mr. Miller and Mr. Satre each received \$15,000 for service as the Finance Committee Chair and Corporate Governance and Nominating Committee Chair, respectively. Mr. Brad Smith received \$15,000 for service as the Audit Committee Chair and \$15,000 for service as Audit Committee Liaison, the prorated fee for his appointment in August 2015 to those positions. Mr. Turner received \$15,000 for service as the Technology Committee Chair and elected to take his cash fees in Common Stock. Mr. Walter received \$20,000 for service as the Compensation Committee Chair, and Ms. Winter received \$20,000 for service as the Audit Committee Chair and \$20,000 for service as Audit Committee Liaison.

(b) Deferred Compensation Program

Nonemployee Directors may elect to defer all or a part of their cash retainers and stock awards under the Nordstrom Directors Deferred Compensation Plan (“Directors Plan”). Directors are required to make advance elections to defer the receipt of fees or stock awards, and all deferral elections generally are irrevocable. Directors are also required to make advance elections about the form and timing of distribution of their deferred cash fees or stock awards.

In 2015, cash deferrals could be directed among 19 deemed investment alternatives and gains and losses for cash deferrals were posted to the Director's account daily based on their investment elections. In addition, plan participants were offered a fixed rate option of 5% in 2015, which was not subsidized by the Company, but rather was a rate based on guaranteed contractual returns from a third-party insurance company provider. Deferred stock awards are credited to the Director's account as units. Each unit in the Directors Plan is equal in value to the price of one share of Common Stock. Each deferred unit is credited with dividends, in the form of additional units, to the same extent as a share of Common Stock.

During the fiscal year ended January 30, 2016, Ms. Archambeau deferred 100% of her cash fees to the Directors Plan, and Mr. Satre and Mr. Walter each deferred 100% of his stock award into the Directors Plan.

(c) Stock Award

The amounts reported reflect the grant date fair value associated with each Director's stock awards. Fractional shares are not awarded or paid in cash. In recognition of the significant time and attention in performing the duties required of the position, our Chairman of the Board is annually awarded, on the date of the Company's Annual Meeting, an additional stock award having a value of \$200,000.

(d) All Other Compensation

All Directors, their spouses and eligible children may participate in the Company's employee merchandise discount program. The program provides discounts ranging from 20% for eligible nonmanagement employees up to 33% for eligible management and high-performing nonmanagement employees and Directors. A 40% discount is available at certain times of the year on specified merchandise. These discounts vary somewhat by source and type of merchandise or service. During the fiscal year ended January 30, 2016, All Other Compensation consisted only of merchandise discounts.

PROPOSAL 1 ELECTION OF DIRECTORS

The Board recommends a vote FOR each nominee.

Twelve nominees, recommended by the Company's Board of Directors, will be elected at the Annual Meeting, each to hold office until the 2017 Annual Meeting of Shareholders and until their successors have been duly elected and qualified. All of the nominees, who are listed in this Proposal 1, are currently Directors of the Company.

Director Qualifications and Experience

The Board, acting through the Corporate Governance and Nominating Committee, seeks a Board that, as a whole, possesses the experience, skills, backgrounds and qualifications appropriate to function effectively in light of the Company's current and evolving business circumstances. The Committee reviews the size of the Board, the tenure of our Directors and their skills, backgrounds and experiences in determining the slate of nominees and whether to seek one or more new candidates. The Committee seeks directors with established records of significant accomplishments in business and areas relevant to our strategies. With respect to the nomination of continuing Directors for re-election, the individual's prior contributions to the Board are also considered.

All of our Directors bring to our Board a wealth of executive leadership experience derived from their service as executives and, in most cases, chief executive officers of large corporations. As a group, they also bring extensive board experience. The process undertaken by the Committee in recommending qualified director candidates is described in the Director Nominating Process below.

Director Nominating Process

The Corporate Governance and Nominating Committee is responsible for identifying and recommending to the Board the nominees to stand for election as directors at each Annual Meeting of Shareholders or, if applicable, at a special meeting of shareholders.

In nominating director candidates, the Committee considers such factors as it deems appropriate, including whether there are any evolving needs of the Board with respect to a particular field, skill or experience. These factors may include judgment, skill, experience with businesses and other organizations, the candidate's experience and skill set relative to those of other members of the Board and the extent to which the candidate would be a desirable addition to the Board and any Committees of the Board. In addition to these factors, the Committee may also consider a director candidate's diversity of background during the evaluation and selection process of director candidates. In this context,

diversity is broadly construed to mean varied skills, backgrounds and experiences, which include gender and ethnicity, as well as other differentiating characteristics, all in the context of the requirements and needs of the Board at that point in time. The Committee, however, does not have a formal policy regarding how diversity of background should be applied in identifying or evaluating director candidates, and, depending on the current needs of the Board, the Committee may weigh certain factors more or less heavily. The goal of the Committee is to assist the Board in attracting competent individuals with the requisite management, financial and other expertise who will act as directors in the best interests of the Company and its shareholders.

The Committee will consider the qualifications of director candidates recommended by shareholders, and evaluate each of them using the same criteria the Committee uses for incumbent candidates. Shareholders who wish to submit nominees for election as directors should follow the procedures described on page 64.

The following table summarizes key qualifications, skills or attributes most relevant to the decision to nominate an individual to serve on the Board. A mark indicates an area of focus or expertise on which the Board relies. The lack of a mark, however, does not mean the Director does not possess that qualification or skill.

The Charter contains a detailed description of the scope of the Audit Committee's responsibilities and how they will be carried out. The Audit Committee's Charter is available on our website at investor.nordstrom.com, under Corporate Governance.

The Board determined that each member of the Audit Committee is independent from the Company as such term is defined in Sections 303.01(B)(2)(a) and (3) of the NYSE's listing standards at all times during the fiscal year and that each member was an "audit committee financial expert" within the meaning of Item 407 of Regulation S-K under the Securities Exchange Act of 1934.

The Audit Committee serves in an oversight capacity and is not part of the Company's managerial or operational decision-making process. As part of its responsibilities for oversight of the Company's Enterprise Risk Management process, the Audit Committee reviews and discusses Company policies and processes with respect to risk assessment and risk management, including discussions of individual risk areas. Management is responsible for the Company's internal controls and the financial reporting process. Deloitte, the Company's independent registered public accounting firm, reports to the Company's Audit Committee, and is responsible for performing an integrated audit of the Company's consolidated financial statements and internal control over financial reporting in accordance with auditing standards generally accepted in the United States of America.

Deloitte and the Company's internal auditors have full access to the Audit Committee. The auditors meet with the Audit Committee at each of the Audit Committee's regularly scheduled meetings, with and without management being present, to discuss appropriate matters. The Audit Committee has the sole authority to engage, evaluate and terminate the Company's independent auditors. The Audit Committee also pre-approves all auditing services, internal control-related services and permitted nonaudit services to be performed by the Company's independent auditors, and periodically reviews whether to request proposals for the engagement of the independent audit firm.

The Audit Committee recommended to the Board that the audited consolidated financial statements for the fiscal year ended January 30, 2016 be included in the Company's Annual Report on Form 10-K for such fiscal year, based on the following actions by the Committee:

- review and discussion of the Company’s audited consolidated financial statements with management;
- review of the unaudited interim financial statements and Forms 10-Q prepared each quarter by the Company;
- review of the Company’s Disclosure Committee practices and the certifications prepared each quarter in accordance with Sections 302 and 906 of the Sarbanes-Oxley Act of 2002;
- discussions with management regarding the critical accounting estimates on which the financial statements are based, as well as its evaluation of alternative accounting treatments;
- receipt of management representations that the Company’s financial statements were prepared in accordance with accounting principles generally accepted in the United States of America;
- discussions with management, the internal auditors, and Deloitte regarding management’s assessment of the
- effectiveness of the Company’s internal control over financial reporting and Deloitte’s evaluation of the Company’s internal control over financial reporting;
- discussions with legal counsel and management regarding contingent liabilities;
- receipt of the written disclosures and letter from Deloitte required by the Public Company Accounting Oversight Board Ethics and Independence Rule 3526, Communication with Audit Committees Concerning Independence; and
- discussions with Deloitte regarding their independence, the audited consolidated financial statements, the matters
- required to be discussed by *Auditing Standard No. 16 Communications with Audit Committees*, as amended, and other matters, including Rule 2-07 of SEC Regulation S-X.

[Back to Contents](#)**PROPOSAL 2** RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**The Board recommends a vote FOR this proposal.**

The Audit Committee, consistent with NYSE and SEC rules, has appointed Deloitte to be the Company's independent registered public accounting firm for the fiscal year ending January 28, 2017. Deloitte and its predecessors have served as the Company's independent registered public accounting firm for over forty years, including the fiscal year ended January 30, 2016.

As a matter of good corporate practice to provide shareholders an avenue to express their views on this matter, the Board has determined to seek shareholder ratification of Deloitte's appointment at this time. If the shareholders do not ratify the appointment of Deloitte, the Board will reconsider the appointment. A representative of Deloitte will be present at the Annual Meeting, will have the opportunity to make a statement if he or she so desires, and will be available to respond to questions.

Audit Fees

The following table summarizes fees billed or expected to be billed to the Company by Deloitte in connection with services for the fiscal years ended January 30, 2016 and January 31, 2015:

Tax Fees ^(c)	9,000	1	50,000	2
TOTAL	3,168,000	100	3,079,000	100

(a) Audit Fees

Audit Fees primarily include services for (i) auditing the consolidated financial statements of the Company and the separate financial statements of one of the Company's wholly-owned subsidiaries, Nordstrom fsb; (ii) reviewing the interim financial information of the Company included in its Form 10-Qs; and (iii) auditing the Company's internal control over financial reporting. Substantially all of Deloitte's work on these audits was performed by full-time, regular

employees and partners of Deloitte and its affiliates.

(b) Audit-Related Fees

Audit-Related Fees are fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and internal control over financial reporting. Also included are accounting research tool subscription fees of \$2,850 for fiscal year ended January 30, 2016 and \$2,847 for fiscal year ended January 31, 2015.

(c) Tax Fees

Tax Fees include various tax planning projects and miscellaneous compliance matters.

Pre-Approval Policy

Consistent with SEC policies regarding auditor independence, the services performed by Deloitte for the fiscal years ended January 30, 2016 and January 31, 2015 were pre-approved in accordance with the policies and procedures adopted by the Audit Committee. The pre-approval policy is periodically reviewed and updated. It describes the permitted audit, audit-related, tax and other services that Deloitte may perform. Normally, pre-approval is provided at regularly scheduled Audit Committee meetings. However, the authority to grant specific pre-approval between meetings, as necessary, has been assigned to the Chair of the Audit Committee. The Chair is responsible for updating the Audit Committee at the next regularly scheduled meeting of any services that were pre-approved between meetings.

The Audit Committee approves fees up to a specified amount associated with each proposed service. Providing for fees up to a specified amount for a service incorporates appropriate oversight and control of the Deloitte relationship, while permitting the Company to receive immediate assistance from Deloitte when time is of the essence.

The Committee also reviews on a regular basis:

- a listing of approved services since its last review;
- a report summarizing the year-to-date services provided by Deloitte, including fees paid for those services; and
- a projection for the current fiscal year of estimated fees.

The policy prohibits the Company from engaging the independent registered public accountants for services billed on a contingent fee basis and from hiring current or former employees of the independent auditor who have not satisfied the statutory cooling-off period for certain positions.

2015 Snapshot

Continued Growth Despite Challenging Retail Environment

In 2015, we continued to grow our business despite a more challenging retail environment in the second half of the year. We added nearly \$1B to our top-line, delivering total net sales growth of 7.5% and a comparable sales increase of 2.7%.

During the year, we achieved the following milestones in executing our customer strategy:

- Opened our first international flagship store in Vancouver, British Columbia, the most successful opening in our Company history.

- Grew Nordstromrack.com/HauteLook by 47%, reaching over \$500M in sales.
- Expanded our fulfillment network with our third fulfillment center in Elizabethtown, Pennsylvania, located within two-day delivery of approximately half the U.S. population.
- Initiated a strategic partnership with TD Bank on October 1, 2015, which included the sale of a substantial majority of our U.S. Visa and private label credit card receivables to TD.
- Returned \$2.4B to shareholders through share repurchase and dividends, of which \$1.8B resulted from the sale of our credit card receivables.
- Added over \$400M to our top-line growth from our investments in HauteLook, Canada and Trunk Club.
- Opened five Nordstrom full-line stores, including two in Canada, and 27 Nordstrom Rack stores.
- Increased the number of new and total customers.

These milestones are the outcome of our strategy to serve customers on their terms and to deliver the Nordstrom experience they expect. Several years ago, we began to accelerate growth in multiple channels to evolve the customer experience that merges the richness of stores with the convenience of online. We look forward to the opportunities ahead as we continue our goal of providing a best-in-class customer experience through service, product and capabilities across all channels at Nordstrom.

Shareholders Support our Compensation Program

Our shareholders approved our Board's recommendation to hold Say-on-Pay advisory votes on an annual basis so that we may communicate frequently and openly about the compensation of our Named Executive Officers. Each year since 2011, 94% or more of the votes cast have been in favor of our Say-on-Pay proposal. Shareholders have demonstrated strong support for our fundamental objective of pay for performance as we continue to apply these guiding principles:

- Motivate and reward** our people to achieve meaningful results that support our strategic goals and shareholder interests, while avoiding encouragement of excessive risk taking;
- Attract and keep** the best talent through programs that reflect our values and consider, but are not dictated by, market practice;
- Ensure the cost** of our programs best serve a balance of employee and shareholder business interests;
- Keep things simple** to promote understanding for our employees and transparency for our shareholders; and
- Be attuned to** trends and new ideas to support our programs and diverse workforce.

We Emphasize Variable Pay and Balance Short- and Long-Term Incentives

In accordance with our pay-for-performance philosophy, the compensation program for our Named Executive Officers is straightforward in design and includes four primary elements: base salary, performance-based bonus, long-term incentives and benefits. Within these elements, we emphasize variable pay over fixed pay, with approximately 80% of our Named Executive Officers’ combined target compensation linked to our financial or market results (excluding one-time payments such as new-hire grants or relocation). The program also balances the importance of these executives achieving both critical short-term objectives and strategic long-term priorities.

Our Variable Pay Reflects Company Performance

Under our pay-for-performance design, payouts to the Named Executive Officers in fiscal year 2015 were closely aligned with results for their variable pay components:

Performance-based bonuses did not pay out. While our Incentive ROIC achievement of 11.0% exceeded the established threshold of 10.5%, our Incentive EBIT achievement of \$1,246M fell below the established threshold of \$1,269M. See page 33 and Appendix B to learn more about the performance-based bonus pay element including Incentive ROIC and Incentive EBIT results for 2015.

Performance share units granted under the long-term incentive plan paid out at 75% as our Total Shareholder Return (“TSR”) was positive and outpaced more than half of our retail peers over the 2013-2015 fiscal year performance cycle, surpassing the minimum threshold of greater than 50th percentile rank. See page 34 to learn more about the long-term incentive pay element and results for 2015.

Payouts for these variable compensation elements in prior years have been closely aligned with Company results as well. The graphs on the following page show the average performance-based payouts to our Co-Presidents relative to Incentive EBIT and TSR ranking for fiscal year 2015 and the four prior years. This pattern of pay for performance is consistent for the other Named Executive Officers during these periods.

