### ABOUT THIS PROSPECTUS

This prospectus is part of an automatic shelf registration statement that we filed with the Securities and Exchange Commission, which we refer to as the SEC, as a well-known seasoned issuer as defined in Rule 405 under the Securities Act of 1933, as amended. Under the automatic shelf registration process, we may, over time, offer and sell any combination of any series of debt securities, common stock, preferred stock, depositary shares, warrants, purchase contracts and purchase units and the CNA Capital Trusts may offer and sell the preferred securities described in this prospectus in one or more offerings. In this prospectus, we will refer to the debt securities, common stock, preferred stock, depositary shares, warrants, purchase contracts, purchase units and preferred securities collectively as the securities. This prospectus provides you with a general description of the securities that may be offered. Each time we offer securities under this prospectus, we will provide a prospectus supplement or other offering materials that will contain specific information about the terms of that offering. The prospectus supplement may add, update or change information contained in this prospectus. If the information in this prospectus is inconsistent with a prospectus supplement, you should rely on the information in that prospectus supplement. Please carefully read this prospectus and any prospectus supplement, together with the additional information described under the heading Where You Can Find More Information, before purchasing any securities.

**You should rely only on the information contained or incorporated by reference in this prospectus, any prospectus supplement and any issuer free writing prospectus. Incorporated by reference means that we can disclose important information to you by referring you to another document filed separately with the SEC. We have not authorized any other person to provide you with different information. If anyone provides you with different information, you should not rely on it. We are not making an offer of these securities in any state or jurisdiction where the offer is not permitted. You should only assume that the information in this prospectus or in any prospectus supplement or issuer free writing prospectus is accurate only as of their respective dates. Our business, financial condition, results of operations and prospects may have changed since those dates.**

We have not included, or incorporated by reference, separate financial statements of any of the CNA Capital Trusts. The CNA Capital Trusts have no operating history or independent operations. The limited purposes of the CNA Capital Trusts are to issue common and preferred securities and to use the proceeds to purchase junior subordinated debt securities from us. We own all of the common securities of the CNA Capital Trusts and will fully guarantee all of the obligations of the CNA Capital Trusts. Because of these factors, we do not believe that separate financial statements for the CNA Capital Trusts would be helpful to you in considering an investment in any of the securities offered pursuant to this prospectus.

You should rely only on the information incorporated by reference or provided in this prospectus or any prospectus supplement. We have not authorized anyone else to provide you with different or additional information. An offer of these securities is not being made in any jurisdiction where the offer or sale is not permitted. ### **THE CNA CAPITAL TRUSTS**

Each CNA Capital Trust is a statutory business trust formed under Delaware law pursuant to (i) a trust agreement executed by us, as sponsor of the CNA Capital Trust, and a Delaware trustee for that CNA Capital Trust and (ii) the filing of a certificate of trust with the Delaware Secretary of State. Each trust agreement has been amended and restated in its entirety, and is filed as an exhibit to the registration statement of which this prospectus forms a part. Each trust agreement has been qualified as an indenture under the Trust Indenture Act of 1939. Each CNA Capital Trust exists for the exclusive purposes of (i) issuing its common and preferred securities, (ii) using the proceeds from the sale of its securities to acquire a series of junior debt securities that we issue, and (iii) engaging in other related activities.

We will continue to maintain directly or indirectly 100% ownership of the common securities of each CNA Capital Trust, provided that certain successors which are permitted pursuant to the junior indenture may succeed to our ownership of the common securities. The common securities of a CNA Capital Trust rank equal to, and payments will be made thereon in the same proportion, as the preferred securities of such CNA Capital Trust, except that upon the occurrence and continuance of an event of default under a trust agreement resulting from an event of default under the

indenture with respect to the junior debt securities, hereafter referred to as a junior debt related event of default, our rights as holder of the common securities to payment in respect of distributions and payments upon liquidation, redemption or otherwise will be subordinated to the rights of the holders of the preferred securities of such CNA Capital Trust.

Unless otherwise specified in the applicable prospectus supplement, each CNA Capital Trust has a term of approximately 55 years, but may terminate earlier as provided in the applicable trust agreement. Each CNA Capital Trust's business and affairs are conducted by its trustees, each appointed by us, as holder of the common securities. Unless otherwise specified in the applicable prospectus supplement, the trustees for each CNA Capital Trust will be The Bank of New York Mellon Trust Company, N.A. as successor in interest to J.P. Morgan Trust Company, National Association (formerly known as The First National Bank of Chicago), as the property trustee, BNY Mellon Trust of Delaware as successor in interest to Chase Bank USA, National Association, as the Delaware trustee, and two individual trustees, as the administrative trustees, who are employees or officers of or affiliated with the CNA Companies. The property trustee, the Delaware trustee and the administrative trustees are collectively referred to in this prospectus as the issuer trustees. The Bank of New York Mellon Trust Company, N.A., as property trustee, will act as sole indenture trustee under each trust agreement for purposes of compliance with the Trust Indenture Act of 1939. The Bank of New York Mellon Trust Company, N.A. will also act as trustee under the guarantees and the junior debt indenture. The holder of the common securities of a CNA Capital Trust, or the holders of a majority in liquidation amount of the related preferred securities if an event of default in respect of the trust agreement for such CNA Capital Trust has occurred and is continuing, will be entitled to appoint, remove or replace the property trustee and/or the Delaware trustee for such CNA Capital Trust. In no event will the holders of the preferred securities have the right to vote to appoint, remove or replace the administrative trustees; such voting rights are vested exclusively in the holder of the common securities. The duties and obligations of each issuer trustee are governed by the applicable trust agreement. We will pay all fees and expenses related to each CNA Capital Trust and the offering of the preferred securities and will pay, directly or indirectly, all ongoing costs, expenses and

liabilities of each CNA Capital Trust.

The principal executive office of each CNA Capital Trust is 333 South Wabash Avenue, Chicago, Illinois 60604, and the telephone number of each is (312) 822-5000.

### FORWARD-LOOKING STATEMENTS

This prospectus, the documents that we incorporate by reference in this prospectus and any related prospectus supplement may contain statements that are forward-looking within the meaning of the Private Securities Litigation Reform Act of 1995. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions that are difficult to predict. Actual outcomes and results may differ materially from those expressed in, or implied by, our forward-looking statements. Words such as expects, anticipates, believes, estimates and other similar expressions or future or conditional verbs such as will, should, would and could are intended to identify such forward-looking statements. You should not rely solely on the forward-looking statements, which are qualified in their entirety by reference to, and are accompanied by, the important factors described in our Annual Report on Form 10-K for the year ended December 31, 2009, which is incorporated by reference herein, including under the headings Risk Factors and Forward-Looking Statements, as updated by our other SEC filings filed after such Annual Report. You should consider all uncertainties and risks contained in or incorporated by reference into this prospectus and any related prospectus supplement. Forward-looking statements speak only as of the date they are made, and we undertake no obligation to update any forward-looking statement.

Our business, financial condition, results of operations and prospects could be materially adversely affected by any of these risks. The occurrence of any of these risks may cause you to lose all or part of your investment.

### USE OF PROCEEDS

Except as otherwise described in the applicable prospectus supplement, the net proceeds from the sale of the securities offered pursuant to this prospectus will be added to our general funds and used for general corporate purposes which may include, but are not limited to, prepayment of other debt and capital contributions to our subsidiaries to support such subsidiaries' operations. Each CNA Capital Trust will use all proceeds received from the sale of its securities to purchase our junior debt securities.

### RATIOS OF EARNINGS TO FIXED CHARGES AND

### EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

The following table sets forth our ratio of earnings to fixed charges and our ratio of earnings to combined fixed charges and preferred stock dividends for each of the periods indicated. The ratio of earnings to fixed charges is computed by dividing (1) the sum of income from continuing operations before income taxes and fixed charges less undistributed income from unconsolidated equity investees by (2) total fixed charges. For purposes of computing these ratios, fixed charges consist of interest expense, an estimated interest portion of rental expense and interest credited to policyholders.

	Year Ended December 31,				
	2009	2008	2007	2006	2005
Ratio of earnings to fixed charges	3.1	(a)	7.8	10.0	1.5

Any of the securities may be offered and sold in one or more separate classes or series, in amounts, at prices and on terms to be determined by market conditions at the time of sale and set forth in a prospectus supplement. The securities offered pursuant to this prospectus may be sold for U.S. dollars, foreign denominated currency or currency units. Similarly, the amounts payable by us as dividends, interest, principal or other distributions also may be payable in U.S. dollars, foreign denominated currency or currency units. Debt securities and junior debt securities may consist of debentures, notes or other evidences of indebtedness. We will describe all of these terms in the prospectus supplement relating to the applicable offering.

#### **Securities to be offered through the CNA Capital Trusts**

Preferred securities may be offered and sold, from time to time, under each of the CNA Capital Trusts. We will guarantee the obligation of the CNA Capital Trusts to pay (i) periodic cash distributions, (ii) liquidation amounts and (iii) redemption payments with respect to the preferred securities. EACH GUARANTEE WILL BE AN IRREVOCABLE GUARANTEE BY US ON A SUBORDINATED BASIS THAT THE RELATED CNA CAPITAL TRUST WILL PAY ITS OBLIGATIONS UNDER ITS PREFERRED SECURITIES TO THE EXTENT THAT SUCH RELATED CNA CAPITAL TRUST HAS SUFFICIENT FUNDS TO MAKE SUCH PAYMENTS. THE GUARANTEE IS NOT A GUARANTEE OF COLLECTION FROM US. The guarantee is subordinate to all our indebtedness (including any debt securities which may be issued pursuant to this prospectus), except for (i) our indebtedness that is expressly made junior to or equal with such guarantee, (ii) non-recourse indebtedness, (iii) our indebtedness to any of the other CNA Companies or to any of our employees, (iv) our liabilities for taxes, (v) trade debt incurred in the ordinary course of business and (vi) junior debt securities. In connection with the investment of the proceeds from the offering of preferred securities, CNA Capital Trusts will purchase junior debt securities that we issue in one or more series. The junior debt securities purchased by a CNA Capital Trust may be subsequently distributed pro rata to the holder of preferred securities and common securities of that CNA Capital Trust under certain circumstances.

You should read the summaries below of the securities offered pursuant to this prospectus, as well as the description of the particular securities in any applicable prospectus supplement.

#### **DESCRIPTION OF THE DEBT SECURITIES**

The debt securities will consist of notes, debentures or other evidences of indebtedness. Debt securities may be issued from time to time in one or more series. The senior debt securities will be issued under an indenture, dated March 1, 1991, between us and The Bank of New York Mellon Trust Company, N.A. as successor in interest to J.P. Morgan Trust Company, National Association (formerly known as The First National Bank of Chicago), a national banking association, as trustee, as supplemented by a first supplemental indenture, dated as of October 15, 1993, and by a second supplemental indenture, dated as of December 15, 2004. The indenture, as supplemented, governing the senior debt securities is referred to in this prospectus as the senior indenture. The subordinated debt securities will be issued under an indenture between us and The Bank of New York Mellon Trust Company, N.A. as successor in interest to J.P. Morgan Trust Company, National Association, a national banking association, as trustee. The indenture governing the subordinated debt is referred to in this prospectus as the subordinated indenture, and the senior

indenture and the subordinated indenture are sometimes referred to collectively as the indentures and individually as the indenture. The Bank of New York Mellon Trust Company, N.A., in its capacity as trustee under either or both of the indentures is referred to hereinafter as the trustee.

Each of the indentures has been qualified under the Trust Indenture Act of 1939 and is subject to that Act. Copies of the senior indenture and the form of the subordinated indenture are included as exhibits to the registration statement of which this prospectus forms a part. The following description summarizes the material terms of the indentures and the debt securities. Because it is only a summary, it does not contain all of the details found in the full text of the debt securities and the indentures, including the definitions of certain terms used in the description of the debt securities in this prospectus, and other terms that are made a part of the indentures by the Trust Indenture Act of 1939.

The indentures are substantially identical except for provisions relating to subordination. Any debt securities offered by this prospectus and any accompanying prospectus supplement are referred to herein as the offered debt securities.

#### **General**

The indentures do not limit the aggregate principal amount of debt securities that may be issued thereunder and provide that debt securities may be issued from time to time in one or more series and may be denominated and payable in U.S. dollars, foreign currencies or units based on or related to foreign currencies. Offered debt securities may be sold at par, a premium or an original issue discount. Offered debt securities sold at an original issue discount may bear no interest or interest at a below market rate. The specific terms of a series of offered debt securities will be established in or pursuant to a resolution of our board of directors and/or in one or more supplemental indentures. Pursuant to the indentures, we

can establish different rights with respect to each series of debt securities issued under the indentures.

The applicable prospectus supplement may, to the extent applicable, provide information for the following terms of the offered debt securities to the extent such terms are applicable to such offered debt securities:

the title of such offered debt securities and the particular series thereof;

any limit on the aggregate principal amount of such offered debt securities;

whether such offered debt securities will be senior or subordinated;

### **Ranking and Subordination**

#### *Senior Debt Securities.*

The senior debt securities will rank equally with all of our other unsecured and unsubordinated indebtedness. As of December 31, 2009, we had approximately \$2.2 billion aggregate principal amount of indebtedness for borrowed money which would rank *pari passu* with the senior debt securities. The senior indenture does not limit the amount of debt, either secured or unsecured, that we may issue under the senior indenture or otherwise. In addition, our subsidiaries had approximately \$120 million of indebtedness outstanding as of December 31, 2009.

