Item 4.02 Non-Reliance On Previously Issued Financial Statements Or A Related Audit Report Or Completed Interim Review.

On October 30, 2006 management concluded, and subsequently reported to the Audit Committee of the Board of Directors, that our audited financial statements for the fiscal year ended December 31, 2005 and our unaudited financial statements and financial information for the three and six-month periods ended March 31, 2006 and June 30, 2006 (the "Relevant Periods") and the comparative prior periods should no longer be relied upon and will be restated in order to correct an error regarding the deferred income tax accounting of acquiring the stock of Reproductive Partners, Inc. in January, 2005 in accordance with Financial Accounting Standards Board Emerging Issues Taskforce Issue No. 98-11- "Accounting for Acquired Temporary Differences in Certain Purchase Transactions That Are Not Accounted for as Business Combinations". As noted in the table below, there is no impact on net income or earnings per share as a result of this correction.

After we reviewed our accounting for the above-mentioned transaction we noted that we did not properly account for the difference between the amount paid in the transaction (the book basis) and the tax basis of the assets acquired and therefore we understated the asset acquired and also understated the related deferred tax accounts. The correction to the December 31, 2005 Balance Sheet for the proper accounting is to increase intangible assets by \$2,035,000, decrease deferred tax assets by \$977,000 and increase deferred tax liabilities by \$1,058,000, all non-cash items. The impact to the Statement of Operations is to increase the amortization of the intangible by approximately \$20,000 a quarter and reduce income tax expense through the amortization of the deferred tax liability by \$20,000 a quarter. As a result, there is no change to net income and earnings per share for any period. The Statement of Shareholders' Equity is not affected by this restatement.

As a result of the error described above, we expect to file amendments to our Form 10-K and our Forms 10-Q for the Relevant Periods with the Securities and Exchange Commission as soon as practical to reflect the correct accounting and related disclosures.

The following table illustrates the impact of the correction:
