PROXY STATEMENT

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Where and when is the Annual Meeting? The Annual Meeting will be held at 9:00 a.m. (PDT) on Wednesday, May 17, 2013 at Luxe Sunset Boulevard Hotel, 11461 Sunset Boulevard, Los Angeles, California.

What is the purpose of the Annual Meeting of Stockholders? At the Annual Meeting, stockholders will vote upon matters described in the Notice of Annual Meeting and this Proxy Statement, including the election of directors, the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm, and the advisory approval of the Company's executive compensation. In addition, once the business of the Annual Meeting is concluded, members of management will respond to questions raised by stockholders, as time permits.

Who can attend the Annual Meeting? All of our common stockholders of record as of the close of business on March 22, 2013, the record date for the Annual Meeting, or their duly appointed proxies, may attend the Annual Meeting. You should be prepared to present photo identification for admittance. Appointing a proxy in response to this solicitation will not affect a record stockholder's right to attend the Annual Meeting and to vote in person. Please note that if you hold your common stock in "street name" (that is, through a broker, bank or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of March 22, 2013 to gain admittance to the Annual Meeting.

What am I voting on? At the Annual Meeting, you may consider and vote on:

- (1) the election of nine directors (each to serve until the next annual meeting of our stockholders and until his successor is duly elected and qualifies);
- (2) the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013;
- (3) the advisory approval of the Company's executive compensation for the fiscal year ended December 31, 2012, as more fully described in this Proxy Statement; and
- (4) any other business properly introduced at the Annual Meeting.

What are the Board's recommendations? The Board recommends a vote:

- for the election of each nominee named in this Proxy Statement (see Proposal No. 1);
- for ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013 (see Proposal No. 2); and
- for the advisory approval of the Company's executive compensation (see Proposal No. 3).

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board on each of the matters listed above.

Who may vote? You may vote if you were the record owner of shares of our common stock at the close of business on March 22, 2013, which is the record date for the Annual Meeting. You are entitled to one vote for as many individuals as there are directors to be elected at the Annual Meeting and to cast one vote on each other matter properly presented at the Annual Meeting for each share of common stock you owned of record as of the record date. As of March 22,

2013, we had 56,698,156 shares of common stock outstanding.

Who counts the votes? A representative of Computershare, Inc. will tabulate the votes, and our General Counsel and Secretary, Kay L. Tidwell, will act as the inspector of the election.

Is my vote confidential? Yes, your proxy card, ballot, and voting records will not be disclosed to us unless applicable law requires disclosure, you request disclosure, or your vote is cast in a contested election (which is not applicable in 2013). If you write comments on your proxy card, your comments will be provided to us, but how you voted will remain confidential.

What is quorum for the Annual Meeting? Stockholders entitled to cast a majority of all the votes entitled to be cast at the Annual Meeting will constitute a quorum at the Annual Meeting. No business may be conducted at the Annual Meeting if a quorum is not present.

Table of Contents

If a quorum is not present at the Annual Meeting, the chairman of the meeting may adjourn the Annual Meeting to another date, time or place, not later than 120 days after the original record date of March 22, 2013, without notice other than announcement at the meeting. We may also postpone, to a date not later than 90 days after the original record date, or cancel the Annual Meeting by making a public announcement of the postponement or cancellation before the time scheduled for the Annual Meeting.

What vote is required to approve an item of business at the Annual Meeting? To be elected as a director (Proposal No. 1), a nominee must receive a plurality of the votes cast in the election of directors.

To ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm (Proposal No. 2) and adopt the resolution regarding the advisory approval of executive compensation (Proposal No. 3), the affirmative vote of a majority of the votes cast on the proposal is required.

If you are a stockholder of record as of the record date for the Annual Meeting and you properly authorize a proxy (whether by Internet, telephone or mail) without specifying a choice on any given matter to be considered at this Annual Meeting, the proxy holders will vote your shares according to the Board's recommendation on that matter. If you are a stockholder of record as of the record date for the Annual Meeting and you fail to authorize a proxy or attend the meeting and vote in person, assuming that a quorum is present at the Annual Meeting, it will have no effect on the result of the vote on any of the matters to be considered at the Annual Meeting.

If you hold your shares through a broker, bank or other nominee, under the rules of the New York Stock Exchange, or NYSE, your broker or other nominee may not vote with respect to certain proposals unless you have provided voting instructions with respect to that proposal. A "broker non-vote" results when a broker, bank or other nominee properly executes and returns a proxy but indicates that the nominee is not voting with respect to a particular matter because the nominee has not received voting instructions from the beneficial owner. A broker non-vote is not considered a vote cast on a proposal, however, stockholders delivering a properly-executed broker non-vote will be counted as present for purposes of determining whether a quorum is present.

If you hold your shares in a brokerage account, then, under NYSE rules and Maryland law:

With respect to Proposal No. 1 (Election of Directors), your broker, bank or other nominee is not entitled to vote your shares on this matter if no instructions are received from you. Broker non-votes, if any, will have no effect on the election of directors.

With respect to Proposal No. 2 (Ratification of Independent Registered Public Accounting Firm), your broker is entitled to vote your shares on this matter if no instructions are received from you.

With respect to Proposal No. 3 (Advisory Approval of Executive Compensation), your broker, bank or other nominee is not entitled to vote your shares on these matters if no instructions are received from you. Broker non-votes, if any, will have no effect on the result of the vote on this proposal.

Because an abstention is not a vote cast, if you instruct your proxy or broker to "abstain" on any matter, it will have no effect on the vote on any of the matters to be considered at the Annual Meeting. If you instruct your proxy or broker to "abstain" on any or all matters, you will still be counted as present for purposes of determining whether a quorum is present.

How do I vote? If you plan to attend the Annual Meeting and wish to vote in person, we will give you a ballot at the Annual Meeting. However, if your common stock is held in the name of your broker, bank or other nominee, and you

want to vote in person, you will need to obtain a legal proxy from the institution that holds your common stock.

If your common stock is held in your name, there are three ways for you to authorize a proxy:

• If you received a paper copy of the proxy materials by mail, sign and mail the proxy card in the enclosed return envelope;

• Call 1-800-652-VOTE (8683); or

• Log on to the Internet at www.investorvote.com/HPP and follow the instructions at that site. The Web site address for authorizing a proxy by Internet is also provided on your Notice.

Telephone and Internet proxy authorizations will close at 1:00 a.m. (Central Time) on May 17, 2013. Unless you indicate otherwise on your proxy card, the persons named as your proxies will vote your common stock: FOR all of the nominees for

Table of Contents

election as directors named in this Proxy Statement; FOR the ratification of Ernst & Young LLP as our independent registered public accounting firm; and FOR the advisory approval of the Company's executive compensation.

If your common stock is held in the name of your broker, bank or other nominee, you should receive separate instructions from the holder of your common stock describing how to provide voting instructions.

Even if you plan to attend the Annual Meeting, we recommend that you authorize a proxy in advance as described above so that your vote will be counted if you later decide not to attend the Annual Meeting.

Can I revoke my proxy? Yes, if your common stock is held in your name, you can revoke your proxy by:

- Filing written notice of revocation before our Annual Meeting with our General Counsel and Secretary, Kay L. Tidwell, at the address shown on the front of this Proxy Statement;
- Signing a proxy bearing a later date; or
- Voting in person at the Annual Meeting.

Attendance at the Annual Meeting will not, by itself, revoke a properly-executed proxy. If your common stock is held in the name of your broker, bank or other nominee, please follow the voting instructions provided by the holder of your common stock regarding how to revoke your proxy.

What happens if additional matters are presented at the Annual Meeting? Other than the three proposals described in this Proxy Statement, we are not aware of any business that may properly be brought before the Annual Meeting. If any other matters are properly introduced for a vote at the Annual Meeting and if you properly authorize a proxy, the persons named as proxy holders will vote in their discretion on any such additional matters. As of the date of this Proxy Statement, our Board is not aware of any other individual who may properly be nominated for election as a director at the Annual Meeting or of any nominee who is unable or unwilling to serve as director. If any nominee named in this proxy statement is unwilling or unable to serve as a director, our Board may nominate another individual for election as a director at the Annual Meeting, and the persons named as proxy holders will vote for the election of any substitute nominee.

Who pays for this proxy solicitation? We will bear the expense of preparing, printing and mailing this proxy statement and the proxies we solicit. Proxies may be solicited by mail, telephone, personal contact and electronic means and may also be solicited by directors and officers in person, by the Internet, by telephone or by facsimile transmission, without additional remuneration.

We will also request brokerage firms, banks, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of shares of our stock as of the record date and will reimburse them for the cost of forwarding the proxy materials in accordance with customary practice. Your cooperation in promptly voting your shares and submitting your proxy by the Internet or telephone, or by completing and returning the enclosed proxy card (if you received your proxy materials in the mail), will help to avoid additional expense.

Where can I find corporate governance materials? Our Corporate Governance Guidelines and Code of Business Conduct and Ethics and the charters for the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are published on the Corporate Governance page of the Investor Relations section on our Web site at www.hudsonpacificproperties.com. (We are not including the other information contained on, or available through, our Web site as a part of, or incorporating such information by reference into, this Proxy Statement.)

INFORMATION ABOUT THE BOARD

PROPOSAL NO. 1

NOMINEES FOR ELECTION TO THE BOARD

At the Annual Meeting, our stockholders will elect nine directors to serve until our next annual meeting of stockholders and until their respective successors are elected and qualify. The Board seeks independent directors who represent a mix of backgrounds and experiences that will enhance the quality of the Board's deliberations and decisions. In nominating candidates, the Board considers a diversified membership in the broadest sense, including persons diverse in experience, gender and ethnicity. The Board does not discriminate on the basis of race, color, national origin, gender, religion, disability, or sexual preference. Our director nominees were nominated by the Board based on the recommendation of the Nominating and Corporate Governance Committee, or Governance Committee. They were selected on the basis of outstanding achievement in their professional careers, broad experience, personal and professional integrity, their ability to make independent, analytical inquiries, financial literacy, mature judgment, high performance standards, familiarity with our business and industry, and an ability to work collegially. We also believe that all of our director nominees have a reputation for integrity, honesty and adherence to high ethical standards. All nominees are presently directors of Hudson Pacific Properties, Inc. and each of the nominees has consented, if elected as a director, to serve until his term expires.

Your proxy holder will cast your votes for each of the Board's nominees, unless you instruct otherwise. If a nominee is unable to serve as a director, your proxy holder will vote for any substitute nominee proposed by the Board.

He received his Juris Doctor and Master of Business Administration degrees from the University of California, Berkeley, and graduated from the Wharton School of Business, where he earned a Bachelor of Science degree with dual majors in Finance and Political Science. Mr. Porter was selected by our Board of Directors to serve as a director based on his expertise in public companies, capital markets, and his accounting and financial background. Mr. Porter is a member of our Board's Compensation Committee and our Board's Nominating and Corporate Governance Committee.

Patrick Whitesell has served as a member of our Board of Directors since October 1, 2011. Mr. Whitesell has been the Co-Chief Executive of WME Entertainment since its formation in 2009. He has worked with entertainers from all walks of the entertainment industry and currently represents a number of A-list celebrities. In 2001, he became a partner at Endeavor Talent Agency, and he was a key figure in Endeavor's 2009 merger with the William Morris Agency. He began his career at InterTalent in the 1990s, where he worked his way up from the mailroom. He then moved to Creative Artists Agency, where he served as head of the talent department. Mr. Whitesell received a Bachelor of Arts degree from Luther College.

2012 DIRECTOR COMPENSATION

In 2010, in connection with our IPO, our Board approved a compensation program for our non-employee directors (the "Director Compensation Program") which was updated in early 2012 to govern our 2012 non-employee director compensation. This program is intended to fairly compensate our directors for the time and effort necessary to serve on the Board. During 2012, in accordance with the Director Compensation Program, our non-employee directors received (i) annual cash retainers of \$60,000, paid in quarterly installments in arrears in conjunction with quarterly meetings of the Board, and (ii) annual grants of restricted stock valued (as of the date of grant) at \$50,000.

In addition, non-employee directors who served as chairs of the Audit, Compensation and Governance Committees received additional cash retainers of \$15,000, \$10,000 and \$7,500, respectively, and non-employee directors who served as non-chair members of the Audit, Compensation and Governance Committees received additional cash retainers of \$7,500, \$5,000 and \$4,000, respectively. Non-employee directors were permitted to elect to receive up to 100% of their annual and/or committee chair cash retainers in the form of fully vested shares, payable on a current or deferred basis (pursuant to our Director Stock Plan). We also reimbursed each of our non-employee directors for his travel expenses incurred in connection with his attendance at full Board and committee meetings.

