**ALEXANDERS, INC. AND SUBSIDIARIES**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**(UNAUDITED)**

**1. Organization**

Alexanders, Inc. (NYSE: ALX) is a real estate investment trust ( REIT ), incorporated in Delaware, engaged in leasing, managing, developing and redeveloping its properties. All references to we, us, our, or Company refer to Alexanders, Inc. and its consolidated subsidiaries. We are managed by, and our properties are leased and developed by, Vornado Realty Trust ( Vornado ) (NYSE: VNO).

**2. Basis of Presentation**

The accompanying consolidated financial statements are unaudited. In our opinion, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations and cash flows have been made. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America ( GAAP ) have been condensed or omitted in accordance with Article 10 of Regulation S-X and the instructions to Form 10-Q. These consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2008, filed with the Securities and Exchange Commission ( SEC ). The results of operations for the three and nine months ended September 30, 2009 are not necessarily indicative of the operating results for the full year.

The accompanying consolidated financial statements include our accounts and those of our consolidated subsidiaries. All significant intercompany amounts have been eliminated. The preparation of financial statements in conformity with GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Effective July 1, 2009, the Financial Accounting Standards Board ("FASB") established the Accounting Standards Codification ("ASC") as the primary source of authoritative GAAP recognized by the FASB to be applied to nongovernmental entities. Although the establishment of the ASC did not change current GAAP, it did change the way we refer to GAAP throughout this document to reflect the updated referencing convention.

Certain prior year balances have been reclassified in order to conform to current year presentation as a result of an update to ASC 810, *Consolidation*.

We currently operate in one business segment.

**3. Recently Issued Accounting Literature**

In December 2007, the FASB issued an update to ASC 805, *Business Combinations*. The amended guidance contained in ASC 805 applies to all transactions and other events in which one entity obtains control over one or more other businesses. It broadens the fair value measurement and recognition of assets acquired, liabilities assumed, and interests transferred as a result of business combinations; and acquisition related costs will generally be expensed rather than included as part of the basis of the acquisition. The amended guidance also expands required disclosures to improve the ability to evaluate the nature and financial effects of business combinations. The amended guidance became effective for all transactions entered into, on or after January 1, 2009. The adoption of this guidance on January 1, 2009, did not have any effect on our consolidated financial statements.

In December 2007, the FASB issued an update to ASC 810, *Consolidation*. The amended guidance contained in ASC 810 requires a noncontrolling interest in a subsidiary to be reported as equity and the amount of consolidated net income specifically attributable to the noncontrolling interest to be identified in the consolidated financial statements. It also calls for consistency in the manner of reporting changes in the parent's ownership interest and requires fair value measurement of any noncontrolling equity investment retained in a deconsolidation. The amended guidance became effective on January 1, 2009 and resulted in (i) the reclassification of our minority interest in consolidated subsidiary to noncontrolling interest in consolidated subsidiary, a component of permanent equity on our consolidated balance sheets, and (ii) the reclassification of minority interest expense to net income attributable to the noncontrolling interest on our consolidated statements of operations.

**3. Recently Issued Accounting Literature - continued**

On May 28, 2009, the FASB issued ASC 855, *Subsequent Events*. Although ASC 855 does not significantly change current practice surrounding the disclosure of subsequent events, it provides guidance on management's assessment of subsequent events and the requirement to disclose the date through which subsequent events have been evaluated. ASC 855 became effective on June 30, 2009. We have evaluated subsequent events through November 1, 2009 for this quarterly report on Form 10-Q for the quarter ended September 30, 2009.

On June 12, 2009, the FASB issued Statement No. 167, *Amendments to FASB Interpretation No. 46(R)* ( SFAS 167 ). SFAS 167 modifies the existing quantitative guidance used in determining the primary beneficiary of a variable interest entity ( VIE ) by requiring entities qualitatively assess whether an enterprise is a primary beneficiary, based on whether the entity has (i) power over the significant activities of the VIE, and (ii) an obligation to absorb losses or the right to receive benefits that could be potentially significant to the VIE. SFAS 167 becomes effective for all new and existing VIEs on January 1, 2010. The adoption of SFAS 167 will not have a material affect on our consolidated financial statements.

**4. Relationship with Vornado**

At September 30, 2009, Vornado owned 32.4% of our outstanding common stock. We are managed by, and our properties are leased and developed by, Vornado, pursuant to the agreements described below, which expire in March of each year and are automatically renewable.

Management and Development Agreements

We pay Vornado an annual management fee equal to the sum of (i) \$3,000,000, (ii) 3% of gross income from the Kings Plaza Regional Shopping Center, (iii) \$0.50 per square foot of the tenant-occupied office and retail space at 731 Lexington Avenue and (iv) \$241,000, escalating at 3% per annum, for managing the common area of 731 Lexington Avenue.

In addition, Vornado is entitled to a development fee of 6% of development costs, as defined, with minimum guaranteed fees of \$750,000 per annum. The development fee for the Rego Park II project (see Note 5) is estimated to be approximately \$17,500,000, of which \$3,184,000 has been paid as of September 30, 2009. The balance is due on substantial completion of the construction.

Leasing Agreements

Vornado also provides us with leasing services for a fee of 3% of rent for the first ten years of a lease term, 2% of rent for the eleventh through the twentieth year of a lease term, and 1% of rent for the twenty-first through thirtieth year of a lease term, subject to the payment of rents by tenants. In the event third-party real estate brokers are used, the fees to Vornado increase by 1% and Vornado is responsible for the fees to the third-party real estate brokers. Vornado is also entitled to a commission upon the sale of any of our assets equal to 3% of gross proceeds, as defined, for asset sales less than \$50,000,000 and 1% of gross proceeds, as defined, for asset sales of \$50,000,000 or more. The total of these amounts is payable in annual installments in an amount not to exceed \$4,000,000, with interest on the unpaid balance at one-year LIBOR plus 1.0% (3.02% at September 30, 2009).

**4. Relationship with Vornado - continued**Other Agreements

We have also entered into agreements with Building Maintenance Services, a wholly owned subsidiary of Vornado, to supervise cleaning, engineering and security services at our Lexington Avenue and Kings Plaza properties for an annual fee of the cost for such services plus 6%.

The following is a summary of fees to Vornado that were incurred under the agreements discussed above.

(Amounts in thousands)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2009	2008	2009	2008

	\$ 2,829	\$ 4,303	\$ 22,867	\$ 12,036

At September 30, 2009, we owed Vornado \$41,995,000 for leasing fees, \$13,710,000 for the earned portion of the Rego II development fee discussed above, and \$1,492,000 for management, property management and cleaning fees.

**5. Rego Park II Project**

We own approximately 6.6 acres of land adjacent to our Rego Park I property in Queens, New York, which comprises the entire square block bounded by the Horace Harding Service Road (of the Long Island Expressway), 97<sup>th</sup> Street, 62<sup>nd</sup> Drive and Junction Boulevard. The development at Rego Park II consists of a 600,000 square foot shopping center on four levels and a parking deck containing approximately 1,400 spaces. Construction is expected to be substantially completed by the end of this year and estimated to cost approximately \$410,000,000, of which \$344,351,000 has been expended as of September 30, 2009. As of September 30, 2009, we have leased 138,000 square feet to Home Depot (which was assigned to Costco in October 2009), 134,000 square feet to Century 21 department store, and 132,000 square feet to Kohl's, (collectively, the anchor tenants). During the second quarter of 2009, we tendered possession to our anchor tenants and placed that portion of the asset into service; accordingly, we transferred approximately \$222,000,000 from Construction in progress to Buildings, leaseholds and leasehold improvements. There can be no assurance that the balance of the project will be completed, completed on time, or completed for the budgeted amount.

**6. 731 Lexington Avenue**

On March 25, 2009, Citibank N.A. assigned its lease aggregating 176,000 square feet to Bloomberg L.P., which now occupies all of the office space at this property.

**7. Flushing**

In February 2009, we sub-leased the Flushing property to a developer for the remainder of our ground lease term.

			\$ 1,266,306	\$ 1,221,255

(1) This loan bears interest at LIBOR plus 1.20% and has a one-year extension option.

(2) On March 10, 2009, we repaid the \$78,246 outstanding balance of the Rego Park I mortgage loan which was scheduled to mature in June 2009 and simultaneously completed a refinancing in the same amount. The new loan bears interest at 75 basis points, is secured by the property and is 100% cash collateralized. The proceeds of the new loan were placed in a non-interest bearing restricted mortgage escrow account. The loan is prepayable at any time without penalty.

(3) In the event of a substantial casualty, as defined, up to \$75,000 of this loan may become recourse to us.

The fair value of our consolidated debt is calculated by discounting the future contractual cash flows of our existing debt using the current rates available to borrowers with similar credit ratings for the remaining terms of such debt. As of September 30, 2009, and December 31, 2008, the estimated fair value of our consolidated debt was less than its carrying amount by approximately \$176,484,000 and \$118,485,000, respectively. Such fair value estimates are not necessarily indicative of the amounts that would be realized upon disposition of our financial instruments.

**9. Liability for Income Taxes**

As of September 30, 2009 and December 31, 2008, we had \$7,382,000 and \$47,868,000, respectively, of unrecognized tax benefits included as a component of liability for income taxes and other on our consolidated balance sheets, that if recognized, would result in non-cash income and reduce our effective tax rate. These amounts include \$6,423,000 and \$9,888,000 of accrued interest as of September 30, 2009 and December 31, 2008, respectively.

We recognize interest related to the unrecognized tax benefits in interest and debt expense in our consolidated statements of operations. In the three months ended September 30, 2009 and 2008, we recognized \$392,000 and \$457,000, respectively, and in the nine months ended

## Edgar Filing: ALEXANDERS INC - Form 10-Q

September 30, 2009 and 2008, we recognized \$1,700,000 and \$1,734,000, respectively, of interest related to the unrecognized tax benefits.

On September 30, 2009, we reversed a portion of our liability for income taxes due to the expiration of the applicable statute of limitations and recognized an aggregate of \$42,472,000 of income, of which \$37,307,000 was included as a component of income tax benefit (expense) and \$5,165,000 was included as a reduction of interest and debt expense on our consolidated statement of operations. In addition, we anticipate a \$4,817,000 reduction in the liability for unrecognized tax benefits in the third quarter of 2010, as a result of the expiration of the applicable statute of limitations.

As of September 30, 2009, Taxable REIT Subsidiary ( TRS ) tax returns for the years 2003 through 2008 and REIT tax returns for the years 2006 through 2008 remain open to examination by the major taxing jurisdictions to which we are subject.

**10. Stock Appreciation Rights**

Stock appreciation rights ( SARs ) were granted at 100% of the market price of our common stock on the date of grant. Compensation expense for each SAR was measured by the excess of stock price at the current balance sheet date over the stock price at the previous balance sheet date. If the stock price was lower at the current balance sheet date, previously recognized expense was reversed but not below zero. On March 2, 2009, Steven Roth, the Chairman of our Board of Directors and Chief Executive Officer and Michael Fascitelli, our President, each exercised 150,000 SARs, which were scheduled to expire on March 4, 2009. Mr. Roth and Mr. Fascitelli each received gross proceeds of \$11,419,000. As a result of the March 2, 2009 exercises, we reversed \$34,275,000 of previously recognized SARs compensation expense. As of September 30, 2009, there were no SARs outstanding. In the three and nine months ended September 30, 2008, we recognized \$44,655,000 and \$23,330,000, respectively, of SARs compensation expense, based on our closing stock price of \$400.00 at September 30, 2008, compared to \$310.60 at June 30, 2008 and \$353.25 at December 31, 2007, and the exercise of 100,000 of SARs by Mr. Roth on September 15, 2008.

**11. Commitments and Contingencies**

Insurance

We carry commercial liability with limits of \$300,000,000 per location and all risk property insurance for (i) fire, (ii) flood, (iii) rental loss, (iv) extended coverage, and (v) acts of terrorism, as defined in the Terrorism Risk Insurance Program Reauthorization Act ( TRIPRA ) of 2007, with respect to our assets, with limits of \$1.7 billion per occurrence for all of our properties. To the extent that we incur losses in excess of our insurance coverage, these losses would be borne by us and could be material.

Our debt instruments, consisting of mortgage loans secured by our properties (which are generally non-recourse to us), contain customary covenants requiring us to maintain insurance. Although we believe that we have adequate insurance coverage for the purposes of these agreements, we may not be able to obtain an equivalent amount of coverage at reasonable costs in the future. Further, if lenders insist on greater coverage than we are able to obtain, it could adversely affect our ability to finance and/or refinance our properties.

Environmental Remediation

In July 2006, we discovered an oil spill at our Kings Plaza Regional Shopping Center. We have notified the New York State Department of Environmental Conservation ( NYSDEC ) about the spill and have developed a remediation plan. The NYSDEC has approved a portion of the remediation plan and clean up is ongoing. The estimated costs associated with the clean up will aggregate approximately \$2,500,000. We have paid \$500,000 of such amount and the remainder is covered under our insurance policy.