[Back to Contents](#)

Annual EBIT Results are used to determine performance-based bonus payouts and, as in 2015, may reflect related adjustments under the Executive Management Bonus Plan. See page 33 and Appendix B to learn more about the performance-based bonus pay element including Incentive ROIC and Incentive EBIT results for 2015.

3-Year TSR Ranking is based on our TSR results for the performance period, relative to our peers. See page 34 to learn more about long-term incentive pay.

The Compensation Committee reviews these results and other analyses to ensure the Named Executive Officers' aggregate compensation aligns with shareholder interests. Based on these and other outcomes, the Compensation Committee believes that total direct compensation for our Named Executive Officers reflects our pay-for-performance objective and is well-aligned with shareholder interests.

Effective Corporate Governance Reinforces Our Compensation Program

Our executive compensation philosophy is reflected in governance practices that support the needs of our business, drive performance and align with our shareholders' long-term interests. Below is a summary of what we do and don't do in that regard.

WHAT WE DO

Pay for performance: Our compensation program for Named Executive Officers emphasizes variable pay over fixed pay, with approximately 80% of their collective target compensation linked to our financial or market results.

Retain meaningful stock ownership guidelines: Our expectations for ownership align executives' interests with those of our shareholders, and all Named Executive Officers have exceeded their targets.

Mitigate undue risk: We have caps on potential bonus payments, a clawback policy on performance-based compensation, and active and engaged oversight and risk management systems, including those related to compensation-related risk.

Engage an independent compensation consulting firm: The Compensation Committee's consultant does not provide any other services to the Company.

Apply conservative post-employment and change in control provisions: Executive Officers are subject to provisions in the same manner as those for our broader employee population.

Limit accelerated vesting: Our equity plan provides for accelerated vesting of equity awards after a change in control only if an executive is involuntarily terminated, a provision referred to as a "double trigger."

Restrict pledging activity: All Executive Officers are subject to pre-clearance requirements and restrictions.

Receive strong shareholder support: Each year since 2011, 94% or more of the votes cast have been in favor of our Say-on-Pay proposal.

WHAT WE DON'T DO

Provide employment agreements.

Offer separation benefits to Named Executive Officers who are Nordstrom family members.

Offer special perquisites to our Named Executive Officers.

Maintain separate change in control agreements.

Gross up taxes upon change in control payments.

Gross up taxes, except selected relocation expenses.

Reprice underwater stock options.

Issue grants below 100% fair market value.

Pay dividends on unearned performance share units.

Permit hedging or short-sale transactions.

Count pledged shares towards stock ownership targets.

Context for Understanding Our Compensation Program and Decisions

This section provides background on the roles involved in determining compensation for our Named Executive Officers, our use of market data and the companies selected for our peer group.

Our Roles in Determining Compensation are Well Defined

Compensation Committee

Our Compensation Committee (“Committee”) oversees the development and delivery of our guiding principles and compensation plans for the Named Executive Officers and other executives as described in the Committee Charter on our website at *investor.nordstrom.com*.

As part of that oversight, the Committee ensures the Named Executive Officers’ aggregate compensation aligns with shareholder interests by reviewing analyses that includes:

- **Cash alignment** to evaluate the short-term incentive payouts relative to our EBIT performance results.
- **Relative pay and performance** to compare the percentile rankings of our total direct compensation (base salary + performance-based bonus + long-term incentives) with financial performance metrics of our peer group.

Compensation Committee Consultant

The Committee’s independent executive compensation consulting firm, Semler Brossy Consulting Group, LLC (“Semler Brossy”), is retained by, and reports directly to, the Committee. A consultant from that firm attends the Committee meetings and supports the Committee’s role by providing independent expertise on market practices, compensation program design and related subjects as described on page 15. Semler Brossy provides services only as directed by the Committee and has no other relationship with the Company. There were no fees paid to Semler Brossy for services that were not related exclusively to executive or Director compensation during fiscal year 2015.

Management

Our Co-Presidents provide input to the Committee on the level and design of compensation elements for the Named Executive Officers and other Executive Officers, excluding themselves. Our Executive Vice President – Human Resources joins the Co-President(s) in Compensation Committee meetings to provide perspective and expertise relevant to the agenda. Management supports the Committee’s activity by providing analyses and recommendations developed internally or occasionally with the assistance of external consulting firms other than the Committee’s consulting firm. Management did not utilize any external consultants for such assistance in 2015.

Market Data Provides a Reference Point for Compensation

The Committee believes that knowledge of market practices, particularly those of our peers listed on the following page, is helpful in assessing the design and targeted level of our executive compensation package. In reviewing peer group information, the Committee uses a customized survey prepared by external consultants (Hay Group), monitors general market movement for executive pay and references proxy statements for specific roles.

During the year, the Committee also reviews general information from other published and private surveys to keep current on trends and practices while recognizing the differences across companies’ philosophies and plan designs.

When the Committee reviews market data, they consider the 50th percentile (median) of our peer group as a reference point, rather than a policy, for positioning target total direct compensation. Target opportunities for individual pay elements vary by executive role based on scope of responsibilities and expected contributions.

Blake Nordstrom, Peter Nordstrom and Erik Nordstrom’s target total direct compensation for 2015 was below our peer group median. Michael Koppel and Christine Deputy’s target total direct compensation was within a competitive range of our peer group median. Actual pay for the Named Executive Officers can exceed our established targets or peer group actual pay through the variable compensation elements when pre-determined performance milestones are achieved.

Peer Group Companies Represent Our Business

Each year, the Committee reviews the appropriateness of our peer group for comparison on pay and related practices. While the companies represent prominent brands and specialty retailers that are relevant to Nordstrom, they may not always have a direct match to our product offerings or annual revenue. However, the peer group companies meet the following selection criteria:

-

collective representation of our primary business areas including our full-price, off-price, in stores, and online business and private label products;

some overlap with our industry group as defined by institutional shareholders and shareholder service organizations;

general compatibility with our compensation strategy through a competitive offering of the primary pay elements of base salary, performance-based bonus and long-term incentives; and

public company subject to similar market pressures with a track record of sustainability.

NORDSTROM, INC. - 2016 Proxy Statement 31

[Back to Contents](#)

Our peer group used for determining compensation in fiscal year 2015 was comprised of the following retail companies:

Abercrombie & Fitch Co.	Kohl’s Corporation	Starbucks Corporation
Bed Bath & Beyond, Inc.	L. Brands, Inc.	Tiffany & Co.
Coach, Inc.	Macy’s, Inc.	The TJX Companies, Inc.
Dillard’s, Inc.	Neiman Marcus, Inc.	Urban Outfitters, Inc.
Foot Locker, Inc.	Nike, Inc.	VF Corporation
Gap, Inc.	Ralph Lauren Corporation	Williams-Sonoma, Inc.
J.C. Penney Company, Inc.	Ross Stores, Inc.	

During 2015, as part of its annual review of peer companies to be used for compensation comparison purposes, the Committee updated the peer group for 2016 by (1) **removing** Abercrombie & Fitch Co. due to its decreasing size, and (2) **adding** Michael Kors Holdings Limited and The Estee Lauder Companies, Inc. because both fit within our selection criteria.

Each Element of Compensation Has its Own Purpose

Our compensation program for Named Executive Officers is made up of four primary elements outlined below. Each element has its own purpose based on our fundamental premise of pay for performance and our guiding principles. Additional information is provided on the following page in the “About Our Compensation Elements, What We Paid in 2015 and Why” section.

Compensation Element	Purpose
Base Salary (Page 33)	Reflect scope of the role and individual performance through base-line cash compensation.
Performance-Based Annual Cash Bonus (Page 33)	Motivate and reward contributions to annual operating performance and long-term business strategy with cash that varies based on results.
Long-Term Incentives (Page 34)	Promote alignment of executive decisions with Company goals and shareholder interests through stock options, performance share units and restricted stock units where value varies with Company stock performance.
Benefits (Page 35)	Provide meaningful and competitive broad-based, leadership and retirement benefits that support healthy lifestyles and contribute to financial security.

Only Base Pay Values Changed for 2015

Edgar Filing: NORDSTROM INC - Form DEF 14A

About Our Compensation Elements, What We Paid in 2015 and Why

Base Salary

The Committee begins its annual review of base salary for the Named Executive Officers through discussion with the Co-Presidents on the expectations and achievements of each executive during the previous year, as well as their pay history and pay equity with other internal roles. The Committee then references our pay levels to similar roles in peer companies to ensure they are within a competitive range of peer group median.

Named Executive Officers do not necessarily receive increases in base salary every year. When they do, the changes are effective April 1st following their annual performance review, which includes a discussion about individual results against defined expectations.

For 2015, Blake Nordstrom, Peter Nordstrom, Erik Nordstrom and Michael Koppel received increases in base pay to acknowledge their performance and maintain relative market competitiveness.

Performance-Based Annual Cash Bonus

The opportunity for annual performance-based cash awards under our shareholder-approved Nordstrom, Inc. Executive Management Bonus Plan is designed to focus the Named Executive Officers on the alignment between annual operating performance and long-term business strategy. In support of our guiding principles, the performance-based bonus awards pay out only when pre-determined performance milestones are achieved. The Committee establishes the following criteria in developing the annual bonus arrangements:

Target bonus opportunity: In determining the target percentage of base salary shown on page 32, the Committee takes into account the mix of pay elements, market pay information for similar roles within our peer group and the internal relationship between roles within the Company.

In support of our pay-for-performance philosophy, the maximum bonus payout, which is associated with superior performance, is 2.5 times an executive's target bonus opportunity. This maximum is higher than is common among our retail peers because we believe it is important to continue encouraging and paying rewards when we achieve truly superior results.

Performance measures: The Committee establishes the performance measures to focus executives on the most important annual and long-term strategic goals. For fiscal year 2015, the Named Executive Officers all had the following measures:

ROIC to ensure our overall performance aligns directly with shareholder returns over the long term. The measure is expressed as a threshold that must be met before any payout can be made on EBIT results to ensure our executives are rewarded only after earnings generate a meaningful return for our shareholders.

EBIT to emphasize the importance of earnings and its role in driving shareholder value. Each executive's performance-based bonus was weighted 100% on this measure, subject to the ROIC threshold.

Performance measure milestones: The Committee defines financial milestones for ROIC (as a threshold) and EBIT (as a range) that relate to varying percentages of bonus payout. The difficulty level in achieving the milestones reflects the Committee's belief that there should be a balance between executive pay opportunity, reinvestment in the Company and return to shareholders.

In accordance with our bonus plan, ROIC and EBIT achievement used to determine bonus payout may differ from ROIC and EBIT, as reported in our Form 10-K filed on March 14, 2016, due to the exclusion of certain one-time gains or losses. In this situation, we refer to the measure achievements as Incentive ROIC and Incentive EBIT. This is the case for 2015 where achievements reflect non-operating related adjustments not included in the financial plan.

The ROIC threshold was set at a level consistent with the minimum EBIT performance to ensure that an appropriate return on our invested capital was achieved before any bonus was paid out. The 2015 Incentive ROIC achievement of 11.0% exceeded the established threshold of 10.5%.

The minimum EBIT performance milestone was established at a likely, but not certain, level of attainment and was based on growth assumptions for sales and earnings. The minimum performance milestone ensures no payout is earned until a defined level of EBIT is achieved. The target performance represents stretch results relative to growth in the annual operating plan, our historical performance trends, market conditions and current external projections for the Company. The superior performance milestone indicates breakthrough results and considers earlier periods of strong earnings growth. The 2015 Incentive EBIT achievement of \$1,246M fell below the minimum performance milestone of \$1,269M required for payout.

Because the EBIT performance threshold was not achieved, no performance-based bonuses were awarded to our Named Executive Officers in 2015. The fiscal year 2015 EBIT performance milestones and Incentive EBIT achievement are shown below. Incentive ROIC and Incentive EBIT are not measures of financial performance under Generally Accepted Accounting Principles ("GAAP") and should be considered in addition to, and not a substitute for, return on assets, net earnings, total assets and other financial measures prepared in accordance with GAAP. See Appendix B for a reconciliation of GAAP and non-GAAP financial measures.

2015 EBIT Milestones and Bonus Payout

	Minimum	Threshold	Target	Superior / Maximum	Actual Achievement
EBIT Performance	Less than \$1,269M	\$1,269M	\$1,349M	\$1,415M or Greater	\$1,246M

Long-Term Incentives

Annual grants of equity under the shareholder-approved 2010 Equity Incentive Plan provide the Named Executive Officers with additional incentive to create shareholder value and receive financial rewards. The long-term incentive value that determines the size of the annual grant to Named Executive Officers is expressed as a percentage of base salary as shown on page 32.

In establishing the long-term incentive value at grant for each Named Executive Officer, the Committee considers the mix of pay elements, market pay information for similar roles within our peer group, our annual share usage and dilution, and internal equity of grant size by role. The grant value of the equity awarded to the Named Executive Officers, other than Christine Deputy, in the fiscal year 2015 annual grant consisted of 50% stock options, 25% performance share units and 25% restricted stock units. Because Christine Deputy was hired midyear, she did not receive performance share units as part of her annual grant. Instead, she received the grant value as 50% stock options and 50% restricted stock units. In addition to the 2015 annual grant, Christine Deputy received a new-hire grant consisting of restricted stock units, as reported on page 43.

The Committee typically approves annual grants of equity awards during the February Committee meeting, which is scheduled at least a year in advance. Scheduling decisions are made without regard to anticipated earnings or other major announcements by the Company. The February meeting occurs after performance results for the prior year are known, which allows the Committee to align compensation elements with our performance and business goals.

Stock Options, Performance Share Units and Restricted Stock Units Create the Right Balance

The Committee believes the relationship between our equity vehicles represents the right balance of absolute and relative performance.

Stock options provide motivation for creating increased value while aligning management and shareholder interests in our growth. The options vest and become exercisable in four equal annual installments and have a 10-year term. None of our equity incentive plans permit repricing, grant prices below 100% of the fair market value of Common Stock on the date of grant or cash dividend payments on options.

Performance share units focus the executives on relative performance compared to companies in Standard & Poor's 500. The units are earned after a 3-year performance cycle only when the Company's TSR outperforms more than 50% of the companies identified for that grant. The Committee believes relative TSR is a meaningful measure for performance share units as it aligns with shareholder interests and complements the measures established for executives under the performance-based bonus plan.

For purposes of determining the TSR percentile rank, the share price of our Common Stock and the share prices of the companies in the peer group are based on a 30 trading-day closing price average that is established both prior to the beginning of the performance cycle and prior to the end of the performance cycle. These parameters recognize the importance of relative performance while balancing against volatility within the peer group.

In keeping with our pay-for-performance philosophy, our approach to performance share units requires a high standard of performance before any payout may be earned. Given the potential leverage that we offer through the performance-based bonus plan and the value that could be realized from stock options and restricted stock units, the Committee believes this is the appropriate way to balance rewards.

The performance share units are earned on the last day of the 3-year cycle if performance criteria have been met, and become vested when the results have been certified by the Committee. The Named Executive Officers may elect to defer their vested units into the Executive Deferred Compensation Plan described on page 49.

Restricted stock units complement our objectives for balancing award value through both absolute and relative stock performance. Units granted as part of the annual grant vest in four equal annual installments.

2013 Performance Share Units Paid Out at 75%

Performance share units for the 2013-2015 fiscal year performance cycle were granted based on the vesting schedule shown below. At the end of the performance cycle, our TSR of 0.88% outpaced more than half of our retail peers, meeting the minimum threshold of greater than 50th percentile, which is required for payout. The value realized on vesting is included in the Option Exercises and Stock Vested in Fiscal Year 2015 table on page 47.

Required Percentile Rank for Vesting	% of Granted Performance Share Units Paid Out at Vesting
>90 th	175
>80 th	150
>75 th	125
>65 th	100
>50 th	75
≤50 th	0

At the time of grant in 2013, our peer group for performance share units included the companies listed below. Saks was removed from the peer group in 2013 after it was acquired. ANN, INC. was removed from the peer group in 2015 after it was acquired.

Abercrombie & Fitch Co.	Macy's, Inc.
ANN, INC.	Saks Incorporated

Chico's FAS, Inc.	Sears Holdings Corporation
Coach, Inc.	Target Corporation
Dillard's, Inc.	Tiffany & Co.
Gap, Inc.	The TJX Companies, Inc.
J.C. Penney Company, Inc.	Urban Outfitters, Inc.
Kohl's Corporation	VF Corporation
L. Brands, Inc.	

2014 and 2015 Performance Share Units are Still in Process

The 3-year performance cycle for the 2014 performance share units runs February 2, 2014 through January 28, 2017. The 3-year performance cycle for the 2015 performance share units runs February 1, 2015 through February 3, 2018. The vesting schedule for these grants is the same as shown above, and the peer group is comprised of companies in the Standard & Poor's 500 as of the first day of the performance cycle.

Adjustment of Outstanding Equity Awards Upon Special Dividend

The shareholder-approved 2010 Equity Incentive Plan requires that outstanding equity awards be adjusted in the event of a special dividend payment in order to maintain the economic value of outstanding awards. As a result, upon the sale of a substantial majority of the Company's credit card receivables and the Board's declaration of a special dividend on

October 1, 2015, outstanding equity awards and option exercise prices were adjusted. The adjusted values are reflected in the Grants of Plan-Based Awards in 2015 table on pages 42 and 43, Outstanding Equity Awards at Fiscal Year-End 2015 table on page 45, Option Exercises and Stock Vested in Fiscal Year 2015 table on page 47, and Equity Compensation Plans table on page 55.

Stock Ownership Guidelines Align Executives and Shareholders

Ownership of Common Stock by our Named Executive Officers and other Executive Officers is encouraged by management and the Board to align executives' interests with those of our shareholders. As a result, stock ownership guidelines were formally established in 2004. Ownership shares are made up of all forms of Common Stock, as well as vested performance share units that are deferred and unvested restricted stock units. Ownership shares do not include unvested or vested stock options, unvested performance share units or pledged shares.

The Named Executive Officers and other Executive Officers have an annual share target defined as base salary on each April 1st multiplied by their ownership multiple of base salary divided by the 52-week average closing stock price set each April 1st. The ownership multiples of base salary depend on the executive's role in the Company and are as shown in the following table for the Named Executive Officers. The Committee has assigned these particular multiples to match or exceed market practice, and to represent a significant portion of the overall compensation package to reinforce the alignment of management's decision making with shareholder interests.

Position	Multiple of Base Salary Used to Establish Ownership Target
Co-President	10x
Executive Vice President and Chief Financial Officer	4x
Executive Vice President – Human Resources	3x

Under our guidelines, Named Executive Officers and other Executive Officers are required to arrange for stock transactions in accordance with an SEC Rule 10b5-1 trading plan. These plans predetermine the timing, number of shares and price at which an Executive Officer may buy or sell Company shares. The Executive Officers must also achieve and retain a minimum holding of 100% of their ownership targets before they may sell Company shares.

The Committee regularly reviews stock ownership status for the Named Executive Officers. All of the Named Executive Officers have exceeded their ownership targets.

Benefits

Nordstrom offers the Named Executive Officers a comprehensive program of broad-based, leadership and retirement benefits. Their purpose varies by benefit, but in general enhances total compensation with meaningful and competitive offerings that support healthy lifestyles and contribute to financial security. These benefits are regularly reviewed for consistency with our guiding principles, organizational culture and market practices. Additional information on 2015 benefits is provided as noted below.

Changes for 2016

Each year, the Committee reviews the design of our total compensation elements and makes changes as needed to improve alignment with our guiding principles. In 2016, the Committee made the following changes:

Base Salary

For 2016, the Named Executive Officers received increases of approximately 2.5% in base pay to maintain relative market competitiveness.

Performance-Based Annual Cash Bonus

The Board is proposing an Amended and Restated Nordstrom, Inc. Executive Management Bonus Plan (see Proposal 4) to provide flexibility in the Company's incentive plan structure while preserving deductibility under Internal Revenue Code ("IRC") section 162(m). The Plan allows the Committee to develop executive-specific compensation plans within a 162(m)-compliant structure. The underlying plan is the performance-based annual cash bonus plan outlined on page 33.

In connection with the performance-based annual cash bonus plan, the Committee has added a Strategic Bonus Measure contingent upon shareholder approval of the Amended and Restated Nordstrom, Inc. Executive Management Bonus Plan. In addition to the ROIC and EBIT bonus measures, with this change the Committee will also take into account our success on executing against our strategic objectives.

Long-Term Incentives

Blake Nordstrom, Peter Nordstrom and Erik Nordstrom received an increase in their Long-Term Incentive Annual Grant, which increased the grant value as a percent of base salary from 250% to 350%, in order to improve market competitiveness.

We provided an increase to the 2016 Long-Term Incentive Annual Grant value as a percent of base salary for Michael Koppel from 175% to 233% and for Christine Deputy from 150% to 200% to reinforce our alignment of executive compensation with shareholder interests.

Benefits

The Committee approved an amendment to the Company's Leadership Separation Plan whereby only leadership employees whose positions are eliminated will be eligible for separation pay under the Plan. Blake Nordstrom, Peter Nordstrom and Erik Nordstrom are not eligible for the Leadership Separation Plan.

Additional Information

Compensation Risk Assessment Supports Integrity of the Pay Program

The Committee oversees an extensive review of the Company's pay-for-performance philosophy, the composition and balance of elements in the compensation package and the alignment of plans with shareholder interests to ensure these practices do not pose a material adverse risk to the organization.

The review is conducted every other year as underlying programs and practices are generally consistent over time. The last review, for fiscal year 2014, concluded with the following perspectives:

The goals of the Company's compensation programs are to attract and retain the best talent and to motivate and reward our people in ways that are aligned with the long-term interests of our shareholders. This has been a long-standing objective of our pay-for-performance philosophy. We believe that the strong alignment of our employee compensation plans with performance has served our stakeholders, and in particular, our shareholders, well. The strength of this alignment is regularly reviewed and monitored by the Committee.

As a fashion specialty retailer, the Company's compensation-related risks are generally more straightforward than some other business sectors. We have systems in place to identify, monitor and control risks, making it difficult for a single individual or a group of individuals to expose the Company to material risk.

Our compensation program rewards both short- and long-term performance. Company results are team-oriented rather than individually focused and tied to measurable factors that are both transparent to shareholders and drivers of

their returns.

The compensation program balances the importance of achieving critical short-term objectives with a focus on realizing strategic long-term priorities. Strong stock ownership guidelines are in place for Company leaders, and mechanisms, such as an executive clawback policy, exist to address inappropriate rewards.

The Committee is actively engaged in establishing compensation plans, monitoring these plans during the year and using discretion in making rewards, as necessary.

The Company has active and engaged oversight systems in place. The entire Board is aware of the compensation program, as established and approved by the Committee. The Audit Committee and the full Board closely monitor and certify the performance that drives employee rewards through detailed and transparent financial reporting, which is in place to provide strong, timely insight into the performance of the Company.

As a result of this review, the Committee believes that the Company's compensation plans do not encourage risk taking that is reasonably likely to have a material adverse effect on the Company.

Executive Compensation Clawback Policy Applies to Performance-Based Pay

In February 2008, the Board adopted a formal executive compensation clawback policy that applies to any performance-based bonus, equity, equity equivalent or other incentive compensation awarded to an Executive Officer, beginning in that fiscal year. Under that policy, in the event of a material restatement of the Company's financial results, the Board will review the circumstances that caused the restatement and consider accountability to determine whether an Executive Officer was negligent or engaged in misconduct. If so, and the amount or vesting of an award would have been less had the financial statements been correct, the Board will seek to recover compensation from the Executive Officer as it deems appropriate. This policy is in addition to any requirements which might be imposed pursuant to applicable law.

Termination and Change in Control Provisions are Committee-Directed

Under our Leadership Separation Plan, the eligible Named Executive Officers receive severance benefits upon involuntary termination of employment by the Company, other than for cause, to assist in the transition from active employment. Separation benefits are described in the Potential Payments Upon Termination or Change in Control section beginning on page 50.

As described in the same section, the Named Executive Officers are generally not entitled to any payment or accelerated benefit in connection with a change in control of the Company. However, the Named Executive Officers are entitled to accelerated vesting of equity if they experience a qualifying termination within 12 months following a change in control.

Tax and Accounting Considerations Underlie the Compensation Elements

The Committee recognizes the tax and regulatory factors that can influence the structure of executive compensation programs, including:

Section 162(m) of the IRC, which generally disallows a tax deduction to public companies for annual compensation over \$1M paid to their Named Executive Officers (other than the Principal Financial Officer). The IRC generally excludes from the calculation of the \$1M cap compensation that is based on the attainment of pre-established, objective performance goals established under a shareholder-approved plan. The Committee considers, among other things, the impact of this exclusion for performance-based compensation when developing and implementing our executive compensation programs. Annual awards under our short-term and long-term incentive plans are generally designed in a manner that is intended to meet the requirements under the exclusion. However, due to the complex nature of the requirements that must be met, we cannot guarantee that such awards will qualify as performance-based compensation under Section 162(m).

While the Committee seeks to preserve tax deductibility in developing and implementing our compensation program, the Committee also believes that it is important to maintain flexibility in administering compensation programs in a manner designed to promote varying Company goals. Therefore, amounts paid under any of our executive compensation programs may be subject to the Section 162(m) limitation on deductibility.

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification 718, Stock Compensation (“ASC 718”), where stock options, performance share units and restricted stock units are accounted for based on their grant date fair value (see the notes to the financial statements contained within the Company’s Annual Report on Form 10-K for the fiscal year ended January 30, 2016, filed with the SEC). The Committee regularly considers the accounting implications of our equity-based awards.

Section 409A of the IRC, the limitations of which primarily relate to the deferral and payment of benefits under the Executive Deferred Compensation Plan and Supplemental Executive Retirement Plan. The Committee continues to consider the impact of Section 409A and in general, the evolving tax and regulatory landscape in which its compensation decisions are made.

(a) Salary

The amounts shown represent base salary earned during the fiscal year. These numbers vary somewhat from the annual base salaries disclosed on page 32 due to the fact that our fiscal year ends on the Saturday nearest to January 31st and salary increases are effective April 1st of each year. The 2015 base salaries for the Named Executive Officers were \$740,000 each for Blake Nordstrom, Peter Nordstrom and Erik Nordstrom, \$770,000 for Michael Koppel and \$525,000 for Christine Deputy. The amount shown for Christine Deputy reflects a partial year of pay as she joined the Company in June 2015. Because she was not a Named Executive Officer prior to fiscal year 2015, no amounts are reported for fiscal years 2014 or 2013 in this column or others in the Summary Compensation Table.

Christine Deputy elected to defer \$17,680 of base salary earned during calendar year 2016 into the Executive Deferred Compensation Plan. Due to the timing of our fiscal year end, \$769 of this was attributed to fiscal year 2015, as reported in the Fiscal Year 2015 Nonqualified Deferred Compensation Table on page 50.

Blake Nordstrom, Michael Koppel, Peter Nordstrom and Erik Nordstrom all contributed a portion of their base salary earned during fiscal year 2015 to the 401(k) Plan.

(b) Bonus

Christine Deputy received a cash payment of \$200,000 as part of her new-hire compensation package when she joined the Company in June 2015.

(c) Stock Awards

The amounts reported for Blake Nordstrom, Michael Koppel, Peter Nordstrom and Erik Nordstrom reflect the grant date fair value of performance share units and restricted stock units granted during the fiscal year under the 2010 Equity Incentive Plan. The amount reported for Christine Deputy reflects the grant date fair value of the restricted stock units granted under the 2010 Equity Incentive Plan as part of her new-hire compensation package. The amounts reported are not the value actually received.

The value the Named Executive Officers will ultimately receive from their performance share units will depend on whether the performance requirement is met and the market price of Common Stock at the end of the performance cycle. The amounts reported were calculated in accordance with FASB Accounting Standards Codification 718, *Stock Compensation* (“ASC 718”) by multiplying the number of performance share units awarded by the closing price of Common Stock on the date of grant. See column (c) of the Grants of Plan-Based Awards in Fiscal Year 2015 table on pages 42 and 43 for the number of performance share units granted in fiscal year 2015.

The value the Named Executive Officers may receive from their restricted stock units will depend on whether the time-based vesting requirement is met and the market price of Common Stock on the vesting date. The amounts

reported were calculated in accordance with ASC 718 and were based on the number of restricted stock units granted and the closing price of Common Stock on the date of grant. See column (d) of the Grants of Plan-Based Awards in Fiscal Year 2015 table on pages 42 and 43 for the number of restricted stock units granted in fiscal year 2015.

(d) Option Awards

The amounts reported reflect the grant date fair value of stock options granted during the fiscal year under the 2010 Equity Incentive Plan. This is not the value received. The Named Executive Officers will only realize value from stock options if the market price of Common Stock is higher than the exercise price of the options at the time of exercise. The amounts reported were calculated in accordance with ASC 718. See column (e) of

[Back to Contents](#)

the Grants of Plan-Based Awards in Fiscal Year 2015 table on pages 42 and 43 for the number of stock options granted in fiscal year 2015.

Assumptions used in the calculation of these amounts for fiscal years 2015, 2014 and 2013 are included in the notes to the financial statements contained within the Company's Annual Report on Form 10-K for the fiscal year ended January 30, 2016, filed with the SEC.

(e) Non-Equity Incentive Plan Compensation

No amounts are reported for fiscal year 2015 because Company results that year did not meet the pre-established performance targets set by the Compensation Committee under the shareholder-approved Executive Management Bonus Plan and no performance-based bonuses were awarded to the Named Executive Officers for the year.

(f) Change in Pension Value and Nonqualified Deferred Compensation Earnings

The amounts to be reported are the changes in actuarial present value from fiscal year-end 2014 to fiscal year-end 2015 for each of the eligible Named Executive Officer's benefit under the Supplemental Executive Retirement Plan ("SERP"). The present value of the benefit is affected by current earnings, credited years of service, the executive's age and time until normal retirement eligibility, the age of the executive's spouse or life partner as the potential beneficiary, and economic assumptions (discount rate and mortality table used to determine the present value of the benefit).

The present value of Blake Nordstrom, Michael Koppel, Peter Nordstrom and Erik Nordstrom's benefits decreased from last year by \$1,143,415, \$785,760, \$1,268,866 and \$1,246,492, respectively. The decreases were primarily the results of an increase in the discount rate from 3.70% to 4.55% and an update to the mortality table used to determine the present value of the benefit. Decreases are not reported in the table, so no amounts are shown. No amount is reported for Christine Deputy because the SERP was closed to new entrants prior to when she joined the Company. See the Pension Benefits section beginning on page 48 for more information about the SERP.