Table of Contents

Awards of restricted stock granted in 2012 as part of the annual retainer (other than vested shares received at a non-employee director's election in lieu of any cash component of the director fees) vest ratably as to one-third of the shares covered by the grant on each of the first three anniversaries of our 2012 annual meeting of stockholders, subject to the non-employee director's continued service on our Board.

The following table provides additional detail regarding the 2012 compensation of our non-employee directors:

2012 Director Compensation

Name ⁽¹⁾	Fee Earned in Cash (\$) ⁽²⁾	Stock Awards (\$) ⁽³⁾	Total (\$)
Theodore R. Antenucci	71,500	50,000	121,500
Jonathan M. Glaser	77,500 ⁽⁴⁾	50,000	127,500
Richard B. Fried	60,000	50,000	110,000
Mark D. Linehan	80,000	50,000	130,000
Robert M. Moran, Jr.	67,500	50,000	117,500
Barry A. Porter	69,000 ⁽⁴⁾	50,000	119,000
Patrick Whitesell	60,000	50,000	110,000

Mr. Coleman, our Chief Executive Officer, and Mr. Stern, our President, are not included in this table as they are (1) employees of the Company and do not receive compensation for their services as directors. All compensation paid to Messrs. Coleman and Stern for the services they provide to us is reflected in the Summary Compensation Table.

(2) Reflects annual base and, if applicable, committee retainer fees earned in 2012.

Each non-employee director serving on our Board on the date of our annual stockholders' meeting in 2012 received a grant of restricted stock valued at \$50,000 on the grant date, with the number of shares determined by dividing \$50,000 by the closing price of our common stock on the grant date. Each restricted stock award will vest, and the restrictions thereon will lapse, in three equal annual installments on each of the first three anniversaries of June 7, 2012, subject to continued service with us through the applicable vesting dates. Amounts reflect the full grant-date

(3) fair value of restricted stock awards granted with respect to services performed in 2012 computed in accordance with ASC Topic 718, rather than the amounts paid to or realized by the named individual. We provide information regarding the assumptions used to calculate the value of all restricted stock awards made to directors in Notes 2 and 10 to the consolidated financial statements contained in our Annual Report of Form 10-K, filed on March 14, 2013. As of December 31, 2012, Messrs. Antenucci, Glaser, Fried, Linehan, Moran, Porter and Whitesell held 13,897, 82,361, 8,015, 23,897, 43,561 and 5,340 shares, respectively, of our restricted common stock.

Pursuant to our Director Stock Plan, Messrs. Glaser and Porter elected to receive all of their non-committee cash (4) retainer fees earned in 2012 in the form of fully-vested shares of our common stock having an equal value to the amount otherwise payable in cash.

2013 Non-Employee Director Compensation Program

In December 2012, our Board revised the Director Compensation Program with respect to services performed by our non-employee directors in 2013. Under the revised program, the annual grant of restricted stock will be increased from \$50,000 to \$75,000. Except as described in the preceding sentence, all components of the Director Compensation Program described above continue in effect under the revised program.

BOARD STRUCTURE, LEADERSHIP AND RISK MANAGEMENT

We have structured our corporate governance in a manner we believe closely aligns our interests with those of our stockholders. Notable features of our corporate governance structure include the following:

- our Board of Directors is not staggered, with each of our directors subject to re-election annually;
- of the nine persons who serve on our Board of Directors, our Board of Directors has determined that 6, or 66.7%, of our directors satisfy the listing standards for independence of the NYSE and Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act;
- at least one of our directors qualifies as an “audit committee financial expert” as defined by the SEC;
- we have opted out of the control share acquisition statute in the Maryland General Corporation Law, or the MGCL, and have exempted from the business combination provisions of the MGCL any business combination that is first approved by our Board of Directors, including a majority of our disinterested directors; and

Table of Contents

• we do not have a stockholder rights plan.

Our directors stay informed about our business by attending meetings of our Board of Directors and its committees and through supplemental reports and communications. Our independent directors meet regularly in executive sessions without the presence of our corporate officers or non-independent directors.

EXECUTIVE SESSIONS OF NON-MANAGEMENT DIRECTORS

Our non-management directors meet without management present each time the full Board convenes for a regularly scheduled meeting. If the Board convenes for a special meeting, the non-management directors will meet in executive session if circumstances warrant. Mark Linehan, one of our independent directors, has presided over executive sessions of the Board since our IPO. In December 2012, Mr. Linehan resigned as lead independent director and our Nominating and Corporate Governance Committee nominated Jonathan Glaser, another independent director, to preside over executive sessions of the Board in 2013.

The Board welcomes communications from stockholders. For information on how to communicate with our independent directors, please refer to the information set forth under the heading “—Communications with the Board.”

BOARD MEETINGS

The Board held six regularly scheduled and special meetings during 2012 to review significant developments, engage in strategic planning and act on matters requiring Board approval. Each incumbent director attended an aggregate of at least 75 percent of the Board meetings, and the meetings of committees on which he served, during the period that he served in 2012.

BOARD COMMITTEES

Our Board of Directors has established four standing committees: an Audit Committee, a Compensation Committee, a Governance Committee and an Investment Committee. The principal functions of each committee are briefly described below. We comply with the listing requirements and other rules and regulations of the NYSE, as amended or modified from time to time, with respect to each of these committees and each of these committees is comprised exclusively of independent directors. Additionally, our Board of Directors may from time to time establish other committees to facilitate the management of our company.

Audit Committee

Our Audit Committee consists of three of our independent directors. We have determined that the Chairman of our Audit Committee qualifies as an “audit committee financial expert” as that term is defined by the applicable SEC regulations and NYSE corporate governance listing standards. Our Board of Directors has determined that each of the Audit Committee members is “financially literate” as that term is defined by the NYSE corporate governance listing standards. We have adopted an Audit Committee charter, which details the principal functions of the Audit Committee, including oversight related to:

- our accounting and financial reporting processes;
- the integrity of our consolidated financial statements and financial reporting process;
- our systems of disclosure controls and procedures and internal control over financial reporting;
- our compliance with financial, legal and regulatory requirements;

the evaluation of the qualifications, independence and performance of our independent registered public accounting firm;
the performance of our internal audit function; and
our overall risk profile.

The Audit Committee is also responsible for engaging an independent registered public accounting firm, reviewing with the independent registered public accounting firm the plans and results of the audit engagement, approving professional services provided by the independent registered public accounting firm, including all audit and non-audit services, reviewing the independence of the independent registered public accounting firm, considering the range of audit and non-audit fees and reviewing the adequacy of our internal accounting controls. The Audit Committee also prepares the Audit Committee report required by SEC regulations to be included in our annual proxy statement. Mr. Linehan is Chairman, as well as our Audit Committee Financial Expert, and Messrs. Antenucci and Glaser are members of the Audit Committee. During 2012, the Audit Committee met a total of four times.

Compensation Committee

Our Compensation Committee consists of three of our independent directors. We adopted a Compensation Committee charter, which details the principal functions of the Compensation Committee, including:

- reviewing and approving on an annual basis the corporate goals and objectives relevant to our Chief Executive Officer's compensation, evaluating our Chief Executive Officer's performance in light of such goals and objectives and determining and approving the remuneration of our Chief Executive Officer based on such evaluation;
- reviewing and approving the compensation of all of our other officers;
- reviewing our executive compensation policies and plans;
- implementing and administering our incentive compensation equity-based remuneration plans;
- assisting management in complying with our proxy statement and annual report disclosure requirements;
- producing a report on executive compensation to be included in our annual proxy statement; and
- reviewing, evaluating and recommending changes, if appropriate, to the remuneration for directors.

The Compensation Committee may delegate its responsibilities to a subcommittee of the Compensation Committee, provided that such responsibilities do not pertain to matters involving executive compensation or certain matters determined to involve compensation intended to comply with Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). Mr. Glaser is Chairman and Messrs. Linehan and Porter are members of the Compensation Committee. During 2012, the Compensation Committee met three times, and acted by unanimous written consent on two occasions.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee, or Governance Committee, consists of three of our independent directors. We adopted a Nominating and Corporate Governance Committee charter, which details the principal functions of the Governance Committee, including:

- identifying and recommending to the full Board of Directors qualified candidates for election as directors to fill vacancies on the Board and recommending nominees for election as directors at the annual meeting of stockholders;
- developing and recommending to the Board of Directors corporate governance guidelines and implementing and monitoring such guidelines;
- reviewing and making recommendations on matters involving the general operation of the Board of Directors, including Board size and composition, and committee composition and structure;
- recommending to the Board of Directors nominees for each committee of the Board of Directors;
- annually facilitating the assessment of the Board of Directors' performance as a whole and of the individual directors, as required by applicable law, regulations and the NYSE corporate governance listing standards; and
- overseeing the Board of Directors' evaluation of the performance of management.

Mr. Moran is Chairman and Messrs. Antenucci and Porter are members of the Governance Committee. During 2012, our Governance Committee held two meetings.

Investment Committee

Our Investment Committee consists of three of our independent directors. The Investment Committee is tasked with reviewing and recommending acquisition strategies to the full Board and approving the acquisition of certain assets

with a purchase price above 35 million dollars and up to the dollar thresholds set by the Board. The Investment Committee may also review and make recommendations to the full Board on acquisition and investment transactions that exceed the Investment Committee's approval authority.

Messrs. Antenucci, Linehan and Moran are members of the Investment Committee. During 2012, the Investment Committee did not hold any formal meetings, although it was consulted on an informal basis from time to time by the Board in connection with various acquisitions.

AUDIT COMMITTEE REPORT

The information contained in this Report of the Audit Committee shall not be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended (the “Securities Act”) or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing (except to the extent that we specifically incorporate this information by reference) and shall not otherwise be deemed “soliciting material” or “filed” with the SEC or subject to Regulation 14A or 14C, or to the liabilities of Section 18 of the Exchange Act (except to the extent that we specifically incorporate this information by reference).

Although the Audit Committee of the Board of Directors (the “Audit Committee”) oversees our financial reporting process on behalf of the Board of Directors (the “Board”) of Hudson Pacific Properties, Inc., a Maryland corporation, consistent with the Audit Committee’s written charter, management has the primary responsibility for preparation of our consolidated financial statements in accordance with generally accepted accounting principles and the reporting process, including disclosure controls and procedures and the system of internal control over financial reporting. Our independent registered public accounting firm is responsible for auditing the annual financial statements prepared by management.

The Audit Committee has reviewed and discussed with management and our independent registered public accounting firm, Ernst & Young LLP, our December 31, 2012 audited financial statements. Prior to the commencement of the audit, the Audit Committee discussed with our management and independent registered public accounting firm the overall scope and plans for the audit. Subsequent to the audit and each of the quarterly reviews, the Audit Committee discussed with the independent registered public accounting firm, with and without management present, the results of their examinations or reviews, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of specific judgments and the clarity of disclosures in the consolidated financial statements.

In addition, the Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by Statements on Auditing Standards No. 61, “Communication with Audit Committees,” as amended. The Audit Committee has also received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant’s communications with the Audit Committee concerning independence. The Audit Committee discussed with the independent registered public accounting firm its independence from us and considered the compatibility of non-audit services with its independence.

Based upon the reviews and discussions referred to in the foregoing paragraphs, the Audit Committee recommended to our Board that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2012 filed with the Securities and Exchange Commission.

CORPORATE GOVERNANCE

CODE OF BUSINESS CONDUCT AND ETHICS

Our Board of Directors established a Code of Business Conduct and Ethics that applies to our officers, directors and employees. Among other matters, our Code of Business Conduct and Ethics is designed to deter wrongdoing and to promote:

- honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- full, fair, accurate, timely and understandable disclosure in our SEC reports and other public communications;
- compliance with applicable governmental laws, rules and regulations;
- prompt internal reporting of violations of the code to appropriate persons identified in the code; and
- accountability for adherence to the code of business conduct and ethics.

Any waiver of the Code of Business Conduct and Ethics for our executive officers or directors must be approved by a majority of our independent directors, and any such waiver shall be promptly disclosed as required by law or NYSE regulations.

The Audit Committee, Compensation Committee and Governance Committee charters, along with the Code of Business Conduct and Ethics and Corporate Governance Guidelines, are available in the Corporate Governance section of the Investor Relations page on our Web site at www.hudsonpacificproperties.com. In addition, these documents also are available in print to any stockholder who requests a copy from our Investor Relations Department at Hudson Pacific Properties, Inc., 11601 Wilshire Blvd., Suite 1600, Los Angeles, California 90025, or by email at ir@hudsonppi.com. In accordance with the Corporate Governance Guidelines, the Board and each of the Compensation Committee, Audit Committee and Nominating and Corporate Governance Committee conducts an annual performance self-assessment with the purpose of increasing effectiveness of the Board and its committees. (The Company's Web site address provided above and elsewhere in this Proxy Statement is not intended to function as a hyperlink, and the information on the Company's Web site is not and should not be considered part of this Proxy Statement and is not incorporated by reference herein.)

