Dear Stockholders:

You are cordially invited to attend the 2012 Annual Meeting of Stockholders of Green Dot Corporation to be held on Thursday, May 24, 2012 at 10:00 a.m. (Pacific Daylight Time) at the Courtyard Los Angeles Pasadena/Monrovia located at 700 W. Huntington Drive, Monrovia, California. Directions to the meeting appear on the back cover of the accompanying notice of annual meeting and proxy statement.

Under the Securities and Exchange Commission rules that allow companies to furnish proxy materials to stockholders over the Internet, we have elected to deliver our proxy materials to our stockholders over the Internet. We believe that this delivery process reduces our environmental impact and lowers the costs of printing and distributing our proxy materials without impacting our stockholders' timely access to this important information. On or about April 13, 2012, we expect to mail to our stockholders a Notice of Internet Availability of Proxy Materials (the "Notice") containing instructions on how to access our proxy statement for our 2012 Annual Meeting of Stockholders and 2011 annual report to stockholders. The Notice also provides instructions on how to vote by telephone or through the Internet and includes instructions on how to receive a paper copy of the proxy materials by mail.

The matters to be acted upon are described in the accompanying notice of annual meeting and proxy statement.

We hope that you will be able to attend this year's Annual Meeting of Stockholders. There will be an opportunity for all stockholders present at the meeting to ask questions. Whether or not you plan to attend the meeting, please vote on the Internet or by telephone or request, sign and return a proxy card to ensure your representation at the meeting. Your vote is important.

On behalf of the Board of Directors, I would like to express our appreciation for your continued support of Green Dot Corporation.

Sincerely,

PROXY STATEMENT FOR THE 2012 ANNUAL MEETING OF STOCKHOLDERS

April 11, 2012

Information About Solicitation and Voting

The accompanying proxy is solicited on behalf of Green Dot Corporation's board of directors for use at Green Dot's 2012 Annual Meeting of Stockholders (the "meeting") to be held on May 24, 2012, at 10:00 a.m. (Pacific Daylight Time), and any adjournment or postponement thereof.

Internet Availability of Proxy Materials

Under rules adopted by the U.S. Securities and Exchange Commission (the "SEC"), we are furnishing proxy materials to our stockholders primarily via the Internet, instead of mailing printed copies of those materials to each stockholder. On or about April 13, 2012, we expect to send to our stockholders a Notice of Internet Availability of Proxy Materials ("Notice of Internet Availability") containing instructions on how to access our proxy materials, including our proxy statement and our annual report. The Notice of Internet Availability also provides instructions on how to vote by telephone or through the Internet and includes instructions on how to receive a paper copy of the proxy materials by mail.

This process is designed to reduce our environmental impact and lowers the costs of printing and distributing our proxy materials without impacting our stockholders' timely access to this important information. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the Notice of Internet Availability.

Questions and Answers About the Meeting

What is the purpose of the meeting?

At the meeting, stockholders will act upon the proposals described in this proxy statement. In addition, following the meeting, management will report on the performance of Green Dot and respond to questions from stockholders.

What proposals are scheduled to be voted on at the meeting?

Stockholders will be asked to vote on two proposals. The proposals are:

1. The election to the board of directors of the two Class II directors named in this proxy statement, each to serve until the third annual meeting of stockholders following this meeting and until his or her successor has been elected and qualified or until his or her earlier resignation or removal; and
2. The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2012.

Could other matters be decided at the meeting?

Our bylaws require that we receive advance notice of any proposal to be brought before the meeting by stockholders of Green Dot, and we have not received notice of any such proposals. If any other matter were to come before the meeting, the proxy holders appointed by the board of directors will have the discretion to vote on those matters for you.

What is the recommendation of the board of directors on each of the proposals scheduled to be voted on at the meeting?

The board of directors recommends that you vote FOR each of the Class II directors named in this proxy statement (Proposal 1) and FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the 2012 fiscal year (Proposal 2).

Who can vote at the meeting?

Stockholders as of the record date for the meeting, April 4, 2012, are entitled to vote at the meeting. At the close of business on the record date, there were outstanding and entitled to vote 30,415,207 shares of Green Dot Class A common stock and 5,170,556 shares of Green Dot Class B common stock. However, not all of these shares may be

Table of Contents

voted; due to a provision in our certificate of incorporation that limits certain stockholders from voting shares representing more than 14.9% of the voting power represented by the outstanding shares of our Class A and Class B common stock, the voting power of our Chairman, President and Chief Executive Officer has been reduced to 14.9%, causing an increase in the voting power of all of our other stockholders. This provision effectively reduced the number of shares of Green Dot Class B common stock that can be voted at the meeting by approximately 3,070,000 shares. See also “Security Ownership of Certain Beneficial Owners and Management.”

Stockholder of Record: Shares Registered in Your Name

If on April 4, 2012 your shares were registered directly in your name with our transfer agent, Computershare Trust Company, N.A., then you are considered the stockholder of record with respect to those shares. As a stockholder of record, you may vote at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to vote by telephone or through the Internet, or if you request or receive paper proxy materials by mail, by filling out and returning a proxy card.

Beneficial Owner: Shares Registered in the Name of a Broker or Nominee

If on April 4, 2012 your shares were held in an account with a brokerage firm, bank or other nominee, then you are the beneficial owner of the shares held in street name. As a beneficial owner, you have the right to direct your nominee on how to vote the shares held in your account, and it has enclosed or provided voting instructions for you to use in directing it on how to vote your shares. However, the organization that holds your shares is considered the stockholder of record for purposes of voting at the meeting. Because you are not the stockholder of record, you may not vote your shares at the meeting unless you request and obtain a valid proxy from the organization that holds your shares giving you the right to vote the shares at the meeting.

How do I vote?

If you are a stockholder of record, you may:

- vote in person - we will provide a ballot to stockholders who attend the meeting and wish to vote in person;
- vote by telephone or through the Internet - in order to do so, please follow the instructions shown on your Notice of Internet Availability or proxy card; or
- vote by mail - if you request or receive a paper proxy card and voting instructions by mail, simply complete, sign and date the enclosed proxy card and return it before the meeting in the envelope provided.

Votes submitted by telephone or through the Internet must be received by 11:59 p.m., Eastern Time, on May 23, 2012. Submitting your proxy, whether by telephone, through the Internet or by mail if you request or received a paper proxy card, will not affect your right to vote in person should you decide to attend the meeting. If you are not the stockholder of record, please refer to the voting instructions provided by your nominee to direct it how to vote your shares. You may either vote “For” all of the nominees to the board of directors, or you may withhold your vote from any nominee you specify. For any other matter to be voted on you may vote “For” or “Against” or “Abstain” from voting. Your vote is important. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure that your vote is counted. You may still attend the meeting in person if you have already voted by proxy.

What shares can I vote?

Each share of Green Dot Class A common stock and Class B common stock issued and outstanding as of the close of business on April 4, 2012 is entitled to vote on all items being voted on at the meeting. You may vote all shares owned by you as of April 4, 2012, including (1) shares held directly in your name as the stockholder of record, and (2) shares held for you as the beneficial owner in street name through a broker, bank, trustee, or other nominee. On April 4, 2012 we had 35,585,763 shares of common stock issued and outstanding, consisting of 30,415,207 shares of Class A common stock and 5,170,556 shares of Class B common stock.

How many votes am I entitled to per share?

Each holder of shares of Class A common stock is entitled to one vote for each share of Class A common stock held as of April 4, 2012, and each holder of shares of Class B common stock is entitled to ten votes for each share of Class B common stock held as of April 4, 2012. The Class A common stock and Class B common stock are voting as a single class on all matters described in this proxy statement for which your vote is being solicited.

What is the quorum requirement for the meeting?

The holders of a majority of the voting power of the shares of stock entitled to vote at the meeting as of the record date must be present at the meeting in order to hold the meeting and conduct business. This presence is called a quorum. Your shares are counted as present at the meeting if you are present and vote in person at the meeting or if

2

Table of Contents

you have properly submitted a proxy.

How are abstentions and broker non-votes treated?

Abstentions (shares present at the meeting and voted “abstain”) are counted for purposes of determining whether a quorum is present, and have no effect on the outcome of the matters voted upon.

Broker non-votes occur when shares held by a broker for a beneficial owner are not voted either because (i) the broker did not receive voting instructions from the beneficial owner, or (ii) the broker lacked discretionary authority to vote the shares. Broker non-votes are counted for purposes of determining whether a quorum is present, and have no effect on the outcome of the matters voted upon. Note that under a recent rule change, if you are a beneficial holder and do not provide specific voting instructions to your broker, the broker that holds your shares will not be authorized to vote on the election of directors. Accordingly, we encourage you to provide voting instructions to your broker, whether or not you plan to attend the meeting.

What is the vote required for each proposal?

The votes required to approve each proposal are as follows:

Proposal No. 1. Each director will be elected by a plurality of the votes cast, which means that the two individuals nominated for election to the board of directors at the meeting receiving the highest number of “FOR” votes will be elected. You may either vote “FOR” one or both nominees or “WITHHOLD” your vote with respect to one or both nominees.

