Item 1.01 Entry into a Material Definitive Agreement

On February 9, 2006, our Organization and Compensation Committee (the Committee) established the performance measures for executives with respect to annual incentives for fiscal year 2006 (the Annual Incentive Plan). All Company executives participate in the Annual Incentive Plan which is operated pursuant to the Fluor Corporation 2003 Executive Performance Incentive Plan, a copy of which was filed by the company as Exhibit 10.15 to our Annual Report on Form 10-K filed on March 31, 2003 (the 2003 Plan). The Annual Incentive Plan provides for a target incentive for each participant based upon a percentage of the participant's base salary, with the opportunity to earn anywhere from 0% to 200% of the target, with targets related to our Named Executive Officers ranging from 60% to 70% of base salary. With the exception of our Chief Executive Officer, Mr. Alan Boeckmann, each eligible executive's goals to earn the incentive are based upon a combination of criteria related to overall Company performance including achievement of specific targets related to our net earnings, our return on operating assets employed, debt levels, safety and diversity in the work force, and individually tailored performance criteria. With respect to Mr. Alan Boeckmann, his incentive target was set at 100% of his base salary, with the opportunity to earn from 0% to 200% of the target. Following the completion of fiscal year 2006, and provided the Company achieves certain specified earnings criteria, the Committee will weigh a number of performance factors in determining whether and to what extent Mr. Boeckmann is eligible for an incentive payment under the Annual Incentive Plan including achievement of specific targets related to our net earnings, our return on operating assets employed, debt levels, safety and diversity in the work force.

On February 9, 2006, the Committee also established award levels for eligible officers with respect to our Long Term Incentive Program (the LTIP Program) known as the Value Driver Incentive Plan (the VDI Plan) for the two year cycle of fiscal year 2006 through fiscal year 2007. Performance measures for VDI Plan will be established within the first 25% of the performance period. The VDI Plan incentives were established subject to our shareholder-approved 2003 Executive Performance Incentive Plan. Target cash award numbers were established for each officer included in the VDI Plan with the target for all eligible officers based upon such officer's pay grade, with targets for our Named Executive Officers ranging from \$210,000 to \$1,767,000. The Committee established performance goals which it believes are correlated with shareholder value creation, and are based 75% upon fiscal year 2006 and fiscal year 2007 new awards gross margin and 25% upon fiscal year 2006 and fiscal year 2007 new awards gross margin percentage. Each eligible officer has an opportunity to earn from 0% to 200% of such officer's target if the performance goals are met (the Multiplier). If an officer is entitled to an award under the VDI Plan based upon the combined fiscal year 2006 and 2007 performance, 50% of the award would be paid in cash in early 2008, and the remaining 50% of the award would be paid in cash in early 2009.

The Company previously filed the forms of award agreements which will be used to memorialize the above-described awards as Exhibit 10.16 to its Quarterly Report filed on Form 10-Q filed on November 9, 2004.
