ITEM 8.01. OTHER EVENTS

On September 1, 2006 General Motors Corporation (GM) issued a news release announcing August 2006 sales. The release is as follows:

GM Delivers 368,776 Vehicles; Retail Sales Up 8 Percent

- o Sales Gains Driven By Launch Vehicles
- o GM's Fuel-Efficient Vehicles Post Significant Increases: Pontiac G6 Up 35 Percent, Chevrolet Impala Up 29 Percent In Total Sales
- o Full-Size Pickup Truck Retail Sales Up 27 Percent; Large Utilities Up 22 Percent

DETROIT - General Motors' dealers in the United States sold 368,776 new cars and trucks in August. Retail sales were up 8 percent on a sales day adjusted basis, compared with August 2005.

"August retail sales were up almost 30,000 units compared to last year. That's great news. This was one of the stronger retail months of 2006, with our performance led by such launch vehicles as the Pontiac Torrent and G6, Saturn Sky, Chevrolet Cobalt, Impala and Buick Lucerne," said Mark LaNeve, General Motors North America vice president, Vehicle Sales, Service and Marketing. "Importantly, we're capitalizing on the sale of fuel-efficient cars and trucks including such "30 mpg and Above Club" members as Pontiac G6 coupe and G5, Chevy HHR, Cobalt, Malibu and Impala, and Saab 9-3. Our large pickup retail sales for Chevrolet Silverado, Avalanche and GMC Sierra were up 27 percent compared with a year ago. Customers clearly are responding to the quality, value, versatility and fuel efficiency of our cars and trucks. We encourage everyone in the new-vehicle market to take advantage of our Final Summer Bonus Cash sales event that runs through September 5."

Due to the success of new products, GM has seen sales strengthen over the last few months. GM market share on a retail basis has improved significantly in the last 90 days due to great launch vehicle performance and a broad-range of fuel-efficient vehicles.

Consistent with our North America turnaround plan, GM continues to run above 3 million retail units on an annualized basis.

GM also continues to reduce its reliance on low-margin daily rental sales. Daily rental sales were down 20 percent compared to year-ago levels, and were down 23 percent compared to July 2006. Total fleet sales (including daily rentals) were down 15 percent (14,112 vehicles) compared to year-ago levels.

Edgar Filing: GENERAL MOTORS CORP - Form 8-K

Total GM U.S. retail passenger car sales are up 5 percent versus August last year, demonstrating that GM can compete in all product categories and take advantage of shifting consumer preferences.

Chevrolet, GMC, Cadillac, Saab and Buick all saw retail sales increases in August.

Buick Lucerne, Pontiac G6, Chevy Malibu and Impala drove the mid-car category. There were retail deliveries of 9,021 Buick Lucerne; 7,889 Pontiac G6 (up 18 percent) and 10,109 Chevy Impala (up 62 percent) vehicles last month.

Chevrolet retail sales were up 8 percent, to 144,640 vehicles, led by an 11-percent increase in retail truck deliveries. Chevrolet also had a 3-percent hike in retail car deliveries, driven by more than 60-percent increases in both Monte Carlo and Impala.

GMC retail sales were up 17 percent for August with 36,394 vehicles delivered, driven by 9,407 all-new 2007 Yukon and Yukon XL sales.

Cadillac retail sales were up 17 percent, to 17,062 vehicles, led by a 22-percent hike in retail trucks, including 3,762 all-new 2007 Escalade and Escalade ESV sales. There was a 13-percent rise in Cadillac retail car deliveries, including 4,041 CTS; 3,138 DTS; and 2,658 STS.

Saab delivered 3,157 retail vehicles in August, up 18 percent compared to last year. Saab 9-3 sales were up 39 percent retail.

Buick retail deliveries were up 10 percent, to 17,711 vehicles, powered by a 31-percent rise in retail car deliveries. There were 13,981 combined retail deliveries of LaCrosse and Lucerne, marking the third consecutive month exceeding 10,000 units.

Saturn retail car sales are up 5 percent compared with August 2005, with 8,677 vehicles delivered, including 1,073 Skys.