ROLE OF THE BOARD IN RISK OVERSIGHT

One of the key functions of our Board of Directors is informed oversight of our risk management process. Our Board of Directors administers this oversight function directly, with support from three of its standing committees, the Audit Committee, the Governance Committee and the Compensation Committee, each of which addresses risks specific to their respective areas of oversight. In particular, our Audit Committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also monitors compliance with legal and regulatory requirements, in addition to oversight of the performance of our internal audit function.

Our Governance Committee monitors the effectiveness of our Corporate Governance Guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct. Our Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During the fiscal year ended December 31, 2012, the members of our Compensation Committee were Jonathan M. Glaser, Mark D. Linehan and Barry A. Porter. None of Messrs. Glaser, Linehan or Porter has ever been an officer or employee of our Company or any of our subsidiaries. During 2012, none of our executive officers served on the compensation committee (or equivalent), or the board of directors, of another entity whose executive officer(s) served on our Compensation Committee or Board.

COMMUNICATIONS WITH THE BOARD

Stockholders and other interested parties may write to the entire Board or any of its members at Hudson Pacific Properties, Inc., c/o Kay L. Tidwell, Executive Vice President, General Counsel, 11601 Wilshire Blvd., Suite 1600, Los Angeles, California 90025. Stockholders and other interested parties also may e-mail the Chairperson, the entire Board or any of its members c/o kay@hudsonppi.com. The Board may not be able to respond to all stockholder inquiries directly. Therefore, the Board has developed a process to assist it with managing inquiries.

The General Counsel will perform a legal review in the normal discharge of her duties to ensure that communications forwarded to the Chairperson, the Board or any of its members preserve the integrity of the process. While the Board oversees

Table of Contents

management, it does not participate in day-to-day management functions or business operations, and is not normally in the best position to respond to inquiries with respect to those matters. For example, items that are unrelated to the duties and responsibilities of the Board such as spam, junk mail and mass mailings, ordinary course disputes over fees or services, personal employee complaints, business inquiries, new product or service suggestions, résumés and other forms of job inquiries, surveys, business solicitations or advertisements will not be forwarded to the Chairperson or any other director. In addition, material that is unduly hostile, threatening, illegal or similarly unsuitable will not be forwarded to the Chairperson or any other director and will not be retained.

Any communication that is relevant to the conduct of our business and is not forwarded will be retained for one year and made available to the Chairperson and any other independent director on request. The independent directors grant the General Counsel discretion to decide what correspondence will be shared with our management and specifically instruct that any personal employee complaints be forwarded to our Human Resources Department. If a response on behalf of the Board is appropriate, we gather any information and documentation necessary for answering the inquiry and provide the information and documentation as well as a proposed response to the appropriate directors. We also may attempt to communicate with the stockholder for any necessary clarification. Our General Counsel (or her designee) reviews and approves responses on behalf of the Board in consultation with the applicable director, as appropriate.

Certain circumstances may require that the Board depart from the procedures described above, such as the receipt of threatening letters or e-mails or voluminous inquiries with respect to the same subject matter. Nevertheless, the Board considers stockholder questions and comments important, and endeavors to respond promptly and appropriately.

NOMINATION PROCESS FOR DIRECTOR CANDIDATES

The Governance Committee is, among other things, responsible for identifying and evaluating potential candidates and recommending candidates to the Board for nomination. The Governance Committee is governed by a written charter, a copy of which is published in the Corporate Governance section of the Investor Relations page of our Web site at www.hudsonpacificproperties.com.

The Governance Committee regularly reviews the composition of the Board and whether the addition of directors with particular experiences, skills, or characteristics would make the Board more effective. When a need arises to fill a vacancy, or it is determined that a director possessing particular experiences, skills, or characteristics would make the Board more effective, the Governance Committee initiates a search. As a part of the search process, the Governance Committee may consult with other directors and members of senior management, and may hire a search firm to assist in identifying and evaluating potential candidates.

When considering a candidate, the Governance Committee reviews the candidate's experiences, skills and characteristics. The Governance Committee also considers whether a potential candidate would otherwise qualify for membership on the Board, and whether the potential candidate would likely satisfy the independence requirements of the NYSE as described below.

Candidates are selected on the basis of outstanding achievement in their professional careers, broad experience, personal and professional integrity, their ability to make independent, analytical inquiries, financial literacy, mature judgment, high performance standards, familiarity with our business and industry, and an ability to work collegially. Other factors include having members with various and relevant career experience and technical skills, and having a Board that is, as a whole, diverse. Where appropriate, we will conduct a criminal and background check on the candidate. In addition, at least a majority of the Board must be independent as determined by the Board under the

guidelines of the NYSE listing standards, and at least one member of the Board should have the qualifications and skills necessary to be considered an “Audit Committee Financial Expert” under Section 407 of the Sarbanes-Oxley Act of 2002 (“Sarbanes-Oxley Act”), as defined by the rules of the SEC.

All potential candidates are interviewed by our Chief Executive Officer, our Board Chairperson and Governance Committee Chairperson, and, to the extent practicable, the other members of the Governance Committee, and may be interviewed by other directors and members of senior management as desired and as schedules permit. In addition, the General Counsel conducts a review of the director questionnaire submitted by the candidate and, as appropriate, a background and reference check is conducted. The Governance Committee then meets to consider and approve the final candidates, and either makes its recommendation to the Board to fill a vacancy, or add an additional member, or recommends a slate of candidates to the Board for nomination for election to the Board. The selection process for candidates is intended to be flexible, and the Governance Committee, in the exercise of its discretion, may deviate from the selection process when particular circumstances warrant a different approach.

Stockholders may recommend candidates to our Board. See “Communications with the Board” on page 11 for more information.

AUDIT COMMITTEE FINANCIAL EXPERTS

Our Board has determined that Mr. Linehan qualifies as an “audit committee financial expert,” as this term has been defined by the SEC in Item 407(d)(5)(ii) of Regulation S-K. Messrs. Linehan, Antenucci and Glaser were each determined by our Board to be “financially literate” in accordance with SEC rules, including based on their prior experience: Mr. Antenucci has a B.A. degree in Business Economics, and Mr. Glaser has extensive experience in financial oversight.

Our Board determined that Mr. Linehan acquired the required attributes for such designation as a result of the following relevant experience, which forms of experience are not listed in any order of importance and were not assigned any relative weights or values by our Board in making such determination:

- Mr. Linehan received a B.A. degree in Business Economics from the University of California, Santa Barbara.
- Mr. Linehan is a Certified Public Accountant.
- Mr. Linehan was previously employed by Kenneth Leventhal & Co. (now Ernst & Young LLP), a Los Angeles-based public accounting firm.
- Mr. Linehan has served as President and Chief Executive Officer of Wynmark Company since he founded the company in 1993.

AUDIT COMMITTEE PRE-APPROVAL POLICY

The Audit Committee’s policy is to pre-approve all significant audit and permissible non-audit services provided by our independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. Our independent auditors and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis.

BOARD ATTENDANCE AT ANNUAL MEETING OF STOCKHOLDERS

While the Board understands that there may be situations that prevent a director from attending an annual meeting of stockholders, the Board strongly encourages all directors to make attendance at all annual meetings of stockholders a priority. OTHER COMPANY PROPOSALS

PROPOSAL NO. 2

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee appointed Ernst & Young LLP as our independent registered public accounting firm to audit our consolidated financial statements for the fiscal year ending December 31, 2013. During 2012, Ernst & Young LLP served as our independent registered public accounting firm and reported on our consolidated financial statements for that year.

We expect that representatives of Ernst & Young LLP will attend the Annual Meeting and will have the opportunity to make a statement if they so desire and to respond to appropriate questions.

Although stockholder ratification is not required, the appointment of Ernst & Young LLP is being submitted for ratification at the Annual Meeting with a view towards soliciting stockholders' opinions, which the Audit Committee will take into consideration in future deliberations. If Ernst & Young LLP's selection is not ratified at the Annual Meeting, the Audit Committee will consider the engagement of another independent registered accounting firm. The Audit Committee may terminate Ernst & Young LLP's engagement as our independent registered public accounting firm without the approval of our stockholders whenever the Audit Committee deems termination appropriate.

The Board of Directors unanimously recommends a vote "FOR" the ratification of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013.

PROPOSAL NO. 3

ADVISORY APPROVAL OF EXECUTIVE COMPENSATION ("SAY-ON-PAY VOTE")

Background

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 enables our stockholders to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the rules of the SEC. Our Board has decided that we will hold an annual advisory vote to approve the compensation of named executive officers (a "say-on-pay proposal"), in light of the fact that a substantial majority of the votes cast at our annual stockholders' meeting held in June 2011 were voted in favor of holding an annual advisory vote. Following this vote, our next say-on-pay vote is expected to be held at our annual meeting in 2014.

At our annual stockholders' meeting held in June 2012, a substantial majority of the votes cast on the say-on-pay proposal were voted in favor of the proposal. The Compensation Committee believes this affirms our stockholders' support of our approach to our executive compensation program. Accordingly, we have not made changes to our executive compensation program in response to this vote.

Summary

We are asking our stockholders to provide advisory approval of the compensation of our named executive officers (which consist of our Chief Executive Officer, Chief Financial Officer and our next three highest paid executives), as such compensation is described in the "Compensation Discussion & Analysis" section, the tabular disclosure regarding such compensation and the accompanying narrative disclosure set forth in this Proxy Statement, beginning on page 19. Our executive compensation programs are designed to enable us to attract, motivate and retain executive talent,

who are critical to our success. These programs are intended to link significant components of our compensation program to the achievement of corporate and individual performance objectives in order to focus our executives' efforts on building stockholder value, thereby aligning their interests with those of our stockholders. Following is a discussion of the role of certain components of our executive compensation program in creating this link. We urge our stockholders to review the "Compensation Discussion & Analysis" and "Compensation Tables" sections of this proxy statement for more information.

We emphasize pay-for-performance with regard to cash compensation. We believe that a significant portion of our executives' cash compensation should be variable, at risk and tied to the near-term success of the Company. During 2012, we measured near-term success, in part, through the expansion of the Company's asset base and property portfolio, strong achievement of total shareholder return, implementation of our near-term capital market strategy through multiple equity offerings and continued development of our internal infrastructure and management platform to pursue future growth and to accommodate the expanded needs associated with our growth. We believe that these developments were (and continue to be)

Table of Contents

critical to our success generally. Accordingly, we used these metrics to determine annual cash bonuses for our named executive officers and paid cash bonuses based on our success in each of these areas.

We believe that our equity compensation programs further align our executives' interests with those of our stockholders. We grant equity awards as a substantial component of our compensation program to reward long-term performance and further align the interests of management with those of our stockholders. To date we have achieved this objective through use of the following compensation components:

Annual Performance Equity Awards. We grant annual performance restricted stock awards to ensure alignment with stockholders by enabling our executives to establish a meaningful equity stake in the Company upon grant, determined based on an assessment of the Company's overall performance for the applicable year.

Multi-Year Performance Equity Awards. We grant multi-year performance awards to ensure alignment with stockholders over a multi-year period, which will only be earned by our executives if the Company achieves certain defined absolute and relative total shareholder return targets over the applicable three-year performance period.

These equity awards tie our executives' interests to those of our stockholders and serve to motivate our executives to lead the Company to achieve long-term financial goals that are expected to result in increased stockholder value. In addition to linking compensation value to stockholder value, these equity awards generally require continued service over a multi-year period (typically three to five years) as a condition to vesting, which creates a strong retention incentive and helps ensure the continuity of our operations.

We are committed to strong governance standards with respect to our compensation programs. As part of its commitment to strong corporate governance and best practices, the Compensation Committee engaged and received advice on the compensation program from a third-party compensation consultant in order to supplement the committee's collective knowledge and experience and provide important empirical compensation data. In addition, the Compensation Committee has adopted an insider trading policy.

The Compensation Committee meets as necessary to address compensation matters in a timely manner and consistently reviews our executive compensation program to ensure that it provides competitive pay opportunities to help attract and retain the highly-qualified and dedicated executive talent that is so important to our business. In conducting its compensation program reviews, the Compensation Committee relies not only on its significant collective experience, but also considers data and advice from its compensation consultant. We believe that the severance protections we provide to our named executive officers are within market norms. We further believe that the "double trigger" change-in-control cash severance benefits we provide (which require a qualifying termination of employment in connection with a change in control to receive these benefits) properly incentivize our executives by providing appropriate protections against job loss without creating the potential for "single trigger" cash severance windfalls just for completing a transaction. Moreover, our executives are not entitled to any excise tax gross-ups in connection with change in control payments or otherwise.

