CHANGES TO THE PLAN

The amendments to the plan permit investors who are not already common shareholders of IDACORP or residential customers of Idaho Power Company to make initial investments in our common stock through the plan. The amended and restated plan is effective on July 1, 2003.

ABOUT IDACORP

Edgar Filing: IDACORP INC - Form S-3

We are a successor registrant to, and a holding company owning all of the outstanding common shares of, Idaho Power Company. Idaho Power is an electric utility incorporated under the laws of the state of Idaho in 1989 as successor to a Maine corporation organized in 1915. Idaho Power is engaged in the generation, purchase, transmission, distribution and sale of electric energy in an approximately 20,000-square-mile area in southern Idaho and eastern Oregon, with an estimated population of 855,000. Idaho Power holds franchises in 70 cities in Idaho and nine cities in Oregon and holds certificates from the respective public utility regulatory authorities to serve all or a portion of 25 counties in Idaho and three counties in Oregon. Idaho Power owns and operates 17 hydroelectric power plants and one natural gas-fired plant and shares ownership in three coal-fired generating plants. Idaho Power relies heavily on hydroelectric power for its generating needs and is one of the nation's few investor-owned utilities with a predominantly hydroelectric generating base.

Our other principal operating subsidiary, IDACORP Energy, a marketer of electricity and natural gas, announced in 2002 that it is winding down its operations.

Our other operating subsidiaries include:

4

- o Ida-West Energy -- developer and manager of independent power projects
- o IdaTech -- developer of integrated fuel cell systems
- o IDACORP Financial Services -- affordable housing and other real estate investments
- o Velocitus -- commercial and residential Internet service provider
- o IDACOMM -- provider of telecommunications services.

The amount and timing of dividends payable on our common stock are within the sole discretion of our board of directors. The board reviews the dividend quarterly to determine its appropriateness in light of our financial position and results of operations, legislative and regulatory developments affecting the electric utility industry in general and Idaho Power Company in particular, competitive conditions and any other factors the board considers relevant. Our ability to pay dividends on our common stock is dependent upon dividends paid to us by our subsidiaries, primarily Idaho Power Company.

THE PLAN

Purpose of the Plan

What is the purpose of the plan?

The purpose of the plan is to provide our common shareholders, Idaho Power Company residential customers and other investors with a convenient and economical method of investing in our common stock.

Eligibility

Who is eligible to participate in the plan?

Common shareholders, Idaho Power residential customers and other interested

Edgar Filing: IDACORP INC - Form S-3

investors may participate in the plan.

- o If you currently own our stock. If you already own shares of our common stock and the shares are registered in your name, you may join the plan by returning a completed authorization form to us at the address set forth below under "Administration".

If your shares are held in a brokerage, bank or other intermediary account, and you wish to participate directly in the plan, you should instruct your broker, bank or trustee to register some or all of your shares of our common stock directly in your name. You may also participate in the plan indirectly by requesting your broker, bank or trustee to participate on your behalf.

5

- o If you are an Idaho Power residential customer. If you are an Idaho Power residential customer, you may participate in the plan by making an initial investment in our common stock of at least \$10 but not more than \$20,000. You should return the completed authorization form with your check or money order payable to IDACORP, Inc. at the address set forth below under "Administration".
- o If you do not currently own our common stock and are not an Idaho Power residential customer. If you do not currently own any of our common stock and are not an Idaho Power residential customer, you may participate in the plan by making an initial investment in our common stock of at least \$200 but not more than \$20,000. All U.S. citizens and non-U.S. residents are eligible to participate in the plan, whether they are current shareholders or not. In all cases, however, investments must be made in U.S. currency drawn on a U.S. bank. Prior to investing in our common stock, each participant is responsible for reviewing the applicable laws of his or her country of residence to determine if there are any restrictions on investment.

You can get started in the plan by returning to Wells Fargo Bank Minnesota, N.A., which will administer enrollments for new investors, at the address set forth below under "Administration," a completed authorization form, along with your check or money order payable to Wells Fargo. Wells Fargo will arrange for the purchase of shares for your account.

- o If you are already enrolled. If you are currently enrolled in our existing dividend reinvestment and stock purchase plan and do not want to change your participation options, no further action is required for your continued participation. However, if you wish to change your participation in any way, you must submit a new authorization form to us at the address set forth below under "Administration".

Advantages

What are the advantages of the plan?

- o The plan provides participants with a simple and regular method of purchasing our common stock.
- o Since the plan provides for aggregated purchases of our common stock, brokerage commissions on purchases of shares on the open market should be lower than commissions you would ordinarily pay if you purchased shares directly. We may negotiate the amount of the brokerage

Edgar Filing: IDACORP INC - Form S-3

commissions from time to time.

- o Unless you so request, you will not receive any certificates for shares of common stock you purchase under the plan. This relieves you of the responsibility for the safekeeping of multiple certificates and protects you against loss, theft or destruction of stock certificates.

6

- o You may send your certificates for shares of IDACORP common stock that you hold to us for safekeeping.
- o Each quarter, or more frequently if you make optional cash payments, you will receive a statement of your plan account, providing a simplified method of record keeping.
- o Full investment of funds is possible under the plan because it permits fractions of shares, as well as full shares, to be credited to your plan account and dividends are calculated on both full and fractional shares.

What are the disadvantages of the plan?

Before deciding whether to participate in the plan, you should consider the following disadvantages of the plan:

- o You will not be able to time precisely your purchases through the plan and will bear the market risk associated with fluctuations in the price of our common stock pending investment of funds under the plan.
- o You will not earn interest on funds held pending their investment. o Your investment of cash dividends will result in your being treated for federal income tax purposes as having received a dividend on the dividend payment date, to the extent of our earnings and profits. You may have to pay income tax on the dividend even though the dividend is reinvested and does not provide cash to pay the tax.
- o You will not know the actual number of shares of common stock bought for your account until after the applicable investment date.
- o Because the broker will buy shares of common stock for your account at an average price per share, the price paid for your shares on any date may be greater than the price at which shares of our common stock are then trading.
- o Sales of shares of common stock held in your plan account may be delayed. You will bear the market risk pending sale of your shares pursuant to the plan.
- o You may not pledge shares of common stock credited to your plan account unless you withdraw such shares from the plan.
- o Plan accounts are not insured by the Securities Investor Protection Corporation, the Federal Deposit Insurance Corporation or any other entity.

Administration

Who administers the plan?

We administer the plan, except for initial investments in our common stock by new investors. Wells Fargo handles all new enrollments and initial investment in the plan by investors who are not currently registered owners of our common stock and who are not Idaho Power residential customers. Wells Fargo reserves the right to resign at any time upon reasonable notice to us, and we reserve the right to replace Wells Fargo or any successor upon reasonable notice.

We process all enrollments in the plan, except as indicated above, receive all optional cash payments except in the case of initial payments from new investors, maintain records of your accounts, issue statements of accounts and perform other administrative duties related to the plan. We hold the common stock purchased through the plan and any common stock certificates that you deposit for safekeeping in your plan account as your agent. We send all optional cash payments promptly to a segregated escrow account that is independent of us and that is not subject to liens against us or to any bankruptcy proceedings against us. We do not believe that our serving as administrator of the plan causes any material risks to you.

You may contact us about the plan at the following address:

IDACORP, Inc.
Shareowner Services Department
P.O. Box 70 Boise, Idaho 83707-0070
1-800-635-5406

Initial investors may contact Wells Fargo about the plan as follows:

Wells Fargo Bank Minnesota, N.A.
Shareowner Services - IPS
P.O. Box 64856 St. Paul, MN 55164-0856
1-800-468-9716

Who purchases and sells stock for the plan?

An independent agent that we designate will make any open market purchases of common stock for the plan and will also, if requested, sell stock held in your plan account for you in the open market. Wells Fargo will designate a broker for open market purchases for initial investors.

Procedure for Enrolling - Authorization Form

How do I enroll in the plan?

If you are currently enrolled in the IDACORP Dividend Reinvestment and Stock Purchase Plan, you will automatically become a participant in the new plan. Your investment election will remain the same as under the old plan unless you submit a new authorization form electing different options.

If you are a shareholder of record, you may enroll at any time by sending us an authorization form. There is no enrollment fee.

If you are not a shareholder of record and you are a residential customer of Idaho Power Company, you may enroll by sending us an authorization form along

Edgar Filing: IDACORP INC - Form S-3

with a check or money order payable to IDACORP, Inc. for at least \$10 but not more than \$20,000.

If you are not a shareholder of record and are not an Idaho Power residential customer, you may enroll by sending Wells Fargo an authorization form along with a check or money order payable to Wells Fargo for at least \$200 but not more than \$20,000.

If your shares are held in a brokerage, bank or other intermediary account, you may ask the record holder to enroll in the plan on your behalf or you may participate directly by instructing the record holder to register some or all of your shares in your name.

You may obtain an authorization form by writing or calling us at the above address. Initial investors must contact Wells Fargo.

What does the authorization form provide?

The authorization form authorizes us, or Wells Fargo for initial investors, to enroll you in the plan. The authorization form also indicates how you want to participate in the plan.

The following options are available to you:

- o Full Dividend Reinvestment and Optional Cash Payments. We reinvest dividends on all shares of common stock registered in your name. You may also make optional cash payments to purchase additional shares of common stock.
- o Partial Dividend Reinvestment and Optional Cash Payments. We reinvest dividends on only the number of shares of common stock registered in your name that you specify on the authorization form. We pay the dividend on the rest of the shares to you in cash. You may also make optional cash payments to purchase additional common stock.
- o Optional Cash Payments Only. We pay dividends on all shares of common stock registered in your name to you in cash. You may purchase common stock with optional cash payments when you choose.

We will reinvest dividends on all shares held in your plan account, including any shares that you deposit for safekeeping.

Participation

When does participation begin?

For dividend reinvestment, if we receive your authorization form at least one business day before the record date for a dividend, we will begin reinvestment with that dividend.

9

For optional cash payments or initial investments, if we, or in the case of initial investors, Wells Fargo, receive the payment five business days before the dividend payment date or, in any month in which dividends are not paid, five business days before the last business day of the month, the payment will be invested during the next investment period. You will not earn interest on any cash payments pending their investment into common stock.

How do I change my method of participation?

Edgar Filing: IDACORP INC - Form S-3

You may change your method of participation at any time by completing a new authorization form and returning it to us or by writing us. The change will become effective at the next record date for dividend reinvestment.

Initial Investment

How do I make an initial investment?

If you are not an IDACORP shareholder of record or an Idaho Power residential customer, you may still participate in the plan. You may enroll in the plan by sending Wells Fargo an authorization form along with a check or money order for at least \$200 but not more than \$20,000. The check or money order must be in U.S. currency payable to:

Wells Fargo Bank Minnesota, N.A.
Shareowner Services - IPS
P.O. Box 64856 St. Paul, MN 55164-0856
1-800-468-9716

Do not send cash, post-dated, third party or foreign checks.

Authorization forms may be obtained from Wells Fargo.

Wells Fargo will return to you any initial investment that is less than the minimum or greater than the maximum amount permitted. If your check is returned unpaid to Wells Fargo, Wells Fargo will sell any shares purchased in reliance on the unpaid check. Wells Fargo may also sell shares in your account to reimburse itself for transaction fees for the purchase and sale plus any loss incurred on reselling the shares.

When can I make initial investments?

You may make initial investments at any time. Wells Fargo will invest initial investments during the next investment period, provided that Wells Fargo has received your enrollment form and the investment at least five business days prior to that investment period. For any month in which dividends are paid, the investment period begins on the dividend payment date. For any month in which dividends are not paid, the investment period begins on the last business day of the month.

Because Wells Fargo does not pay interest on any amount held pending investment, we strongly recommend that you send in initial investments shortly before the cut-off date.

10

Optional Cash Payments

How do I make optional cash payments?

After you have enrolled in the plan, you may make optional cash payments to purchase common stock whether or not you reinvest your dividends. Optional cash payments must be at least \$10 per payment and may not exceed \$20,000 per month.

You do not have to send in the same amount of money each time, and there is no obligation to make payments on a regular basis.

You may make optional cash payments by sending a check or money order in U.S. currency payable to IDACORP, Inc. Do not send cash, post-dated, third party

Edgar Filing: IDACORP INC - Form S-3

or foreign checks.

We will return to you any optional cash payments that are less than the minimum or greater than the maximum amount permitted.

If your check is returned unpaid to us, we will sell any shares purchased in reliance on the unpaid check. We may also sell shares in your account to reimburse us for transaction fees for the purchase and sale, plus any loss incurred on reselling the shares.

When can I make optional cash payments?

You may make optional cash payments at any time. We will invest optional cash payments during the next investment period, provided that we receive them at least five business days prior to that investment period. For any month in which dividends are paid, the investment period begins on the dividend payment date. For any month in which dividends are not paid, the investment period begins on the last business day of the month.