Proposal No. 2. Approval of Proposal No. 2 will be obtained if the number of votes cast “FOR” the proposal at the meeting exceeds the number of votes “AGAINST” the proposal.

A former executive, Mark T. Troughton, held approximately 18% of the voting power represented by the outstanding shares of Class A common stock and Class B common stock outstanding as of the record date, and has agreed to vote all shares he owns as of the date of the meeting, if any, in accordance with the recommendation of the board of directors on all matters, including the election of directors.

What if I return a proxy card but do not make specific choices?

All proxies will be voted in accordance with the instructions specified on the proxy card. If you received a Notice of Internet Availability, please follow the instructions included on the notice on how to access your proxy card and vote by telephone or through the Internet. If you sign a physical proxy card and return it without instructions as to how your shares should be voted on a particular proposal at the meeting, your shares will be voted in accordance with the recommendations of our board of directors stated above.

If you do not vote and you hold your shares in street name, and your broker does not have discretionary power to vote your shares, your shares may constitute “broker non-votes” (as described above) and will not be counted in determining the number of shares necessary for approval of the proposals. However, shares that constitute broker non-votes will be counted for the purpose of establishing a quorum for the meeting. Voting results will be tabulated and certified by the inspector of elections appointed for the meeting.

Who is paying for this proxy solicitation?

The expenses of soliciting proxies will be paid by Green Dot. Following the original mailing of the soliciting materials, Green Dot and its agents may solicit proxies by mail, electronic mail, telephone, facsimile, by other similar means, or in person. Our directors, officers, and other employees, without additional compensation, may solicit proxies personally or in writing, by telephone, e-mail, or otherwise. Following the original mailing of the soliciting materials, Green Dot will request brokers, custodians, nominees and other record holders to forward copies of the soliciting materials to persons for whom they hold shares and to request authority for the exercise of proxies. In such cases, Green Dot, upon the request of the record holders, will reimburse such holders for their reasonable expenses. If you choose to access the proxy materials and/or vote through the Internet, you are responsible for any Internet access charges you may incur.

What does it mean if I receive more than one proxy card or Notice of Internet Availability?

If you receive more than one proxy card or Notice of Internet Availability, your shares are registered in more than one name or are registered in different accounts. To make certain all of your shares are voted, please follow the instructions included on the Notice of Internet Availability on how to access each proxy card and vote each proxy card by telephone or through the Internet. If you requested or received paper proxy materials by mail, please complete, sign

and return each proxy card to ensure that all of your shares are voted.

Table of Contents

How can I change my vote after submitting my proxy?

A stockholder who has given a proxy may revoke it at any time before it is exercised at the meeting by:
• delivering to the Corporate Secretary of Green Dot (by any means, including facsimile) a written notice stating that the proxy is revoked;

- signing and delivering a proxy bearing a later date;

• voting again by telephone or through the Internet; or

• attending and voting at the meeting (although attendance at the meeting will not, by itself, revoke a proxy).

Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to revoke a proxy, you must contact that firm to revoke any prior voting instructions.

How can I get electronic access to the proxy materials?

The Notice of Internet Availability will provide you with instructions regarding how to:

• view our proxy materials for the meeting through the Internet; and

• instruct us to send our future proxy materials to you electronically by email.

Choosing to receive your future proxy materials by email will reduce the impact of our annual meetings of stockholders on the environment and lower the costs of printing and distributing our proxy materials. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

Where can I find the voting results?

The preliminary voting results will be announced at the meeting and posted on our website at <http://ir.greendot.com/>.

The final results will be tallied by the inspector of elections and filed with the SEC in a current report on Form 8-K within four business days of the meeting.

CORPORATE GOVERNANCE STANDARDS AND DIRECTOR INDEPENDENCE

Green Dot is strongly committed to good corporate governance practices. These practices provide an important framework within which our board of directors and management can pursue our strategic objectives for the benefit of our stockholders.

Corporate Governance Guidelines

Our board of directors has adopted Corporate Governance Guidelines that set forth expectations for directors, director independence standards, board committee structure and functions, and other policies for the governance of the company. Our Corporate Governance Guidelines are available on the Investor Relations section of our website, which is located at <http://ir.greendot.com/>, by clicking on “Corporate Governance Guidelines,” under “Corporate Governance.”

The corporate governance guidelines are reviewed at least annually by our nominating and corporate governance committee, and changes are recommended to our board of directors with respect to changes as warranted.

Board Leadership Structure

Our board of directors retains the flexibility to determine on a case-by-case basis whether the Chief Executive Officer, or an independent director, should serve as Chairman. This flexibility permits our board of directors to organize its functions and conduct its business in a manner it deems most effective in then-prevailing circumstances.

Our board of directors believes that we and our stockholders currently are best served by having Steven W. Streit serve as Chairman as well as Chief Executive Officer. By combining these positions, Mr. Streit serves as a bridge between the board of directors and the operating organization and, with his historical knowledge and operational expertise, provides critical leadership for the strategic initiatives and challenges of the future.

During those periods in which the positions of Chairman and Chief Executive Officer are combined, the independent directors appoint an independent director as a Lead Independent Director. Kenneth C. Aldrich currently serves as the Lead Independent Director.

The position and role of the Lead Independent Director is intended to facilitate communication between the board of directors and the Chairman and Chief Executive Officer and other members of management. The Lead Independent Director has the following duties:

Table of Contents

To organize, convene and preside over executive sessions of the non-management and independent directors and promptly communicate approved messages and directives to the Chairman;

To preside at all meetings of the board of directors at which the Chairman is not available;

To collect and communicate to the Chairman the views and recommendations of the independent directors, relating to his or her performance; and

To perform such other duties and responsibilities as may be assigned from time-to-time by the independent directors.

The board of directors believes that its independence and oversight of management is maintained effectively through this leadership structure, the composition of the board of directors and sound corporate governance policies and practices.

Our Board of Directors' Role in Risk Oversight

Our board of directors, as a whole, has responsibility for risk oversight, although the committees of our board of directors oversee and review risk areas which are particularly relevant to them. The risk oversight responsibility of our board of directors and its committees is supported by our management reporting processes, which are designed to provide visibility to the board of directors and to our personnel that are responsible for risk assessment and information about the identification, assessment and management of critical risks and management's risk mitigation strategies. These areas of focus include, but are not limited to, competitive, economic, operational, financial (accounting, credit, liquidity, and tax), legal, regulatory, compliance and reputational risks.

Each committee of the board of directors meets in executive session with key management personnel and representatives of outside advisors to oversee risks associated with their respective principal areas of focus. The audit committee reviews strategic, financial and execution risks and exposures and regulatory exposures and other current matters that may present material risk to the Company. The audit committee also oversees our internal audit function and discusses with management and our independent registered public accounting firm our policies with respect to significant financial risk exposures and the actions management has taken to limit, monitor or control such exposures. The audit committee receives periodic reports from our Chief Risk Officer on our enterprise risk management program. The compensation committee reviews risks and exposures associated with leadership assessment, management succession planning, and executive compensation programs and arrangements, including incentive plans. The nominating and corporate governance committee reviews risks and exposures relating to significant legal compliance risks and also monitors the steps management has to mitigate these exposures, including our legal risk assessment and legal risk management policies and guidelines.

Independence of Directors

Our board of directors determines the independence of our directors by applying the independence principles and standards established by the New York Stock Exchange, or the NYSE. These provide that a director is independent only if the board affirmatively determines that the director has no direct or indirect material relationship with our company. They also specify various relationships that preclude a determination of director independence. Material relationships may include commercial, industrial, consulting, legal, accounting, charitable, family and other business, professional and personal relationships.

Applying these standards, the board annually reviews the independence of the company's directors, taking into account all relevant facts and circumstances. In its most recent review, the board considered, among other things, the absence of any employment relationships between the company and its directors (other than Steven W. Streit who is also our President and Chief Executive Officer) and their families; the absence of any of the other specific relationships that would preclude a determination of independence under the rules of the NYSE; the absence of transactions with directors (other than Mr. Moritz) and members of their families that would require disclosure in this proxy statement under SEC rules regarding related person transactions; and the absence of any other material relationships between the non-employee directors and Green Dot.

Based upon this review, our board of directors has determined that the following director nominee and members of our board of directors are currently independent as determined under the rules of the NYSE:

- | | |
|----------------------|---------------------|
| Kenneth C. Aldrich | Ross E. Kendell |
| Timothy R. Greenleaf | Michael J. Moritz |
| Virginia L. Hanna | William H. Ott, Jr. |

Table of Contents

All members of our audit committee, compensation committee, nominating and corporate governance committee must be independent directors as defined by our Corporate Governance Principles. Members of the audit committee must also satisfy a separate SEC independence requirement, which provides that they may not accept directly or indirectly any consulting, advisory or other compensatory fee from Green Dot or any of its subsidiaries other than their directors' compensation. No member of either committee may be a partner, member or principal of a law firm, accounting firm or investment banking firm that accepts consulting or advisory fees from Green Dot or any of its subsidiaries. Our board of directors has determined that all members of our audit committee, compensation committee and nominating and corporate governance committee are independent and all members of our audit committee satisfy the relevant SEC additional independence requirements for the members of such committee.

Committees of Our Board of Directors

Our board of directors has established an audit committee, a compensation committee and a nominating and corporate governance committee. Each of these committees has a written charter approved by our board of directors. The composition and responsibilities of each committee are described below. Copies of the charters for each committee are available, without charge, upon request in writing to Green Dot Corporation, 605 East Huntington Drive, Suite 205, Monrovia, California 91016, Attn: Corporate Secretary or by clicking on "Corporate Governance" in the investor relations section of our website, <http://ir.greendot.com/>. Members serve on these committees until their resignations or until otherwise determined by our board of directors.

Audit Committee

Our audit committee is comprised of Mr. Greenleaf, who is the chair of the audit committee, and Ms. Hanna and Mr. Ott. The composition of our audit committee meets the requirements for independence under the current NYSE and SEC rules and regulations. Each member of our audit committee is financially literate as required by current NYSE listing standards. In addition, our board of directors has determined that Mr. Greenleaf is an audit committee financial expert within the meaning of Item 407(d) of Regulation S-K based on his experience in the areas of venture capital and private equity investment (including strategic financial analysis), finance and business generally. Pursuant to its charter, our audit committee, among other things:

- appoints our independent auditors;
- approves the audit and non-audit services to be performed by our independent auditors;
- assesses the qualifications, performance and independence of our independent auditors;
- monitors the integrity of our financial statements and our compliance with legal and regulatory requirements as they relate to financial statements or accounting matters;
- reviews the integrity, adequacy and effectiveness of our accounting and financial reporting processes and the adequacy and effectiveness of our systems of internal control;
- discusses the results of the audit with the independent auditors and reviews with management and the independent auditors our interim and year-end operating results; and
- prepares the audit committee report that the SEC requires in our annual proxy statement.

Compensation Committee

Our compensation committee is comprised of Mr. Ott, who is the chair of the compensation committee, and Ms. Hanna and Messrs. Aldrich and Moritz. Mr. Greenleaf will replace Ms. Hanna on the compensation committee following the annual meeting. The composition of our compensation committee meets the requirements for independence under the current NYSE and SEC rules and regulations. Pursuant to its charter our compensation committee, among other things:

- reviews, approves and makes recommendations to our board of directors (as our compensation committee deems appropriate) regarding the compensation of our executive officers;
- administers and interprets our stock and equity incentive plans;
- reviews, approves and makes recommendations to our board of directors (as our compensation committee deems appropriate) with respect to equity and non-equity incentive compensation plans; and
- establishes and reviews general strategies relating to compensation and benefits of our employees.

From time to time, our compensation committee makes recommendations to our board of directors regarding compensation for non-employee directors using competitive compensation data compiled by management. In connection with making its recommendations, our compensation committee uses a benchmarking approach similar

Table of Contents

to the approach it used for determining compensation for our executive officers for 2011, which is discussed in detail in “Executive Compensation-Compensation Discussion and Analysis.”

Under its charter, our compensation committee has the authority to retain outside counsel or other advisors. Pursuant to that authority, our compensation committee retained an independent compensation consultant, Barney & Barney LLC (“Barney & Barney”), to provide advice and ongoing recommendations on executive compensation matters for 2012. Our compensation committee oversees Barney & Barney's engagement and any other consultants it engages in addition to or in replacement of Barney & Barney. Barney & Barney representatives meet informally with the chair of our compensation committee and regularly with our compensation committee during its regular meetings, including in executive sessions from time to time without any members of management present. Barney & Barney works directly with our compensation committee (and not on behalf of management) to assist our compensation committee in satisfying its responsibilities and will undertake no projects for management without our compensation committee's approval. For additional description of our compensation committee's processes and procedures for consideration and determination of executive officer compensation, see the “Executive Compensation-Compensation Discussion and Analysis.”

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee is comprised of Ms. Hanna, who is the chair of the nominating and corporate governance committee, and Messrs. Kendell, Moritz and Ott. Mr. Aldrich will replace Ms. Hanna as the chair of the nominating and corporate governance committee following the annual meeting. The composition of our nominating and corporate governance committee meets the requirements for independence under the current NYSE and SEC rules and regulations. Pursuant to its charter, our nominating and corporate governance committee, among other things:

- identifies, evaluates and recommends nominees to our board of directors and its committees;
- oversees the evaluation of the performance of our board of directors and its committees and of individual directors;
- considers and makes recommendations to our board of directors regarding the composition of our board of directors and its committees;
- reviews our legal compliance policies; and
- makes recommendations to our board of directors concerning our corporate governance guidelines and other corporate governance matters.

Presiding Director of Non-Employee Director Meetings

The non-employee directors meet in regularly scheduled executive sessions without management to promote open and honest discussion. The Lead Independent Director, currently Mr. Aldrich, is the presiding director at these meetings.

Board and Committee Meetings and Attendance

The board of directors and its committees meet throughout the year on a set schedule, and also hold special meetings and act by written consent from time to time. During 2011, the board of directors met six times, including telephonic meetings, the audit committee held nine meetings, the compensation committee held three meetings and the nominating and corporate governance committee held four meetings. During 2011, no director attended fewer than 75% of the aggregate of the total number of meetings held by the board of directors and the total number of meetings held by all committees of the board of directors on which such director served (during the period which such director served).

Board Attendance at Annual Stockholders' Meeting

Our policy is to invite and encourage each member of our board of directors to be present at our annual meetings of stockholders. All of our directors attended our 2011 Annual Meeting of Stockholders.

Communication with Directors

Stockholders and interested parties who wish to communicate with our board of directors, non-employee members of our board of directors as a group, a committee of the board of directors or a specific member of our board of directors (including our Lead Independent Director, if any) may do so by letters addressed to the attention of our Corporate Secretary.

Table of Contents

All communications are reviewed by the Corporate Secretary and provided to the members of the board of directors consistent with a screening policy providing that unsolicited items, sales materials, and other routine items and items unrelated to the duties and responsibilities of the board of directors not be relayed on to directors. Any communication that is not relayed is recorded in a log and made available to our board of directors.

The address for these communications is:

Code of Business Conduct and Ethics

We have adopted codes of business conduct and ethics that, on a combined basis, apply to all of our board members, officers and employees. Our Code of Business Conduct and Ethics and our Director Code of Business Conduct and Ethics are posted on the Investor Relations section of our website located at <http://ir.greendot.com/>, by clicking on “Corporate Governance.” Any amendments or waivers of our Code of Business Conduct and Ethics and our Director Code of Business Conduct and Ethics pertaining to a member of our board of directors or one of our executive officers will be disclosed on our website at the above-referenced address.

NOMINATIONS PROCESS AND DIRECTOR QUALIFICATIONS

Nomination to the Board of Directors

Candidates for nomination to our board of directors are selected by our board of directors based on the recommendation of the nominating and corporate governance committee in accordance with the committee's charter, our certificate of incorporation and bylaws and our corporate governance guidelines. In recommending candidates for nomination, the nominating and corporate governance committee considers candidates recommended by directors, officers, employees, stockholders and others, using the same criteria to evaluate all candidates. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate and, in addition, the committee may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees.

Additional information regarding the process for properly submitting stockholder nominations for candidates for membership on our board of directors is set forth below under “Stockholder Proposals to be Presented at Next Annual Meeting.”

Director Qualifications

With the goal of developing an experienced and highly-qualified board of directors, the nominating and corporate governance committee is responsible for developing and recommending to the board of directors the desired qualifications, expertise and characteristics of members of our board of directors, including the specific minimum qualifications that the committee believes must be met by a committee-recommended nominee for membership on the board of directors and any specific qualities or skills that the committee believes are necessary for one or more of the members of the board of directors to possess.

Since the identification, evaluation and selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors, and will be significantly influenced by the particular needs of the board of directors from time to time, our board of directors has not adopted a specific set of minimum qualifications, qualities or skills that are necessary for a nominee to possess, other than those that are necessary to meet U.S. legal, regulatory and NYSE listing requirements and the provisions of our certificate of incorporation, bylaws, corporate governance guidelines, and charters of the board of directors' committees. In addition, neither the board of directors nor the nominating and corporate governance committee has a formal policy with regard to the consideration of diversity in identifying nominees. When considering nominees, the nominating and corporate governance committee may take into consideration many factors including, among other things, a candidate's independence, integrity, skills, financial and other expertise, breadth of experience, and knowledge about our business or industry and ability to devote adequate time and effort to responsibilities of the board of directors in the context of its existing composition. Through the nomination process, the nominating and corporate governance committee seeks to promote board of directors membership that reflects a diversity of business experience, expertise, viewpoints, personal backgrounds and

other characteristics that are expected to contribute to the board of directors' overall effectiveness. The brief biographical description of each director set forth in Proposal No. 1 below includes the primary individual experience, qualifications, qualities and skills of each of our directors that led to the conclusion that each director should serve as a member of our board of directors at this time.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our board of directors currently consists of seven directors and is divided into three classes. Each class serves for three years, with the terms of office of the respective classes expiring in successive years. Directors in Class II will stand for election at this meeting. The terms of office of directors in Class III and Class I do not expire until the annual meetings of stockholders held in 2013 and 2014, respectively. At the recommendation of our nominating and corporate governance committee, our board of directors proposes that each of the two Class II nominees named below, each of whom is currently serving as one of the directors in Class II, be elected as a Class II director for a three-year term expiring at the 2015 Annual Meeting of Stockholders and until such director's successor is duly elected and qualified or until such director's earlier resignation or removal.