Flushing Property

In the fourth quarter of 2003, we recognized \$1,289,000 of income representing a non-refundable deposit of \$1,875,000, net of \$586,000 of costs associated with the transaction, from a party that had agreed to purchase this property, as such party had not met its obligations under a May 30, 2002 purchase contract. On September 10, 2002, November 7, 2002, and July 8, 2004, we received letters from the party demanding return of the deposit. On December 28, 2005, the party filed a complaint against us in the Supreme Court of the State of New York alleging that we failed to honor the terms and conditions of the agreement. The complaint seeks specific performance and, if specific performance is denied, it seeks the return of the deposit plus interest and \$50,000 in costs. In our opinion, after consultation with legal counsel, we do not believe the party is entitled to either specific performance or a return of the deposit and we are defending against the action. Accordingly, we have not recorded a

loss contingency for this matter.

**11. Commitments and Contingencies continued**Paramus

In 2001 we leased 30.3 acres of land located in Paramus, New Jersey to IKEA Property, Inc. The lease has a 40-year term with a purchase option in 2021 for \$75,000,000. We have a \$68,000,000 interest only, non-recourse mortgage loan on the property from a third party lender. The fixed interest rate on the loan is 5.92% with interest payable monthly until maturity in October 2011. The annual triple-net rent is the sum of \$700,000 plus the amount of debt service on the mortgage loan. If the purchase option is exercised, we will receive net cash proceeds of approximately \$7,000,000 and recognize a gain on sale of land of approximately \$62,000,000. If the purchase option is not exercised, the triple-net rent for the last 20 years must include the debt service sufficient to fully amortize \$68,000,000 over the remaining 20-year lease term.

Letters of Credit

At September 30, 2009, we had approximately \$7,998,000 of standby letters of credit that were issued and outstanding.

Other

There are various legal proceedings pending against us that arise in the ordinary course of our business. In our opinion, the outcome of such matters, in the aggregate, will not have a material effect on our financial condition, results of operations or cash flows.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Board of Directors and Stockholders of

Alexander s, Inc.

Paramus, New Jersey

We have reviewed the accompanying consolidated balance sheet of Alexander s, Inc. and subsidiaries (the Company ) as of September 30, 2009, and the related consolidated statements of operations, for the three-month and nine-month periods ended September 30, 2009 and 2008 and statements of changes in equity and cash flows for the nine-month periods ended September 30, 2009 and 2008. These interim financial statements are the responsibility of the Company s management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to such consolidated interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

As discussed in Notes 2 and 3 to the consolidated financial statements, in 2009 the Company changed its method of accounting for minority interest to conform to the new accounting guidance on the accounting for noncontrolling interest, and, retrospectively, adjusted the 2008 consolidated financial statements for the changes.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of Alexander s, Inc. and subsidiaries as of December 31, 2008, and the related consolidated statements of operations, stockholders equity, and cash flows for the year then ended prior to retrospective adjustments for the adoption of the aforementioned new guidance, (not presented herein); and in our report dated February 23, 2009, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying consolidated balance sheet as of December 31, 2008 is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

## Overview

Alexander's, Inc. (NYSE: ALX) is a real estate investment trust ( REIT ), incorporated in Delaware, engaged in leasing, managing, developing and redeveloping its properties. All references to we, us, our, or Company refer to Alexander's, Inc. and its consolidated subsidiaries. We are managed by, and our properties are leased and developed by, Vornado Realty Trust ( Vornado ). We have seven properties in the greater New York City metropolitan area including the 731 Lexington Avenue property, a 1.3 million square foot multi-use building in Manhattan, and the Kings Plaza Regional Shopping Center located in Brooklyn.

We compete with a large number of real estate property owners and developers, some of which may be willing to accept lower returns on their investments. Principal factors of competition are rents charged, attractiveness of the location, the quality of the property and breadth and quality of the services provided. Our success depends upon, among other factors, trends of national and local economies, the financial condition and operating results of current and prospective tenants and customers, availability and cost of capital, construction and renovation costs, taxes, governmental regulations, legislation and population trends.

In the second half of 2007 the residential mortgage and capital markets began showing signs of stress, primarily in the form of escalating default rates on sub-prime mortgages, declining home values and increasing inventory nationwide. In 2008, the credit crisis spread to the broader commercial credit and financial markets resulting in illiquidity and volatility in the bond and equity markets. These trends and the related economic recession have continued in 2009. This economic recession has negatively affected substantially all businesses, including ours. Real estate transactions have diminished significantly and capitalization rates have risen. The commercial real estate industry may continue to be affected by declining demand for office and retail space due to bankruptcies, layoffs, downsizing, cost cutting as well as general economic conditions, which would result in lower occupancy rates and effective rents and a corresponding decrease in net income, funds from operations and cash flow. It is not possible for us to quantify the impact of the above trends, which may persist for the remainder of 2009 and beyond, on our future financial results.

### Stock Appreciation Rights ( SARs )

On March 2, 2009, Steven Roth, the Chairman of our Board of Directors and Chief Executive Officer and Michael Fascitelli, our President, each exercised 150,000 SARs, which were scheduled to expire on March 4, 2009. Mr. Roth and Mr. Fascitelli each received gross proceeds of \$11,419,000. As a result of the March 2, 2009 exercises, we reversed \$34,275,000 of previously recognized SARs compensation expense. As of September 30, 2009, there were no SARs outstanding. In the three and nine months ended September 30, 2008, we recognized \$44,655,000 and \$23,330,000, respectively, of SARs compensation expense, based on our closing stock price of \$400.00 at September 30, 2008, compared to \$310.60 at June 30, 2008 and \$353.25 at December 31, 2007, and the exercise of 100,000 of SARs by Mr. Roth on September 15, 2008.

### Liability for Income Taxes

On September 30, 2009, we reversed a portion of our liability for income taxes due to the expiration of the applicable statute of limitations and recognized an aggregate of \$42,472,000 of income, of which \$37,307,000 was included as a component of income tax benefit (expense) and \$5,165,000 was included on a reduction of interest and debt expense on our consolidated statement of operations.

**Overview - continued**

Flushing

In February 2009, we sub-leased the Flushing property to a developer for the remainder of our ground lease term.

Rego Park I

On March 10, 2009, we repaid the \$78,246,000 outstanding balance of the Rego Park I mortgage loan which was scheduled to mature in June 2009, and simultaneously completed a refinancing in the same amount. The new loan bears interest at 75 basis points, is secured by the property and is 100% cash collateralized. The proceeds of the new loan were placed in a non-interest bearing restricted mortgage escrow account. The loan is prepayable at any time without penalty.

731 Lexington Avenue

On March 25, 2009, Citibank N.A. completed the assignment of its lease aggregating 176,000 square feet to Bloomberg L.P., which now occupies all of the office space at this property.

Rego Park II

The development at Rego Park II consists of a 600,000 square foot shopping center on four levels and a parking deck containing approximately 1,400 spaces. As of September 30, 2009, we have leased 138,000 square feet to Home Depot (which was assigned to Costco in October 2009), 134,000 square feet to Century 21 department store, and 132,000 square feet to Kohl's, (collectively, the anchor tenants). During the second quarter of 2009, we tendered possession to our anchor tenants and placed that portion of the asset into service; accordingly, we transferred approximately \$222,000,000 from Construction in progress to Buildings, leaseholds and leasehold improvements.

**Critical Accounting Policies**

A summary of our critical accounting policies is included in our Annual Report on Form 10-K for the year ended December 31, 2008 in Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations and Note 2 Summary of Significant Accounting Policies to the consolidated financial statements included therein. There have been no significant changes to those policies during 2009.

### Recently Issued Accounting Literature

In December 2007, the FASB issued an update to ASC 805, *Business Combinations*. The amended guidance contained in ASC 805 applies to all transactions and other events in which one entity obtains control over one or more other businesses. It broadens the fair value measurement and recognition of assets acquired, liabilities assumed, and interests transferred as a result of business combinations; and acquisition related costs will generally be expensed rather than included as part of the basis of the acquisition. The amended guidance also expands required disclosures to improve the ability to evaluate the nature and financial effects of business combinations. The amended guidance became effective for all transactions entered into, on or after January 1, 2009. The adoption of this guidance on January 1, 2009, did not have any effect on our consolidated financial statements.

