Item 1.01 Entry into a Material Definitive Agreement

On November 15, 2018, South State Corporation (the “Company”) entered into a sixth amendment to the Credit Agreement (the “Agreement”) with U.S. Bank National Association (the “Lender”) dated October 28, 2013. The Agreement provides for a \$10 million unsecured line of credit by the Lender to the Company. The maturity date of the Agreement is November 15, 2019, provided that the Agreement may be extended subject to the approval of the Lender.

Borrowings by the Company under the Agreement will bear interest at a rate per annum equal to 1.50% plus the one-month LIBOR rate quoted by the Lender from Reuters Screen LIBOR01 Page or any successor thereto, as described in further detail in the Agreement. For a period of not less than 30 consecutive days during each 12-month period of the Agreement, the Company must be prepay so much of the aggregate outstanding principal amount of loans as is necessary to reduce the aggregate outstanding amount of loans to an amount equal to \$0 at all times during such 30-day period. The Company currently has no outstanding loans under the Agreement.

Under the terms of the Agreement, each quarter the Company is required pay an unused commitment fee based upon the average principal balance outstanding during any calendar quarter. As the average balance outstanding increases, the unused commitment fee decreases. Assuming the entire line of credit remains unused for the period of this agreement (365 days), the Company would pay the Lender \$30,000 in an unused fee. This would be the maximum paid annually.

The Agreement contains customary representations, warranties, covenants and events of default, including, without limitation, financial covenants requiring that the Company maintain (i) a total risk-based capital ratio not less than 11.5% as of the last day of any fiscal quarter, (ii) a “well-capitalized” status at all times, (iii) a non-performing assets to tangible capital ratio equal to or less than 18%, and (iv) net income, excluding gains or losses resulting from the sale of investments or other capital assets (other than transactions in the ordinary course of business) and excluding gains or expenses on acquisitions arising from the acquisition method of accounting for business combinations, of at least \$10.0 million for each fiscal quarter thereafter.

The foregoing summary of the amendment does not purport to be complete and is subject to, and qualified in its entirety by, the full text of the Agreement filed as Exhibit 10.1 to this Current Report on Form 8-K and incorporated herein by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant
