PROXY STATEMENT

SOLICITATION OF PROXIES

This proxy statement is furnished by the Board of Directors (the "Board") of PRIMEDIA Inc. (the "Company" or "PRIMEDIA" and, where appropriate, together with its subsidiaries), in connection with its solicitation of proxies for use at the annual meeting of stockholders to be held on Thursday, May 16, 2002, at 10:00 a.m., at the Four Seasons Hotel, 57 East 57th St., New York, NY 10022 and at any and all adjournments thereof. Mailing of the proxy statement will commence on or about April 26, 2002. Holders of record of common stock of the Company, \$.01 par value (the "Common Stock"), at the close of business on April 5, 2002, will be entitled to one vote for each share held on all matters to come before the meeting. On April 5, 2002, there were outstanding 254,605,461 shares of Common Stock.

The proxy on the enclosed form may be revoked at any time before it has been exercised. Unless the proxy is revoked or there is a direction to abstain on one or more proposals, it will be voted on each proposal and, if a choice is made with respect to any matter to be acted upon, in accordance with such choice. If no choice is specified, the proxy will be voted as recommended by the Board.

VOTING AT THE MEETING

A majority of the votes entitled to vote on matters at the meeting constitutes a quorum. If a share is represented for any purpose at the meeting, it is present for all other matters. Abstentions and shares held of record by a broker or its nominee ("Broker Shares") that are voted on any matter are included in determining the number of votes present. Broker Shares that are not voted on any matter at the meeting will not be included in determining whether a quorum is present.

Each matter to be voted on requires a majority of the votes cast, except for the amendment to the Company's Restated Certificate of Incorporation which requires a majority of the outstanding shares. Abstentions and Broker Shares that are not voted on the matter will not be included in determining the number of votes cast.

Stockholders' proxies are received by the Company's independent proxy processing agent, and the vote is certified by independent inspectors of election. Proxies will be kept confidential, except as necessary to meet legal requirements. During the proxy solicitation period, the Company will receive vote tallies from time to time from the inspectors, but such tallies will provide aggregate figures rather than names of stockholders. The independent inspectors will notify the Company if a stockholder has failed to vote so that he or she may be reminded and requested to do so.

ELECTION OF DIRECTORS

BOARD OF DIRECTORS

The Board has responsibility for establishing broad corporate policies and for the overall performance of the Company. Members of the Board are kept informed of the Company's businesses by various reports and documents sent to them each month as well as by operating and financial reports made at Board and committee meetings by the Chairman of the Board and other officers.

Regular meetings of the Board are held each calendar quarter. The organizational meeting will follow immediately after the annual meeting of stockholders. The Board held four meetings in 2001 and also acted by unanimous written consent.

COMMITTEES OF THE BOARD

Various committees of the Board have been established to assist it in the discharge of its responsibilities. Those committees are described below. The biographical information on the nominees for director set forth in this proxy statement includes regular committee memberships currently held by each nominee.

1

The AUDIT COMMITTEE in accordance with its duties and obligations set forth in the Audit Committee Charter attached to this proxy statement as Annex A, meets with management, the Company's independent accountants and its internal auditors to consider the adequacy of the Company's internal controls and other financial reporting matters. The Audit Committee recommends to the Board the engagement of the Company's independent accountants, discusses with the independent accountants their audit procedures and, in connection with determining their independence, reviews the services performed by the independent accountants. The Committee met three times in 2001. Professor Meyer Feldberg, David Bell and H. John Greeniaus are the members of the Audit Committee. All such members of the Audit Committee meet the applicable standards for independence including those set by the New York Stock Exchange. In Mr. Bell's case, the Board of Directors determined that Mr. Bell meets the requirements for independence after full disclosure of the existence of certain business relationships between the Company and the Interpublic Group of Companies, of which Mr. Bell is Vice Chairman (principally the purchase of advertising in the Company's media as an advertising agency on behalf of clients).