The amounts were calculated using the same discount rate and mortality table assumptions as those used in the Company's financial statements to calculate the Company's obligations under the Plan. Assumptions used in the calculation of these amounts are included in the notes to the financial statements contained within the Company's Annual Report on Form 10-K for the fiscal year ended January 30, 2016, filed with the SEC.

Michael Koppel and Christine Deputy had account balances in the Executive Deferred Compensation Plan in fiscal year 2015, as shown on page 50. They did not receive any above-market-rate or preferential earnings on their deferred

compensation, so no amounts for these types of earnings are included in the table.

A detailed description of all other compensation paid to the Named Executive Officers is shown in the table below.

(b) Merchandise Discount

The Company provides a merchandise discount for its employees. The Named Executive Officers were provided a discount of 33% for purchases at Nordstrom full-line stores and Nordstrom.com and 20% for purchases at Nordstrom Rack stores, Nordstromrack.com/HauteLook and our restaurants. specified merchandise. The merchandise discount provided to the Named Executive Officers is the same as for all other eligible management and high-performing nonmanagement employees of the Company. The amounts reported are the total discounts the Named Executive Officers received on their Nordstrom purchases during the fiscal year.

(c) 401(k) Plan Company Match

The Company offers a matching contribution on employee 401(k) contributions under the 401(k) Plan to all eligible employees, including the Named Executive Officers. The Named Executive Officers may defer up to 16% of their eligible pay (i.e., base salary, performance-based bonus and other taxable wages) into the Plan, subject to IRC limits.

Although the matching contribution is discretionary and subject to change, the Company currently matches employee contributions for the Plan year, dollar for dollar, up to 4% of eligible pay. The 2015 calendar year compensation limit for eligible pay was \$265,000, as set by the IRS. The maximum Company contribution for the eligible Named Executive Officers was \$10,600 (4% x \$265,000), as reported on page 40.

The Company also offers a discretionary match up to an additional 2% of eligible pay, based on Company performance. However, based on the Company's performance in 2015, no additional profit-based match was made.

Contributions under the Plan may be directed to any of 13 custom target retirement date funds or to any of 9 individual investment alternatives, including Common Stock. The Plan also offers a self-directed brokerage option.

(d) Personal Use of Company Aircraft

The Company owns two aircraft which it uses for business purposes. On rare occasions, a Named Executive Officer's guest accompanies the executive on a business trip on the Company's aircraft as an additional passenger. Only the direct variable costs (i.e., costs the Company incurs solely as a result of the passenger being on the aircraft) are included in determining the aggregate incremental cost to the Company. When travel does not meet the IRS standard for business travel, the cost of the travel is imputed as income to the executive, which is the Company's practice to fully disclose. The Company does not reimburse the Named Executive Officers for taxes incurred as a result of the imputed income.

In fiscal year 2015, Blake Nordstrom and Erik Nordstrom were each accompanied by a family member on two business trips and Peter Nordstrom was accompanied by a family member on one business trip. The costs reported are the total direct variable costs associated with the family member's travel which include the tax deduction the Company was not able to take as a result of the nondeductible portion of the aircraft operating costs.

(e) Expenses in Connection with Relocation

The Company provides relocation assistance to eligible employees who have changed their place of residence to accept a position with Nordstrom. The type and amount of assistance varies by leadership level. Christine Deputy received the standard relocation benefits under our guidelines for an executive vice president when she moved from England to the Company's headquarters in Seattle. The amount reported is the cost incurred by the Company and includes home finding, final travel expenses, transportation of household goods and new home closing costs.

(f) Tax-Reimbursement

The Company provides reimbursement of all taxes incurred on taxable moving expenses to employees who have changed their place of residence to accept a position with Nordstrom. The amount reported is the tax reimbursement received by Christine Deputy in fiscal year 2015.

(a) Grant Date

The grant date is the first open-window trading day that falls on or after the Compensation Committee’s approval of the grant, or in the case of Christine Deputy, who joined the Company in June 2015, the first open-window trading day that falls on or after the later of the Compensation Committee’s approval of the grant or the executive’s hire date.

(b) Estimated Future Payouts Under Non-Equity Incentive Plan Awards

The amounts shown report the range of possible cash payouts for fiscal year 2015 associated with established levels of performance under the Executive Management Bonus Plan. The amounts shown in the “Threshold,” “Target” and “Maximum” columns reflect the payout opportunity associated with established levels of performance, as discussed on page 33. For there to be any payout, the minimum performance milestone must be achieved. For fiscal year 2015, the minimum performance milestone was not achieved so no bonus was earned or paid to the Named Executive Officers, as reported in the Summary Compensation Table on page 39, in column (e), “Non-Equity Incentive Plan Compensation.”

(c) Estimated Future Payouts Under Equity Incentive Plan Awards

The numbers shown report the range of potential performance share unit payouts for the three-year performance cycle of the 2015 grant, beginning February 1, 2015 and ending February 3, 2018. Payouts are shown in units at 75%, 100% and 175% of the number of performance share units granted. If the threshold level of performance is not met, no payout will be earned. The numbers shown reflect the adjustments approved by the Compensation Committee to mitigate the effect of the special dividend declared by the Company on October 1, 2015, as described in the Compensation Discussion and Analysis on page 34.

(d) All Other Stock Awards: Number of Shares of Stock or Units

The numbers shown report the number of restricted stock units granted to the Named Executive Officers in fiscal year 2015 under the 2010 Equity Incentive Plan. These restricted stock units granted to Blake Nordstrom, Michael Koppel, Peter Nordstrom and Erik Nordstrom vest in four equal annual installments beginning one year from the date of grant. Christine Deputy received restricted stock unit grants as part of her new-hire compensation package in 2015. These grants of 21,034 units, 6,062 units and 8,135 units vest in three, four and five equal annual installments, respectively, beginning one year from the date of grant. The numbers shown reflect the adjustments approved by the Compensation Committee to mitigate the effect of the special dividend declared by the Company on October 1, 2015, as described in the Compensation Discussion and Analysis on page 34. For more information about long-term incentive grant practices, see page 34.

(e) All Other Option Awards: Number of Securities Underlying Options

The numbers shown report the number of stock options granted to the Named Executive Officers in fiscal year 2015 under the 2010 Equity Incentive Plan, as adjusted by the Compensation Committee to mitigate the effect of the special dividend declared by the Company on October 1, 2015, described in the Compensation Discussion and Analysis on page 34. These stock options vest and become exercisable in four equal annual installments beginning one year from

the date of grant. For more information about long-term incentive grant practices, see page 34.

Under the 2010 Equity Incentive Plan, the Compensation Committee may grant different types of equity, including stock options, stock appreciation rights, unrestricted shares, restricted shares, restricted stock units and performance share units. In fiscal year 2015, the Named Executive Officers were granted stock options, restricted stock units and performance share units.

(f) Exercise or Base Price of Option Awards

The exercise prices of the stock options granted in fiscal year 2015 of \$75.23 and \$67.34 were the fair market values at the closing price of Common Stock on the grant dates, February 24, 2015 and August 24, 2015, respectively, as adjusted by the Compensation Committee to mitigate the effect of the special dividend declared by the Company on October 1, 2015, described in the Compensation Discussion and Analysis on page 34.

(g) Grant Date Fair Value of Stock and Option Awards

The grant date fair value of the performance share units, stock options and restricted stock units was calculated in accordance with ASC 718. The reported value for performance share units was calculated by multiplying the number of performance share units granted by the closing price of Common Stock on February 24, 2015, the date of grant, which was \$75.23. The reported value reflects the adjustment by the Compensation Committee to mitigate the effect of the special dividend declared by the Company on October 1, 2015, described in the Compensation Discussion and Analysis on page 34. This is not the value received. The actual value the Named Executive Officers may receive will depend on whether the performance requirement is met and the market price of Common Stock at the end of the performance cycle.

The reported value for stock options was calculated by multiplying the number of options awarded by the fair value of an option on the date of grant, which was \$19.70 and \$19.60 on February 24, 2015 and August 24, 2015, respectively. The reported value reflects the adjustment by the Compensation Committee to mitigate the effect of the special dividend declared by the Company on October 1, 2015, described in the Compensation Discussion and Analysis on page 34. The Named Executive Officers will only realize value from the stock options if the market price of Common Stock is higher than the grant price at the time of exercise. The actual value received by the Named Executive Officers will be the difference between the stock price at that future exercise date and the grant prices of \$75.23 and \$67.34 on February 24, 2015 and August 24, 2015, respectively.

The reported value for restricted stock units was calculated by multiplying the number of restricted stock units awarded by the fair value of the restricted stock units on the date of grant. The reported value reflects the adjustment by the Compensation Committee to mitigate the effect of the special dividend declared by the Company on October 1,

2015, described in the Compensation Discussion and Analysis on page 34. The adjusted fair value of the restricted stock units granted on February 24, 2015 was \$72.73. The adjusted fair values of restricted stock units granted on August 24, 2015 were \$65.37, \$64.95 and \$64.53 for the restricted stock units that vest annually over three, four and five years, respectively. This is not the value received. The actual value the Named Executive Officers may receive will depend on whether the time-based vesting requirement is met and the market price of Common Stock at the time of any vesting.

Outstanding Equity Awards at Fiscal Year-End 2015

The table on the following page provides information on the current holdings of stock options and stock awards by the Named Executive Officers as of the fiscal year ended January 30, 2016. The table includes vested but unexercised stock options, unvested stock options, unvested restricted stock units and performance share units with time remaining in their three-year performance cycles. The vesting schedules for outstanding stock options and restricted stock units and additional information about the outstanding performance share units is shown on pages 46 and 47. Information about the amount of Common Stock beneficially owned by the Named Executive Officers is shown in the Beneficial Ownership Table on page 59.

(c) Equity Incentive Plan Awards: Number of Unearned Shares, Units, or Other Rights That Have Not Vested

The numbers reported are the outstanding performance share units granted in fiscal years 2014 and 2015, as adjusted by the Compensation Committee to mitigate the effect of the special dividend declared by the Company on October 1, 2015, described in the Compensation Discussion and Analysis on page 34. Both of these grants have time remaining in their three-year performance cycles. If the performance cycles for these grants had ended as of the close of fiscal year 2015, 0% of the number of performance share units granted in 2014 and 2015 would have been earned.

As required to be disclosed, the number of estimated shares reported for the 2014 and 2015 grants is based on achieving the next higher performance measure which pays out at 75% of the number of units granted, as shown in the performance share unit vesting schedule on page 34. See the Outstanding Equity Awards: Performance Share Units table on the following page for detailed information about these awards.

(d) Equity Incentive Plan Awards: Market or Payout Value of Unearned Shares, Units or Other Rights That Have Not Vested

The amounts reported relate to the outstanding performance share units granted in fiscal years 2014 and 2015, as adjusted by the Compensation Committee to mitigate the effect of the special dividend declared by the Company on October 1, 2015, described in the Compensation Discussion and Analysis on page 34. Both of these grants have time remaining in their three-year performance cycles. If the performance cycles for these grants had ended as of the close of fiscal year 2015, 0% of the number of performance share units granted in 2014 and 2015 would have been earned.

As required to be disclosed, the payout values reported are based on achieving the next higher performance measure which pays out at 75% of the number of units granted. The value of estimated payouts has been calculated using the closing price of Common Stock on January 29, 2016, the last market trading day of the fiscal year, of \$49.10. The payout does not include estimated dividend amounts as the Company does not pay dividends on unvested performance share units. See the Outstanding Equity Awards: Performance Share Units table on the following page for detailed information about these awards.

Outstanding Equity Awards: Performance Share Units

The number and value of these outstanding performance share units are shown in columns (c) and (d) of the Outstanding Equity Awards at Fiscal Year-End 2015 table on page 45. These 2014 and 2015 performance share unit grants have one and two years remaining in their three-year performance cycles, respectively. More information about performance share units and long-term incentive grant practices is provided on page 34.

(a) Performance Cycle

The performance share units are earned on the last day of the three-year performance cycle if performance criteria have been met, and become vested when the results have been certified by the Compensation Committee.

Option Exercises and Stock Vested in Fiscal Year 2015

The following table provides information for the Named Executive Officers on:

- the number of shares of Common Stock acquired and value realized from stock option exercises in fiscal year 2015; and

- the number of shares of Common Stock acquired and value realized from performance share units and restricted stock units that vested with respect to fiscal year 2015.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)(a)	Number of Shares Acquired on Vesting (#)(b)	Value Realized on Vesting (\$)(c)
Blake W. Nordstrom	—	—	8,306.00	462,711
Michael G. Koppel	53,878	1,808,213	5,829.25	325,982
Peter E. Nordstrom	31,531	1,259,616	8,378.00	468,469
Erik B. Nordstrom	31,531	1,308,223	8,378.00	486,878
Christine F. Deputy	—	—	—	—

(a) Value Realized on Exercise

The amount realized equals the aggregate difference between the fair market value of Common Stock on the dates of exercise and the grant prices, multiplied by the number of shares acquired on exercise.

(b) Number of Shares Acquired on Vesting

The numbers reported include restricted stock units that vested during the fiscal year and performance share units granted in 2013 that vested at 75% of target based on Company Total Shareholder Return relative to other companies in our peer group, as described on page 34. The number of shares acquired on performance share unit vesting is equal to 75% of the number of performance share units granted, as adjusted by the Compensation Committee to mitigate the effect of the special dividend declared by the Company on October 1, 2015, described in the Compensation Discussion and Analysis on page 34. The number reported for Michael Koppel includes 187 shares which vested on an accelerated basis in 2015 solely to satisfy Social Security, Medicare or income tax withholding obligations of retirement-eligible employees with respect to their restricted stock unit awards.

(c) Value Realized on Vesting

Vested performance share units are paid in shares of Common Stock or cash at the election of the executive prior to the end of the performance cycle. Blake Nordstrom, Michael Koppel and Peter Nordstrom elected to receive 100% of their 2015 payouts in cash. Erik Nordstrom elected to receive 100% of his 2015 payout in Common Stock.

The amount realized from the vested performance share units for Blake Nordstrom, Michael Koppel and Peter Nordstrom was equal to the number of shares of Common Stock available for acquisition, multiplied by \$49.10, the closing price of Common Stock on January 29, 2016, the last market trading day of the three-year performance cycle. The amount realized from the vested performance share units for Erik Nordstrom was equal to the number of shares of Common Stock, multiplied by \$51.92, the closing price of Common Stock on February 24, 2016, the vesting date.

The amount realized for Michael Koppel includes the number of shares of Common Stock withheld on vesting of restricted stock units to satisfy tax withholding obligations as described previously, multiplied by \$57.71, the closing price of Common Stock on November 24, 2015, the vesting date.

Pension Benefits

The Company's original Supplemental Executive Retirement Plan ("SERP") was introduced in the 1980s. Over the years, the plan design changed to better meet the current purpose of encouraging designated executives to stay with Nordstrom throughout their careers and rewarding their significant and sustained contribution to the Company's success by adding to their financial security upon retirement. The SERP was closed to new entrants, beginning in 2012.

All of the Named Executive Officers except Christine Deputy, who joined the Company after the SERP had been closed to new entrants, are eligible for the SERP and are entitled to receive the full retirement benefit at age 58. The full benefit is equal to 1.6% multiplied by final average pay and the executive's years of credited service, up to a maximum of 25 years. An executive may retire early and receive a reduced benefit if he or she is between the ages of 53 and 57 with at least 10 years of credited service and the Board approves the early retirement. The early retirement benefit is reduced 10% for each year that the retirement age is less than 58. The annual SERP benefit is capped at \$700,000.

