AZTAR CORPORATION AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

Note 1: General

The consolidated financial statements reflect all adjustments, such adjustments being normal recurring accruals, which are necessary, in the opinion of management, for the fair presentation of the results of the interim periods; interim results, however, may not be indicative of the results for the full year.

The notes to the interim consolidated financial statements are presented to enhance the understanding of the financial statements and do not necessarily represent complete disclosures required by generally accepted accounting principles. Other revenue consists of revenue from many various sources such as entertainment, retail outlets including gift shops, telephone, commissions and surcharges, hotel services and admissions to our riverboats. These revenues are recognized as earned which generally coincides with payment in cash or by credit card. The interest that was capitalized during the third quarter and nine months ended 2001 was \$357,000 and \$835,000, respectively. There was no interest capitalized during the third quarter or nine months ended 2000. Capitalized costs related to various development projects, included in deferred charges and other assets, were \$5,691,000 and \$7,358,000 at September 27, 2001 and December 28, 2000, respectively. For additional information regarding significant accounting policies, Las Vegas Tropicana redevelopment, long-term debt, lease obligations, and other matters applicable to the Company, reference should be made to the Company's Annual Report to Shareholders for the year ended December 28, 2000.

Note 3: Long-term Debt

Long-term debt consists of the following (in thousands):

Edgar Filing: AZTAR CORP - Form 10-Q

	September 27, <u>2001</u>	December 28, <u>2000</u>

Less current portion	<u>(1,353)</u>	<u>(1,608)</u>
	\$ 459,042	\$463,011
	=====	=====

On June 29, 2001, the Company amended its Revolver to, among other things, extend the maturity to June 30, 2005 from June 30, 2003. In addition, the amendment revised the reduction rate so that the maximum amount available under the Revolver decreases by \$12 million on March 31, 2004, and quarterly thereafter. The amount available under this facility at September 27, 2001 was \$264 million.

On July 27, 2001, the Company issued \$175 million principal amount of 9% Senior Subordinated Notes due August 15, 2011 ("9% Notes"). Interest is payable on February 15 and August 15, beginning on February 15, 2002. The net proceeds from the issuance of the 9% Notes, after payment of the fees and expenses of the issuance, were approximately \$171.2 million. The balance of the net proceeds of the 9% Notes was used to repay the outstanding borrowings under the Revolver and for general corporate purposes.

At any time prior to August 15, 2006, the 9% Notes are redeemable at the option of the Company, in whole or in part, at a price of 100% of the principal amount plus a redemption premium plus accrued and unpaid interest. The redemption premium will be equal to the greater of (1) 1% of the principal amount or (2) the excess of (A) the sum of the present values of (i) 104.5% of the principal amount and (ii) all required interest payments through August 15, 2006, excluding accrued but unpaid interest, computed in each case using a discount rate equal to the treasury rate at the time of redemption plus 50 basis points over (B) the principal amount. On or after August 15, 2006, the 9% Notes are redeemable at the option of the Company, in whole or in part, at prices from 104.5% of the principal amount plus interest declining to 100% of the principal amount plus interest beginning August 15, 2009.

The 9% Notes, ranked pari passu with the 8 7/8% Notes, are general unsecured obligations of the Company and are subordinated in right of payment to all present and future senior indebtedness (as defined) of the Company. Upon change of control of the Company, the holders of the 9% Notes would have the right to require repurchase of the notes at 101% of the principal amount plus accrued and unpaid interest. Certain covenants in the 9% Notes limit the ability of the Company to incur indebtedness or engage in mergers, consolidations or sales of assets.

AZTAR CORPORATION AND SUBSIDIARIES

Note 4: Other Long-term Liabilities

Other long-term liabilities consist of the following (in thousands):

	=====	=====

Note 5: Income Taxes

The Company is responsible, with certain exceptions, for the taxes of Ramada Inc. ("Ramada") through December 20, 1989. In connection with Internal Revenue Service ("IRS") examinations of the income tax returns for the years 1989 through 1996, an issue was resolved, which was the last remaining issue for the years 1989 through 1991, that resulted in an income tax benefit of approximately \$7,500,000 in the 2000 second quarter. The issue related to the deductibility of the cost of meals served to certain employees on the Company's premises. The IRS maintained that the Tax Reform Act of 1986 reduced this deduction. We recorded provisions in prior years based on the IRS position; however, we believed that these employee meals were fully deductible. The United States Tax Court decided in favor of the IRS in a case involving Boyd Gaming Corporation ("Boyd Gaming Case"). In 1999, the Boyd Gaming Case was overturned in the United States Court of Appeals. This issue, as it pertained to us, was resolved with the IRS during the 2000 second quarter.