In December 2007, the FASB issued an update to ASC 810, *Consolidation*. The amended guidance contained in ASC 810 requires a noncontrolling interest in a subsidiary to be reported as equity and the amount of consolidated net income specifically attributable to the noncontrolling interest to be identified in the consolidated financial statements. It also calls for consistency in the manner of reporting changes in the parent's ownership interest and requires fair value measurement of any noncontrolling equity investment retained in a deconsolidation. The amended guidance became effective on January 1, 2009 and resulted in (i) the reclassification of our minority interest in consolidated subsidiary to noncontrolling interest in consolidated subsidiary, a component of permanent equity on our consolidated balance sheets, and (ii) the reclassification of minority interest expense to net income attributable to the noncontrolling interest on our consolidated statements of operations.

On May 28, 2009, the FASB issued ASC 855, *Subsequent Events*. Although ASC 855 does not significantly change current practice surrounding the disclosure of subsequent events, it provides guidance on management's assessment of subsequent events and the requirement to disclose the date through which subsequent events have been evaluated. The ASC 855 became effective on June 30, 2009. We have evaluated subsequent events through November 1, 2009 for this quarterly report on Form 10-Q for the quarter ended September 30, 2009.

On June 12, 2009, the FASB issued Statement No. 167, *Amendments to FASB Interpretation No. 46(R)* ( SFAS 167 ). SFAS 167 modifies the existing quantitative guidance used in determining the primary beneficiary of a variable interest entity ( VIE ) by requiring entities qualitatively assess whether an enterprise is a primary beneficiary, based on whether the entity has (i) power over the significant activities of the VIE, and (ii) an obligation to absorb losses or the right to receive benefits that could be potentially significant to the VIE. SFAS 167 becomes effective for all new and existing VIEs on January 1, 2010. The adoption of SFAS 167 will not have a material affect on our consolidated financial statements.

### Significant Tenants

Bloomberg L.P. accounted for approximately 35% and 33% of our consolidated revenues in the three months ended September 30, 2009 and 2008, respectively, and 36% and 32% of our consolidated revenues in the nine months ended September 30, 2009 and 2008, respectively. Interest and Debt Expense

Interest and debt expense was \$41,770,000 in the nine months ended September 30, 2009, compared to \$46,789,000 in the prior year's nine months, a decrease of \$5,019,000. This decrease was primarily comprised of (i) a \$5,165,000 reversal of a portion of the liability for income taxes in the current quarter (which was previously recognized as interest expense), due to the expiration of the applicable statute of limitations, (ii) interest savings of \$2,933,000 from the refinancing of the Rego Park I mortgage loan in March 2009, and (iii) a \$422,000 decrease in interest on the leasing commissions due to Vornado, mainly due to a lower rate in the current period, partially offset by (iv) \$4,476,000 of lower capitalized interest as a result of placing a portion of the Rego Park II property into service during 2009.

**Results of Operations for the Nine Months Ended September 30, 2009 and 2008 - continued**

Income Tax Benefit (Expense)

In the nine months ended September 30, 2009, we had an income tax benefit of \$36,947,000, compared to an expense of \$1,400,000 in the nine months ended September 30, 2008, a decrease of \$38,347,000. This decrease was primarily due to a \$37,307,000 reversal of a portion of liability for income taxes in the current year, due to the expiration of the applicable statute of limitations.

Net Income Attributable to the Noncontrolling Interest

Net income attributable to the noncontrolling interest was \$687,000 in the nine months ended September 30, 2009, compared to \$177,000 in the nine months ended September 30, 2008, and represents our venture partner's 75% pro rata share of net income from our consolidated partially owned entity, the Kings Plaza energy plant joint venture.

**Liquidity and Capital Resources**

We anticipate that cash flow from operations, together with existing cash balances, will be adequate to fund our business operations, recurring capital expenditures, and debt amortization over the next twelve months.

Rego Park II Development Project

We own approximately 6.6 acres of land adjacent to our Rego Park I property in Queens, New York, which comprises the entire square block bounded by the Horace Harding Service Road (of the Long Island Expressway), 97<sup>th</sup> Street, 62<sup>nd</sup> Drive and Junction Boulevard. The development at Rego Park II consists of a 600,000 square foot shopping center on four levels and a parking deck containing approximately 1,400 spaces. Construction is expected to be substantially completed by the end of this year and estimated to cost approximately \$410,000,000, of which \$344,351,000 has been expended as of September 30, 2009. As of September 30, 2009, \$237,968,000 was drawn on the \$350,000,000 construction loan. The loan has an interest rate of LIBOR plus 1.20% (1.46% at September 30, 2009), and matures in December 2010, with a one-year extension option. As of September 30, 2009, we have leased 138,000 square feet to Home Depot (which was assigned to Costco in October 2009), 134,000 square feet to Century 21 department store, and 132,000 square feet to Kohl's, (collectively, the anchor tenants). During the quarter ended June 30, 2009, we tendered possession to our anchor tenants and placed that portion of the asset into service. There can be no assurance that the balance of the project will be completed, completed on time, or completed for the budgeted amount.