Recommendation

As an advisory approval, this proposal is not binding upon us or our Board. However, the Compensation Committee, which is responsible for the design and administration of our executive compensation practices, values the opinions of our stockholders expressed through your vote on this proposal. The Compensation Committee will consider the outcome of this vote in making future compensation decisions for our named executive officers. Accordingly, the following resolution will be submitted for stockholder approval at the 2013 Annual Meeting of Stockholders: "RESOLVED, that the stockholders of Hudson Pacific Properties, Inc. approve, on an advisory basis, the compensation of Hudson Pacific Properties' named executive officers as described in the Compensation Discussion & Analysis and

disclosed in the Summary Compensation Table and related compensation tables and narrative disclosure as set forth in Hudson Pacific Properties' Proxy Statement.”

The Board of Directors unanimously recommends that you vote “FOR” the advisory approval of the compensation of our named executive officers.

With 20 years of experience in development and construction, encompassing mixed use, office, industrial, and residential projects, Mr. Barton has developed over 2.5 million square feet of commercial property, from conceptual site plan analysis and entitlements through completion. Prior to joining Hudson Capital, LLC in November 2006, Mr. Barton served as First Vice President for Arden Realty, Inc., from January 1997, where he was responsible for conceptual development, land entitlements, financial analysis and construction management for all real estate developments, including the Howard Hughes Center project, a planned 2.7 million square foot mixed-use development in Los Angeles, California. Before his tenure at Arden Realty, Inc., Mr. Barton was Project Manager at Beers-Skanska Construction Company where he managed large scale construction projects in the southeast United

States, including the Celebration Place office building complex for Walt Disney Company in Orlando, Florida. From 2006 to 2008, Ms. Tidwell served as the U.S. associate in the German offices of Latham & Watkins. In 2004, Ms. Tidwell was awarded the Robert Bosch Foundation Fellowship, through which she worked in Germany in the legal department of Deutsche Bank and served as a US legal advisor to the German Federal Ministry of Justice. In addition, Mr. Diramerian was also involved with leading the budgeting and forecasting processes as well as tracking and analyzing property performance. Prior to joining TPG, Mr. Diramerian spent a total of eight years in real estate practice groups, first at Nanas, Stern, Biers, Neinstein and Co. LLP, then at Arthur Andersen LLP, and lastly at KPMG LLP, where he was a manager. Mr. Diramerian is a graduate of the University of California, Santa Barbara, and holds a Bachelor of Arts degree in business economics with an emphasis in accounting.

In March 2010, Mr. Diramerian filed for protection under Chapter 7, Title 11 of the United States Code, following his father's diagnosis and untimely passing after a battle with leukemia. His father was in the process of constructing a condominium project, as to which Mr. Diramerian had provided a construction loan guarantee. Following the death of Mr. Diramerian's father prior to the completion of construction, the construction lender placed the property into receivership. The construction lender's subsequent enforcement of Mr. Diramerian's guarantee ultimately precipitated Mr. Diramerian's decision to seek bankruptcy protection. Mr. Diramerian's bankruptcy was discharged in December 2011.

EXECUTIVE COMPENSATION

This section discusses the principles underlying the material components of our executive compensation program for our executive officers who are named in the “Summary Compensation Table” below and the factors relevant to an analysis of the compensatory policies and decisions. Our “named executive officers” during 2012 were Victor J. Coleman, Chief Executive Officer; Howard S. Stern, President; Mark T. Lammas, Chief Financial Officer; Christopher Barton, Executive Vice President, Operations and Development; and Dale Shimoda, Executive Vice President, Finance.

Executive Summary

Our executive compensation program is designed to provide a total compensation package intended to attract and retain high-caliber executive officers and employees, and also to incentivize employee contributions that are consistent with our corporate objectives and stockholder interests. It is our policy to provide a competitive total compensation package and share our success with our named executive officers, as well as our other employees, when our objectives are met.

2012 Business Highlights

For 2012, examples of key Company performance achievements that the Compensation Committee took into account when setting compensation include the following:

- Achieved total shareholder return performance for the year at the 100th percentile of the executive compensation peer group and the 85th percentile of the size-based peer group (each as defined below);
- Sourced and executed the acquisition of over 1 million square feet of office space in our target markets;
- Maintained a flexible capital structure demonstrated by (i) raising approximately \$190 million of common equity and \$56 million of preferred equity, (ii) establishing a new unsecured corporate credit facility with borrowing capacity of \$250 million, and (iii) closing project financings totaling close to \$280 million;

Achieved sound operating results that include continued growth in the Company's funds from operations and a current stabilized office portfolio occupancy rate of 93.5%, representing an increase of approximately 120 basis points from year end 2011.

2012 Executive Compensation Highlights

In December 2012, after review of our financial performance during 2012 and our other business accomplishments, our Compensation Committee took the following compensation actions with respect to our executives:

- Approved base salary increases for 2013 that were designed to better align our executives with their respective peer group;

Table of Contents

Despite strong year-over-year performance, as summarized under “2012 Business Highlights” above, our Compensation Committee awarded annual cash bonuses to Messrs. Coleman and Stern that were equal to the bonuses paid to the executive in 2011, and awarded annual cash bonuses to Messrs. Lammas, Barton and Shimoda that were more closely aligned to market.

Awarded annual equity grants on December 29, 2012 determined based on an evaluation of our overall 2012 performance.

Adopted, on January 1, 2013, the 2013 Outperformance Program that will allow our executives to earn additional equity awards to the extent that the Company exceeds certain defined absolute and relative total shareholder return targets over a prospective three-year performance period.

The following table sets forth the key elements of our named executive officers’ compensation, along with the primary objective associated with each element of compensation.

Compensation Element	Primary Objective
Base salary	To recognize ongoing performance of job responsibilities and to provide a necessary tool in attracting and retaining employees.
Annual performance-based cash compensation (bonuses)	To emphasize short-term corporate objectives and individual contributions to the achievement of those objectives.
Long-term equity incentive compensation	To emphasize long-term performance objectives, align the interests of our named executive officers with shareholder interests, encourage the maximization of shareholder value and retain key executives.
Severance and change in control benefits	To encourage the continued attention and dedication of our named executive officers and provide reasonable individual security to enable our named executive officers to focus on our best interests, particularly when considering strategic alternatives.
Retirement savings (401(k)) plan	To provide retirement savings in a tax-efficient manner.
Health and welfare benefits	To provide a basic level of protection from health, dental, life and disability risks.

To serve the foregoing objectives, our overall compensation program is generally designed to be flexible and complementary rather than purely formulaic. In alignment with the objectives set forth above, since our IPO in 2010, the Compensation Committee has generally determined the overall compensation of our named executive officers and its allocation among the elements described above, relying on the analyses and advice provided by its compensation consultant as well as input from our management team.

Our compensation decisions for the named executive officers in 2012, including each of the key elements of our executive compensation program, are discussed in more detail below. This discussion is intended to be read in conjunction with the executive compensation tables and related disclosures.

Executive Compensation Philosophy and Objectives

Objectives of Our Compensation Program

Our Compensation Committee has adopted an executive compensation philosophy designed to accomplish the following objectives:

- To attract, retain and motivate a high-quality executive management team capable of creating long-term stockholder value;
- To provide compensation opportunities that are competitive with the prevailing market, are rooted in a pay-for-performance philosophy, and create a strong alignment of management and stockholder interests; and
- To achieve an appropriate balance between risk and reward in our compensation programs that does not incentivize unnecessary or excessive risk taking.

Table of Contents

In order to achieve these objectives, a comprehensive and market-based compensation program is provided to the executive officers that includes both fixed and variable amounts, the components of which are described in more detail below under “Elements of Executive Officer Compensation.”

Compensation Philosophy

We design the principal components of our executive compensation program to achieve one or more of the principles and objectives described above. We view each component of our executive compensation program as related but distinct, and we expect to regularly reassess the total compensation of our executive officers to ensure that our overall compensation objectives are met. Compensation of our named executive officers consists of the following elements:

- base salary;
- annual discretionary performance-based bonuses;
- equity incentive compensation grants and multi-year outperformance programs;
- certain severance and change in control benefits; and
- retirement, health and welfare benefits and certain limited perquisites and other personal benefits.

During 2012, our named executive officers were eligible to earn cash compensation in the form of base salaries and discretionary annual bonuses that we believe appropriately recognize ongoing performance of job responsibilities and reward our executive officers for their individual contributions to the Company. A substantial portion of each named executive officer’s compensation was provided in the form of equity compensation subject to multi-year vesting provisions, and a multi-year outperformance program, each designed to ensure that management maintains a long-term focus that serves the best interests of the Company.

Each of the primary elements of our 2012 executive compensation program is discussed in more detail below. While we have identified particular compensation objectives that each element of executive compensation serves, our compensation programs are designed to be flexible and complementary and to collectively serve all of the executive compensation principles and objectives described above. Accordingly, whether or not specifically mentioned below, we believe that, as a part of our overall executive compensation policy, each individual element, to a greater or lesser extent, serves each of our compensation objectives. We have not adopted any formal or informal policies or guidelines for allocating compensation between long-term and short-term compensation, between cash and non-cash compensation or among different forms of cash and non-cash compensation.

In addition, the compensation levels of our named executive officers reflect to a significant degree the varying roles and responsibilities of such executives. As a result of our Board’s assessment of our Chief Executive Officer’s substantial roles and responsibilities within the Company, we believe that a significant compensation differential between his compensation levels and those of our other named executive officers is appropriate.

How We Determine Executive Compensation

Our Compensation Committee determines compensation for our named executive officers and consists of three independent directors, Jonathan Glaser (Chairman), Mark Linehan and Barry Porter. Our Compensation Committee exercises independent discretion with respect to executive compensation matters and administers our equity incentive programs, including reviewing and approving equity grants to our named executive officers pursuant to our 2010 Incentive Award Plan, or 2010 Plan. Our Compensation Committee operates under a written charter adopted by our Board of Directors, a copy of which is available on our Web site at www.hudsonpacificproperties.com. Information contained on our Web site is not incorporated by reference into this Proxy Statement, and you should not consider

information contained on our Web site to be part of this Proxy Statement.

The initial compensation arrangements with our named executive officers were determined in negotiations with each individual executive prior to our IPO. Since the completion of our IPO in 2010, our Compensation Committee has worked with its compensation consultant, as described in greater detail below in “—Engagement of Compensation Consultant,” to implement compensation policies based on the following factors: (i) our desire to align the interests of our named executive officers with those of our stockholders and incentivize them over the near, medium and long term, (ii) our need to reward our named executive officers for exceptional performance and (iii) our need to retain our named executive officers’ services over the long term. In addition, our Compensation Committee continues to consider additional factors that may be appropriate for inclusion in our long-term compensation philosophy.

In making compensation decisions in 2012, our Compensation Committee evaluated our performance and the performance of the Chief Executive Officer and, together with the Chief Executive Officer, assessed the individual performance of the other

Table of Contents

named executive officers. The Compensation Committee also reviewed market-based compensation data provided by its compensation consultant, as described in greater detail below in “—Engagement of Compensation Consultant.” The other named executive officers do not play a role in determining their own compensation, other than discussing their performance with our Chief Executive Officer. During 2012, the Compensation Committee held meetings both independently and with the participation of our Chief Executive Officer. The Compensation Committee’s compensation consultant also participated in select meetings, at the committee’s request.

We provide our stockholders with the opportunity to vote annually on the advisory approval of the compensation of our named executive officers (a “say-on-pay proposal”). At our annual stockholders’ meeting held in June 2012, a substantial majority of the votes cast on the say-on-pay proposal at that meeting were voted in favor of the proposal. The Compensation Committee believes this affirms our stockholders’ support of the compensation program, objectives and policies for our named executive officers, and did not change the approach in 2012 in connection with the vote on our 2012 say-on-pay proposal. The Compensation Committee will continue to consider the outcome of the Company’s say-on-pay proposals when making future compensation decisions for our named executive officers.