The Internal Revenue Service is currently examining the income tax returns for the years 1992 through 1999. The New Jersey Division of Taxation is examining the New Jersey income tax returns for the years 1995 through 1998. Management believes that adequate provision for income taxes and interest has been made in the financial statements.

The Indiana Department of Revenue ("IDR") is currently examining the income tax returns for the years 1998 through 2000. The Company has received proposed assessments from the IDR in connection with the examination of the Company's Indiana income tax returns for the years 1996 and 1997. Those assessments are based on the IDR's position that the Company's gaming taxes that are based on gaming revenue are not deductible for Indiana income tax purposes. The Company believes that it has meritorious legal defense to those assessments and has not recorded an accrual for payment. The amount involved, including the Company's estimate of interest, net of a federal income tax benefit assuming continuation through September 27, 2001, was approximately \$7,400,000 at September 27, 2001.

Note 6: Earnings Per Share

Net income per common share excludes dilution and is computed by dividing income applicable to common shareholders by the weighted-average number of common shares outstanding. Net income per common share, assuming dilution, is computed based on the weighted-average number of common shares outstanding after consideration of the dilutive effect of stock options and the assumed conversion of the preferred stock at the stated rate.

The computations of net income per common share and net income per common share, assuming dilution, for the periods ended September 27, 2001 and September 28, 2000, are as follows (in thousands, except per share data):

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (unaudited) (continued)

Note 7: Contingencies and Commitments

The Company agreed to indemnify Ramada against all monetary judgments in lawsuits pending against Ramada and its subsidiaries as of the conclusion of the restructuring of Ramada (the "Restructuring") on December 20, 1989, as well as all related attorneys' fees and expenses not paid at that time, except for any judgments, fees or expenses accrued on the hotel business balance sheet and except for any unaccrued and unreserved aggregate amount up to \$5,000,000 of judgments, fees or expenses related exclusively to the hotel business. Aztar is entitled to the benefit of any crossclaims or counterclaims related to such lawsuits and of any insurance proceeds received. In addition, the Company agreed to indemnify Ramada for various lease guarantees made by Ramada relating to the restaurant business. In connection with these matters, the Company's accrued liability was \$3,833,000 at both September 27, 2001 and December 28, 2000.

The Company is a party to various other claims, legal actions and complaints arising in the ordinary course of business or asserted by way of defense or counterclaim in actions filed by the Company. Management believes that its defenses are substantial in each of these matters and that the Company's legal posture can be successfully defended without material adverse effect on its consolidated financial position, results of operations or cash flows.

The Tropicana Las Vegas lease agreement contains a provision that requires the Company to maintain an additional security deposit with the lessor of \$21,996,000 in cash or a letter of credit if the Tropicana Las Vegas operation fails to meet certain financial tests. The Company has a 50% partnership interest in the lessor.

The Company has severance agreements with certain of its senior executives. Severance benefits range from a lump-sum cash payment equal to three times the sum of the executive's annual base salary and the average of the executive's annual bonuses awarded in the preceding three years plus payment of the value in the executive's outstanding stock options and vesting and distribution of any restricted stock to a lump-sum cash payment equal to the executive's annual base salary. In certain agreements, the termination must be as a result of a change in control of the Company. Based upon salary levels and stock options at September 27, 2001, the aggregate commitment under the severance agreements should all these executives be terminated was approximately \$24,000,000 at September 27, 2001.

Item 2. Management's Discussion and Analysis

Financial Condition

On June 29, 2001, we amended our Revolver to extend the maturity to June 30, 2005 from June 30, 2003. In addition, the amendment revised the reduction rate so that the maximum amount available under the Revolver decreases by \$12 million on March 31, 2004, and quarterly thereafter. The amount available under this facility at September 27, 2001 was \$264 million.

On June 29, 2001, the maturity date of a \$52 million term loan among Tropicana Enterprises and a group of banks was extended to June 30, 2005 from June 30, 2003. At September 27, 2001, the balance of this term loan was \$51 million. We have a noncontrolling partnership interest of 50% in Tropicana Enterprises, a Nevada general partnership that owns the real property and certain personal property that we lease in the operation of the Tropicana Las Vegas.

#### AZTAR CORPORATION AND SUBSIDIARIES

On July 27, 2001, we issued \$175 million principal amount of 9% Senior Subordinated Notes due August 15, 2011 ("9% Notes"). Interest is payable on February 15 and August 15, beginning on February 15, 2002. The net proceeds from the issuance of the 9% Notes, after payment of the fees and expenses of the issuance, were approximately \$171.2 million. The balance of the net proceeds of the 9% Notes was used to repay the outstanding borrowings under the Revolver and for general corporate purposes.

During the 2001 nine-month period, we repurchased 2,031,000 shares of common stock at prices ranging from \$9.00 per share to \$16.10 per share and at an average price of \$12.13 per share. Subsequent to the end of the third quarter, we also repurchased 303,700 shares, which was the balance remaining to be repurchased under a program authorized by our Board of Directors. From the beginning of the share repurchase program in May 1999 through its completion, we repurchased 11.0 million shares at prices ranging from \$6.69 per share to \$16.10 per share and at an average price of \$11.64 per share. Purchases under our stock repurchase program were made from time to time in the open market or privately negotiated transactions, depending on market prices and other business factors.

We are working on a plan to expand our Atlantic City Tropicana. We expect to commence construction in May 2002, with opening contemplated for March 2004. We are targeting a project cost for the expansion of \$225 million, against which we hope to realize third-party contributions, public sector subsidies, tax rebates and other credits, the present value of which could reduce the cost by up to \$50 million.

Results of Operations

Nine Months Ended September 27, 2001 Compared to Nine Months Ended September 27, 2000

Our consolidated revenues in the 2001 nine-month period were \$637.3 million, a 3% decrease over \$654.7 million in the 2000 nine-month period. The decrease in revenues was primarily related to a \$16.8 million or 3% decrease in casino revenue, with a substantial portion of the decrease coming from Tropicana Atlantic City and Casino Aztar Evansville. Consolidated rooms revenue was \$2.5 million or 4% higher in the 2001 versus 2000 nine-month period, reflecting increases at all hotel properties except for Casino Aztar Evansville, which had a slight decrease. Consolidated other revenue consists of entertainment, retail and other revenue and was \$29.4 million in the 2001 nine-month period compared with \$31.2 million in the 2000 nine-month period. The related direct costs were \$24.5 million in the 2001 nine-month period versus \$25.6 million in the 2000 nine-month period. Consolidated operating income was \$101.1 million in the 2001 nine-month period, a 5% improvement over \$96.6 million in the 2000 nine-month period. Consistent with the decrease in consolidated casino revenue, consolidated casino costs were \$12.5 million or 6% lower in the 2001 versus 2000 nine-month period, largely due to a decrease in casino costs at Tropicana Atlantic City and Casino Aztar Evansville. Consolidated marketing costs were \$7.4 million or 11% lower in the 2001 versus 2000 nine-month period primarily due to reduced spending on promotional programs, advertising and contract entertainment at Tropicana Atlantic City, combined with decreased spending on promotional programs and advertising at Casino Aztar Evansville. Consolidated utilities expense was \$1.8 million or 16% higher in the 2001 nine-month period compared to the 2000 nine-month period primarily due to rising energy prices affecting all properties. Consolidated rent expense was \$1.2 million or 9% higher in the 2001 versus 2000 nine-month period primarily due to increased rent to the City of Evansville relating to our riverboat landing lease. A scheduled change in the formula used in calculating the rent came into effect in December 2000.

Consolidated interest expense was 9% or \$3.0 million lower in the 2001 versus 2000 nine-month period primarily as a result of lower levels of debt outstanding combined with lower interest rates. In addition, capitalized interest relating to the Tropicana Atlantic City expansion for the 2001 nine-month period reduced consolidated interest expense by \$0.8 million. There was no capitalized interest for the 2000 nine-month period.

