Attachment A

ACL Semiconductors, Inc. (["we"] or ["us"]) anticipates that it will report significant changes in its results of operations for the year ended December 31, 2009 as compared to the same period in the prior fiscal year.

Based on information available to us at this time, net sales increased from approximately \$206.1 million for the year ended December 31, 2008 to approximately \$297.4 million in the year ended December 31, 2009, cost of sales increased from approximately \$201.9 million in the year ended December 31, 2008 to approximately \$290.2 million in the year ended December 31, 2009, operating expenses increased from approximately \$4.2 million in the year ended December 31, 2008 to approximately \$4.3 million in the year ended December 31, 2009 and other expenses decreased from approximately \$1.0 million for the year ended December 31, 2008 to other expense of approximately \$0.2 million for the year ended December 31, 2009, resulting in a decrease of net loss from approximately \$0.9 million for the year ended December 31, 2008 to approximately \$2.1 million in net income for the year ended December 31, 2009.

The decrease in net loss was attributable principally to increased demand and resulting higher sales prices for memory products in the PRC market, especially for NAND Flash, DRAM and Graphic RAM.

The foregoing is qualified in its entirety by reference to our audited financial statements for year ended December 31, 2009, to be filed in our Annual Report on Form 10-K for the year ended December 31, 2009. Furthermore, the foregoing does not include the results of operation of Aristo Technologies Ltd., a related party that we have recently determined to be a variable interest entity and whose financial statements are to be consolidated with our financial statements.
