**ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT**

On May 31, 2006, the shareholders of Dollar General Corporation (the Company) approved certain amendments (the Amendments) to the Dollar General Corporation 1998 Stock Incentive Plan (the Plan). The Amendments were proposed by the Company's Board of Directors on March 17, 2006 and incorporated into an amended and restated version of the Plan, which became effective on May 31, 2006.

The Amendments increase from 500,000 to 1.5 million the amount of stock options and stock appreciation rights that can be granted under the Plan in a given year to a Company officer whose compensation might be subject to the limitations on deductibility under Section 162(m) of the Internal Revenue Code (Covered Persons). The Amendments do not increase the existing 500,000 share limitation for restricted stock or restricted stock units that can be granted to any Covered Person in a given year. These limitations are subject to adjustment for changes in the Company's capital structure.

The Amendments also revised the qualifying performance criteria contained in the Plan in order for the Company to continue to deduct for U.S. federal income tax purposes certain performance-based compensation paid to the Company's Covered Persons from time to time. Prior to the adoption of the Amendments, the performance goals could be based on one or more of the following criteria: (a) pre-tax income or after-tax income; (b) operating cash flow; (c) operating profit; (d) return on equity, assets, capital or investment; (e) earnings or book value per share; (f) sales or revenues; (g) operating expenses; (h) common stock price appreciation; and (i) implementation, management or completion of critical projects or processes.

The Amendments broadened the performance criteria that may be used in connection with performance-based awards under the Plan, which now include:

- |   |                          |
|---|--------------------------|
| •   | •                        |
| net earnings or net income (before or after taxes); | working capital targets; |
| •   | •                        |
| earnings per share;                                 | economic value added;    |
| •   | •                        |
| net sales or revenue growth;                        | volume;                  |
| •   | •                        |
| gross or net operating profit;                      | capital expenditures;    |

- gross or operating margins;
- productivity ratios;
- expense targets;
- margins;
- operating efficiency;
- customer satisfaction;
- cash flow (including, but not limited to, operating cash flow, free cash flow, and cash flow return on capital);
- return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales, or revenue);
- market share;
- costs;
- regulatory ratings;
- asset quality;
- net worth;
- safety;
- earnings before or after taxes, interest, depreciation, and/or amortization; and
- share price (including, but not limited to, growth measures and total shareholder return).

The foregoing summary of the Amendments is qualified in its entirety by the full text of the Plan, as amended and restated effective as of May 31, 2006, that is attached hereto as Exhibit 99 and incorporated by reference as if fully set forth herein.