Engagement of Compensation Consultant

The Compensation Committee is authorized to retain the services of one or more executive compensation advisors, in its discretion, to assist with the establishment and review of our compensation programs and related policies. In 2012, the Compensation Committee engaged FTI Consulting, Inc., or FTI, a real estate advisory practice, to provide market-based compensation data and to advise on industry trends and best practices. In connection with these efforts, FTI prepared for the Compensation Committee two peer group compensation analyses: (i) a Performance-Based Peer Group analysis and (ii) a Size-Based Peer Group analysis. The Performance-Based Peer Group was comprised of other publicly-traded real estate investment trusts generally with an investment focus on office properties and/or a geographic concentration on the West Coast, and included the following 16 companies:

Alexandria Real Estate Equities, Inc.	Digital Realty Trust, Inc.	Kilroy Realty Corporation	Piedmont Office Realty Trust, Inc.
BioMed Realty Trust, Inc.	Douglas Emmett, Inc.	Lexington Realty Trust	PS Business Parks, Inc.
Brandywine Realty Trust	Entertainment Properties Trust	Mack-Cali Realty Corporation	Realty Income Corporation
Corporate Office Properties Trust	Highwoods Properties, Inc.	Parkway Properties, Inc.	Washington Real Estate Investment Trust

Additionally, in order to be more exhaustive and evaluate a broader scope of information, and in recognition of our size relative to several of the companies included in the Performance-Based Peer Group, the Compensation Committee requested that FTI prepare a Size-Based Peer Group comprised of other publicly-traded real estate investment trusts across various asset sectors with a median total equity market capitalization level of approximately \$870 million (slightly smaller than the Company, which has a total equity market capitalization of approximately \$1 billion). The Size-Based Peer Group was comprised of the following 27 companies:

Acadia Realty Trust	CubeSmart	iStar Financial Inc.	Pennsylvania Real Estate Investment Trust
Anworth Mortgage Corporation	FelCor Lodging Trust Incorporated	Lexington Realty Trust	Retail Opportunity Investments Corp.
Arlington Asset Investment Corp.	First Industrial Realty Trust, Inc.	LTC Properties, Inc.	Strategic Hotels & Resorts

Edgar Filing: Hudson Pacific Properties, Inc. - Form DEF 14A

Ashford Hospitality Trust, Inc.	First Potomac Realty Trust	Morgans Hotel Group Company	Sun Communities, Inc.
Associated Estates Realty Corporation	Glimcher Realty Trust	National HealthCare Corporation	Sunstone Hotel Investors, Inc.
Cedar Realty Trust, Inc.	Gramercy Capital Corp.	NorthStar Realty Finance Corp.	Urstadt Biddle Properties Inc.
Cousins Properties Incorporated	Hersha Hospitality Trust	Pebblebrook Hotel Trust	

Table of Contents

The compensation analysis for each peer group provided an overview of typical compensation components (e.g., base salaries, annual bonuses and long-term equity incentives), as well as the range of compensation levels by position, in each case, generally found within the relevant peer group. The peer group compensation analyses prepared by FTI were utilized by the Compensation Committee for informational purposes only and were not utilized for benchmarking purposes.

Other than advising the Compensation Committee as described above, FTI did not provide any material services to the Company in 2012. Furthermore, our management team neither made the decision, nor recommended that the Compensation Committee decide, to engage FTI. The Compensation Committee has sole authority to hire, fire and set the terms of engagement with FTI. Our Compensation Committee has assessed the independence of FTI pursuant to SEC rules and concluded that no conflict of interest exists that would prevent FTI from independently representing the Compensation Committee.

Measuring 2012 Performance

We evaluate performance based on a variety of business objectives, including but not limited to, execution of capital markets strategy, expansion of asset base, sourcing and completion of accretive acquisitions, strength of balance sheet, earnings, and occupancy and leasing performance, that we believe correlate to the long-term, sustainable creation of stockholder value.

With the assistance of FTI, the Compensation Committee performed a comprehensive review of corporate and individual performance for 2012 as part of its determination of year-end 2012 performance-based compensation, including cash bonuses and annual grants of equity awards. The Compensation Committee's review did not include an assessment of any predetermined metrics or hurdles (as no such metrics or hurdles were applicable), but instead was based on an evaluation of company and individual performance in relation to select market and operational criteria the Compensation Committee felt were most appropriate given our recent transition into the public arena and growth stage. Such criteria included success achieved in relation to acquisitions performance and capital deployment, capital markets strategy, organizational development, and stockholder value creation, among others. Individual performance metrics are discussed in more detail below in the sections entitled "Elements of Executive Officer Compensation—Annual Cash Bonuses" and "—Long-Term Equity Incentives." Key company performance achievements attained in 2012 that the Compensation Committee took into account when setting 2012 compensation are disclosed under the section entitled "Elements of Executive Officer Compensation—Annual Cash Bonuses."

Elements of Executive Officer Compensation

The following is a discussion of the primary elements of 2012 compensation for each of our named executive officers.

Base Salaries

Each named executive officer's compensation was initially established based on negotiations in connection with our IPO in 2010. We believe that these salary levels provide appropriate levels of fixed income based on the background, qualifications and skill set of each executive. Base salaries of our named executive officers initially were approved by our Board and are periodically reviewed by our Compensation Committee. No formulaic base salary increases are provided to our named executive officers; however our Compensation Committee may adjust base salaries in connection with its periodic review. The actual base salaries paid to all of our named executive officers during 2012 are unchanged from 2011 and are set forth in the "Summary Compensation Table" below.

In December 2012, our Compensation Committee increased the annual base salaries for Messrs. Coleman, Stern, Lammas, Barton and Shimoda to \$600,000, \$450,000, \$450,000, \$375,000 and \$375,000, respectively, effective January 1, 2013. Each salary adjustment was intended to recognize the executive's contributions and provide our executives with market-competitive base pay.

Annual Cash Bonuses

Our named executive officers are eligible to earn discretionary annual cash bonuses based on each executive officer's individual performance and contribution to the Company's success, as determined by our Compensation Committee. Eligibility to receive these cash bonuses incentivizes our named executive officers to strive to perform at their highest levels and furthers our interests and the interests of our stockholders. The amounts of any discretionary cash bonuses are determined each year by our Compensation Committee after taking into account its subjective assessment of individual performance and the named executive officer's contributions to company-wide performance.

Table of Contents

With the assistance of FTI, the Compensation Committee performed a comprehensive review of corporate and individual performance for 2012 as part of its determination of year-end 2012 performance-based compensation, including cash bonuses and annual grants of equity awards. The Compensation Committee's review did not include an assessment of any predetermined metrics or hurdles (as no such metrics or hurdles were applicable), but instead was based on an evaluation of Company and individual performance in relation to select market and operational criteria the Compensation Committee felt were most appropriate given our relatively recent transition into the public arena and growth stage. Such criteria included success achieved in relation to acquisitions and capital deployment, capital markets strategy, asset management, organizational development, and stockholder value creation, among others. Individual performance metrics are discussed in more detail below in the section entitled "Elements of Executive Officer Compensation—Long-Term Equity Incentives." Examples of key Company performance achievements attained in 2012 that the Compensation Committee took into account when setting 2012 cash bonuses include the following:

- Total shareholder return performance for the year at the 100th percentile of the executive compensation peer group and the 85th percentile of the size-based peer group;

- Acquired four projects totaling more than one million square feet and nearly \$525 million of gross purchase value in our target markets, including the (i) 9,999-square-foot 10900 Washington Boulevard in Culver City, for a total gross purchase price of \$2.6 million, directly adjacent to the Company's 10950 Washington property, (ii) 212,319-square-foot, 901 Market Street property in San Francisco, for a total gross purchase price of \$90.0 million, (iii) 233,600 square foot Element LA Media Campus, for a gross purchase price of \$89.0 million, and the (iv) 625,640-square-foot The Pinnacle property, for a gross purchase price of \$342.5 million;

- Closed significant debt and equity transactions, including (i) raising approximately \$190 million of common equity and \$56 million of preferred equity, (ii) replacing a \$200 million secured credit facility with a \$250 million unsecured corporate credit facility with greater borrowing flexibility and lower interest than the pre-existing corporate facility, and (iii) closing project financings totaling close to \$280 million, including (a) a 10-year term loan totaling \$43 million with PNC Bank, National Association secured by our First Financial Plaza property, (b) a 10-year term loan totaling \$30 million with Cantor Commercial Real Estate Lending, L.P., secured by our 10950 Washington property, (c) a three-year loan with Wells Fargo Bank, N.A., secured by the Company's 275 Brannan property, which, upon full disbursement, will total \$15 million, (d) a four-year loan with Wells Fargo Bank, N.A., secured by the Company's 901 Market Street property, which, upon full disbursement, will total \$62 million, and (e) a 10-year loan totaling \$129 million with LoanCore, secured by the Company's Pinnacle I property; and

- Achieved sound operating results that include continued growth in the Company's funds from operations and a current stabilized office portfolio occupancy rate to 93.5%, representing an increase of approximately 120 basis points from year end 2012.

The annual cash bonuses for 2012 were as follows:

Executive	2012 Bonus
Victor J. Coleman	\$1,000,000
Howard S. Stern	\$575,000
Mark T. Lammas	\$450,000
Christopher Barton	\$400,000
Dale Shimoda	\$400,000

These discretionary bonuses were not determined based on the attainment of any particular individual or company-level performance goal(s) or the application of any benchmarking or formula(e). Instead, the Compensation Committee considered all of the factors described in the preceding paragraph as applied to each named executive officer (including, in the case of company-level metrics, such named executive officer's contribution to the attainment

of those metrics), and made a subjective determination as to the appropriate bonus level based on that information, considered in light of the Compensation Committee's collective experience regarding appropriate compensation and bonus levels.

Long-Term Equity Incentives

The goals of our long-term, equity-based awards are to incentivize and reward increases in long-term stockholder value and to align the interests of our named executive officers with the interests of our stockholders. Because vesting is based on continued employment (typically over a period of three to five years), our equity-based incentives also serve to help retain our named executive officers through the award vesting period.

Table of Contents

Annual Equity Awards

Historically, including with respect to 2012, we have granted restricted stock to our named executive officers in order to incentivize future growth, but also to deliver value to these officers in excess of simple future appreciation. These awards were further intended to enable our executive officers to establish or augment meaningful equity stakes in the Company. We believe that these awards enable us to deliver competitive compensation value to the executive officers at levels sufficient to attract and retain top talent within our executive officer ranks.

As part of its review of 2012 performance, in determining whether to make annual grants of equity awards to our named executive officers in respect of services provided during 2012, the Compensation Committee analyzed the role and responsibilities of the individual, individual performance history, and prevailing market practices based on market data provided by FTI with respect to the Performance-Based Peer Group and Size-Based Peer Group, as well as Company and individual performance. This analysis considered the same performance and market factors as those considered in determining the named executive officers' discretionary cash bonuses for 2012, as described in more detail above in the sections entitled "Executive Compensation Philosophy and Objectives—Measuring 2012 Performance" and "—Annual Cash Bonuses." As with the discretionary cash bonuses, annual equity awards were not determined based on the attainment of any particular individual or company-level performance goal(s) or the application of any benchmarking or formula(e). Instead, the Compensation Committee considered all of the relevant factors as applied to each named executive officer (including, in the case of company-level metrics, such named executive officer's contribution to the attainment of those metrics), and made a subjective determination as to the appropriate equity grant level based on that information, taking into consideration the Compensation Committee's collective experience regarding appropriate annual equity grant levels.

Based on this assessment, on December 29, 2012, the Compensation Committee approved grants of restricted stock to Messrs. Coleman, Stern, Lammas, Barton and Shimoda of 89,415 shares, 36,249 shares, 36,249 shares, 15,708 shares and 15,708 shares, respectively, pursuant to the 2010 Plan. These restricted stock awards will vest in three equal, annual installments on each of the first three anniversaries of the grant date, subject to the executive's continued employment (and further subject to accelerated vesting upon a change in control or certain terminations as described below in the section entitled "—Potential Payments Upon Termination or Change in Control").

Outperformance Programs

On January 1, 2012, in order to further align the interests of our named executive officers with those of our shareholders, our Compensation Committee adopted the 2012 Outperformance Program ("2012 OPP") under our 2010 Plan. The 2012 OPP is a multi-year outperformance program covering our senior executives, including our named executive officers, that authorizes grants of incentive awards linked to our absolute and relative total shareholder return ("TSR") over the performance period beginning on January 1, 2012 and ending on the earlier to occur of December 31, 2014 or the date on which we experience a change in control. Each 2012 OPP award confers a percentage participation right in a dollar-denominated, stock-settled bonus pool, as well as certain dividend equivalent rights. We attained pro-rated TSR performance goals during 2012, thus establishing a minimum bonus pool of \$2 million.

Under the 2012 OPP, a bonus pool of up to (but not exceeding) \$10 million will be determined at the end of the performance period as the value of the sum of: (i) 4% of the amount by which our TSR during the performance period exceeds 9% simple annual TSR (the absolute TSR component), plus (ii) 4% of the amount by which our TSR performance exceeds that of the SNL Equity REIT Index (determined on a percentage basis that is then multiplied by the sum of (A) our market capitalization on that date, plus (B) the aggregate per share dividend over the performance

period through such date) (the relative TSR component), except that the relative TSR component will be reduced on a linear basis from 100% to 0% for absolute TSR performance ranging from 7% to 0% simple annual TSR over the performance period. In addition, the relative TSR component may be a negative value equal to 4% of the amount by which we underperform the SNL Equity REIT Index by more than 3% per year during the performance period (if any). If we attain pro-rated TSR performance goals during 2012 and/or 2013 that yield hypothetical bonus pools of up to \$2 million for 2012 performance and/or up to \$4 million for combined 2012/2013 performance, stock awards issued under the final bonus pool at the end of the performance period will cover a number of shares in the aggregate at least equal to the number of shares that would have been subject to stock awards issued at the end of 2012 or 2013 (whichever is greater) based on our TSR performance and common stock price for such prior years (subject to reduction to comply with the \$10 million bonus pool limitation).

At the end of the three-year performance period, participants who remain employed with us will be paid their percentage interest in the bonus pool as stock awards based on the value of our common stock at the end of the performance period. Half of each such participant's bonus pool interest will be paid in fully vested shares of our common stock and the other half will be

Table of Contents

paid in restricted stock units (RSUs) that vest in equal annual installments over the two years immediately following the performance period (based on continued employment) and which carry tandem dividend equivalent rights. However, if the performance period is terminated prior to December 31, 2014 in connection with a change in control, 2012 OPP awards will be paid entirely in fully vested shares of our common stock immediately prior to the change in control. In addition to these share/RSU payments, each 2012 OPP award entitles its holder to a cash payment equal to the aggregate dividends that would have been paid during the performance period on the total number of shares and RSUs ultimately issued or granted in respect of such 2012 OPP award, had such shares and RSUs been outstanding throughout the performance period.

If a participant's employment is terminated without "cause," for "good reason" or due to the participant's death or disability during the performance period (referred to as qualifying terminations), the participant will be paid his or her 2012 OPP award at the end of the performance period entirely in fully vested shares (except for the performance period dividend equivalent, which will be paid in cash at the end of the performance period). Any such payment will be pro-rated in the case of a termination without "cause" or for "good reason" by reference to the participant's period of employment during the performance period. If we experience a change in control or a participant experiences a qualifying termination of employment, in either case, after December 31, 2014, any unvested RSUs that remain outstanding will accelerate and vest in full upon such event.

Upon adoption of the 2012 OPP, our Compensation Committee granted Messrs. Coleman, Stern, Lammas, Barton and Shimoda 2012 OPP awards of 25%, 15%, 15%, 10% and 5%, respectively. The following chart provides the maximum dollar value of shares and RSUs that may be awarded to each named executive officer, assuming our Company achieves performance to fund the 2012 OPP bonus pool at the maximum of \$10 million:

Named Executive Officer	2012 OPP Award Bonus Percentage	Maximum Potential Dollar-Denominated Award under 2012 OPP
Victor J. Coleman	25	% \$2,500,000
Howard S. Stern	15	% \$1,500,000
Mark T. Lammas	15	% \$1,500,000
Christopher Barton	10	% \$1,000,000
Dale Shimoda	5	% \$500,000

On January 1, 2013, our Compensation Committee adopted the 2013 Outperformance Program ("2013 OPP") under our 2010 Plan. The 2013 OPP is substantially similar to the 2012 OPP except that (i) the performance period will run from January 1, 2013 through December 31, 2015 (subject to earlier termination) and (ii) the maximum bonus pool under the 2013 OPP is \$11 million (rather than \$10 million). Our Compensation Committee granted Victor J. Coleman, Howard S. Stern, Mark T. Lammas, Christopher Barton and Dale Shimoda, our named executive officers, 2013 OPP awards of 22.73%, 15%, 15%, 10% and 5.77%, respectively.

Employee Benefits

Our full-time employees, including our named executive officers, are eligible to participate in health and welfare benefit plans, which provide medical, dental, prescription, long-term disability, life insurance, an employee assistance program and other health benefits. We believe that these benefits are a key component of a comprehensive compensation package, providing essential protections to our named executive officers and enhancing the overall desirability and competitiveness of our total rewards package.

Our employees, including our named executive officers, who satisfy certain eligibility requirements may participate in our 401(k) retirement savings plan. Under the 401(k) plan, eligible employees may elect to contribute pre-tax amounts to the plan, up to a statutorily prescribed limit. In 2012, we did not match contributions made by participants to the plan. However, we expect to match a portion of the contributions to the 401(k) plan on behalf of eligible employees in 2013. We believe that providing a vehicle for tax-preferred retirement savings through our 401(k) plan adds to the overall desirability of our executive compensation package and further incentivizes our employees, including our named executive officers, in accordance with our compensation policies.

Additional Compensation Components

In the future, we may provide different and/or additional compensation components, benefits and/or perquisites to our named executive officers to ensure that we provide a balanced and comprehensive compensation structure. We believe that it is important to maintain flexibility to adapt our compensation structure at this time to properly attract, motivate and retain the top

executive talent for which we compete. All future practices regarding compensation components, benefits and/or perquisites will be subject to periodic review by our Compensation Committee.

Severance and Change in Control Benefits

As described more fully below in the sections entitled “—Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards in 2012 Table” and “—Potential Payments Upon Termination or Change in Control,” we entered into employment agreements with our named executive officers in connection with the completion of our IPO that provide for various severance and change in control benefits and other terms and conditions of employment. We believe that the protections contained in these employment agreements will help to ensure the day-to-day stability necessary to our executives to enable them to properly focus their attention on their duties and responsibilities with the Company and will provide security with regard to some of the most uncertain events relating to continued employment, thereby limiting concern and uncertainty and promoting productivity. In addition, as described above, the 2012 OPP and 2013 OPP provide for pro-rata accelerated time-vesting upon a qualifying termination, as well as accelerated vesting upon a change in control (subject to attainment of applicable performance criteria). For a description of the material terms of the employment agreements and treatment of 2012 OPP awards in connection with a change in control or qualifying termination, see “—Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards in 2012 Table” and “—Potential Payments Upon Termination or Change in Control” below.

Tax Considerations

Section 162(m) of the Internal Revenue Code

Section 162(m) of the Code disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1.0 million in any taxable year for our chief executive officer and each of the other named executive officers (other than our chief financial officer), unless compensation is performance based. We expect that our Compensation Committee will adhere to the principle that, where reasonably practicable, to the extent applicable, we will seek to qualify the variable compensation paid to our named executive officers for an exemption from any applicable deductibility limitations of Section 162(m) of the Code. As such, in approving the amount and form of compensation for our named executive officers in the future, our Compensation Committee will consider all elements of the cost to the Company of providing such compensation, including the potential impact of Section 162(m) of the Code. However, our Compensation Committee may, in its judgment, authorize compensation payments that are subject to deduction limitations under Section 162(m) of the Code when it believes that such payments are appropriate to attract and retain executive talent.

Section 409A of the Internal Revenue Code

Section 409A of the Code requires that “nonqualified deferred compensation” be deferred and paid under plans or arrangements that satisfy the requirements of the statute with respect to the timing of deferral elections, timing of payments and certain other matters. Failure to satisfy these requirements can expose employees and other service providers to accelerated income tax liabilities, penalty taxes and interest on their vested compensation under such plans. Accordingly, as a general matter, it is our intention to design and administer our compensation and benefits plans and arrangements for all of our employees and other service providers, including our named executive officers, so that they are either exempt from, or satisfy the requirements of, Section 409A of the Code.

Section 280G of the Internal Revenue Code

Section 280G of the Code disallows a tax deduction with respect to excess parachute payments to certain executives of companies that undergo a change in control. In addition, Section 4999 of the Code imposes a 20% penalty on the individual receiving the excess payment.

Parachute payments are compensation that is linked to or triggered by a change in control and may include, but are not limited to, bonus payments, severance payments, certain fringe benefits, and payments and acceleration of vesting from long-term incentive plans including stock options and other equity-based compensation. Excess parachute payments are parachute payments that exceed a threshold determined under Section 280G of the Code based on the executive's prior compensation. In approving the compensation arrangements for our named executive officers in the future, our Compensation Committee will consider all elements of the cost to the Company of providing such compensation, including the potential impact of Section 280G of the Code. However, our Compensation Committee may, in its judgment, authorize compensation arrangements that could give rise to loss of deductibility under Section 280G of the Code and the imposition of excise taxes under Section 4999 of the Code when it believes that such arrangements are appropriate to attract and retain executive talent.

Accounting Standards

ASC Topic 718, Compensation—Stock Compensation (referred to as ASC Topic 718 and formerly known as FASB 123R), requires us to calculate the grant date “fair value” of our stock-based awards using a variety of assumptions. ASC Topic 718 also requires us to recognize an expense for the fair value of equity-based compensation awards. Grants of stock options, restricted stock, restricted stock units and performance units under our equity incentive award plans will be accounted for under ASC Topic 718. Our Compensation Committee will regularly consider the accounting implications of significant compensation decisions, especially in connection with decisions that relate to our equity incentive award plans and programs. As accounting standards change, we may revise certain programs to appropriately align the accounting expense of our equity awards with our overall executive compensation philosophy and objectives.

(1) Amounts represent discretionary bonuses paid to our named executive officers in respect of services provided during the applicable fiscal year.

(2) Amounts reflect the full grant-date fair value of restricted stock awards granted in 2012 and awards under the 2012 OPP, each computed in accordance with ASC Topic 718, rather than the amounts paid to or realized by the named individual. The grant-date fair values relating to 2012 restricted stock awards are \$1,849,996, \$749,992, \$749,992, \$324,999 and \$324,999 for Messrs. Coleman, Stern, Lammas, Barton and Shimoda, respectively. The 2012 OPP award amounts are \$872,500, \$523,500, \$523,500, \$349,000 and \$174,500 for Messrs. Coleman, Stern, Lammas, Barton and Shimoda, respectively. We provide information regarding the assumptions used to calculate the value of all restricted stock awards and awards under the 2012 OPP made to executive officers in Notes 2 and 10 to the

consolidated financial statements contained in our Annual Report on Form 10-K, filed March 14, 2013. There can be no assurance that awards will vest (if an award does not vest, no value will be realized by the individual). The single measure that determines the number of shares issued under our 2012 OPP to a named executive officer is our TSR compared with an absolute threshold and the SNL Equity REIT Index, computed over the applicable performance period as described in more detail in “Elements of Executive Officer Compensation-Outperformance Program” above. The awards under the 2012 OPP are treated as market condition shares as defined under ASC Topic 718, and as a result, the grant date values will not differ from the fair values presented in the table above.

Amounts reflect awards granted under the 2012 OPP. The number of shares to be paid under these awards will equal the dollar value of the bonus pool divided by our per share common stock value at the time of payment. The dollar value of the bonus pool, in turn, will range from \$0 to \$10,000,000 depending on the Company's absolute and relative TSR performance over the performance period. Amounts in the "Maximum" column represent the amounts the named executive officers will be eligible to receive if we achieve performance at a level sufficient to fund the 2012 OPP bonus pool at the maximum of \$10,000,000. Amounts in the "Target" column represent the amounts the named executive officers would receive if our absolute and relative TSR performance for the performance period under the 2012 OPP continues at the same rate as we experienced from January 1, 2012, the first day of the performance period, through December 31, 2012. Awards under the 2012 OPP will be paid in the form of shares of common stock and RSUs (or, if the performance period terminates earlier upon a change in control, in the form of shares only). For additional information on the 2012 OPP, see "Elements of Executive Officer Compensation-Outperformance Program" above.

(2) Amounts reflect the full grant date fair value of awards granted under the 2012 OPP determined in accordance with ASC Topic 718 based on the named executive officer's percentage participation right in the 2012 OPP bonus pool.

We provide information regarding the assumptions used to calculate the value of all awards under the 2012 OPP made to executive officers in Notes 2 and 10 to the consolidated financial statements contained in our Annual Report on Form 10-K, filed March 14, 2013. There can be no assurance that awards will vest (if an award does not vest, no value will be realized by the individual).

(3) On December 29, 2012, our Compensation Committee approved restricted stock awards for each named executive officer, each of which will vest, and the restrictions thereon will lapse, in three equal, annual installments on each of December 29, 2013, December 29, 2014 and December 29, 2015, subject to continued service with us through the applicable vesting dates (and further subject to accelerated vesting upon a change in control or certain terminations as described below in the section entitled “Potential Payments Upon Termination or Change in Control”).

(4) Amounts reflect the full grant date fair value of restricted stock granted during 2012 computed in accordance with ASC Topic 718, rather than the amounts paid to or realized by the named individual. We provide information regarding the assumptions used to calculate the value of all restricted stock awards made to executive officers in Notes 2 and 10 to the consolidated financial statements contained in our Annual Report on Form 10-K, filed March 14, 2013. There can be no assurance that awards will vest (if an award does not vest, no value will be realized by the individual).

NARRATIVE DISCLOSURE TO SUMMARY COMPENSATION TABLE AND GRANTS OF PLAN-BASED AWARDS IN 2012 TABLE

We entered into employment agreements with each of our named executive officers, effective as of the date of the completion of our IPO on June 29, 2010. The following is a summary of the material terms of the agreements.