Shares represented by proxies will be voted "FOR" the election of each of the two nominees named below, unless the proxy is marked to withhold authority so to vote. If any nominee for any reason is unable to serve or for good cause will not serve, the proxies may be voted for such substitute nominee as the proxy holder might determine. Each nominee has consented to being named in this proxy statement and to serve if elected.

Additional biographical descriptions of each nominee are set forth in the text below the table. We believe Ms. Hanna should serve as a member of our board of directors based on her experience as a financial executive at two consumer-focused, publicly-held companies during the period from 1985 to 1997, which provides our board of directors with insights into the areas of corporate finance, cash management and investor relations, and the perspective she brings from her

involvement with retailer deployment of card-based payment systems and the design and implementation of electronic point of sale transaction systems in retail environments.

Timothy R. Greenleaf has been the Managing Director of Fairmont Capital, Inc., a private equity firm with a focus on investments in middle-market consumer-related businesses, since January 1999. Mr. Greenleaf holds a dual B.A. in administrative studies and political science from the University of California at Riverside, a J.D. from Loyola Law School and an L.L.M. in taxation from New York University Law School. We believe Mr. Greenleaf should serve as a member of our board of directors based on his experience as a private equity investor, tax attorney and financial advisor, the leadership qualities he brings to our audit committee and the perspective he adds to our board of directors from his service on the boards of directors of other companies.

Ross E. Kendell retired in 1995 after a thirty-five-year career with KeyBank of Utah (and its predecessor, Commercial Security Bank ("CSB")), where he served as director, President and Chief Executive Officer from 1989 to 1995.

Mr. Kendell served as an officer of Commercial Security Bancorporation ("CS Bancorp"), a bank holding company, from 1972 to 1987 and as a member of the board of directors and on the Executive Committee of CSB and CS Bancorp from 1983 to 1987. We believe Mr. Kendell should serve as a member of our board of directors based on his commercial and community bank leadership experience, including serving in the positions described above, his expertise in handling bank regulatory oversight and examination matters on behalf of community banks, and the perspective he would bring to our board of directors from holding positions in state and national bank associations or organizations.

Michael J. Moritz has been a Managing Member of Sequoia Capital since 1986. Mr. Moritz has served on the board of directors of LinkedIn Corporation, an online professional networking company, since January 2011. Inc., Saba Software, Inc., Yahoo! Inc. and Zappos.com, Inc. Mr. Moritz holds an M.A. in modern history from Christ Church, Oxford. We believe Mr. Moritz should serve as a member of our board of directors based on the important perspective he brings to our board of directors from his over 25 years of experience in the venture capital industry, providing guidance and counsel to a wide variety of companies, and service on the boards of directors of a range of consumer- or retail-oriented, private and publicly-held companies.

Mr. Ott holds a B.A. in English from San Jose State University and an M.B.A. from Santa Clara University. We believe Mr. Ott should serve as a member of our board of directors based on his experience in senior management roles at large publicly-held domestic, global and international banking companies and at card and retail payments companies, including serving in the positions described above, and the perspective he brings to our board of directors from his experiences as a business consultant and his service on the boards of directors of other companies.

Steven W. Streit is our founder, and has served as our President and a director since October 1999, our Chief Executive Officer since January 2001 and our Chairman since February 2010. He also served as our Secretary from October 1999 to April 2000 and as our Treasurer from October 1999 to April 2004. From 1983 to 1999, Mr. Streit worked in the radio broadcasting industry, including serving as a Vice President of Programming at AMFM, a publicly-traded radio broadcast group. We believe Mr. Streit should serve as our Chairman based on the perspective and experience he brings to our board of directors as our President and Chief Executive Officer and our founder, which adds historical knowledge, operational expertise and continuity to our board of directors.

There are no familial relationships among our directors and officers.

While regulatory approval of our proposed bank acquisition was pending during 2011, we continued to compensate directors who performed services as directors in connection with fulfillment of our governance obligations arising out of our application to become a bank holding company. Such compensation was substantially similar to the arrangements described in this paragraph.

We pay the annual retainer fee and any additional annual fees to each director in equal quarterly installments.

Annual Equity Awards. The board of directors, in accordance with the recommendation of our compensation committee, approved modifications to our non-employee director equity compensation policy. Effective January 1, 2011, each non-employee member of the board of directors receives annual awards under our 2010 Equity Incentive Plan of stock options and restricted stock units having a fair market value on the grant date equal to a pre-determined dollar value equal to \$75,000 and \$30,000, respectively. In the event of a merger or consolidation in which Green Dot is not the surviving corporation or another similar change in control transaction involving Green Dot, all unvested stock option and restricted stock unit awards made to non-employee directors under the policy described above will accelerate and vest in full. All awards to non-employee directors, including those described above and any awards to a non-employee director who first becomes a member of our board of directors, will be made on a discretionary basis under the 2010 Equity Incentive Plan, based on the recommendation of our compensation committee.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our audit committee has appointed Ernst & Young LLP as Green Dot's principal independent registered public accounting firm to perform the audit of Green Dot's consolidated financial statements for fiscal year ending December 31, 2012. As a matter of good corporate governance, our audit committee has decided to submit its selection of principal independent registered public accounting firm to stockholders for ratification. In the event that this appointment of Ernst & Young LLP is not ratified by our stockholders, the audit committee will review its future selection of Ernst & Young LLP as Green Dot's independent registered public accounting firm.

Our audit committee first approved Ernst & Young LLP as our independent auditors in 2005, and Ernst & Young LLP audited Green Dot's financial statements for the years ended December 31, 2011 and 2010. Representatives of Ernst & Young LLP are expected to be present at the meeting, in which case they will be given an opportunity to make a statement at the meeting if they desire to do so, and will be available to respond to appropriate questions.

Principal Accountant Fees and Services

We regularly review the services and fees from its independent registered public accounting firm. These services and fees are also reviewed with our audit committee annually. In accordance with standard policy, Ernst & Young LLP periodically rotates the individuals who are responsible for Green Dot's audit.

In addition to performing the audit of Green Dot's consolidated financial statements, Ernst & Young LLP provided various other services during the years ended December 31, 2011 and 2010. Our audit committee has determined that Ernst & Young LLP's provisioning of these services, which are described below, does not impair Ernst & Young LLP's independence from Green Dot. The aggregate fees billed for the years ended December 31, 2011 and 2010 for each of the following categories of services are as follows:

Fees Billed to Green Dot	2011	2010
Audit fees(1)	\$1,201,615	\$1,945,000
Audit related fees(2)	39,145	32,000
Tax fees(3)	293,341	225,000
All other fees	—	—
Total fees	\$1,534,101	\$2,202,000

“Audit fees” include fees for audit services primarily related to the audit of the our annual consolidated financial statements; the review of our quarterly consolidated financial statements; comfort letters, consents, and assistance (1) with and review of documents filed with the SEC (including those associated with our initial public offering); and other accounting and financial reporting consultation and research work billed as audit fees or necessary to comply with the standards of the Public Company Accounting Oversight Board (United States).

“Audit related fees” include fees billed for assurance and related services reasonably related to the performance of (2) the audit or review of the our 2011 and 2010 consolidated financial statements. Audit-related fees also include fees for benefit plan audits and consultation concerning financial accounting and reporting standards not classified as audit fees.

“Tax fees” include fees for tax compliance and advice. Tax advice fees encompass a variety of permissible services, (3) including technical tax advice related to federal and state income tax matters; assistance with sales tax; and assistance with tax audits.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Our audit committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the audit committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date.

All of the services relating to the fees described in the table above were approved by our audit committee.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” APPROVAL OF PROPOSAL NO. 2

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of March 31, 2012, by:

- each stockholder known by us to be the beneficial owner of more than 5% of either class of our common stock;
- each of our directors or director nominees;
- each of our named executive officers; and
- all of our directors and executive officers as a group.

Unless otherwise indicated, the address of each of the individuals and entities named in the table below under “Directors, and Named Executive Officers and 5% Stockholders” is c/o Green Dot Corporation, 605 East Huntington Drive, Suite 205, Monrovia, California 91016.

Percentage ownership of our Class A common stock and Class B common stock is based on 30,412,207 shares of our Class A common stock and 5,170,556 shares of our Class B common stock outstanding on March 31, 2012. Unless otherwise indicated below, to our knowledge, the persons and entities named in the table have sole voting and sole investment power with respect to all shares that they beneficially own, subject to community property laws where applicable. Shares of our Class B common stock are convertible into shares of our Class A common stock at the discretion of the holder on a one-for-one basis. Shares of our Class A common stock or Class B common stock subject to options or restricted stock units that are currently exercisable or exercisable or settleable within 60 days of March 31, 2012 are deemed to be outstanding and to be beneficially owned by the person holding the option or warrant for the purpose of computing the percentage ownership of that person but are not treated as outstanding for the purpose of computing the percentage ownership of any other person.

Percentage of total voting power represents voting power with respect to all shares of our Class A and Class B common stock, as a single class. Holders of Class A common stock are entitled to one vote per share and holders of Class B common stock are entitled to ten votes per share. Holders of common stock vote together as a single class on all matters submitted to a vote of stockholders, subject to certain exceptions or unless otherwise required by law. For the purpose of computing the percentage of total voting power, each share of Class B common stock is deemed not to have been converted into a share of Class A common stock, and thus to have ten votes per share, and the number of outstanding shares of Class A common stock and Class B common stock is reduced by the number of shares that may not be voted by stockholders who are subject to a voting limitation contained in our certificate of incorporation.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following discussion describes and analyzes our compensation program for the five executive officers who are identified in the “Summary Compensation Table” below (our “named executive officers”). For 2011, our named executive officers were:

• Steven W. Streit, Chairman, President and Chief Executive Officer, or CEO;

• Mark T. Troughton, former President, Cards and Network;

• John L. Keatley, Chief Financial Officer;

• William D. Sowell, Chief Operating Officer; and

• John C. Ricci, General Counsel and Secretary.

Compensation Philosophy and Objectives

Our executive compensation program is designed to:

• attract and retain talented and experienced executives;

• motivate and reward executives whose knowledge, skills and performance are critical to our success;

• link compensation to company performance and individual achievement;

• link specific cash-based elements of compensation to our near-term financial performance; and

• align the interests of our executive officers and those of our stockholders by providing our executive officers with long-term incentives to increase stockholder value.

We have endeavored to create an executive compensation program that provides a mix of short-term and long-term payments and awards, cash payments and equity awards, and fixed and variable payments and awards that we believe appropriately motivates our executive officers. We view these components of compensation as related but distinct. In general, our compensation committee and our board of directors believe a significant portion of the value of total on-target compensation for each of our named executive officers should be in the form of performance-based compensation. In addition, our compensation committee and our board of directors strive to keep cash compensation at a competitive level while providing executive officers with the opportunity to be well rewarded through equity awards if our company performs well over time.

As discussed below, our compensation committee increased the amount of on-target short-term cash incentives as a percentage of the value of total on-target compensation to increase the degree to which the named executive officers' compensation was performance-based and to increase the alignment of our executive compensation practices with those of the companies within our 2011 peer group. During 2011, the level of on-target incentive cash compensation, tied to the achievement of company performance goals, was targeted at 40% of total cash compensation for our named executive officers. Our compensation committee believed that this allocation between salary and incentive cash compensation encouraged our executive officers to take appropriate risks aimed at improving our company's financial success and creating long-term stockholder value, aligned our executive officers' short-term cash incentives more closely with the competitive practices of our 2011 peer group, and did not promote inappropriate risk taking. The amount and type of equity awards that were approved for 2011 reflected our compensation committee's desire to motivate performance of the executive officers and manage stockholder dilution.

From time to time, special business conditions may warrant additional compensation, such as housing and travel allowances, to attract, retain or motivate executive officers. Examples of these conditions include the need to recruit or retain individuals with specific or unique talents, and to recognize exceptional contributions. In these situations, we consider our business needs and the potential costs and benefits of special rewards.

Risk Considerations

We design our total compensation mix to encourage our executive officers to take appropriate risks aimed at improving our company's financial success and creating long-term stockholder value. We believe that the design and objectives of our executive compensation program provides an appropriate balance of incentives for executive officers and thereby discourages them from taking inappropriate risks. In this regard, our executive compensation program includes, among other things, the following design features:

Table of Contents

- A balanced mix of fixed versus variable payments and awards, and cash payments versus equity awards;
- Alignment with the competitive practices reflected in the most relevant labor-market in which Green Dot competes;
- Variable payments solely based on achieving the company performance goal of profit before tax and subject to our “clawback” right under certain circumstances;
- A balanced mix of short-term and long-term incentives, with short-term incentives currently representing a significantly lower proportion of the total mix; and
- Maximum award limits for annual incentive awards.

Our compensation committee has assessed our compensation philosophy and objectives and forms of compensation and benefits for all employees, including executives, and has concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on our company.

Compensation Decision Process

Our compensation committee oversees the compensation of our named executive officers and our executive compensation programs and initiatives. Our compensation committee typically reviews executive officer compensation, both base salary levels and the target levels for variable cash incentive awards, following the end of each fiscal year. In connection with this review, our compensation committee considers any input it may receive from our CEO (with respect to executive officers other than himself) in evaluating the performance of each executive officer and sets each executive officer's total target cash compensation for the current year based on this review and the other factors described below. We pay cash incentive awards under our incentive bonus plan, which is designed to compensate our named executive officers for their contribution to achieving semi-annual financial goals contained in our company financial plan, as explained in further detail below. Authority to make equity award grants to our named executive officers currently rests with our compensation committee.

We have based most, if not all, of our prior compensation determinations, including those made for 2011, on a variety of factors, including our performance, our financial condition and available resources, individual performance, our need for a particular position to be filled and the recommendations of our CEO (other than with respect to his own compensation). As discussed under “-Compensation Surveys and Consultants” below, for 2011, the compensation committee engaged a compensation consultant and began a formal benchmarking process. In establishing compensation for executive officers other than our CEO, our compensation committee gives weight to the recommendations of our CEO, but final decisions about the compensation of our named executive officers are typically made solely by our compensation committee.

At our 2011 annual meeting of stockholders, we requested stockholders to cast a non-binding advisory vote on the compensation of our executive officers as described in the proxy statement for our 2011 annual meeting of stockholders, the so-called “say-on-pay” vote. Of the votes cast on the say-on-pay proposal, over 99% were voted in favor of our executive compensation. Our compensation committee reviewed and considered the result of the vote and concluded that it signified stockholder approval of the above-stated goals of our executive compensation and of our efforts to achieve those goals. As indicated in the proxy statement for our 2011 annual meeting of stockholders, our compensation committee had approved the salaries, cash incentive awards and equity compensation for our executive officers for 2011 prior to the holding of our 2011 annual meeting of stockholders. In light of the result of the say-on-pay vote, our compensation committee took no action to change the executive compensation decisions made with respect to 2011 and in 2012 it maintained the same general structure for 2012 executive compensation.

Compensation Surveys and Consultants

Our compensation committee retained Radford, an Aon Consulting Company (“Radford”), to help it establish industry compensation benchmarks and to assist our compensation committee in designing its executive compensation program for 2011. In this regard, our compensation committee engaged Radford to assist in the selection of an appropriate peer group for executive compensation benchmarking purposes and to provide its recommendations on competitive 2011 peer group pay practices.

For 2011, Radford compiled the following peer group of companies under the direction of our compensation committee:

Table of Contents

Primary Proxy Peer Group

Alliance Data Systems, Inc.	Heartland Payment Systems, Inc.	Total System Services, Inc.
Cardtronics, Inc.	Higher One, Inc.	Visa Inc.
Euronet Worldwide, Inc.	MasterCard Incorporated	The Western Union Company
Global Cash Access, Inc.	MoneyGram International, Inc.	Wright Express Corporation

Bank of America, N.A.	RBS Citizens, N.A.	Target Corporation
Barclaycard	Discover Financial Services	Visa Inc.
Capital One Financial Corporation	First National Bank of Omaha	Wells Fargo & Company

Chase Card Services

The 2011 peer group generally included a “primary proxy peer group” consisting of larger companies (or divisions of companies) in the U.S. payment processor industry and viewed to be direct competitors for executive talent. The 2011 peer group also included two survey data peer groups: a “primary survey group” consisting of larger companies (or divisions of companies) in the U.S. credit card industry and viewed to be direct competitors for executive talent and a “secondary survey group” consisting of 87 similarly-sized technology companies with 2010 revenues ranging from \$300 million to \$900 million. The primary proxy peer group was used to inform our compensation committee of pay levels and practices most relevant for the labor-market in which Green Dot competes. Our compensation committee supplemented its review of the primary proxy peer group data, which is limited to publicly-disclosed compensation information for typically the top five highest paid officers (“NEOs”) of the companies within the primary proxy peer group, with information from the primary and secondary survey groups because, among other reasons, compensation information for some executive comparisons was not available from every company within the primary proxy peer group. The primary survey group was primarily used to provide our compensation committee with supplemental information on pay levels and practices for positions in credit card subsidiaries of large commercial banks that would not be publicly-disclosed in SEC filings. The secondary survey group was primarily used to provide our compensation committee with information on pay levels and practices for NEOs plus many other positions at growth-oriented companies that would not be publicly-disclosed in SEC filings, as means of accounting for Green Dot's stage of development relative to the companies in the primary proxy peer group.