The COMPENSATION COMMITTEE is responsible for administering the Company's compensation programs and remuneration arrangements for its senior executives, including the chief executive officer. The Committee's Report on Executive Compensation appears elsewhere in this proxy statement. The Compensation Committee consisted of Henry R. Kravis, Michael T. Tokarz and Perry Golkin and met once in 2001. To meet the requirements for deductability of certain executive compensation under the Internal Revenue Code of 1986, as amended (the "Code"), the Company established in 1999 the Special Compensation Committee, consisting of Professor Feldberg and Mr. Greeniaus, which acted by unanimous written consent in 2001.

The EXECUTIVE COMMITTEE, which consisted of Thomas S. Rogers, Chairman, and Messrs. Kravis, Tokarz and Golkin has authority to act for the Board on all matters during intervals between Board meetings. This committee acted by unanimous written consent during 2001.

In 2001, a SPECIAL COMMITTEE of the Board was established to function as a committee of independent directors to consider certain financing transactions

Edgar Filing: PRIMEDIA INC - Form DEFR14A

between the Company and an investment fund managed by Kohlberg Kravis Roberts & Co. ("KKR"). The Special Committee consisted of Messrs. Bell, Feldberg and Greeniaus. This committee met 11 times in 2001.

THE NOMINEES

It is proposed that ten directors be elected to hold office until the next annual meeting of stockholders and until their successors have been elected. Unless otherwise marked or indicated a proxy will be voted for such persons. In September 2001, Scott Kurnit resigned as a director. In addition, Mr. Tokarz has left KKR Associates and will not be standing for election. Joseph Y. Bae has been nominated to stand for election as a director at this meeting. Except for these changes, each of the nominees was elected at the last Annual Meeting as a director.

The average attendance of the Board and all of its committees during 2001 was over 90%.

Although management does not anticipate that any of the persons named below will be unable or unwilling to stand for election, a proxy, in the event of such an occurrence, may be voted for a substitute designated by the Board. However, in lieu of designating a substitute, the Board may amend the By-Laws to reduce the number of directors.

COMPENSATION OF DIRECTORS

Directors who are full-time employees of the Company receive no additional compensation for services as a director. In 2001, non-employee directors received an annual all inclusive fee of \$55,000 for all services on the Board and all committees.

In connection with serving on the Special Committee of the Board, each of Messrs. Bell, Feldberg and Greeniaus received \$45,000.

A non-employee director may elect to defer all or part of the fee. Deferred amounts are "credited" to an unfunded cash account or Common Stock equivalent account, as selected by the director. Interest, at PRIMEDIA's average borrowing rate, is credited quarterly for bookkeeping purposes to a director's cash account. Subject to certain restrictions, a director is permitted to take distributions in cash from a cash account or in shares of Common Stock or cash equivalent to the then value of credited shares, at the Company's option, in whole or in part, from his account following retirement or termination of service. Three of the non-employee directors have elected to defer their fees in Common Stock equivalents.

EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION TO OUR STOCKHOLDERS:

The Compensation Committee is responsible for administering executive compensation programs that are designed to:

- Match the Company's compensation plans to its business strategies as well as the external business environment;
- Emphasize the relationship between pay and performance by placing a significant portion of compensation at risk and subject to the achievement of financial goals and objectives;
- Maximize profitability through growth and cost efficiency, balancing appropriately the short-term and long-term goals of the Company;
- Align the interests of executives with those of stockholders through the use of equity-based incentive awards to link a significant portion of compensation to stockholder value; and
- Target executive compensation at a level sufficient to insure PRIMEDIA's ability to attract and retain superior executives.

The Committee believes that compensation for executive officers should be linked

Edgar Filing: PRIMEDIA INC - Form DEFR14A

to performance. To achieve correlation between executive compensation and performance, the Company targets a significant portion of the compensation paid to an executive officer, assuming performance targets are met, to be at-risk incentive compensation directly related to the performance of the Company, its business units and its Common Stock. This includes annual and longer term cash bonuses, restricted stock awards, and stock option grants.

BASE SALARY. Base salary is based on a qualitative evaluation of a variety of factors, including level of responsibility and individual performance. It is the policy of the Committee to review base salary of its most senior executives no more frequently than every 14 to 20 months. Other than Robert Metz, CEO of the Consumer Guide Group, and Mr. Rogers, none of the named executives received salary increases during 2001.