Under the employment agreements, Messrs. Coleman, Stern, Lammas, Barton and Shimoda serve as the Company’s Chief Executive Officer, President, Chief Financial Officer, Executive Vice President—Operations and Development and Executive Vice President—Finance, respectively. Messrs. Coleman and Stern report directly to our Board, while the other executives report to our Chief Executive Officer. The initial term of the employment agreements will end on June 29, 2013. On that date, the term of the employment agreements will automatically be extended for one year, unless earlier terminated. In the event that we experience a “change in control” (as defined in the 2010 Plan) during the one-year extension period, the term of the

Table of Contents

employment agreements will instead continue through the first anniversary of the consummation of the change in control. Pursuant to Messrs. Coleman and Stern's employment agreements, during the terms of their employment, we will nominate each for election as a director.

Under the employment agreements, Messrs. Coleman, Stern, Lammas, Barton and Shimoda are entitled to receive annual base salaries of \$500,000, \$400,000, \$300,000, \$300,000 and \$300,000, respectively, each of which are subject to increase at the discretion of our Compensation Committee. For calendar year 2013, annual base salaries for Messrs. Coleman, Stern, Lammas, Barton and Shimoda will be \$600,000, \$450,000, \$450,000, \$375,000 and \$375,000, respectively. In addition, each executive is eligible to receive an annual discretionary cash performance bonus, the amount of which will be determined based on determinations of Company and individual performance by our Compensation Committee. In connection with entering into the employment agreements, Messrs. Coleman, Stern, Lammas, Barton and Shimoda were each granted an award of restricted shares of our common stock, with respect to 117,647 shares, 53,529 shares, 17,647 shares, 17,647 shares and 17,647 shares, respectively. These restricted stock awards vest in three equal, annual installments on each of the first three anniversaries of June 29, 2010, the date of our IPO, subject to the executive's continued employment through the applicable vesting date (and further subject to accelerated vesting upon a change in control or certain terminations as described below in the section entitled "—Potential Payments Upon Termination or Change in Control"). In addition, the executives are eligible to participate in customary health, welfare and fringe benefit plans, and are eligible to accrue up to four weeks of paid vacation per year.

If an executive's employment is terminated by us without "cause" or by the executive for "good reason" (each, as defined in the employment agreements), because we elect not to renew the initial term of the employment agreement or by reason of the executive's death or disability, the executive will be entitled to certain payments and benefits, as described under "—Potential Payments Upon Termination or Change in Control" below. The employment agreements also contain customary confidentiality and non-solicitation provisions.

The market value of shares of restricted stock that have not vested is calculated by multiplying the fair market (1) value of a share of our common stock on December 31, 2012 (\$21.06) by the number of unvested shares of restricted stock outstanding under the award.

(2) Consists of (i) 25%, 15%, 15%, 10% and 5% for Messrs. Coleman, Stern, Lammas, Barton and Shimoda, respectively, multiplied by (ii) \$10,000,000, which equals the amount of the bonus pool under the 2012 OPP assuming the Company's absolute and relative TSR performance for the three-year performance period under the 2012 OPP continues at the same rate as we experienced from January 1, 2012, the first day of the performance period, through December 31, 2012, divided by (iii) \$21.06, which is the fair market value of a share of our common stock on December 31, 2012. Any awards earned under the 2012 OPP upon the completion of the

three-year performance period will be paid 50% in fully vested shares of our common stock and 50% in RSUs that vest in equal annual installments on December 31, 2015 and December 15, 2016, subject to continued employment. If the performance period ends prior to its three-year term upon a change in control, any awards earned will be paid only in shares. For more information about the 2012 OPP see “Elements of Executive Officer Compensation-Outperformance Program” above.

(3) The market value of unearned rights in the 2012 OPP is calculated by multiplying the fair value of a share of our common stock on December 31, 2012 (\$21.06) by the number of shares equivalent to the fair value of each named executive officer’s participation interest in the 2012 OPP bonus pool (as determined in accordance with SEC rules and footnote 2 above).

(4) Consists of restricted stock granted on June 29, 2010, which vests in three substantially equal installments on each of June 29, 2011, 2012 and 2013, subject to continued service with us through the applicable vesting dates.

(5) Consists of restricted stock granted on December 29, 2010, which vests in three substantially equal installments on each of December 29, 2011, 2012 and 2013, respectively, subject to continued service with us through the applicable vesting dates.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Employment Agreements

Termination Without Cause or for Good Reason; Non-Renewal

Under the executives' employment agreements, if an executive's employment is terminated by us without "cause" or by the executive for "good reason" (each, as defined in the employment agreements) then, in addition to accrued amounts and any earned but unpaid bonuses, the executive will be entitled to receive the following:

A lump-sum payment in an amount equal to two (or, with respect to Messrs. Coleman and Stern, three) times the sum of (i) the executive's annual base salary then in effect, (ii) the highest annual bonus earned by the executive during the employment term and (iii) the highest value of any annual equity award(s) granted to the executive during the employment term (not including the initial grant of restricted stock described above or any award(s) granted pursuant to a multi-year or long-term performance program, initial hiring or retention award or similar non-reoccurring award); Accelerated vesting of all outstanding equity awards held by the executive as of the termination date (other than any outperformance program awards, for which accelerated vesting provisions are described below); and Company-subsidized continuation healthcare coverage for up to 18 months after the termination date.

In the event that an executive's employment is terminated because we elect not to renew the initial term of the employment agreement, then the executive will be entitled to receive the same payments and benefits described above for a termination without cause or for good reason, except that the amount of the cash severance will be multiplied by one rather than two (or, with respect to Messrs. Coleman and Stern, two rather than three). However, if such a non-renewal termination occurs upon or within 12 months after a change in control of the Company, the executive will be entitled to receive the same payments and benefits described above for a termination without cause or for good reason (without reduction of the cash severance multiplier). The executive's right to receive the severance payments and benefits described above is, in all cases, subject to his delivery of an effective general release of claims in favor of the Company.

Death or Disability of Executive

Upon a termination of employment by reason of death or disability, the executive or his/her estate will be entitled to accelerated vesting of all outstanding equity awards held by the executive as of the termination date (other than any outperformance program awards, for which accelerated vesting provisions are described below), in addition to accrued amounts and earned but unpaid bonuses.

Table of Contents

Change in Control

Under the employment agreements, if an executive remains employed through a change in control of the Company, the executive's initial restricted stock award (granted on June 29, 2010) will vest in full to the extent then unvested. In addition, if the Company has a change in control and the successor company does not assume or substitute new awards pursuant to the 2010 Plan for any outstanding awards of restricted stock granted in December 2010, December 2011 or December 2012, such awards will vest in full to the extent then unvested.

2012 Outperformance Program

Under the 2012 OPP, if the three-year performance period is terminated prior to December 31, 2014 in connection with a change in control, 2012 OPP awards, to the extent earned as of the change in control, will be paid entirely in fully vested shares of our common stock immediately prior to the change in control.

If a participant's employment is terminated without "cause," for "good reason" or due to the participant's death or disability during the performance period (referred to as qualifying terminations), the participant will be paid his or her 2012 OPP award at the end of the performance period in fully vested shares, to the extent earned based on achievement of the performance goals during the performance period. Any such payment will be pro-rated in the case of a termination without "cause" or for "good reason" by reference to the participant's period of employment during the performance period.

If we experience a change in control or a participant experiences a qualifying termination of employment, in either case, after December 31, 2014, any unvested RSUs that remain outstanding will accelerate and vest in full upon such event.

Summary of Potential Payments

The following table summarizes the payments that would be made to our named executive officers upon the occurrence of certain qualifying terminations of employment or a change in control, in any case, occurring on December 31, 2012. Amounts shown do not include (i) accrued but unpaid base salary through the date of termination, or (ii) other benefits earned or accrued by the named executive officer during his employment that are available to all salaried employees, such as accrued vacation, and assume that any successor company in a change in control assumed or substituted awards for any outstanding awards under the 2010 Plan.

Change in Control

Under the employment agreements, if an executive remains employed through a change in control of our Company, the executive's initial restricted stock award (granted on June 29, 2010) will vest in full to the extent then unvested.

The following table summarizes the payments that would be made to our named executive officers upon the occurrence of certain qualifying terminations of employment or change in control, in any case, occurring on December 31, 2012. Amounts shown do not include (i) accrued but unpaid base salary through the date of termination, and (ii) other benefits earned or accrued by the named executive officer during his employment that are available to all salaried employees, such as accrued vacation.

(1) This column describes the payments and benefits that become payable if we elect not to renew the initial term of the employment agreement prior to the occurrence of (or more than one year after) a change in control. The “cash” and “continued health benefits” amounts reflect the non-renewal severance multiples described above in “—Employment Agreements—Termination Without Cause or for Good Reason; Non-Renewal”.

(2) Note that all severance amounts under a “Company Non-Renewal and Resulting Termination” heading are purely hypothetical in light of the fact that the employment agreements continue in effect into 2013 and, therefore, a non-renewal severance termination would not have been possible on December 31, 2012.

(3) In accordance with the employment agreement terms, if any payments made in connection with a change in control would otherwise be subject to an excise tax under Section 4999 of the Code by reason of the “golden parachute” rules contained in Section 280G of the Code, such payments will be reduced if and to the extent that doing so will result in net after-tax payments and benefits for the executive officer that are more favorable than the net after-tax payments and benefits payable to the executive officer in the absence of such a reduction after the imposition of the excise tax. The figures reported in this column do not reflect any such reductions as a result of Code Section 280G limits. No executive officer is entitled to any tax gross-up payment in connection with change in control payments (or otherwise).

(4) Cash severance was calculated by multiplying the applicable severance multiple (described above) by the sum of (i) the executive officer’s annual base salary in effect on December 31, 2012; (ii) the highest annual bonus earned by the executive officer during the employment term; and (iii) the highest value of any annual equity award made to the executive officer during the employment term, not including any initial grant of restricted stock awarded in connection with the employment agreement or any outperformance program awards granted to the executive officer.

(5) Represents the aggregate premium payments that we would be required to pay to or on behalf of the applicable executive to provide continued health insurance coverage under COBRA (based on the executive’s health insurance coverage elections as of December 31, 2012) for 18 months.

(6) Represents, for each executive officer, the sum of the values attributable to (i) the accelerated vesting of the unvested portion of all outstanding shares of restricted stock held by the executive officer as of December 31, 2012, plus (ii) the pro-rated accelerated vesting of the 2012 OPP award held by the executive officer. Amounts do not include the dividend equivalents that may become payable in respect

of the executive's 2012 OPP award upon the termination, as that amount is not yet determinable. As required by applicable disclosure rules, these values reflect a hypothetical termination of the executive's employment occurring on December 31, 2012. The value of accelerated restricted stock vesting was calculated by multiplying (a) the number of shares subject to acceleration by (b) the fair market value of a share of common stock on December 31, 2012 (\$21.06). The following table sets forth the unvested shares of restricted stock held by each executive officer as of December 31, 2012.

Name	June 2010 Grant	December 2010 Grant	December 2011 Grant	December 2012 Grant
Mr. Coleman	39,215 shares	33,311 shares	73,692 shares	89,415 shares
Mr. Stern	17,843 shares	14,434 shares	33,161 shares	36,249 shares
Mr. Lammas	5,883 shares	7,772 shares	20,879 shares	36,249 shares
Mr. Barton	5,883 shares	5,552 shares	12,282 shares	15,708 shares
Mr. Shimoda	5,883 shares	5,552 shares	12,282 shares	15,708 shares

The 2012 OPP awards were valued for each executive officer by multiplying (x) the executive officer's interest in the 2012 OPP, or 25%, 15%, 15%, 10% and 5% for Messrs. Coleman, Stern, Lammas, Barton and Shimoda, respectively, times (y) the pro-rated portion of the performance period elapsed through December 31, 2012, or approximately one-third, times (z) the projected bonus pool under the 2012 OPP, or \$10,000,000. The 2012 OPP bonus pool is not yet determinable. We have estimated for purposes of this disclosure that the Company's TSR performance over the remainder of the performance period will replicate the Company's actual TSR performance from January 1, 2012 through December 31, 2012. Note, however, that the value of these accelerated 2012 OPP awards would ultimately reflect actual performance and, accordingly, if our actual TSR results vary, the amounts payable in respect of 2012 OPP awards under this scenario could be greater or less than the amounts reported.

Represents, for each executive officer, the sum of the values attributable to (i) the accelerated vesting of the unvested portion of all outstanding shares of restricted stock held by the executive officer as of December 31, 2012, plus (ii) the accelerated vesting of the 2012 OPP award held by the executive officer. Amounts do not include the dividend equivalents that may become payable in respect of the executive's 2012 OPP award upon the (7) termination, as that amount is not yet determinable. As required by applicable disclosure rules, these values reflect a hypothetical termination of the executive's employment occurring on December 31, 2012. The value of accelerated restricted stock vesting was calculated by multiplying (a) the number of shares subject to acceleration by (b) the fair market value of a share of common stock on December 31, 2012 (\$21.06). The following table sets forth the unvested shares of restricted stock held by each executive officer as of December 31, 2012.

Represents, for each executive officer, the sum of the values attributable to (i) the accelerated vesting of the unvested portion of the June 2010 restricted stock grant held by the executive officer, plus (ii) the full accelerated vesting of the 2012 OPP award held by the executive officer based on actual performance through December 31, 2012, plus (iii) the dividend equivalents that would become payable in respect of the executive's 2012 OPP award upon the change in control. As required by applicable disclosure rules, these values reflect a hypothetical change in control occurring on December 31, 2012. The value of the acceleration of the unvested portion of the June 2010 restricted stock grants was calculated by multiplying (a) 39,215 shares, 17,843 shares, 5,883 shares, 5,883 shares and 5,883 shares for Messrs. Coleman, Stern, Lammas, Barton and Shimoda, respectively, by (b) the fair market value of a share of common stock on December 31, 2012 (\$21.06). The 2012 OPP award values were determined for each executive officer by multiplying (x) the executive officer's pool interest of 25%, 15%, 15%, 10% and 5% for Messrs. Coleman, Stern, Lammas, Barton and Shimoda, respectively, by (y) a bonus pool of \$10,000,000, determined based on actual TSR performance through December 31, 2012. The 2012 OPP award values for each executive also include an amount equal to the aggregate dividend equivalents that would become payable to the executive in respect of his 2012 OPP Award upon such change in control, or \$59,354, \$35,613, \$35,613, \$23,742 and \$11,871 for Messrs. Coleman, Stern, Lammas, Barton and Shimoda, respectively, based on the dividends per share declared during the performance period (beginning on January 1, 2012) through December 31, 2012 (\$0.50).

The value of accelerated restricted stock vesting was calculated by multiplying (a) the number of shares subject to acceleration by (b) the fair market value of a share of common stock on December 31, 2012 (\$21.06). EQUITY COMPENSATION PLAN INFORMATION

The following table provides information as of December 31, 2012 regarding compensation plans under which our equity securities are authorized for issuance:

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights	Weighted Average Exercise Price of Outstanding Options	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans ⁽¹⁾
Equity compensation plans approved by stockholders ⁽²⁾	736,769	—	17,232,749
Equity compensation plans not approved by stockholders	—	—	—
Total	736,769	—	17,232,749

(1) Consists of the 2010 Plan.

(2) As of December 31, 2012, 13,441,544 fungible units remained available for issuance under our equity incentive plan. This fungible unit limit means that, based on the relative fungible unit weights attributable to different award types under the plan, the maximum number of shares that may be issued under the plan as of December 31, 2012

ranged from 4,556,456 to 17,232,749 shares, with the ultimate share limit determined by reference to the types of awards actually granted under the plan. The amount disclosed in the table represents the number of shares that would be available for issuance if all awards made after December 31, 2012 are granted as five-year options.

COMPENSATION RISK ANALYSIS

As part of the 2012 compensation process, the Compensation Committee, in conjunction with FTI, considered the matter of risks to stockholders and to the achievement of performance objectives that may be inherent in the compensation programs. After reviewing and discussing the foregoing, it was concluded that the Company's compensation programs are designed with an appropriate risk-reward balance in relation to the Company's business strategy and that none of the compensation programs encourage any executive or employee to take on excessive or unnecessary risks that are reasonably likely to have a material adverse effect on the Company. The following elements of our executive compensation plans and practices were considered in evaluating whether such plans and practices encourage our executives to take unnecessary risks:

Table of Contents

We evaluate performance based on a variety of business objectives, including but not limited to, execution of capital markets strategy, expansion of asset base, sourcing and completion of accretive acquisitions, strength of balance sheet, earnings, and occupancy and leasing performance, that we believe correlate to the long-term, sustainable creation of stockholder value;

The most material component of equity-based executive compensation since completion of our IPO has been in the form of restricted stock and our 2012 OPP, which pays out in common stock and restricted stock units, each of which, as compared to stock options or other market-based equity compensation vehicles, retains some degree of value even in periods of depressed markets and thus provides executives with a baseline of value that lessens the likelihood that executives will undertake any unnecessary risks to get or keep options (or other similar vehicle) “in-the-money”; In 2012, our Compensation Committee retained ultimate discretion in setting compensation and did not rely on pre-determined formulas, therefore our executives were not encouraged to take unreasonable risks to meet certain hurdles to avoid not achieving the required formulaic metric; and

As the most material portion of each executive’s compensation to date has been in the form of stock, our executives have sizable holdings of equity in the Company, which aligns an appropriate portion of their personal wealth with our long-term performance. None of the shares of our stock or the common units in our operating partnership owned by our directors and executive officers are pledged as collateral for a loan.

STOCK OWNERSHIP

PRINCIPAL STOCKHOLDERS

The following table sets forth certain information regarding the beneficial ownership of shares of our common stock and shares of common stock into which units are exchangeable for (i) each person who is the beneficial owner of 5% or more of our outstanding common stock, (ii) each of our directors and named executive officers, and (iii) all of our directors and executive officers as a group. Each person named in the table has sole voting and investment power with respect to all of the shares of our common stock shown as beneficially owned by such person, except as otherwise set forth in the notes to the table. The extent to which a person will hold shares of common stock as opposed to units is set forth in the footnotes below.

The SEC has defined “beneficial ownership” of a security to mean the possession, directly or indirectly, of voting power and/or investment power over such security. A stockholder is also deemed to be, as of any date, the beneficial owner of all securities that such stockholder has the right to acquire within 60 days after that date through (a) the exercise of any option, warrant or right, (b) the conversion of a security, (c) the power to revoke a trust, discretionary account or similar arrangement, or (d) the automatic termination of a trust, discretionary account or similar arrangement. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to options or other rights (as set forth above) held by that person that are exercisable as of March 12, 2013 or will become exercisable within 60 days thereafter, are deemed outstanding, while such shares are not deemed outstanding for purposes of computing percentage ownership of any other person.

Unless otherwise indicated, the address of each named person is c/o Hudson Pacific Properties, Inc., 11601 Wilshire Blvd., Suite 1600, Los Angeles, California 90025.

EXECUTIVE AND DIRECTOR STOCK OWNERSHIP GUIDELINES

In December 2011, our Board of Directors adopted stock ownership guidelines for our named executive officers and non-employee directors. Pursuant to the guidelines, our named executive officers are required to hold a number of shares of our common stock having a market value equal to or greater than a multiple of each executive's base salary. For our Chief Executive Officer, the multiple is five times base salary, for our President the multiple is four times base salary and for all other named executive officers the multiple is three times base salary. Our non-employee directors are required to hold a number of shares of Company stock having a market value equal to or greater than two times their annual cash retainer, or \$120,000. Our named executive officers and non-employee directors will have four years from the date of adoption of the guidelines to attain compliance with the stock ownership requirements, or in the case of a new executive or non-employee director, four years from the commencement of their employment or election to the Board.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who own more than 10% of our common stock to file reports of ownership and changes in ownership with the SEC. SEC regulations require us to identify anyone who failed to file a required report or filed a late report during the most recent fiscal year. Based solely on our review of the copies of such forms received by us, or written representations from certain reporting persons that no Forms 5 were required for such persons, we believe that, during the fiscal year ended December 31, 2012, our executive officers, directors and 10% stockholders complied with all Section 16(a) filing requirements applicable to them, except as to matters stated herein. Each of Messrs. Stern, Coleman, Barton, Lammas and Shimoda filed one late report on Form 4 for shares withheld for

payment of taxes in relation to the June 29, 2012 vesting of restricted stock. Such late filings did not result in any liability under Section 16(b) of the Exchange Act.

RELATED-PARTY AND
OTHER TRANSACTIONS INVOLVING OUR OFFICERS AND DIRECTORS

We describe below transactions and series of similar transactions, during our last fiscal year, to which we were a party or will be a party, in which:

the amounts involved exceeded or will exceed \$120,000; and
any of our directors, executive officers, holders of more than 5% of our common stock or any member of their immediate family had or will have a direct or indirect material interest.

2011 Private Placement

Concurrently with an offering of our common stock for which we filed a registration statement in April 2011, we sold to the Farallon Funds 3,125,000 shares of our common stock at a price per share equal to the public offering price and without payment by us of any underwriting discount or commission. The proceeds were contributed to our operating partnership in exchange for common units.

In connection with the offering and the concurrent private placement, our Board of Directors granted to the Farallon excepted holders revised exemptions from the ownership limits, subject to substantially the same conditions and limitations as those that were in place under the exemptions previously granted to the Farallon excepted holders in connection with our IPO.

222 Kearny Street Lease with FJM Investments, LLC

Effective July 31, 2012, we consented to the assignment of a lease with a tenant of our 222 Kearny Street property to its subtenant, FJM Investments, LLC. The lease comprises approximately 3,707 square feet of the property's space and has a remaining term through May 31, 2014. The annual rental obligation under the lease for calendar year 2012 was \$125,000, the base rent component of which is subject to three percent annual increases. FJM Investments, LLC was co-founded by and is co-owned by one of our independent directors, Robert M. Moran, Jr.

Registration Rights

In connection with our IPO, we also entered into a registration rights agreement with the various persons that received shares of our common stock and/or common units in the formation transactions or pursuant to the 2010 private placement, including the Farallon Funds, the Morgan Stanley Investment Partnership and certain of our executive officers. Pursuant to the registration rights agreement, we filed a resale registration statement in August 2011, which was subsequently declared effective, covering the resale of the shares of our common stock issued in the formation transactions and the 2010 private placement, and the resale of the shares of our common stock issued or issuable, at our option, in exchange for operating partnership units issued in the formation transactions.

Employment Agreements

We have entered into employment agreements with our executive officers, effective June 29, 2010. The material terms of the employment agreements with our named executive officers are described under "Executive Compensation—Narrative Disclosure to Summary Compensation Table" and "Executive Compensation—Potential Payments Upon Termination or Change in Control."

Indemnification of Officers and Directors

We have entered into indemnification agreements with each of our directors and executive officers that obligate us to indemnify them to the maximum extent permitted by Maryland law. The indemnification agreements provide that, if a director or executive officer is a party or is threatened to be made a party to any proceeding by reason of his or her status as a director, officer, employee or agent of our company or as a director, trustee, officer, partner, manager, managing member, fiduciary, employee or agent of any other foreign or domestic corporation, partnership, limited liability company, joint venture, trust, employee benefit plan or other enterprise that he or she is or was serving in such capacity at our request, we must indemnify the director or executive officer for all expenses and liabilities actually and reasonably incurred by him or her, or on his or her behalf, to the maximum extent permitted under Maryland law, including in any proceeding brought by the director or executive officer to enforce his or her rights under the indemnification agreement, to the extent provided by the agreement. The indemnification agreements also require us to advance reasonable expenses incurred by the indemnitee within ten days of the receipt by us of a statement from the indemnitee requesting the advance, provided the statement evidences the expenses and is accompanied by:

- a written affirmation of the indemnitee's good faith belief that he or she has met the standard of conduct necessary for indemnification; and
- a written unsecured undertaking to reimburse us if a court of competent jurisdiction determines that the director or executive officer is not entitled to indemnification.

The indemnification agreements also provide for procedures for the determination of entitlement to indemnification, including requiring such determination be made by independent counsel after a change of control of us.

Our charter permits us, and our Bylaws obligate us, to the maximum extent permitted by Maryland law, to indemnify and to pay or reimburse reasonable expenses in advance of final disposition of a proceeding to (1) any of our present or former directors or officers who is made or threatened to be made a party to the proceeding by reason of his service in that capacity and (2) any individual who, while serving as our director or officer and at our request, serves or has served as a director, officer, partner, member, manager or trustee of another corporation, real estate investment trust, partnership, limited liability company, joint venture, trust, employee benefit plan or any other enterprise and who is made or threatened to be made a party to the proceeding by reason of his service in that capacity.

Insofar as indemnification for liabilities arising under the Securities Act, may be permitted to directors, officers or persons controlling our company pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

In addition, our directors and officers may be entitled to indemnification pursuant to the terms of the partnership agreement of our operating partnership.

REVIEW AND APPROVAL OF TRANSACTIONS WITH RELATED PERSONS

As part of our Standards of Business Conduct, our directors and employees are expected to make business decisions and take actions based upon our best interests and not based upon personal relationships or benefits

Our Board has recognized that some transactions, arrangements and relationships present a heightened risk of an actual or perceived conflict of interest and has adopted a written Amended Policy Regarding Transactions with Related Parties governing these transactions. - our directors, nominees for director or executive officers;
- any beneficial owner of more than 5% of any class of our voting securities;
- any immediate family member of any of the foregoing persons;
- and
- any entity in which any of the foregoing persons has a substantial ownership interest or control of such entity.

Directors and executive officers are required to submit to our General Counsel a description of any current or proposed transaction in advance of participating in such transaction. Our General Counsel
