Under "current business conditions" slide

For the 4<sup>th</sup> quarter of 2010 vs. prior year:

- Commercial sales up 26% with tile sales up 98%
- Residential sales up nearly 22% with Dixie Home up 55%
- Dixie Group sales up 24% with all brands showing growth
- We feel the industry will show marginal improvement for the 4<sup>th</sup> quarter

For the year of 2010 vs. prior year:

- Commercial sales up nearly 5% with tile sales up 32%
- Residential sales up nearly 18% with Dixie Home up 40%
- Dixie Group sales up 13% with all brands showing growth

The industry was up 0.3% through the 3<sup>rd</sup> quarter of 2010

Under the second "current business conditions" slide

- Though we see a slow recovery in the housing sector ...
  - We are less dependent than the industry upon new construction ... we are driven by resale and remodel of existing homes and commercial facilities
  - Actions to consolidate facilities, make organizational changes and cut expenses have positioned us for a return to profitability ...
- And we anticipate positive operating results in the 4<sup>th</sup> quarter of 2010
- Raw material costs most likely will increase in 2011 ...
  - But the industry has a history of successfully passing along price increases to cover those costs

Under the "outlook" slide

Though the market has been difficult, we are encouraged by:

- Continued signs of recovery in the commercial sector
  - Despite slow recovery in the residential sector, we have seen improvement of higher end goods in the luxury market
- Positive market reception to our new products:
  - Masland and Fabrica Wool Collections up 30% in 2010
  - Masland Avenue - new technology with a woven look
  - Stainmaster ® value products have been well accepted
  - Durasilk (polyester) has grown dramatically
  - Modular Carpet Tile is taking market share
  - Successful realignment of our organizational structure
  - Having invested significantly in our capabilities for future growth ... we can now take advantage of market conditions as they improve