#### *Subordinated Debt Securities.*

Indebtedness evidenced by the subordinated debt securities will be subordinated in right of payment, as set forth in the subordinated indenture, to the prior payment in full of all our existing and future senior indebtedness. Senior indebtedness is defined in the subordinated indenture as the principal of and interest on (including any interest that accrues after or would have accrued but for the filing of a petition initiating any proceeding pursuant to any bankruptcy law, regardless of whether such interest is allowed or permitted to the holder of such debt against our bankruptcy or any other insolvency estate in such proceeding) and other amounts due on or in connection with any debt incurred, assumed or guaranteed by us, whether outstanding on the date of the subordinated indenture or thereafter incurred, assumed or guaranteed, and all renewals, extensions and refunds of any such debt. Amounts outstanding under any senior debt securities will be included in senior indebtedness. Excluded from the definition of senior indebtedness are the following: (a) any debt which expressly provides (i) that such debt shall not be senior in right of payment to the subordinated debt securities, or (ii) that such debt shall be subordinated to any of our other debt, unless such debt expressly provides that such debt shall be senior in right of payment to the subordinated debt securities; and (b) any of our debt in respect of the subordinated debt securities. As of December 31, 2009, we had approximately \$2.2 billion aggregate principal amount of indebtedness for borrowed money which would rank senior to the subordinated debt securities and no borrowings which would rank junior or equal with the subordinated debt securities.

By reason of such subordination, in the event of dissolution, insolvency, bankruptcy or other similar proceedings, upon any distribution of assets: (i) the holders of subordinated debt securities will be required to pay over their share of such distribution to the holders of senior indebtedness until such senior indebtedness is paid in full; and (ii) the holders of junior debt securities may recover less, ratably, than holders of senior indebtedness and holders of subordinated debt securities.

In the event that the subordinated debt securities are declared due and payable prior to their stated maturity by reason of the occurrence of an event of default, we are obligated to notify holders of senior indebtedness promptly of such acceleration. We may not pay the subordinated debt securities until 179 days have passed after such acceleration occurs and may thereafter pay the subordinated debt securities if the terms of the subordinated indenture otherwise permit payment at that time.

No payment of the principal, issue price plus accrued original issue discount (if any), redemption price, interest, if any, or any other amount payable with respect to any subordinated debt securities may be made, nor may we acquire any subordinated debt securities except as described in the subordinated indenture, if any default with respect to senior indebtedness occurs and is continuing that permits the acceleration of the maturity of the senior indebtedness and

either such default is the subject of judicial proceedings or we receive notice of the default, unless:

179 days pass after notice of the default is given and such default is not then the subject of judicial proceedings or the default with respect to the senior indebtedness is cured or waived; and

the terms of the subordinated indenture otherwise permit the payment or acquisition of the subordinated debt securities at that time.

**Denominations, Registration and Transfer**

The offered debt securities will be issuable as registered securities, bearer securities or both. Offered debt securities may be issuable in the form of one or more global securities, as described below under Global Securities. Unless otherwise provided in the applicable prospectus supplement, registered securities denominated in U.S. dollars will be issued only in denominations of \$1,000 or any integral multiple thereof and bearer securities denominated in U.S. dollars will be issued only in denominations of \$5,000 with coupons attached. Global securities will be issued in a denomination equal to the aggregate principal amount of outstanding offered debt securities represented by such global securities. The prospectus supplement relating to offered debt securities denominated in a foreign or composite currency will specify the denominations for these offered debt securities.

In connection with its original issuance, no bearer securities shall be mailed or otherwise delivered to any location in the United States (as defined below under "Limitations on Issuance of Bearer Securities") and bearer securities may be delivered in connection with their original issuance only if the person entitled to receive such bearer securities furnishes written certification, in the form required by the applicable indenture, to the effect that such bearer securities are not being acquired by or on behalf of a United States person (as defined below under "Limitations on Issuance of Bearer Securities"), or, if a beneficial interest in such bearer securities is being acquired by or on behalf of a United States person, that such United States person is a financial institution (as defined in Treasury Regulation Section 1.165-12(c)(1)(v)) that is purchasing for its own account or for the account of a customer and which agrees to comply with the requirements of Section 1 65(j)(3)(A), (B) or (C) of the United States Internal Revenue Code of 1986, as amended, and the regulations thereunder.

Registered securities of any series will be exchangeable for other registered securities of the same series and of a like aggregate principal amount and tenor of different authorized denominations. In addition, if offered debt securities of any series are issuable as both registered securities and as bearer securities, at the option of the holder upon request confirmed in writing, and subject to the terms of the applicable indenture, bearer securities (with all unmatured coupons, except as provided below, and all matured coupons in default attached) of such series will be exchangeable for registered securities of the same series of any authorized denominations and of a like aggregate principal amount and tenor. Unless otherwise indicated in an applicable prospectus supplement, any bearer securities surrendered in exchange for registered securities between a record date and the relevant date for payment of interest shall be surrendered without the coupon relating to such date for payment of interest attached and interest will not be payable in respect of the registered securities issued in exchange for such bearer securities, but will be payable only to the holder of such coupon when due in accordance with the terms of the applicable indenture. Except as provided in an applicable prospectus supplement, bearer securities will not be issued in exchange for registered securities.

