**HOME FEDERAL SAVINGS BANK EMPLOYEES'
SAVINGS AND PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(1) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared in accordance with U.S. generally accepted accounting principles.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

(c) Custodian of Investments

TD Ameritrade Trust Corporation is the trustee and custodian of all Plan assets.

(d) Plan Administration

Home Federal Savings Bank (the Company) is the administrator of the Plan. Alliance Benefit Group (ABG) performs the participant accounting.

(e) Investment Valuation and Income Recognition

Investments are stated at fair value (see note 6). The Plan holds investments in guaranteed investment contracts (GICs) as part of the collective trust fund. The estimated fair value of a GIC is net asset value exclusive of the adjustment to contract value. As required by Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 946-210-45, the statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are presented on a contract-value basis. Investments in mutual funds are valued using daily net asset value calculations performed by the funds and published on national exchanges. Investments in common stock are valued at the unadjusted quoted market price at the close of the trading day. Dividends are recorded on the ex-dividend date and are reinvested in the respective funds. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of securities are recorded on a trade-date basis. Net realized gains or losses are recognized by the Plan upon the sale of its investments or portions thereof based on average cost.

**HOME FEDERAL SAVINGS BANK EMPLOYEES'
SAVINGS AND PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(1) Summary of Significant Accounting Policies (Continued)

(f) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(g) Benefits

Benefits are recorded when paid.

(h) Subsequent Events

There were no subsequent events requiring adjustment to the financial statements or disclosure through June 19, 2015, the date that the Plan's financial statements were issued.

(2) Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for more complete information.

(a) General

The Plan is a defined contribution plan, qualified under Section 401(a) of the Internal Revenue Code (IRC). The Plan includes 401(k) provisions, which allow participants to direct the Company to contribute a portion of their compensation to the Plan on a pretax and Roth basis through payroll deductions. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

All Company employees who have attained the age of 18 are eligible to participate in the Plan, subject to entry dates.

(b) Funding Policy

Participants have the ability to contribute up to 50% of their monthly compensation on a pretax and Roth basis to the Plan. Participant contributions are subject to the Internal Revenue Service (IRS) maximum annual limits of \$17,500 during 2014 and 2013. The Company matches 25% of each participant's contribution not in excess of 8% of the participant's annual salary. Participants over the age of 50 were allowed to contribute an additional \$5,500 as a "catch-up" contribution during 2014 and 2013 as allowed by current tax law.

The Company may, in its sole discretion, contribute to the Plan an amount to be determined from year to year (the Non-Elective Contribution). Such contributions would be allocated to the accounts of participants in the ratio that each participant's compensation for the plan year bears to the total compensation of all participants for the plan year. There were no such contributions during 2014 or 2013.

(Continued)

7

**HOME FEDERAL SAVINGS BANK EMPLOYEES'
SAVINGS AND PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(2) Description of the Plan (Continued)

(b) Funding Policy (Continued)

New employees are automatically enrolled in the Plan on the first of the month following 30 days of employment unless the employee elects not to participate (Automatic Enrollment Provision). Automatic contributions for these new employees are initially deducted at a rate of 4% of the employee's compensation and are increased in 1% increments on January 1 of each year up to a maximum total contribution of 12%. The Company matches 25% of these automatic contributions not in excess of 8% of the participant's annual salary. The employee has the right at any time to decline participation in the Plan or change the amount of the automatic contribution up to the maximum allowed 50% of their monthly compensation.

The Plan allows for rollover contributions to be made to the Plan by eligible participants. These rollover contributions are eligible distributions from other tax-qualified plans or individual retirement accounts or annuities that participants elect to have invested in the Plan either by a direct rollover to the Plan or by a distribution followed by a contribution within sixty days of receipt.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant contributions or account balances, as defined. Participants may elect to have their contributions invested in the funds listed in the Plan's provisions as they choose and may generally also transfer their balances daily among these funds.

(d) Vesting

Participants are immediately vested in their contributions and the actual earnings thereon.

Employer contributions are subject to a three-year cliff vesting.

Forfeited amounts totaled \$8,418 and \$17,268 for 2014 and 2013, respectively, and are used to reduce future employer match obligations or plan fees. Forfeitures of \$26,333 and \$4,816 for 2014 and 2013, respectively, were used to reduce current year employer contributions.

(e) Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

(Continued)

8

**HOME FEDERAL SAVINGS BANK EMPLOYEES'
SAVINGS AND PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(2) Description of the Plan (Continued)

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years, except loans used to purchase a primary residence, which may have a term up to 15 years. All loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate or prime rate plus 1%. Principal and interest payments must be made monthly.

(g) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, changes in the values of investment securities will occur in the near term that could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2014 and 2013, approximately 5% and 7% of the Plan's net assets were invested in the common stock of HMN Financial, Inc, respectively. The underlying value of the HMN Financial, Inc. common stock is entirely dependent upon the performance of HMN Financial, Inc. and the market's evaluation of such performance. It is at least reasonably possible that changes in the fair value of HMN Financial, Inc. common stock in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

(h) Distributions

Upon termination of employment for any reason, the vested portion of the participant's account balance becomes fully payable. Distributions are paid in cash in either one lump sum or under installments.

(i) Participating Employers

The Company is a member of a controlled group of corporations as defined in Section 414(b) of the IRC. All members of the controlled group participated in the Plan.

(j) Costs and Expenses

Asset management fees ranging between 9 and 137 basis points are assessed annually on average net asset values and are deducted from the individual funds. In addition, accounting and administrative fees totaling \$16,534 and \$18,996 were paid in 2014 and 2013, respectively.

(3) Plan Termination

The Company, by action of its board of directors, may terminate the Plan. All participants at the time of such termination shall be 100% vested in their account balances and shall be entitled to a benefit equal to the value of their accounts as determined as of the valuation date following termination.

Vanguard Wellesley Fund	916,095	727,063
Wells Fargo Government Securities Fund	787,693	753,996
HMN Financial, Inc. Common Stock	*	995,366

* Investment did not equal or exceed 5% of net assets available for benefits

(5) Fair Value Measurements

ASC Topic 820, *Fair Value Measurements and Disclosures* (ASC 820), governs the application of U.S. generally accepted accounting principles that require fair value measurements of the Plan's assets and liabilities and disclosures about those measurements. Fair value is an estimate of the price the Plan would receive upon selling a security in an orderly transaction between market participants in the principal or most advantageous market of the security. ASC 820 establishes a three-tiered hierarchy, which prioritizes and ranks the level of market price observability used in measuring investments at fair value. The level in the fair value hierarchy within which the fair value measurement of the asset in its entirety is classified is based on the lowest level input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 Quoted prices are available in active markets for identical investments as of the reporting date. The types of investments included in Level 1 are money market funds, publicly traded equity securities, and mutual funds. The quoted prices for these investments are not adjusted because of the size of the position relative to trading volume (blockage factor).

Level 2 Pricing inputs are other than quoted prices in active markets for identical or similar instruments. Investments that may be included in this category are publicly traded equity securities with restrictions (e.g., lock-up agreements) or equity or debt securities of private companies provided the transaction is both recent and between willing parties for the same securities and therefore could be used as an estimate of the theoretical exit price.

(Continued)

10

**HOME FEDERAL SAVINGS BANK EMPLOYEES'
SAVINGS AND PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(5) Fair Value Measurements (Continued)

Pricing inputs are unobservable that are significant to the fair value measurement and include situations where there is little, if any, market activity for the investment. Fair value for these investments is estimated Level 3 using valuation methodologies that consider a range of factors in estimating the exit price from the perspective of market participants, as discussed in note 1(e). Investments that are included in this category generally are privately held debt and equity securities.

Valuation levels are not necessarily an indication of the risk associated with investing in those securities.

The following is a description of the valuation methodologies used for assets held and carried at fair value:

Cash equivalents – Valued at stated value, which approximates fair value.

Collective trust fund – The estimated fair value of the collective trust fund is net asset value, exclusive of the adjustment to contract value, based on the fair value of securities underlying the fund. The use of net asset value as fair value is deemed appropriate as the collective trust fund does not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

This fund invests in investment instruments issued by highly rated financial institutions. These instruments include GICs, bank investment contracts and security backed contracts. Safety of principal, consistency of returns with minimal volatility, and liquidity for participant-initiated withdrawals are key objectives of the fund.

Common stock – Valued daily based on unadjusted quoted prices from national exchanges.

Mutual funds – Valued daily based on unadjusted quoted prices from national exchanges and commonly used third-party services.

(Continued)

11

**HOME FEDERAL SAVINGS BANK EMPLOYEES'
SAVINGS AND PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(5) Fair Value Measurements (Continued)

The following tables present the level within the fair value hierarchy at which the investments are measured on a recurring basis as of December 31, 2014 and 2013:

	December 31, 2014			
	Level 1	Level 2	Level 3	Total
Cash equivalents	\$58,770	—	—	58,770
Collective trust fund	—	1,073,643	—	1,073,643
HMN Financial, Inc. common stock	699,199	—	—	699,199
Mutual funds:				
Domestic equity	8,560,004	—	—	8,560,004
International equity	1,361,372	—	—	1,361,372
Balanced	916,095	—	—	916,095
Fixed income or bond	1,073,319	—	—	1,073,319
Target date	676,818	—	—	676,818
	\$13,345,577	1,073,643	—	14,419,220

	December 31, 2013			
	Level 1	Level 2	Level 3	Total
Cash equivalents	\$43,912	—	—	43,912
Collective trust fund	—	956,909	—	956,909
HMN Financial, Inc. common stock	995,366	—	—	995,366

Mutual funds:				
Domestic equity	8,264,408	—	—	8,264,408
International equity	1,374,959	—	—	1,374,959
Balanced	727,063	—	—	727,063
Fixed income or bond	1,001,935	—	—	1,001,935
Target date	518,874	—	—	518,874
	\$12,926,517	956,909	—	13,883,426

For the years ended December 31, 2014 and 2013, the Plan held no assets in which significant unobservable inputs (Level 3) were used in determining fair value. The Plan did not have any transfers between Levels 1 and 2 during the periods.

(Continued)

12

**HOME FEDERAL SAVINGS BANK EMPLOYEES'
SAVINGS AND PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(6) Income Tax Status

The IRS determined and informed the Company by a letter dated May 11, 1994 that the Plan and related trust, as then designed, were in compliance with the provisions of 401(a) of the IRC and were thereby exempt from federal income taxes under Section 501(a) of the IRC. The Plan has been amended in its entirety since receiving this determination letter. During 2009, the Plan, as amended, was again submitted to the IRS for determination of its tax-exempt status. A favorable determination was received on September 09, 2010; therefore, no provision for income taxes has been included in the Plan's financial statements. Although the Plan was subsequently amended in December 2010, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

(7) Party-in-Interest Transactions

The Plan engages in investment transactions involving the acquisition or disposition of HMN Financial, Inc. common stock. HMN Financial, Inc. is the holding company of Home Federal Savings Bank and is a party in interest. Also, certain Plan investments are shares of mutual funds managed by TD Ameritrade. TD Ameritrade is the trustee of the Plan as defined by the Summary Plan Document and is a party in interest. In addition, certain Plan investments are shares of mutual funds managed by ABG. ABG is appointed as the third-party record-keeper of the Plan as defined by the Summary Plan Document and is a party in interest. These transactions are covered by an exemption from the "prohibited transactions" provisions of ERISA and the IRC.
