## Section 2 Financial Information

### Section 8 Other Events

#### Item 8.01. Other Events.

This Current Report on Form 8-K includes as an exhibit a press release, dated September 29, 2008, reporting that the Company has entered into agreements to renew approximately \$6 billion securitization conduit facilities which were scheduled to expire in the 3rd Quarter of 2008. In addition to the previously announced renewal of a \$2 billion conduit facility to finance equipment loans and leases, the Company has renewed approximately \$4 billion of conduit facilities that finance government-guaranteed student loans.

The program limit on the two conduit facilities that finance government guaranteed student loans are in the respective amounts of up to approximately \$3.37 billion and up to \$700 million. The maturity date on each facility was extended for one year. The program limit on the \$3.37 billion facility will be reduced by approximately \$1.30 billion after 6 months. The facilities are currently fully drawn and do not provide for additional advances. Pricing on each facility increased to be reflective of the current market rates for facilities of similar size and collateral type. The facilities continue to be subject to mark to market valuations by the lenders.

The press release is attached as Exhibit 99.1.