Offered debt securities may be presented for exchange as provided above, and registered securities (other than global securities) may be presented for registration of transfer (with the form of transfer duly executed), at the office of the security registrar we designate or at the office of any transfer agent we designate for such purpose with respect to any series of offered debt securities and referred to in an applicable prospectus supplement, without service charge and upon payment of any taxes and other governmental charges as described in the applicable indenture. Such transfer or exchange will be made when the security registrar or such transfer agent, as the case may be, is satisfied with the documents of title and identity of the person making the request. We have initially appointed the trustee as the security registrar under the indentures. If a prospectus supplement refers to any transfer agent, in addition to the security registrar, we initially designate with respect to any series of offered debt securities, we may at any time rescind the designation of any such transfer agent or approve a change in the location through which any such transfer agent acts. Exceptions to the prior sentence will occur if offered debt securities of a series are issuable only as registered securities. We will be required to maintain a transfer agent in each place of payment for such series. Similarly, if offered debt securities of a series are issuable as bearer securities, then we will be required to maintain, in addition to the security registrar, a transfer agent in a place of payment for such series located outside the United States. We may at any time designate additional transfer agents with respect to any series of offered debt securities.

In the event of any redemption, neither we nor the trustee shall be required to: (i) issue, register the transfer of or exchange offered debt securities of any series during a period beginning at the opening of business 15 days before the day of the mailing of a notice of redemption of offered debt securities of that series selected to be redeemed and ending at the close of business (a) if offered debt securities of the series are issuable only as registered securities, the day of mailing of the relevant notice of redemption, and (b) if offered debt securities of the series are issuable as bearer securities, the day of the first publication of the relevant notice of redemption or, if offered debt securities of that series are also issuable as registered securities and there is no publication, the mailing of the relevant notice of redemption; (ii) register the transfer of or exchange any registered securities or portion thereof called for redemption, except the unredeemed portion of any registered securities being redeemed in part; or (iii) exchange any bearer securities called for redemption, except to exchange such bearer securities for registered securities of that series and like tenor which are immediately surrendered for redemption.

## **Payments and Paying Agents**

Unless otherwise indicated in an applicable prospectus supplement, payment of principal of and any interest on registered securities (other than global securities) will be made at the office of such paying agent or paying agents as we may designate from time to time, except that, at our option, payment of any interest may be made by check mailed to the address of the payee entitled thereto as such address shall appear in the security register. Unless otherwise indicated in an applicable prospectus supplement, payment of any installment of interest on registered securities will be made to the person in whose name such registered securities are registered at the close of business on the regular record date for such interest payment.

Unless otherwise indicated in an applicable prospectus supplement, payment of principal of and any premium and interest on bearer securities will be payable (subject to applicable laws and regulations) at the offices of such paying agent or paying agents as we may designate from time to time, except that, at our option, payment of any interest may be made by check mailed to the address of the payee entitled thereto as such address shall appear in the security register. Unless otherwise indicated in an applicable prospectus supplement, payment of any installment of interest on registered securities will be made to the person in whose name such registered securities are registered at the close of business on the regular record date for such interest payment.

Unless otherwise indicated in an applicable prospectus supplement, payment of principal of and any premium and interest on bearer securities will be payable (subject to applicable laws and regulations) at the offices of such paying agent or paying agents outside the United States as we may designate from time to time, except that, at our option, payment of any interest may be made by check or by wire transfer to an account maintained by the payee outside the United States. Unless otherwise indicated in an applicable prospectus supplement, payment of interest on bearer securities on any interest payment date will be made only against surrender of the coupon relating to such interest payment date. No payment with respect to any bearer securities will be made at any of our offices or agencies in the United States or by check mailed to any address in the United States or by wire transfer to an account maintained in the United States. Payments will not be made in respect of bearer securities or coupons relating to those bearer securities pursuant to presentation to us or our paying agents within the United States. Notwithstanding the foregoing, payment of principal of and any interest on bearer securities denominated and payable in U.S. dollars will be made at the office of our paying agent in the United States if, and only if, payment of the full amount thereof in U.S. dollars at all offices or

agencies outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions and we have delivered to the trustee an opinion of counsel to that effect.