Because we do not pay interest on any amounts we hold pending investment, we strongly recommend that you send in optional cash payments shortly before the cut-off date.

You may stop investment of an optional cash payment, without withdrawing from the plan, if you notify us in writing no later than the cut-off date.

11

Initial Investments and Optional Cash Payments

Type of Purchase -----	Investment Period -----
Original issue stock	On the dividend payment date for the common stock - generally the last day of February and the 30th day of May, August and November and on the last day of the month that is a business day in any month that we do not pay dividends.

Edgar Filing: IDACORP INC - Form S-3

Open market purchases Within 30 days after the dividend payment date or the last day of the month that is a business day in any month that we do not pay dividends. The broker will determine the exact time of open market purchases.

If for any reason purchases are not made within 35 days, we or Wells Fargo will return your uninvested funds to you.

What is the source of common stock for the plan?

We decide on the source of common stock for the plan. If we use open market stock, the independent agent will purchase common stock on the open market. If we use original issue or treasury stock for the plan, the common stock will be purchased from us.

Subject to certain limitations, the independent agent has full discretion as to all matters relating to open market purchases, including determination of the number of shares, if any, to be purchased on any day or at any time of day, the price paid for such shares, the markets on which such shares are purchased, including on any securities exchange, on the over-the-counter market or in negotiated transactions, and the persons, including other brokers and dealers, from or through whom such purchases are made. The independent agent, in its sole discretion, has the right to purchase original issue stock directly from us even if we have directed that the shares should be purchased in the open market if the independent agent cannot make all necessary open market purchases within the investment period.

How many shares will be purchased for me?

The number of shares purchased will depend on the dollar amount you are investing and the price of the common stock. We will credit your plan account with the number of shares, computed to three decimal places, equal to the total dollar amount invested, less brokerage commissions, divided by the weighted average price per share paid to buy the shares.

You may not direct us to purchase a specific number of shares.

12

What is the price of common stock purchased under the plan?

The price of common stock purchased on the open market will be the weighted average price, including brokerage commissions, paid by the independent agent to buy the stock during that investment period.

The price of common stock purchased directly from us will be the average of the reported high and low sales prices as reported on the consolidated transaction reporting system on the date of purchase.

Expenses to Participants

What expenses do I pay in connection with the plan?

We pay all costs of administering the plan. You pay a brokerage commission for any shares of common stock purchased or sold on the open market for your account.

Brokerage commissions for the purchase and sale of common stock average \$.04 per share.

Edgar Filing: IDACORP INC - Form S-3

Safekeeping of Certificates

Can I send IDACORP common stock certificates to you for safekeeping?

Yes. If you are a participant in the plan, you may send certificates for shares of IDACORP common stock that you hold to us for safekeeping at no cost. Send the certificates, unendorsed, to us at our address stated above, with a letter of instruction. All certificates should be sent registered mail, return receipt requested, and should be insured for 2% of their market value. The insurance covers the cost to you of having the certificates replaced if they are lost.

These shares will be added to your plan account. Dividends on these shares will be automatically reinvested under the plan, and these shares will be treated in the same way as shares purchased under the plan.

Withdrawing or Selling Shares - Terminating Participation

Can I withdraw shares from my plan account without terminating participation in the plan?

Yes. You may withdraw any number of whole shares held in your plan account at any time. Please use the form on the back of your statement of account or write to us. We will issue a certificate to you without charge.

Can I sell shares through the plan without terminating participation?

Yes. You may sell any number of shares held in your plan account at any time. The independent agent will sell the stock for you at current market prices, and we will send you a check for the proceeds, less brokerage commission. If you sell all shares in your account, we will terminate

13

your participation. If you sell fewer than all the shares, you will continue to participate in the plan, unless you choose to terminate.

How do I terminate participation in the plan?

You may terminate participation in the plan at any time by writing to us. We will issue you a certificate for the whole shares in your plan account and a cash payment, less brokerage commission, for any fractional share.

Instead of receiving a stock certificate, you may sell your shares through the plan when you terminate participation. The independent agent will sell the stock for you at current market prices, and we will send you a check for the proceeds, less brokerage commission.

If we receive your request to terminate plan participation at least five business days before a common stock dividend payment date, we will terminate your account and not reinvest the dividend. If we receive your request to terminate plan participation after that time, we will reinvest the dividend and terminate your participation promptly after that.