Final average pay is the average base salary and annual performance-based cash bonus of the highest 36 months over the longer of:

- the most recent five years of service; or
- the entire period of service after the executive's 53^d birthday.

There is no offset or reduction in the Named Executive Officers' SERP benefit for Social Security or other Company retirement benefits such as the 401(k) Plan.

The annual SERP benefit is paid upon retirement for the remaining life of the executive with a 50% annuity paid to a surviving spouse or life partner after the executive's death. A surviving spouse or life partner also receives a 50% survivor benefit if the executive dies before retiring. The amount of this survivor benefit depends on the executive's age and years of credited service at the time of death.

The SERP provides that no benefit will be paid to an executive whose employment is terminated for cause, which includes competitive behavior against the Company, as determined by the Compensation Committee in the exercise of its discretion in accordance with the Plan. The Compensation Committee also has discretion to discontinue payment of benefits under the SERP if the retired executive is found to have engaged in misconduct or in competitive behavior against the Company.

Information about payment of the SERP benefit related to change in control is provided in footnote (b) to the Potential Payments Upon Termination or Change in Control at Fiscal Year-End 2015 table on page 53.

Because the SERP is a nonqualified deferred compensation plan, the Company is not obligated to fund it. However, the Company does set aside funds to assist in the payment of future benefit obligations. If the Company were to become insolvent, participants would be unsecured general creditors, and there is no guarantee that funds would be available to pay all creditors in full. See the notes to the financial statements contained within the Company's Annual Report on Form 10-K for the fiscal year ended January 30, 2016, filed with the SEC, for a discussion of the benefit obligation.

[Back to Contents](#)**Fiscal Year 2015 Pension Benefits Table**

The following table shows the present value of accumulated SERP benefits payable to each of the Named Executive Officers, based on the number of years of service credited under the Plan to each Named Executive Officer and actuarial assumptions consistent with those used in the Company's financial statements to calculate the Company's obligations under the Plan. Christine Deputy joined the Company after the SERP was closed to new entrants, so she is not eligible for the SERP benefit. See the notes to the financial statements contained within the Company's Annual Report on Form 10-K for the fiscal year ended January 30, 2016, filed with the SEC, for a discussion of the benefit obligation and assumptions used.

Erik B. Nordstrom	Supplemental Executive Retirement Plan	52	25	9,001,464	—
Christine F. Deputy	—	50	—	—	—

(a) Age

Age is as of January 30, 2016, the last day of the fiscal year.

(b) Number of Years Credited Service

Although Blake Nordstrom, Peter Nordstrom and Erik Nordstrom each have 36 or more years of service, the number of years of credited service under the SERP is capped at 25. Prior to 2006, the Compensation Committee selectively awarded additional years of service to executives hired mid-career so that they could earn the full 25 years of service by the time they reached the retirement age of 58. Michael Koppel received these additional years and has earned the equivalent of 25 years of service. Nine of Michael Koppel's 25 years are additional years of service.

(c) Present Value of Accumulated Benefit

The amounts shown are based on a retirement age of 58. Erik Nordstrom is not currently entitled to receive any benefits, should he leave the Company, because he is not the minimum retirement age of 53 and as such, the amount is not vested. Blake Nordstrom and Peter Nordstrom have met the minimum retirement age of 53 with at least 10 years of service and would be eligible for early retirement with prior approval from the Board. If the Board approved early retirement, they would be entitled to receive a reduced SERP benefit with a present value as of the end of the fiscal year of \$8,526,833 and \$6,301,890, respectively. Michael Koppel has met the normal retirement age of 58 and would be entitled to receive a full SERP benefit with a present value as of the end of the fiscal year of \$9,260,505, as shown above. These amounts are reported in the Potential Payments Upon Termination or Change of Control at Fiscal Year-End 2015 table on page 51.

Nonqualified Deferred Compensation

The Company offers participation in the Executive Deferred Compensation Plan (“EDCP”) to designated leadership-level employees, including the Named Executive Officers, who meet a minimum compensation threshold. Under this Plan, a participant may defer up to 80% of base salary, up to 100% of an annual performance-based bonus and up to 100% of any vested performance share units, less applicable payroll taxes.

Deferral elections generally are irrevocable and are made in compliance with Section 409A of the IRC. If a participant’s EDCP deferrals cause a reduction in the Company’s 401(k) match contribution, the Company may deposit a make-up contribution into the participant’s EDCP account. Michael Koppel and Christine Deputy participate in the EDCP and neither received a make-up contribution in the fiscal year ended January 30, 2016. The Company’s contribution to Michael Koppel’s 401(k) Plan account was not reduced due to any deferrals into the EDCP and Christine Deputy was not eligible for a Company contribution to the 401(k) Plan in 2015.

Plan participants may direct their cash deferrals to deemed investment alternatives, priced and valued similar to retail mutual funds. As of the end of the fiscal year, the Company offered 21 deemed investment alternatives. In addition, plan participants are offered a fixed rate option, which was 5% for calendar year 2015 and is 4.85% for calendar year 2016, which is not subsidized by the Company but rather is a rate based on guaranteed contractual returns from a third-party insurance company provider. With the exception of the fixed rate fund, participants may change their investment allocations among these investment alternatives daily. Gains and losses for cash deferrals are credited to participant accounts daily, based on their investment elections. The deemed investment alternatives for cash do not include Common Stock. Vested performance share units that are deferred into the EDCP remain as stock units until distribution.

[Back to Contents](#)**Fiscal Year 2015 Nonqualified Deferred Compensation Table**

The following table discloses information on nonqualified deferred compensation for the Named Executive Officers under the Company's EDCP for the fiscal year ended January 30, 2016. The Company's SERP is also a nonqualified plan. Information regarding benefits payable to Named Executive Officers under the SERP is provided on pages 48 and 49.

Peter E. Nordstrom	—	—	—	—	—
Erik B. Nordstrom	—	—	—	—	—
Christine F. Deputy	769	—	1	—	770

(a) Executive Contributions in Last Fiscal Year

Christine Deputy elected to defer \$17,680 of base salary earned during calendar year 2016 into the EDCP. Due to the timing of our fiscal year end, \$769 of this was attributed to fiscal year 2015 and the remaining \$16,911 will be attributed to fiscal year 2016.

(b) Aggregate Earnings in Last Fiscal Year

The amounts include the total interest or other earnings (loss) accrued on the entire EDCP account balance, including deferred performance share units.

(c) Aggregate Balance at Last Fiscal Year-End

The amounts shown are the total EDCP balances, including earnings on deferrals, as of January 30, 2016. The amount for Michael Koppel, excluding earnings on deferrals, has been previously disclosed in the Summary Compensation Table in our prior Proxy Statements.

Potential Payments Upon Termination or Change in Control

The information on the following pages describes and quantifies certain amounts that would become payable under existing compensation plans if the Named Executive Officers' employment had terminated on January 30, 2016, the last day of the fiscal year. The amounts are based on each executive's compensation and years of service as of that date and, if applicable, based on the closing price of Common Stock on January 29, 2016, the last market trading day of the fiscal year, of \$49.10. The estimates are based on all relevant plans effective at the end of the fiscal year and information available at that time. Actual values would reflect specific circumstances at the time of any termination, the plans and provisions effective if and when a termination event occurs and any other applicable factors.

Employment Agreements

The Company does not have employment agreements with any Nordstrom employees, including the Named Executive Officers. The Company maintains a leadership separation plan to provide a broad group of leadership employees an appropriate level of severance benefits in the event of separation of service under certain circumstances. Except as described on the following pages, there are no agreements, arrangements or plans that entitle the Named Executive Officers to enhanced benefits upon termination of their employment.

(a) Continued or Accelerated Vesting of Equity Awards

As of the end of fiscal year 2015, the Named Executive Officers had outstanding equity awards under the 2004 and 2010 Equity Incentive Plans. Treatment of the awards under various termination scenarios is described below.

Stock Options

Death or Disability

Under the Company's 2010 Equity Incentive Plan, if a participant's employment is terminated by reason of death or disability, stock options granted more than six months prior to the termination event will immediately vest and may be exercised by the participant or participant's beneficiary during the period ending four years after termination, provided the 10-year term of the grant has not expired.

No amounts are shown in the table for stock options because, as of the end of fiscal year 2015, the exercise prices of all unvested stock options that would immediately vest and be exercisable during the period ending four years after termination are higher than the closing price of Common Stock on January 29, 2016, the last market trading day of the fiscal year, of \$49.10.

Beginning with the 2008 stock option grant, if, during the term of any outstanding grant, the executive engages in any business competitive with the Company or divulges or improperly uses any confidential or proprietary information of the Company, then the post-separation vesting and exercise rights will cease immediately and all outstanding vested and unvested options under such grants will be automatically forfeited.

Retirement or Termination without Cause

The stock option agreements under the 2004 and 2010 Equity Incentive Plans provide that if a participant satisfies a minimum age and years of service requirement and their employment is terminated by reason of retirement, stock options granted more than six months prior to termination will continue to vest and may be exercised during the period ending four years after termination, provided the 10-year term of the grant has not expired.

No amounts are shown in the table for stock options because, as of the end of fiscal year 2015, the exercise prices of all unvested stock options that would continue to vest and be exercisable during the period ending four years after

termination are higher than the closing price of Common Stock on January 29, 2016, the last market trading day of the fiscal year, of \$49.10.

Beginning with the 2008 stock option grant, if, during the term of any outstanding grant, the executive engages in any business competitive with the Company or divulges or improperly uses any confidential or proprietary information of the Company, then the post-separation vesting and exercise rights will cease immediately and all outstanding vested and unvested options under such grants will be automatically forfeited.

Change in Control

The Named Executive Officers are not entitled to any payment or accelerated benefit upon a change in control with respect to their awards. However, under the 2010 Equity Incentive Plan, a Named Executive Officer will generally be entitled to accelerated vesting if the executive experiences a qualifying termination within 12 months following a change in control of the Company, unless the Compensation Committee acts to prevent acceleration or the award is of a type which would continue in effect notwithstanding the occurrence of the change in control. Generally, a change in control occurs upon:

• the merger or consolidation of the Company with or into another entity;

• the sale, transfer or other disposition of all or substantially all the Company's assets;

• a change in composition of 50% or more of the Board; or

• any transaction as a result of which any person is the "beneficial owner" of securities of the Company representing at least 25% of the total voting power of the Company's outstanding voting securities.

Performance Share Units

Death, Disability, Retirement or Termination without Cause

The 2014 and 2015 performance share unit award agreements under the 2010 Equity Incentive Plan provide that if the participant's employment is terminated before the end of a performance cycle by reason of death, disability or retirement, the participant, or participant's beneficiary, will be entitled to a prorated payment, based on the period of time the executive worked during the performance cycle, with respect to any performance share units granted more than six months prior to termination that were earned during the performance cycle.

Both the 2014 and 2015 grants have time remaining in their three-year performance cycles. If the performance cycles for these grants had ended as of the close of fiscal year 2015, 0% of the number granted in 2014 and 2015 would have been earned. Therefore, no amounts for performance share units are reported in the table.

If, during the term of any outstanding performance cycle, the executive engages in any business competitive with the Company or divulges or improperly uses any confidential or proprietary information of the Company, then all outstanding vested but not settled and any unvested portions of the performance share unit awards will be automatically forfeited.

Change in Control

The Named Executive Officers are not entitled to any payment or accelerated benefit upon a change in control with respect to their performance share units. However, a Named Executive Officer will generally be entitled to accelerated vesting if the executive experiences a qualifying termination within 12 months following a change in control of the Company, unless the Compensation Committee acts to prevent acceleration or the award is of a type which would continue in effect notwithstanding the occurrence of the change in control.

Restricted Stock Units

Death or Disability

The 2014 and 2015 restricted stock unit award agreements under the 2010 Equity Incentive Plan provide that if a participant's employment is terminated by reason of death or disability, restricted stock units granted more than six months prior to the termination event will immediately vest.

The amounts shown in the table include the values, as of the end of fiscal year 2015, of unvested restricted stock units that would immediately vest.

If, during the term of any outstanding grant, the executive engages in any business competitive with the Company or divulges or improperly uses any confidential or proprietary information of the Company, then any unvested units and any Common Stock delivered on vesting under such grants will be automatically forfeited.

Retirement or Termination without Cause

The 2014 and 2015 restricted stock unit award agreements under the 2010 Equity Incentive Plan generally provide that if a participant's employment is terminated by reason of retirement, restricted stock units granted more than six months prior to termination will continue to vest.

NORDSTROM, INC. - 2016 Proxy Statement 52

[Back to Contents](#)

The amounts shown in the table for Blake Nordstrom and Michael Koppel include the values, as of the end of fiscal year 2015, of unvested restricted stock units that would continue to vest after termination. These executives qualify for this continued vesting upon retirement as of the end of the fiscal year since they had each reached the minimum retirement age of 55 with at least 10 years of service.

If, during the term of any outstanding grant, the executive engages in any business competitive with the Company or divulges or improperly uses any confidential or proprietary information of the Company, then any unvested units and any Common Stock delivered on vesting under such grants will be automatically forfeited.

Change in Control

Under the 2010 Equity Incentive Plan, the Named Executive Officers are not entitled to any payment or accelerated benefit upon a change in control with respect to their restricted stock units. However, a Named Executive Officer will generally be entitled to accelerated vesting if the executive experiences a qualifying termination within 12 months following a change in control of the Company, unless the Compensation Committee acts to prevent acceleration or the award is of a type which would continue in effect notwithstanding the occurrence of the change in control.

(b) Vested SERP Benefit

The annual SERP benefit is paid upon retirement for the remaining life of the executive with a 50% survivor annuity paid to the surviving spouse or life partner for the remainder of their life after the executive's death, as described in the Pension Benefits section on page 48.

Death

The amounts shown are the present value of the 50% survivor annuity, payable in semi-monthly installments to the spouse or life partner of the executive, assuming the payments would begin on the date on which the executive would have attained minimum retirement age of 53, or the executive's actual age, if older, and would continue for the remaining lifetime of the spouse or life partner. There would be no immediate payment of the benefit if the date of death preceded the executive's earliest retirement age of 53.

Disability

The amount shown for Michael Koppel is the present value of his SERP benefit since he has reached normal retirement age of 58 as defined in the Plan.

Retirement or Termination without Cause

The amounts shown in the table for Blake Nordstrom, Michael Koppel and Peter Nordstrom are the present values of their SERP benefits, reduced for early commencement for Blake Nordstrom and Peter Nordstrom, payable in semi-monthly installments, assuming the payments would begin as of the last day of fiscal year 2015. Blake Nordstrom and Peter Nordstrom have met the minimum retirement age of 53 with at least 10 years of service and would be eligible for early retirement with prior approval from the Board. If the Board approved early retirement, they would be entitled to a reduced SERP benefit, as described in the Pension Benefits section on page 48.

Change in Control

No benefits are paid solely due to a change in control, although a change in control triggers immediate vesting and an obligation for the Company to fully fund accrued benefits through a trust. If an executive was separated from the Company after a change in control, a deferred annuity would be payable upon the executive reaching retirement age. If the separation occurred before the executive's retirement age of 58, the benefit would be paid as a reduced early retirement benefit at age 53, or the executive's actual age, if older. In this case, the requirement for Board approval of the early retirement is waived. Assuming the earliest retirement age without benefit reduction for age or service, the present value of this benefit at fiscal year-end would be as shown in the Fiscal Year 2015 Pension Benefits Table on page 49, column (c), "Present Value of Accumulated Benefit."