AZTAR CORPORATION AND SUBSIDIARIES

The Company is responsible, with certain exceptions, for the taxes of Ramada through December 20, 1989. In connection with IRS examinations of the income tax returns for the years 1989 through 1996, an issue was resolved, which was the last remaining issue for the years 1989 through 1991, that resulted in an income tax benefit of approximately \$7.5 million in the 2000 second quarter. The issue related to the deductibility of the cost of meals served to certain employees on the Company's premises. The IRS maintained that the Tax Reform Act of 1986 reduced this deduction. We recorded provisions in prior years based on the IRS position; however, we believed that these employee meals were fully deductible. The United States Tax Court decided in favor of the IRS in a case

involving Boyd Gaming Corporation. In 1999, the Boyd Gaming case was overturned in the United States Court of Appeals. This issue, as it pertained to us, was resolved with the IRS during the 2000 second quarter.

The Indiana Department of Revenue is currently examining the income tax returns for the years 1998 through 2000. The Company has received proposed assessments from the IDR in connection with the examination of the Company's Indiana income tax returns for the years 1996 and 1997. Those assessments are based on the IDR's position that the Company's gaming taxes that are based on gaming revenue are not deductible for Indiana income tax purposes. The Company believes that it has meritorious legal defense to those assessments and has not recorded an accrual for payment. The amount involved, including the Company's estimate of interest, net of a federal income tax benefit assuming continuation through September 27, 2001, was approximately \$7,400,000 at September 27, 2001.

**TROPICANA ATLANTIC CITY** Total revenues at Tropicana Atlantic City were \$348.8 million in the 2001 nine-month period, down 3% from \$358.6 million in the 2000 nine-month period. Decreased spending on promotional giveaways as well as harsh winter weather during our 2001 first quarter, particularly a major storm over the New Year's Eve weekend which fell in our fiscal first quarter, contributed to the decline in Tropicana Atlantic City's revenues for the nine months ended 2001. Casino revenue was 3% lower in the 2001 versus 2000 nine-month period, primarily reflecting a 3% decrease in games revenue combined with a 3% decrease in slots revenue. The decline in games revenue was a result of a decrease in the volume of play. Rooms revenue was \$1.3 million or 8% higher in the 2001 versus 2000 nine-month period, primarily as a result of an increase in the average daily rates and an increase in the rooms occupied on a noncomplimentary basis.

Tropicana Atlantic City had operating income of \$73.2 million in the 2001 nine-month period, a 7% improvement over \$68.3 million in the 2000 nine-month period. Consistent with the decrease in casino revenue, casino costs were 7% lower in the 2001 versus 2000 nine-month period. Contributing to the decline in casino costs was a 22% reduction in coin offers to slot players in the 2001 versus 2000 nine-month period. Marketing costs were 9% lower in the 2001 versus 2000 nine-month period primarily due to reduced spending on promotional programs, advertising and contract entertainment. Operating income is after rent and depreciation and amortization expenses. Rent expense was \$1.9 million in the 2001 nine-month period compared to \$1.8 million in the 2000 nine-month period. Depreciation and amortization was \$19.7 million in the nine months ended 2001 compared to \$19.5 million in the nine months ended 2000.

**TROPICANA LAS VEGAS** At Tropicana Las Vegas, total revenues were \$118.5 million in the 2001 nine-month period, a slight increase from \$117.3 million in the 2000 nine-month period. Tropicana Las Vegas had operating income of \$8.3 million in the 2001 nine-month period, a 20% improvement over \$6.9 million in the 2000 nine-month period. Utilities expense was 43% higher in the 2001 versus 2000 nine-month period primarily due to rising energy prices. Operating income is after rent and depreciation and amortization expenses. Rent expense was \$7.1 million in the 2001 nine-month period compared to \$7.6 million in the 2000 nine-month period. Depreciation and amortization was \$5.8 million in the 2001 nine-month period compared to \$7.2 million in the 2000 nine-month period.

AZTAR CORPORATION AND SUBSIDIARIES

Operating income was \$13.4 million in the 2001 nine-month period compared to \$13.6 million in the 2000 nine-month period. Operating income is after rent and depreciation and amortization expenses. Rent expense was \$0.3 million in the nine months ended 2001 compared to \$0.5 million in the nine months ended 2000. Depreciation and amortization was \$4.3 million in the 2001 nine-month period compared to \$4.0 million in the 2000 nine-month period.