We may, at our discretion, terminate any account that is less than one full share and pay you cash, less brokerage commission, for the fractional share. In addition, if you are unwilling to abide by the rules and provisions as set forth in this prospectus, we reserve the right to terminate your account at any time.

Edgar Filing: IDACORP INC - Form S-3

In order to comply with escheatment laws, we reserve the right to terminate your participation when you become "lost" or we can no longer contact you. We will issue a certificate for whole shares in a "lost" participant plan account and sell the fractional share. We will hold the certificate and proceeds of the fractional share sale, less brokerage commission, until we can deliver them to you or until we must comply with escheatment requirements.

If I terminate participation, may I re-enroll in the plan?

Generally, you may re-enroll in the plan at any time. However, we reserve the right to reject an authorization form on any grounds, including excessive enrolling and termination.

Certificates for Shares -- Accounts -- Reports

Will I receive certificates for shares purchased in the plan?

No. We hold the shares purchased for you in your plan account. This service protects against loss, theft or destruction of stock certificates.

In whose name will accounts be maintained and certificates registered when issued?

Your plan account will be maintained in the name or names which appear on our shareholder records or in the name that you indicate on the authorization form.

A certificate for shares, when delivered to you, will be registered in the name or names in which the account is maintained. If you request in writing, certificates can be registered and

14

issued in names other than the account name, provided that your signature on the request is medallion guaranteed by a financial institution or a brokerage firm that is a member of the medallion signature guarantee program.

What reports and other information will I receive?

You will receive a statement of account quarterly after each dividend reinvestment and also after any initial investment, optional cash investment and any other plan transaction. These statements provide a record of the cost of your stock purchases. Please retain these statements for tax purposes.

You will also receive the same communications as any other shareholder, including annual reports, notices of annual meetings and proxy statements, and income tax information for reporting dividends paid.

Other Information

What happens when I sell or transfer all of the shares registered in my name?

If you sell all shares of common stock registered in your name, we will, unless you instruct us otherwise, continue to reinvest the dividends on the shares credited to your plan account.

If you transfer all shares of stock registered in your name into a new registration, we will not automatically transfer the plan account to the new registration. You must contact us to request a transfer of plan shares.

Edgar Filing: IDACORP INC - Form S-3

What happens if IDACORP issues a stock dividend, declares a stock split or has a rights offering?

We will credit your plan account with any shares distributed as a stock dividend or stock split on shares in your plan account. Stock dividends or splits on shares registered in your own name will be mailed directly to you.

If we have a rights offering, we will sell such rights on the open market and credit your plan account with the net proceeds of the sale. The net proceeds will then be invested as an optional cash payment.

A rights offering referred to in this question is not related to the preferred share purchase rights attached to the common stock.

How do I vote my shares at meetings of shareholders?

You will receive a proxy card for the whole shares credited to your plan account combined with those common shares you hold registered in your name. The proxies will vote the shares in accordance with your instructions on the proxy.

15

Can I pledge shares credited to my plan account?

No. You may not pledge shares in your plan account. If you want to pledge these shares, you must request that a certificate be issued in your name.

What is IDACORP's responsibility under the plan?

Neither IDACORP, Wells Fargo, the independent agent nor any agent of any of them is liable for any act or failure to act done in good faith in administering the plan. This includes, without limitation, any claim of liability relating to

- o failure to terminate your account upon your death prior to receiving written notice of your death
- o the prices at which or the times when common stock is purchased or sold
- o any changes in the market value of our common stock.

This immunity does not relieve us of any liability for violations of applicable federal securities laws.

We cannot assure you of a profit or protect you against a loss on shares purchased under the plan.

Who interprets and regulates the plan?

Our board of directors interprets and regulates the plan.

Can IDACORP change or terminate the plan?

We may change the terms of the plan, including any fees, or terminate the plan at any time. We will notify you of any material changes to the plan.

FEDERAL INCOME TAX CONSEQUENCES

The following description is only a summary of certain federal income tax consequences of participation in the plan and does not purport to be a complete description of all federal income tax consequences of participation in the plan. The description may be affected by future legislation, Internal Revenue Service rulings and regulations, or court decisions. Accordingly, plan participants should consult with their own tax advisors with respect to the federal, state and local tax consequences of participation in the plan. The taxation of foreign shareholders is complicated, and, except as noted, is not discussed in this prospectus. Accordingly, plan participants should consult with their own tax advisors with respect to federal and foreign tax consequences of the plan.