The Compensation Committee has discretion to discontinue payment of benefits under the SERP if the retired executive is found to have engaged in misconduct or in competitive behavior against the Company.

(c) Executive Deferred Compensation Plan Survivor Benefit

Under the EDCP, if a participant dies while employed by the Company, the beneficiary receives the participant's undistributed account balance plus two times any deferrals, excluding any earnings on the deferrals, made by the participant through December 31, 2007. The pre-retirement death benefit is paid in a lump sum.

The amount shown is the death benefit equal to two times Michael Koppel's deferrals made through December 31, 2007. The amount does not include Michael Koppel's undistributed account balance of \$2,908,638. His beneficiary is entitled to receive this account balance in the event of his death, but the amount is not shown in this table as it is already shown in the Fiscal Year 2015 Nonqualified Deferred Compensation Table on page 50, column (c), "Aggregate

Balance at Last Fiscal Year-End.”

(d) Life Insurance Proceeds

The Company provides life insurance for the Named Executive Officers of approximately 1.25 times annual base salary.

The amounts reported in the table represent the life insurance proceeds that would be payable if the Named Executive Officers had died as of the last day of the fiscal year. The premiums paid for the Company-provided life insurance are included in column (a) in the All Other Compensation in Fiscal Year 2015 table on page 40.

(e) Retiree Health Care Benefit

The Company provides continued health care coverage for the eligible Named Executive Officers if they separate from the Company after age 55 with at least 10 years of service. These benefits include medical, behavioral health/substance abuse, vision, prescription drug and dental coverage. The eligible Named Executive Officers and their spouses or life partners and eligible dependents would be covered under the retiree health plan, and the executive and the Company would continue to share in the cost of the insurance premium. Coverage and cost sharing would continue for the surviving spouse or life partner and eligible dependents after the executive's death. Effective November 1, 2013, the retiree health plan was closed to new entrants.

Death, Disability, Retirement or Termination without Cause

The amounts in the table for Blake Nordstrom and Michael Koppel are the present values of the health care cost that would be payable by the Company if they had separated on the last day of the fiscal year. Blake Nordstrom and Michael Koppel have met the minimum retirement age of 55 with at least 10 years of service and would be eligible for retirement. Assumptions used in determining these amounts include a discount rate of 4.57% and the RP2014 White Collar, Fully Generational Mortality Table with projection scale MP2015.

An executive who is terminated for cause, as determined by the Company in the exercise of its discretion in accordance with the Plan, is not eligible to receive the Retiree Health Care benefit.

(f) Separation Benefit

Under the Leadership Separation Plan, Michael Koppel and Christine Deputy are eligible to receive benefits upon involuntary termination of employment by the Company, other than for cause, as determined by the Company in the exercise of its discretion in accordance with the Plan. The benefits for eligible employees are based on leadership level and years of service, and include:

- lump sum cash payment for severance: one month of base salary per year of service, with a minimum of 6 months up to a maximum of 12 months. This is reduced by an amount equal to the participant's gross monthly SERP benefit multiplied by the number of months used to calculate the severance payment;

- lump sum cash payment for health coverage: the cost of the Company-paid portion of the employee's currently elected health coverage for 12 months, unless the employee is eligible for and elects the retiree health care benefit, as described in footnote (e) above; and

- up to six months of outplacement services.

The potential separation benefits for the Named Executive Officers are shown below.

Name	Separation	Company-Paid	Cost of	Total Separation
	Payment	Portion of	Outplacement	Benefit
	(\$)	Medical Benefits	Services	(\$)
Blake W. Nordstrom	—	—	—	—
Michael G. Koppel	213,756	—	4,200	217,956
Peter E. Nordstrom	—	—	—	—
Erik B. Nordstrom	—	—	—	—
Christine F. Deputy	262,500	10,800	4,200	277,500

Michael Koppel's estimated separation payment shown above is reduced by an amount equal to his estimated gross monthly SERP benefit multiplied by the number of months used to calculate his separation payment. No amount is included for the Company-paid portion of medical benefits as it is assumed he would elect the Company's retiree health care benefit.

Under the Leadership Separation Plan, the Company may provide the executive with additional separation benefits, in cash or in kind, to assist the executive in the transition from active employee status. To receive any benefits under the Leadership Separation Plan, the Named Executive Officer must sign a release in which the executive agrees, among other things, not to disclose to anyone at any time any confidential information acquired during employment with the Company, and not to publish any statement, or instigate, assist or participate in the making or publication of any statement which is disparaging or detrimental in any way to the Company.

(g) Disability Insurance Benefit

The Company provides long-term disability insurance for the Named Executive Officers. The amount reported in the table for each Named Executive Officer is the long-term disability benefit provided of \$35,000 per month. The premiums for the Company-provided disability insurance are included in column (a) in the All Other Compensation in Fiscal Year 2015 table on page 40.

(h) Executive Management Bonus

The performance period under the Executive Management Bonus Plan is the fiscal year. Therefore, a termination event that occurred on the last day of the fiscal year would not result in any additional or accelerated benefits under this Plan. However, if an employee died, became disabled or retired during the fiscal year, the Compensation Committee would have the sole discretion to determine what amounts, if any, an executive would remain eligible to receive as a performance-based bonus award.

PROPOSAL 3 ADVISORY VOTE REGARDING EXECUTIVE COMPENSATION: SAY-ON-PAY PROPOSAL

The Board recommends a vote FOR this proposal.

The Company is providing shareholders with an advisory (nonbinding) vote on the compensation program of our Named Executive Officers as disclosed in this Proxy Statement. At the 2015 Annual Meeting of Shareholders, 98% of the votes cast were in favor of our Say-on-Pay proposal.

At the 2011 Annual Meeting, over 93% of the votes cast approved our Board's recommendation to hold advisory votes on an annual basis. The Compensation Committee recognizes this support of the compensation program for our Named Executive Officers and continues to apply the same guiding principles which underlie our pay-for-performance philosophy.

Compensation Program Highlights

As described in the Compensation Discussion and Analysis beginning on page 27, our Named Executive Officers are rewarded when defined performance milestones are achieved and when value is created for our shareholders. Our Compensation Committee and Board believe that our compensation program is effective in implementing our executive compensation philosophy and establishing a solid link between compensation and shareholder interests. Highlights of our compensation program include the following:

We deliver the majority of compensation through a pay-for-performance framework where incentives are based on achieving results. Eighty percent of the value of the targeted compensation package for our Named Executive Officers is weighted toward pay-for-performance and variable compensation to reinforce our philosophy of compensating our executives when they and the Company are successful in ways that support shareholder interests.

Each year, the Compensation Committee establishes the performance-based bonus measures that focus executives on the most important Company objectives. In 2015, Named Executive Officers each had the following measures:

Return on Invested Capital ("ROIC") to ensure our overall performance aligns directly with shareholder returns over the long term. The measure is expressed as a threshold that must be met before any payout can be made on EBIT results to ensure our executives are rewarded after earnings generate a meaningful return for our shareholders.

Earnings Before Interest and Income Taxes ("EBIT") to emphasize the importance of earnings and its role in driving shareholder value. Each Named Executive Officer's performance-based bonus was weighted 100% on this measure, subject to the ROIC threshold.

The Committee references the 50th percentile of our retail peer group when assessing the Named Executive Officers' targeted level of total direct compensation (base salary + performance-based bonus + long-term incentives). The market information is considered a reference point rather than policy for reviewing competitiveness.

- We maintain meaningful executive stock ownership guidelines so that our executives' interests, as shareholders, are aligned with our broader shareholder base.
 - We have an executive compensation clawback policy that applies to performance-based compensation.
 - Our Compensation Committee has retained and directs an independent compensation consultant.
 - We do not have employment agreements with our executives.
 - We do not provide tax gross-ups, except those related to relocation expenses when an executive must move to assume Company responsibilities.
 - We do not allow stock option grant repricing or backdating, nor do we grant options below 100% of fair market value.
- We have a derivative and hedging policy that prohibits Directors and Executive Officers (as well as other key insiders and their immediate families) from engaging in hedging transactions with respect to any equity securities of the Company held by them.
- We have restrictions on pledging of Company Common Stock.

Shareholder Support

We are asking our shareholders to indicate their support for our Named Executive Officers' compensation as described in this Proxy Statement.

This proposal gives our shareholders the opportunity to express their views on the compensation of our Named Executive Officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we ask our shareholders to vote "FOR" the following resolution at the 2016 Annual Meeting:

"RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the Company's Named Executive Officers, as disclosed in the Compensation Discussion and Analysis, the compensation tables and the related narrative disclosure in this Proxy Statement."

Our Board has adopted a policy of annual Say-on-Pay advisory votes. As an advisory vote, this proposal is not binding on the Company. However, our Compensation Committee and Board value the opinions of our shareholders and will consider the outcome of the vote when making future compensation decisions regarding the Company's Named

Executive Officers.

PROPOSAL APPROVAL OF THE AMENDED AND RESTATED NORDSTROM, INC. EXECUTIVE
4 MANAGEMENT BONUS PLAN

The Board recommends a vote FOR this proposal.

On February 24, 2016, the Compensation Committee of the Board (the “Committee”) unanimously approved the Amended and Restated Nordstrom, Inc. Executive Management Bonus Plan (the “Plan”). The Plan is an annual cash incentive plan for our executive officers that replaces a similar plan that was adopted by the Committee and our shareholders in 2012.

The Committee approved the Plan so that, subject to the approval of our shareholders at the 2016 Annual Meeting, we can make annual cash and equity incentive awards under the Plan which will be eligible for tax deductions under IRC Section 162(m). If our shareholders do not approve the Plan, a portion of the annual cash and equity incentive compensation payable to our executives, which would otherwise be deductible by the Company, may not be fully deductible as “performance-based” compensation under IRC Section 162(m).

The Committee believes that the Plan strengthens the commitment of our executive officers to create shareholder value by providing them with short-term incentive compensation based on the achievement of financial and other business performance goals. While the Plan is intended to provide performance-based compensation to certain executives that is fully deductible by us under federal tax laws, the actual deductibility of such compensation depends on a number of complex factors and approval of the Plan will not ensure that all the compensation we pay to our executives is ultimately deductible. Because the Plan allows the Committee to retain the flexibility to choose appropriate financial and business goals and to pre-establish the target level of these goals, federal tax regulations require that the Plan be resubmitted to our shareholders for approval every five years.

The following is a summary of the Plan, a complete copy of which has been filed with the SEC as Appendix A to this Proxy Statement. This summary is qualified in its entirety by the text of the Plan.

Eligible Participants

Eligibility during any given fiscal year of the Company is limited to individuals who are designated by the Company’s Board as being Executive Officers for purposes of Section 16 of the Securities Exchange Act of 1934. The Committee is authorized to further limit eligibility for the Plan.

Administration

The Committee will administer the Plan and may delegate administration of the Plan to one or more officers of the Company.

Performance Bonus Awards

For each performance period, the Committee will select the participants who are eligible to receive bonus awards, the performance measures and milestones for each participant and the amount payable to each participant upon attainment of the performance milestones. Each participant's actual bonus will depend on the degree to which the objective, pre-established performance milestones are achieved.

Payment of any bonus earned will be made to the participant following the conclusion of the fiscal year or performance period in question upon the condition that the Committee has:

- certified that the specified performance milestones have been achieved; and
- reviewed and approved the bonus payout.

With respect to "covered employees" under IRC Section 162(m), the Committee has the discretion to reduce or eliminate (but not increase) the amount of any performance bonus. In addition, if during any performance period a recapitalization, reorganization, merger, acquisition, divestiture, consolidation, spin-off, split-off, combination, liquidation, dissolution, sale of assets, or other similar corporate transaction or event occurs, or there is any change in applicable tax laws or accounting principles, or any unusual, extraordinary or nonrecurring event involving the Company which distorts the performance measures applicable to any performance milestone, the Committee is authorized to adjust the calculation of the performance measures and the applicable performance milestones as necessary to prevent reduction or enlargement of participants' performance bonus awards under the Plan.

The bonus that will be paid to any participant under the Plan is not determinable at this time. However, the maximum bonus payable to any participant under the Plan is \$10 million in any single fiscal year. If a performance period is shorter than a full fiscal year, the maximum potential bonus payable to any participant will be proportionately reduced. No bonus will be paid under the Plan unless the specified performance milestones have been achieved. Additionally, except in cases of death, disability or retirement, a participant must be employed by the Company on the last day of the performance period in order to receive an award under the Plan.

[Back to Contents](#)

Clawback

All awards pursuant to the Plan are subject to the Company's clawback policy. The policy will comply with the requirements of the listing standards of any national securities exchange or association on which the Company's securities are listed or as is otherwise required by the Dodd-Frank Wall Street Reform and Consumer Protection Act or other applicable law. This policy provides for the recapture by the Company, to the extent permitted by law, of incentive compensation paid to an executive if:

- the amount of such compensation was based on the achievement of financial results that were subsequently the subject of a material restatement of the Company's financial statements filed with the SEC;
- the executive engaged in grossly negligent or intentional misconduct that caused or substantially caused the need for the material restatement; and
- the amount of vesting of the incentive compensation would have been less had the financial statements been correct.

Form of Payment of Bonus

The normal form of bonus payments is cash. However, the Committee may either (i) pay, or (ii) allow a participant to elect to receive, all or a portion of their bonus in the form of a long-term incentive award based on the Company's Common Stock ("Incentive Grants"). The number of shares of Incentive Grants to be received by the participant shall be based on the fair market value of the Common Stock as of the last market trading day of the applicable performance period. Incentive Grants, including shares of Common Stock, will be issued under the Company's 2010 Equity Incentive Plan, as amended and restated February 26, 2014, or any successor plan.

Performance Criteria/Section 162(m)

IRC Section 162(m) precludes a publicly held corporation from claiming a tax deduction for compensation in excess of \$1 million paid to its Chief Executive Officer or to any of its three other most highly compensated executive officers, excluding the Chief Financial Officer (the "Covered Employees"). Compensation paid to Covered Employees is exempt from this limitation if it satisfies requirements for "qualified performance-based compensation." To qualify for this exemption from IRC Section 162(m), bonuses that are intended to qualify as performance-based compensation to Covered Employees are subject to the annual dollar limit, as described above, and are conditioned on the achievement of objective performance measures, as described below.

To be considered "qualified performance-based compensation," bonuses payable under the Plan will be conditioned on the achievement of objective performance measures. Such measures will be based on the achievement of a specified

percentage increase or quantitative level in any one or combination of the following performance criteria:

- the Company's shareholder return;
- the trading price of the Company's Common Stock;
- the results of operations, such as sales, earnings, net income (before or after taxes), cash flow, return on assets, same-store sales, economic profit, or return on investment (including return on equity or return on invested capital);
- earnings before or after taxes, interest, depreciation and/or amortization, and including/excluding capital gains and losses;
- other financial results, such as profit margins, operational efficiency, expense reduction, or asset management goals; and
- other strategic indicators, such as market share or customer metrics.

The performance measures may be based on the performance of the Company generally, in the absolute or in relation to its peers, or the performance of a particular participant, department, business unit, subsidiary or other segment to which a participant is assigned.