Unless otherwise indicated in an applicable prospectus supplement, the principal office of the trustee in the City of New York will be designated as our sole paying agent for payments with respect to offered debt securities which are issuable solely as registered securities. Any paying agent outside the United States and any other paying agent in the United States that we initially designate for the offered debt securities will be named in the applicable prospectus supplement. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts, except that, if offered debt securities of a series are issuable only as registered securities, we will be required to maintain a paying agent in each place of payment of such series and, if offered debt securities of a series are issuable as bearer securities, we will be required to maintain (i) a paying agent in each place of payment for such series in the United States for payments with respect to any registered securities of such series (and for payments with respect to bearer securities of such series in the circumstances described above, but not otherwise), (ii) a paying agent in each place of payment located outside the United States where offered debt securities of such series and any coupons belonging thereto may be presented and surrendered for payment; provided that if the offered debt securities of such series are listed on The International Stock Exchange, the London Stock Exchange or the Luxembourg Stock Exchange or any other stock exchange located outside the United States and such stock exchange shall so require, we will maintain a paying agent in London or Luxembourg or any other required city located outside the United States, as the case may be, for offered debt securities of such series, and (iii) a paying agent in each place of payment located outside the United States where (subject to applicable laws and regulations) registered securities of such series may be surrendered for registration of transfer or exchange and where notices and demands to or upon us may be served.

All monies we pay to a paying agent for the payment of principal of and any interest on any offered debt securities that remains unclaimed for at least two years after such principal, premium, if any, or interest has become due and the payable will be repaid, at our request, to us. After this repayment, the holder of such offered debt securities or any coupon relating thereto will look only to us for payment thereof.

#### **Global Securities**

The offered debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depositary identified in the prospectus supplement relating to such series. Global securities may be issued only in fully registered form and may be issued in either temporary or permanent form. Unless and until it is exchanged in whole or in part for the individual offered debt securities represented thereby, global securities may not be transferred except as a whole by the depositary for such global securities to a nominee of such depositary or by a nominee of such depositary to such depositary or another nominee of such depositary or by the depositary or any nominee of such depositary to a successor depositary or any nominee of such successor.

The specific terms of the depositary arrangement with respect to a series of offered debt securities will be described in the prospectus supplement relating to such series. We anticipate that the following provisions will generally apply to depositary arrangements.

Upon the issuance of global securities, the depositary for such global securities or its nominee will credit on its book-entry registration and transfer system the respective principal amounts of the individual offered debt securities represented by such global securities to the accounts of persons that have accounts with such depositary, who are referred to in this prospectus as participants. Such accounts shall be designated by the underwriters, dealers or agents with respect to such offered debt securities or by us if such offered debt securities are offered and sold directly by us. Ownership of beneficial interests in global securities will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests in such global securities will be shown on, and the transfer of that ownership will be effected only through, records maintained by the applicable depositary or its nominee (with respect to interests of participants) and records of participants (with respect to interests of persons who hold through participants). The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to own, pledge or transfer beneficial interest in global securities.

So long as the depositary for global securities or its nominee is the registered owner of such global securities, such depositary or such nominee, as the case may be, will be considered the sole owner or holder of the offered debt securities represented by such global securities for all purposes under the applicable indenture. Except as provided below, owners of beneficial interests in global securities will not be entitled to have any of the individual offered debt securities of the series represented by such global securities registered in their names, will not receive or be entitled to receive physical delivery of any such offered debt securities of such series in definitive form and will not be considered the owners or holders thereof under the applicable indenture.

Payments of principal of and any premium and any interest on individual offered debt securities represented by global securities registered in the name of a depositary or its nominee will be made to the depositary or its nominee, as the case may be, as the registered owner of the global securities representing such offered debt securities. None of us, the trustee, any paying agent or the security registrar for such offered debt securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global securities for such offered debt securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

We expect that the depositary for a series of offered debt securities or its nominee, upon receipt of any payment of principal, premium or interest in respect of permanent global securities representing any of such offered debt securities, immediately will credit participants' accounts with payments in amounts proportionate to their respective beneficial interest in the principal amount of such global securities for such offered debt securities as shown on the records of such depositary or its nominee. We also expect that payments by participants to owners of beneficial interests in such global securities held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts in bearer form or registered in street name. Such payments will be the responsibility of such participants.

If a depositary for a series of offered debt securities is at any time unwilling, unable or ineligible to continue as depositary and we do not appoint a successor depositary within 90 days, we will issue individual offered debt securities of such series in exchange for the global securities representing such series of offered debt securities. In addition, we may, at any time and in our sole discretion, subject to any limitations described in the prospectus supplement relating to such offered debt securities, determine not to have any offered debt securities of such series represented by one or more global securities and, in such event, will issue individual offered debt securities of such series in exchange for the global securities representing such series of offered debt securities. Individual offered debt securities of such series so issued will be issued in denominations, unless we otherwise specify, of \$1,000 and integral multiples thereof.

#### **Limitations on Issuance of Bearer Securities**

In compliance with United States federal tax laws and regulations, bearer securities may not be offered, sold, resold or delivered in connection with their original issuance in the United States or to a United States person (each as defined below) other than to a qualifying foreign branch of a United States financial institution, and any underwriters, agents and dealers participating in the offering of offered debt securities must agree that they will not offer any bearer securities for sale or resale in the United States or to a United States person (other than to a qualifying foreign branch of a United States financial institution) or deliver bearer securities within the United States. In addition, any such underwriters, agents and dealers must agree to send confirmations to each purchaser of bearer securities confirming that such purchaser represents that it is not a United States person or is a qualifying foreign branch of a United States financial institution and, if such person is a dealer, that it will send similar confirmations to purchasers from it. The term "qualifying foreign branch of a United States financial institution" means a branch located outside the United States of a United States securities clearing organization, bank or other financial institution listed under Treasury Regulation Section 1.165-12(c)(1)(v) that agrees to comply with the requirements of Section 165(j)(3)(A), (B) or (C) of the Internal Revenue Code and the regulations thereunder.

Bearer securities and any coupons relating thereto will bear a legend substantially to the following effect: Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code. Under Sections 165(j) and 1287(a) of the Internal Revenue Code, holders that are United States persons, with certain exceptions, will not be entitled to deduct any loss on bearer securities and must treat as ordinary income, any gain realized on the sale or other disposition (including the receipt of principal) of bearer securities.

The term "United States person" means a citizen or resident of the United States, a corporation, partnership or other entity created or organized in or under the laws of the United States or of any political subdivision thereof, an estate or, for taxable years beginning before January 1, 1997, a trust the income of which is subject to United States federal income taxation regardless of its source or, for taxable years beginning after December 31, 1996, a trust if a U.S. court is able to exercise primary supervision over the administration of the trust and one or more U.S. fiduciaries have the authority to control all substantial decisions of the trust. The term "United States" means the United States of America (including the states and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction (including the Commonwealth of Puerto Rico).

#### **Defeasance**

The indentures provide that we will be discharged from any and all obligations in respect of the debt securities of any series (except for certain obligations to register the transfer or exchange of debt securities of such series, to replace stolen, lost or mutilated debt securities of such series, to maintain paying agencies and to hold monies for payment in trust) upon the deposit with the trustee for such series of debt securities in trust of money and/or U.S. government obligations in an amount sufficient to pay the principal of and each installment of interest, if any, on the debt securities of such series on the maturity of such payments in accordance with the terms of the applicable indenture and the debt securities of such series. Such a trust may only be established if, among other things, we have delivered to such trustee an opinion of counsel (who may be our counsel) to the effect that (i) holders of the debt securities of such series will not recognize income, gain or loss for federal income tax purposes as a result of such deposit, defeasance and discharge and will be subject to federal income tax on the same amounts and in the same manner and at the same times, as would have been the case if such deposit, defeasance and discharge had not

occurred, and (ii) the debt securities of such series, if then listed on The New York Stock Exchange, will not be delisted as a result of such deposit, defeasance and discharge.

The indentures provide that, if applicable, we may omit to comply with any additional restrictive covenants imposed on us in connection with the establishment of any series of debt securities and that clause (d) under Events of Default below with respect to such restrictive covenants and clause (e) under Events of Default shall not be deemed to be an event of default under the applicable indenture and the debt securities of any series, upon the deposit with the trustee under the applicable indenture, in trust of money and/or U.S. government obligations which through the payment of interest and principal in respect thereof in accordance with their terms will provide money in an amount sufficient to pay the principal of, and each installment of interest, if any, on the debt securities of such series on the maturity of such payments in accordance with the terms of the applicable indenture and the debt securities of such series. Our obligations under the applicable indenture and debt securities of such series other than with respect to the covenants referred to above and the events of default other than the events of default referred to above shall remain in full force and effect. Such a trust may only be established if, among other things, we have delivered to the trustee an opinion of counsel (who may be our counsel) to the effect that (i) the holders of the debt securities of such series will not recognize income, gain or loss for federal income tax purposes as a result of such deposit and defeasance of certain covenants and events of default and will be subject to federal income tax on the same amounts and in the same manner and at the same times, as would have been the case if such deposit and defeasance had not occurred, and (ii) the debt securities of such series, if then listed on The New York Stock Exchange, will not be delisted as a result of such deposit and defeasance.

In the event we exercise our option to omit compliance with certain covenants of an indenture with respect to the debt securities of any series as described above and the debt securities of such series are declared due and payable because of the occurrence of any event of default other than an event of default described in clauses (d) or (e) under

Events of Default, the amount of money and U.S. government obligations on deposit with the trustee will be sufficient to pay amounts due on the debt securities of such series at the time of the acceleration resulting from such event of default. However, we will remain liable for such payments.

