#### <PAGE> 2

#### ITEM 8.01 Other Events

On May 16, 2007, Cordia Corporation ( Cordia ) Cordia held a conference call, the topic of which was its quarter ended March 31, 2007 results. The conference call contained reference to Cordia s EBITDA for that period.

Consistent with Securities and Exchange Commission's Regulation G, the following table provides a reconciliation of Cordia's EBITDA for the periods ended March 31, 2007 and 2006, to the Generally Accepted Accounting Principles (GAAP) measure of net income. EBITDA is not a measure under GAAP, is not meant to be a replacement for GAAP and should not be considered as an alternative to net income as a measure of performance or to cash flows as a measure of liquidity. We have included EBITDA data to assist in understanding our operating results. EBITDA is a measure commonly used in the telecommunications industry, and many securities analysts use EBITDA as a way of evaluating our financial performance.

	For the Year Quarter Ended March 31		
Reconciliation of EBITDA with net (loss) income	2007	2006	
Net income (loss)	\$ (640,904)	\$ 103,009	
Depreciation and amortization	250,098	187,976	
Net interest (income) expense	(23,789)	(2,294)	
Income tax expense (benefit)	-	142,003	
Minority interest	(2,745)	-	
EBITDA	\$ (417,340)	\$ 430,694