**CASINO AZTAR EVANSVILLE** Total revenues at Casino Aztar Evansville were \$78.8 million in the 2001 nine-month period, down 7% from \$84.5 million in the 2000 nine-month period. Casino revenue was 6% lower in the 2001 versus 2000 nine-month period, primarily reflecting a 12% decrease in games revenue combined with a 5% decrease in slot revenue. The decrease in games revenue was a result of a decrease in the volume of play. Consistent with the decrease in casino revenue, casino costs were 8% lower in the 2001 versus 2000 nine-month period. Casino costs were lower due to a lower wagering tax that is based on revenue and reduced costs of complimentaries. Marketing costs were 21% lower in the 2001 versus 2000 nine-month period due to decreased spending on promotional programs and advertising. Operating income was \$14.8 million in the 2001 nine-month period, an 11% decrease from \$16.7 million in the 2000 nine-month period. Operating income is after rent and depreciation and amortization expenses. Rent expense was \$4.4 million in the 2001 nine-month period compared to \$2.6 million in the 2000 nine-month period. Rent expense increased in the 2001 versus 2000 nine-month period primarily due to increased rent to the City of Evansville relating to our riverboat landing lease. A scheduled change in the formula used in calculating the rent came into effect in December 2000. Depreciation and amortization was \$6.8 million in the 2001 nine-month period compared to \$7.6 million in the 2000 nine-month period.

**CASINO AZTAR CARUTHERSVILLE** Total revenues at Casino Aztar Caruthersville were \$19.0 million in both periods. Casino Aztar Caruthersville had operating income of \$1.1 million in the 2001 nine-month period, an improvement over \$0.3 million in the 2000 nine-month period. Operating income is after depreciation and amortization of \$2.2 million in the nine months ended 2001 compared to \$2.3 million in the nine months ended 2000.

Quarter Ended September 27, 2001 Compared to Quarter Ended September 28, 2000

Our consolidated revenues in the 2001 third quarter were \$218.1 million, a 2% decrease over \$222.2 million in the 2000 third quarter. The decrease in revenues was primarily related to a decrease in casino revenue, with a substantial portion of the decrease coming from Casino Aztar Evansville. Consolidated operating income was \$37.3 million in the third quarter of 2001, a 10% improvement over \$33.8 million in the third quarter of 2000. Consolidated casino costs decreased by \$5.3 million or 7% in the 2001 versus 2000 third quarter. Contributing to the decrease in casino costs was a reduction in coin offers to slot players at Tropicana Atlantic City. In addition, casino costs were lower at Casino Aztar Evansville consistent with the decrease in casino revenue.

**TROPICANA ATLANTIC CITY** Total revenues at Tropicana Atlantic City were \$125.9 million in the 2001 third quarter, down slightly from \$126.6 million in the 2000 third quarter. Casino revenue was \$112.4 million for both periods. In the 2001 versus 2000 third quarter, slot revenue decreased by 4% while games revenue increased by 11%. Games revenue increased as a result of a higher hold percentage. The table games hold percentage was 17.6% in the 2001 third quarter compared with 14.7% in the 2000 third quarter.

## AZTAR CORPORATION AND SUBSIDIARIES

### Impact of Recent Events

The September terrorist attacks as well as the ensuing economic conditions have resulted in an increased level of uncertainty with regard to our near term operating results. Since the end of our third quarter through the end of our fiscal month of October, these developments have had a modest impact on our consolidated operating and financial results. We are unable to predict any future effects.

### Recent Accounting Pronouncements

SFAS 141 is effective as follows: (a) use of the pooling-of-interests method is prohibited for business combinations initiated after June 30, 2001; and (b) the provisions of SFAS 141 also apply to all business combinations accounted for by the purchase method that are completed after June 30, 2001. There are also transition provisions that apply to business combinations completed before July 1, 2001 that were accounted for by the purchase method. SFAS 142 is effective for fiscal years beginning after December 15, 2001 and applies to all goodwill and other intangible assets recognized in an entity's statement of financial position at that date, regardless of when those assets were initially recognized.

In August 2001, the Financial Accounting Standards Board issued Statement No. 143, "Accounting for Obligations Associated with the Retirement of Long-Lived Assets." The objectives of SFAS 143 are to establish accounting standards for the recognition and measurement of an asset retirement obligation and its associated asset retirement

cost. SFAS 143 is effective for fiscal years beginning after June 15, 2002.

In October 2001, the Financial Accounting Standards Board issued statement No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets."