ANNUAL INCENTIVES. Annual cash bonuses, principally contingent on meeting revenue, earnings and cash flow performance targets, are provided to senior executives and middle-managers. For 2001, over 1,000 senior executives and middle managers participated in the Company's various executive incentive plans. Each participant's incentive bonus opportunity is specially designed to reflect the participant's personal performance and performance of the entity of which the participant is part. Bonuses consider both financial performance of the participant's business and personal performance. Because of the poor operating performance of certain of the Company's businesses, total bonuses for the Company for 2001 are down substantially from 2000. Other than Mr. Metz, whose group performed on or better than target, and John Loughlin, CEO of the Consumer Magazine and Media Group, whose group met one of their financial targets, none of the named executives received a bonus for 2001.

LONG-TERM PERFORMANCE AWARDS. The Company's 1992 Stock Purchase and Option Plan, as amended (the "Stock Option Plan"), provides that stock options, restricted stock and performance awards may be granted to key executives who contribute to the growth and profitability of the Company. During 2001, stock options were granted under the Stock Option Plan and both restricted stock and options are outstanding under the Plan. During 2001, stock options to purchase 50 shares of Company stock were granted to most employees of the Company who had not previously received an option grant. These options were intended to enable employees not previously considered for option grants to benefit from their contribution to improving the financial performance of the Company.

COMPENSATION OF THE CHAIRMAN OF THE BOARD AND CHIEF EXECUTIVE

OFFICER. Mr. Rogers' compensation in 2001 was paid in accordance with the terms of his employment agreement entered into when he joined the Company in 1999 and in May 2001, he was granted a 7% increase in base salary which took effect in July 2001, 20 months after his start date. For calendar year starting in 2001, it was

5

determined that the Company did not meet the performance targets necessary for Mr. Rogers to receive a bonus. The terms of Mr. Rogers' employment agreement are described under Certain Relationships and Related Transactions elsewhere in this proxy statement.

POLICY WITH RESPECT TO QUALIFYING COMPENSATION FOR DEDUCTIBILITY AND OTHER MATTERS. Section 162(m) of the Code generally limits to \$1,000,000 the annual tax deductible compensation paid to a covered officer. However, the limitation does not apply to performance-based compensation, provided certain conditions are satisfied.

The Company's policy is generally to preserve the federal income tax deductibility of compensation paid. Accordingly, the Company has taken, to the extent it believes feasible, appropriate actions to preserve the deductibility

Edgar Filing: PRIMEDIA INC - Form DEFR14A

of annual incentive, long-term performance, restricted stock and stock option awards. However, notwithstanding the Company's general policy, the Committee retains the authority to authorize payments that may not be deductible if it believes that it is in the best interests of the Company and its stockholders. As the Company is not currently a taxpayer for federal income tax purposes, the loss of deductibility does not have a current effect on the Company.

LONG-TERM INCENTIVE PLAN AWARDS

The Long-Term Incentive Compensation Plan was cancelled effective May 2000.

PRIMEDIA EMPLOYEE STOCK PURCHASE PLAN

Effective March 29, 2000, the Executive Committee of the Board of Directors and a majority of the stockholders, by written consent, approved and adopted an employee stock purchase plan designed to give employees a greater stake in the Company through increased stock holdings. The following summary describes features of the PRIMEDIA Employee Stock Purchase Plan (the "Plan").

The Plan became effective March 29, 2000 and 5,000,000 shares of Common Stock (\$0.01 par value) were reserved for issuance under the Plan. The Plan has a duration of six years, subject to earlier termination by the Board of Directors.

The Plan permits employees to purchase PRIMEDIA Common Stock through payroll deductions during six month periods beginning on January 1 and July 1 (each, an "Offering Period").

Eligible employees on each offering date are able to purchase full shares through payroll deductions of between 2% and 5% of salary, but in no event shall the fair market value of the shares purchased under the Plan by an employee, as measured as of the first day of each applicable Offering Period, exceed \$25,000 in any calendar year. The price an employee pays will be the lesser of 90% of the price on the first business day of each Offering Period or 90% of the price on the last business day of the applicable pay period. Shares for the Plan may be sourced from shares purchased in the open market, treasury shares or

Edgar Filing: PRIMEDIA INC - Form DEFR14A

authorized and unissued shares. Eligibility was extended to all regular and certain other employees of the Company and of its subsidiaries, as defined in the Plan. Messrs. Rogers and Loughlin participate in the Plan.