Insurance

We carry commercial liability with limits of \$300,000,000 per location and all risk property insurance for (i) fire, (ii) flood, (iii) rental loss, (iv) extended coverage, and (v) acts of terrorism, as defined in the Terrorism Risk Insurance Program Reauthorization Act (TRIPRA) of 2007, with respect to our assets, with limits of \$1.7 billion per occurrence for all of our properties. To the extent that we incur losses in excess of our insurance coverage, these losses would be borne by us and could be material.

## Edgar Filing: ALEXANDERS INC - Form 10-Q

Our debt instruments, consisting of mortgage loans secured by our properties (which are generally non-recourse to us), contain customary covenants requiring us to maintain insurance. Although we believe that we have adequate insurance coverage for the purposes of these agreements, we may not be able to obtain an equivalent amount of coverage at reasonable costs in the future. Further, if lenders insist on greater coverage than we are able to obtain, it could adversely affect our ability to finance and/or refinance our properties.

**Liquidity and Capital Resources - continued**

**Cash Flows**

Rental income from our properties is our principal source of operating cash flow. Our property rental income is dependent on a number of factors including the occupancy level and rental rates of our properties, as well as our tenants' ability to pay their rents. Our properties provide us with a relatively consistent stream of cash flow that enables us to pay our operating expenses, non-development capital improvements and interest expense. Other sources of liquidity to fund our cash requirements include our existing cash, proceeds from debt financings, including mortgage or construction loans secured by our properties, and proceeds from asset sales.

*Nine Months Ended September 30, 2009*

Cash and cash equivalents were \$436,830,000 at September 30, 2009, compared to \$515,940,000 at December 31, 2008, a decrease of \$79,110,000. This decrease resulted from \$141,980,000 of net cash used in investing activities, partially offset \$45,843,000 of net cash provided by financing activities and \$17,027,000 of net cash provided by operating activities.

Net cash provided by operating activities of \$17,027,000 was comprised of net income of \$117,775,000, partially offset by adjustments for non-cash items of \$69,438,000 and the net change in operating assets and liabilities of \$31,310,000. The adjustments for non-cash items were comprised of (i) a \$42,472,000 reversal of a portion of the liability for income taxes as a result of the expiration of the applicable statute of limitations, (ii) a reversal of the liability for SARs compensation expense of \$34,275,000 and (iii) straight-lining of rental income of \$16,773,000, partially offset by (iv) depreciation and amortization of \$22,198,000 and (v) other non-cash adjustments of \$1,884,000, primarily due to a \$1,407,000 write-off of previously capitalized costs at our Flushing property. The net change in operating assets and liabilities of \$31,310,000 included a \$22,838,000 payment for SARs compensation expense.

Net cash used in investing activities of \$141,980,000 was primarily comprised of restricted cash of \$83,553,000, primarily related to the fully cash-collateralized mortgage at Rego Park I, and capital expenditures of \$58,427,000, primarily related to the development of our Rego Park II project.

Net cash provided by financing activities of \$45,843,000 was primarily comprised of borrowings under the construction loan to fund expenditures at our Rego Park II project. Financing activities also include the \$78,246,000 refinancing of the Rego Park I mortgage loan.

*Nine Months Ended September 30, 2008*

Cash and cash equivalents were \$571,916,000 at September 30, 2008, compared to \$560,231,000 at December 31, 2007, an increase of \$11,685,000. This increase resulted from \$29,956,000 of net cash provided by operating activities and \$78,691,000 of net cash provided by financing activities, partially offset by \$96,962,000 of net cash used in investing activities.

## Edgar Filing: ALEXANDERS INC - Form 10-Q

Net cash provided by operating activities of \$29,956,000 was comprised of net income of \$22,340,000 and adjustments for non-cash items of \$31,814,000, partially offset by the net change in operating assets and liabilities of \$24,198,000. The adjustments for non-cash items were primarily comprised of (i) an accrual of stock appreciation rights compensation expense of \$23,330,000 and (ii) depreciation and amortization of \$18,897,000, partially offset by (iii) \$7,916,000 for the straight-lining of rental income and (iv) a net gain on the sale of real estate tax abatement certificates of \$1,872,000. The net change in operating assets and liabilities was primarily comprised of a \$32,440,000 payment for a portion of the liability for stock appreciation rights.