The Committee will identify the performance bonus opportunities for each participant, as well as the performance measures and milestones relevant to such opportunities, within the first 90 days of each performance period and before twenty-five percent (25%) of such period has elapsed. These bonus opportunities may be expressed as threshold, target and superior opportunities, or as a single incentive opportunity, in each case subject to downward adjustment by the Committee. In addition, the Committee will certify, prior to payout, that such performance milestones and any other material terms were in fact achieved.

The description of annual limits, the individuals eligible to participate in the Plan and the description of performance measures upon which awards may be conditioned are material terms of the Plan required to be disclosed to and approved by shareholders for purposes of meeting the requirements for performance-based compensation under IRC Section 162(m).

Term, Termination and Amendment

The Plan will remain in effect for a period of five years unless earlier terminated by the Company. Any proposed amendment of the Plan will be subject to the approval of the Company's shareholders to the extent required by applicable laws, regulations or rules.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review and Approval Process

We maintain policies and procedures regarding the identification, review and approval of related party transactions. In compliance with SEC rules, the Corporate Governance and Nominating Committee reviews and approves or disapproves any transaction or series of related transactions in which: (1) the amount involved exceeds \$120,000, (2) the Company or any of its subsidiaries is a participant, and (3) a related party (a Director or Executive Officer of the Company, any nominee for director, any greater than 5% shareholders and any immediate family member of such persons) has a direct or indirect material interest. When considering a transaction, the Committee will review all relevant factors including the Company's rationale for entering into a related party transaction, alternatives to the transaction, whether the transaction is on terms at least as fair to the Company as would be the case if the transaction were entered with a third party, and the potential of an actual or apparent conflict of interest. After reviewing the information, the Committee will approve or ratify the transaction or transactions only if the Committee determines that the transaction is reasonable and fair to the Company.

Related Party Transactions

The following section describes all related party transactions reviewed and approved by the Corporate Governance and Nominating Committee under the policy described above. The related parties identified below provided notice to the Company of termination of all the following related party transactions (with the exception of the Property Sublease, which continues in effect in accordance with its terms), effective November 30, 2015.

Aircraft Dry Lease. During fiscal year 2015 until November 30, 2015, when the transactions were terminated, the Company leased aircraft from JBW Aircraft Leasing Company, Inc. ("JBW"). The shareholders of JBW were John N. Nordstrom (a retired Director and Co-Chairman of the Company), Bruce A. Nordstrom (a retired Director and Co-Chairman of the Company, father of Co-Presidents Blake Nordstrom, Peter Nordstrom and Erik Nordstrom and a beneficial owner of more than 5% of Common Stock) and Anne E. Gittinger (a beneficial owner of more than 5% of Common Stock). The lease arrangement was a "dry" lease, meaning that the Company paid an hourly market rate for use and provided or obtained its own fuel, crew and maintenance while using the leased aircraft. The dry lease rates were developed by a leading independent aircraft research company based on a survey of competitive rates.

During the fiscal year, the Company used the JBW aircraft a total of 34.5 hours and paid JBW \$95,423.

Rent and Maintenance, Pilot and Administrative Services. During fiscal year 2015 until November 30, 2015, when the transactions were terminated, the parties listed in the following table paid the Company for maintenance services,

pilot services, management fees, and other miscellaneous fees related to the operation and maintenance of those parties' personal aircraft. In addition, JBW paid the Company for hangar rent as shown in the following table. In each case, the payments exceeded the estimated cost to the Company of providing those services and were based on a survey conducted by a leading independent aircraft research company in October 2014 of competitive market rates for maintenance services, pilot services, management fees and hangar rent. Included on the JBW line item for Pilot Services for use of JBW's aircraft is \$1,095 paid by Erik Nordstrom and \$3,285 paid by Peter Nordstrom, who are not shareholders of JBW.

Property Sublease. The Company leases a parcel of land from King County, Washington at the King County International Airport and operates its flight department from that location. The size of the Company's flight department is such that the Company does not require access to or use of the entire parcel, and is able to sublease a portion of the property to Hangar Three LLC ("LLC") without affecting the Company's flight operations. LLC is owned by Blake W. Nordstrom, James F. Nordstrom, Jr. and John N. Nordstrom. LLC constructed a hangar for storage of the owners' personal aircraft on the subleased property. All architectural, project management and construction costs for the hangar, utilities and landscaping improvements were borne by LLC and not by the Company. Upon expiration or termination of the sublease, the hangar improvements will be surrendered to the Company. The material terms of the sublease are as follows:

- The current sublease carries a term through July 2020, with the Company having the right to terminate it at any time upon 90 days' notice to LLC, and payment to LLC of the unamortized portion of the construction cost of the hangar.

- LLC pays the Company a monthly base rent and estimated real estate tax in the form of reimbursement to the Company of its pro rata share of ground rent paid by the Company under the primary lease with King County, currently \$11,306 per month.

- LLC also pays the Company additional rent in the form of reimbursement to the Company of its pro rata share of maintenance costs of the common areas, currently \$900 per month, plus a monthly management fee of \$135.

- LLC paid a one-time security deposit in August 2007 in the amount of \$10,463, plus an additional sum of \$6,069 was paid in August 2009 to increase the security deposit amount to the required two times the current base rent.

- In total, LLC paid the Company rent of \$139,249 during the fiscal year ended January 30, 2016.

2017 ANNUAL MEETING OF SHAREHOLDERS INFORMATION

Requirements and Deadlines for Submission of Proxy Proposals, Nomination of Directors and Other Business of Shareholders

If a shareholder wants us to include a shareholder proposal in our Proxy Statement for the 2017 Annual Meeting of Shareholders pursuant to SEC Rule 14a-8 promulgated under the Securities Exchange Act of 1934, (“Exchange Act”) our Secretary must receive the proposal at our principal executive offices no later than December 9, 2016. Any such proposal must comply with all the requirements of Rule 14a-8.

Under our Bylaws, shareholders must follow certain procedures to nominate a person for election as a director at an annual or special meeting, or to introduce an item of business at an annual meeting. Under these advance-notice procedures, shareholders must submit the proposed nominee or item of business by delivering a notice to the Secretary of the Company at our principal executive offices. We must receive notice as follows:

We must receive notice of a shareholder’s intention to introduce a nomination or proposed item of business for an annual meeting not less than 90 days nor more than 120 days before the first anniversary of the prior year’s meeting. Assuming that the 2016 Annual Meeting of Shareholders is held on schedule, we must receive notice pertaining to the 2017 Annual Meeting of Shareholders no earlier than January 19, 2017 and no later than February 18, 2017.

However, if we hold the 2017 Annual Meeting of Shareholders on a date that is not within 30 days before or after such anniversary date, we must receive the notice no later than ten days after the earlier of the date we first provide notice of the meeting to shareholders or announce it publicly.

If we hold a special meeting to elect directors, we must receive a shareholder’s notice of intention to introduce a nomination no later than ten days following the day on which notice of the annual meeting was mailed to shareholders.

Our Bylaws provide that notice of a proposed nomination must include certain information about the shareholder and the nominee, as well as a written consent of the proposed nominee to serve if elected. A notice of a proposed item of business must include a description of and the reasons for bringing the proposed business to the meeting, any material interest of the shareholder in the business and certain other information about the shareholder. Any notice (other than a proposal pursuant to Rule 14a-8) that is received after the times specified herein for proposed items of business will be considered untimely under Rule 14a-4c under the Exchange Act. The persons named in the proxy for the meeting may exercise their discretionary voting power with respect to all such matters, including voting against them. All director nominations and shareholder proposals, other than shareholder proposals made pursuant to Rule 14a-8 under the Exchange Act, must comply with the requirements of the Company’s Bylaws. You may obtain a copy of the Company’s Bylaws at no cost from the Company’s Secretary or online at investor.nordstrom.com under Corporate Governance. The contact information for the Company’s Secretary is on page 68.

4. Why did I receive a Notice instead of a full set of proxy materials?**How can I access the proxy materials online?**

We are furnishing proxy materials to our shareholders primarily via the Internet as many of our shareholders prefer that method. By doing so, we increase the convenience of our proxy materials, reduce the environmental impact of our Annual Meeting, and save costs. On April 8, 2016, we mailed a Notice of Internet Availability of Proxy Materials (the "Notice") to our shareholders who had not previously requested printed materials. The Notice contains instructions

about how to access our proxy materials and vote online. If you would like to receive a paper copy of our proxy materials, please follow the instructions included in the Notice. If you designate someone as your proxy in a written document, that document is also called a proxy or a proxy card. 6. What is the difference between a shareholder of record and a street name shareholder?

Many Nordstrom shareholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own names. As summarized below, there are some distinctions between shares held as a shareholder of record and those held in street name.

Shareholders of record: If your shares are registered directly in your name with Nordstrom's transfer agent, Computershare, you are considered the "shareholder of record" or a "registered shareholder," and the Notice or proxy materials are being sent directly to you by the Company. As the shareholder of record, you have the right to grant your voting proxy directly to Nordstrom or to vote in person at the Annual Meeting.

Street name shareholders: If your shares are held in a stock brokerage account or by a bank, trustee or nominee, you are considered the beneficial owner of shares held in "street name," and the Notice or proxy materials are being forwarded to you by your broker, bank or other holder of record who is considered the shareholder of record. As the street name shareholder you have the right to direct your broker, bank or other holder of record on how to vote your shares and you are invited to attend the Annual Meeting. Your broker, bank, trustee or nominee is obligated to provide you with a voting instruction form for you to use.

7. How do I cast my vote?

We encourage you to vote on the Internet or by telephone. It is convenient, and it saves us significant postage and processing costs. In addition, when you vote on the Internet or by telephone, your vote is recorded immediately and there is no risk that postal delays will cause your vote to arrive late and therefore not be counted. The method by which you vote your proxy will not limit your right to vote at the Annual Meeting if you decide to attend in person.

Shareholders of record: The Internet and telephone voting procedures are designed to verify that you are a shareholder of record by using a control number and allowing you to confirm that your voting instructions have been properly recorded. Internet and telephone voting for shareholders of record are available 24 hours a day and will close at 11:59 p.m. Eastern Daylight Time on May 18, 2016.

Voting on the Internet. You may vote on the Internet by using the voting portal found at www.proxyvote.com. You can then confirm that your instructions have been properly recorded.

Voting by Telephone. If you request printed materials, you may vote by telephone using the toll-free number listed on your proxy card. Voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded.

Voting by Mail. If you request printed materials, you may vote by signing, dating and returning your proxy card.

Voting in Person. You may vote your shares at the Annual Meeting.

Street name shareholders: You may vote by the method explained on the proxy card or the information you receive from the bank, broker or other record holder. If you are a street name shareholder, you must obtain a proxy, executed in your favor, from the bank, broker or other holder of record to be able to vote in person at the Annual Meeting.

Shareholders holding shares invested in the Company's 401(k) Plan: If you participate in the Company's 401(k) Plan, the number of shares of Common Stock in your account as of the record date are reflected on your proxy notice and may be voted as described above for shareholders of record. However, if your vote on those shares is not received by 11:59 p.m. Eastern Daylight Time on May 16, 2016, then the Nordstrom, Inc. Retirement Committee will vote those shares in the same proportion as all other 401(k) Plan shares that have been voted.

Shareholders holding shares purchased through the Company's Employee Stock Purchase Plan: If you hold Common Stock that you acquired through the Company's Employee Stock Purchase Plan, you are the beneficial owner of those shares and your shares may be voted as described above for street name shareholders.

8. What does it mean if I receive more than one Notice or package of proxy materials?

This means that you have multiple accounts holding Nordstrom shares. These may include: accounts with our transfer agent, Computershare; shares held in the Nordstrom 401(k) Plan or purchased through the Employee Stock Purchase Plan; and accounts with a broker, bank or other holder of record. Please vote all Notices, voting instruction forms and proxy cards that you receive to ensure that all of your shares are voted.

[Back to Contents](#)

9. What is a quorum and what is the voting requirement to approve each of the proposals?

We will have a quorum and will be able to conduct the business of the Annual Meeting if at least 86,460,147 shares, a majority of the outstanding shares of Common Stock as of the record date, are present at the Annual Meeting, either in person or by proxy. Your shares will be counted toward the number needed for a quorum if you: (i) vote on the Internet or by telephone; (ii) submit a valid proxy card or voting instruction form; or (iii) in the case of a shareholder of record, attend the Annual Meeting and vote your shares in person.

To elect directors and adopt the other proposals, the following votes are required:

Proposal	Vote Required	Discretionary Voting Allowed?
Election of Directors	Majority of Votes Cast	No
Ratification of the Appointment of Independent Registered Public Accounting Firm	Majority of Votes Cast	Yes
Advisory Vote Regarding Executive Compensation	Majority of Votes Cast	No
Approval of the Amended and Restated Nordstrom, Inc. Executive Management Bonus Plan	Majority of Votes Cast	No

Under Washington corporation law and our Articles of Incorporation and Bylaws, the approval of any corporate action taken at a shareholder meeting is based on votes cast. "Votes cast" means votes actually cast "for" or "against" a particular proposal, whether by proxy or in person. Broker nonvotes (broker nonvotes and discretionary voting are explained in the answer to Question 12) and abstentions are not considered "votes cast" and have no effect on the proposals.

Election of Directors; Majority Vote Policy: In the election of Directors, the Company has adopted a majority voting standard as described in more detail on page 13 under Director Elections. Because this is an uncontested election, an incumbent director nominee will be elected if the votes cast "for" the nominee's election exceed the votes cast "against" the nominee. If a director nominee does not receive the requisite votes, that Director's term will end on the date on which an individual is selected by the Board to fill the position held by such Director or ninety (90) days after the date the election results are determined, whichever occurs first. You may vote "for," "against" or "abstain" with respect to the election of each nominee.

Ratification of the Appointment of Independent Registered Public Accounting Firm: Under the Company's Bylaws, the votes cast "for" must exceed the votes cast "against" to ratify the appointment of Deloitte as the Company's independent registered public accounting firm for the fiscal year ending January 28, 2017. You may vote "for," "against" or "abstain" on this proposal.

Advisory Vote Regarding Executive Compensation: The votes cast "for" must exceed the votes cast "against" to approve, on an advisory basis, the Company's executive compensation program. You may vote "for," "against" or "abstain" on this proposal.

Approval of the Amended and Restated Nordstrom, Inc. Executive Management Bonus Plan: The votes cast "for" must exceed the votes cast "against" to approve the Company's Amended and Restated Executive Management Bonus

Plan. You may vote “for,” “against” or “abstain” on this proposal.

10. Can I change my mind after I vote?

Yes, if you vote by proxy, you may revoke that proxy at any time before it is voted at the Annual Meeting. You may do this by:

- voting again on the Internet or by telephone prior to the Annual Meeting;
- signing another proxy card with a later date and mailing it to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717, prior to the Annual Meeting; or
- attending the Annual Meeting in person and delivering your proxy or casting a ballot.

11. What if I do not return my proxy card or voting instruction form or do not provide voting instructions?

Shareholders of record: If you are a registered shareholder and do not vote by Internet or phone or return your voted proxy card, your shares will not be voted. If you submit your proxy card with an unclear voting designation or no voting designation at all, your shares will be voted for the ratification of Deloitte, but not on any of the other proposals.