In reviewing the competitive compensation information obtained from the 2011 peer group, our compensation committee, with the assistance of Radford, used various analytical methods to account for the size of Green Dot relative to the larger companies in the 2011 peer group. Benchmarks were established for certain of our executive officers with respect to the primary proxy peer group through regression analyses of total compensation paid to comparable executives at companies within the 50th percentile of primary proxy peer group, which were designed to account for larger size of the companies within that group relative to Green Dot. Due to the data limitations described above, our compensation committee did not establish benchmarks for our President, Cards and Networks and Chief Operating Officer with respect to the primary proxy peer group. Our compensation committee targeted total on-target compensation for named executive officers with reference to the 25th percentile, rather than the 50th percentile, of total compensation paid to comparable executives at companies within the primary survey group to account for the larger size of the companies within that group relative to Green Dot. Because the companies in the secondary survey group are comparable in size to Green Dot, our compensation committee targeted total on-target compensation for named executive officers with reference to the 50th percentile of total compensation paid to comparable executives at companies within the secondary survey group. Our compensation committee believed that setting compensation with reference to blended average of the 25th percentile of the primary survey group and the 50th percentile of the secondary survey group (the “blended average reference level”) would appropriately balance its objectives of promoting retention, providing appropriate performance incentives and aligning executives' interests with those of our stockholders. Our compensation committee believed that setting compensation with reference to the regressed primary proxy peer group benchmarks and the blended average of the 25th percentile of the primary survey group and the 50th percentile of the secondary survey group (the “blended average reference level”) would appropriately balance its

objectives of promoting retention, providing appropriate performance incentives and aligning executives' interests with those of our stockholders. Since the regressed primary proxy peer group benchmarks were materially consistent with the blended average reference level, for purposes of simplifying the following discussion, references to the blended average reference level include primary proxy peer group benchmarks.

Table of Contents

Radford conducted a study to develop its recommendations on competitive 2011 peer group pay practices. Based on this study, Radford concluded that the on-target short-term cash incentives for our named executive officers were significantly below the blended average reference level for the 2011 peer group. Radford also determined that long-term equity award values for our named executive officers on average were below the blended average reference level for the 2011 peer group. Our compensation committee's cash-based executive compensation decisions for 2011 were generally consistent with Radford's recommendations, although our compensation committee's decisions were not solely based on Radford's recommendations and, as discussed below, our compensation committee decided to target a lower level of on-target incentive cash compensation than was recommended by Radford.

Elements of Compensation

Our current executive compensation program consists of the following primary components:

- base salary;
- variable and other cash incentive awards linked to corporate and/or individual objectives; and
- periodic grants of long-term equity-based awards.

Base Salary. We seek to provide each member of our senior management with a base salary that is appropriate for his roles and responsibilities, and that provides him with a level of income stability. Our compensation committee reviews the base salaries of our executive officers annually, with significant input from our CEO, to determine whether any adjustment is warranted. In considering a base salary adjustment, our compensation committee considers our company's overall performance and the executive officer's performance, individual contribution, changes in responsibilities and prior experience. Our compensation committee may also take into account the executive officer's current salary and equity ownership and the amounts paid to other executive officers of our company.

During 2011, our compensation committee reviewed the base salaries for each of our named executive officers and approved increases in the annual base salaries of certain of our named executive officers as described below. In evaluating the annual base salaries of our named executive officers, the compensation committee noted that the base salaries of some of the named executive officers were below the blended average reference level for the 2011 peer group. Our compensation committee also took into account each individual's scope of responsibility, performance and other contributions and prior experience in connection with its evaluation. Based on its evaluation, our compensation committee adjusted the 2011 base salaries of Messrs. Ricci and Sowell to align them more closely with the competitive practices of our 2011 peer group and improve pay equity relative to the other executive officers, whose salaries were deemed to be competitive and serving their retention purposes. Our CEO's prior request to not receive an increase to his annual base salary was a significant factor in our compensation committee's deliberations and decision to not raise his salary.

The annual base salaries of Messrs. Ricci and Sowell were increased to \$360,000 (an increase of 2.9%) and \$410,000 (an increase of 43.9%), respectively, in each case retroactive to January 1, 2011. These increases reflected our compensation committee's desire to retain these executive officers by providing competitive compensation and provide additional incentives for performance. In connection with each of the increases, our compensation committee noted that, following the increase, Messrs. Ricci and Sowell would earn an annual base salary that approximated the blended average reference level for the comparable position at companies within the 2011 peer group.

The actual base salaries paid to our named executive officers in 2011 are set forth in the "Summary Compensation Table" below.

Cash Incentive Awards. We utilize cash bonuses to incentivize our executive officers to achieve company and/or individual performance goals on a semi-annual basis, and to reward extraordinary accomplishments. We establish bonus targets for variable cash incentive awards annually, following the end of the fiscal year, and we pay bonuses following the applicable performance period (i.e., the first and second halves of 2011). Each executive officer's on-target bonus amount is a pre-determined amount that is intended to provide a competitive level of compensation if the executive officer achieves his performance targets. Performance targets consist of one or more company performance objectives. In general, we use performance targets to ensure that our executive compensation program aligns the interests of each of our named executive officers with those of our stockholders and that we provide our named executive officers with incentives to maximize their efforts throughout the year. Our annual variable cash incentive awards are intended to compensate our named executive officers for their contribution to achieving financial

goals for the applicable performance period contained in our company financial plan. We determine the actual bonus award for each of our named executive officers according to the level of achievement of company performance objectives. For more information about our variable cash incentive awards, see “-2011 Executive Officer Incentive Bonus Plan”.

Table of Contents

Our compensation committee may grant non-plan cash incentive awards at any time during the fiscal year to reward an executive officer who accomplishes pre-established extraordinary or nonrecurring business objectives on behalf of our company. To date, the compensation committee has granted these awards infrequently.

The actual cash incentive awards paid to our named executive officers in 2011 are set forth in the “Summary Compensation Table” below under the column captioned “Non-Equity Incentive Plan Compensation.”

2011 Executive Officer Incentive Bonus Plan. We calculated all variable cash incentive awards under our 2011 Executive Officer Incentive Bonus Plan by multiplying the individual's on-target bonus amount by the percentage of achievement of corporate objectives. Our compensation committee evaluated on-target bonus amounts with reference to the blended average reference level of the 2011 peer group, using its subjective judgment to determine the amount of bonus sufficient to align the interests of each named executive officer with those of those of our stockholders and provide incentives to maximize their efforts throughout the year. Our compensation committee noted that, in each case, the then-existing on-target bonus amounts of the named executive officers were significantly below the blended average reference level for the comparable position at companies within the 2011 peer group. For 2011, our compensation committee set the annual on-target bonus amount for each executive officer at 40% of their respective annual base salaries, based on its evaluation of competitive 2011 peer group pay practices and its subjective judgment taking into account the available information, including our CEO's recommendations. While our compensation committee believed such amounts would provide a competitive level of compensation if the executive officer achieved his performance goals, in reaching this decision, our compensation committee recognized that, following the increases, each named executive officer's on-target bonus amount would continue to be significantly below the blended average reference level for the comparable position at the companies within the 2011 peer group. On balance, our compensation committee believed that the increases necessary to approximate the blended average reference level for short-term cash incentives for the comparable position at the companies within the 2011 peer group should occur over multiple years, rather than in a single adjustment. The on-target bonus amounts for our named executive officers for 2011 were as follows: Mr. Streit -- \$210,000; Mr. Troughton -- \$190,000; Mr. Keatley -- \$170,000; Mr. Sowell -- \$164,000; and Mr. Ricci -- \$144,000.

The actual on-target bonus amounts in each of the applicable semi-annual periods were 50% of the amounts stated above. As explained below, the actual amount of any variable cash incentive award paid to a named executive officer could be less than 100% of the applicable on-target bonus amount, depending on the percentage of achievement of company performance objectives. Our 2011 Executive Officer Incentive Bonus Plan provides that the amount of the actual bonus payment cannot exceed the on-target bonus amount.

Our board of directors approves a financial plan for our company for each fiscal year and, in practice, that action resets our management cash incentive compensation plan for that year, establishing the corporate objective under the plan. For 2011, the bonuses were earned and paid semi-annually based upon attainment of the semi-annual goals contained in our company financial plan for profit before tax, or PBT, which is calculated by adding the amount of stock-based compensation to the amount of income before income taxes (excluding the impact of employee stock-based compensation expense and stock-based retailer incentive compensation), reflected in our consolidated statements of operations. PBT was originally chosen as the corporate objective under the plan because we believed it to be the best indicator of financial success and stockholder value creation for our company. We also believe that the focus on PBT as the corporate objective discourages inappropriate risk taking by our executives as it encourages them to take a balanced approach that focuses on corporate profitability. The PBT targets were set at levels that were intended to reward our named executive officers for achieving results that met our expectations. We believe that, to provide for an appropriate incentive effect, the goals should be such that to achieve 100% of the objective, the performance for the applicable period must be aligned with our company financial plan, and that our named executive officers should not be rewarded for company performance that did not approximate our company financial plan. Accordingly, as discussed below, we would have paid our named executive officers nothing if the PBT achieved in a particular semi-annual period was less than 90% of the PBT target for that period.