Net cash used in investing activities of \$96,962,000 was primarily comprised of capital expenditures of \$96,702,000, primarily related to the development of our Rego Park II project.

Net cash provided by financing activities of \$78,691,000 was primarily comprised of \$87,785,000 of borrowings under the construction loan to fund expenditures at our Rego Park II project and the exercise of share options of \$2,578,000, partially offset by repayments of borrowings of \$10,997,000.

**Funds from Operations ( FFO )**

FFO is computed in accordance with the definition adopted by the Board of Governors of the National Association of Real Estate Investment Trusts ( NAREIT ). NAREIT defines FFO as GAAP net income or loss adjusted to exclude net gains from sales of depreciated real estate assets and GAAP extraordinary items, and to include depreciation and amortization expense from real estate assets and other specified non-cash items, including the pro rata share of such adjustments of unconsolidated subsidiaries. FFO and FFO per diluted share are used by management, investors and analysts to facilitate meaningful comparisons of operating performance between periods and among our peers because it excludes the effect of real estate depreciation and amortization and net gains on sales, which are based on historical costs and implicitly assume that the value of real estate diminishes predictably over time, rather than fluctuating based on existing market conditions. FFO does not represent cash generated from operating activities and is not necessarily indicative of cash available to fund cash requirements and should not be considered as an alternative to net income as a performance measure or cash flows as a liquidity measure. FFO may not be comparable to similarly titled measures employed by other companies. The calculations of both the numerator and denominator used in the computation of income per share are disclosed in footnote 12 Income Per Share, in the notes to our consolidated financial statements on page 12 of this Quarterly Report on Form 10-Q.

*FFO Attributable to Common Stockholders for the Three and Nine Months Ended September 30, 2009 and 2008*

FFO attributable to common stockholders for the quarter ended September 30, 2009 was \$65,228,000, or \$12.77 per diluted share, compared to a negative \$25,856,000, or \$5.10 per diluted share, for the quarter ended September 30, 2008. FFO attributable to common stockholders for the quarter ended September 30, 2009 includes \$42,472,000, or \$8.32 per diluted share, of income from the reversal of a portion of the liability for income taxes, due to the expiration of the applicable statute of limitations. Negative FFO attributable to common stockholders for the quarter ended September 30, 2008 includes \$44,655,000 or \$8.81 per diluted share, for an accrual of SARs compensation expense.

FFO attributable to common stockholders for the nine months ended September 30, 2009 was \$136,588,000, or \$26.76 per diluted share, compared to \$38,761,000, or \$7.61 per diluted share, for the nine months ended September 30, 2008. FFO attributable to common stockholders for the nine months ended September 30, 2009 includes \$42,472,000, or \$8.32 per diluted share, of income from the reversal of a portion of the liability for income taxes, due to the expiration of the applicable statute of limitations and \$34,275,000, or \$6.71 per diluted share, of income from the reversal of previously recognized SARs compensation expense. FFO attributable to common stockholders for the nine months ended September 30, 2008 includes \$23,330,000, or \$4.58 per diluted share, for an accrual of SARs compensation expense.

The following table reconciles our net income to FFO (Negative FFO):

**Item 3. Quantitative and Qualitative Disclosures About Market Risk**

We have exposure to fluctuations in interest rates, which are sensitive to many factors that are beyond our control. Our exposure to a change in interest rates is summarized in the table below.

(Amounts in thousands, except per share amounts)	<b>Balance as of September 30, 2009</b>	<b>Weighted-Average Interest Rate</b>	<b>Effect of 1% Change in Base Rates</b>
Variable	\$295,165	1.76%	\$2,952
Fixed Rate	1,028,338	5.30%	\$2,952
	\$1,323,503		
Total effect on diluted earnings per share			\$0.58

As of September 30, 2009, the fair value of our debt, estimated by discounting the future contractual cash flows of our existing debt using the current rates available to borrowers with similar credit ratings for the remaining terms of such debt, was less than the aggregate carrying amount by approximately \$176,484,000. Such fair value estimates are not necessarily indicative of the amounts that would be realized upon disposition of our financial instruments.