Street name shareholders: If you are a beneficial owner whose shares are held by a broker, your broker has discretionary voting authority under NYSE rules to vote your shares for the ratification of Deloitte even if the broker does not receive voting instructions from you. However, your broker does not have discretionary authority to vote on the election of Directors, the advisory vote regarding executive compensation, the approval of the Amended and Restated Nordstrom, Inc. Executive Management Bonus Plan or on any shareholder proposal without instructions from you, in which case a broker nonvote will occur. Since shares that constitute broker nonvotes will not be included in vote totals and have no effect on the outcome of the election of Directors, the approval of the Amended and Restated Nordstrom, Inc. Executive Management Bonus Plan, the advisory vote regarding executive compensation, or any other matters properly brought before the meeting, it is important that you instruct your broker on how to vote your shares.

[Back to Contents](#)

Shareholders with shares invested in the Company's 401(k) Plan: If your vote of shares held through the Company's 401(k) Plan is not received by 11:59 p.m. Eastern Daylight Time on May 16, 2016, then the Company's Retirement Committee will vote your shares in the same proportion as shares that have been voted in the 401(k) Plan. If you submit your proxy card with an unclear voting designation or no voting designation at all, your shares will be voted by the Retirement Committee "for" all proposals. If any additional proposals are properly presented at the Annual Meeting and any adjournment thereof, the Retirement Committee will vote on the additional proposals in accordance with its discretion.

12. Will abstentions or broker nonvotes affect the voting results?

If you abstain from voting on a proposal, or if a broker or bank indicates it does not have discretionary authority to vote on a proposal, the shares will be counted for the purpose of determining if a quorum is present, but will have no effect on the other proposals to be considered at the Annual Meeting since these actions do not represent votes cast by shareholders.

13. Who will count the vote?

Broadridge Investor Communication Services ("Broadridge") was appointed by the Board to tabulate the vote and act as Inspector of Election. Information about Broadridge is available at *broadridge.com*. Proxies and ballots that identify the votes of individual shareholders are kept confidential from the Company's management and Directors. Only Broadridge, as the proxy tabulator and the Inspector of Election, has access to the ballots, proxy forms and voting instructions. Broadridge will disclose information taken from the ballots, proxy forms and voting instructions only in the event of a proxy contest or as otherwise required by law.

14. Where can I find the voting results of the Annual Meeting?

We intend to announce preliminary voting results at the Annual Meeting and publish final results on a current report on Form 8-K within four business days of the Annual Meeting. The Form 8-K will be available online under the "SEC Filings" tab at *investor.nordstrom.com*.

15. Who will bear the cost of this proxy solicitation?

Nordstrom will bear the cost of this proxy solicitation, including reimbursing banks and brokers for reasonable expenses of sending out proxy materials to street name shareholders.

16. What if I have additional questions that are not addressed here?

You may call Nordstrom Investor Relations at 206-303-3200, e-mail Investor Relations at *invrelations@nordstrom.com*, or call the Corporate Secretary's Office at 206-303-2542.

- 3.2 Employment Requirement. Except as provided under Article IV of the Plan, or as otherwise provided by the Compensation Committee, a Participant is required to be an employee of the Company on the last day of the Performance Period in order to remain eligible for a Performance Bonus Award. Notwithstanding anything to the contrary, a Participant whose employment is terminated for Cause after the last day of the Performance Period, but before the payment of a Performance Bonus Award, shall not be eligible to receive any Performance Bonus Award that otherwise would have been payable.

ARTICLE IV Grant and Evaluation of Performance Bonus Award

Establishment of Written Terms. Within the first ninety (90) days of the designated Performance Period (or if the Performance Period is less than twelve (12) months, the number of days that is equal to twenty-five percent (25%) of the Performance Period) or such shorter period as required to comply with the requirements of Section 162(m), 4.1 the Compensation Committee will determine in writing (a) the Participants receiving Performance Bonus Awards for the Performance Period, (b) the Performance Measures and Performance Milestones for each Participant for the Performance Period and (c) the amount payable to a Participant upon attainment of the applicable Performance Milestones for the Performance Period.

Performance Milestones and Measures. Performance Milestones may be based upon the relative or comparative achievement of Performance Measures, whether in absolute terms or relative to the performance of one or more 4.2 similarly situated companies or a published index covering the performance of a number of companies, as determined by the Compensation Committee for the applicable Performance Period, which Performance Measures may include:

- (a) the Company's shareholder return as compared to any designated industry or other comparator group;
- (b) the trading price of the Company's Common Stock;
 - the results of operations, such as sales, earnings, net income (before or after taxes), cash flow, return on assets,
- (c) same-store sales, economic profit, or return on investment (including return on equity or return on invested capital);
- (d) earnings before or after taxes, interest, depreciation and/or amortization, and including/excluding capital gains and losses;
- (e) other financial results, such as profit margins, operational efficiency, expense reduction, or asset management goals; and
- (f) other strategic indicators, such as market share or customer metrics.

The Performance Measures may be based on the performance of the Company generally, in the absolute or in relation to its peers, or the performance of a particular Participant, department, business unit, subsidiary, or other segment to which a particular Participant is assigned. The Compensation Committee may establish different Performance Measures and Milestones for individual Participants or groups of Participants. For each Participant, each Performance Measure will be weighted to reflect its relative significance to the Company for the Performance Period.

New Participants. The Compensation Committee may grant a Performance Bonus Award to an individual who becomes a Participant during a Company fiscal year based on performance during the balance of the fiscal year or such other Performance Period as the Committee may determine. If the Performance Period for such Performance 4.3 Bonus Award is less than 12 months, within the first 25% of the Performance Period or any other date required or permitted under Section 162(m), the Compensation Committee shall determine in writing (a) the Performance Measures and Performance Milestones for the Performance Period, and (b) the amount payable to the Participant upon attainment of the applicable Performance Milestones for the Performance Period.

Evaluation of Performance. At the end of each Performance Period, the Compensation Committee will evaluate the performance of each Participant by comparing each Participant's actual performance to the Performance Milestones established for such Participant by the Compensation Committee at the start of the Performance Period. The 4.4 Compensation Committee will certify in writing the degree of achievement of each Performance Milestone by each Participant. Approved minutes of the Compensation Committee meeting in which the certification is made will be treated as adequate written certification.

4.5 **Calculation of Performance Bonus Award.** After the end of each Performance Period, the Compensation Committee will approve the amount of a Participant's Performance Bonus Award for the Performance Period, applying the actual performance certified under Section 4.4 to the Performance Bonus Awards established under this Article IV. With respect to a Performance Bonus Award granted to a Covered Employee, the Compensation Committee may, in its absolute discretion, reduce or eliminate (but may not increase) the amount of such Performance Bonus Award based on factors that the Compensation Committee deems relevant. With respect to Performance Bonus Awards granted to Participants who are not Covered Employees, the Compensation

Committee may, in its absolute discretion, increase, reduce or eliminate the Performance Bonus Award based upon factors that the Compensation Committee deems relevant. A Participant has no legal entitlement or expectation to receive a Performance Bonus Award unless and until the Compensation Committee has certified the Performance Bonus Award. No amounts shall be paid to a Participant under a Performance Bonus Award prior to the Compensation Committee's certification under Section 4.4 above that actual performance satisfies the applicable Performance Milestones set forth in the Participant's written Performance Bonus Award.

Moreover, except in the case of the Participant's death, Disability or Retirement prior to the end of a Performance Period, a Participant also must remain employed as of the end of the Performance Period in order to be eligible to receive payment of a Performance Bonus Award to such Participant. The Compensation Committee has the sole and exclusive discretion for determining whether and when, and in what amounts, Participants will remain eligible for the payment of their Performance Bonus Award in the event, for example, of such employee's death, Disability, or Retirement. Where the Compensation Committee exercises its discretion to pay a Performance Bonus Award to a Participant who has terminated employment due to death, Disability or Retirement, and where the Compensation Committee has certified that the actual performance requirements have been met with respect to such Performance Bonus Award under Section 4.5, such Performance Bonus Award will be paid at the same time such bonuses are paid to Participants who remain employed by the Company and, in no event, will such amounts be paid later than the end of the calendar year in which such amounts first become payable.

Moreover, any Performance Bonus Award payable to a Participant whose employment terminated during the Performance Period on account of death, Disability or Retirement shall be pro-rated to reflect the portion of the Performance Period during which the Participant was actually employed by the Company. For the avoidance of doubt, the Compensation Committee's exercise of discretion under this Section 4.5 to increase or decrease an amount payable as a Performance Bonus Award shall not result in the increase of amounts payable as Performance Bonus Awards for any Covered Employees.

Absolute Limit on Amount of Award. Notwithstanding any other provision of the Plan, the maximum Performance Bonus Award payable to any Participant for a Performance Period that it is a full fiscal year will be \$10,000,000. 4.6 For Performance Periods of less than 12 months, the maximum Performance Bonus Award payable for the shorter Performance Period shall be proportionately reduced.

Back to Contents

Clawback Policy. All Performance Bonus Awards are subject to the Clawback Policy adopted by the Company's Board of Directors and as may be amended from time to time. For the avoidance of doubt, the Clawback Policy that applies to Performance Bonus Awards shall at all times comply with the requirements of the listing standards 4.7 of any national securities exchange or association on which the Company's securities are listed or as is otherwise required by the Dodd-Frank Wall Street Reform and Consumer Protection Act or other applicable law. Moreover, the Compensation Committee may impose other such clawback, recovery or recoupment provisions in the written statement referenced above in Section 4.1 as the Compensation Committee deems necessary or appropriate.

Adjustment of Performance Bonus Awards. The Compensation Committee shall adjust the calculation of the 4.8 Performance Measures and the applicable Performance Milestones in the event of the occurrence during the Performance Period of any of the following:

(a) Extraordinary, unusual or non-recurring items of gain or loss;

(b) Gains or losses on the disposition of a business, a segment of a business, or significant assets outside the ordinary course of business;

(c) Changes in tax or accounting standards, principles, regulations or laws;

(d) The effect of a merger or acquisition, including all financial results derived therefrom during the period from the merger or acquisition date through the end of the Performance Period in which the merger or acquisition occurred;

(e) Gains or losses due to non-cash adjustments which relate to the valuation of long-term assets rather than current-year performance (including but not necessarily limited to gain or loss recognized from store closures, lease terminations, pension adjustments and mark-to-market adjustments); and

(f) The impact of other similar occurrences outside the Company's core, on-going business activities (including but not necessarily limited to litigation or tax reserves, financing activities, foreign exchange rate fluctuations and restructuring charges).

The Compensation Committee shall make an adjustment as is necessary to prevent reduction or enlargement of Participants' Performance Bonus Awards under the Plan for such Performance Period attributable to such transaction or event described above. For a Covered Employee, the Compensation Committee's determination of an adjustment shall comply with Section 4.5 above. Such adjustments shall be conclusive and binding for all purposes.

ARTICLE V Form and timing of Payment

Normal Form. [Back to Contents](#)**Appendix B** Reconciliation of GAAP and Non-GAAP Financial Measures**Incentive Earnings before Interest and Income Tax Expense (“Incentive EBIT”) and Incentive Return on Invested Capital (“Incentive ROIC”)**

We incorporate Incentive EBIT and Incentive ROIC in our executive incentive compensation measures. These measures contemplate nonoperating related adjustments.

Incentive EBIT represents net earnings before income tax expense, interest expense and interest income, and contemplates nonoperating related adjustments. We define Incentive ROIC as our net operating profit after tax divided by our average invested capital using the trailing 12-month average, and contemplates nonoperating related adjustments. These metrics are not measures of financial performance under generally accepted accounting principles (“GAAP”) and should be considered in addition to, and not as a substitute for, net earnings, return on assets, total assets or other financial measures prepared in accordance with GAAP. Our method of determining non-GAAP financial measures may differ from other companies’ methods and therefore may not be comparable to those used by other companies. The financial measures calculated under GAAP which are most directly comparable to Incentive EBIT and Incentive ROIC are net earnings and return on assets which are reconciled below.

	12 fiscal months ended	
	January 30, 2016	January 31, 2015
<i>(\$ in millions)</i>

Add: interest expense, net	125	138
Earnings before interest and income tax expense	1,101	1,323
Add: nonoperating related adjustments	145	68
Incentive EBIT	1,246	1,391
Add: interest income	—	1
Incentive ROIC earnings before interest and income tax expense	1,246	1,392
Add: rent expense	176	137

Net operating profit after tax	\$816	\$894
Average total assets	\$9,076	\$8,860
Less: average non-interest-bearing current liabilities	(2,993)	(2,730)
Less: average deferred property incentives	(548)	(502)
Add: average estimated asset base of capitalized operating leases ^(b)	1,236	1,058

Average invested capital	\$7,394	\$6,658
Return on assets	6.6%	8.1%

Incentive ROIC

Capitalized operating leases is our best estimate of the asset base we would record for our leases that are (a) classified as operating if they had met the criteria for a capital lease or we had purchased the property. Asset base is calculated as described in footnote (b) below.

Based upon the trailing 12-month average of the monthly asset base. The asset base for each month is calculated (b) as the trailing 12 months rent expense multiplied by eight. The multiple of eight times rent expense is a commonly used method of estimating the asset base we would record for our capitalized operating leases described in footnote (a).

**NORDSTROM CARES:
LEAVE IT BETTER
THAN WE FOUND IT**

At Nordstrom, our commitment to being a socially responsible company is guided by a simple idea: leave it better than we found it. Our corporate social responsibility (CSR) strategy focuses on ensuring our efforts to take care of our communities and respect the environment also drive meaningful business results.

Our customers and employees have told us transparency around our approach and results is increasingly important to them. To steer our work and hold ourselves accountable, we've established measurable targets and report annually on our environmental, human rights and giving programs—including what we've accomplished and opportunities to improve.

HERE ARE A FEW OF OUR HIGHLIGHTS FROM 2015:

GIVING — In response to feedback from our customers and employees, we evolved our giving program. Our new 1% Gift Card Give Back program allowed us to increase our giving to support nearly 500 local organizations in every market where we do business through cash grants, and launch our Employee Charitable Match program.

HUMAN RIGHTS — 100% of Nordstrom Product Group (NPG) factories have been audited to our Partnership Guidelines (expectations for following local laws and providing safe and healthy workplaces). When issues were found, we worked with the factories to create corrective plans that will help them sustainably remediate the findings. In addition, together with our long-term manufacturers, we helped provide social development programs such as HERhealth and HERfinance.

ENERGY — We reduced the energy we use per square foot by 7%, bringing our total amount reduced since 2009 to 19%. We're committed to making an additional 15% reduction by 2020, ensuring we're doing our part, based on science, to help reduce our contribution to climate change.

WASTE — Thanks to recycling and composting programs in our stores and buildings, the hard work of our employees and the support of our customers, we were able to divert the majority of our waste away from landfills.

PACKAGING AND PAPER — We continued to make changes to help reduce the amount of paper we use, such as finding opportunities to package orders from our Fulfillment Center more efficiently. Moving forward, we'll be using different paper and fewer pages in our catalogs, which will save 2.1 million pounds of paper in 2016.

Earlier this year, our company leaders established our 2020 CSR goals. These goals take into account our business needs, feedback from many stakeholders and our overall commitment to doing the right thing: reducing our carbon footprint, conserving resources, offering our customers sustainable and healthier products, giving back to our communities and supporting human rights in factories that make our private label products. We share details on those goals, and plans to reach them, in our annual Corporate Social Responsibility Sharing Our Progress Report, which will be posted online at NordstromCares.com. To receive a copy of the report via email, email us at csr@nordstrom.com.