With respect to reinvested cash dividends used to purchase authorized but unissued shares or treasury shares of common stock from us, a participant will be treated for federal income tax purposes as having received a distribution in an amount equal to the fair market value of the number of shares (including fractional shares) of common stock purchased with such reinvested cash dividends on the stock dividend payment date. This distribution will be treated as dividend income to the participant to the extent of our current and accumulated earnings and profits, as determined for federal income tax purposes, and as reported as such on Form 1099-DIV. The participant's basis in the shares so purchased will be equal to the fair market value of such shares on the dividend payment date.

With respect to reinvested cash dividends used to purchase shares of common stock on the open market or through negotiated transactions, a participant will be treated for federal income tax purposes as having received a distribution in an amount equal to the cash dividends reinvested. This distribution will be treated as dividend income to the participant to the extent of our current and accumulated earnings and profits, as determined for federal income tax purposes, and as reported as such on Form 1099-DIV. The participant's basis in the shares so purchased will be equal to the amount treated as a dividend distribution to such participant, plus any brokerage commissions paid by the participant to obtain the shares.

A participant who purchases common stock with optional cash payments will recognize no income upon such purchase. The basis of shares purchased in this manner will be the amount of the optional cash investment plus any brokerage commissions paid by the participant to obtain the shares.

A participant's holding period for shares of common stock acquired pursuant to the plan will begin on the day following the date the shares are credited to the participant's account.

A participant will not realize income as a result of receipt of certificates for whole shares of common stock credited to the participant's account, either upon the participant's request for those shares or upon withdrawal from participation in, or termination of, the plan.

A participant will realize gain or loss when the shares of common stock held in his or her plan account are sold or exchanged and, in the case of a fractional share, when the participant receives a cash payment for a fraction of a share of common stock credited to the participant's account upon termination of participation in, or termination of, the plan. The amount of such

Edgar Filing: IDACORP INC - Form S-3

gain or loss will be the difference between the amount that the participant receives for the shares or fraction of a share and the tax basis thereof.

For participants who are subject to "backup" withholding, we will invest in shares of common stock an amount equal to the cash dividends less the amount of tax required to be withheld. Backup withholding generally will apply if a participant (a) fails to furnish his or her taxpayer identification number (TIN), which for an individual is either his or her social security number (SSN) or individual taxpayer identification number (ITIN), (b) furnishes an incorrect TIN, (c) has been notified previously by the Internal Revenue Service that he or she has failed to report properly payments of interest and dividends, or (d) has failed to certify that he or she is not subject to backup withholding.

In the case of those foreign holders of our stock whose dividends are subject to United States withholding tax, we will apply the net amount of the dividends of such foreign shareholders, after the deduction of withholding taxes (including withholding taxes owing by reason of the purchase of shares of common stock with reinvested stock dividends), to the purchase of shares of common stock. The statements confirming purchases made for foreign shareholders will indicate the amount of federal tax withheld. We may not refund withholding taxes that we withhold, but an individual participant may claim it as a credit on his or her federal income tax return.

USE OF PROCEEDS

We will receive no proceeds when we use common stock purchased on the open market for the plan. When we use original issue common stock for the plan, we will use the proceeds for general corporate purposes.

DIVIDEND POLICY

It is generally our practice to pay dividends on our common shares on the last day of February and the 30th day of May, August and November. The payment of dividends is within the sole discretion of our board of directors. We cannot give you any assurance as to the amount of future dividends.

Item 17. UNDERTAKINGS.

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which,

II-2

individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i) and (ii) do not apply if the registration statement is on Form S-3, Form S-8 or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers, and controlling persons of the

Edgar Filing: IDACORP INC - Form S-3

registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the questions whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

II-3

POWER OF ATTORNEY

Each director and/or officer of the issuer whose signature appears below hereby authorizes any agent for service named on the cover of this Registration Statement to execute in the name of each such person, and to file with the Securities and Exchange Commission, any and all amendments, including post-effective amendments, to the Registration Statement, and appoints any such agent for service as attorney-in-fact to sign in his behalf individually and in each capacity stated below and file any such amendments to the Registration Statement, and the issuer hereby confers like authority to sign and file on its behalf.
