ITEM 9. REGULATION FD DISCLOSURE.

What are we disclosing?

On June 4, 2003, David W. Dorman, our Chairman and Chief Executive Officer, disclosed at the Sanford Bernstein Strategic Decisions Conference that our Free cash flow for the quarter ended March 31, 2003 was \$1.4 billion. By Free cash flow we mean Net cash provided by operating activities of continuing operations (which we reported as \$2,216 million in our Consolidated Statement of Cash Flow

## Edgar Filing: AT&T CORP - Form 8-K

included in Form 10-Q for the quarter ended March 31, 2003) minus cash paid for Capital expenditures and other additions (which we reported as \$859 million in our Consolidated Statement of Cash Flow included in Form 10-Q for the quarter ended March 31, 2003). Mr. Dorman also stated that our Operating margin for the twelve-month period ended March 31, 2003 was 13.2%. This operating margin excludes a \$1,029 million charge recorded in the fourth quarter of 2002 relating to AT&T Latin America. Operating margin is calculated as operating income for the twelve month period (\$4,922 million which excludes the AT&T Latin America charge), as a percentage of Revenue for the twelve month period (\$37,265 million). Without the adjustment for the AT&T Latin America charge, our Operating margin for the twelve-month period ended March 31, 2003 was 10.4%. Our senior management believes that these financial measures are relevant in assessing our liquidity and financial performance.

This information furnished under "Item 9. Regulation FD Disclosure" is intended to be furnished under "Item 12. Results of Operations and Financial Condition" in accordance with SEC Release No. 33-8216.

The information in this Form 8-K shall not be deemed "filed" for purposes of Section 18 of the Securities Act of 1934, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such filing