The term "U.S. government obligations" means direct noncallable obligations of, or noncallable obligations guaranteed by, the United States or an agency thereof for the payment of which guarantee or obligation, the full faith and credit of the United States is pledged.

#### **Modification of the Indentures**

The indentures contain provisions permitting us and the trustee, with the consent of the holders of a majority of the principal amount of the debt securities of each series then outstanding under such indenture, to execute supplemental indentures adding any provisions to or changing or eliminating any of the provisions of the applicable indenture or modifying the rights of the holders of the debt securities of such series, except that no such supplemental indenture may, among other things, (i) extend the final maturity of any debt securities, or reduce the rate or extend the time of payment of interest thereon, or reduce the principal amount thereof, impair the right to institute suit for payment thereof or reduce any amount payable upon any redemption thereof without the consent of the holder of the debt securities so affected, or (ii) reduce the aforesaid percentage of debt securities, the consent of the holders of which is required for any such supplemental indenture, without the consent of the holders of all outstanding debt securities. Our board of directors does not have the power to waive any of the covenants of the indentures including those relating to consolidation, merger or sale of assets.

#### **Events of Default**

An event of default with respect to any series of debt securities is defined in the indentures as being:

- (a) a default by us for 30 days in the payment of any installment of interest on the debt securities of such series;
- (b) a default by us in the payment of any principal on the debt securities of such series when due;
- (c) a default by us in the payment of any sinking fund installment with respect to such series of debt securities;
- (d) a default by us in the performance of any of the agreements in the applicable indenture contained therein for the benefit of the debt securities of such series which shall not have been remedied within a period of 60 days after receipt of written notice by us from the trustee for such series of debt securities or by us and such trustee from the holders of not less than 25% in principal amount of the offered debt securities of such series then outstanding;
- (e) with respect to any series of offered debt securities (unless otherwise specified in the accompanying prospectus supplement), the acceleration, or failure to pay at maturity, of any of our indebtedness for money borrowed exceeding \$100,000,000 in principal amount, which acceleration is not rescinded or annulled or indebtedness paid within 15 days after the date on which written notice thereof shall have first been given to us as provided in the applicable indenture;
- (f) certain events with respect to our bankruptcy, insolvency or reorganization, with the occurrence of any such event being referred to in this prospectus as a "bankruptcy default"; or
- (g) any other event of default established in accordance with the applicable indenture with respect to any series of debt securities.

No event of default (other than a bankruptcy default) with respect to a particular series of debt securities necessarily constitutes an event of default with respect to any other series of debt securities.

The indentures provide that if an event of default with respect to any series of debt securities shall have occurred and is continuing, either the trustee with respect to the debt securities of that series or the holders of at least 25% in aggregate principal amount of debt securities of that series then outstanding may declare the principal amount (or, if the debt securities of that series were sold at an original issue discount, such portion of the principal amount as may be specified in the terms of that series) of all the debt securities of that series and interest, if any, accrued thereon to be due and payable immediately, but upon certain conditions such declaration may be annulled and past defaults (except, unless theretofore cured, a default in payment of principal of or interest on debt securities of that series) may be

waived by the holders of a majority in principal amount of the debt securities of that series then outstanding.

The indentures each contain a provision entitling the trustee with respect to any series of debt securities, subject to the duty of the trustee during default to act with the required standard of care, to be indemnified by the holders of debt securities of such series before proceeding to exercise any right or power under the applicable indenture at the request of the holders of such debt securities. The indentures also provide that the holders of a majority in principal amount of the outstanding debt securities of any series may direct the time, method and place of conducting any proceeding for any remedy available to the trustee for such series of debt securities, or exercising any trust or power conferred on such trustee, with respect to the debt securities of such series. The indentures each contain a covenant that we will file annually with the trustee a certificate as to the absence of any default or specifying any default that exists.

No holder of any debt securities of any series will have any right to institute any proceeding with respect to the applicable indenture or for any remedy under such indenture, unless (i) such holder previously shall have given the trustee for such series of debt securities written notice of an event of default with respect to debt securities of that series and (ii) the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series shall have made written request, and offered reasonable indemnity, to such trustee to institute such proceeding as trustee, and such trustee shall not have received from the holders of a majority in aggregate principal amount of the outstanding debt securities of that series a direction inconsistent with such request and shall have failed to institute such proceeding within 60 days. However, any right of a holder of any debt securities to receive payment of the principal of and any interest on such debt securities on or after the due dates expressed in such debt securities and to institute suit for the enforcement of any such payment on or after such dates shall not be impaired or