For the first and last six months of 2011, the PBT targets under the plan were \$55.4 million (3% year-over-year growth) and \$57.4 million (12% year-over-year growth), respectively, and actual results, in each case as adjusted for the items below, were \$54.7 million (1% year-over-year growth) and \$56.2 million (10% year-over-year growth),

respectively. We determined that the company objective percentage was 93% (98.6% achievement of PBT target) for the first six months of 2011 and 89.7% (97.9% achievement of PBT target) for the last six months of 2011. Under the above formula, such achievement resulted in 91.35% of the on-target bonus amounts being payable to the executive officer participants.

Long-Term Equity-Based Awards. We utilize long-term equity awards, principally stock options, to ensure that our named executive officers have a continuing stake in our long-term success. Because we award our executive officers stock options with an exercise price equal to or greater than the closing price per share of our Class A common stock on the date of grant, these options will have value to our named executive officers only if the market price of our

Table of Contents

common stock increases after the date of grant. Typically, our stock options vest and become exercisable as to 25% of the shares underlying the option on the first anniversary of the vesting commencement date, with the remainder of the shares vesting monthly in equal installments over the next three years. Our compensation committee believes that these features of the awards align the interests of our named executive officers with those of the stockholders because they create the incentive to build stockholder value over the long-term. In addition, equity awards improve our ability to attract and retain our executives by providing compensation that is competitive with market levels.

Our compensation committee seeks to provide equity incentive awards that are generally competitive with market practice, which it determined in 2011 by reference to the practice among companies in our 2011 peer group. We typically grant stock options to executive officers upon hiring or promotion, in connection with a significant change in responsibilities, to recognize extraordinary performance, or to achieve internal equity. At least annually, our compensation committee reviews the equity ownership of our executive officers and considers whether to make additional awards. Our compensation committee takes into account, on a subjective basis, various factors in connection with making its determination. These factors include the responsibilities, past performance and anticipated future contributions of the executive officer, and the competitiveness of the executive officer's overall compensation package, as well as the executive officer's existing equity holdings, the extent to which these holdings are vested, the potential reward to the executive officer if the market value of our common stock appreciates, and the recommendations of our CEO. In 2011, our compensation committee determined to target long-term equity award grant guideline levels for our named executive officers with reference to the blended average reference level of the 2011 peer group, noting that Radford had determined that, in each case, the then-existing long-term incentive values for our named executive officers were below the blended average reference level for the comparable position at the companies within the 2011 peer group.

After its consideration of the factors mentioned above for each named executive officer, our compensation committee determined to award of stock options to each of our named executive officers. In April 2011, our compensation committee approved grants of options to purchase 47,000, 24,000, 15,000, 120,000 and 9,000 shares of our common stock to Messrs. Streit, Troughton, Keatley, Sowell and Ricci, respectively, each with an exercise price of 45.31 per share, the closing price per share of our Class A common stock on the grant date. The determination of the number of shares of our common stock underlying each stock option grant was made with reference to the value attributable to the blended average reference level for the comparable position at the companies within the 2011 peer group and, in the case of Mr. Sowell's grant, was based to a greater extent on our compensation committee's subjective judgment of the amount that it believed would further align Mr. Sowell's interests with our long-term growth and operational objectives, taking into account the recommendation of our CEO.

Each of the stock option grants described above were made under our 2010 Equity Incentive Plan. Each stock option vested and became exercisable as to 25% of the shares underlying the option on the first anniversary of the vesting commencement date, and the remainder of the shares vesting monthly in equal installments over the next three years. Each of these stock options has a ten-year term.

Severance and Change of Control Agreements

Prior to 2011, we entered into severance arrangements with our named executive officers. These arrangements included severance pay and accelerated vesting of equity awards. These arrangements were designed to promote retention of our senior executive team. Details of each of our named executive officer's severance arrangements, including estimates of amounts payable in specified circumstances, are disclosed under “- Severance and Change of Control Agreements” below. The value of our severance arrangements for our named executive officers was not a material factor in our compensation committee's or our board of directors' determination of the level of any other element of their compensation.

We have routinely granted and will continue to grant our named executive officers stock options under our equity incentive plans. As further described in “- Severance and Change of Control Agreements” below, some of the option agreements for our executive officers provide for acceleration of vesting of the awards for up to 100% of the unvested shares in the event of a change of control.

Other Executive Benefits and Perquisites

We provide the following benefits to our executive officers on the same basis as our other eligible employees:

health insurance;
vacation, personal holidays and sick days;
life insurance and supplemental life insurance;
short-term and long-term disability insurance; and

a 401(k) retirement plan with matching contributions.

We believe these benefits are generally consistent with those offered by other companies and specifically with those companies with which we compete for employees.

In addition to the foregoing, we reimburse Mr. Streit's cost of insurance premiums under our healthcare plans, continuing the benefit we provided him under his employment agreement, which expired in January 2004.

Under the terms of his offer letter, we provide Mr. Sowell with a housing and travel allowance of up to \$4,000 per month. We believed that this personal benefit was necessary to attract and retain Mr. Sowell, who resides in Texas and was not willing to relocate to Southern California on a full-time basis.

Other Compensation Practices and Policies

Tax Considerations. Section 162(m) of the Internal Revenue Code of 1986, as amended disallows a tax deduction by any publicly-held corporation for individual compensation exceeding \$1.0 million in any taxable year for its chief executive officer and each of our other named executive officers (other than its chief financial officer), unless compensation is performance-based. Prior to the time we became a publicly-held company, our board of directors had not taken the deductibility limit imposed by Section 162(m) into consideration in setting compensation. Our 2010 Equity Incentive Plan is structured so that performance-based equity compensation deemed paid to covered officers in connection with the exercise of stock option grants made under the plan will qualify as performance-based compensation that will not be subject to the \$1.0 million limitation. Although our compensation committee generally seeks to structure compensation payable to covered officers to meet the deductibility requirements under Section 162(m), in order to maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, our compensation committee has not adopted a policy that all compensation payable to covered officers must be deductible on our federal income tax returns. In addition, our compensation committee cannot ensure that compensation intended to qualify for deductibility under Section 162(m) will in fact be deductible because a number of requirements must be satisfied in order for the compensation to qualify, and uncertainties as to the application and interpretation surrounding this section currently exist.

Policy Regarding the Timing of Equity Awards. We have no program, plan or practice pertaining to the timing of stock option grants to executive officers relative to the timing of the release of material nonpublic information. We do not, as of yet, have any plans to implement such a program, plan or practice.

Policy Regarding Restatements. We do not have a formal policy regarding adjustment or recovery of awards or payments if the relevant performance measures upon which they are based are restated or otherwise adjusted in a manner that would reduce the size of the award or payment. Under those circumstances, our board of directors or our compensation committee would evaluate whether adjustments or recoveries of awards were appropriate based upon the facts and circumstances surrounding the restatement or adjustment.

- (1) Represents possible cash incentive awards under our 2011 Executive Officer Incentive Bonus Plan upon our achievement of applicable corporate profit goals. Actual awards are only payable if the corporate objectives (i.e., PBT targets) are achieved at a level of at least 90%. Actual awards cannot exceed 100% of the target amount and are adjusted downward in the event corporate objectives are achieved at a level between 90% and 100% by subtracting the actual percentage achievement from 100%, multiplying that percentage by 5 and subtracting the resulting percentage from 100%, which is then multiplied against the target bonus amount. Bonuses were paid on a semi-annual basis. See “- Compensation Discussion and Analysis” above for further discussion of these awards.

- (2) These option awards vest as to 25% of the shares of common stock underlying the option on the first anniversary of the vesting commencement date, with the remainder of the shares vesting monthly in equal installments over the next three years. All options were granted under our 2010 Equity Incentive Plan, and contain provisions that call for accelerated vesting upon a change of control as discussed above in “- Compensation Discussion and Analysis” and below in “- Severance and Change of Control Agreements.”

PayPal Warrant

In March 2009, we entered into a commercial transaction with PayPal, Inc. As part of this transaction, we issued a warrant to purchase up to 4,283,456 shares of common stock to PayPal, with an exercise price of \$23.70 per share. Of these shares, 3,426,765 shares will vest and become exercisable only upon the achievement of certain performance goals prior to the earlier of March 3, 2014 or the termination of our commercial agreement with PayPal, and the remaining shares will vest and become exercisable only if certain additional performance goals are met prior to the same deadline. The warrant provides that it expires on the earlier of March 3, 2014 or the termination of our commercial agreement with PayPal if none of the shares subject to the warrant have vested prior to the earlier event. Should any of the shares subject to the warrant vest, the warrant expires on the earliest of the date on which our commercial agreement with the holder is terminated, the date of a change in control of our company or March 3, 2017. This warrant is redeemable for cash if we fail to perform under our commercial agreement with PayPal. In addition, we have the right to repurchase any shares previously issued upon the exercise of the warrant if the holder fails to perform under that agreement.