The Plan is administered by a committee composed of senior management. The Plan may be amended by the Board of Directors but may not be amended, without prior stockholder approval, to increase the number of shares or to reduce the purchase price per share. The proceeds of the sale of stock and of administrative fees received under the Plan constitute general funds of the Company and may be used by it for any purpose. The Plan provides for proportionate adjustments to reflect stock splits, stock dividends or other changes in the capital stock.

On December 31, 2001, the Company's Common Stock closed at \$4.35 on the New York Stock Exchange, a price lower than on July 1, 2001.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee consisted of Messrs. Kravis, Tokarz and Golkin in 2001, none of whom has ever been an officer or employee of the Company. Each of Messrs. Kravis and Golkin are, and Mr. Tokarz was, a general partner of KKR Associates and members of KKR 1996 GP LLC, the general partners of the partnerships, which own as of March 31, 2002, approximately 62% of the outstanding Common Stock. As general partners of KKR Associates and members of KKR 1996 GP LLC, Messrs. Kravis, Tokarz and Golkin may be deemed to share beneficial ownership of the Common Stock beneficially owned by KKR Associates; however, they disclaim such beneficial ownership. See "Certain Relationships and Related Transactions" and "Security Ownership of Certain Beneficial Owners and Management."

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In September 1999, Mr. Rogers and the Company entered into a four year employment agreement providing for annual salary of \$1,200,000, an annual target performance bonus of \$800,000 and a potential annual discretionary bonus of up to \$1 million based on extraordinary performance. The agreement provides for the grant of restricted stock and stock options as described in the Executive Compensation Table above.

On April 5, 2001, the Company sold the capital stock of QWIZ, Inc. and QWIZ (UK) Limited to QWIZ Acquisition Corporation ("QWIZ Acquisition") in exchange for \$7 million in cash PLUS preferred stock of QWIZ Acquisition having a liquidation value of \$3 million. Mr. Tokarz, one of the Company's directors, owns more than 10% of QWIZ Acquisition.

In April 2001, Ms. Chell entered into an agreement with the Company pursuant to which she became eligible for an additional annual discretionary bonus based on performance of certain start-up business areas for the Company. In addition, pursuant to the agreement, Ms. Chell is entitled to certain retirement benefits.

In April 2002, Mr. McCurdy entered into a four year employment agreement providing for annual salary of \$700,000 and an annual target performance bonus of \$385,000.

On September 17, 2001, Mr. Kurnit agreed that his employment with the Company would terminate effective December 31, 2001 and he resigned from the Board effective September 17, 2001. Mr. Kurnit earned \$439,583 in salary for 2001. Pursuant to the agreement relating to his termination, one half of the restricted shares and stock options granted pursuant to his employment agreement vested on December 31, 2001 and the other half of each were forfeited. On February 28, 2001, those vested options expired unexercised. Pursuant to such

Edgar Filing: PRIMEDIA INC - Form DEFR14A

agreement, Mr. Kurnit was paid \$1,349,383 on April 1, 2002. Commencing January 1, 2002 through February 28, 2005, Mr. Kurnit will receive monthly payments equal to \$25,000.

In March 2000, Mr. Loughlin and the Company entered into a three year employment agreement providing for annual salary of \$700,000, an annual target performance bonus of \$420,000 and a sign on bonus of \$250,000. The agreement provides for the grant of stock options as described in the Executive Compensation Table above.

In March 2002, Mr. Ferm and the Company entered into an agreement extending his employment agreement through March 31, 2003. The agreement provides for a base salary of \$670,000, an annual target performance bonus of \$420,000 and an additional special incentive payment if certain financial targets of PRIMEDIA Business Magazines and Media, of which Mr. Ferm is the CEO, are met.

In February 2002, a long-term compensation plan was established for Mr. Metz and three other senior executives in the Consumer Guide Group. Under this plan, Mr. Metz has target payouts of \$100,000, \$150,000 and \$450,000 in 2002, 2003 and 2004, respectively. This plan replaced a prior long-term plan (payments to Mr. Metz in 2001 under this prior plan are reflected on the Executive Compensation Table). Payment of any amount is contingent on the Consumer Guide Group achieving certain financial targets.