Chevrolet HHR and Equinox, Saturn Vue and Pontiac Torrent pushed total small utility sales up 18 percent compared with a year ago, and up 45 percent in the first eight months of the year compared to the same period a year ago. Chevrolet HHR saw a 62-percent increase in retail sales compared to last year and had CYTD deliveries of 53,208 vehicles. Chevrolet Equinox had one of its best retail sales months of the year with 7,737 deliveries.

On the truck side of the market, large pickup truck retail deliveries were up 27 percent with 43,185 Chevy Silverado and 16,530 GMC Sierra trucks sold. Chevy Avalanche retail sales were up 42 percent compared to a year ago. GMC had one of its best retail sales months of the year, with 36,394 vehicles delivered, a 17-percent increase from August 2005. There were 2,002 GMC Canyon retail deliveries. GM sold 5,214 all-new 2007 Chevrolet Avalanche; 11,144 Tahoe; 5,332 Suburban; 5,869 GMC Yukon; and 3,538 Yukon XL vehicles at retail in August.

HUMMER had its second-best total sales month of 2006 with 6,711 total deliveries. H3 led the charge, up 10 percent in total sales over August 2005 with its third best month since launch. CYTD total HUMMER sales of 46,497 vehicles were up 49 percent compared with the same eight months one year ago.

GM's luxury utilities also posted solid retail sales results in August, with the all-new 2007 Cadillac Escalade, Escalade ESV and Cadillac SRX. August was the best retail sales month of the year for large utilities, up 22 percent retail;

Edgar Filing: GENERAL MOTORS CORP - Form 8-K

large luxury utilities were up 17 percent.

GM sports cars also posted very strong August retail sales results, with a 93-percent improvement compared with year-ago levels. Corvette retail sales were up 31 percent, with 2,984 vehicles delivered. Pontiac Solstice (1,515 vehicles) and Saturn Sky (1,073 vehicles) are continuing their brisk retail sales pace.

LaNeve was very encouraged by strong June, July and August sales performances, led by GM's launch vehicles and passenger cars. "Offering industry-leading products with best-in-class features and outstanding fuel economy means we are doing the right thing for the customer. We are seeing a continuing stability in our sales and positive momentum."

Certified Used Vehicles

August sales for all certified GM brands, including GM Certified Used Vehicles, Cadillac Certified Pre-Owned Vehicles, Saturn Certified Pre-Owned Vehicles, Saab Certified Pre-Owned Vehicles and HUMMER Certified Pre-Owned Vehicles, were 44,717 units, down 12 percent from last August. Total year-to-date certified GM sales are 347,596 units, down nearly 4 percent from the same period last year.

GM Certified Used Vehicles, the industry's top-selling certified pre-owned brand, posted 38,123 sales in August, down 13 percent from August 2005. Year-to-date sales for GM Certified Used Vehicles are 300,205 units, down 2 percent.

Cadillac Certified Pre-Owned Vehicles posted 3,609 sales in August, up 4 percent from last August. Saturn Certified Pre-Owned Vehicles sold 1,976 units, down 30.5 percent. Saab Certified Pre-Owned Vehicles sold 928 units, up 2 percent. In its eighth month of operation, HUMMER Certified Pre-Owned sold 81 units.

"Although August sales were challenging, the industry's top-selling certified brand, GM Certified Used Vehicles, increased sales 14 percent over July, while both Cadillac and Saab Certified Pre Owned Vehicles showed positive year-to-year gains in August," said LaNeve.

GM North America Reports August 2006 Production, 2006 Third Quarter Production Forecast Remains Unchanged at 1.050 Million Vehicles; 2006 Fourth Quarter Production Forecast Set at 1.130 Million Vehicles

In August, GM North America produced 465,000 vehicles (179,000 cars and 286,000 trucks). This is down 25,000 units or 5 percent compared to August 2005 when the region produced 490,000 vehicles (181,000 cars and 309,000 trucks). (Production totals include joint venture production of 26,000 vehicles in August 2006 and 28,000 vehicles in August 2005.)