TRANSACTIONS WITH RELATED PARTIES, FOUNDERS AND CONTROL PERSONS

From January 1, 2011 to the present, there have been no transactions, and there are currently no proposed transactions, in which the amount involved exceeds \$120,000 to which we or any of our subsidiaries was (or is to be) a party and in which any director, executive officer, holder of more than 5% of our capital stock, or any immediate family member of or person sharing the household with any of these individuals, had (or will have) a direct or indirect material interest, except for payments set forth under “Executive Compensation” above.

Recapitalization

On December 8, 2011, we entered into, and completed a share exchange contemplated by, the Share Exchange Agreement (the “Exchange Agreement”) with Sequoia Capital Franchise Fund, L.P., Sequoia Capital USGF Principals Fund IV L.P., Sequoia Capital Franchise Partners, L.P. and Sequoia Capital U.S. Growth Fund IV, L.P. (collectively, the “Sequoia Funds”) in order to permit the Sequoia Funds to satisfy in part their commitment to the Board of Governors of the Federal Reserve System to reduce their aggregate holdings of our voting securities and the voting power thereof to not more than 9.9% of our total voting securities and the voting power thereof, respectively, prior to the completion of our acquisition of Utah-based Bonneville Bancorp, a bank holding company, and its subsidiary commercial bank, Bonneville Bank. Pursuant to the Exchange Agreement, the Sequoia Funds exchanged an aggregate of 6,859,000 shares of our Class B common stock for an aggregate of 6,859 shares of a newly created series of our preferred stock, the Series A Convertible Junior Participating Non-Cumulative Perpetual Preferred Stock (the “Series A Preferred Stock”). The Sequoia Funds collectively held 51.7% of the voting power of our outstanding voting securities at the time of their entry into the Exchange Agreement. Michael J. Moritz, a member of our board of directors, is a managing member or director of the general partner (or general partner of the general partner) of each of the Sequoia Funds. The shares of Series A Preferred Stock were issued pursuant to the exemption from registration provided by Section 3(a)(9) of the Securities Act of 1933, as amended, on the basis that such shares were exchanged by us with our existing stockholders and no commission or other remuneration was paid or given directly or indirectly for soliciting such exchanges. The closing price for a share of our Class A common stock on December 8, 2011 was \$32.40.

Loopt Acquisition

On March 30, 2012, we acquired Loopt, Inc., a Delaware corporation (“Loopt”), a provider of mobile location-based services. The aggregate purchase price was approximately \$43 million in cash, of which approximately \$34 million was paid to stockholders of Loopt, Inc. in exchange for all of the issued and outstanding shares of Loopt capital stock (the “Merger Consideration”). Funds affiliated with Sequoia Capital are significant stockholders and affiliates of both us and Loopt. Greg McAdoo, a partner with Sequoia Capital, is a member of the board of directors of Loopt. Michael Moritz, a partner with Sequoia Capital, is a member of our board of directors. Funds affiliated with Sequoia Capital held approximately 10.8 million shares of Loopt preferred stock, representing 25.4% of Loopt's total capital stock outstanding, and will receive approximately 23.8% of the Merger Consideration.

Review, Approval or Ratification of Transactions with Related Parties

We have adopted a written related-party transactions policy which sets forth our policies and procedures regarding the identification, review, consideration and approval or ratification of “related person transactions.” Our audit committee reviews transactions that may be “related person transactions,” which are transactions between us and any related persons in which the aggregate amount involved exceeds or may be expected to exceed \$120,000, and in which the related person has or will have a direct or indirect material interest. For purposes of the policy, a related person is any executive officer, director, nominee for director, or stockholder of ours holding more than 5% of any class of our voting securities, in each case since the beginning of the previous fiscal year, and their immediate family members. Under the policy, absent any facts or circumstances indicating special or unusual benefits to the related person, the following transactions, arrangements or relationships need not be approved by our audit committee pursuant to the policy:

- employment by us of an executive officer if
- the related compensation is required to be reported in our proxy statement, or
- the executive officer is not an immediate family member of another of our executive officers or directors, the related compensation would be reported in our proxy statement if the executive officer were a “named executive officer,” and our compensation committee approved or recommended that our board of directors approve the compensation;

- any compensation paid to a director if the compensation is required to be reported in our proxy statement;
- any transaction where the related person's interest arises solely from the ownership of our common stock and

31

all holders of our common stock received the same benefit on a pro rata basis;

- any transaction where the rates or charges involved are determined by competitive bids;

• any transaction involving the rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or government authority;

• any transaction involving services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture or similar services;

• any charitable contribution, grant or endowment by us to a charitable organization, foundation or university at which a related person's only relationship is as an employee (other than as an executive officer);

• any charitable contribution, grant or endowment by us to a charitable organization, foundation or university at which a related person is a trustee, director or executive officer, if the aggregate amount involved in any fiscal year does not exceed \$120,000;

• any non-discretionary matching contribution, grant or endowment made pursuant to a matching gift program;

• ordinary course business travel expenses, advances and reimbursements; and

• any indemnification payments made pursuant to our insurance policies, certificate of incorporation or bylaws or as otherwise approved by our board of directors.

Under the policy, members of our legal department review transactions involving related persons that do not fall into one of the above categories. If they determine that a related person could have a significant interest in a transaction, the transaction is referred to our audit committee. In addition, transactions may be identified through our code of business conduct and ethics or our other policies and procedures, and reported to the audit committee. The audit committee determines whether the related person has a material interest in a transaction and may approve, ratify, reject, rescind or take other action with respect to the transaction.

The Audit Committee has reviewed and discussed with Green Dot's management and Ernst & Young LLP the audited consolidated financial statements of Green Dot contained in Green Dot's annual report on Form 10-K for the year ended December 31, 2011. The Audit Committee has also discussed with Ernst & Young LLP the matters required to be discussed by SAS No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee has received and reviewed the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with Ernst & Young LLP its independence from Green Dot.

Based on the review and discussions referred to above, the Audit Committee recommended to the board of directors that the audited consolidated financial statements be included in Green Dot's annual report on Form 10-K for the year ended December 31, 2011 for filing with the Securities and Exchange Commission.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16 of the Exchange Act requires Green Dot's directors, executive officers and any persons who own more than 10% of Green Dot's common stock, to file initial reports of ownership and reports of changes in ownership with the SEC. Such persons are required by SEC regulation to furnish Green Dot with copies of all Section 16(a) forms that they file. Based solely on its review of the copies of such forms furnished to Green Dot and written representations from the directors and executive officers, Green Dot believes that all Section 16(a) filing requirements were timely met in 2011, with the exception of John L. Keatley's Form 4 reporting a stock option exercise with respect to 15,000 shares of Class B common stock on February 25, 2011, which was filed late.

"Householding" - Stockholders Sharing the Same Last Name and Address

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to implement a delivery procedure called "householding." Under this procedure, multiple stockholders who reside at the same address may receive a single copy of our annual report and proxy materials, including the Notice of Internet Availability, unless the affected stockholder has provided contrary instructions. This procedure reduces printing costs and postage fees, and helps protect the environment as well.

This year, a number of brokers with account holders who are Green Dot stockholders will be "householding" our annual report and proxy materials, including the Notice of Internet Availability. A single Notice of Internet Availability and, if applicable, a single set of annual report and other proxy materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. Stockholders may revoke their consent at any time by contacting Broadridge, either by calling toll-free (800) 542-1061, or by writing to Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York, 11717.

Upon written or oral request, Green Dot will promptly deliver a separate copy of the Notice of Internet Availability and, if applicable, annual report and other proxy materials to any stockholder at a shared address to which a single copy of any of those documents was delivered. To receive a separate copy of the Notice of Internet Availability and, if applicable, annual report and other proxy materials, you may write or call Green Dot's Investor Relations department

at 605 East Huntington Drive, Suite 205, Monrovia, CA 91016, Attn: Investor Relations, telephone number (626) 739-3942.

Table of Contents

Any stockholders who share the same address and currently receive multiple copies of Green Dot's Notice of Internet Availability or annual report and other proxy materials who wish to receive only one copy in the future can contact their bank, broker or other holder of record to request information about householding or Green Dot's Investor Relations department at the address or telephone number listed above.

OTHER MATTERS

The board of directors does not presently intend to bring any other business before the meeting and, so far as is known to the board of directors, no matters are to be brought before the meeting except as specified in the notice of the meeting. As to any business that may arise and properly come before the meeting, however, it is intended that proxies, in the form enclosed, will be voted in respect thereof in accordance with the judgment of the persons voting such proxies.