Each of the named executives was granted stock options in some or all of the Company's internet entities. No information is given about such options because such options have no value or liquidity at this time.

On August 24, 2001, the Company acquired 100% of the outstanding common stock of EMAP Inc., the U.S. publishing business of EMAP plc. The total consideration was \$525 million including warrants to acquire 2,000,000 shares of the Company's Common Stock at \$9 per share.

The Company financed the acquisition of EMAP in part by issuing 1,000,000 shares of Series J Convertible Preferred Stock to KKR 1996 Fund (a partnership associated with KKR) for \$125 million. In addition, KKR 1996 Fund purchased from the Company \$125 million of Common Stock and Series K Convertible Preferred Stock, both at a price per share equal to \$4.70. This resulted in an additional 10,800,000

11

shares of Common Stock and 15,795,745 shares of Series K Convertible Preferred Stock. On September 27, 2001, all of the issued and outstanding shares of the Series K Convertible Preferred Stock were, in accordance with their terms, converted into 15,795,745 shares of the Company's Common Stock.

In connection with the equity financing by KKR 1996 Fund, the Company paid KKR 1996 Fund a commitment fee consisting of warrants to purchase 1,250,000 shares of Common Stock of the Company at an exercise price of \$7 per share, subject to adjustment, and a funding fee consisting of warrants to purchase an additional 2,620,000 shares of the Company's Common Stock at an exercise price of \$7 per share, subject to adjustment. These warrants may be exercised after the first anniversary of the grant date and expire on August 24, 2011 or upon a change in control, as defined. In addition, the Company may be required to issue to KKR 1996 Fund additional warrants to purchase up to 4,000,000 shares of the Company's Common Stock at an exercise price of \$7 per share, subject to adjustment. The issuance of the additional 4,000,000 warrants is contingent upon the length of time that the Series J Convertible Preferred Stock is outstanding. If the Series J Convertible Preferred Stock is outstanding for three, six, nine or twelve months from the date of issuance, KKR 1996 Fund will receive the additional warrants to purchase 250,000, 1 million, 1.25 million and

Edgar Filing: PRIMEDIA INC - Form DEFR14A

1.5 million shares of Common Stock, respectively. Accordingly, during November 2001, the Company issued to KKR 1996 Fund additional warrants to purchase 250,000 shares of the Company's Common Stock. The Company ascribed a value of \$498,000 to these warrants using the Black Scholes pricing model. These warrants expire ten years from the date of issuance or upon a change in control.

All of the above described financing transactions between the Company and KKR were reviewed by and recommended for approval by the Special Committee of the Board which retained its own counsel and investment banker to advise it as to the financing transactions.

From time to time, KKR, which is an affiliate of KKR Associates, may receive customary investment banking fees for services rendered to the Company in connection with divestitures, acquisitions and certain other transactions. In addition, KKR renders management, consulting, acquisition and financial services to the Company for an annual fee of \$1 million payable quarterly in arrears. The Company believes that this fee is no less favorable than that which could be obtained for comparable services from unaffiliated third parties. Partners of KKR who also serve as directors of the Company do not receive additional compensation for service in such capacity, other than customary director's fees.

CONSIDERATION OF APPROVAL OF AN INCREASE IN AUTHORIZED COMMON STOCK

Edgar Filing: PRIMEDIA INC - Form DEFR14A

In March 2002, the Board of Directors unanimously approved an amendment to the Company's certificate of incorporation to permit the Company to issue up to an additional 50 million shares of Common Stock. The Board directed that the amendment be voted on by stockholders. The form of the proposed amendment is attached to this proxy statement as Annex B.

The Company is currently permitted to issue up to an aggregate of 300 million shares of Common Stock. As of April 5, 2002, 254,605,461 shares of Common Stock were issued and outstanding.