The region's 2006 third quarter production forecast remains unchanged at 1.050 million vehicles (405,000 cars and 645,000 trucks). In the third quarter of 2005 the region produced 1.146 million vehicles (423,000 cars and 723,000 trucks). Additionally, the region's initial 2006 fourth quarter production forecast is set at 1.130 million vehicles (455,000 cars and 675,000 trucks), down approximately 12 percent, or 150,000 units, compared to 2005 fourth quarter actuals. This production adjustment does not reflect a reduction in GM's sales outlook, but is consistent with our strategy to reduce low-margin daily rentals, and takes into account the plan to shift production of pick-ups to the next generation pick-ups during the fourth quarter.

GM also announced 2006 revised third quarter and initial fourth quarter production forecasts for its international regions.

Edgar Filing: GENERAL MOTORS CORP - Form 8-K

GM Europe - GM Europe's 2006 third quarter production forecast remains unchanged at 372,000 vehicles. In the third quarter of 2005 the region built 412,000 vehicles. The region's 2006 initial fourth quarter production forecast is set at 451,000 units, up 2 percent from 2005 fourth quarter actuals.

GM Asia Pacific - GM Asia Pacific's 2006 third quarter production forecast is revised at 425,000 vehicles, down 13 percent from last month's guidance. In the third quarter of 2005 the region built 409,000 vehicles. The region's 2006 initial fourth quarter production forecast is set at 524,000 units, up 25 percent from 2005 fourth quarter actuals.

GM Latin America, Africa and the Middle East - The region's 2006 third quarter production forecast remains unchanged at 217,000 vehicles. In the third quarter of 2005 the region built 207,000 vehicles. The region's 2006 initial fourth quarter production forecast is set at 211,000 units, up 12 percent from 2005 fourth quarter actuals.

General Motors Corp. (NYSE: GM), the world's largest automaker, has been the global industry sales leader for 75 years. Founded in 1908, GM today employs about 327,000 people around the world. With global headquarters in Detroit, GM manufactures its cars and trucks in 33 countries. In 2005, 9.17 million GM cars and trucks were sold globally under the following brands: Buick, Cadillac, Chevrolet, GMC, GM Daewoo, Holden, HUMMER, Opel, Pontiac, Saab, Saturn and Vauxhall. GM operates one of the world's leading finance companies, GMAC Financial Services, which offers automotive, residential and commercial financing and insurance. GM's OnStar subsidiary is the industry leader in vehicle safety, security and information services. More information on GM can be found at www.gm.com.

Note: GM sales and production results are available on GM Media OnLine at <http://media.gm.com> by clicking on News, then Sales/Production. In this press release and related comments by General Motors management, we use words like "expect," "anticipate," "estimate," "forecast," "objective," "plan," "goal" and similar expressions to identify forward looking statements, representing our current judgment about possible future events. We believe these judgments are reasonable, but actual results may differ materially due to a variety of important factors. Among other items, such factors might include: the pace of introductions and market acceptance of new products; the effect of competition on our markets and significant changes in the competitive environment; price increases or shortages of fuel; and changes in laws, regulations or tax rates. GM's most recent annual report on Form 10-K and quarterly report on Form 10-Q provide information about these factors, which may be revised or supplemented in future reports to the SEC on Form 10-Q or 8-K.

###

* Variance reported only if current production estimate by region differs from

Edgar Filing: GENERAL MOTORS CORP - Form 8-K

prior production estimate by 5K units or more
@ Numbers may vary due to rounding
Denotes estimate

- (1) GMNA includes joint venture production - NUMMI units included in GMNA Car; HUMMER and CAMI units included in GMNA Truck
- (2) GME includes GM-AvtoVAZ joint venture production beginning in Q1 (2004)
- (3) GMLAAM includes GM Egypt joint venture from 2001 through current calendar years
- (4) GMAP includes joint venture production: Shanghai GM Norsom Motors (formerly Jinbei GM) and Shanghai GM beginning in 2000 and SAIC-GM-Wuling and GM Daewoo Auto Technologies (GMDAT) beginning in Q1 2004.
- (5) International joint venture production includes GM-AvtoVAZ, GM Egypt, Shanghai GM Norsom Motors, Shanghai GM, SAIC-GM-Wuling, and GMDAT. Starting in Q3 2005 International joint venture production does not include GMDAT.
