SCOTT'S LIQUID GOLD-INC.
ANNOUNCES FY2002 OPERATING RESULTS

DENVER, Colorado (April 15, 2003) -Scott's Liquid Gold-Inc. (OTC BB: "SLGD"), which develops, manufactures and markets household and skin care products, today announced its operating results for the year 2002.

For the twelve months ended December 31, 2002, the Company reported net income of approximately \$1.6 million, or \$0.15 per share, on net sales of approximately \$25.0 million. These results compared with a net loss of approximately \$1.3 million, or (\$0.13) per share, on net sales of approximately \$24.7 million, in the previous year. Net income of \$1,143,500 or \$0.11 per share, was recorded in the fourth quarter of 2002, versus prior year fourth quarter net loss of \$338,800, or (\$0.03) per share. Net sales approximated \$8.0 million in the quarter ended December 31, 2002, compared with net sales of approximately \$5.1 million in the year-earlier period. This sales increase in the fourth quarter is entirely due to the Montagne Jeunesse line of single use sachets, offset by a decrease in sales of its other products. Similarly, for the 2002 year, the increase in sales of Montagne Jeunesse sachets offset the decline in the sales of the Company's other products. The cost of sales increase was essentially due to a change in product mix

Edgar Filing: SCOTTS LIQUID GOLD INC - Form 8-K

(the cost for Montagne Jeunesse is higher than products manufactured by the Company, and some products are more costly to produce than others) and to the spreading of fixed manufacturing costs over lower unit production in 2002 than in 2001.

"While we are reporting net income for the fourth quarter and the year 2002, this is tempered by the fact that the income for the year includes receipts from a lawsuit settlement of \$594,600 and tax refunds and benefits of \$483,000," commented Mark E. Goldstein, Chairman and Chief Executive Officer of Scott's Liquid Gold-Inc. "In addition, although we have shown an increase in our overall sales, our products, other than Montagne Jeunesse, have shown sales declines. Because of this we increased our advertising for these other products in the first quarter of 2003. We expect that this expense as well as other factors will result in a loss for the first quarter of 2003."

The Company has restated its consolidated financial statements for the years of 2000 and 2001, as well as for each quarter of 2001 and the first three quarters of 2002, to reflect certain adjustments. Subsequent to December 31, 2002, the Company determined that certain amounts previously reported in its consolidated financial statements should be changed. Current income tax liabilities, net deferred income tax liabilities, other accrued expenses, reserves for returns and customer allowances, and reserves for excess and obsolete inventories were overstated at December 31, 2001 and 2000. Other changes identified, include amounts related to year-end sales cutoff and accrued interest receivable. Certain of the changes also affected years prior to 2000.

The adjustments that the Company has made to its financial statements for years ended December 31, 2001 and December 31, 2000 and for each of the quarters during 2001 and the first three quarters of 2002 are set forth in the Company's annual report on Form 10-K for the year ended December 31, 2002 as filed with the Securities and Exchange Commission. The net impact of the adjustments includes the following:

- * A \$415,700 reduction of the 2000 net loss;
- * A \$435,500 reduction of the 2001 net loss;
- * A \$15,600 reduction in accumulated comprehensive income as of January 1, 2000;
- * An increase in retained earnings as of January 1, 2000 of \$683,300;
- * An increase in retained earnings as of December 31, 2000 of \$1,099,000;
- * An increase in retained earnings as of December 31, 2001 of \$1,534,500; and
- * A reduction of previously reported net income for the first three quarters of 2002 of \$123,300.

These adjustments result in an improved working capital ratio and retained earnings position at December 31, 2002, 2001 and 2000. The discussion of the results of operations in this press release and the attached Consolidated Statements of Operations use amounts from the restated financial statements.