The Board in December 2001, approved the exchange of shares of the Company's Common Stock for up to \$100 million of aggregate redemption value of the Company's outstanding preferred stock at a substantial discount. Through April 3, 2002, the Company had exchanged \$62,066,400 of redemption value of its preferred stock for 11,758,797 shares of its Common Stock; the equivalent of selling Common Stock at an average per share price of \$5.28. Assuming the remainder of the \$100 million of preferred stock is exchanged at similar discounts, the Company would have virtually no authorized but unissued shares of its Common Stock. The Board believes the remaining authorized but unissued shares do not provide the Company with an appropriate level of authorized Common Stock in the event of unanticipated events. Therefore, the Board would like to increase the number of shares of Common Stock that the Company can issue for possible additional preferred stock exchanges acquisitions, financings and other corporate purposes.

Other than such preferred stock exchange, the Company does not currently plan to issue any of the additional shares of Common Stock and is subject to some restrictions on its ability to do so. New York Stock Exchange Rules require stockholder approval of issuances of Common Stock under certain circumstances including when the number of shares to be issued equals or exceeds 20% of the voting power outstanding. The Board can issue shares from time to time in accordance with Securities and Exchange Commission and New York Stock Exchange Rules without obtaining the approval of stockholders.

Newly authorized shares would have the same rights as the presently authorized shares, including the right to cast one vote per share and to receive dividends paid by the Company. Although the authorization would not, in itself, have any effect on your rights as a stockholder, issuance of additional shares of Common Stock for other than a stock split or dividend could, under certain circumstances, have a dilutive effect on voting rights and earnings per share.

The increase in the Company's authorized share capital must be approved by the affirmative vote a majority of all outstanding shares of Common Stock.

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE PROPOSED AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION TO INCREASE TO 350 MILLION THE SHARES OF COMMON STOCK AUTHORIZED FOR ISSUANCE.

SELECTION OF AUDITORS

The Audit Committee has recommended to the Board that Deloitte & Touche LLP, which firm has been the independent accountants of the Company since the Company's inception in 1992 (and its predecessors from 1989), be continued as auditors for the Company. The stockholders are being asked to approve the Board's decision to retain Deloitte & Touche LLP for the fiscal year ending December 31, 2002. A representative of Deloitte & Touche LLP will be present at the meeting. The representative will be

AUDIT COMMITTEE REPORT

Edgar Filing: PRIMEDIA INC - Form DEFR14A

In accordance with the Audit Committee Charter, attached hereto as Annex A, the Audit Committee of the Board (the "Committee") assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of PRIMEDIA Inc. During year 2001, the Committee met three times, and the Committee chair, as representative of the Committee, discussed the interim financial information contained in each quarterly earnings announcement with the Chief Financial Officer, Controller and independent auditors prior to public release.

In discharging its oversight responsibility as to the audit process, the Committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and the Company that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees" and discussed with the auditors any relationships that may impact their objectivity and independence. The committee also

16

considered whether the provision of non-audit related services is compatible with maintaining the auditors' independence. The Committee satisfied itself as to the auditors' independence. Nonetheless, the Audit Committee determined that the Company should not, going forward, retain the independent auditors for any consulting projects unless related to the audit function such as preacquisition audits.

The Committee also discussed with management, the internal auditors and the independent auditors the quality and adequacy of the Company's internal controls and the internal audit function's organization, responsibilities, budget and staffing. The Committee reviewed with both the independent and the internal auditors their audit plans, audit scope, and identification of audit risks.

The Committee discussed and reviewed with the independent auditors all communications required by generally accepted auditing standards in the United States of America, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees" and, with and without management present, discussed and reviewed the results of the independent auditors' examination of the financial statements. The Committee also discussed the results of the internal audit examinations.

The Committee reviewed the audited financial statements of the Company as of and for the year ended December 31, 2001, with management and the independent auditors. Management has the responsibility for the preparation of the Company's financial statements. The Company's independent auditors are responsible for auditing the financial statements. The Audit Committee responsibility is to monitor and review the financial processes and procedures designed to insure compliance with accounting standards and applicable laws and regulations.

Based on the above-mentioned review and discussions with management and the independent auditors, the Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10K for the year ended December 31, 2001, for filing with the Securities and Exchange Commission. The Committee also recommended the reappointment, subject to shareholder approval, of the independent auditors and the Board concurred in such recommendation.
